Mayan Calendar: **Rainbird – it is synchronizing with the Gregorian calendar at the moment.**

29th Aug, Thurs – 3 ETZNAB 3 is about electric, actiivation – movement and current are the essences of this tone; Etznab is the white mirror, a warrior aspect; good time to work on self-understanding; gifts are scrying the unseen, fluidity and persistence; time to surrender any illusions of separateness

30th Aug, Fri – 4 CAUAC - 4 is about self-existing, measure, balance; Blue storm - lighting clear thoughts; creating transformation for others; gifts are possibility of freedom & power of catylizing; time to surrender addiction to crisis and fear.

31st Sat – 5 AHAU – Ahau is the last glyph in the wheel, it's the yellow sun. It is also Kan #200 – finishing up the 10th unial. 5 symbolizes the spinning of the pyramid – a powerful tone – rising to Christ Consciousness; represented by the sunflower, it's a healing aspect. Gifts are possibility thinking, unconditional love, the god self; time to surrender limitation and separation

1st Sept Sun – 6 IMIX – Day one of September and 1st day of a new solar glyph which means that the first 20 days of September are the same number as the solar glyphs of the Mayan calendar. IMIX is the red dragon, the mother aspect. Trust in the universe and the flow of creation. We are beginning the 11th Unial

2nd Mon – 7 IK [2nd glyph] IK is the white wind, a visionary aspect – co-creation of heaven on earth. 7 energy of resonance and dreams – a magical number as it is the midway between 1 and 13

3rd Tues – 8 AKBAL [3rd glyph] a Portal day – the Blue Knight. We have just finished a wave of Akbal – the energy is about owning our participation with our abundance and giving gratitude for it. 8 is galactic harmony and fine tuning – looks to be a powerful day.

Cathy: Marietta Robert has had a big day!
MR: the company which provides all the nutrition for her farm held a field day on her farm
- set up tents to feed people with organic food which was grown with that nutrition
- she ground 29 lbs of spelt flour to make flour
- had blueberry and peach cobbler

- Her goal is to live on the land, make it profitable, and leave it in better shape than when she took it over.
- China does not allow GMO products on their land, therefore no chemical stuff – maybe they will be able to grow food when the US can't
- Companies that make products out of cereal grains make 2 products: one with GMOs, one without for Europe.
  - She speaks of seeing videos of table grapes as large as eggs but these products go overseas; people in the US accept the lesser quality.
  - If you resonate with this, support the labelling of GMOs.
- Without the chemicals, there is no danger to the farmers or to the consumers; people who consume GMO products are degrading their own health.

HARD NEWS
R: biggest story about bringing legacy of Dr King to the forefront with all that is happening
- The interplay is quite interesting between the Republicans and the blatant hatred for Obama & family
- **NOT ONE Republican showed up for the rally**

- The story of Syria: THIS IS NOT THE REBELS OR AL QUEDA which is all CIA
  - There is a story by Gordon Duff & Stu Webb with pictures: trying to say that is is the Syrian rebels aided by the black guy in the White House trying to create absolute control – **NOT!**
  - Britain has said NO.

Sen. Barbara Lee – on Chris Hayes – told Obama directly we will have a full debate in Congress before we make any moves

Ed Shultz radio: R called up and said on air: "This is Israel!" He stopped Rama right there!
- He called out the Republicans who are the war mongers and feed people with lies about Benghazi, etc – he was hammering this issue all day: can you get it folks? This is another story like 9/11, and

- There are some pieces R has heard that go even deeper: the lady who blew the whistle on the financial scandals [Karen Hudes, formerly of the Bank of International Settlements] - the interviewer would not let the lady talk, but R heard Medea Benjamin on the Ed show said that Qatar wants to create a pipeline to Europe; Russia was offered a deal from Saudi Arabia and said no, we'll do our own – they want their own gas / oil pipeline from Russia to Europe via Syria [See www.kahudes.net]
  - This is not about WMDs but **about stargates** - Aleppo is one of main stargates in the area, tied into Al-Aqsa Mosque; there are 4 stargates – this is the REAL STORY here, not chemical weapons or nukes
  - Yesterday NASA [fake agency] sent up a multi- billion dollar spy satellite on a secret mission – to spy on who??? The weird stuff going on has to do with the stargates.

