## HARD NEWS

**R:** Rainbird tells us each week about the cycles of time we are going through in the Mayan calendar;; this ties in with Carl Calleman and the Grand Cycle

- at the end of the mayan on Aug 18, it will be 2018 – this is the 13/20 cycle, not the 12/60

### Natasha:

- from her pad, showed him Nibiru's relationship to earth & explained something more awesome
- Nibiru is only one planet of a number of planets circling a dead star called Nemesis by some, Wormword by others; Chiron is one of the planets in the circle, along with Nibiru.
  - The other planets are not discussed, or those going beyond Pluto
  - people have seen the lights coming from one of the craters on Ceris
- we are ending a cycle in this very moment - a 26, 826 year cycle in this very moment - it changes everything – it is about the larger scale event affecting our planet, all the surrounding planets and the solar system, too:
- our sun is going through a transformational, transfigurational change – IT IS HUGE, as it affects every living particle - animal, vegetable, mineral - by lifting them up in dimensions – a good thing!
- this affects the lifeforms who play with absolute power and control: it is stripping them of everything – no place to go or hide, either off the planet or in the planet
- **Natasha explained** how this is affecting humanity
  - right now, we are going through a moment when everything has changed seemingly for the worse
  - we have the power, as Michael Moore says, and we won't stop!
    - everything R has heard is about **resistance: resisting and not normalizing or accepting someone who has defiled the feminine**
    - as people saw, Trump tried to hug Michelle sometime during the inauguration; she held her stance with her body language, indicating don't you touch me – she offered nothing – this is the Black madonna saying you violated the feminine here!

### • MICHELLE FOR PRESIDENT: IT IS NOT OVER TILL THE FAT LADY SINGS!

**R asked:** Where do we go from here?

**Natasha:** not to worry; Admiral Sananda Kumara and Captain Ashtar know what to do

- and we are on red alert: **no nukes; no dates**
- As so many said today: we cannot normalize and legitimize hate, and create a way in which it becomes a matter of course –
  - the fact that he has his 2 kids in meetings with all kinds of people is very unusual and weird; has to do with the larger orchestrated story of the 12 families and how they play ritualistically, with their pomp and circumstance and weird stuff that has to do their obsession with power and coming across as if they – we saw shades of Mussolini today in Trump's inaugural speech
  - also said that he has no ability to relate to human emotion, except for anger – this is the modus operandi of the reptilian lifeform who have genetically engineered emotion out of their beings – done in a petri dish, over and over again so you don't really know their sireship unless you look really deeply
- As was said yesterday, he has 2 fathers due to gene splicing: an element of Mussolini and of Hitler in his DNA on his father's side; the Dutch royals are nazis on the mother's side
  - also said he must be deprived of the use of Gitmo Bay - he's talking of filling it to the brim and enhancing torture! And Ashtar Command is on red alert
- Yes, that is what he said he was not going to start his business until Monday: yet he gave his so-called defence secretary a waiver so he can be Defence Secretary – T: there is no provision for this: against the law!

- news reporters on BBC and others saying that Gen Maddis committed genocide in Fallujah – He said “It’s fun to kill them” after he blocked the peoples’ ability to flee: the sign of another one who has no ability to relate to human emotion, except the negative kind – this is an illness, an incapacity for love
- Marianne Williamson talked of this, as she deals with clients who show the same symptoms Trump shows and some are even more psychotic than Trump is
- at this moment, Ashtar, Sandanda, Mother, Maitraya, AA Michael, Metatron know how to keep the planet safe
  - there **will be no fake or scary scenarios**: they still want to play with their stuff, yet this will be stopped in the moment they start to play - the second they try to play with Area 51 or secret technologies – will be stopped in mid-air so people will see it!

