Introductory Items

To listen to the entire program: Please use the following audio link

Guest: Omena [O]

MR: have had 80*, and tomorrow the coldest day since May and will have frost

- has checked with the woolly worms – if they are black, it will be cold; if the middle of them is brown, will be warm – the worms are usually more accurate than the weatherman consistently saying we will be having
- On US Thanksgiving day, they break open a persimmon seed; If there is a knife inside, it means a – cutting winter fork – an open winter, slushy and so on spoon – a lot of snow

Sonya: last week about healing and about how crystals and pyramids work with the body Her friend has a doctorate in naturopathy

Carolyn Oceana Ryan [COR]: has Omena been feeling big energy shifts?

O: she thought she was through all the shifts; got hit with a big one this week – napped when she needed to map; could feel the energy moving through her body- shifting things around: her brain, her joints, everything -

COR: feeling the same thing – on a cellular level, it's really powerful – has gone back to bed a couple of times this week & really slept

- **TC** said some things today: have we come to the 3rd ascension wave yet? TC does not do time – they just say keep an eye on your own world - we need to tap into our own intuitive realizations

O: she was wondering what she would be doing next? Feeling that something bigger is coming – to go after it, is too exhausting.

- Asking COR: had 2 days of vertigo – was it part of the shift? Went to the chiropractor and that helped

COR: her team is saying she is in symbiotic relationship with the earth & earth is going through tremendous changes especially on the east coast

- she took it on, but she can put a bubble of light around herself so when she is going through the sympathetic changes with the earth, she won't collapse!!! will ask TC to send her energies to help
- her cells are in over load – she is taking on so much light!

MR: experiencing similar kinds of things

O: won't help if we go into natural combustion and disappear!

Sonja's friend: he puts lots of joy in his auric field – since adding that, doesn't feel so much of the emotion and turmoil and the intensity of the incoming energy he can handle

O: that will be her intention: to fill up her life with joy! Just validates with what a lot of us are going through and that we are not going nutty!

COR: there are lots of people with ailments at the moment; not serious really – a shadow aspect of self that is releasing from the new body – just say “I release you with love” – we are not losing things - they say “we've never lost a mother yet!” [joke]

Sonja:

Sonja's friend: we are crystalline energy

- a pyramid is half a carbon atom – the crystals work with us by resonating and responding to the atom base we are made of; when we call on crystals, we call on the innate intelligence we are made of with is the

HARD NEWS

T: need \$465 for the radio; need some \$ for a bill and some necessities

R: This week: the energies that are so wild – days when he is both in and out of his body at the same time: dealing with the vertigo

- can see the energies as the sun goes through its changes
- the sun will **not be exploding**; there will be **no days of darkness**
- There are things going on between Jupiter and Venus and rest of the solar system
 - today, 2 more moons discovered around Uranus
 - Soon will be talking about the planets BEYOND Pluto! Vulcan, Persephone – ties in with Ceres that has lights there
- we are being contacted in so many different ways to lift ourselves out of the state of the matrix and have had a dose & a ½ of that in the last 24 hours
- Considering the earth based news is all BS – nothing truthful going on
 - except that **Julian Assange is alive and well**, and still in London – just can't use the internet since last Monday [Oct 17th] BUT HE HAS A TEAM WHO HAVE ALL THE INFO AND THEY CANNOT BE FOUND! So Wikileaks will continue publishing
 - THERE ARE SO MANY DOSSIERS ON THE 13 FAMILIES that, in 24 hours or less, should anything happen to J Assange, the entire surface of the planet changes with the discussion of how folks interact with each other; for that reason, they will never take him out! There is so much info on those ones that we have to start over with a Wise Council of Elders who are already here
- No, the **British have not arrested J A** – that would be an act of war to invade the Equadorian Embassy and the galactics would not let it happen
- the only source of news telling the truth is RT and even they have to watch
 - The London accounts of RT were shut down but that will not deter them.
 - the RT crew was under fire from rebel held groups in eastern Aleppo which is US black ops
 - **ALL the different factions** in Syria are all backed by US, including ISIL;
 - Saudi Arabia is fronting the money that is given to them by the US & the arms being sent them - this has been going on for a long time as they want to start WW 3 through Syria and the plan [for war] has been in place for years.
- we need to open our hearts more! The official NASA report is energies being described as going to cause hydrogen gas to hit the sun and cause an explosion on the surface of the sun – what is really happening is the following:
Larry, Curly and Tom – Mother is sending increased energies, and the energies are moving to the 100th dimension which is the physical sun itself and earth is being lifted up by these energies, as are all of us
 - the energy is coming through the Galactc Centre which is the Hunab Ku
 - Asks Rainbird for a description of this

