HARD NEWS • •

T: excited about everything being revealed

R: all the stories are leaking, coming out – where we are in the cosmic scheme of things

- he's always being told in no uncertain terms: our brothers, sisters from the stars are walking among us, and in the West Wing
- as we watch the lifeform not selected by the people but by the 13 families, global elite – the lifeforms cannot stand the love, the higher frequencies, the dimensional changing energies pouring in now: they are lashing out as a result; using their so-called office to put forward their agenda: like something out of Hell boy!: and we are not going there!
- expecting a million or more in the streets -
 - 350,000 is the number for sure - will be in the streets on Saturday
 - Anonymous talking about protests already going on
 - 350 cities **globally** are protesting and millions around the world!

T: the reason that Trump's father is not listed on the South African birth certificate, not because they don't know who he is BUT

- it was a petri dish operation and
- they plan the children before they know the mother who will bring the child through
 - he has 2 fathers: Hitler went to Antarctica and met Kahotep who was 13,000 years old since the time of Egypt, and they know how to do gene splicing - a combination of Hitler and Mussolini in one!

R: since the stories of Thule Society and Madam Blavatsky and even before – he keeps being told by Larry, Tom, Curly Mo – **today Heidi** of International Bank of Settlements said

- Expect a fiscal blood bath on Wall Street – the markets can tank after the dust settles from the inauguration because so many countries around the planet do not want the fake agenda being laid out in the US
 - Max Keiser keeps saying: Artificial Intelligence, the algorithms are running Wall Street
 - R thinks the Artificial Intelligence has more and more to do with it, even though humans must program the machines in the first place.
 - Lord Metatron knows what to do about sending the signals out and at a certain point they [AI programs] stop working for the dark and work for the light – he's already been told that

• **Larry, Curly and Mo** – talking to R about so many stories, **whistleblowers** - now Chelsea Manning has a reprieve – they figure the 5 more months into May is to keep her safe while the change goes on – R names others who should be free too!!!

T: thinks they will be released all at once after NESARA is enacted – one of the mandates

- the super hard core ones remain & get treated as if they are ill – get rehabilitation
- Brings in Dr Keshe's technologies and other galactic technologies he can't even describe

R: keeps being told: so many things coming to the light of day now, in spite of the horror story of an inauguration

- All the ancient artifacts, technologies that have been here since the time of Sumer: either Tom or Larry said we had Black Ops invading Iraq, Iran, and middle eastern countries surrounding Syria, **even before 9 11** because it was and is **about the stargates.**
 - stories that Saddam had ET visitors staying with him in his palaces: some were 23-25' tall
 - also stories of giant scorpions guarding Saddam's palaces, the size of semi trucks

- all of this is real, things we have not been told by the agencies which are not here to protect us, but protecting themselves and how to keep the biomedical-military- industrial -congressional - complex going
- all the things coming to the light of day will help people understand
 - Across the internet lately: the CIA has supposedly released 300 million documents
 - who overrode Mr Brennan? R does not know who!
 - within the documents of the documents of the stargate technologies are in those documents: more than a telepathic Program – all are real! Ties in with Stargate Atlantis, Stargate SG 1 – ties in with what has been found in Antarctica – Buzz Aldrin’s hair stood on end when he saw reptilian officers working alongside human officers
- all coming forward to help us integrate the higher, more beautiful frequencies pouring in
- He has cried oceans of tears over what is happening: has been told by Ashtar and others that **“We’ve got this one”**

MR: just arrived an email from last week’s guest: – an article called “Snowden gave an interview in Munich” - youtube link – a very new notice **[SEE BELOW]**

- Zain Rozda – R hasn’t heard of it – just arrived
2017-01-15 **Edward Snowden Interview with acTVism Munich**

T: the new dispensation is with us – just see all information coming forth!!!
(1) T was Mary Toten where she was called Princess Scota – ancient Egyptian artifacts found around the Hill of Tara
2016-01-06 **Thoth’s Storm: New Evidence for Ancient Egyptians in Ireland?**

[David Halpin](http://www.ancient-origins.net/opinion-guest-authors/thoth-s-storm-new-evidence-ancient-egyptians-ireland-005187?nopaging=1)

<http://www.ancient-origins.net/opinion-guest-authors/thoth-s-storm-new-evidence-ancient-egyptians-ireland-005187?nopaging=1>

(2) Dr Keshe has a more updated plasma unit – the new unit means you can drink the GANS in the water and drink it; the cancer and all the other debris is lifted from the body – IN 3 MINUTES!!!

