## ***Fugarwee Indians Inc.***
## ***Board of Directors***

Bill Miller.....President
Dennis Fourqurean.....Vice President
Henry Robertson.....Secretary-Treasurer
Ron Cooley.....Primary Director
Skipper Wright.....Director
Morris Stinebring.....Director
Mack Bissette.....Director

## ***Emblem***

It is natural that our emblem be no other than our original Chief Fugarwee in symbolic stature pose, standing erect atop the highest hill, left arm crossing his proud cheek, open hand across his forehead, palm turned upward to the sky, wisely seeking to lead his people safely back to the village, which he never found.

He was lost!

## ***Qualifications***

The prime requisite of membership shall be:

1. No sense of Direction (Getting Lost)
2. Confused and undecided most of the time.
3. Brags very little from lack of something to brag about.
4. Can smoke peace pipe filled with Buffalo chips.

The lack of the above qualities does not exempt a White-Eye from membership, but are strong considerations by the tribal council.

## ***Membership***

The total membership of the Fugarwee tribe shall not exceed 100.

***A FUN LOVING ORGANIZATION ESTABLISHED FOR GOOD FELLOWSHIP BETWEEN SHOOTERS***

## ***FORGETFUL FUGARWEE***

Besides having no sense of direction, (getting lost) the Fugarwee Indian was very forgetful (loss of memory). After long hunting trips he would forget which tribe he belonged to and would wander into another tribe's camp. By doing this a certain amount of cross breeding took place and was passed down through the ages. Therefore, When you hear your fellow shooter yell:

***"Where the Fugarwee!"***

You will know that he is one of these decendants.

**********

## ***TRIBAL CLOTHING***

The early Fugarwee tribe members remained fully clothed at all times, due to the fact that when bathing in the mountain streams their sense of direction (getting lost) did not lead our noble brothers back to where they had undressed. Due to extreme weather conditions existing in and around the mountains, it became readily apparent that being unclothed was not the answer, especially in hiding some of their closely guarded secrets.

In revival of this old custom, members of the Fugarwee Tribe shall remain clothed at all times, even when bathing and in public by order of the tribal council (no loin cloths—please).

# ***GENERAL INFORMATION***

Our shoots will be non-registered, and by invitation only. Our shoot will not go out of state, however, we welcome out of state shooters who are members, or a guest of a member. We also welcome Squaws as shooters.

All shooters who wish to become members, must have a Fugarwee member host them at a shoot. You must shoot the target program before you are elgible to become an Indian. Shooters may attend two shoots only as a guest. Application for membership must be submitted at the third shoot. Application forms are available from the Scribe.