The 4 Pleiadian ladies offically going to the Santa Fe College

- the energies are very, very intense; lay low; stay out of the fray - all is looking up

R: as you drive across this country, there is a dramatic increase in the police presence – Orange Hitler put out the word that he may not accept the results of the fake election - would contest the election by suing

- Lots of folks in sovereign militia groups that what to create civil war
 - “patriots” that hate Obama, believe in the general currency reset and that Gen Dunford and Paul Ryan are the “real” leaders. They want to create civil war and if this is the outcome, they will be met with the Forces of Light and forced to stand down. No alternative.

- Every moment of every day, Kerry is exposed as answering to Hillary, and Hillary answers to Kissenger; Henry is in the audience of the Al Smith dinner coming up

- **Michelle** – talking about the sexual predator with 15 women testifying: why are we listening to this man talk and being broadcast, boasting about the violation of the goddess?
 - Mother will take care of Trump as he violated the goddess on all levels.

T: Eva Bartlett from Gaza – comes on RT and reports the truth from Syria: KEEP HER IN THE CIRCLE OF SUPPORT AS SHE TELLS THE TRUTH which no one wants out!

- Mike Papantonio to have his own show on RT: so much on the pharmaceutical industry, on Monsanto, on Bayer – all will get the death penalty – the alphabet agencies – close to seeing all these rounded up!

Rama talked to Soltec and Monca:

- First he went to the ski valley; the operators of the ski lift who took him up 10,500 '
 - took his crystal grid, copper wire, cell phone, made a hook-up; S and M showed up on his phone!
- They want Rama to know that the European Space Agency attempted to land a droid probe on Mars, although communications shut down to earth before any confirmation of a successful landing. Galactic personnel from Phoenix Rising [Soltec's star ship] are re-programming the droid probe to send back data, pictures, info, to the ESA which tells the whole truth about what is going on in space; it is also being upgraded in its intelligence so it can override any attempt to conceal changes, re-programming or anything like that.
- The true info will get out to the people via galactic ground crew posing as ordinary earth people who have already connected all the way into the global media comm stations and have arrangements that, as the signals are given, the true message will reach all major media stations world wide.
- The true story is that news agencies & governments world wide are only giving out propaganda
- Mars' atmosphere is blue, like our sky – red filters are used on the cameras; it is breathable, people don't need a space suit; has a lighter atmosphere; as we go with the galactics, they'll help us adjust our bodies to that atmosphere
- For 65 Million years, ancient beings have been on Mars: they are the Great Divine Watchers, Mother's people, here to help earth become the 33rd planet to ascend fully and to assist all beings as well as Mother Earth to ascend with Mother Earth which means to receive the ascension frequencies that will transform all our physical, emotional, mental, spiritual and cosmic light bodies to the immortal state and consciousness, without death, and allow us pristine health, wealth and wisdom – it is happening already.
- as we continue to open our hearts, this similitude of transformation is available for all of us to tap into.
- all is going on simultaneously;
- in closing – and keep focussed on the sun's energies – we have the power to bring that energy into full balance with all of the beings on the planet.