- Mr Obama will not bring this up until there is disclosure, but there are so many pieces that tie into the military-industrial – congressional complex which has to do controlling us and having us believe another agenda which has to do with the 9/11 event: ethnically cleanse the Islamic people from the earth, including the black people and then deal with our brothers and sisters from the stars – call it an alien invasion – they are still playing with these ideas WHICH HAVE BEEN CANCELLED.
  - There is a drumming of the fear factor: was a huge conference call today about a strike in Syria – 113 members of Congress want to wait for a full Congressional hearing and a debate before sending drones/missiles
  - R suspects there are already drones hanging around Syria which figure into things / black ops that are on the edges of this story

• Dr Keshe has said that if they try to affect Iran, all of the air craft carriers, boats will be floating tombs in the Mediterranean & the Suez – Iran will do nothing unless they are directly affected.
• Israel calls the shots and if the US does not bend correctly, the Mossad steps in– like Sandy Hook!
T: someone was on Thom Hartmann show: she was livid: I want you to stop! All the media are doing the same thing! This is not Syria or the opposition – **IT IS ISRAEL and she said it on the air**
  • Saudi Arabia has been sending thousands of Ji Hadi fighters into Syria
  • Israel has been in cahoots with Syria; like Saudi Arabia they want to invade Iran for the nukes

T: huge Russian war ships – Russia has made it plain they will do something if the US were to do something.
R: the next moment Ashtar will be taking the stage, with KOS and Sananda Kumara – Divine Intervention at the level – they are playing a brinkmanship game: **the nukes are already rendered useless.** They are feeding us a false flag story – what they are playing with is a huge fear story!

• Story on the **Nation Magazine:** Obama & Gabby Giffords: an exec order is going ahead with the idea they are going to do full back ground checks, do a ban on assault weapons! Not about storm troopers kicking in your door – no one is taking anyone's guns – the Tea Party and the Republicans are guilty of saying this
• Koch Bros creating another branch of the Tea Party called the Green Tea Party Coalition – an ugly story that goes back to one story: Mother and the Aboriginal Moabite nation – one nation, no borders: imagine all the people as the song says.
• I have a dream – and it is being realized right now: imagine all the people! When the guns and tanks don't work, we will have to talk – this is huge, as we have been lied to by so many folks. Including some of the galactic folks who have another agenda & say that the galactics have not the best of intentions.

T: For millenium after millenium, their plans of taking occupation of this planet went ahead, but have been stopped. Yet, there are many groups on this planet who made agreements before they came into these bodies and they have backup on certail levels to occupy this planet which is why Ashtar has said NO NUKES.
• the invasion, Armageddon story they are pushing is being played with because of the stargates in Syria and Iraq and all the way to the Al-Asqa in Jerusalem and the story that is more basic: that Israel used to be Palestine and the Palestinian people are living worse than people in Detroit, or East Harlem, or LA .
• There are many stories about things moving towards unity and love is the answer & these guys can no longer continue.
  • Stepanie Miller had on Eric Bollard of Media Matters – they talked of the tape recorder that was placed under Dr King's bed and recorded what he said, and went on to the drones that are everywhere, some small enough to enter your brain as an amoeba!
  • *The Fifth Element* movie where a cockroach climbs on the table; someone hits it with a shoe and the person listening gets sore eardrums!

T: 272 said yes; 285 said no in the British Parliament about getting into Syria! People were jubilant!

• This will affect the vote in the US. The American ships in Bahrain have nukes on them; some in the Mediterranean have Tomahawk missiles. There are Russian ships right behind them saying if you do this, we will do that!
• **This is about the stargates AND KEEPING THE FOSSIL FUEL SYSTEM AS IT IS!**
  • Want to create a pipeline from Afghanistan thru Caspian Sea and go through Syria, underground through the Mediterranean and the Atlantic ocean – for the US.
  • Russia not interested because it would collapse their economy over night – Syria is in the way.
  • Israel gets $6 Billion a year; Saudi Arabia is a US ally; China would like to by-pass Russia – China has taken Africa over and grows the food there and takes it back to China, while the African people go without.

