HARD NEWS
T: State Attorney in Baltimore did her job: 5th generation of lawmaker family & did her job!
R: a turning point in the energy today
- **Talked to Larry, Curly and Tom the Cat:** such a huge change in frequencies!
- the dark ones are running for their lives and want to leave lots of mayhem in their way

T: not one bit of hanky panky in the nepal event: last was in 1934, were one year overdue

- Sad story is that the Nepalese King and Queen have done nothing to improvie the infrastructure
    - now 1.2 million people totally displaced
    - not enough happening in short enough time – some good stories, but there are 4000 missing and 6,400 dead
    - the tourism was quite large in Katmandu: 8 declared dead in the climbing avalanche
- the Wesak Valley is not in the range of the quake
- Kate is in hospital in London; due any moment now

R: 3 folks in the Bridgegate scandal got indicted! And Christie's day will come!
T: the attorney, Marilyn Mosby, did the indictment for all 6 of the police involved; the police are favoured by the 13 families and they don't want any policy changed regarding police because that affects them
- The WESAK energy is here!

T: goes over the charges against each officer and the punishment involved
- involuntary manslaughter = 10 years
- 2nd degree assault = 10 years

Audio: Thom Hartman May 1, 2015
NEED TO KNOW: Latest LIVE from Baltimore - Ryan Kerr, RT Correspondent

BIGGER PICTURE PANEL: JUSTICE FOR FREDDIE GRAY?
- Hilary Shelton, NAACP
- Joe Madison, The Joe Madison Show
- Rev. D. Alexander Bullock, Change Agent Consortium (ActionCAC)

T: what has just happened means the doors are opened to discussions that have not been had in the past: R took it back to Nazi Germany & that's not a joke: that the police
- The attorney also called for a council to absolutely necessary: to operate in a good ethic and be a good policeman is a hard thing: there is a lot less truth involved in all that is going on. Nature abhors a vacuum, so it is time to fill the space with more love.

T: will the indictments help make adjustments?

CONFERENCE CALL 209 647 – 1600, 353 863#

http://www.freeconference.com/RecordingDownload.aspx?R=15130118&C=716&E=147318

T: talking about what happens in Hawaii on May 1st; the men do a hula dance wearing grass skirts and leis around their necks; the dance is about 2.5 hours and they narrate the story of the origins of the island as they dance. Yes, they go back to the times of Lemuria – Hawaii is the closest place on the planet to being off the planet! There is a tremendous amount of consciousness, yet there is still crime; spray used on pineapple and sugar plants is so lethal, it is not used on any other place on the planet! Any coffee that is not organic is sprayed with agent orange! On the sugar fields in Maui also – after the fields are sprayed, the doctors are busy dealing with children coughing up blood and all kinds of things!

Caller: thought Hawaiil had won the GMO fight
- Monsanto is screwing the hell out of them in Hawaii as part of the GMO fight
    - Leonard Pelletier was actually told that maybe you didn't do it, but someone has to pay and it's you! Which is what Tom Hayden said last night: have to break up the collusion between the police and the prosecutors
    - T is so proud of the State prosecutor; caller wants to know if she will be safe;

T : says this is an aspect of the return of the Cosmic Christ • Bottom line is we are all ONE; which means the individusalized souls who came in as new born masters - we all volunteered to receive a fractal of energy – we were talking of incarnational patterns, and the bible is not as it originally was:
• the original biblicaL texts were in Gaelic – yes, Jeshu was an Ebionite - Queen of Sheba was from Ethiopia and had a relationship with Solomon and the result was DAVID so Jeshu was an Ebionite BECAUSE THE LINEAGE GOES THROUGH THE MOTHER!

• Where did Solomon come from? From the Babylonians / Akkadians – the Sumarians language was cuniform and they spoke Aramaic; Jeshu was Aramaic as his mother was Syrian • T asks Rama to find out and go back to the Haplo group which is the DNA encodement that came in & was galactic in nature and came through the Causcus mtns.

• The Aryians were the Nazis of Atlantis and followed Belial - our original sin was that we destroyed the known world – there were 5 islands in Atlantis, each of which was so big, it was like a continent!