GUEST: OMENA

- talks about the importance of intention for healing – the intention of the person asking for healing, and of the healer.
- challenging for all: as we can go to the source for healing – the heart – and get there before going into the healing process: she asks the one requesting for their intention, which she takes to her heart, the universal heart
- When doing long distance healing, she invites them into her healing room in her mind; if they don't come in, they don't want the healing – their Higher Self will come in. A lot of trust is involved.
- intention, clarity are the most important things – if people want to be true healers & powerful, have to give up their ego-based thoughts and go to the spiritual core and allowing the healing to come out.
- Healing is not curing: if the intention is to be cured, that's a different conversation – have to look at what is blocking the person – a person who has created the issue leading to the condition can also un-create it.
- Healer has to give out healing and give out love unconditionally – that is the source of the real power - it's an energy flow – sometimes people ask for healing but cannot receive
 - people need to open up to receive as much as is sent to them: the energy stuck in the body will create a problem: the energy needs to flow back and forth in the figure 8 is infinite and cleans out lots of the garbage - many people cannot receive and so the energy does not flow.
- If we feel someone needs healing, must ask permission at a Higher level: can we do a healing on them? ALWAYS ASK FOR PERMISSION. Even if they are not there, you can ask what their intentions are. You'll get the answers when you come from that quiet powerful place.

COR: something that she feels intuitively when she does a channeling - people are sub-consciously holding on to the problem – how do you deal with this? The intention of the the conscious mind is saying one thing; the sub-conscious is quite different.

O: the question might be “Show me any blocks that person has.”

- Can also do a healing tune-up/ wellness healing which doesn't move what they don't want to move.
- The healer also has to be very conscious /aware too – don't want to disturb the sub-conscious part of another if they are not ready to deal with things. As the healers work on themselves, they know what people will want to hang on to.
- Have to respect the person you are dealing with – always ask permission to heal

COR: if not able to speak directly to the person: TC contacts that other person's Higher Self –

- most of the time, the HS of the person is open to a healing

O: lets that person know she has to have permission to talk to the 3rd party

- If go to the heart, are going to the power of One – can't go wrong with the higher good or the Power of One
- as a therapist, don't be invested in fixing the person – more powerful to work with the higher good/Power of One

COR: working from the heart mind which only wants the highest good

- O:** the person conducting the healing has a bigger challenge in keeping their ego out of the story
– lots of people want validation that they are doing good: whatever they give out from the heart, will come back triple at some time.
- giving from the heart means no expectations about being validated; you are going Whole
- there is no doubt, total trust – can't go wrong with this

MR: don't be attached to the outcome

O: lots want validation that they did a good job – as they come from the heart, that is already there – don't have to ask

COR: Hasn't met many who are detached; has met some who are totally detached from what they do – like Zen masters!

MR: 888 429 -5471 to call in

O: if someone asks what her intentions are, she says to do the healing work because she can and can give the gift unconditionally

- the intention is to send out pure healing, loving energy for anyone open to receiving it – can do this on a global level to those who are suffering or not suffering
- Imagine how powerful we are when we work in a group with a pure intention to do pure healing.

MR: if people do a session with O, she can guide them through this. If people are working on things on their own, what suggestions can she give?

O: If a person has a hard time concentrating or doing a meditation, just lie down in a quiet place

- wash your hands, rub hands together, put them on the chest; feel the energy rising up – will feel the heat of your hands – it relaxes you
- same for wherever there is a pain in the body: rub hands together, wrap hands around the place that hurts
- to balance the energy on your head - do the same thing;
- to remove a headache, rub your hands together, drop your head into one of your hands, put the other hand on the other side of your head, and imagine the headache disappearing – this activates the healer within; also upgrades the immune system brings things down and slow so the body can relax and
- to sleep better, do the same thing - the more we can bring down our respiration rate and blood pressure we can sleep.

- **This is about activating the healer within: we all have healing power** – just fake it if you don't think so – if you can get the ego on a barge and get it out of the way, that helps
- WE ALL CAN HEAL OURSELVES.