T: the **Reptilians have not gone anywhere – THEY HAVE NOT BEEN TAKEN INTO THE DARK RIFT/** MOTHER'S YONI – THIS HAS NOT HAPPENED!

• **KOS told Rama today**: HE HAS A STAR SHIP AND KNOWS WHO AND WHAT IS PROGRAMMED – AND KNOWS THAT THE HOLLOW EARTH IS A HOLOGRAM, A PROGRAM created in Area 51& CIA

• There are **all kinds of free will choice violations in the program** - **Mother has said that if someone rescued us, we would not pass our test!**

CL: so many people follow the Hollow Earth!!!

T: It is not Mother coming thru, nor father coming through Zorra - Reginald is a made-up name and this is not true.

• These guys have been doing this for a long time: a program of the CIA and Area 51 called *The Phoenix Journals.* David Icke in The Biggest Secret, said there were no Ascended Masters and that there are only clones produced by Area 51 .

• **What he said about no Ascended Masters is NOT TRUE!** But what he said about the clones is true: they used the Mt Shasta energy and made all kinds of them.

• The entities they made morph as required when they see how they can separate the light workers.

• The Luciferian group: here are some tools – a book called **Love is Not Enough:**

• when you have only a limited amount of knowledge, you can only love to that degree. And these ones have the same tools and can read auras and such like: they got hold of Billy Faye Woodward and used their program and said it was Father God coming through –

• **The only source is MOTHER SEKHMET** AND NO OTHER MOTHER. THE ONLY "FATHER" IS ALYCONE, AND THE MOTHER/GOD SOURCE IS ONE BALL OF LIGHT, as we all were in the beginning.

• For eons and eons and eons, we travelled as balls of light and we, in the First Creation, created with Mother the entire Universe of Nebadon. Because Mother could not create it all by herself.

• The first Creation was when we are in the Pleiades and in the 12th dimension, and we still do not remember what that means: in the 12th dimension as co-creator gods & goddesses, before this thing happened, we were one ball of light, in perfect balance, with no separation.

• One of the atrocities of this program: do you remember the song about "The Universal Soldier" by Buffy Saint Marie: she wrote and sang – "The Universal soldier really is to blame; he comes from far away and brothers can't you see, this is not the way to put an end to war."

• Lucifer was the first Universal Soldier & was called Lucifera in the First Creation; it is not true that he did not fall from grace **because he did:**

• we asked Mother to create an experiment that we could, with a veil, ie, by ourselves, create a universe, The Universe of Nebadon, the 7th super universe. The first 6 super universes are in anti matter, not in the physical. To create this universe IN FORM, Mother co-created this with us and it was in the framework of love, to which there is no opposite.

• So we have love, free will choice; then, to create in polarity, we needed an opposite

• We also need to remember that, with every yuga, Sekhmet and Alcyone change places: we wanted a veil [no help]; we wanted to search our own souls; we were still in 12th dimension so we had no form

• For the sake of polarity and having an opposite, Alcyone created a shadow; he created Jehovah who is all power, all knowing, like Alcyone, and Jehovah is just darkness,[the opposite of light], not evil.

• We now have a shadow, night and day, etc –says it all in Genesis when we re-read the Old Testament replace "god" with "God head" - which is us working with Mother

• Mother gave us the **Prime Directive**: there was to be no intervention by Mother or any other galactics unless in the case of nuclear holocaust or psychic holocaust:- and she has not intervened in the whole 450 billion years! We have to ask.

• As we make choices that have consequences to this love bubble in which we are all equal and all connected, and we make mistakes – like dropping a nuke, say – **we are responsible**

• in the First Creation, Luciferia "dropped the first nuke" [a metaphor] still in the First Creation and that is why he is called the first Universal Soldier when he changed his name to Lucifer, the original creator god of evil.