(3) Rana Mu: brings up herbal red mercury – don’t say that too loudly!
Something is backing us at the moment

R: he has been told to be in nature tomorrow and focus on sending love, and not focussing on the inauguration/ the maya

T: Trump is a useful person in that he is right about the criminality of the agencies and the opponent – he promised to go against the banks, yet he has 5 Goldman Sachs people on his cabinet

- had said he would not touch social security, medicare or medicaid but that he would sign all Rayan wants him to sign off on – and Ryan wants so get rid of all of these as well as of ObamaCare

- Bernie Sanders said thousands and thousands will die if he does that

- **PEOPLE ARE NOT THEIR CONCERN.**

- Keep it high: love is all we need – people just beginning to get this!!!

MR: has he been told anything about happenings tomorrow re safety; what people need to be aware of

R: has read something – groups of people are to disrupt the celebrations by turning on water systems in major hotels etc etc

- Marianne Williamson on **Sam Seder** - no respect for women or life in general; she will not give that man any respect!

T: instead of the negative, accentuate the positive - send more light and more peace

R: Security around DC is big – has to do with the intensity of what is being played out at the higher levels – it's "The night of the long knives" - the 13 families are playing with each other, and they all lose as they come from power without love

T: there is proof that **humans – giants** – human DNA have been walking all over the planet as recently as 300 BC

2016-11-30 Giant Human Beings Existed!

<http://www.atlanteanconspiracy.com/2016/11/giant-human-beings-existed.html>

R: the stories about Paul Bunyan and other heroes: as things got shifted, moved around, with the galactic changes, the cataclysmic changes, those beings knew where to go to survive and even at this very hour: the sasquatch are saying they are our relatives – they want to help with the story!

T: all of the temples along the Nile are identically going down the Colorado River into the bottom of the Grand Canyon – and now extensively, remains are being seen. Mother has taught us that Egypt was here/in US.

- they are located on the trail going down into the canyon - the temples are down that river and with the same spacing, orientation, exact replicas – in the canyon alongside the river that goes down into the Grand Canyon
- all the temples of the Nile: Karnak,
- the temples along the river in the Grand Canyon are replicas of what is along the Nile – people are not allowed in to see

Fran[?]: who will announce NESARA?

- will be 19-20 people on TV: Amy Goodman of Democracy Now; Noam Chomsky, also galactics – will be a simulcast with Full Disclosure – St Germain, Ashtar, Sananda Kumara, & others
- Faction 3 will make sure the roundup of the ½ million plus with galactic assistance and forcefields will be arrested first –
 - this order comes from the ACIO, 38 levels above the president. Ashtar Command is member of the US military
 - there are 4 million groundcrew – born and raised in countries around the planet + 16 million galactics – altogether, 20 million in a Sovereign Militia Force stationed around the planet and craft, etc are placed strategically ; all on the ground have phasers – painless no violence
- President Obama, President Putin, President XI have a relationship to this:
 - In his Press Conference, Obama said as there is anything going against our core values, Obama will be here and he will be in the news: will deal with those things. **He is not gone from this!!!**
 - the reason that Chelsea Manning and others will not be let out until May – to keep them save until NESARA is enacted – 5 months from now is 4 months + 1 month gives plenty of time for change, and we'll have Michelle for president by then
 - THERE IS NO GESARA – NOT TRUE!!! Disinformation sites of those who want to cling to power.

BW: in conjunction with Trump taking his illegal place in office, understands that after the announcement of NESARA, 120 days later, there will be elections

- Dove said anywhere from 30 – 120 days – yet Dove is not here and **there are no dates!**
- **Faction 3 will not give dates: extremely important to remember this**

BW: will there be some kind of disclosure of who Trump really is, and not a US citizen?

- He is **not a natural** born US citizen – he was born in South Africa: but he is a citizen
 - by the law, candidates have to be a natural born citizen
- they don't know anything about whether this will be brought up
- when you think you can tell people things ahead of time, it changes the timelines because people have a right to exercise their own free will choice about how to do these things – so they won't say when.

Kenneth: will the Ashtar Command captain on earth / command crew on the ground - ???

