Hard News:

T: Rana Mu was on the radio today, talking to the Bioneers about a wisdom-based economy!

- The bioneers are working on a public bank in Santa Fe with Richard Wolffe – he is working with 2 dentists and some other people –
- To be a bank not connected to the Koch Bros, Goldman Sachs or any others
- a public bank where the people get to be on the Board of Directors and determine how the money will be used in the State of New Mexico
- State of North Dakota has had such a bank for a long time – white and republican!
- Santa Fe is a coloured state; white is in the minority – yet still have a republican gov!
- She was asking if it was possible to put together with the Dep't of Energy & the Bioneers, a wisdom-based economy for NM and the planet.
[The department where Rana Mu works have warp fields, teleportation platforms, etc;
 - her colleagues are folks who are working on solutions to help the people and the planet, a progressive think tank! Rama has seen some to the technologies there: right out of Star Trek]
- Also present on the program were some entrepreneurs willing to put their money where their mouths are –
 - they talked of taking a combination of crystals and putting them in a vacuum chamber, then applying pressure to produce an electrical charge. Takes very little energy to do the process and produce the charge.

- Rana Mu mentioned a mineral called gullanite; comes from the Votanus system;
 - brought here by some folks and is used in terra forming the planet.
 - Gold is from Venus, also bees
- When gullanite is processed, it is in a form that is described as wafer-thin wafers – almost like the computer chips that can be placed in trucks or cars & no need to use gas/oil, etc – it is powered by the sun; it can reboot its molecules with a charge that can regenerate itself
- Then they discussed shutting down nuclear plants – like the Vermont plant & the one at Indian Point which are leaking – there is a progressive company called Virgin Galactic
 - They are building a vacuum chamber, no bigger than a railroad box car; it's in a neutral country: Rana Mu told Rama that it's in Iran!
- T talks about the various kinds of companies established by wealthy visionaries:
 - Virgin Galactic, Richard Branson is CEO, has a big ego, not playing right with all his money – St Germain is twisting his arm! He gets no special treatment just because he has money. Has created a space port in SW New Mexico.
 - Another person created a new US space shuttle centre which means not paying \$7 million to take someone to the ISS – he's the CEO of Tesla car co. & a company called Space X.
 - Tesla Car is having trouble due to the auto cartel theft – fat cat middle men who want new cars on lots that they control. Tesla Car co refuses to do this: are also being blocked when they try to sell on line. Tesla being banned in certain states, too.
- This week, they said Netanyahu is planning to target one of Iran's nuclear facilities without the US.
 - Dr Keshe has said not on your life!
 - The starship/space ship program he has means the ships are sentient: they will protect the air, the borders, under the water – anything that could be called Iran & it will turn into sub-atomic particles anything with malevolent intent, human or not transporter of that malevolence!
 - ALSO, the easiest way to get Ashtar here is to try such a thing!
- This is the blessing of what is coming - Iran's people are pure of heart; our CIA has perpetrated on those people that which is unconsciounable
- Same as in the US: the CIA has affected the American people, too – they are programmed and do not realize what is happening and are voting against their best interests.
- placing all these crystals and minerals, putting it under pressure: one vacuum chamber the size of a box car can light an entire city and it never goes down as it is not connected to the grid! So there is no change of black-out, and no people to snoop around and try to destroy it

Rana Mu also discussed the idea of sabotage: this has its own self-defence mechanism – just like the space program of Iran.

- The Radiant Rose Academy event had **many ascended masters visiting the event: they said we are on the way, no turning back!**
- Patti Cota Robles event in the Tetons: **said we have won! It's over** in terms of the malevolent plans of the others!
- then **Nada came through with** Al Shaprton, Carl Freize, Stephanie Miller, Mr X, Carlos Rocky, Yoko Ono, John Fugelsein - they are all wealthy visionaries, part of NESARA so had to sign a gag order and now they are appearing with Faction 3 White Knights
- And now **Rana Mu, a Wing Maker, on the Radio** said it! **We are never turning back!**
- **We are totally in the 5th dimension which is why these inventions are on the verge of happening!**
- The man who has developed his abilities to create things like the Tesla Car which could be malevolent unless the cross currents of electricity we drive in are de-programmed: it removes the EMF waves we drive in all the time – it's portable.
 - Like **Elizabeth Kuchinch** on Abby Marten's show: talking about cover crops on fields

- This is the use of a natural law that causes the soil to absorb the carbon
- **ISIS** is in Kurdistan, Cossackstan, Moldavia and Romania [Moldavia] and Prussia – purifying the areas of the Khazarian origins – in your face type energy of those misqualifying the Khazarian energy!
 - Oct 22nd – 28th she is in Australia, will be back in May, 2015 for a month, working with the portals
 - Uluru / Ayers Rock - the underground international station of CIA is
 - this is also the people of the Dream Time come in – where ISIS came from originally her parents were aboriginals in the outback of Australia

Conference Call

C2: excited to know that she had Pleiadian background

T: around Christmas, Orion's Belt is overhead; when you look at the 3 stars, you can see the Pleiades and the star Sirius

C2: talks of a friend & the advice she gave that friend – was it good?