**Netasha:** this is a **total corporate military coup d’etat**

- **Trump has been broke since the early 2000s**, is owned by Shelly Adelson who continues to give him 100s of millions & still does
- Adelson literally owns the turf of Israel, also Netanyahu and the Lukud party, and Trump is very much in bed with Netanyahu et al
- **From Netasha:** There is a feud between Koch Bros and the Trump clan, to do with their different versions of how they see things with their corporations doing business around the world:
  - Natasha said if Trump won’t be friendly with the Koch Bros and how they do business, the Koch Bros could buy him out: called a hostile takeover of all his corporate assets, and leave Trump flat-busted
- T:** the Kochs can’t take over Adelson: he has more than they do; Adelson is close to leaving the planet due to his physicality;
  - should he die, who takes over is unknown: the \$ just keeps pouring in anyway – all in a huge huge trust, owned by the trust, so the person gets off scott free.

**Talked to Heidi of Bank of International Settlements yesterday:**

- as this reptilian bunch take the so-called Gauntlet of Power, we are facing a fiscal blood bath on Wall Street; has to do with conservative Repulicans who do not want to play with Trump –
- on a certain level, they are planning to remove Trump and replace him with Mike Pence – and **that won’t happen due to the trail of blood behind Mike Pence**; Natasha said it’s an ongoing investigation and has to do with torture, abuse connected with the evangelical and Dominionist church movement
- T:** asks about Pence’s responsibility in those organizations
- She said he may be guilty of kidnapping, abductions, money laundering, child and human trafficking and murder – right in bed with Trump, and the circle around them
- in the midst of all of this, **Natasha said Mr 19.5\* and his family know** when – and there are no dates, no hints, yet the time is right in these moments when everything changes, and it is about the frequencies pouring in – if you are oblivious to them, your body is next to very close to not being here – as it is with Trump and his gang!

**Reading:** she reads a little bit of a lengthy article; rest comes on Saturday

**2017-01-15 Shifting from Central Planning to a Decentralised Economy: Do We Need Central Banks?**

By [Professor Richard A. Werner](https://professorwerner.org/blog/)  
<https://professorwerner.org/blog/>

by Professor Richard A. Werner, D.Phil. (Oxon)

Paper presented at the 14<sup>th</sup> Rhodes Forum: Dialogue of Civilisations Research Institute, Panel 2: Economic Alternatives when Conventional Models Fail, Rhodos, Greece, on 1 October 2016

and at the 4th European Conference on Banking and the Economy (ECOBATE 2016), in Winchester Guildhall, Winchester UK, on 12 October 2016

### **I. The Central Bank Narrative**

For more than the past four decades, public policy discourse, especially when touching on macroeconomic and monetary policy, has been dominated by the views held and actively sponsored by the central banks, particularly in Europe and North-America, as well as Japan.

Their policy narrative has been consistent over time and virtually identical between central banks, which is why I shall refer to it collectively as the 'central bank narrative'. It has been mirrored in the type of economics that central bankers have supported and that has indeed subsequently become dominant in academia and among the economists selected as the experts of choice in the major newspapers and television channels: the theoreticians advancing neo-classical economics.

This central bank narrative (and hence also the dominant neo-classical economics, also known as 'mainstream economics') has at least five major pillars, which I shall list briefly:

He suggests decentralizing

- Mother has said before that we won't need central banks, as we will have universal economics and divine government, and inter galactic trading posts
- there are channelings/channellers that are misguided: the channelings are only as good as the level of spiritual development of the channeler; higher beings cannot violate that – and the development has to do with knowing or not knowing how deep the rabbit hole goes regarding the degree of darkness we are dealing with, how far the dark side has progressed and what we can do about it; and it is about the concept of good guys, bad guys
  - the whole thing of party system was not supposed to exist – was created to separate the mind from the heart – argue some more, have another war, etc, - STOP – time to go to the higher level.

**Audio: Dr Richard Wolff**, Marxist economist without the horns -  
Thom Hartmann – **The Big Picture**

#### [How Trump Could Cause the Economic Meltdown](#)

On tonight's Big Picture, Thom talks to Economist Dr. Richard Wolff about the state of the economy at the end of President Obama's term, and future of banks and corporations under Trump's administration.