CL: we know that Lucifer went back to the light – and we know this to be truth.
T: yes, he did go back to the light, but that was only a few years ago.
- **Lucifer did fall from grace:** NOT TRUE that he never fell from grace. That is a lie.
    - To say that he did not fall from grace is to deny him, a creator god, his free will choice.
    - And the article says "rescue, rescue, rescue" - and **Mother does not rescue us! We rescue ourselves.** She only intervenes in a civilization's development in the case of of nuclear or psychic holocaust. Nothing else! This whole premise [in the article] is based on this lie of rescue
- And the ones in Area 51 are as Luciferian as you can get, and they have not come back to love.
    - That deprives all of us our our final test and to know that [that we are co-creator gods and have free will and are responsible for what we have created.]
    - To have us believe that we will be rescued would deprive all of us of our final test – as Barack was saying said on the 28th, "to march and then we marched and then we marched – together!"
    - We have to learn the truth and get over the mind control.
    - This is one of the mind control programs – CIA, Area 51 - right here in the Hollow Earth program!

CL: she still reads Sheldon Nidle because she likes the writing of the Sirians
T: he has been programmed like these ones: he's a dark Sirian – and we still love him!
CL: she enjoys his reports; yet when she was in the same room with him, she felt something was off – sensed something wrong, but did not know what it was at the time.
T: spent many years with him in Hawaii; lots of criminal activity there – was in bed with Ted Gunderson, and with Mike Cadowsky {??} He has a shy softness but it is not pretty!

CL: A big news night! Riding the current tsunami wave of change – water is pretty choppy!
R: Yes, it is. Look at the SOHO website: things going on with the sun that are anomalies – affecting the planet and our bodies, right up to the etheric realms. The cosmic rays are changing us positively -
- Saw a huge coronal hole in the sun – we are having solar flares and could see the dark spot where there used to be plasma!

T: Mother's ship is circling the sun, as well as sun cruisers
- On March 26, 1999, Ashtar took 2 sun cruisers and hurled them into the sun, each the size of Venus. It started to change the hydrogen based molecules of the sun into helium based molecules.
- She has read science articles that have discovered that the sun is cold – means helium, not hydrogen

CL: does it assist our world to become higher vibrations?
T: **Yes – It does not burn us; it is** the crap in our environment & the GMO stuff in our food which is affecting our DNA – that sun is pure light, and it burns that which is not of the light; if we are not pure and we go outside, we can have a problem!
CL: it is cold fusion, not fission.
R: there are solar beings who live on the sun, and there are cities on the sun
- Our scientists have not shared what they know: there are many civilizations interconnected with the sun, and Sol is the Great Divine Director of this solar system; the sun is the boss! As we work with the energies of Sol and understand what that energy is, we can meet the beings on the sun!

T: we are part of the Sirius constellation and regular astronomers want to admit that
- We now have 4 suns in our environment: Sol, Sirius A, Sirius B, and Jupiter – which is now more of a sun than a planet since 1976 and the Jupiter Effect – it has evolved quite a lot since 1976.

CL: having the planet in your chart is a good thing: has a beneficent effect.
T: Yes – it is a planet of beneficience; now that is more of a sun – that was what the Jupiter Effect was – it ignited it on its way to being a sun

www.Duckduckgo.com is a better search engine than Google which is controlled. The other search engine is created by a Millennial and the site does not save any of the information.
CL: Bill Gates started out as a genius
T: the partner said he had a bad temper even when he was young; and this got worse as he got older – thought he was the only one to run the show – no propensity for co-operation
- He came from a wealthy family, and his parents were programmed by the CIA
- This happens to genius kids from the age of 7 – they are scanned by the CIA , the kids are tagged

- This happened to David Wilcock – tagged at 7

R: the 40 pager of Wilcock was exposing that Anonymous joining with the military & going after the Cabal, and bringing in the global settlements yet we have to see ones do the frog march first
CL: what about David Wilcock?
R: the last article he put out DW's website went down! Rama read almost all of it; got an error message and re-booted – tried all ways to get on to the site – nothing would bring up his website – it was taken down and not even the program called Tor would bring the webiste up - because Anonymous is in the picture & will bring down folks who have been playing with the dark side.
CL: they did not want this exposed!!