• the ego of the soul and the ego of personality:

- ego of the personality: envy, gratification, obsession
- ego of the soul: encouragement, gratitude, observance

• if obsessing – let me observe what is going on or with another person

• Gratitude – whatever it is you see, be grateful – the moon, the stars, whatever it is

• encourage – whoever we can with a smile, a compliment – whatever it is – this changes your vibrations

- babies change our vibrations, our bodies too, chemistry in our bodies – they smile
- always grateful if she can talk to the baby – asks permission from the mother

COR: everything going on around babies

MR: people are always looking for unconditional love: if they can't get it from people, get it from their animals – they may not be aware of it

- a question about addictive behaviour: how do they go about doing the healing on their own?

O: usually, addictive patterns are about lack of love in whatever form that addiction takes

- unconditional love has to begin with the self: what you love about yourself, what you don't like about yourself, looking at and ACCEPTING IT wherever you are
- if you don't like it, start with one thing at a time:
 - this is training the brain - name it, claim it, own it, heal it, let it go
- Everyone has some kind of addiction of some form and have to forgive self for that
- About loving yourself unconditionally – need to be open to having someone else helping us – back to the Power of One because we cannot do it alone
 - Even god cannot do it alone: he/she has all of us!!!
 - It's about knowing, acknowledging, accepting – if we just accept ourselves lovingly – we'd have no fears. Wouldn't care what anyone thinks - he person crossing our path we'd accept unconditionally, too

MR: many are hesitant to reveal they have a problem – don't want world to know what is going on, whatever it is

O: usually when they want to keep it a secret or whatever – usually shame based: ashamed of -

- train the brain to name it, claim it, own it, heal it, let it go - heal the shame first before moving on to next step

MR: can they do it alone?

O: depends on the level of operation people are at in their emotional or mental bodies

- Lot of people don't realize they are shame based – write it down and read it this takes the power out of it - or they think they are helpless

addiction comes from lack of love, helplessness, powerlessness over whatever the addictive behaviour is – if it does not bother them, they are not ready to change

- If we live with someone with those kind of tendencies, and it's driving you nuts – have to change your self – it's about conversation with self; it's back to healing the heart, the shame of all that is in there. People can ask – shame is a huge big block – the biggest she has come across
 - the shame: there is anger and vulnerability and hopelessness under the shame

MR: when you look at the chakra and the body's energy system is shut down which makes people lethargic, shut down – people are feeling shame

O: or being over-whelmed. They haven't hit the bottom as they have insulated & isolate themselves in some kind of cocoon until something happens to get their attention.

- Which comes back to intention: why do they want the healing? They have to be clear about why they want it – don't always have to tell the healer
- The healing won't cure the cancer, for example - cancer is an auto-immune disease; any auto-immune disease is dying to know who loves them – that is the spiritual perspective – there is a great deal of lack of self-love
- Sometimes a soul has cancer to understand what is involved, but usually the energy gets stuck in the body not flowing freely because negative energy is very heavy; love energy is very light and we needs lots of light to heal – the basis needs to be love, not fear.

Call In #: 888-429-5471

Cmdr Randy: cannot help anyone who does not want to help themselves first; no matter the severity of the dis-ease they have, it goes back to the very core, the core of the heart.

- Something happened to the person that hurt the heart, and they encapsulated it and they store it in an area of the body, they get angry with themselves and with the world
- he says there is no such thing as AIDS, Cancer is nothing more than a negativity that you trapped inside your body. When you want to help yourself first, the universe will provide all you need.

O: That is true: the dis-ease and blocked energy comes from an absolute decision that was made sub-consciously at a very early age – like toddlers, teenagers – O has the ability to help people find this past decision - amazing when a person is given a time and a place, they

can bring it up & speak about it

- And then they have to have enough self-love that they won't get sick & enough faith that they will be whole
- difficult to be in a human body and be in optimum health all the time

C Randy: when the soul has made the decision to leave this plane, all we can do is help them in their transition

O: True: they are ready to go as the inner decision has been made - and nothing makes you go if you're not ready either

COR: an illness can come up because it is a very old problem that reaches back into past lives and is just coming forward now to work it through and dissolve it

O: the disease carried from one life time to another that she has come across the most

- the hindus believe in cremation; when a body is cremated, it wipes out most of the soul's history – the fire purifies
- but most people in her experience who bring a condition from another life time usually has to do with the lungs, the source of life – if you can't breathe, you can't live.