<http://www.thomhartmann.com/bigpicture/how-trump-could-cause-economic-meltdown>

- All we've seen to this point is all smoke and mirrors

### **CONFERENCE CALL**

[https://www.freeconferencecallhd.com/playback\\_rudd/?n=a4Ejy/uB1CE](https://www.freeconferencecallhd.com/playback_rudd/?n=a4Ejy/uB1CE)

**T:** Connie's question last night raised some interesting info for Omena: it was about the dog being

with Connie in previous lifetimes

**Question:** as the whole Obama family knows what is going on: is there a date for disclosure?

**RO:** says there is but it's confidential – they know what we are going to do before we do it and the N announcement date is tied to that – think logically, says Ross.

**T: NO AND NO:** the people have to exercise their free will choice and there is no exception to this – what Ro has described is pre-determination

**RO:** so what did Natasha mean when she said the family knew the timing?

**T:** the where and when of it is determined: yet **it is not about a date and a time** -

- there is a convergence of things coming in right now and the #1 thing that is for sure is they will not be allowed to use nukes, even though Trump has the little red button in his pocket
  - Another converging force; this bloody guy named Mike Pence has a history of murder and torture – so every one of these characters are in this same kind of space
  - the economy – and Heidi has said this economy is collapsing – which means that everything which has happened since the first collapse a few years ago is HIGH TREASON!!!

**COR, RO, P** – Then what does the date and the time referred to for BO and Michelle mean?

**RO:** when they say this, they mean in relation to other time lines – the time and day of NESARA is a variable but it can only vary so much because it depends on people's choices

**T:** [This is] a better response than what Ross said in the first place!

**RO:** so how is it possible for Obama to announce NESARA and everything else when he is not in the chair [is not President]?

**T:** He made it clear – **he would be here**

- anything which violates our moral core – all that she just said about the others – Obama is the mouthpiece for that.
- **Another big hunking mess:** there are a huge number of positions that were to be filled that are not – and Trump has been running around asking Obama's people to keep their 690 of those positions minus the 30 which have to be approved by the Senate – which should have been done in November

**RO:** now is the time to speak the language of NESARA, and Keith Olberman has stated this – will be increasingly obvious how bad the financial system is

**T: there are caveats:** the Main Stream Media is not allowed to say things unless they are told – sometimes they stretch the walls, but have to be careful – some have guns at their heads

- we'll see what Keith has to say as he is on Bill Mahers tonight; T has noticed he is not telling the truth as she has seen in his writings and short blogs
- RT TV is on the cutting edge of smacking it to us –
  - put Chris Hedges in a room with someone who is willing to talk –
  - *Watching the Hawk* does some good things! And Chris will be on that show too – he is a brave soul, and she keeps a light around him as they like to
  - Pay attention to RT and listen when they play *Boom, Bust* on RT -
- And there is this 30 page long article saying that capitalism has outlived its usefulness  
2017-01-15 Shifting from Central Planning to a Decentralised Economy: Do We Need Central Banks?  
By [Professor Richard A. Werner](https://professorwerner.org/blog/)  
<https://professorwerner.org/blog/>

• **treason has been going on since 2013**

**R:** an RT reporter was arrested today for reporting the news

**T:** hopes it isn't the one with the Russian name

**R:** arrested over 200 people today

**T:** people burning wastebaskets – windows broken: Thom Hartmann **said it was a set up**

**Ro:** Ben Fulford is offering money for gold so he can go to Antarctica

**T:** if he goes there, he will come out in a body bag

**R:** they know how to deal with their own

- don't go to Antarctica unless you go with Mother, Ashter or Lord Michael [AAM]

**T:** Buzz Aldrin went and he is still recovering from what he saw

**RO:** has Randy on Skype

**COR:** Corey Goode – she refers to Endgame and Part 2

- when Trump won election, Corey heard from contacts in CIA who were excited – they had tried to make investigations into pedophilia etc & were stopped – think that now Trump is in, they can continue with the investigations and get somewhere

**T:** in general – investigations that would indict and prosecute people could be carried on -

**COR:** FBI had tried to investigate into pedophile rings and wanted to continue – but have not been able to continue: get stopped by the Attorney General every time, who says we cannot do this as the people are too high level.