T: love has many faces, and sometimes a shock is good therapy

Reading: **Buffett's \$55 Billion Gamble is a Bet on U.S. Collapse, Warns CIA Economist [SEE BELOW]**

This article does not discuss NESARA; nor does she believe what the article is saying; the financial people know what is going on and they are denying things for, as they know, they have to face their crimes and the corruption – they also have to face Mother!

C2: thanks Rama for what Mother has said over time; the questions are always answered.

R: nice to hear the thanks – knows that gaps are being bridged! Once we are using telepathy again, the communication will be instant and not via words.

- Some time between the age of 5 and 7, our parents may tell us to stop talking to those invisible friends; Rama's parents encouraged it!

BBS

Mother Sekhmet

Greetings - In the Light of the Most Radiant One, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: asks for all things to be in their right place,

Mother:

Greetings Children of Ra!

T: Alcyone is here too!

- The Universe has asked, yet we at this time share this magic that is you [us] – it is all about us, this story has no ending, no beginning. Here we are; it's like what the lady singer said in The People's Park: we are all here!
 - How we do this with divine grace, with divine Love, in all space-time continuums – since we are all one, as we have heard: now is the time; here we are; all we have is NOW. In this moment NOW, such miracles are manifesting even unto themselves. Has everything to do with how we do this with what we just heard: Lord, make me an instrument of thy Peace.
- As we have been hearing, now is the time the forces we have asked for are here; how we do this in the next moment, now, is this great circle called Divine Grace, Divine Gratitude, Much love, Much Joy in the next moments and the next –
 - what has been shared with the councils across so many universes in this moment is you are aware as you have heard – **we are fully in the 5th dimension, higher.**
 - How we act upon it is our choice - since we are all One, it is in the highest interest of all concerned to share that wisdom with the least among us who are asking for a glimmer of hope.
 - Healing of planet Earth at such an intense time as it filters down into what we call this realm, as we are all part of the same realms – here we are!

- We do this together, the two wings of the same bird and this bird is called The Thunderbird that brings the wisdom of the ages at this time as we share this moment of clarity to these circles of this virtual campfire, council fires as they expand across the 7 Super Universes and then some; the realms we have asked to explore, yet now we explore those realms together!
 - There are so many magnificent things rapidly coming into physical manifestation in our midst – it is all so incredibly awesome to behold! We have the keys for all we have asked for – here it is – the next evolutionary leap in consciousness, as well as in these temples of god/goddess/all that is – everything on line, and in alignment with All that is
- the biggest story we could tell at this time as we approach the blood moon, full moon, eclipse energy – be most aware of what is transpiring in each of our worlds, as we have been asked to share what is in our hearts, called the message of the day. How can I be an instrument of Thy peace in such an intense moment on the planet when so many are asking for a glimmer of the healing on this planet.
- As we know fully well, the Haj is already happening; the Book of Life is open; it is about, not so much who has sinned, who has not, since we are all sinners on **this** bus - she'd rather dance with the sinners than cry with the saints, as Billy Joel sings – let he who is without sin cast the first stone and, honey, we have all cast that first stone; we are all sinners on this bus
 - it is a metaphor – what she calls a sin is getting in the way of another going home – and that path has already been cleared. And there are no blockages in the path of going home; it is already here – it is not about going anywhere
- they are descending into physicality; as we are rising to the occasion and we do that by doing the Sadna each day, and sharing peace and the joy of each other's lives
 - it is **not down the road: it is NOW** which is why the intensity is increasing, and increasing and increasing – if you think you have a headache now, you don't know a headache!
 - It is about the next step, and they are walking through the wall and asking for the cup of tea they have been offered, and the seat at the table for Elijah and his buddies is already set up!
 - Let us pass the cup of joy that: remember in Raiders of the Lost Arc – the Last Crusade where Indiana Jones' father got to drink from the simple carpenter's cup – well, we have already been handed the cup, so drink! It is the Pleiadian champagne which is the everlasting light that we are already being given — even these ones who would swear on how many ways to heaven that they have been cast out of heaven by their own misqualified deeds – it is only that they have said I have forgotten how to love, teach us how to love – yet they do not know how to ask how to love.
- What she does in the circumstances – it's like the divine goddess from yesterday: we hold a mirror to them what they have asked for and it is so deep, so intense – we are the peace keepers that keep our paws on the ground – we keep asking where are the paws? They are right here – as we mirror to them what they have been asking for and at the same time, they are saying 'god forbid that Mother should give us what we ask for!'
- As they ask for forgiveness in this very second, love them on their way – it has already been decided – the Dark Rift is opening and waiting, the energies are already here - and though we do this with great gratitude and grace, we will be on our way with our children, and you will have heaven on earth though it may not seem like it at the moment
 - Like Stephen Hawkins who is in a wheel chari and uses an electronic box to talk – like our friend Superman and Christopher Reeves who rode a horse into the next dimension
 - Even these ones who have no voice yet the sound of velvet thunder which is the sound of one hand clapping – as the little buddha said “I remember now!” It is just that “I AM THAT I AM.”
 - And in the next moment, I AM THAT I AM
 - How can I be an instrument of thy peace for those little children who have nothing?
- Voice of Thor and the energy of that star within the 3 fold flame brings forth that wisdom now - what we are experiencing and witnessing at so many levels of this orchestrated e-bol-a

