Hard News

R: so many things happening; what seems most pertinent

- **spoke with Rana Mu and Starman;** correlates with some sharing of this morning
 - legions upon legions upon legions from Universe of Nebadan, as well as folks from the anti-matter universes are here because this is the time; this is the place – earth front and centre!
 - we are the boots on the ground being backed up by all these other folks from so many other systems – it is about PEACE
 - everything else is an issue that has to do with the absolute free-fall collapse of the 13 families and what is happening around the planet as we watch them lose control of the planet
 - The sun shines on everyone; it does not make choices: this planet is moving upwards an octave and onwards and cannot be stopped: we are moving into the realms where love is the answer and peace is the order of the day and the so-called FEAR stories are just that –
 - we are being asked as we have already stepped up to the plate and said on so many levels, we are on active duty: we are whether we know it or not, or like it or not

T: had a visit from a sister who had gone to Salt Lake City UT to a Radiant Rose Event - 200 people there

- starting tomorrow, they have called AA Michael and his legions back from another star system where he had gone on a new mission, plus LM Astraya & her legions, and Lord Aries
- **Earth is in an emergency state: Red Alert** – and yet they say stay out of fear!
 - They are bringing with them permission to bring in electric cosmic blue fire; it is coming in with the air first, and will really start moving tomorrow in the wind
- We the people on the ground who have been working with these higher frequencies, we must participate, midwives to this collective of humanity, to expand into this electric blue light

- They will zero in on the Middle East though it is planetary
- **We are in charge of the clean-up committee**; the sweeping effects of our work will be expanded by AAM, LM Astray, and Aries & their forces – they will not do it for us: WE ARE THE ONES
- They are overlighting the activities, & the energies are amping up: it's a 3 year project;
 - we are at a new plateau – the capacity to function mentally at these higher frequencies of light will be a challenge for, as we are used to the more literal 3D stuff, we might be all over the board for a while so **we are to invoke the Mighty I AM presence and AAM's blue fire excalibar ray**
- We have to find the answers for the sake of the children who are here and coming in
- We are the **galactic boots on the ground**; the ground crew
- Earth's magnetic field is decreasing; and Zero Point energy is increasing – a complete reversal of how we usually look at things
 - We are less anchored by the gravitational field; we are in a counter gravitational field & we've got our wings for sure and we'll be learning how this works
- as these great arch angelic presences and their legions are here – they are making sure we understand they are not doing it for us; they are surrounding us with creative thought forms

Starman: has been meeting with Pleiadian and Andromedan ambassadors on his land north of Santa Fe

- he has been watching all kinds of activities in the skies: for almost a month every single night, he sees 1-3 comets coming into the planet in the skies – this relates to the comet Sighting Spring

Larry, Curly, Mo - On Monday, they talked to R & all 4 got on Rachel's show – this has not been talked about in the US media, but in Russia, China and Europe – the comet Sighting Spring made a course correction!

• **Comets do not make course changes, SHIPS DO – with guidance systems! This ship is on course to go into orbit around Mars!**

- The whole world will be aware we are having visitors – they are already coming; Dr Hogland pinpointed October 19 as the date!
- Another huge mother ship, decloaked, showed up over Hong Kong
- Over 100,000 students – and more come every day - want the head of Hong Kong to resign because he is following the party Line
 - The Umbrella Revolution is the name: the police were pretty forceful: rubber bullets, pepper spray, batons
 - A gentle soul was talking of the difference between 1989 Tianamin Square & the current times - these kids are extremely mature, highly educated; they are in the streets day and night, with sleeping bags – they want democracy – they are doing their school work in the streets! A totally peaceful event -
 - It has changed in China – the leadership does not want to appear weak, yet the entire world is watching – trying to block out all social media, but the kids are working around this – brings more attention to the scene.
 - The Chinese may be pretty iron fisted yet Tara's sense of it is that, given the increased frequencies coming it, it will not be as hard to stay in the alternative path – the media is completely blocked so the people on mainland China do not know what is going on:
- yesterday was the 65th anniversary of the founding of the Chinese Communist party - Mainland celebrates China's Day for a week, Hong Kong is only one day
 - The gov't is not honouring its agreement and the students want the leader of Hong Kong to be gone as he is bought by the Chinese gov't; the students were told that they could choose from the people chosen by the Party; the students are not in agreement – not what was agreed to!