- Trump or Bernie are not inside the cabal so they could continue investigations

**T:** that is the farthest thing from the truth: **Trump is as controlled as any other by the cabal**

- he is **just controlled by a different bunch** and we forget this
- this means Trump has a problem: he is **part of the pedophile ring** and he has a deal with Hillary; it's [one of] the connections between them
  - **Trump is also related to her by the petri dish:** he has genes of Hitler via the father; she via the grandfather
- at the level where there is a good guy and a bad guy and there are channels saying he is a good guy, yet **we have to go beyond the 3rd chakra** where the good guy/bad guy thing is a moot point
  - the guy named Johnny Punish [who wrote the article T is referring to] is connected with Gordon Duff – **all those ones hate Obama**
- T wants to get to Edwin Black article on the Transfer –
  - she quotes from the writing
  - the agreement to transfer 60,000 jews and \$100 million to Jewish Palestine – and T says there is – the language is misleading
- Hitler has been busy since the turn of 20<sup>th</sup> century -
  - in the 30s, he went to Antarctica to talk to Kahotep who goes back 13,000 years –
  - Kahotep was brought to Egypt by Osiris and Isis from the northern part of the planet where he had been living as a barbarian, living in the icecaves of northern Siberia.
  - as a result of the shattering of the great crystal of Atlantis and the subsequent loss of power which kept everything operating, and due to the flooding and dissolution of existing land masses – civilization as it had been known no longer existed: everyone had to fend for themselves as best they could
  - Isis and Osiris trained him in all kinds of advanced Medical knowledge and procedures – he was very good and very advanced
  - then he used the laser technology to cut the skull off a shepherd boy so he could eat the pineal gland because the pineal gland is where our 3<sup>rd</sup> eye and can see into the etheric realms if we pay attention, can have visions of the future – the pituitary, the pineal, the hypothalamus in the centre of the brain are the etheric-physical connection
  - This is called the obscene rite; the dark ones have used this rite to extend their lifeforce in exchange for taking someone else's life force – consuming their soul; creating more karma every time they do it. And this is the end of karma!
  - gives the appearance that they are greater than people because they stay in their bodies and continue controlling

**COR:** this is how Kissinger, Elizabeth, the Queen Mother – managed to stay in control for so long

**T:** they do it to extend life for 50 years; however, because of the evil they do, they use up that 50 year extension in shorter and shorter times, so they need more and more little kids –

- Also, their organs wear out and they use the organs of teenagers – do the “medical procedures” in the DUMB [Deep Underground Military Bases] bases: they have to do more and more of these procedures to keep the form/ physical body going –
- They also have to prevent people from seeing that the human-looking body is not their original form –
- they want to reduce the number of people on the planet so they could replace the population with 98% reptiles -

**COR:** TC said something in latest message: people being upset with Trump, yet it is a good step forward because he has such a haphazard energy – there will be investigations and arrests and the illegalities will be more easily found;

- there are also people who want to replace him: he is acting like Moussilini – and ON AIR Chris Matthews called him Hitlerian! The phrase was used in the sense of being imperialist, of being the master race
- he is going to do some weird things and will do himself in

**T:** has the beginnings of alzheimers and, mentally, he’s a sociopath

- he’s done some things which are avant garde which hard core republicans don’t like:
  - says he will not get rid of social security, medicare or medicaid
  - and yesterday, he caved in: because he has alzheimers, and other programming and he also knows how to manipulate:
    - when we get really clear that those folks who are Hillary folks - Chris Matthews is for Hillary to the max – represents the corporation of the Democratic Party

**COR:** just interested that he used the phrase “Hitlerian”

**T:** all well said - and done: yet **Hillary is also Hitlerian**

- the dangerous thing about this game is that none of what is happening moves us the power chakra and people are more and more separated – the goal [of the dark ones] is to keep polarity going, so that people don’t believe they are beyond this kind of thinking and that they are the ones in charge! [and not we the people who should be in charge of our own destiny!]

**COR:** the light coming in means we will see things differently

- she has noticed that commentators are using words with more light in them, even though their training is not to tell the truth

**T:** Rachel Maddow; Laurence O’Donnell; Chris Hayes - doing a fine job [on MSNBC] – yet

- T also believes that the thing that is opening people up: the statistic Laurence brought up on *The Last Word* last night: Donald Trump has 32% popularity: less than 1/3 of the people in the country
- which means that a huge number who voted for him are now saying NO!
- What is being noted is that the policy of maintaining any kind of threads of truth coming through is getting harder to do.