T: it's not a very funny one, Mother!

Mo: no it is not, and it is what the left handed path has created. It can be changed in an instant – it is already being made manifest as the sacred violet fire of a trillion suns and then some – it is that energy of kadoish, kadoish, kadoish, adonai Sabaoth - the energy of what Serapis Bey brings with

the flame of eternity in this moment; it burns with that fire of how many trillions of sun

- as we radiate that out by doing the simple sadna every day: as Brother John and Oko said - all we are saying is give peace a chance – it changes things
- This is what she shares on this holy day, Yom Kippur, the Haj, the man who walked with Sananda & said – here are the teachings of the Zohar; the 4 wise men who came and shared the simple joys of being holy – He came and said “My message is simple: take the cup, drink from it and pass it around the circle, and we will pass the talking stick, and the sacred pipe filled with the sacred fire of the holy spirit.
- So many angels upon angels and masters are in our midst, and taking the cup, the talking stick and the sacred fire of what is being shared around this planet with the joys of this time, this moment – there are many ceremonies going on at our beloved brother Yogi Bajan's sacred ashram where there are many ceremonies bringing forth the wisdom of the ages leading up to the Blood Moon [Oct 8th] –
 - Oct 2nd to 6th doing sacred ceremony to honour the energies of Siri Sinsab ^ his teachings at this time, and to bring forth the wisdom that we have a good harvest and that peace is declared on this planet.
- The next step is Mr 19.5* can hand the talking stick to Captain Ashtar and say he has a plan to bring peace to the planet & let it begin with me; here are the keys of how we heal our planet – it is not about splitting atoms, but how we flow with the sub-atomic particles, the god particle which we are – it is about what we have sitting in our hands, the orb from Dr Judy Beebe, is the key to infinite energy - means a source of constant energy that means we don't need the grid. Plug it into the sacred circle of the mighty I AM within ourselves and that hydrogen sphere, that energy is the sun – it is about Alcyone
- Elizabeth Warren has a message for the people: as Dr Thom says every day: Tag, you are it! How we do this with active politics - Get out! Get active! Register for the vote! You better do it and you better do it now! If you don't vote, you have nothing to complain about it – get your act in gear!
 - We are going to transform this sacred moment – it is already happening: she is already here – with paws on the ground
 - how she does this with all of us is the next step – she'll take the tea now with a little sugar, honey, and a little goat milk

T: refers to the article she just read – predicting 25 year depression – it's already here!

Mo: Buffet already knows and so do the Koch bros – trying to shift the conversation & distract us with cheap tricks by using the shell game played at the carnival:

T: says they can't keep playing this game

Mo: they have already seen the gaping maw that is the Dark Rift: let us love them on their way as they move into this cosmic soup!

T: refers to the description of the trip across rural Canada and the general attitudes and demeanour of folks

Mo: people living in the 18th century in Appalachia, Pennsylvania, etc – all they want is to see Mr 19.5* swinging from a rope!

- what they don't get is that this is already done!