T: galactic picture: we are on the resurrection path of immortality now – no turning back; those in resistance to this will have to drop their weapons – Faction 3 has said the weapons won't work at some point; not sure when that will be

- **L M Natasha and her friend Ibrahim Jaffar, an Iranian Scientist** – R talked to them when he went to Albuquerque: Netanyahu has gone off the deep end and wants to target Iran on his own! Planning

- to do it around the time the comet, Sighting Spring, shows up
- Ibrahim just laughed – Dr Keshe's space ship program will completely break this – and if you want to get Ashtar here, that's how! AND the whole world will see it
- they are coming in and will be saying to the 13 families, et al
 - 1 make peace with your god and drop your weapons
 - 2 If this option does not work, they will be contained.
 - 3 The next option is to use a cosmic mirror which will reflect everything they intend on "the others" back on themselves
- the rent was paid – THANK YOU ALL

T: 4 children died of the antara N68 virus that attacks the lungs; now coming up with paralysis

- it's in 44 states – no one knows what this virus is – a challenging virus!
- we've had such things before like the plague – yet these are man-made, and the answer is as Nada and as Yoko Ono said: – living the 5th dimensional life style – time to be in the livingness and as we are in that place, the 5D vibrations cancel those vibrations

Starman was upbeat about the meetings with the space visitors: as this progresses, we will see more and more interaction with our brothers and sisters on the ground – it gives tremendous hope to the people on the planet - the media is not talking about it

- get out in nature with Mother Earth and Father Sky, do sacred dances with the elves, the dwarves
- We are already in the 5th dimension: the 3rd is already falling away
- 25th anniversary the wall came down in Germany
- Thom Hartmann: **education in Germany** is free from beginning to end: this is goal for US.

MR: knows she is getting another assignment which may be the reason for her announcement at the start of the program; not sure what the assignment is about.

- She talked to Judy Beebe again, and astounding of how much energy the 3rd sphere is putting out
- Things are manifesting quicker and faster

T: yes, things are changing faster

MR: She is not going away; if someone wants to be an assistant for a while during a transition period, that would work

T: more and more news coming out: they and Pamela have found out more about the water – a much different approach – this water is not about making lots of money: it's about helping people

• **IT IS SUPER IMPORTANT TO VOTE IN THIS MID-TERM**

- RanaMu, a wingmaker, said that in this midterm, it is imperative to vote
- Last night Rev Wm Burber – talked about people who passed out fake information that IS ALL WRONG – telling the wrong dates, where your precinct is – all kinds of nasty things

T: there is **no new budget** – and no word about it! Oct 1 is the start of the new fiscal year for the US

R: hearing all kinds of stories that things are on extreme edge of radical change on this planet.

- his cousin, St Germain, has it all contained: knows how and what and where to do

Caller: Monday, Oct 6 a surprise announcement about a new AG – and has heard it's Patrick Fitzgerald

T, R: know nothing – source?

C: out of Chicago Tribune– suspects Obama has talked to Patrick Fitz – P. Fitz was special prosecutor in Illinois before he became Special Prosecutor for the nation

T: he would not be appointed AG: he would be literally a special prosecutor who cannot be fired who would replace any more AG s and he would be able to indict politicians and bankers, etc!