- Rama is a good example: has not had a veil since he was born: when he was little, parents wanted him to be a lawyer or a doctor and he said he was a star ship captain
 - spiritual pursuit helps us open up our chakra system & pursue higher knowledge of the Akashic records – everyone had a 3rd eye
 - solfeggio music on the internet will help open your chakras
 - so much we can study
- as we can realize there is another article: "truth telling transfer agreement shows Hitler as the father of Israel" – she brings this up because it has to do with religion which is fake and keeps us from pursuing spiritual wisdom and to make people conform so they can be manipulated and made to conform to ideas **[SEE BELOW]**
 - as Obama has shown us, as we respect each other

In [The Transfer Agreement](#), Edwin Black's compelling award-winning story of a negotiated arrangement in 1933 between Zionist organizations and the Nazis to transfer some 50,000 Jews, and \$100 million of their assets to Jewish Palestine in exchange for stopping the worldwide Jewish-led boycott threatening to topple the Hitler regime in its first year, exposes historical truth.

This truth threatens to destabilize modern Zionism's stranglehold on the mainstream media propaganda that, in 2011, continues to suffocate U.S. Citizens and the world with "guilt" appeals and billions of US taxpayer "aid" dollars given each year to a state that neither has the best interest of the American people nor the best interests of its own indigenous populations that the Zionist so-called democracy claims to represent.

Caller: begins to repeat his question – is breaking up – it sounds like it is about knowing his galactic origins

T: it's about knowing we are spiritual beings - interested in knowing your origins can find that info anywhere across the US – people talk about what is happening to them and the galactics – it is about knowing that we are much higher beings than we suspect – teacher shows up when we ask.

MR: Richard has written in to tell all that tonight, moon square sun at 1* of Aquarius and 1* Scorpio

R: all the folks he talks to, even RaNaMu today – she works for Department of Energy –

- **focus on the highest good and the outcome of all of this, for the energies will reveal these folks and their misdeeds.**

GUEST: Omena – TOPIC is Karma

- In Buddhism and Hinduism, karma is about cause and effect. What goes around comes around, etc etc Anything we do affects everything else. Our actions have consequences and karma is an invisible power – our lives today is a reflection of our past
- for every action – physical action AND our thoughts too – when we have a negative thought, it goes into the atmosphere and joins all the others, then we have a powerful negative effect.
- we are all linked by karma and all we do comes back to us. Our words of action come back to us – need to be consciously aware that to change the world, we have to change ourselves

- The energy now is so fast: we can clean up our karma very quickly or leave it
- We cannot show somebody our mind – it's a huge piece of energy, doesn't disappear – just changes.
- If you don't like someone BLESS them – to think bad thoughts of them, or wish them ill, that creates bad karma for yourself. You'll never be happy at someone else's expense . . .
 - if it is your intention, either good or bad, you'll get different kinds of karma

- Is whatever we are doing for the highest good – that will keep us on track!

- is karma real? YES
 - just bless people on their journey and respect them – otherwise, something will come back on you – if we can see others as being on their journey, it makes things easier for us - unless we accept ourselves, we will never accept others – how do we know their story? If we judge them, we are judging ourselves.
 - forgiving others requires a certain level of maturity – if you cannot let things go, we still have that energy of anger or whatever, and we continue to attract the same kind of experience to ourselves.

- Keep thinking grateful: opens up another kind of energy and then that is attracted to us
- Reflection is also important: Love is energy – if we give love, it comes back to us – if we love ourselves, we are allowing others to love us.

- We always have a choice to respond, as opposed to reacting: hate is a reaction, not a response.

- A criticism of others comes back to us; can't be compassionate and judgmental at the same time.
- If we are not grateful, we are arrogant which means we see others as beneath or above us.
 - How a country takes care of its animals tell an awful lot about that country

- You have to come from a negative place to do harm to others; to come from a positive place will not do harm intentionally.

- Kindness costs nothing; gives people hope. Even a smile helps another person – lifts their day!

- Yes, of course there is bad karma – nothing goes away until you do something about it
goals of the Universe: ever lasting love!

yes we can change karma by changing our attitude to the highest good for others – once we change our attitude, karma automatically begins to change

we can sow really good seeds in the minds of people just by having a conversation with them – that is how powerful we are as human beings.

MR: question about xiantity and make us feel guilty for sins – is that what you're talking about?

