HARD NEWS

T: thanks to all: the rent is required by Monday!! Put it in PayPal and KOS will help Rama get it out – send an e-mail so they know something is coming – helps to know

R: from KOS: Bernie Sanders to be on CNN "State of the Union" and on ABC on Sunday "This Week on ABC" – Ch 7 from Albuqueque

• Bernie is going to change the entire story: he is not taking $ from billionaires who still support the Nazi regime and the other Khazarian ones.

• **KOS:** We are watching such madness going on and disrespect for our brothers and sisters; we are in service to this planet and this local system

• Some states Like Alabama are moving quickly to make it far more difficult to vote – we are being asked to note the criminality and the extremism and that what we are doing spiritually is also going on

• R listened to **Dave Schmidt - ½ hour with David Wilcock and ET Cory**: they are getting down to the real story here; there are folks still out there who are looking to get money and dinars, etc etc – this goes up to the Pleiadians and those connected to those families yet there are

• ones that people never see who are half human and half ET; some are full ET & live underground in China and other places; some never come out of their palaces

• **KOS said:** all the stories going on about currency revaluation and has to do with currency shake-up – we cannot play with/use money which has been soaked in blood.

• Asthar, St Germain and all of us are in service to humanity and this local solar system – KOS made this point: it changes our destiny in this moment: the timelines have changed and are changing – as we pick up on that energy, they change more and we create a new feedback loop

T: we are in a race in against what the negative of what that is causing – reference to what the use of coal has been doing to the atmosphere and the environment.

• the positive side of that is what Dr Keshe is doing

• Cory and David were talking about something on the 23rd –

• R knows that from 23rd to 28th is the last series of blood moons;

• also has to do with the fact that Mr Yahoo in Israel is rabidly insane and wants to create some kind of scenario / Black Op that we are at the end times whether it is the fake rapture or toys from Area 51; might play with an image of Lady Di in the sky

• - Can't hear what Tara is saying – about how many people in Israel are in favour of the deal - As far as he knows, it's a done deal and Trump and cronies are going to have to face the original story: She who was here before the gods were here.

• **KOS** said they want to put Joe into the ring against Mr Hair: not a pretty picture

T: once you are in the loop of doing things for other people, it continues – he is the one who ordered 9/11 by listening to Cardinal Egan and ordering George Tenant to start – Joe following the instructions of the archbishop; that kind of loop would continue

T: Hillary is falling and Bernie is rising

R: has been hearing from some politicians in Santa Fe: sees them in the cyber cafe

• they say to him what's up with the ships, Lord Rama? And he says this is the time, this is the place.

• The policitians are saying that Bernie is the way out of the insanity and the totally inhumane comments from the GOP

T: and there are practical reports saying that Trump's fence idea cannot work –it's a game, a ploy; lots of people come to see him because it's quite a show; some are racist

R: Mark Lavine's radio show: his sister got murdered a while ago; had to do with someone mentally unstable and got a gun; Mark is going to be a delegate for the

State of Virginia and work with the idea of gun controls

T: the father of Vicki Parker is dedicating the rest of his life to gun control

- **Gabby Giffords** tweeted R and said we're going to get full disclosoure and first contact; my husband has a few insights into this story!

T: Yes, there is a rumble in the jungle – don't worry, be happy!

R: total disregard

T: Germany: a refugee centre burnt to the ground; elsewhere in Germany at 2 am, someone threw in a molotov cocktail into the house of a Zimbawean family – fortunately, they were visiting elsewhere – there was immediate response and the fire was put out in time.