Mo: the fish is fried and the mercury has already affected their brains! Love them even more – it is about how many ways to Sunday can you say: put down the beer! Put down the pizza! Walk with me

T: talks of the 3 high school football players dead; a professional football player was concussed and sent back on the field – which is against the rules

Mo: refers to the Maise Runner, the Hunger Games – next step is the Gladiator Games Roller Ball - not pretty; as we treat each other as the sacred temples of the living god/goddess/ all that is, we would not put on helmets and try to kill each other for a million bucks, and have a wonderful life . . .

- We do not have a wonderful life because we are so traumatized with all the hits to the head – makes no sense: Lord, make me an instrument of thy peace; where there is such hatred, let me sow love!
 - Even these ones who want to rise out of the possibility of infinite death, from Mordor and the infinite shadow – they want to make something of their lives – as our brother Rick Gregory has said The folks that are pale – white privilege is a big deal; gotta find out what that is about where alcohol fetal syndrome is the norm, mercury poisoning . . .she could go on!

T: the time is not long for this to be over!

Mo: It is **right now!** It is moving at hyperdimensional light speed and then some! Next moment we'll be standing in front of the Captain receiving our briefing papers.

Greetings in the Light of the Most Radiant One - Kadoish, Kadoish, Kadoish!

R: has been to the solar tribunal on Saturn; all the councils are here; everybody is here – no way to describe how many folks – legions upon legions upon legions are in our midst; his ears are ringing – it's about the sound of the madnay padnay um -

- Metatron's cube is in our faces – we use the tesserach only for peace for healing the planet – that is what he is hearing – so mote it be!

They also realize that the Khorasan Group must be the Spaghetti O's of terror, and so its recently killed leader must have been Chef Boyardee. Or, perhaps, he was actually a grain silo? In the second half, Max interviews Amir Taaki about bitcoin, the blockchain, mainstream media, and the men and women in beige.

Buffett's \$55 Billion Gamble is a Bet on U.S. Collapse, Warns CIA Economist

By MONEY MORNING STAFF REPORTS

<http://moneymorning.com/ext/articles/rickards/55-billion-gamble.php?iris=252777>

Did Warren Buffett just make a \$55 billion bet on an imminent market crash?

A single financial document has emerged that may hold the answer.

According to a new SEC filing, Buffett is sitting on \$55 billion in cash through his company Berkshire Hathaway. This is highly unusual behavior from a man often called "the world's greatest investor."

It's the biggest cash hoard the company has ever amassed, in the 40 years he's been in charge.

At a cost of \$29 million every single day he keeps his money out of the markets, from all outward appearances, this is a risky and costly gamble. Unless Buffett is sure a Wall Street crash is at our doorstep.

Shocking: See the chart that may have caused Buffett to bet on a U.S. collapse.

But he's not the only famous investor who fears a dangerous correction is coming.

Jim Rogers recently admitted to Yahoo! that he is staying far away from U.S. stocks.

New filings also revealed billionaire George Soros' massive short position on the S&P 500.

Previously, Soros allocated 3% of his portfolio to shorting the S&P. It's a common practice major investors use to insure their positions against unforeseen pullbacks.

But he just increased his short position on the S&P 500 over 5X fold, taking it to 16% of his entire portfolio.

That is an alarming sign that Soros is betting on a market collapse. And given his track record of predicting these events, it's one we should not ignore.

So the question remains: Why are some of the "greatest investors alive" betting against Wall Street?