- O:** guilt is a control mechanism: manipulating you, controlling you -
 - have to understand your relationship with that person – keep out of the emotions related and feeling bad or taking on their guilt / lack of responsibility -
- you can listen to it, or not listen to it – a choice.
 - feeling guilt is a waste of your energy
 - did you create this or is someone passing on their stuff to you – figure that out
 - then you can send them on their way with blessing or say it's not my stuff
 - what am I allowing people to do to me; what am I doing to others?
- Doesn't matter how bad you feel: you can always begin again!!!
- Have to learn to love yourself enough – no judgment on self; take full responsibility; accuse no one; you own what's yours = accept what you are –
 - if you screw up, forgive yourself and carry on and if you screw up again, forgive yourself again and carry on. It's about learning, repetition – you can train your brain to do positive thinking, not negative thinking

- MR:** brings up the creed churches have people learn and repeat: I am a poor miserable sinner – how do we get beyond that?
- Religions teach us to be less than; spirituality asks us to ask forgiveness if we made a mistake, and if you harmed someone else, ask for forgiveness – it's about separating the dogma out
 - the major religions got rich on people's guilt, threatening hell, etc etc
 - If you can't love your enemies, just bless them and let them go so you don't give up your own energy.

COR: the idea of organized religion is to separate people from their own divinity – easier to send people to war if they are separated from their higher selves -

O: was only 12 hours old and rushed to the church for baptism
organized religion is very arrogant

there are a lot of people who are into organized religion because it keeps them safe

COR: If your intention is to live love as Jeshua taught, that is great.

O: when he said turn the other cheek, he meant get out of that energy and turn away – don't get involved in that negative energy.

- Can shift your karma in the blink of an eye, yet you have to feel that!!
- O told addicts that if you want to be an addict, be the best that you can be – she didn't get after them for coming in high! She was planting seeds and eventually, they did not come in high.
- And she wasn't shaming them: she could honour them for being a full-blown addict!
- She learned so much from the people she worked with: saw the beautiful soul inside them
- She'll say "And how's that working for you?" rather than getting after them about their behaviour
- people can be addicted to anything!

Karma is a great teacher if we pay attention to it – and it could

we need 51% of karma paid back and we are done – then you cannot create any more!!!

Commander Randy: effect of karma on our pets?

- Animals belong to a soul group: if we interfere with their lives, we create karma – if we shoot anything, at some point along the line, we will be shot . . .
- Talks of a movie – John Travolta – about hunting and the hunter

MR: *the purpose of a dog* – the name of a new movie just out

T: Saw the same ad: so much love in it

O: tells the story of her friend who lost a cat – totally devastated. O told her friend that her cat was coming back – didn't know when. Then 2 weeks later, told her friend the cat was back – had an exact description and the friend went looking

- then they went to a rescue place and found the exact one!
- This cat is taking care of her – acting like her other cat! O said "She IS your cat – accept it"

C Randy: same thing happened to him – got his cat back around Christmas
he sits on top of the speakers and listens – reached out and touched his 3rd eye

the more spiritual we are – understand the spiritual laws

O: loves the black panthers – went into a meditation and went into the jungle with them
people hurting animals is bad karma for themselves

MR: brings up the Ringling Bros circus ceasing its operations after 149 years of shows

O: lots of people boycotting circuses and what people are doing to animals

- People do not like being locked up, either, or doing tricks for others

- when we are kind and loving, our karma comes back in loving ways

T: in Central America, in one of the temples is full of jaguar energies
maybe O is remembering a past life!

MR: the movie they are describing is called POWDER and is about the hunting of the deer!

T & others: it's a really good movie!!!

MR: The Dog's Purpose – the correct name of the new movie coming out

Connie: 1st has a new dog – Nyteri; feels like the dog chose her

O: has been with her before; this is her 5th life time – here to help you heal something within

- this one is a healer - about love and healing her heart
- start telling the dog about things
- Great Danes are gentle, can take on a lot – will teach about love and her fears about love

2nd about son John – wife passed in early Oct, not a good marriage; has found another girl
– will this be OK?

O: A free will choice question: he's more into surviving than living; has very little insight into himself – he'll be OK in terms of surviving;

- has to learn about controlling temper and controlling mouth
- bless him on his journey; don't let him be disrespectful to you

C: isn't; never has been

O: good – but he can be disrespectful of other people! Ask him not to be like that in front of you –

Connie: the girl's name is Connie! She's Philipinol

O: He might work things out for himself! That fits – goes with his personality – they are far more submissive due to the culture than others he could be involved with. Family oriented, gentle, kind; come across as being easier – this could make him feel loved

C: and he is lacking that

O: that may help him heal

C: he wasn't feeling love in his marriage

O: No, his marriage was karmic - except he missed that lesson!!!