- Elsewhere, there was a refugee party and people got together with food, clothing, toys for the migrants to start getting their lives back together

- the biggest issue is making lawful pathways for the migrants, the EU is not working at all
- the Youth in Eurrope are having a youth parliament this weekend

R: the closer to the end of Se: there will be **no extinction level events,** so say Captain Ashtar and Admiral Sananda

T: that has to mean we're going off the fossil fuel diet quite quickly – and things can happen just like that – there's nothing that can be done to stop the forward momentum

R: It's why we're getting a lot of help

T: Lots of info coming back about side issues around 9/11 – like what the US did by invading Irag and Afghanistan

Audio: a segment of Watching the Hawks about the results of the US invading that area

- 1.3 M may have died in Iraq – should we call this genocide?
- A report from April 2015 – only a couple of independent papers put it out - no way to tally the numbers killed due to the US wars in Iraq, Afghanistan and the military action in Pakistan
- the US-led war on terror – the wars in Iraq, Afghanistan and Pakistan are **ongoing from the 1990s**
- the BBC under-reported the civilian casualties – the last thing nations want to do is let the public know how many people have died – if people knew that 8 million had died, there would be no support for the war
- why are Americans so in the dark about what has been going on? Yes, the media has been in bed with the establishment; also every country has to create a bogey man and muslims have become the target of dehunamization: "terrorism" is a muslim thing that needs to be fought – these wars are not about muslim or terrorism – they are about profit and controlling resources in the area.
- the guest was the **founder of MidPress News -**

- The last Sumatran rhino leaving Cincinnati zoo – only 100 left due to the deforestration and increased poaching of these animals – they are the last link to prehistoric woolly mammoths.

R: all the things being brought up – the next step is STAR FLEET ACADEMY! We're already engaged!

T: listened to Bernie Sanders give his speech in LA – Marianne Williamson: he was clear and stunning about the situation; also defined about the progress made in a specific period and that many of the yuppy puppies went to the hedge funds – and this move was planned too.

Sept 3 – Steve Colbert takes over from David Letterman

NEW CONFERENCE CALL NUMBER: 641-715-3650 353 863#

CONFERENCE CALL

C1: about shooting in Roanoke, VA -
T: it was a total black op:
C1: seeing all the videos of a woman running with no blood anywhere!
T: he really did kill them, but he was mind controlled; yes, he was fired 2 years ago but he was being fooled with for a long time.
C1: the people were actually killed, it was a black ops; he was mindcontrolled
• It was carefully thought out because it gives the Fox crew lots to talk about: a black man killing 2 white people and doing it on screen escalates the horror!
Very, very ugly!
C1: says they can read her blogs; the energies are so intense
• In the meantime, people need to be quite clear about what they are doing – and they are going to play Sanders' speech at M. Williamson – very succinct.
• Talking to a new sister: she had hesitated to come to the shows because she was interested only in spiritual things: brings up the idea that we need to bring the 2 aspects of ourselves together – the spiritual and the every day life.
• Brought up an Amy Goodman show from the end of last year – about combining the dual aspects.
• Listening to Nassim Harimein who is on the curve ahead of all the rest
• The sister she was talking to: something happened to her son – we don't quite comprehend things – Thom Hartmann was saying that we've learned something about the biology [body] that gets traumatized and the pysche gets affected –
• there is spiritual and emotional trauma as well as radiation, lead poisoning as a result of war and can lead to demential ??
• the chemtrails are loaded with so much which affects the biology and creates fear and unless some of us can hold the balance and the understanding to hold the centre

• Some in Japan & Vancouver have figured out how to get sunlight into the house all the time
• We need so many avenues to help the physicality to respond to all that is happening: Judy Beebe began her presentation with "hydrogen creates light"
• the presentation of E T Cory, David Wilcock was good, yet they really want money: they don't get what it will take to experience immortality in the body right now

• Another aspect of the conversation with the new sister: living in a foodless jungle with no transportation and no money, so you get the cheapest thing to eat.
• T talked about eating only one meal a day. And being treated to a meal by Carol – they left satisifed but not stuffed: had to do with the atmosphere which she described, as well as the food; the people running it are living an organic lifestyle – the whole culture of that is imbued in the food, too.
R: a wealthy man in Santa Fe got some of Dr Keshe's devices; he had to bribe the Homeland Security people before they would let him have it and sign a non-disclosure document – but he told Rama what he had done.