MR: if a soul chooses to be cremated in this life time, do they lose the memories?

O: they have the memories without the pain – things that no longer serves her higher good

- she has done with counselling with souls on the other side – soul therapy & she still does it

MR: How does that work?

O: Very well! If someone wants her to bring in someone and they are standing with O, and the caller wants to know about their wellbeing; as they talk, the trauma comes in

- then she counsels the soul on the other side about what they have to do on the other side to move on – and they do it

T: Do you get a sign? Does the person on the other side get a sign?

O: all get signs: the person on the other side of the wall gives a sign to the person who first made the call to Omena

- If the offender comes in and wants healing, she does soul therapy with them so they can access the school they need to go to on the other side; they have to be to receiving so they don't just sit there, not knowing what to do;
- O has a knowing – she provides the knowledge and the guidance - she has coached someone out of the flesh – just like dealing with someone in the flesh!

T: do they respond to sound?

O: she only sees them; she totally trusts it – and she smells them, feels them,

COR: clair sentience, clair audience

O: not so difficult when someone says they like cherries, as she too likes cherries. Or if they smoke a pipe around her, she smells it – or blueberry muffins!!

- she does not question – just trusts!

MR: what O has just said is so important for people to realize : if they get a feeling, a knowing of whatever, if they learned to trust this themselves, they would have a deeper experience

O: she was in Boston to see her neice and spend time with her son; she was wearing purple jeans; young man walked up to her and said he loved her purple jeans – asked him his name then told him to get over his fear of failure; you're very creative; just go do it!

- He said that takes courage; she said you have lots of it – you came up and said you liked my purple jeans
- those little encounters – just trust it – it could have totally removed a block for him
- there are opportunities to heal all the time! just getting his name helped her focus – he was so excited about the purple pants and she thought that Spirit must be working in a very strange way – they had a neat encounter!

Randy: when some people are cremated, their ashes are pure white; others pure gray

O: has **nothing to do with the purity of the soul**; depends on where you grow up and what

you eat; density of bones, etc

T: we are not really our bodies

O: exactly; the body is an amazing piece of machinery: colour of ashes depends on where we grew up, what we ate and all kinds of thing

MR: also dependent on the heat etc – not all created equal

O: all cremations have to be at a certain temperature as body is reduced to ashes

Randy: depends on the difference between being cremated in the air, or in a furnace

COR: has never understood why bodies are put in the earth; cremation has to do with purification

O: may have to do with cold climates – didn't waste fuel burning a body when you needed to keep warm!

MR: about the belief of Christ coming and raising the dead – cremation removes that chance

O: that is man's interpretation of what the message meant; he was talking about raising the soul, not the body – brings up horror movies

- dust to dust, ashes to ashes doesn't give the body enough to run around in

T: doesn't the Catholic church say you have to do it in certain way?

O: Cath church has changed mind about lots of things; used to be a suicide could not be buried in the church yard / consecrated ground

- burying someone in the ground is a very old, old, old ritual
- same as in India and other parts of Asia, fire/cremation is the way; no longer burn wives with the dead husband
- doing it in an incinerator – use a different kind of chemical
- Yes, the fire does purify – important.
- Intentions are the most important: what comes true is what we think about

T: good intentions can pave your way to hell

O: then there was no clarity in the intention!

MR: what is the definition of "good" in that statement?

T: Joan of Arc was burned at the stake – but she didn't burn

O: definitely higher intervention

- If you go into a bakery, you have a clear intention; what the outcome is maybe not for your highest good! She loves carrot cake but it is not for her highest good if she has carrot cake every day – about being very clear about the intentions
- in healing – can't go wrong with asking, pursuing the higher good

- People call her marietarobert because her husband, Robert, passed; asked to blend his soul with hers. Her last name is Pickett
- Omena saw MR with 2 rays, now knows why.
- O always checks with the other person before she talks about them even if they are on the other side

O: does not want to create more karma!