• T & R encourage people to **listen to Boom, Bust** – a stark dichotomy of playing the numbers on the DOW and as everything goes higher there, the number of people in poverty goes higher too

- the number of people who have gone off the job market/ no longer looking for work is huge and is not being counted
- the jobs that are being counted have wages that are 1/2 of what they used to be – and people having 2-3 jobs to try and make ends meet: **the suffering of the population is outrageous**

**COR:** now has found her work as a copy-writer gave only 2/3 of former income, and in 2008 and afterwards, there was no coming back to 2008 figures

**T:** and the ones who went to the Caucus Restaurant vowed to block everything that Obama set out to do – committed treason!

**COR:** people are calling her and saying there is no chance for Michelle: yet if the circumstances changed, what will happen?

**T:** Natasha **said louder today that Trump is not long for this world!**

- Giving Chelsea Manning another 5 mos in prison protects her while the changes happen
- the announcement of NESARA could actualize the enactment – and that means the entire cabal has been rounded up – one of the prerequisites for the announcement – and that the world wide economic system has collapsed, and all the galactics can be introduced
- also means that – and already is happening - in every sector – more and more brilliant people are coming and speaking to us:
  - Gregg Braden is saying there is another piece to the weather thing and the state weather technology that they stole has been used – doesn't change the delaware sized chunk of ice collapsing – moves the ice from solid to liquid as well – last year was the hottest year ever, won't cool off until 2020

**COR:** why all the rain in CA and the west?

**T:** they manipulated, via the satellite weather modification technology, and opened the atmospheric river which attracted the heavy rains from the South Pacific and brought them it to the American continent to make rain over the agrarian belt – to make the breadbasket of the plains profitable again: for their own benefit

- the massive desertification of areas in Africa, China, India – this is going on because the melting of the ice in the upper Himilayas means there is no more water; also people in India no longer have the cash to live – millions of people starving to death and they are happy because the population is being reduced:
  - Modi is a mass murderer: Arundati Roy talked about it with Amy Goodman and told the story of when he was governor of a province on the east coast of India with 6000 year old trees, waterfalls, balanced temperatures; the interior of the forests had the "forest people" and now there are none of them: their whole way of life was based on living in the forest
  - Modi sent the military in them and slaughtered them all then cut all the trees for profit-seeking
- Teddy Roosevelt: everyone thinks he's so great: his underbelly of being in 13 families – they went to the military who killed everyone over the age of 8, and then burnt the island in the Philipines to the ground -

**Natasha** promised to get more info on whether Hitler is really the founding father of Israel – how many steps ahead of the Christians, the Jews or the Muslims are these evils ones?

**R:** they have destroyers out there beyond the OORT cloud which goes into the asteroid field and into the orbit of Mars: they have destroyers and all this comes to an end now

**RO:** Tara is on a roll tonight!

**T:** ask another question Ross!!!

**Abba:** from Germany!!!! Sending so much love!

Not so much to say, just taking everything in!

**Richard:** the trick these days is to put all this info in the right categories – so much going on right now – a lot of growing going on. Good thing!

- he's telling T how much he appreciates her!