T: talks of a lady from Saudi Arabia who makes her own clothing and did her own modelling: she's still alive and teaching younger ones how to do this.
• Has never heard those kinds of numbers given out about how many Muslim people have been killed – 8 million since the 1990s – "Watching the Hawk" is Jesse Ventura's son
• when they were wanting to go to another place, Metatron, Neptha el Ra and others said NO – you have to speak to those you've harmed.
• T was watching Hillary yelling that she was not going to let another person die: T saw it as phoney as can be: and the younger ones can pick up on that falseness too

• Reversal of the telomeres is an absolute – Keshe is

• "hydrogen birthed Light" - how does this fit into story of 2 light cruisers and hurled the 2 helium balls of light into the sun – size of Venus -

Samana: will transcribe Judy Beebe's presentation from Thursday Aug 27
• Once the enactment process is in place, will be really busy -
    • setting up the trust indentures, a term for a whole series of trusts that have varying purposes: have to get from the domestic venue to the sovereign – a huge learning curve.
    • Will be over 200 different companies listed in the packets delivered by 2 White Knights – a steep learning curve – as much as 6 months.
    • It is important that we start some kind of conscious awareness of what we want to do

Lyn: Two different times, Mother actually said that we would – after Disclosure and first contact – that we would get papers and be given orders – what is this?
T: This is a misunderstanding! NO, NO, NO
• they will land and doing this all over the place; NO DATES ON ANY OF THIS. Light communities being built all over the planet; people have been . . .
• Going on big time since the time of the Prophets generation when the gurus were sent over to North America, Altea America and we go back in time and pick up where we left off at the time the dark ones took a sharp left.
    • That is what is meant by working with sound, colour, vibration – there is collective work to be done and we are going nowhere – we stay on earth.
    • The teacher training has been going on for decades – there is a collective upliftment going on now more than ever until the breaking point which does seem to be this coming month -
• No one will give us orders: that is old stuff; we need to have our relationship with our higher self

Lyn: talks about why she wants the young one to get in touch with their inner light
    • Asks about the members of congress who went on board a ship to sign
T: only a bill was signed; they were sequestered on KOS star ship which is accessed from the White House –
    • they didn't forget any of this: they all know what they did and they are under a gag order and will deny and lie: they all voted on March 9, 2000 to turn that bill into law. And Oct 10/2000, Clinton signed it into law
Lyn: finds it disheartening that T & R have no funding
T: only the wealthy visionaries: they are already wealthy
• our mandate is the most important one: to reach people to change their minds about religion, science - has to be a simulcast around the world and a readiness to hear and move to another quantum level and live a vegan lifestyle and diet
Lyn: are the mass arrests happening before? Like, any day now?
T: Those things – "when" is NO DATES, NO NUKES, NO FLUKES; the consciousness of opening at a certain level – when those ones ask to be taken to another star system because they are afraid they will be mauled, they are told no – you have to face the music, so to speak
• It's a growing, swelling, experience; T is gettingmessages from ground crew –
    • Aug 28th message from Carolyn Oceana;
    • the astrological messages are high vibe;
    • the youth are meeting in Europe and getting on the case of the elders – the youth are speaking truth to power; and some young women who were saying they'd been to the US, Argentina – didn't have much $ but they said Europe is a much better place to be a woman than the US right now.
• yes, there is shifting in the US – and everyone deserves to be reached.
    • We're getting a revivial of racism beyond your wildest dreams, thanks to the 13 families and the lizards

• difference between Europe and US
    • England elite – kill for fun – human hunting parties -
    • has happened in US: Cheney hunting with his friend and shooting someone in the face – killed him; this was over wife-swapping: got really drunk and started shooting -
    • Also the rituals – opening the pituitary gland of children: Hillary doing that in the off hours at the White House: the women of the lizard kind – it's a regular thing –
    • this is a reality of what has been going on; lots of people can't wrap their heads around this –
    • This is why Obama can't do this or do that: because there is no power in the office, except that of the 13 families.