• The explanation is going more in depth regarding Atlantis – one sister has 10,000 followers on her twitter a/c and they don't know the history: they are millenials meaning that they are more galactic in nature – those of us who are of the prophets generation 1948 – 65 and those who are older – we are the bridge because being born after the bomb, the crack in the cosmic egg, messed with the DNA
• What the Belail, Archonic strain of the 13 families kept those souls and programmed them – no emotions and kept on cloning that and cloning that and even

• Madam Blavatsky spent her whole life talking to banksters; born in Russia and then went to India: the ascended masters appared through her; she created the Theosophical Society in India and took it to London - she went to all the royal families and had Serapis Bey and • Her collection of materials was called The Green Book. Then she came to the US and created the Theospophical Society in Chicago for all of North America – Chicago is the heart chakra of the US;

• On the Friends of the Aboriginal Nations call on Wed, it was discussed that, for the last 2-3 years the police have killed a huge number of black kids etc in Chicago - at least 200 kids were tortured and then murdered and there is no record of it. Roosevelt Universty has a teaching centre

• Manly P Hall: as we start tapping into our own akashic records, we tap into our soul memories and

Cheryl's Channeling for WESAK

Divine Mother – St Germain

Cheryl opens the meditation and then asks BBS to play the planetary ascension meditation from Divine Mother which follows the opening.

Cheryl- Opening

• Please go into your heart centre as we call forth the entire Company of Heaven and most specifically our beloved Ascended Master St Germain.

• Beloved St Germain, we bless you and honour you on this, the feast of your Ascension Please bring forth to us now - in, through and around this planet - your highest frequencies of solar and cosmic violet flame through all time, space and dimension on this planet & all life related to Mother Gaia. Alchemize us now and bring us to our perfected ascended state. We thank you for all you do each day for each of us individually and collectively, for this nation, and for all this planet.

• Teach us to live as our mighty I AM presence in each moment and enhance the skills we require to

achieve our Divine Mastery. Please progress us the most we can more forward, in this nation and around the world, as we the people call forth for NESARA, divine justice, divine government, illumined truth in all matters and full disclosure, planetary peace amongst all people and all nations, true abundance and financial freedom and prosperity for all – this is our sacred rue hearts' desire.

• In the name of I AM THAT I AM, we now command and demand the full manifestation of this in this divine moment through divine will and divine love, we know as we call it forth it is fully manifested and for this we give thanks.

Please continue to work with the Violet Flame; she passes the talking stick to BBS.

Divine Mother's Message:

- call for the mighty I AM PRESENCE to take full command of our thoughts, words, deeds as well as our galactic presence, our universal presence, our god presence/goddess presence, as we call forth our multi dimesnionality to merge into the oneness with us and give us access to the highest of tools and information that we can work with, with our divine intention of assisting the planet today. And so, as we work with not only the galactics but the entire Company of Heaven, we work with the angelic realms and the ascended masters over lighted by Mother/ Father god, and we ask to magnify all of our work 10 billion times 10 billion fold, in line with divine will and divine law.

- Right now she sees the visions of Nepa. Part of her understanding is that we are working with healing hearts, and also it may be night time there right now but guiding people so there may be more miracles as the person found after 4 days here, that there might actually be further survivors; sees us as part of the angelic team there .

- Go ahead and proceed now. Be aware that in the time we shall spend today, we shall be on simultaneous missions with the angelics & galactic federation; we really think that they were beaming us over there, an aspect of our being there to support all rescue and recovery, and also to work through the Office of Divine Mother with the healing of the broken hearts and the broken wills and the broken spirits of those affected.

- She is being shown that they are working with a team in Chile, almost like putting a lid on the volcano to stop the spread of the ash and to assist in the purification of the energies there. And another aspect of us is working with the hearts of every man, woman and child as we call them in to join us through their mighty I AM presence, to work with each person's heart and mind to achieve unity consciousness, to defuse all anger, all resentment, all unforgiveness; the anger that has boiled up in Baltimore and other places. St Germain is there present as is Quan Yin, and they are supporting us in blazing the violet flame of its highest solar and cosmic frequencies as we see the entire planet enfolded in this frequency, along with the frequency of love.

- So within the violet flame itself, their flames are the pink of unconditional love so that love permeates every cell of one's being, and this is working through Gaia and all of her inhabitants on a physcial, mental, emotional, spiritual and etheric level.

- All aspects of Divine Mother are present, as they work with each person's heart, and each person's Akashic record with each person's memories: this is being done for the collective, Beloveds.

- My precious Children of Light, it is I, Divine Mother, who enfolds you now as I do but all of my divine representatives are working with humanity to ensure the sealing of this, to assure the mental awareness, the consciousness of this, as these frequencies of love and healing permeate all the collective consciousness and each individual consciousness, for I am directing now, through the Mighty I AM THAT I AM, and the activation of the I AM THAT I AM of each individual, a deep cleanisng and permeating of divine love, the greatest healer in all creation.

