Write Every Day

Children become good writers by writing. As a teacher, you facilitate and encourage student writing. Write Every Day is a writing resource book organized in monthly sections. Each section includes:

- a writing calendar containing twenty-five writing topics meant to be used for short, daily writing practice periods;
- story starters and titles, appropriate to the month, that can be used for longer and more formal writing experiences; and
- eleven reproducible forms representing a variety of writing experiences.

Writing is filling a blank page with thoughts.  
It’s putting your ideas down on paper and watching as they march away.  
It’s running across a playground and feeling the wind pushing against you and then recreating that feeling in words.  
It’s finger-aching, head-tapping, pencil-biting work.

Writing is loud when you choose words that shout a message.  
And writing is soft when your words only whisper.

Writing is your chance to become a princess or a hero or an animal and to experience another life.

Writing is big business—advertising, analyzing, interviewing, reporting, transcribing, proposing, evaluating, and campaigning.

Writing is for big audiences—newspaper articles, television commercials, and weather forecasts.

Writing is private—a love letter, a diary entry, the teacher’s comment on your report card.

Writing is a snapshot of an autumn tree, taken by the mind and recorded in a journal.

Writing is a grocery list, a joke on a bubble gum wrapper, a recipe on a cereal box.

Writing is putting your thoughts into words, sharing your ideas.

Write with a crayon, a pencil, a pen, a computer.  
Write often.  
Write in many different ways for many different audiences.

Write every day!
The Writing Process

It is important to recognize that writing is a thinking process. A writer moves through a series of steps en route to “publication.” In the classroom, not every piece of writing is taken through each stage and published. However, it is important that students and teachers recognize the steps in the writing process, identify the step that they are working on, and carry some pieces of writing all the way to publication.

• **Prewriting**
  Prewriting is what is done before writing begins.
  It’s the motivation and the impression collecting.
  It’s gathering words, thoughts, facts, and questions.
  It’s drawing on a writer’s experiences.

• **First Draft Writing**
  The first draft (or rough draft) is the writer’s first expression of ideas in written form.

• **Responding**
  The writer rereads the writing to check for sense and readability.
  The writer may share the writing to get another’s response.

• **Revising and Editing**
  The writer changes the original draft in an effort to state ideas more clearly and to use more precise language.
  The writer does a mechanics check.

• **Rewriting**
  The writer rewrites to include all the changes made.

• **Publishing**
  The writer presents the final product in some finished form.

• **Evaluation**
  The writer is given comments of support and ideas for growth.

A simpler explanation of the process compresses the stages explained above into three steps: Write, Rewrite, Publish.
A Positive Writing Environment

Establish a positive writing environment in your classroom. Let students know that you appreciate their efforts and their ideas.

- Create an atmosphere of acceptance. Expect respect. In an environment of acceptance, writers know that their ideas and differences are accepted.

- Free students from value judgments and comparisons. In an environment of freedom, writers know that it is acceptable to be themselves. They are free to risk, to be honest, to fantasize, to imagine.

- Take writing seriously. In an environment of seriousness, writers must establish a balance between the freedom to imagine and experiment with ideas and the hard work and discipline involved in writing. Discipline requires meeting deadlines and making revisions and producing a clear, final piece. Writing is fun, but it’s also work.

- Provide relevant prewriting experiences and discussions. In an environment of stimulation and motivation, writers recognize that their inside and outside worlds are full of thoughts and people and happenings that are valuable subjects for writing.

- Share your excitement about writing. Write with your students and share your writing with them. Look for and find fresh ideas for writing. Share your love of words and literature. Enjoy yourself.

### Writing with Non-Writers

Emergent writers need to move through the same steps of the writing process.

- **Prewriting** - gather words and ideas
- **First Draft** - Students dictate their stories either individually or as a whole class. Students can draw a story and dictate words about the drawing.
- **Responding** - Teacher or capable students can read the stories for response. Add to the stories or drawings as needed.
- **Publishing** - Make a class book and put it in your library. Fill a wall with stories and illustrations. Use puppets to bring the story to life. Celebrate the words and ideas. As beginning writers see and hear their own words, they are motivated to become writers.
Writing Folders

Writing Folders are a must for a successful writing program. They:

- organize writing samples and act as an idea bank
- document student progress
- demonstrate the process of writing
- serve as a resource for parent education

Starting a Writing Folder

1. Provide a folder for each student. Label the folder clearly. (Students may want to decorate their folders showing some of their special interests.)