BBS RADIO

Coming from the Dark Rift, that which is the Source of All That Is – Mother and Alcyone [**M/A]**

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we pray peace, we pray love; we pray intuitiveness and all the hidden treasures that can come forward now – where divine love can exist. The enormity of the task we are taking on now: we have to fix this

Mother / Alcyone
Greetings, Children of Ra!

• Indeed, we have the power; it is as Dr Judy said: we have the power to manifest heaven on earth right now; our thoughts - electro magnetic chemical energy - as the combinational frequencies, they sometimes can't interact with the noble gases that come and enter atmospheres
    • as we have to think about this or over stand/understand, in the realm of how we travel from star system to star system: ships are a convenience, yes, but when you get right down to it – all we have is the merkaba vehicle: our thoughts; that is the best way to travel.
    • Don't need a ship – this is the reality where in which, as you think it; therefore, you're it.
• This is where the consciousness comes in, in the realm of infinite possiblitlies, probabilties –
    • in a consciousness of Creator Source, there were these life forms that began this story long, long ago – in a galaxy not so far, far away.
    • Yes. Some of these life froms were called spores; some were bits of energy like Nassim speaks about called particles; some were bits of energy called water, ether – brings in what you work with here: fire, water, ether, air, earth – the five elements
    • the 5th element added with the 6th is that divine spark of I AM THAT I AM.
T: Dr Keshe had the fifth element: would erase the ethos of war from our consciousness which would be the ethers
M/A: that is a good thing
T: when Bernie gave his speech at Sister Giant: he made it perfectly clear that the GOP agenda was to shut down food stamps, social services, and do
• and the other point that they are doing that in the polity, they were also dishing out ungdoly amounts of money to the military, taking it away from the other uses
    • She is thinking of Lapierre, as for the ethos of war: we are the most prolific producers and exporters of all kinds of militiary equipment - planes, etc etc – this is the foundation of the economy. As it is gone and is not happening, there is no other solution except to open up to the NESARA enactment as that is where the opportunities lie.
T: Knows we've discussed a number of things: she told us that helium we know Samana will

transcribe what Judy Beebe said: hydrogen births light, what happens when helium enters the mix with hydrogen – except giggles!

M/A: It is about the way the noble gases work with the frequencies of the particles of who and what we all are; as the particles interact with the noble gases, the protons, electrons, tacions: things happen at a level of electro magnetic chemical where she could say there are frequencies along with light, colour, sound, vibration - in varying combinations of the way the energies interact with matter and anti-matter and, in that context, we have the big bang – it is about that cosmic orgasm of how life began

Our sun, Sol is just one portal comprised of many portals that is a combination of frequencies and gases – not just hydrogen - like helium that are more exotic – xenon, all kinds of combinations of frequencies.

- This is why – let's say, the technology to pass through the sun and come out the other side, as it were; you work with space time – a good example is in movie "Star Trek Voyager" -
- had to make a lap around the sun to go backwards in time; make a lap around the sun to go forward in time –you get your ship to get the warp engines up to 9.9 , 9.10 –
- one lap around the sun usually does it and then you make the leap to hyper space and go backwards and forwards in time – depending on where you wish to go