- just bless him a million times . . .

MR: having just lost her dog- had an insight that the energy was like a pet from her childhood.
is he coming back soon? Another dog soon or not?

O: that's a free will choice. Ozzie not ready to come back yet – put it out that you want another dog from his soul group; will have the same energy. Many animals share one soul

MR: maybe get the same genetics but they may not be soul group

O: be specific about what you want: if you ask for the same soul group, may not be the same breed; if you want a loving, happy, high-spirited, intelligent dog – ask for that from the same group; will be another dog of the same calibre not necessarily an Australian Shepherd – which will probably pick her out!

COR: an excellent idea to ask for one from the same soul group – it's up to MR for her choice

MR: why was he only here for such a short time – not even a year; brought so much joy and love

O: it was purely accidental the way that he left

T: MR was asking for joy at a profound level; and that joy doesn't have to go away and you will meet that beautiful soul energy in the most unlikely of places

MR: the loss of him brought up all the other losses she's had in her family – the gift in this is to heal that?

O, COR: Yes,

T: and they are not gone either; there is a new dispensation here: you are reconnecting with what you still have

O: he came into the life to help you heal the past loves, past friends, past families – came with a purpose, once it's done, they leave

CR: sometimes – after he lost the cat and got over the grief and he opened his heart very widely

- the night he passed away, he came in spirit and said he'd come back in another cat of his own choice – and the cat R got was a rescue cat, brought to him by the same person who brought him his first cat, called Puddy.

O: when you are open to it, the miracles that happen are amazing. They do happen but we have to be open to it.

COR: felt like that it's not every an accident or happenstance when someone wonderful comes into our lives there is so much healing in that joy – when we are grieving that loss we are also healing that loss – really reminding us how important – Ozzi is thrilled by being on the other side, doesn't feel like budging!

O: he reminded her of the joy she'd also had in her life

MR: the night before he left, he laid crossways on her lap! He was right there – just showing how much he loved her and saying good bye – and the night before that, he'd been seeing other dimensions above MR's head. Interesting to observe in retrospect

T: she hears him say he has lots of great stories of his experiences here and if she wants to have a chat with him, he is available. It's only another dimension – doesn't mean anything but an enhanced experience as long as we keep our hearts open. The animal chooses you!!!

MR: she waited so long to have this dog – the lady who gave him the dog asked if she was the lady who wanted the Australian Shepherd! This happened at some kind of show.

T: Short quote from FDR: from Thom Hartmann

“The liberty of a democracy is not safe if the people tolerate the growth of private power to a point that it becomes stronger than the democratic state itself. That is, in its essence, fascism: the ownership of gov't by an individual, a group, or by any controlling private power.”

- Now we know about love, we know what to apply!!!

CRandy: if NESARA IS ANNOUNCED, WE CAN BRING ASHTAR IN as the guest speaker !!!!

Closing.

2011-06-17 Truth Telling Transfer Agreement Exposes Hitler as Father of Israel

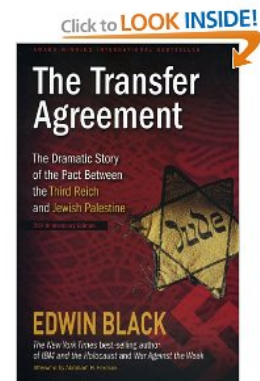

By [Johnny Punish](#)

<http://www.veteranstoday.com/2011/06/17/transfer-agreement-hitler-jews-germany/>

Is Adolf Hitler Really the Founding Father of Israel?

by [Johnny Punish](#)

In **The Transfer Agreement**, Edwin Black's compelling award-winning story of a negotiated arrangement in 1933 between Zionist organizations and the Nazis to transfer some 50,000 Jews, and \$100 million of their assets to Jewish Palestine in exchange for stopping the worldwide Jewish-led boycott threatening to topple the Hitler regime in its first year, exposes historical truth.

This truth threatens to destabilize modern Zionism's stranglehold on the mainstream media propaganda that, in 2011, continues to suffocate U.S. Citizens and the world with "guilt" appeals and billions of US taxpayer "aid" dollars given each year to a state that neither has the best interest of the American people nor the best interests of its own indigenous populations that the Zionist so-called democracy claims to represent.