C: has been hearing rumbles about Romney running for president again

R: as R Rhodes has said: he's a cheap version of Lucifer in a cheap suit: Lucifera does not stoop so low –

- He's a fool if he tries to run again, given all the crimes he has committed against the people via Bain Capital in the US and in other countries; also he's an associate of Paul Singer & these ones are tied in with BP and the others Greg Palast talks about – these folks are not too big to go to jail

C: David Icke getting ready for a **special event on Oct 25** – has rented Wembley Stadium

R: knows there is a special conference – will be laying out some awesome pieces to this story – about our galactic friends stepping up to the plate

C: he's going to make the world talk about the galactics; the 25th tells us the world is ready

- C saw the mother ship over Hong Kong, that the world is ready, and that the blue ray is coming in

T: practice makes perfect: we become that energy as we make that choice – it is a change that comes inside each of us – as we choose, we become it.

- Nada said we are in the 5th Dimension, and each and every soul can access that energy by opening to that energy

T: Sept 30th was when the Wall come down; Hans Deitrich Genzer was the Foreign Minister at the time

- at 87 years old, he got up and said that the people at that time made history
- no one imagined at the time that the wall would come down in just weeks, and Germany would be re-united

R: Germany is what it is, yet Angelca Merkel has to tell the truth about her father which will heal a lot of schisms & issues from WW II

T: can't imagine what full galactic presence will do

Starman & Rana Mu: The energy coming in for the month of October - Mercury is retrograde for most of the time: with the Oct 8th, the eclipse blood moon, what we have asked for has arrived which is us, the whole of us, with our fully awake galactic boots on the ground

- Rana Mu – a different kind of revolution happening now, a revolution of evolution; and there are many visitors from other star systems & including those from the anti matter universe
- as we do not let the lower energies pull us down, what is happening is that all the visitors are raising the energies so high that the dark energy is “water off a duck's back”

T: Liberia is the perfect Libertarian paradise where Ron Paul, the Koch Bros and other Libertarians can go and live their libertarian paradise – in their forts! There is no health care system or any infrastructure

- The capital is Monrovia, named after James Monroe who created that country so we could take throw-away slaves and dump them back over there in Africa
- this country does not have a healthy relationship with the West

C2: Main purpose in upcoming year or so? Am I here to do something for humanity?

- Here to heal self first – when that is done, then you'll hear what you have to do – look at what talents you have

O: bakers are creative and use all their senses

C4: talks of going back to school and take up graphic design

- "Don't tell me what to do" is across her forehead! She is more aware of this lately

MR: most important idea to leave with the listeners?

O: when under pressure, not able to express yourself – goes back to the stage she was in when she was a kid: when you get excited or upset, you go back to that stage – not dyslexic, no!

- she's HDAD

O: You are HDAD or you're not – the wiring in the brain does not let the body keep up

O: difficult for people with HDAD

- practice in front of the mirror what you want to say, and what you want to do – write it out, say it to the mirror, time yourself – THINK BEFORE YOU TALK!

- If you are attention deficit, your brain will control you and not you the brain – medication can help

C5: asking about soul – describes the event she was involved in; then talks about not being able to stay in relationship -

O: is this part of her soul's pattern? She's from Star Orion; part of the problem with the love life is that it's conditional: if you have certain expectations of the other from yourself – she is on a journey in this life to learn how to love herself – that is why the re'ships get shorter and shorter – forcing her to look at herself

Website: OMENA777.com

O: enjoyed being on the show

MR: thanks to all who have stepped forward to help catch up the BBS bill; have lots of supporters - stargatemarietta@gmail.com

T: What's up in the zoo – there is a tremendous amount of creativity: all the walls that have been put up have made people more creative about dealing with them;

- our perseverance has
- we are in a very challenging time, with something on a daily basis to be creative about!

Reading: about the Berlin Wall coming down – at the west gate of Prague which was in East Germany

- That day would be one of the key moments – things had changed forever
- Hans Deitrich Genzer – foreign minister of East Germany at the time
- he had the sense of this was before, and there was no turning back
- This is the 25th anniversary of the event

T, R: have the awareness of the same thing: there is a before and an after: we have definitely won - there is no turning back and we are moving forward.