T: soo the helium does not affect the hydrogen – but
M/A: yes
T: Is the rental unit paying attention? Yes
T: Our sister Lyn was describing something, re-going over things is important because there is nothing in the media about these subjects – TTP is up there and she hopes he is wringing their necks!
M/A: It is about carving up the planet : nobody gets to carve up the planet like a steak!
T: When we listen to Bernie, it's clear and there is no way we won't get what they are doing – the lower ego of people think it will be so much nicer to have a whole pile of money
M/A: it is not about money
T: when it is said that the market doing good, it is only good for 1/10th of the 1% who have 90% of the wealth -
M/A: In the twinkling of an eye: Mr Hair will be begging for his very life!
T: Please explain – he's setting up a prototype for total racism; the country was built on migration and immigration and he is going to eclipse this? He does not have the power!
M/A: He represents what T sjust said about the filthy rich; these life froms cannot exist in a frequency that is based in cooperation and All that is. They have chosen to exit their life force – it's that simple; love them on their way with their choice
Get back to Mr Hari – begging for his life
M/A: what that means as the frequencies get higher and higher – let's see how hot it is in the kitchen for these life forms. Reason to single out Mr Hair – he represents the nazies who want ot plavy with the old energies of the master race: there is one Master Race
T: has no one colour, no papers, no bloodline, no papers
M: Divine Master race we all are – what papers? Talking about rolling papers?

- It is the consciousness of limitation and death and oceans of blood: she is trying to make light of such horrendous issues: they has no words to speak of the horrific acts going on across the planet –
- Yet this is the time; this is the place – let's give peace a chance. War can end today if you want it to, like Yoko and John said. It is about the fact that we have the power now.
- It is what is being said out there at this moment: we are in service to this planet and to Divine humanity; we are all equal
- What this brings in is a levelling of the playing field – what is about to happen here: a tsunami wave of energy coming in from her Yanni – it is about the cosmic wave, Wave X –

it is about levelling the playing field.

• You thought Hurricane katrina was a mess! This is not about doom, gloom, or extinction level events – it is about the raising of the frequencies – we are living gods and goddesses of the Most High – when we get this in our cells, it is about . . .

T: there is a cognitive-ism to this – it doesn't just happen; everyone has it . . .

M/A: It is happening at a exponential level; we may not recognize where we are in a couple of months

T: there is a certain amount of experience, and then there is a cognition of that experience – that is a big link. People can have lots of experiences but can be all over the map and not get the whole thing, have that cognisance.

• There as been a lot of things going on to break this up [our cognisance of the larger picture of what is going on] – intentional and on purpose: it is beyond her comprehension of how easy it is to program someone's mind and then have them kill a bunch of people and then themselves:

• it is building up to such a place that it is changing humanity and there is no awareness of what is happening and seeing what is happening in the psyche – when we view it and buy [into] it, and Mr Hair is programming the people and there is a lack of awareness of what is going on – the underbelly of what is going on.

M/A: it is about the higher frequencies pouring in, at such an exponential level that we are being raised to their level, whether we get it or not: miracles are afoot, ladies and gentlemen – it is all about the divine dance with love, as the lion lies down with the lamb

• Just as we read about the vegan lion who saw the meat and threw up; this is the place before the flood – Noah's Flood – before the destruction of the great crystal: all living beings on this planet ate Living Light, Living love – vegans

T: isn't there a difference now ? We went back to the stone age when we destroyed the great crystal, the central nervous system of the planet

M/A: we got nuked, yes – we caused our own demise – turned to cannibalism, vampirism, all kinds of isms – separated the mind from the heart

T: we might call it Noah's flood in one way, called Darkness, as they are drowning in the Light

M/A: this is why they have raised the frequenices to such a level: we must live in the Office of the Christ or we cannot exist on this planet

T: in the northern countries, there are also diabolical things going on: they have their own issues with the royal families and spiders in their dungeons, and the young man who killed all the children, and the shooting in downtown Oslo– she remembers walking on the streets and being in front of the building where that murder occurred.

M/A: As we can get back the issues of the colour of our skin, and become the 12 rainbow rays of the Rainbow Bridge – then we get it.

T: It is not just the skin colour; there are 71 are dead, and the Afghan massacre – 4 children and under 2 years who suffocated in that truck! And a stench to high heaven!

