Definitions of the four expressions of Christian faith:

- **PRAYERS** Practice your faith through taking time to pray for yourself, others, and for your church. This fulfills God's call for us to become people of prayer to let prayer be the "breath of our lives."
- **PRESENCE** Practice your faith through your regular presence, attendance, and participation...
(#1) in our church's weekend services
(#2) in a small group or ministry team
(such as a Connection Group, Bible Study group, music group, etc.).
These fulfill God's call for us to grow through fellowship and partnership with our fellow Christ-followers.
- **GIFTS** Practice your faith through regular financial giving. This fulfills God's call for us to grow in Christ through financial stewardship.
- **SERVICE** Practice your faith by becoming involved in at least ONE servant ministry (any mission or outreach ministry focused on helping others) sponsored by or in partnership with our church. This fulfills God's call for us to not only receive ministry, but to give it away to others, as well.

We believe that consistent practice of these four expressions of our faith in and through our church is expected of each and every member, not only to feel "connected" with other Christ-followers, but also to enable us to grow in our faith journey with Jesus Christ.