2. Staple a conference worksheet to the inside of the writing folder. A sample conference worksheet is provided on page 6. It includes spaces for the date of the conference, the title of the writing discussed, and comments about the writing.

3. Store the folders in an easily accessible place.
   - Students might keep their individual folders in their desks or cubbies.
   - A centralized storage area such as a crate with hanging folders could be used to store a class’s folders.
What should go in a Writing Folder?
1. Student writing — include all stages of the writing process
2. Conference worksheets
3. Peer or partner evaluation sheets (See page 8)
4. Sample tapes of readings or response groups

Using a Writing Folder

• To store student writing:
  Students should date their writing samples and file them in their own files.
  All stages of writing should be included.

• As an idea bank:
  Students can go to their folders and review quickwrites and first drafts to choose
  a piece that can be further developed.
  Students can reread or refer to previous writing as they edit and revise
  current writing.

• As documentation of student progress:
  The writing folder becomes a writing portfolio as the year progresses. It is
  valuable to compare pieces written at the beginning of the year with pieces
  written at the end of the year. Look at the papers with specific objectives in
  mind and document growth in achieving those objectives.

Conferencing with a Student Using a Writing Folder

Regular conferences with individual students are a valuable formative evaluation tool.

1. Choose a writing sample from the writing folder. (This choice should sometimes be
   made by the teacher and sometimes the student.)

2. Discuss and evaluate the sample for specific skills. At times you may look at writing
   style (descriptive vocabulary, length and structure of sentences, development and
   sequence of ideas, etc.). At other times you may focus on mechanics (capitalization
   and punctuation, spelling, paragraphing, etc.).

3. Record strengths and areas that need reinforcement on the conference worksheet
   (page 6).

Response Groups

Response Group Formats

As writers move through the writing process, it is important for them to share their writing and to receive responses from others. This response process may take several forms:

Whole class — One student shares with the rest of the class. The class listens carefully, compliments specific parts of the writing, and asks questions for clarification or more information. Each student has a turn to share. You may find it helpful to limit the number of compliments and questions.

Small group — Groups follow the whole class procedure.

Partner — Two writers work together. They take turns sharing their writing and responding with compliments and questions. A more formal response can be facilitated by having the responder fill out a response form after reading or hearing the sample. A sample reproducible form is included on page 8. Create your own form to address the specific skills your class is working on.

Modeling Appropriate Responses

Before students work in response pairs or small groups, the response process should be modeled by you. If necessary, spend a number of weeks being the responder to student writing. Be clear about what facet of the writing you are responding to (sentence structure, use of adjectives, clarity of ideas, etc.) so that students become aware of the scope of appropriate responses.

Some important guidelines for responses include:

• Responses should be respectful.
• Responses are addressed to the author.
• Responses are designed to help authors be better writers.
  “Ben, you might add details by describing what kind of a day it was.”
  (Not, “It should be longer.”)
• Responses should not compare the writing of two different authors.
• Responses are specific.
  “Sandy, I liked the way you compared the tree to an old man.”
  (Not, “I liked your story.”)
• Responses are sensitive.
  “Tom, I don’t understand what the dog was trying to do. Can you explain that to the reader in a more complete way?”
  (Not, “Your story doesn’t make sense.”)

Different Kinds of Writing Experiences

Traditionally, writing in the elementary classroom meant writing stories, short poetry forms, reports, and a little free verse. Today, everyday living involves a variety of necessary writing tasks. Successful classroom writing must connect these tasks with the instruction of writing if students are to see the importance of practicing and improving their writing skills.

Ask your students to create a list of the forms of writing that they, or their parents, have read in the last week. Their list might include:

<table>

Practice these different kinds of writing as you write every day. Broaden your definition of writing in your classroom. Write stories and poetry and reports AND, in addition, write advertisements, bedtime stories, recipes,...
About Write Every Day Activities

Following are specific instructions for the three different types of writing activities that are included for each month.

Quickwrites

Each day students write for five to ten minutes on a daily topic. The experience is meant to encourage an easy flow of written language and to develop a joy in writing itself.

The writing is first draft and should not be considered a finished product. Store the quickwrites in the writing folders. Later, students may choose one selection to share and to revise. When students review their quickwrites, they also validate their improvement in fluency.