• Germany, Albania, the Balkans – have some thought forms from the death camps that are being acted upon; there's a nazi trial going on – there is old energy over there.

• It is important to get that the US is the place to be - the possibilities are better in spite of the dirt that goes on over here – the Germans will make it so impossible as they are so structured and at the same time the beauty of that structured thing is the classical musicians / music who came out of there . . .

• Not quite sure where this is all going, but there is a synergy happening beyond . . .

M/A: What she says about all of this is: the time we are in, we all are in.

• It is about this quantum leap that happens because of the energies coming from the center of the Milky Way Galaxy that changes physical matter, space time, and it affects every living thing – vegetable, animal, mineral – nothing is the same as it was.

• She is not talking about extinction events but about **transfiguration events in this very moment;** the heroes, the prophets have asked to show up now and this is the real story of the heroes along with the prophets who make the change called NESARA, AND

Bernie Sanders is the key to this one.

- Kadoish, kadoish, kadoish

T: If we haven't signed up on the website, do so & encourage other to do so and watch the expansion going on in the family

R: has been to Mt Kailosh sitting with Lord Shiva, Lord Ganesh – doing the **Om Gam Ganapataye Namaha –** Lord Ganesh is the remover of all obstacles.

- Since we began this story, we created our own obstacles to get past: now it's time – there are no obstacles - Black Lives Matter – all lives matter, no matter if it's the ant under the shoe, or the Sepharoth that come and say: here is the light frequency you need to heal your body: all life forms are sacred in this cosmic dance.
- The story about the gold dust is front and centre; as we heal the story once and for all, it brings in the magic of the gold dust.
- The interesting story of Sumer and Mother's people of Nibiru – the bird people, the Lion People, the reptilian people – they all lived in peace.
- The message he hears is that the Blue Avian beings are here, along with the Sphere Alliance: there will be no nuclear war; what will be is . . .
- Mr Hair was doing his dance about Iran today – being the school yard bully; when you take the nazi uniform off, and they are naked before Mother/ Father God all it is is about Soul Matrix and WE ARE ALL ONE

T: Nassim said he could teach this to a 7 year old – even if you think you have people who cannot concentrate, he can help this -refer people to more of this: he has a wonderful vibration which helps.

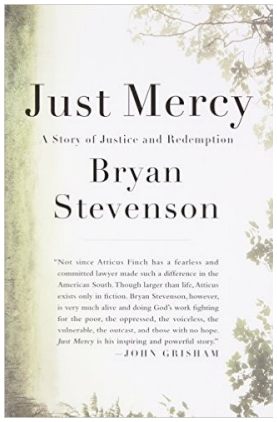
A powerful true story about the potential for mercy to redeem us, and a clarion call to fix our broken system of justice—from one of the most brilliant and influential lawyers of our time

Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn't commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinksmanship—and transformed his understanding of mercy and justice forever.



Just Mercy is at once an unforgettable account of an idealistic, gifted young lawyer's coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice.

INFORMATION RELATED TO THE NOTES

2015-02-14 Glenn Greenwald receives top German book prize

The controversial US journalist has been awarded one of Germany's most prestigious book awards. Greenwald's work with Edward Snowden sheds light on the extent of the US' extensive surveillance networks.

American journalist Glenn Greenwald collected one of Germany's most coveted literary accolades for his book, "No Place To Hide," on Monday evening in Munich. It's news that could ruffle a few feathers in the corridors of power in Washington. Greenwald shot to prominence for his part in the 2013 publication of documents leaked by former NSA contractor and whistleblower Edward Snowden in the UK's "The Guardian."

Spending six weeks on the New York Times Bestseller List, "No Place to Hide: Edward Snowden, the NSA, and the US Surveillance State" documents Greenwald's meetings with Snowden as well as the global consequences of America's monitoring program and his own part in the disclosures.

Proclaiming the work "enlightening," the Geschwister-Scholl Prize jury said Greenwald has showed "considerable courage" in his part in the NSA revelations, and through the book's publication the world has achieved "a more detailed insight into the dangers of our time."