T: she always connects with Robert when she talks to Marietta: he's always right there!

MR: tells of a lady receiving healing after a hip replacement; she felt the presence of Robert and it was Robert who stayed for a long time when the lady was in the healing process

T: shortly after Penny's Len made his transition, T was calling someone in CA – and got one of Penny's long time friends in Alberta, and that person knew Tara's long time friend from BC too! Something was up in the zoo!

INFORMATION RELATED TO THE NOTES

2016-10-17 These Damning Revelations from WikiLeaks' October Surprise Explain Why Assange Was Just Silenced

By [Claire Bernish](#)

WikiLeaks continues dropping bombshell revelations in its coordinated October Surprise of documents and emails hacked from Hillary Clinton campaign chair John Podesta — so many, in fact, it has been difficult to keep up. Damning best describes information released so far — damning not only for Clinton, but countless top U.S. politicians, officials, the FBI, the State Department, President Obama, corporate media, Big Banks, and nearly innumerable others.

For all intents and purposes, the sheer volume of damaging information should, theoretically, lay waste to Clinton's bid for the presidency — if not land her behind bars.

Nonetheless, the same corporate media — proven in the leak to have colluded with the Clinton camp to have actively crafted the narrative about her personal email server, among other things — has dismissed the significance of the leak, and CNN even hubristically and falsely scolded actual journalists with integrity for their ['illegal'](#) perusal of the cache.

And overnight, in an albeit unverified act of possible reprisal for the October Surprise, WikiLeaks [tweeted](#) that **"Julian Assange's internet link has been intentionally severed by a state party. We have activated the appropriate contingency plans."**

This, after [previous](#) cryptic [tweets](#) appearing to hold [keys](#) to files on U.S. Secretary of State John Kerry, Ecuador, and the U.K.'s Foreign & Commonwealth Office drew widespread and unfounded speculation about Assange's assassination — under the assumption his 'dead man's key' had been tripped.

Alternate theories to the intimation an unknown agent of an unknown state continue to run the [gamut](#) from the outright humorous to subtly tongue-in-cheek — including an account claiming to be Verizon Wireless Support offering its services, which drew the [response](#), "If this is Verizon Support, I am Neptune of the Oceans."

But the bizarre events didn't end there. Donald Trump's controversial and prominent advisor Roger Stone also took to Twitter with the [accusation](#), "John Kerry has threatened the Ecuadorian President with 'grave consequences for Ecuador' if Assange is not silenced," [followed](#) by, "Reports the Brits storm the Ecuadorian Embassy tonight while Kerry demands the UK revoke their diplomatic status so Assange can be seized."

WikiLeaks and its intrepid founder no doubt constitute one of the U.S. government's most despised 'enemies number one,' with the enormity of disclosures leaked over its ten-year history lending credence to the accusation a state actor would indeed cut off one of Assange's paltry remaining means of outside communication from inside his haven-turned-prison inside the

Ecuadorian Embassy. Following are a mere sampling from the Podesta leaks thus far — any one of which evidences why there likely is a state target sight trained on Assange's forehead.

In fact, Hillary Clinton once flippantly joked about assassinating Assange in a drone strike as revealed in a recent document — and though she has since employed the most notorious of government cop-outs, 'I don't remember saying that,' further evidence disputes the remark constituting a humorous quip.

"Can't we just drone this guy?" Clinton asked during a meeting in 2010, according to an anonymous source inside the State Department.

However, following that meeting, as *The Free Thought Project* [reported](#), "Clinton aide Anne-Marie Slaughter emailed Clinton and aides Cheryl Mills, Huma Abedin, and Jake Sullivan with the subject 'RE an SP memo on possible legal and nonlegal strategies re Wikileaks.'" *True Pundit* [reported](#) that email's attachment — potentially fleshing out said strategies — has not been found by any of the various agencies investigating Clinton's emails.

