

Plastic Surgeon

Dr. Quick Draw John W. Siebert

Dear Quick Draw,

If you think you are going to intimidate me by sending that idiotic MEXICAN ASSHOLE GOMEZ looking for me, you are sadly mistaken. Why don't YOU come looking for me? I have three friends that would like to meet you. Unfortunately, you don't possess the courage, so you send your ASSHOLE to do your work. Don't ever send me a message again telling me I should take the money and shut up if I know what's good for me; you will never buy my silence. Oh, the girls got a real chuckle watching Gomez; he constantly had his hand in his pants pocket every time one of the girls walked by. Playing a little pocket pool GOMEZ? The next time this guy gets laid, it will be his first time. He is very nervous, spits when he talks and gawks at women.

Quick draw, does you wife know how you truly feel about her? Does she know that you describe her as the worst sex partner you ever had? Does she know how much you wished you were able to divorce her? Does she know you like little girls? Does she know that the first time I dressed like a school girl you did not like my dress because you said it made me look like a teenager and you like little school girls? Does she know you like watching two women make love while you sit in a chair masturbating? Does she know that you also have a thing for little boys? I am sure that you will deny every word I say. I am sure you will cry to your wife telling her you would never do anything like that.

Do you know that most of your colleagues give you credit for being a brilliant surgeon, but do not think much of you socially, most of them feel your a social misfit. I am having a little bit of trouble finding a job, tough economy, so back to the city today on business. I am doing a little favor for a friend of yours. **If you only knew WHO!**

You are the only doctor who ever asked me to dress like a child, tare my panties off and have sex with me with my little skirt on. You are the only doctor I know with such a sick mind. You are the only doctor that spoke about his wife in such a despicable manner. You should thank God you have her, because I do not think any other women in her right frame of mind would want you.

From generation to generation in my family, I give it to you.

Jā jūš nolād, Jums ir nodarīts kaltējums mani, jums būs dzīvot dzīvi garīgās sāpes, jums būs iekasēts no visiem, jums nebūs mīļēja.

Rachel