T: Yes, it is a program that he is saying what he was – **HE WAS NOT EDGAR CAYCE!** He may believe it but his ego is as big as a house! [CK thinks some of that has been settldown]
- David Icke went on a journey with John Perkins and Prince Harry and took too much ayauaska -

R: David told the story on Camp Loveway:
- he did too much ayauaska: he went through the tube of light and saw the Cities of Light, and did not want to come back – his cords were completely dissipated
- then he shot back into his body and saw a Jaguar woman beating him back into life.
- John P said you were leaving us, but now you're here!

CL: what is bothering her – she knows what she feels when she listens to Katherine May and Ann DeHart – feels only sweetness, desire to serve, love and no weirdness!
T: and don't you think they thought of everything?
- T has spent 22 years being prepared by Mother to take the role of teaching what it means to be LM Ma'at
  - She is World Group Service Ma'at – working in balance
  - Ma'at is a Universal Energy that is accessible by the one-ness, the being-ness that we all are
- What we go through when we go through this, is we put someone on a pedestal & forget that we are equal

CL: I do not put her on a pedestal – she feels the love, as she does from T & R and others

T: Remember the book Love is Not Enough? When we get more information, what we learn as we get more discernment, is that things are not always what they seem.
T: That soul is perfect for that program, as that soul is not ready to embrace more than waht
She is NOT LADY NADA!
CL: Praise, respect, thank and love all the feelings. All this makes her weary!
T: this is not necessary – this may be intense, but it will get more!
They will not give up, and play all kinds of games – BUT NO NUKES!
- This is why the David Cameron thing is such a blockbuster: he did not bend nor he did get his way in the British Parliament to invade Syria
- France is another story.

CL: does not see the war happening
R: no – but the French president is kind of a loose cannon
T: France thinks they can do what they want with Syria, as Syria was once their colony since the 20s
- The so-called Illuminati think they don' want to give free whill choice to anyone; they think they own the world and can do what they want – they still have to answer to the Black Pope – who has been gone since 2003 when KOS and some others took him out

R: KOS has literally become Obama's shadow: beefed up security, Ashtar Command in the air overhead
- R'sf riend Beach Bum Polly follows Kramer on Mad Money on CNBA: he is talking about S & P falling like a rock after the 1st ; as S & P goes, then Nasdaq will go down – Kramer telling people to take their money and put it into various instruments but he does not say credit unions; investments that are less risky

CL: Anonymous took down the market for 3 hours! Why? **T:** Warning! Warning! Warning!
CL: says her attitude is changing
T: This is because you have the feeling of getting your power back

• This group here can help the others – now we have to do the mission: no splitting down the middle, as a house divided against itself falls

R: in all 50 states, **fast food workers have done the biggest boycott ever**! This will take a huge chunk out of the $250 Billion fast food industry – **THEY WENT ON STRIKE NATIONWIDE & together !!!**
T: this is the power of the people working together! **Min Wage in Australia is $16 / hour!**!!!! Pizza Hut, McD, etc
CL: what a big event!
T: this is happening because no one believed they would do this – as more became aware, they realized how they had been duped and that they'd better act. **And as per MLK: THERE WAS NO VIOLENCE!!!**
• 250,000 people listening to Obama, yesterday - considering the poverty and doing 3 jobs at once, the number of people present was astounding!
• AND NOT ONE ARREST!!! Just like at the 1963 march

CL: feeling a little more joyful!
T: what John Perkins and Harry did was help David Icke come back to love
R: Harry did the ayauaska journey – could have something to do with his tour of duty in Iraq
• Ayauaska is a vine that grows in S America along the river; it's a pyschotropic drug – takes you back into before time – Joe Rogan used to work with Dr Drew on MTV and they had a falling out, as Dr Drew got offered a lot more money; Joe now has a Sci Fi program called "Joe Questions Everything".
• The people in the Amazon use it to connect to Mother/Father God/All that is.
• **The Koji Tribe – watch "The Heart of the Mother" a youtube video** – they talk about how spirit helped to create the life forms that we would ingest and connect with All That Is, and get the down load.
• If for example those who are CEOs want to get away from the corporate world, they go to John P who takes them to S A for that trip – and they go into the Bardo state and eventually go back to the corporation and tell them to stick it.