In what it [deemed](#) "the holy grail of U.S. journalism," WikiLeaks unleashed the full transcripts of three paid speeches Clinton gave to Goldman Sachs in 2013, attached to an email dated January 23, 2016, sent by top aide Tony Carrk — who marked certain "problematic" excerpts in the event those texts ever surfaced publicly.

So problematic, in fact, Carrk prefaces the [email](#): "Attached are the flags from HRC's paid speeches we have from HWA. I put some highlights below. There is a lot of policy positions that **we should give an extra scrub** with Policy." In one of the many speech passages, given during a Goldman Sachs conference in June 2013, Clinton heralded the need to intervene in Syria **"as covertly as possible,"** saying:

The problem for the US and the Europeans has been from the very beginning: what is it you – who is it you are going to try to arm? [...] How do intervene – my view was you intervene as covertly as is possible for Americans to intervene. We used to be much better at this than we are now. Now, you know, everybody can't help themselves. They have to go out and tell their friendly reporters and somebody else: Look what we're doing and I want credit for it, and all the rest of it.

But the retroactive scrubs of Clinton's highly paid speeches appear to have been an ongoing practice. As the *Intercept* [reported](#), in November 2015, Clinton campaign speechwriter Dan Schwerin [retro-edited](#) a [\\$260,000](#) speech she gave to Deutsche Bank in 2014, by strategically adding a passage critical of Wall Street **"precisely for the purpose of having something we could show people if ever asked what she was saying behind closed doors for two years to all those fat cats."**

Schwerin continued,

I wrote her a long riff about economic fairness and how the financial industry has lost its way. Perhaps at some point there will be value in sharing this with a reporter and getting a story written. Upside would be that when people say she's too close to Wall Street and has taken too much money from bankers, we can point to evidence that she wasn't afraid to speak truth to power.

Additional emails surrounding the contentious Big Bank speeches show insider rifts over dealing

with an obstinate Clinton family intent to make hefty profits when to do so would not have been politically prudent — such as a [speech](#) former President Bill Clinton had been set to give within days of Hillary’s formal announcement of her candidacy.

“I know this is not the answer she wants, but I feel very strongly that doing the speech is a mistake — the data are very clear on the potential consequences,” Clinton campaign strategist and manager Robby Mook [wrote](#). “It will be three days after she’s announced and on her first day in Iowa, where caucus goes [sic] have a sharply more negative view of Wall Street than the rest of the electorate. Wall Street ranks first for Iowans among a list of institutions that ‘take advantage of every day Americans’, scoring twice as high as the general election electorate.”

While the long-sought transcripts and inter-office quibbling proving Hillary’s fealty to Big Banks and Wall Street certainly prove what many surmised, in another wholly unexpected revelation, it was revealed the former secretary of state — and by extension, the U.S. government — had known for some time its ally Saudi Arabia funds and assists the terrorist organization known as the Islamic State.

Ironically discussing potential strategies for combating the group’s growing influence in the Middle East in August 2014, Clinton [stressed](#) the need to “use our diplomatic and more traditional intelligence assets to bring pressure on the **governments of Qatar and Saudi Arabia, which are providing clandestine financial and logistic support to ISIL** and other radical Sunni groups in the region.”

Apparently not a secret among State Department and other government insiders, the Saudi funding and backing of the terrorist group should — in an atmosphere less infused with corruption — brought an immediate end to billions in arms and other military equipment to the Kingdom.

Indeed an [investigation](#) by *Reuters* recently evidenced a 2015, \$1.3 billion arms sale to known human rights abuser and notoriously imprudent coalition leader Saudi Arabia caused U.S. officials to worry about being “**implicated in war crimes.**”

Each of these stunning disclosures would certainly give WikiLeaks and Julian Assange sufficient concern to consider himself a marked man — but the organization’s dedication to provide the transparency so vowed and not delivered by the Obama administration make such leaks in indispensable tool for journalists dedicated to truth, and the public so desperate to know it.

