

MISSOULA URBAN DEMONSTRATION PROJECT

Missoula Urban Demonstration Project began as the 'Down Home Project' in 1980. MUD has been working with Missoulians for nearly 30 years, providing tools, workshops and ideas for self-reliant, yet community-oriented lifestyles. MUD's membership includes Missoulians from all walks of life. Membership is affordable and available on an income-based sliding scale. MUD is located on Missoula's Northside, where it demonstrates gardening, home renovation, alternative energy and recycling practices, resource sharing and much more.

PROGRAMS

1. MUD Membership
2. Sustainable Living Demonstration Site
3. Tool Library
4. Truck Share
5. Workshop Series
6. Coffee to Compost
7. Missoula Green Map

MEMBERSHIP

MEMBERSHIP FEES
\$15/Student - for individuals only
\$20/Individual/Family - based on income level
\$40/Individual/Family - based on income level

Membership benefits include the opportunity to join our Truck Share and check out Tool Library tools, although some tools require small rental fees. Additional benefits include 50% discount on MUD workshops, discounted tickets to MUD events, and 10% discounts at several local businesses.

DEMONSTRATION SITE

**629 Phillips Street
Missoula, MT 59802**

Office: 721-7513

Tool Library: 549 - 6790

Email: info@mudproject.org

Website: www.mudproject.org

HOURS: M-F 8:30 am - 1:30 pm

Closed weekends except for Tool Library hours and workshops.

TOOL LIBRARY HOURS:

M & Th. 4-7 pm, Sat. 10 am – 1 pm

At MUD's Demonstration Site, visitors can see examples of "green" building construction, organic gardening, composting, native plant landscaping, use of salvaged materials, solar panel installations, wheelchair accessible gardens, greywater recycling system and more.

TOOL LIBRARY

MUD's Tool Library lends tools and offers hands-on workshops in home, garden and auto maintenance. We have all types of tools—power tools, hand tools, a woodworking shop, an apple press, a rototiller, an 8-horse power chipper shredder—you name it! Help us keep tools available by treating them well and returning them on time!

Lawnmower-\$3

Gas Powered

Weedwhacker-\$3

Air Compressor-\$5

Tiller-\$5

Little Chipper-\$5

Big Chipper-\$10

Apple Press -\$5/-10

LATE FEES

Power Tools-\$1

Hand Tools-\$.50

TRUCK SHARE

MUD's Truck Share provides the Missoula community with a unique transportation alternative. Use your bike, feet, and small vehicles for regular travel in the city. Use our Toyota and Nissan trucks when you occasionally need a larger vehicle. MUD membership is required. Application is required, as our insurance policy must cover all drivers.

COSTS

\$5 non-refundable application fee.

\$5/hour & \$0.45/mile - usage fees. If you fill up the truck, you subtract the amount from your total bill. You must present receipts to deduct gas from bill.

RESERVE A TRUCK

You must call the office (721-7513) and speak to a person to confirm your reservation. Emails, voicemails, and Facebook messages do not ensure your reservation.

WORKSHOP SERIES

'Get Dirty Missoula!' is MUD's affordable and informative workshops series. These workshops aim to teach you basic "backyard self-reliance" so you can live lighter on the land and lighter on your budget. Workshops include beer brewing, cheese making, small engine repair, basic auto mechanics, alternative energy and building technologies, gardening and more!

COST: \$10 for members and \$20 for non-members. Thanks to our fantastic workshop instructors who volunteer their time and knowledge, all proceeds directly benefit MUD and pay for workshop materials!!

SCHOLARSHIPS: 2 scholarships per workshop are available for those without the ability to pay the fee. Contact MUD office for details at 721-7513.

THANKS to our volunteers and workshop instructors!
Their time and effort makes this series possible!

COFFEE TO COMPOST

Coffee2Compost

GROWING FLOWERS & FOOD FROM MISSOULA'S COFFEE!

Email: coffee2compost@mudproject.org

A significant portion of landfill waste consists of food scraps. This is essentially putting our future topsoil in the landfill.

Since 1995, **MUD's Coffee2Compost program** has worked with a number of Missoula businesses, diverting tons of coffee grounds, coffee filters, and eggshells from Missoula's solid waste stream. Our volunteer coffee bikers pick up coffee grounds from sponsoring local cafes, bakeries, and other businesses, and transport them to the community gardens. Since the grounds' acidity is largely removed during the brewing process, coffee grounds are an excellent nitrogen source, and help produce rich compost. This "waste" is then used to grow fruits and vegetables at the Northside and River Road community gardens.

Revenue from the program supports MUD's Tool Library, Truck Share, 'Get Dirty Missoula!' workshop series, and Sustainable Living Demonstration Site.

VOLUNTEER OR SPONSOR

If you are interested in becoming a Coffee-to-Compost sponsor or volunteer please contact us at 721-7513 or coffee2compost@mudproject.org.

MISSOULA GREEN MAP

A guide to places and resources that make Missoula a more sustainable community

Are you finding it a struggle to live sustainably? Maybe you need a SUPER GUIDE to all the sustainable resources and places that Missoula offers! The Missoula Green Map was created by MUD with the help of many volunteers and sponsorship by Portico Real Estate.