Caller: has gone to a chiro for a 2 pm app't – which was supposed to be 3 pm
• So she started talking to someone and telling him all about the calls; says he will pick her up, gather some friends and take her to the office so she can tell them what she told him!
• She wants to get people to trust themselves and their abilities
• She's been making conscious choices since she was 2! In her life story, talks about some of her less than successful choices and their results and what she learned from them.
• What she's heard tonight has straightened out some things in her mind!

Caller2: felt same way as Cathy about Hollow Earth: feeling the love from Katherine, Zorra, Ann
Are they aware that they are in a program?
T: NO
CL: now we have to decide what part of that will take our attention
T: Greater knowledge helps
C2: can no longer feel the same or listen in the same way
CL: but we can listen with greater insight and offer love
T: offers the prayer of the Law of One to be used daily – which the caller already does!
C2: David Wilcock was a surprise too!
T: David Wilcock took a lot of money from the wrong people, as David Icke did from the queen
• David Icke in <u>The Biggest Secret</u> – blamed King of Egypt for murdering Dodi and Di
• There is now news coming out about the murder and saying it's a conspiracy saying it was MI6 – [it is also MI5 and CIA and Mossad!]
• This happened in 1997 - August 31 - 16 years ago!

• They talked about Dodi calling Rama last week: last Friday morning, Dodi called Rama
• Rama has 44 phone numbers of Faction 3 people – can only talk under certain conditions
• This is **only the 2nd time that someone outside of the 44 # initiated the call**
(1) • it was Dodi Fayed, with Larry and Curly: **Red Alert – the Hollow Earth is a program of CIA & Area 51 – they want to cancel out Faction 3, they don't want NESARA to happen, and they don't want clear minds!** [This is the threat – CL]
(2) • **Larry and Curly in unison said YES!!!**

(3) • **3rd confirmation:** Randi Rhodes/ Nicole Sandler as host – Ray Mcgovern was on – he said Obama has not wish to go into Syria – just everyone else: CIA, Black Ops, Republicans, Israel

• **Lucas 2012 – information from a French newspaper:** [France is not reliable] article saying there were 100 US soldiers on the ground in Syria: **DODI – NOT TRUE! AND THERE WILL BE MORE DISINFORMATION ON THE NEWS MEDIA AS WELL.**
• R asked Ray McG about Hollow Earth? He did not hesitate: CIA and Area 51 Black Ops
(4) • 4th confirmation: KOS
(5) • 5th Ed Schultz: they may not no it, but they are liars

T: there are **2 factions in Hollow Earth**: the Aghartha Network, and the **Satonian network who are dark Sirians –** and as we are part of the Siran Constellation, we share that karma – and they did some very dark things:
• 2 million of the human race dead in the last 100 years. The vast majority went - there are 2 huge spiders in the basement of Buck Palace; QE2 is a 25' dragon who is gorgeous: emerald, gold and green scales; she is a full blooder reptilian
• What did the reptilians do? This story goes back to the First Creation and Luciferia and decided he would have his own Darth Vader story – just this group.
• There are Paschats – over 95% of the different kinds of beings of the Universe of Nebadon, the 7th Super Universe which is a polar universe; there are billions and trillions of stars – 95% of them have human DNA which has been combined with different traits and characteristics, just like on the earth where we have black, brown, yellow, white people: – we used to have the 12 rays of colours of humans which has to do with the minerals in the earth out of which we were created.
• We co created the heavens and the earth with Mother and are very knowledgeable