- We ask each of you individually to experience this; as well, we assist you being both the receiver and the transmitter of these frequencies, as representatives of the Office of Divine Mother. Beloved Ashanya is working in this capacity, and so are you. Part of the greatest gift as a receiver and a transmitter is to open your heart wider, allowing it to open now with her assistance to its most expanded state, to its greatest depth and breadth, as love permeates all life. Love is, of course, what life is created of, yet we say to you that each day this love expands, and each day we call it forth to permeate co-creation deeper, more deeply in each moment, more deeply than ever before, expanding infinitely, expanding its capacities to heal, as all wounds are taken into the Divine Mother's heart.

- Each man, woman and child is being worked with for the individual wounding they carry, from this present moment, from these past week's events, through all time space and demensions. It is time for these frequencies to permeate the beings of all life and, as it fills the cracks and crevices of each person's broken heart, it fills the cracks and crevices of Gaia, as well as healing takes place due to man's inhumanity toward man, toward Gaia, toward life itself in every aspect, for the violet frequencies with the flame of divine love and reverence for all life permeates more deeply, and each heart flame is activated for each of you carries this flame as aspects of god/goddess, and the Divine Mother is here to heal those wounds, to dry all tears, to sit and comfort you, to stroke your hair, to lift your chin, to pat your cheek, and to hold you in our embrace. Angels of comfort bring elixirs of my love and comfort and ompassion to every man, woman and child no matter the wounding, how great or small. Let my love permeate your being; let my love heal your wounds, heal every hurt. No matter how large or small, my love brings this great healing, clearing the illusion of what has taken place, allowing each man, woman and child to remember their wholeness, to remember their holiness, as a child of God/ Goddess.

- We call forth to every man, woman and child to open more fully to this now, and so in these frequencies to their mighty I AM. No mother wishes to see her children suffering, yet we say to you that suffering is both self-created and illusion; as we rise in frequency, it shall no longer be your experience. For as you allow this love to permeate your being, it uplifts you; it dissolves the density and raises you above any density you may have experienced in any time, space or dimension.

- For the divine frequencies of Love and Light you are being offered now on this planet have amazing consequences and, as we learn of the history of this planet, so it shall be that simultaneously, we shall be healing it for this is our intention and our goal. You are being prepared to understand and accept and her/this informmation. You are being prepared to accept this divine love and understand the truth, and this is why you have been gifted with the flames of illumined truth at this time. Mother Mary and Hilarion bring forth the emerald green as well, the emerald green with the sunshine yellow of illumined truth, anchored in, through and around the planet now .

- And simultaneously the emerald green with the violet aura of limitless healing and transmutation is supported to heal their physical wounds, as well as their mental wounds and emotional wounds and spiritual wounds as well. As we offer this healing, many beings come with their dispensationa through my command, Beloveds – dispensations that may be unique to each man, woman and child as each being is gifted with the frequencies they require, as we address the wounds of the human ego, the wounds of the physcial body, the wounds of the broken heart, the broken spirit, the broken will, and the wounds done to Gaia, and the galactic wounds as well. All are working with you, beloveds; all are working with all planetary forms on earth herself, including the animal kindgom, the plant and tree kingdoms, and the mineral kingdom. These flames and waves of love are permeating every aspect of life, every cell and molecule and all the spaces between, as life is brought to its divine blueprint, as life is brought to its perfect harmony and perfection, and we say to you that these three flames, the violet with the pink flames of love, the flame of illumined truth, and the flame of limitless healing and transmutation shall be working with you continuously from this moment forward, working with you to attain and maintain the divine perfection through the divine plan of your mother / father god.

- And with these frequencies, we address all thought forms, all faulty thinking, all ego-based thinking, all negative thought forms that may come from outside of an individual's mind. These freqeuncies of divine love from your Mother / Father god are addresssing each mind and mental body, and each thought and thought form, and belief and belief system that is not in direct alignment with Source.
  - It is time to dissolve all that is less than the divine love and frequency of Source, and so each individual is being worked with, as well as the collective thought forms and all collective thought forms based in fear. These thought forms shall be dissolved; this is an ongoing process, Beloveds, and you know in your hearts and minds that love always prevails, and so this Divine love that we bring forth to you: know that it permeates the densest of thought forms; it illumines all faulty thinking, clearing all misqualified energy as well, lifting the veils of illusion, bringing divine truth on a mental level, for divine truth goes far beyond the history of the planet that you shall learn and understand.
  - There is much beyond that, that people shall begin to learn and train, train further in the divine universities, train further in the schools on Sirius and the divine central sun and all over this cosmos. For there shall be much to learn in the days ahead.