Join with me as we follow the historical journey of Edwin Black as his travels into the truth that was the movement of German Jews into Palestine and their subsequent conquest of the indigenous Palestinian people.

On August 7, 1933, leaders of the Zionist movement concluded a controversial pact with the Third Reich which, in its various forms, transferred some 60,000 Jews and \$100 million – almost \$800 million in 1984 dollars– to Jewish Palestine. In return, Zionists would halt the worldwide Jewish-led anti-Nazi boycott that threatened to topple the Hitler regime in its first year. Ultimately, the Transfer Agreement saved lives, rescued assets, and seeded the infrastructure of the Jewish State.

Fiercely debated instantly ignited throughout the pre-War Jewish world as rumors of the pact leaked out. The acrimony was rekindled in 1984 with the original publication of **The Transfer Agreement** and has never stopped.

Understanding the painful process and the agonizing decisions taken by Jewish leadership requires a journey. This journey will not be a comfortable one with clear-cut concepts and landmarks. The facts, as they unfold, will challenge your sense of the period, break your heart, and try your ethics... just as it did for those in 1933 who struggled to identify the correct path through a Fascist minefield and away from the conflagration that awaited European Jewry.

To discover **The Transfer Agreement**, Edwin Black took that journey.

His journey began in 1978 when a small band of misfits preaching Nazism and waving swastikas decided to march through the predominantly Jewish Chicago suburb of Skokie. Suddenly an

unimportant group of bigots provoked an important controversy. The outraged community was determined either to prevent the march or to confront the neo-nazis on the parade route. Many Skokie residents were Holocaust survivors and remembered well that only fifty years before, Hitler's circle had also started as a small band of social misfits. The Jewish community would not ignore an attempt to reintroduce the nazi concept—no matter how feeble the source.

But establishment Jewish leaders counseled Jews to shutter their windows and pay no attention. And a Jewish attorney from the American Civil Liberties Union rose reluctantly to champion the neo-nazis' right to freedom of expression—over the survivors' right to be left alone. In covering the issue as a young journalist and reacting to the crisis as a Jew and the son of Holocaust survivors, he was confused by the response of Jewish leaders.

To prepare for a Chicago Reader interview with the Jewish ACLU attorney representing the neo-nazis, he spoke with Jewish scholar Rabbi Byron Sherwin. He told Edwin Black there were many enigmas about the Jewish response to nazism, one of which was a long-rumored arrangement between the Third Reich and the Zionist Organization involving the transfer of German Jewish assets to Palestine. He added that little was known about the arrangement, if it indeed existed.

Author Edwin Black

Edwin Black couldn't believe what he had heard. The possibility of a Zionist-nazi arrangement for the sake of Israel was inconceivable for a person of his background. His mother, as a girl, had been pushed by her mother through the vent of a boxcar on the way to the Treblinka death camp. She was shot by nazi soldiers and buried in a shallow mass grave. His father had stepped out of line during a long march to a destiny with death. While hiding in the woods, he came upon a leg protruding from the snow. This was his mother.

Together, by night and by courage, these two Polish teenagers survived in the forest for two years. When the war was over, they cautiously emerged from the woods believing that nearly all Jews may have been exterminated—except them. The question for them was whether there was still any use being "Jewish." And yet—believing themselves to be among the last of their people – they decided to live on, as Jews, and never forget.

Quickly, his parents learned that others had survived, although almost none from their families. They resettled in the United States.

Edwin Black was born in Chicago, raised in Jewish neighborhoods, and his parents tried never to speak of their experience. Like the other children of Holocaust survivors, his life was overshadowed by his family's tragedy. And, like other Jews, he saw the State of Israel as the salvation and redemption of the remnant of the Jewish people. He had spent time on a kibbutz and returned to Israel several times after that. For years, he considered emigrating to Israel. The very meaning of Israel was a deep motivation in his life.

Yet there were incongruities he could never understand. Everywhere he looked in Israel, he saw German equipment. The icons of nazi commerce— Mercedes, Grundig, Siemens, Krupp—were thriving in the Jewish State, even as the ban on Wagner's music was strictly enforced. And so

many families were German Jews who had come to Israel during the Hitler era. For a year, he filed Rabbi Sherwin's rumor in a mental box of imponderables. He had said many times that the most important rule in approaching the Holocaust is that nothing makes sense. And yet he needed to make sense out of it. If he could, then perhaps there was a reason his mother and father had lived, while six million had died.