CL: still on the spiders in the basement!!!!
T is 'xplaining things:
• In the 1st Creation Lucifer and the gang [Luciferian Rebellions Ones], the fallen angels, decided in order to do the job they didn't need the 12th strand of DNA called love; they knew how to do it as they helped create it with Mother so they did away with it where the heart energy lies so they didn't have to feel anything.
CL but they have human DNA now
T: they **mutated their human DNA**: a full Human DNA code is all 12 strands, so they slapped Mother in the face and said F you, we know how to do it, we're going to splice this out of our DNA!
• so **they are full blooded reptiles – NOT HUMAN!**
CL: asks about the queen – no human? That's right!
• There are ramifications, and we have to stew in your own soup! So as we are all one, we have this all this mutated stuff; they do not have feelings – they work on intellect, intelligence: **this is not said in the article**
• Bill Clinton is an anomaly, a hybred – father was Winthrop Rockerfeller, full blooded reptilian with no feelings; mother was a human – feeling! Now he is getting feelings.

T: back to the story of the queen - **CL** and the spiders! [all full blooded reptiles]

• **First Creation** – they were **not invited to earth; they invaded earth**
• the only way they can exist from 450 billion years ago to today is by eating the flesh and drinking the blood of humans!
• And especially eating the pineal gland to stay young – story of Kahotep, brought by Isis and Osiris from a Siberian barbarian culture to Egypt
T: • Amhotep was brought to – to repair his own DNA because you have to have free will choice
• he became a master physician of a galactic kind and he lived for 12, 000 years until the time of Dr Mengele and Hitler, Kahotep met Hitler & the top echelons of the Thule society & taught them about the Obsecene Rite – cutting out the pineal gland, and eating the blood and flesh of their prey
• When they eat the pineal gland – especially of children - they extend their life force for up to 60 years, and they have been doing this over and over again for the last 13,000 years

CL: this is a Vatican practice??
T: It started in Egypt 13, 000 years ago; Isis and Osiris stayed in Egypt to help teach, and the Hyperboreans - galactics with the bee hive heads like Aknatuan ahd Nefertiti & all the different pharohs:
- all the pharohs were black except for Aknatun whose commoner mother was from the Caucasus mountains and Tut was white.

CL: back to the queen!
T: Q E II was chosen by the reptilian Committee of 300 who were the ones who gave her the job of Queen
- she has to bring in the babies and pass them to the spiders who pass them to the Satonian network & the Satonians that live in the Inner Earth eat the pineal glands of the babies, etc etc

CL: her task is to harbour in her basement beings which she supplies babies??? T: to the Satonians on the other side of the Inner Earth which they rule

T: To know how this came about, we have to go to Maldek story; 65 million years ago, the Annunaki, the full blooded reptilians, part of Lucifer's minions, renegades invaded this planet and they still had a problem – they were here, given a chance and were thrown off – somewhere between 65 million years years ago and 450,000 thousands of years ago – it's a long story!

CL: asking about the energies of the people in the Hollow Earth – **SATONIANS** [she relates name to Satan]
TL when you bring up Satan for the sake of semantics -
- in the 12th dimension, there is no form and **Jehovah is the shadow side of Alcyone**
- As time went on, out of that, there was a son who absorbed all the Luciferian stuffl – Lucifer who was the first born son of Jehovah & Lilith
- In 1st creation, Lilith was Jehovah's twin flame [no gender in 12th D]; they were one ball of light
  - Jehovah was the first born son of Alcyone & Sekhmet
  - Lilith was the first born daughter of Alcyone & Sekhmet
  - Jehovah didn't like Lilith so he threw her out – and all of us felt like something had died in us!
  - Can you imagine what it would be like to feel something die in you at the 12th dimension where the energy is so high
- So Lilith began nepotism – she literally got together with her first son, Lucifer
  - The first born son of Lucifer and Lilith is SATAN
  - There there is another layer: the son of Satan is Beelzebub

- These are all the levels of the Satonian Network – which we are not told about!

