ALLEGATIONS TESTIFIED UPON THIS DAY
**UNDER PENALTY OF PERJURY**
BY
STEVEN HAAS
(more commonly known as (a/k/a))
**LASER HAAS**

**WHEREAS** Goldman Sachs as a fiduciary, did perform a 1999 Initial Public Offering ("IPO") of the entity known as **eToys**.com estimating **eToys** to receive $16.50 per each share of public stock offered.

**WHEREAS** and as a commission – Goldman Sachs would receive $1.50 per share of the IPO.

**WHEREAS** the stock unexpectedly rose above $78 per share – but **eToys** "**ONLY**" received $16.50.

**WHEREAS** a Bankruptcy Petition was filed in Delaware Federal Court March 7, 2001 case # 01-706.

**WHEREAS** many Conspiracies & Collusions to defraud the **eToys** federal case 01-706 did begin in March 2001 by Goldman Sachs & Mitt Romney's Bain entity – by their "***secret***" Delaware law firms Morris Nichols Arsht & Tunnel ("MNAT")/ Paul Traub as Bain's "**TOYS R US**" owns **eToys** by Fraud.

**WHEREAS** the Delaware Department of Justice did "CONSPIRE" to remove **eToys** California law firm of Irell & Manella as the **eToys** "Debtors" counsel in the bankruptcy case 01-706 to insert MNAT.

**WHEREAS** it is now publicly known that MNAT has "CONFESSED" to supplication of fifteen (15) *erroneous* Affidavits to the Chief Federal Justice of the Wilmington, DE federal bankruptcy court by admitting – upon evidence undeniable brought forth – that MNAT is Goldman Sachs DE law firm.

**WHEREAS** one of the very first acts to further Conspiracies, by Fraud on the Court, by an "*Officer of the Court*", to assure the classic "***pump-n-dump***" of the **eToys** IPO for the benefit of Goldman Sachs; MNAT did with malice of forethought, vis-a-vis multiple acts of Perjury – ask for and did receive – permission to Destroy the Books n Records of the **eToys** federal bankruptcy estate (*please see* Docket Item ("D.I.") 300). Thereby **Obstructing Justice** by premeditated Destruction of Evidence.

**WHEREAS** the Delaware Department of Justice repeatedly refused to investigate, prosecute MNAT, Goldman Sachs and has even gone on the public docket record confessing same to the Circuit Court.

**WHEREAS** it is now publicly known that the Delaware Department of Justice United States Attorney from 2001 to 2008 – Mr. Colm Connolly – **failed to disclose the fact that he was a partner with the Goldman Sachs law firm MNAT** during the very year the crimes transpired (2001).

THEREFORE, I, LASER HAAS do Petition for a **Investigation & Indictment** of *malum prohibitum* as the NY Supreme Court is ***NOW*** duped by the Conspiracies to close **eToys** case 601805/2002!

**MEMORANDUM SEEKING INDICTMENT OF**
**ORGANIZED CRIMES & FEDERAL JUSTICE CORRUPTION**
**BENEFITTING GOLDMAN SACHS & MITT ROMNEY'S BAIN ENTITIES**

**CERTIFICATION OF FRAUD BY DECLARATION UNDER PENALTY OF PERJURY**

To clarify the issues and make sure everyone understands the validity of the allegations and great significance and national importance of the matters presented here; I, Steven Haas, more commonly known (a/k/a) as "Laser Haas" (hereafter referred to as "LASER") - doth state, this, on the 12th day of December 2011 – **UNDER PENALTY OF PERJURY** – that the information herein is both True and Correct - presented by me within this MEMORANDUM SEEKING INDICTMENT OF ORGANIZED CRIMES & FEDERAL JUSTICE CORRUPTION BENEFITTING GOLDMAN SACHS & MITT ROMNEY'S BAIN ENTITIES.

Furthermore, the evidence is so irrefutable, overwhelming and profuse within the public and docket records that there remains **NO Reasonable Doubt** that an investigation with resulting indictment should transpire against Mitt Romney's **Bain**, **Goldman Sachs**, the **MNAT** law firm, as well as **Paul Traub**, members of the **Traub Bonacquist & Fox** law firm ("TBF"), their co-conspirator and President, CEO and Confirmed Plan Administrator of **eToys** **Barry Gold** (who was also "***Secretly***" Paul Traub's partner), with their co-conspirator **Frederick Rosner** (*Paul Traub's self professed local counsel*), along with CrossRoads LLC (*renamed* **Xroads LLC**), and **Mark Kenney** (*the Delaware Department of Justice US Trustee trial attorney*), and Roberta DeAngelis (*the Region 3 United States Trustee and General Counsel of the Executive Office of United States Trustee's*), and the former United States Attorney Colm Connolly (*now at the firm Morgan Lewis*) (*who was the US Attorney controlling the office that refused to investigate or prosecute this case from 2001 to 2008 and did fail to become a Delaware District Court Federal Justice)* and/or any other persons now known or currently hidden who did benefit, conspire, collude, Intimidate Victim or Witness (*such as Scott Henkin, Jack Abramoff and Jack Abramoff's self proclaimed associate Johann Hamerski who has pursued the demise of the* ***eToys*** *shareholder Robert Alber that did join this whistle blower once the "**Smoking Gun**" was placed into the public docket*) (*we have a copy of Congress records documenting that Jack Abramoff's/ associates did seek to illicitly control the* Region 3 US Trustee's *office for the sake of guarantee of* **Scheme to Fix Fees** in violation of **18 USC § 155 Fee Fixing**) – This, I Steven "LASER" Haas do testify is True.

**WHEREAS** there also is overwhelming, profuse and incontrovertible evidence sufficient for a national investigation under "**Color of Law**" civil rights violations as various rogue elements within the United States Department of Justice have Colluded and Conspired to Obstruct Justice in this case where the Securities & Exchanges Commission (the "SEC"), along with the Official of Special Counsel ("OSC") are now publicly known and did "CONFESS" to the Destruction of case files. There also are massive efforts clearly obvious to protect Goldman Sachs and Mitt Romney's Bain entity that did result in the destruction of a public company and the **perpetration of more than one-hundred (100) felonies**.

**WHEREAS** it is also now publicly known that the United States Attorney in Southern California did perpetrate an assault upon the Constitution of the United States, as well as its citizenry and public servants – as US Attorney, Los Angeles (Tom O'Brien) did walk into a weekly staff meeting and summarily Shut Down the **Public Corruption Task Force** – as he did (*purportedly*) THREATEN career Assistant United States Attorneys not to challenge the surreptitious closing – or ELSE!