- And still the healing must be done first, and this is being done on an ongoing basis now, as each mental body is cleansed and purified, sanctified; each mental body of each soul and soul extension, for all of this takes place multidimensionally, Beloveds. It takes place for the All That Is and, in a sense, goes beyond your own individual multid-imensionality, for all is being embraced in Divine Mother's heart where only Divine truth exists. For truth is in your heart, Beloveds, and people should begin to learn, to understand that as well.

- And so as we work with the mental body, we begin to see misunderstandings cleared and perceptions changed; people shall be able to talk with clarity and better understanding, for part of the truth is compassion, and compassion is flowing thorugh each mind as well as each heart now, for compassion is an aspect and attribute of the Oneness, Beloveds, the Oneness of All That Is, and this is the main focus of today – the Oneness, what we call the Unity Consciousness among all beings of life, of all beings off and on the planet.

- So we embrace that mental body permeating that divine love, that new insights and understanding come forth, that the compassionate truth come forth for all, [and] is understood by all, turning all knowledge into divine wisdom, the divine wisdom of the heart and mind combined, Beloveds, which leads to greater frequencies to be received of illumination and enlightenment

- And we proceed, working with the emotional body. I tell you there are infinite beings working with you, beings of such great love; for they are all aspects of me, Beloveds, and they are all aspects of you and you, as you are all aspects of Divine Mother as well, and this is what we call forth as we prepare you and begin that download of Divine Mother's love that flows through the month of May, Mothers Day and beyond. And the Divine Mother's heart working with each broken heart, whether it's through loss, the loss of a loved one, the loss of a child, the loss of a parent, the loss of a spouse.

  - In all that has taken place in recent times – or through any time, space or dimension - all grief is being addressed and permeated with this energy of divine flow. For we assure you that the experience of broken heartedness was created in this game of separation, and one aspect of it was to permeate the shells of the hardened heart, to permeate the protection of what was created with the withdrawl of my energy when you were cut off from the Divine Feminine. And so broken heartedness was to open you again to the feeling side of life, to the feeling side of your being so that you might experience that compassion for all other beings and eventually experience the love which exists in your own heart's flame.

- And yet we know it is difficult, Beloveds, and we know it is challenging, and so we send you healing balms and essences addressing the grief of each man, woman and child, addressing all fear of loss.

• For in essence that grief stems from that great fear and the illusion of separation and the illusion that you are not one with all of your loved ones. We understand, Beloveds, and the healing balms and energies are being sent for emotional healing of all kinds - healing all wounding through all time, space and dimension, healing all hurts, healing all disappointment, healing all loneliness and separation and, Beloveds, healing all anger and resentment as well, for all of these emotional experiences, all of these feelings, stem for a sense of lack, including the lack of remembrance of who you are, and so these waves and waves of love that come to heal and surround and comfort all souls on this planet and work deeply with the emotional body as each individual's healing teams are working with them; every frequency, every dispensation, is being offered to support each person in their own healing and support the collective in this emotional healing as well.

- Beloved Buddha, Beloved Quan Yin, magnify their frequencies to end all suffering as well, and much emotional density is being lifted up, Beloveds, from the collective consciousness now, and each man, woman, and child is working with their own beloved healers to transmute these fear-based emotions, these emotions based on lack - whether it is greed or avarice or jealousy or envy; all are based on lack, Beloveds, all based on the feeling and the belief systems of lack, and all are being addressed as the love permeates these core fears on both the emotional and mental level.
  • Feel it working for you as it works for the collective; know that all are being honoured and blessed in the ways that are right and perfect for them, and the transmutation goes through all time, space and dimension, permeating, permeating, permeating, on levels deeper than you can imagine.
  • For it is time, Beloveds, to let go and release all of these patterns of the past, the patterns of density, the patterns of duality - none serves you at this point in your evolution, and all the habits of carrying these freqeuncies are being addressed, as well. As these frequencies permeate each sub-conscious mind, all cellular memory, each genetic memory, cleansed through each chakra and meridian, multi dimensionally, through each soul extension, that all may experience their purity, their wholeness, their perfection, that all may experience the love of their true being and the unity that exists within all.