Choosing the topic:

Write Every Day includes a quickwrite page of 25 different topics for each month. Use these topics or choose your own topics that reflect students’ interests and experiences.

Students suggest excellent topics:

• Have each student write two topics on slips of paper.
• Put the topics into a hat (after screening them) and draw one topic each day.

What to do:

1. Write a topic on the chalkboard.
2. Do prewriting - discuss words, ideas, and experiences related to the topic.
3. Pass out paper or composition books.
4. Begin writing. You may need to set a minimum number of sentences for those children who are reluctant to write. Write along with your students.
5. At the end of five to ten minutes have them stop.
6. Allow several students to read their paragraphs aloud. This sharing of ideas and language is especially helpful to those students who are unsure of what to write.

Story Starters and Titles

These forms are designed so that you can place writing paper over the story starters and titles and reproduce blank writing forms for students to use. Story starters and interesting titles can motivate students to produce longer, more complete stories.
Choosing the titles and story starters:

Write Every Day includes a page of appropriate story starters and titles for each month.

Develop additional story starters that relate to special areas of study for your unique classroom. Don’t forget that students are a valuable resource in creating new titles and starters.

What to do:

1. Present the story starter or title.
2. Brainstorm possible vocabulary and writing ideas.
3. Write first draft stories.
4. Meet in response groups to share the stories.
5. Rewrite and edit stories.
6. Produce a final copy.
7. Publish the final copy in some way.

Not all writing assignments need to be carried through publication. You will probably stop with step four in most instances. Periodically, take selected writing through all seven steps.

Writing Forms

Reproducible writing forms covering a variety of writing experiences are provided for each month. The writing challenges presented address many levels of experience and ability. Choose those appropriate to your class. Several pages for each month can be termed word play.

Word play will:

- inspire students to listen to the sound of language,
- motivate students to try new ways of saying something,
- encourage students to extend their writing vocabulary,
- and challenge and expand students’ minds.

Word play activities can be used:

- during a 5- to 10-minute time slot or full writing period
- as a prewrite for a longer writing assignment
- as a brainstorming session
- as a whole class, small group, or individual activity

Story Starters

1. It’s the fourth quarter. The score is Bulldogs 6, Home 0. Your team is playing the mighty Bulldogs. The Bulldogs have the football and are about to score again when you reach up and intercept a pass. Tell what happens next. How does the game end?

2. Christopher Columbus sailed across the ocean searching for a new route to the Far East. An astronaut sails off into the sky to learn more about space. Compare the two. Which one is braver?

3. Pretend you are Christopher Columbus as an old man. What would you say to a young person who wanted to be an explorer?

4. The Halloween party was over. I reached up to take off my mask. It wouldn’t come off!

5. The door to the living room slowly opened and in walked…

The Last Pumpkin

Imagine that you are a pumpkin — the last pumpkin in the field. The nights are getting colder and there is snow in the air. Won’t someone come and take you home to a nice warm house? You hear voices and see someone coming toward you…
Fire Safety

The first week in October is Fire Prevention Week. What do you know about preventing fires?

Smokey the Bear and all of his friends need your help. Pretend that you are going to be on television. You will tell boys and girls how to be safe around fires. Write what you will say here.

Name:
A Word Wheel

In the center of the wheel is the word said. Fill in the spaces around the wheel with different ways of saying said (mumbled, whispered, etc.).

Write sentences using your new words. Think of things famous characters might have said. Example:

“I think I’m falling!” cried Humpty Dumpty.

“It’s a spider!” shrieked Miss Muffet.
Dear Queen Isabella

Pretend that you are Christopher Columbus. Write a letter to Queen Isabella and try to convince her to give you ships and money for your journey. Think of some good reasons. She won’t be easy to persuade.
I lift my lamp beside the golden door...

On October 28, 1886, the Statue of Liberty was dedicated by President Grover Cleveland. The statue, officially named Liberty Enlightening the World, was a gift from France. In 1903, a poem was inscribed on its base. Here are a few of the lines from that poem:

- Give me your tired, your poor,
- Your huddled masses yearning to breathe free,
- The wretched refuse of your teeming shore.
- Send these, the homeless, tempest-tossed to me.
- I lift my lamp beside the golden door!

The words are a special invitation to people everywhere. Write your own invitation to people of other lands inviting them to come to America. Be sure to include reasons why you think that they should come.