Eastern Ukraine: the coal mines shut down in the summer due to the conflict – needs to open up as the people need heat again

NESARA now: so we can get alternative energies to help us

R: remembers from Atlantis about how to use crystal grid

- a 4-5 lb crystal could fuel a shuttle craft with 100 people in it - like the ships in Stargate energize the lattice structure within the ship
- it's a form of piezo electric energy: the crystal fires on its own with a certain amount of pressure
- folks are working on this right now; as soon as NESARA is announced, all the technologies will be brought out.
- Ibrahim Jaffar told R that Iranian scientists are working with crystals from Arkansas and crystals that are from other parts of the planet: emeralds, rubies, smokey quartz – different forms of the crystalline kingdom can do different things

MR: says Judy Beebe talks of the amazing power that is coming from the 3" sphere: it is here now!

This is real for us because we know her and many on the call have their own spheres; she has made many of her announcements on this program. Continue to send her more love and support.

INFORMATION RELATED TO THE NOTES

Astrology Report for October

By Mahala, on October 1st, 2014

Guest article by Dorene Carrel.

October is a very dynamic month, highlighted by two powerful eclipses and significant planetary patterns. The relationship theme is very prominent this month. Mercury is retrograde for most of the month, challenging us to be patient and strive for clarity in our thinking and communications. The planetary patterns bring focus to the ongoing challenging Uranus/Pluto square, while a fortunate grand trine presents opportunities for creating harmony and balance. We begin the month still under the September New Moon in Libra, emphasizing equality and cooperation in our relationships.

On October 4 Mercury turns retrograde at 2 Scorpio, and turns direct again on October 25 at 17 Libra. This cycle can be used to become more aware of our beliefs and communications around relationship and intimacy issues, as well as shared resources and power. A previous partner may reappear to resolve unfinished business. During this period it is best to slow down, simplify one's life and avoid making long-term decisions.

The first half of October will feature a harmonious Grand Fire trine pattern involving Mars in Sagittarius, Jupiter in Leo and Uranus in Aries. This is a creative time that brings optimism and increased energy to make connection with what inspires us and to reach for our highest goals. However, it is best to wait until next month for taking action, after Mercury has turned direct.

On October 8 a Full Moon Lunar Eclipse occurs at 15 Aries. This total eclipse is aligned with Uranus, Pluto, Venus and the North/South nodes in Libra/Aries. A tense Cardinal T-square pattern is formed by the Sun/Venus in Libra in opposition to Moon/Uranus in Aries, with both in square aspect to Pluto in Capricorn. Pluto can bring up power and control issues, but also allows us to go deeper. With Uranus involved in both major planetary patterns, we may take a path that favors unconventional approaches. There may be more concern about preserving our own unique identity and striving for fair, mutually beneficial solutions.

The theme of the Aries/Libra nodal polarity revolves around achieving the right balance of freedom and closeness in relationships. The North/South nodes aligned with this eclipse present an opportunity to change deep-seated patterns from previous lifetimes, or within this lifetime. Venus, ruler of Libra, is traveling close to the Sun this month, which encourages us to focus on a more heart-centered and compassionate approach.

The Sabian symbols for these degrees are: "Nature spirits are seen at work in the light of sunset; attunement to the potency of invisible forces of nature," and "After a storm a boat landing stands in need of reconstruction; the need to keep in operation steady links between the vast Unconscious and the ego-consciousness."

This speaks to the new moon alignment with the Super Galactic Center, which suggests that this cycle of time can bring about major shifts in consciousness.

The peak times to take advantage of the Fire Grand Trine are October 3-4 and 7-8. On October 4, Mars in trine to Uranus can bring inspired, energized action and inventive ideas. Mars trine Jupiter on October 8 brings a boost of optimism, a broader perspective, more flexibility and a sense of adventure.