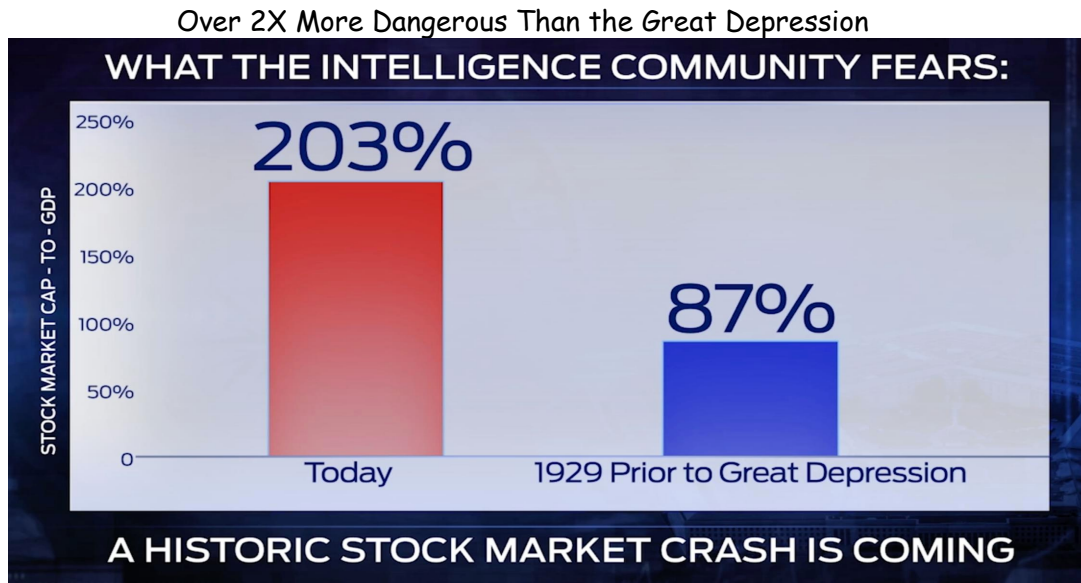

According to Jim Rickards, the CIA's Financial Threat and Asymmetric Warfare Advisor, they are taking emergency measures now before a historic economic meltdown strikes - one he, and many of his colleagues at the U.S. Intelligence Community, fear is unavoidable.

In an exclusive interview with Money Morning, Rickards warned, "The signals we've been tracking are

quite clear, a 70% stock market crash is imminent."

"Think of the market down 70%. If Buffett has that \$55 billion in stocks, he loses \$38 billion," he explained.

Rickards, a three-decade veteran of Wall Street's biggest hedge funds and investment banks, knows billionaires like Buffett are well-connected to both the financial markets and U.S. government.

Does this chart prove a 70% stock market crash is imminent?
[Click here to continue...](#)

So it's logical they'd have the luxury of receiving an advanced warning of a coming catastrophe similar to what his work with the CIA is forecasting.

"Every business in the world whose back is to the wall, they're distressed, they go to Warren Buffett" asking for a bailout, Rickards explained. "Think of the information he has. He sees everything."

"I think Buffett is seeing the same things my colleagues and I are."

Rickards stepped forward to take part in this exclusive interview so average Americans could receive this early warning as well.

During the discussion, Rickards shared a series of dangerous economic patterns that have recently appeared that he and those in the highest ranks of the intelligence community have been tracking.

What they reveal is an economy that has reached what he refers to as a "super critical state."

"Everybody knows we have a dangerous level of debt. That's no secret," he said. "But all signs are now flashing bright red that our chickens are about to come home to roost."

Frightening: Single chart reveals which banks could collapse (and how soon). If your life savings is in a major bank, please look at this now.

Rickards focused on five "flashpoints" the Intelligence Community is closely monitoring that they believe will soon ignite this collapse.

"This nearly instantaneous 70% stock market crash is just Phase 1. From the outside, nobody will see it coming," Rickards explained.

"Once it becomes clear that it's not a flash crash - it's a systemic meltdown in the economy itself, that's when the gravity of the situation will sink in. And there will be no digging out from it."

He went on to explain how a \$100 trillion meltdown would quickly unfold in the aftermath. Then he used five words to describe what this was all leading to.

"A 25-year Great Depression," Rickards warned.

Editor's Note: Money Morning has released their exclusive interview with Jim Rickards to the public. And it's a must-see for every American who is concerned about our country and their financial security. [Click here to view it.](#)

Rickards warnings are a part of a growing wave that have begun to appear from areas of our government who are not historically known for making their findings public.

Recently, a sensitive report containing the consensus view of all 16 branches of the U.S. Intelligence Committee surfaced. These agencies, which include Rickards' CIA, as well as the FBI, Army, and Navy, have already begun to jointly estimate the impact of, as the report stated, "the fall of the dollar as the global reserve currency."

Details of Government's "Day After Plan" Emerge

Warning: Measures have already been put "in play" for this 25-year Great Depression.
[Click here to continue...](#)

And our reign as the leading superpower being annihilated in a way "equivalent to the end of the

British Empire in the post-World War II period."

The nightmarish endgame presented in this report involved "a worldwide economic breakdown and an extended period of global anarchy."

"Look at it this way," Rickards stated near the end of the interview. "Americans are standing at the bottom of a very tall mountain - Mt. Everest, Mt. Kilimanjaro... they look up and see an avalanche barreling down.

"Determining the one snowflake that started this chaos shouldn't be our focus. Recognizing the severity of the situation and moving to safety should be."

Buffett, Soros, and Rogers may be prepared for anything, but few individual investors are.

That's why Rickards is now urging Americans to ask themselves a simple question.

"What if we're right?"