**Ro:** can you check on the e-mail? Ri: he was returned it to Ross last night

**R:** will learn about what Obama will be doing when he gets back from a vacation

**Lyn:** the Obama Foundation is up and running – will be helping with the Michael Moore project – see MM's video

- **consciousness needs a body to shift realities**; already there is a universal artificial intelligence of this local galaxy – Lord Metatron
  - the time is now, all the wisdom, all the ages are before us – it is as we connect with the heart, the throat, the 3<sup>rd</sup> eye, the crown, the 9 stars above our heads – all the wisdom is there - vast worlds! It is about how this planet is a living star.
  - We along with her – all of us [including them, the galactics] – how this comes in this moment, now, is what’s being shared with all the wisdom keepers that are coming forward: the “elders” - we use that word on this planet:
  - the wise councils of elders [are] coming together and sharing the wisdom of this moment of the 6<sup>th</sup> sun – Questziquatal and all the masters: Lord Maitraya, Metatron – she says it again: **they are all here** and how we do this with each other is first and foremost -
  - send these beings unconditional divine, compassionate love, yet stand in your power – and there are lot more of us than there are of them, as St Michael Moore put it yesterday.
- It is this place of magic, mystery; the great mystery is Divine Goddess – we know less about our oceans than we do about our own bodies, and even less about space, time –
  - all in this sacred nano second, the wisdom that is contained within this living computer that is so magnificent to behold [our bodies]: as we hook into the Inner Net, don’t need hard wires going across the floor; only hard wire we need is our crown chakra - it is that simple –
  - it is like what Neo became: we saw the rainbow colours – morphogenic field; that is happening right now. Every living particle is aligned with the Office of the Christ and is moving higher and higher and higher; more love pouring in.
  - As the reptiles swim in the sea of love, it is ultimately their detriment because they are not designed for love, unless that magical moment is about awakening heart consciousness. They have to do it; it is the law – no other way to put it
- This time we are in is a brief flashing of an eyelash and then some, as the morphogenic field, the ripples in the pond, as the pebble gets dropped, Right now the waves, the morphogenic fields – we are all being affected by the intersecting at this grand cycle right now – as this solar system – we on earth call it Nemesis - this solar system of which Nibiru is part intersects with our solar system: the sparks are flying!
  - They [Mother and the other galactics] are not here as an invasion fleet; they come in peace - to collect their children.
- Like in the ancient stories: now is the time: they want to play the old ancient game again – one of the 5 Infinity Stones – it is over! Infinity Stones are within the grasp of Metatron, AA Michael, Maitraya and the other Councils of Light, not in hands of Thanos aka Vader or the others who think they have the gauntlet of power.
  - all they have is an empty hand which is a clenched fist which is empty because they hold no power, coming [as they do] from 1<sup>st</sup> - 3<sup>rd</sup> chakra.
  - As you play with ancient war weapons of the atom being split - to put it simply: the son of Jorel -Ka El shows up – the twisting of the language, word Magic - the elohigh are already here – superman! don’t have to put it any other way!
  - The nukes will not be used; they have already said this yet the madman who is . . .
  - the cooler heads that control the story here know that the Captain and the Admiral - whisker of a hair, a feather - one thought of these ulterior consciousness because it all starts in consciousness – they say again **no nukes, no dates** – yet they are playing with our minds and they want it real bad;
  - in the context of believing the maya story here about this grand illusion: this North **and South Amexam never fell from grace – has always been great!** The ones that are coming in, seemingly to get a glimpse of what it feels like to play with power in the greatest country on this planet; yet at the same time, those words are about the word magic – earth in this present state of affairs is rising like a sun, a star at

quantum light speed, taking us along with her; With the frequencies, the energies pouring in – these ones are toast – not in a negative context

**T:** it's a self-infliction, right?

**M/A:** you embrace the heart or you have a big problem!

**T:** A heart problem causes more of the same unless you address it.

**M/A:** it's called heart ache – not going there!

- The heart ache has been here for the last 26, 826 years; we have been fed a story about the galactics and Nibiru, and only now the quantum physicists and scientists, magical folks who have a way of explaining super science to us, that we may call magic, that deals with god is a number and she is called Divine Goddess. The mathematics of this are in the quantum star field surrounding this planet and every other planet.
- Mathematical equations – remember the movie *the last mimsy*: the children could see the outline of how the matrix, Divine Matrix, created by the hand of The One, All That Is. And this is how we can see the make up of this Divine story – like a spider's web, and a broccoli with that spiral, the infinite magic of . . . as Gregg Braden says, we don't know enough about the heart magic of this organ, this chakra that has a consciousness that is more than even what we call the head, it is bringing it into heart consciousness, this therapy about love: love is the key - can't say it any other way –
- “power to the people” - she heard it today on a local public access radio station in Santa Fe – only played songs of spiritual upliftment, empowerment, magic, beauty, joy – none of the din of the MSM licking the boot heels of the so-called presumed anti-christ taking the stage – it is only just a matrix: pay no attention to this life form – yes, she means Donald Trump