The North Node makes several alignments with personal planets this month, all in the sign of Libra. The North Node indicates our path of greatest growth in this lifetime. The Sun/Node alignment occurring on October 12 brings focus to our core energy and how it can be strengthened. The Venus/Node alignment on October 14 provides opportunity to give and receive love and support. The Mercury/Node alignment on

October 20 and 30 can bring new, creative ideas and opportunities for improving our communications.

The New Moon, Solar Eclipse occurs on October 23 at 0 Scorpio 25. This partial eclipse is aligned with Venus, Neptune and Pallas, which gives it a softer tone than the previous lunar eclipse. The Scorpio focus is on power/control issues and releasing fears; also being resourceful, determined, penetrating and secretive. With the Sun-Venus influence, this eclipse could indicate a new love relationship for those whose charts are aligned with this degree. The trine to Neptune suggests a spiritual soul mate type of tie. Pallas helps us to perceive hidden patterns in our relationships so we can bring them to greater awareness. The Sabian symbol for this degree, "A crowded sightseeing bus on a city street; the fundamental human eagerness to expand one's social horizon and to experience the results of collective achievements and new ways of life," reminds us that we are in a period of enhanced evolution of consciousness.

Mercury turns direct on October 25 at 17 Libra. Now we can move forward again with delayed plans and projects. The Sun aligns with Venus today and both trine Neptune on October 27-28. This peaceful, gentle, loving energy helps us to end the month with renewed faith and abundant grace.

November brings a Neptune station. Blessings to all for a prosperous fall season!

Planet Alert October 2014
By Mahala, on October 1st, 2014

October will be quite a month with two eclipses; one a blood red lunar eclipse on October 8, 2014 and the other one a solar eclipse on October 23, 2014. And Mercury will be retrograde almost all month. That will be quite a combination. The full moon on October 8th will be at 3:51 AM PDT. Those who are living on the West Coast will be able to see the eclipse if they choose to get up around 3:30 AM, or sooner. Because the moon will be conjunct Uranus at the time of the eclipse, this is considered an Occultation by the moon. This eclipse will be seen as a very large moon and very powerful because of the Uranus conjunction. Uranus rules light, lightning, and high technology.

Last year on April 15 there was the first blood red moon of the series and it happened on the Jewish holiday of Passover. That festival is symbolic of war. The Russian-Ukraine war got really serious in April, and the Israel-Palestine war was in July. There was a three month time period before the Israel/Palestine war started. Eclipses set up events that sometimes happen several months after the eclipse. Now we have I.S.I.S as one of our main concerns, plus the other wars that are still happening.

This upcoming blood red moon will be at the beginning of Sukkoth, which is the Jewish Harvest Festival. This is supposed to be one of the happiest festivals of the year. And of course people all over the world celebrate Harvest Festivals in October, and they are all considered happy festivals. This blood red moon eclipse will be seen over almost all of the United States. So what will this full moon bring?

This upcoming full moon will be on 15 degrees Aries. Here is what my degree book says about that degree. "The fact is that every individual has his/her ultimate conscious task which is the weaving of the Immortal Body, also called the Gnostic Robe of Glory, or the light body. It may sound very mystical and far out but there is a moment in every cycle when, in however small a degree, every individual may be confronted with the potentiality of a fulfilling act of self-realization and may find himself 'clothed in light' for an instant." (This sounds very interesting to me.)

Also at the time of the lunar eclipse the moon will be conjunct Uranus in opposition to the sun in Libra. There will be all kinds of unexpected events that will happen with the moon conjunct Uranus, which brings sudden unexpected changes. This full moon will also again trigger the Cardinal Cross because Venus will be on 10 degrees Libra, Pluto on 11 degrees Capricorn, and Uranus on 14 degrees Aries.