- And so deep upliftment shall come from this and, as the shields are broken from each heart, as they are dissolved and love is able to permeate each being, and each heart flame is activated again and the beings of the Great Central Sun are working with every man, woman and child to re-instate and to re-activate in perfection that 3-fold flame within each being, the flame of divine love, divine will, and divine wisdom that these, through the mighty I AM of each person, shall take complete hold of each being, shall permeate each being and guide each being, that all may recognize their divinity, their wholeness, the harmony of their true being, their perfection, and that all may feel and experience all the love and the oneness. And as the emotional healing takes place through all time, space and dimension, it cleanses the akashic records of this planet, all the akashic records of each being, purifies them so that they are held in neutralty
  • The records are still able be accessed; all of the information of the history of each being is able to be accessed, individiually and collectively, yet the energetic patterns that surrounded them, held them in place are cleansed and held in the neutrality of All, in the neutrality of the heart and mind of god, so that the negative effects of these records no longer have control, no longer have a hold on any individual or the collective. This is our heart's wish and we do this healing now.
  • And we call forth for you, as representatives of humanity, to let it be so, so we ask you to say "Let it be so" and simultaneously, Beloveds, all spiritual wounding is being addressed as well, and the Galactic Federation works upon the etheric level as well, as waves and waves of love come from Amaya, the Galactic Mother, and again all aspects of Divine Mother that permeate all galactic wounding held within anyone's multidimensional being or within the collective now.
  • Again, these frequencies permeate much deeper than can be imagined or felt, and yet you may feel them very deeply, and you may experience "Ahas" and new awarenesses that come with this galactic healing, and this spiritual healing addresses the entire game of separation, for

every man, woman and child has agreed on a soul level to give up this game, and this is what we are in the process of, and so we work with each precious soul being now, with each person's spiritual bodies and multi-dimenisonality, as even greater and greater ascension waves and waves of love permeate each being, bringing all to the perfection of the Creator Source.

- For the first Law of Source, of Creation, is that Law of Perfection and, with these frequencies, all come into divine order now, and every aspect, every fragment of soul comes into the wholeness, comes in to the unity; we call back all soul fragments from any time, space and dimension to return to their rightful owner, cleansed and purfied, that each soul may hold only that of its own soul's signature, and that each soul returns to the rightful owner that which is not of their soul's signature.
  - Know that all is being worked with and being cleansed and purified, sanctified, loved into the wholeness, Beloveds, as frequencies are sent to every man, woman and child to embrace their wholeness and embrace their multi-dimensionality, to embrace their own soul extensions in the one heart.
  - And waves and waves of forgiveness and mercy and companssion are filling this planet and filling each being that they might forgive themselves and all others, that they may forgive anything that has been miscreated through any time, space, and dimension by themselves or by any others that has affected them, that has affected the collective consciousness.

- These waves and waves of frequencies from both Mother and Father god surround you now, healing both the wounded masculine and feminine on the planetary level, on the I Am level, on the galactic level, on the universal level and multi-universal level and infinitelyy, Beloveds, as waves and waves of frequencies to eliminate, all concepts, all beliefs, all emotions based on separation – see them dissolved now, Beloveds, as all comes into Unity, all comes into wholeness, and communion with Source is experienced.
  - Know that these frequencies gifted today affect every fibre of your being; they affect all 12 strands of DNA, as they affect you mutli-dimensionally, all bodies, all energy bodies, all light bodies, for as this is permeated through you, it is also permeated through all creation, Beloveds, as all moves further along into unity consciousness, all life moves along through their higher evolution, through their ascension in the light for there are much ascension frequencies coming to you in the days ahead, and the ascension frequences that you are receiving today - all the frequencies and the 3 flames - are to be increased in the hours and the days ahead,

- It is a glorious time, Beloveds, a glorious time of purification and magnification, a glorious time of of unity consciousness and love for all life, and we embrace you in this love. For all creation is affected by what we have done here today, done through the anchoring through your physical bodies as well as all aspects of beingness.
  - And, as the frequencies are lifted in the days ahead, seeming miracles shall take place, including the transformation of the physical form. We enlist you to continue this and to work with this, especially through your open hearts, through the love permeating your own beings, to the love that you transmit to others, as we work with you to be greater receivers and transmitters, as we work with all life, all humanity but especially with the divine light workers to expand their mastery, to live in the totality of their mighty I AM, taking on more and more of their god presence, goddess presence, for the I Am is not the fullness of your being; you extend beyond as a part of All That is, as a part of Soucre, one with the Mahatma frequencies that flood this planet now; just see, sense and feel all life permeated with the beautiful rainbow frequencies of the Mahatma as all are embraced by Source.