Americans Free at Last – The ties have been permanently broken

The END of 400 Years of European Meddling and Predation in America

by Anna Von Reitz

Saturday, January 30, 2016

NOTE: ONLY THIS PART OF THE DOCUMENT WRITTEN BY ANNA VON REITZ IS READ BY TARA, AS THE REST IS FACTION 2 MATERIAL: THIS PART IS FACTUAL – AND THE PURPOSE OF NESARA IS TO RIGHT THIS WRONG.

Those who have read our affidavit of probable cause, “You Know Something Is Wrong When....An American Affidavit of Probable Cause”, know that the Founders cut a deal with the British King allowing him to retain control of nineteen enumerated essential governmental services, all in the jurisdiction of the sea.

This “split” the jurisdiction owed to American states and people and created two different populations of people from the outset— the free sovereign and independent people of the United States and the British Subject inhabitants who remained to provide these services under the Constitution.

The so-called “Federal Government” was never a sovereign government. It was always an association of sovereign nation-states. And it was never our government though it was under contract to serve us. It was always a foreign government operating under the foreign jurisdiction of the sea and the equally foreign Law of the Sea.

So long as the British King remained honest and honored his obligation to us to act as our Trustee on the High Seas and Navigable Inland Waterways, the future remained safe— but almost immediately the “Troubles” began, as King George wiggled like a fish on a hook and sought to regain his position over the Americans.

Things appeared to settle down after the War of 1812, but by 1845, the then-Pope and the British King sealed a secret pact agreeing that the egalitarian American Republic was incompatible with the idea of Papal Supremacy and the Divine Right of Kings. The Secret Treaty of Verona was a grotesque, criminal, and highly secret Breach of Trust by both the British Monarch and the Holy See.

Within 15 years members of the American Bar Association loyal to the British King had elected Abraham Lincoln, a lawyer, to the Office of President of the United States — CEO of the commercial trading company deceptively called the United States (Trading Company) —not the land, not the country, not the organic states, and not the people. The actual Constitution already had provisions denying any member of the Bar any public office, so in Lincoln’s case the only “Presidency” he could occupy was as the CEO of the trading company doing business as the “United States”.

It is not a mistake that Abraham Lincoln led our country into a vicious Civil War, the results of which we are still dealing with 150 years later. The Civil War was not about ending slavery, as you can see by closely reading the 13th Amendment of the corporate “Constitution” called the “Constitution of the United States of America” adopted by the perpetrators of all this criminality, betrayal, and fraud in 1868.

Though loudly proclaiming the abolishment of slavery, the 13th Amendment of this federal corporation document (which is actually a corporate by-law) goes on to enshrine slavery as a permanent part of the newly formed federal corporation doing business as The United States of America, Incorporated's form of law. It makes criminals slaves and leaves the corporate "Congress"— an elected Board of Directors—free to define who the criminals are.

A close reading of the 14th Amendment shows that they made everyone who was a United States Citizen (Federal Citizen) a criminal by definition, a slave by definition, and a debtor, too. To this day, when these vermin bring innocent Americans into their private corporate tribunals (which are misrepresented as public courts), the charges are addressed to "persons" named after the victims. These "persons" are legal fiction entities defined as public trusts and more recently as public transmitting utilities—and they are already guilty by definition.

This is why it does no good for anyone mischaracterized as a "United States Citizen" to claim the guarantees of the actual Constitution, and why these courts do not hear any of the laws or the facts of any case and also the reason that their own court rules for judges admonish them to provide "an appearance" of Justice where there is none. All that is really going on is a determination of how much these criminals will charge you for their "service" and whether or not you will be "impounded" as cargo or held ransom as chattel backing the debts of their corporation.

This heinous crime, duplicity, Breach of Trust, enslavement, and merciless abuse of the American people has gone on for 150 years and since the 1930's things have only gotten worse. Until now.