Venus will be conjunct the Sun, which will be opposing Uranus, and that means there are big changes

coming and it might involve money. Venus is the planet that rules love and money. Maybe there will be an unexpected event around money, and maybe it will be for the good of all. The Jewish Shemittah year started on September 25, 2014 and ends on September 13, 2015. The Shemittah year waives all outstanding debts. Maybe it is time for a noticeable change in our financial system. I just heard that 105 countries have dropped using the dollar and have turned to the BRICCS financial system.

The next eclipse will be a solar eclipse on October 23 at 2:57 PM PDT. This eclipse will be widely visible in the United States and Canada. These countries are definitely in for some changes. Mars will be lined up with the Galactic Center so we can expect major energy coming from that area to Earth.

Mercury and Jupiter are the main planets of this eclipse and Mercury will be opposing Uranus at that time. There could be major storms in different parts of the world with this aspect in affect. Mercury and Uranus in aspect rule storms and also transportation, which may cause a lot of accidents. Jupiter square Saturn may cause financial problems although Venus could turn those problems into positive energy.

The next major festival is the Jewish Festival of Light. This is another major festival and is very beautiful with all the lights that will be everywhere. This festival starts on December 17 this year and lasts for about a week. The Winter Solstice, which is considered the birth of light, will be right in the middle of this festival. The solstice will be on December 21 at 3:03 PM PST. On the same day, at almost the same time 2:45 PM PST, Uranus, the planet of light will turn direct. This means that light will be dominant after the solstice. Maybe we will all be filled with light at that time and start to shine like a brilliant star in the heavens. Wouldn't that be nice?

Right now we are watching thousands of people demonstrating for freedom in Hong Kong. This is Uranus in action. Uranus rules revolutions, riots, and demonstrations of all kinds. It is the planet that demands freedom, especially because it is in the fire sign Aries. Have you ever tried to hold an Aries down? And Uranus and Pluto (the transformer) will be in exact aspect from Thanksgiving to Christmas this year. We are in a very revolutionary time period.

There are people who say "the dark is going to control us" well; that is not going to happen. They are at the end of their control. Haven't you noticed how all the negative things the controllers have done is coming to light so everyone can see what they have done? This is what Saturn in Scorpio has been doing for the past two plus years. It has uncovered all our dark stuff, or our shadow self, and brought it out into the light so we can see it and release or neutralize the energy. We are now working on creating balance in our lives. The negative cannot exist without the positive and that is just how it is. Negative dark energy can become dominant and control people at times and it seems like it has been that way for a long time so now it is time for light to rule.

Move out of fear. Fear is just 'false evidence appearing real'. We don't need that energy anymore. It's like we have been going through a dark tunnel and are about to come out into the light. We are fast approaching a world of love and peace and beauty which we have all been striving to create for a long time. We are almost there and when the fire trine comes into force, that energy will burn up the impurities in our bodies and we will become great Beings of Light. By December 21 we will begin the start of a major fire triangle by the sun moving into the fire sign Sagittarius. This will be followed by Saturn moving into Sagittarius on December 23rd. Then we will have the three large planets of Saturn, Jupiter, and Uranus all in fire signs. It will then be time for major movement because fire signs are very active.

There was a Beam of Light that hit Earth on August 24, 2014 and caused an earthquake in Northern California. At that time Jupiter, Venus, and the moon were all in Leo, making an aspect to Uranus. And the sun was conjunct Regulus, the Royal Star of the Lion. This beam of light hit me and I am still reeling from the affects, and that was over a month ago. It felt like everything in my body was rearranged. Here is the link to that event: <http://www.dailymail.co.uk/sciencetech/article-2734573/Mystery-glow-Pacific-Ocean-Pilots-left-baffled-strange-orange-red-lights-spotted-dead-night.html>

Be happy and joyful; don't get caught in the negative. Find the seed at the bottom of your heart and bring forth a beautiful flower. It's time for our rewards. So Be It! Love to all of you!