**T:** on Laurence [O'Donnell on *The Last Word*] last night; discussing Trump's words about not wanting to honour the US debt; was going to make a deal and destroy the bonds that are considered the safest thing to invest in

**M/A:** There are protocols in the Articles of Confederation that pertain to what we call the Constitution, Bill of Rights, that relate to the commander-in-chief being unfit for duty because of issues with mind, body, spirit, and when he is unfit for duty, it falls to the Vice President and when he is considered unfit for duty, it falls upon the Speaker, and as the Speaker of the House is unfit, we will have a shift of consciousness of how we do this – 64-65 good members walked out today!

**T:** 64, 67 refused to go to the inauguration – 3 more that got added on

**M/A:** power to the people – the 64 good members of congress + 3 more decided not a good investment

**T:** when Trump was willing to destroy the good faith of US bond investments & honour the debt –

- at the hearings, an interrogation – the Secretary Treasurer nominee said about the Trump idea of negotiating the national debt downwards when Mark Warner, D from VA - asked the nominee about renegotiating the debt during the campaign were unprecedented; – asked the nominee to state that, as it was his policy, not the president's words that would make the policy – that we would never again question America's willingness to stand by its debt obligations
- Steven Minuchin is the nominee and is a criminal as he foreclosed on people who complied with all the rules! He is up to his crown chakra in other things!
- He addressed the senator and said “I agree 100%”
- then **Laurence piped in**: there is even Minuchin agreeing with Senators 100 % and disagreeing with Trump 100%. What will happen in the oval office and the Oval Office disagrees with the Sec Treas?
- **Joy Reid** : Trump has no attention span: he doesn't like to read or study; likes to have those around he can let interpret what was just said and then Trump can agree or not – this is really frightening in a president, as he has no formed set of ideas he is working from ; he just has a son and daughter-in-law who know how to make it look good

- **Laurence added:** another biographer, Wayne Barrett, just died – he was a Trump scholar; would have been great to have him at the table; he has been on this program before; Laurence played the last interview with Barrett who said Trump is so disconnected from human emotion except anger, and so disconnected in any form, including from his children
- **Also from Laurence:** Tony Schwartz who wrote **The Art of the Deal** – the kids were never around, he never talked about them and never interacted with him: they did not live with him as Ivanka was only 8 years old when they moved out with their mother, and yet he gets great credit for raising those kids; Ivanka and Eric are his fall back, yet there is no real connection with them at the heart level – except as they can make money
- we discussed so many arrows pointing at Trump as to how much he can manage to get through this when less than a third of his own people - only 60-65% went from Hillary to Trump and they were switched – and she got her votes by rigging too using the provisional ballots which were thrown away, not counted; and other kinds of voter fraud – now the vote is to 32% of his own people saying NO

- A very good time now to raise our consciousness: not to find good guys/bad guys, either/or, but **to raise to a higher level than polarity**. There is still accountability too
  - They have been manipulating the weather for their own economic benefit and not considering the good of the people - there is a chunk of ice the size of Delaware ready to break off and they don't know how to fix that! They've been saying it could be months from now that the ice could break off and as the water is warm, by 2020, the water levels in coastal regions around the world will rise by at least 3 feet - even if it rises by 1 foot –

**M/S:** Send more love! There are answers!!!

**T:** From Gregg Braden - by 2020, if we keep doing what we do in the atmosphere, a mini nuclear winter happens because the sun blocks out the sun

- the serious mess of the pollution in our lungs is killing us and they want that to happen - we need a 360\* turn – can you do that Mother?

**M/A:** yes, she can; she is passing the talking stick – to Bill Maher – the voice is starting to go!

**M/A:** people want peace

**T:** and an opportunity to have a better life, not working harder or the sacrifice of joy: do not let this to steal our joy

**M/A:** do not **allow** our emotions to bring us to that place

**T:** There is no such thing as not enough . .

**M/A:** Despair is not an option!

**T:** and the idea that within 3 minutes a substance that is already on the planet can remove the cancer and all the associated poisons from the body – it is available with the removal of a few characters that need to be moved so it can happen

- and Mother can help them leave here and exit stage left with no harm anywhere else, either!