CL: this whole Satonian thing is Day 1 for her. Having all the pieces helps!
T: when you have the knowledge you were missing – **which they cut out so you cannot follow who they are**
- These ones are terrified! Which is why the info is getting worse by the second.
- They are so afraid that we will do to them what they did to us! And they know what that is!
- So why would they not use a sweet program to smooth things over!
  - Lucifer didn't fall from grace!
  - And do the 3 of them know what has happened to them ? NO! They are mind controlled, completely - doesn't make them bad!

CL: some would say you and Rama are the same
T: a whole bunch of people would agree!
- Hitler, a transcendent soul, was the 2nd anti christ, meaning nothing less than Jehovah! The shadow side of Alcyone gone to something else
- The shadow side of Alcyone was not evil: until those ones decided to do actions out of their time space continuum – the definition of evil
  - Back in the 6,000 year story of the bible, they **DID INTERVENE:**
  - **HOW?** The sons of god copulated with the daughters of men **which is against the Prime Directive: because the sons of god had abilities, but we had no idea what would happen with them outside the Law of THE ONE**
  - **As well,** they mind controlled the humans at the same time, so no one would know what the results would be
- SO, there were all kinds of children who had no ideas and were more carnal and hence the damages we have now

CL: here we are going into the back end, the last quarter of 2014: we've gone through all this; we had our come to jesus moment in Dec/12; we've passed the talKing stick to the goddess, and the dark ones are scared – **what is next?**

T: Remember the woman Clare from Hawaii: she said then every **single minute = 4 years gone by!**

- Then with more energies going faster, every single minute was 16 years gone by
- **NOW IT IS 32 YEARS per minute.**

CI: Is time imploding?
T: NO - **WE HAVE 450 BILLION YEARS OF KARMA,** and we are collapsing that timeline with the spiritual energies every single minute

- our ability to cognize this story is about is becoming accelerated in our hearts and our minds – how do you think we can have a conversation like this

CL: the only reason she can get this is she has been in Stargate for so many years!
T: and WE ARE ALL ONE.

T: to go back to Carl Boudreau astrology

- the grand star tetrahedron on Aug 29th - **IS 100X more powerful than the one in 29th July,** the first grand tetrahedron; as well, **Pluto is leading the way**
- we've had 2 tetrahedrons in a row and both came after a full moon – and we had 2 full moons in Aquarius which is rare, and those moons are here to anchor enlightenment
- and Pluto is leading the way – so whatever is in there has to come out
- Pluto is ruled by Scorpio whose **main attribute is the phoenix rising!**

There are 5 steps: and go to the Medicine Cards

1st: A scorpion when it is hurt it bites itself and kills itself with its own poison – what does this energy mean?

2Nd swan energy: ugly duckling becomes a beautiful swan

- in the Disney movie, the baby swan saw himself as ugly; as he grew up, became handsome
- in the medicine cards, it is unconditional divine love & grace

3rd one is dove – peace. Sananda Kurmara was both Christ and Buddha – identical souls: where east meets west. The Vatican did a comparison and said yes, they are the same. .

- Neither were crucified – it is a story about people believing thereis only one saviour
- Christ **did not say** I am the Way, I am the Truth, I am the Light – **he said "This is the Way, this is the Truth and this is the Light";** he also said " AND by your example shall you be known." He gave people the example
- We [those on the call, in the larger group] were all there 2000 years ago & we did not quite succeed so we came back It begins with me – inner peace. [love, truth, peace – first 3]

4th the eagle - #1; the messenger from spirit – eagle medicine is the spirit message.

5Th the phoenix rising: the phoenix rises out of the dust of the ashes of the entire old order [3D] which goes bye-bye –

- the Hollow Earth is trying to keep the order the same and keep it going and it cannot be! NESARA NOW!

- Does not mean we are not in 3D – this is another teaching that was not right: we know how to transmute our DNA , **Mother does not do it for us** and we end karma – all that is left is the Dharma! No more karma.

Caller3: blown away by the amount of information Tara has
CL: why we need integration time!