The Geschwister-Scholl Prize (literally, Scholl Siblings Prize) is awarded in honor of brother and sister Sophie and Hans Scholl, both members of the White Rose student group which staged a non-violent resistance against Nazi Germany. They were imprisoned by the Nazis and executed in 1943 at the age of 21 and 24, respectively.

Previous recipients of the prize include Chinese writer Liao Yiwu, former East German civil rights activist, current German President Joachim Gauck, controversial Israeli author David Grossman, and Russian journalist Anna Politkovskaya, who received the award posthumously in 2007.

The award was founded in 1980 and each year recognizes a book which shows "intellectual independence" and champions civil freedoms and moral courage.

Grave site

Hans and Sophie Scholl, often referred to in German as *die* ***Geschwister Scholl*** (literally: the **Scholl siblings**), were a brother and sister who were members of the White Rose, a student group in Munich that was active in the non-violent resistance movement in Nazi Germany, especially in distributing flyers against the war and the dictatorship of Adolf Hitler. In post-war Germany, Hans and Sophie Scholl are recognized as symbols of the humanist German resistance movement against the totalitarian Nazi regime.

Biography

In a broader, genealogical sense, there were actually six Scholl siblings: Inge (1917–1998), Hans (1918–1943), Elisabeth (* 1920), Sophie (1921–1943), Werner Scholl (1922–1944) and Thilde Scholl (1925–1926), whose family lived in Württemberg, in the towns of Forchtenberg (until 1930), Ludwigsburg (1930–1932) and Ulm (1932–).

On February 18, 1943, two of the siblings, Hans and Sophie Scholl, were distributing flyers at the Ludwig Maximilian University of Munich when they were caught by the custodian, Jakob Schmid, who informed the Gestapo. By February 22, 1943, they had been sentenced to death by the People's Court, led by Judge-President Roland Freisler and were executed by Guillotine on the same day in the Stadelheim Prison. Their grave is in the adjacent Perlacher Forst cemetery (Grave number 73-1-18/19).

Posthumous recognition

The memorial for the White Rose in front of the main building of the Ludwig Maximilians University depicts the group's flyers.

The Geschwister-Scholl-Preis is a literary prize initiated by the State Association of Bavaria (*Landesverband Bayern e. V.*) in the Stock Market Society of the German Book Trade (*Börsenverein des Deutschen Buchhandels*) and the city of Munich. Since 1980, they have annually awarded this prize to the book which "shows intellectual independence and supports civil freedom, moral, intellectual and aesthetic courage and that gives an important impulse to the present awareness of responsibility" (*"...das von geistiger Unabhängigkeit zeugt und geeignet ist, bürgerliche Freiheit, moralischen, intellektuellen und ästhetischen Mut zu fördern und dem gegenwärtigen Verantwortungsbewusstsein wichtige Impulse zu geben"*).

There are many memorial places for the Scholl siblings at the Ludwig Maximilian University in Munich. The new Geschwister-Scholl-Institut for political science, founded in the post-war era, was named after them on January 30, 1968. The area in front of the university's main building is named "Geschwister-Scholl-Platz." The last flyer of the White Rose is set in the ground. Since 1997, a memorial to the Geschwister Scholl and other members of the White Rose can be found in the atrium of the main building, and since 2005, a bronze bust of Sophie Scholl. The Geschwister-Scholl-Preis is awarded annually in the auditorium of the university. However, a proposal by the student government to rename the university "Geschwister Scholl University" was rejected by the university's leadership.

In addition, since 1945, many cities in both the Federal Republic of Germany as well as the German Democratic Republic have named streets, plazas and schools after the Scholl siblings. *Geschwister-Scholl-Schule* is the most common school name in Germany. In the Thuringian town of Flurstedt, there is even a Geschwister-Scholl fountain.