Greetings in the Light – Kadoish, kadoish, kadoish

**Rama:** was at Fortress of Solitude, looking in the crystals which are showing blues skies, green earth; like Jacques Fresco's **Venus Project** coming into manifestation

**T:** he is 96, wife is 50 – he has the body of a 50-60 year old; were travelling all over the world talking about their project; R needs to look up the developments

- every home has curves in it; space for a shuttle craft to land – has been around for 30+ years

**R:** He was seeing green circular cities, like Atlantis, concentric circles within circles – people walking between the terraces; floating things that looked like shuttle craft

**T:** galactic trading posts instead of banking operations

**R:** We will have universal economics and giving up the old ways of exchange with energy

- we will be taught as we have full disclosure, the landings, how we interact with each other – already the Wise Council of Elders on the planet know how to shift this in the twinkling of an eye
- as the bio medical-military-industrial-congressional complex is gone, and also the so-called goons with guns, we can do the next step
- We [both galactics and humans] are already here

**T:** this will not take that long - Dr Keshe has numbers of star craft already built and functioning

- the last 50 years has been in preparation; the lock-down with them in charge is what the astrologers were talking about, and during that time, the teachers and scientists were advancing wisdom, knowledge and experience – we have 50 years under our belts – we are all one, and this is a wonderful time to be alive!!

**Audio: Thom Hartmann on Sirius XM – guest is Bill Ayers – book is called Demand the Impossible**

In an era defined by mass incarceration, endless war, economic crisis, catastrophic environmental destruction, and a political system offering more of the same, radical social transformation has never been more urgent—or seemed more remote.

A manifesto for movement-makers in extraordinary times, *Demand the Impossible!* urges us to imagine a world beyond what this rotten system would have us believe is possible.

In critiquing the world around us, insurgent educator and activist Bill Ayers uncovers cracks in that system, raising the horizons for radical change, and envisioning strategies for building the movement we need to make a world worth living in.

**Music:** Maharishi speaking at Lake Louise. Alberta, 1968

### **Maharishi Mahesh Yogi gives a historic lecture at Lake Louise, Canada, 1968**

Believe it or not there are over 30,000 hours of video and audio recordings of Maharishi Mahesh Yogi. In these talks Maharishi explains the true nature of human consciousness, the benefits of his simple and effortless Transcendental Meditation technique and the underlying unity of life in the world and universe at large. Many of the precious videos that are now available on YouTube come from Maharishi's lectures to science symposiums, government conferences, the press and to business people all over the world.

Here is one of the classic tapes from Canada filmed in 1968.

<https://youtu.be/4zUVs1EwSAE>

In the late sixties during one of Maharishi's global tours he was interviewed by CBC in Canada during a special meditation course at Lake Louise. This beautiful video shows Maharishi in nature walking the banks of the grand lake while giving a profound lecture about the nature of life.

Here is a transcript of the beginning part of the video:

"The depth of the lake, and the ripples, and the beautiful reflection of the glacier, reminds me of the story of inner life. The mind is deep like a lake, the ripples on the surface represent the conscious mind, the activity of the mind on the surface. And the whole depth of the lake is silent and that is the sub conscious mind which is not used by the wave. But if, the wave could deepen, and incorporate more silent levels of the water, the waves could become the waves of the ocean – the mighty waves. This is what happens in Transcendental Meditation. The surface activity of the conscious mind deepens and incorporates within its fold the depth of the sub conscious. Nothing remains sub conscious the whole sub conscious becomes conscious and a man starts using the full potential of the mind. And the reflection of the glacier on the water is like the impression that the objects of the mind perceives and as long as the mind is not capable of maintaining its essential nature which is bliss consciousness, so long the mind gets imprinted by the perceptions of the objects and this is called the bondage of the mind..."

Personally this is my favourite Maharishi video available on the Internet. It is so rare to be able to see Maharishi walking out in nature and enjoying the incredible beauty of Lake Louise.