Working through the staff and resources of Spertus College of Judaica, he was able to obtain some rare Hebrew and German materials that documented in skeletal form that the arrangement indeed existed. After a great deal of personal anguish, he made his decision.

When he told his parents, his mother threatened to disown him and my father threatened to personally strangle him if he dared lend any credence to the notion of nazi-Zionist cooperation. This was done against a background of rising anti-Semitic and anti-Israeli attempts to somehow link the nazi regime with Zionists.

When he later showed his parents a hundred-page summary of his proposed book, his mother cried and said, "now I understand what I could never understand. Write the book."

His father, who fought in the war as a Zionist Betar partisan, also gave him his blessing with the simple words: "Go write the book."

His agent said he thought there was only one editor with the stamina to take on this book. That man was Edward T. Chase, editor-in-chief of new York Times Books, a man with preeminent credentials in WWII and Holocaust books.

Chase read the proposal and said yes.

He spent the next several years traveling through Germany, Israel, England, and the United States, locating forgotten files in archives, scouring newspapers of the era, interviewing principals, and surveying government papers. Millions of microfilm frames of captured nazi documents had never been analyzed. Boxes of boycott papers had never been organized. Worse, he found that little had been written about Hitler's first year-1933.

For months, the information confounded Edwin Black; nothing made sense. There were so many contradictions; nazis promoting Jewish nationalism. American Jewish leaders refusing even to criticize the Third Reich. Principal players who said one thing in public and did the opposite in private. Everything was upside down. And historians of the period told me they were equally confused about what had really occurred.

Finally Edwin Black was able to piece the information together and reconstruct events.

To do so, he had to clear his mind of preconceived notions and stare at the situation through the eyes of those who lived through it. And yet, after all the researching and reading and writing, his intense inner attachment to the Zionist concept and Jewish nationalism and the State of Israel only deepened. That's because he had finally made sense of it. And anyone who does will understand Zionism for what it is: a national movement, with the rights and wrongs, the ethics and expediencies, found in any other national movement.

The Jews were the first to recognize the Hitler threat and the first to react to that threat.

The fact they were foiled by their own disunity merely puts them in the company of all mankind.

- Who did not confront the Hitler menace with indecision?
- Who did not seal pacts of expediency with the Third Reich?

The Catholic Church, the Lutheran Church, and the Supreme Moslem Council all endorsed the Hitler regime. The United States, England, France, Italy, Russia, Argentina, Japan, Ireland, Poland, and dozens of other nations all signed friendship and trade treaties and knowingly contributed to German economic and military recovery. The international banking and commercial community—no less than the Zionists—saw Germany as indispensable to its salvation. The Zionists were indeed in the company of all mankind—with this exception: The Jews were the only ones with a gun to their heads.

Hitler was not unique; he was organized. But among Hitler's enemies, none were organized – except the Zionists. The world recognized the Hitler threat and hoped it would not arrive. The Zionists recognized the Hitler threat and always expected it. The events of the Hitler era and the Transfer Agreement were ultimately determined by those factors.

Edwin Black's belief in the Jewish people, in American Jewish organizations, in Zionism, and in the State of Israel and its founding mothers and fathers was never shaken. Those who sense outrage or anger in his words are hearing but the echo of their agony.

Suppressing free and open discussion on any subject is as bad as telling lies, and knowingly suppressing the truth is the biggest lie of all, because it is based, not on a mistake or a genuine error, but on a deliberate intention to deceive. Having been tortured, Rudolf Höss, who was the commander of Auschwitz from 1940 to 1943, almost certainly lied to save the lives of his wife and children. Even if torture and duress cannot be proven, the overwhelming reason for recognizing the utter falsity of the Höss confession is that the gassing method he described was not scientifically plausible. Yet Höss's conviction has stood, by inference, as a testament to the cruelty of Germans in general, since he was tried at Nuremberg, in 1947, and subsequently hanged on April 16th, 1947, in Poland. With great respect for those who have tried—though harassed, punished, fined, imprisoned and otherwise abused—to tell it like it really was: Arthur R. Butz, Robert Faurisson, Paul Grubach, Gerd Honsik, David Irving, Kevin Käther, Nicholas Kollerstrom, Fred Leuchter, Horst Mahler, Ingrid Rimland, Germar Rudolf, Bradley Smith, Sylvia Stolz, Fredrick Töbin, Ernst Zündel and many others.