- As we call all life to remember itself as Source, nothing more and nothing less, that all come into the remembrance of All That Is and, held in that Oneness, become the pure love, the pure light, the pure beauty, the pure joy that they are.

• Continue to feel the embrace that I offer you, and that all of the mothers offer you. That love goes beyond description; it is infinite, eternal, and beyond comprehension, and you are held in that love, and you are that love! And all is blessed.

• We bring in a chorus of angels to sing "Hallelujah" and we thank each of you and thank beloved Ashanya and thank all life for receiving this here today. I am complete.

MOTHER SEKHMET

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

Greetings, Children of Ra!

• It is the time for the lion to lie down with the Lamb; it is these moments we are experiencing that are a catalyst for all that is unlike love to come up and be healed now. It is the most critical, crucial moment in our story. All the timelines have been merged into one, and this one timeline is about frequencies of love pouring in and it changes everything. Oour wayward children know this and let them experience – even though they may have cut out the 12th strand of DNA, little do they know that it is growing back! You cannot cut 12 strands of DNA out of the matrix: it has a way of coming back

T: it must be annoying

• they are on fire, and they can do nothing except allow: you've got this religion on this planet - what your friend Bill calls religiousity. She would just say what is in here is the Holy Spirit and it is - you walk with the Buddha at this time; he is here with all of us – along with the Green Tara, Gautaum Buddha, Sanat Kumara and Sananda Kumara [who] have merged their energies at this time/ WESAK Valley time.

T: we have just spent an hour listening the idea that we are all I AM THAT I AM; there is not part of our beings . . .

• we cannot change the course; you will be assimilated by love; it is inevitable and it is the destiny of this planet; the solar system which is becoming a star, and it's a "big f**king deal"as Joe Biden says because we are becoming stars along with it . . .

T: Rainbird pointed out that at the W H C Dinner, Obama basically endorsed Bernie over Hillary as he was kidding around – a big F**king deal too! Sanders actually has the aspect of the Venusians in him; he is always saying it is not about him – no personality things going on with him.
T knows that Michelle, Oprah, Elizabeth and Bernie spent some weekends in Costa Rica, plotting how things will work out. The play of what is happening in Baltimore; the guidance of what we have to do with it; it is like having the 4 men talking about how we are going to carry on the evolutionary step of the revolution

• It is revolution – evolutuion; as we take on the mantle of what the Master said about the least among us and take on caring rying for those who cannot care for themselves which is about 90% of the middle class; and 1/10ths or - 1/16th or 1/32nd of the 1% are so filty rich: send all of it the infinti wisdom of the violet flame

T: doesn't NO mean NO now? The millenials are so far ahead in so man y me ways, yet the wisdom of the elders as we are now – the heros and the prophets have to do it together

• The rainbow crystal children who are here have no judgment; they just do it with the wisdom of quick silver

• you think you can put time in a bottle? Just take a moment to really BE HERE; she means REALLY BE HERE WITH the in breath and the out breath and observe the silence and the energies going on; as we watch the seconds going on with the breath - in between those seconds, we are moving at such a lightening speed, time is not what we make of it:
• we may not understand – all time is NOW; we are watching the end times of the Kali Yuga: we are in Sat Yuga! LET'S DANCE!!

Greetings in the light of the Most Radiant One! Kadoish! Kadoish! Kadoish!

T: all kinds of new windows opening as we speak: we are comphrehending the real meaning of "we are the ones we've been waiting for"

R: He was on Tyco Base on the moon: a crater there. He was watching the energies in that crater; believes he saw a form of bacteria that actually eats moon rocks – doens't know why he is talking about this - just what he saw!

In this Keiser Report, Max Keiser and Stacy Herbert discuss cartels and trust-busting in these days of algorithms engaged in *'horizontal collusion'* and *'conscious parallelism.'* They look at the health care industry that is exempt from the Sherman Antitrust Act and what future it portends in a day of big data monopolies, oligopolies and cartels. In the second half, Max interviews activist and author, David DeGraw, about Russell Brand's Revolution, the Occupy movement and about his new book, *"Freedom in a time of mental slavery."*