Loy Krathong is a special holiday celebrated in Thailand. Loy means “float” and krathong means “leaf cup.” During this festival, the children of Thailand make little boats from banana leaves. They decorate the sides of their krathongs with colorful flowers and place a candle inside each little boat. At nighttime, the children light the candles, make a wish, and watch as their krathongs float down the river. Legend says that if the candle stays lit until the krathong disappears, the wish will come true.

If you were in Thailand imagine what you would wish for as you put your krathong into the river. Write about your wish here.

Here’s how to make it:
Gratitude

Thanksgiving is the time of year when people are especially aware of things for which they are thankful. Spend a few minutes thinking about someone who has done something for you during this past year. Write a thank you note to that person. Be sure to include an explanation of what it was that the person did for you, and why you are thankful.

Deliver the note when it is finished.

Thank You

Kwanzaa
A Celebration of Tradition and History

Kwanzaa is celebrated by many African-Americans. During Kwanzaa, families come together to celebrate their African heritage. Candles are lit in a candle holder called a kinara. Each day of Kwanzaa has a special meaning. Children learn all of the special meanings, and they receive African or handmade gifts. On the last day of the celebration, family and friends enjoy a feast, sing songs, play music, and share stories of their family history.

Do you know a story about your family history?
Write it here and then share it with your friends.
The Bill of Rights

In 1941, President Franklin D. Roosevelt designated December 15 as Bill of Rights Day. That was 150 years after the Bill of Rights was adopted in 1791. The Bill of Rights is a statement of rights that are guaranteed to all U.S. citizens.

What are your rights in your classroom?
- Do you have a right to a quiet work area?
- Do you have a right to determine what you study?
- Do you have the right to instruction in p.e. and music?

Think about your rights and then prepare your own Bill of Rights.

A Chinese New Year Celebration

The Chinese New Year occurs on the first day of the first new moon after January 21. To get ready for the new year, families clean their houses from top to bottom. They put away sharp things like scissors and knives so that nothing will “cut” the luck of the new year. The celebration includes a parade led by a long dragon. People hold up the dragon and make it dance and weave through the streets. The dragon dance is believed to chase away bad luck. Firecrackers explode as the dragon passes.

Imagine that you know nothing of this special new year celebration and just happen to be walking down the street. You turn a corner and hear strange noises. There seems to be some commotion up ahead. Describe what you see and what you do. Use words that make your description come alive.

Lullaby for a Little One

Lullabies are soft, soothing songs that help babies go to sleep. The words of a lullaby must be gentle.

- Write the verse of a lullaby.
- Use soft words and pleasant thoughts.
- Play soft music in the background and read your lullaby out loud. Is anyone yawning?

Happy Birthday, Hans Christian Andersen!

Hans Christian Andersen was born in Denmark on April 2, 1805. He wrote more than 150 fairy tales during his life. One of his most famous tales is *The Ugly Duckling*. In honor of his birthday, try your hand at writing a fairy tale. Here are some hints:

In many fairy tales:

- a hero or heroine leaves home to do something. After encountering problems, the hero or heroine accomplishes the task and is rewarded.
- an animal or an object “becomes human” and has many problems before it finds happiness.
- kings and queens are part of the story.
- magic is important.

Outline your fairy tale here and then write it on another paper.

Hopping Along the Bunny Trail

Pretend that you are the Easter Bunny. Write about the strangest adventure you ever had while trying to deliver baskets of eggs.
Chinese Fortune Eggs

Chinese fortune cookies have little slips of paper with predictions for the future baked inside. Imagine that the Easter Bunny decided to include good wishes and predictions inside his Easter eggs and that you have been selected to help write the fortunes.

- Write a special message on each of the slips below.
- Each message should be positive and unique so that the person who reads it will feel good.
- When your fortunes are finished, choose your best and share it by putting it in a plastic Easter egg.

Be Kind to Animals Week

The first week in May is Be Kind to Animals Week and National Pet Week. Think about the things that pet owners must do to provide a safe and healthy environment for their pets. Read and ask questions to find out as much as you can about a particular kind of pet. Write a list of rules and helpful hints for keeping that pet healthy and happy.
Urini Nal

On May 5, in the Republic of South Korea children celebrate a special holiday called Urini Nal. It is a day to honor children in return for their obedience for the rest of the year. Schools close so that parents can plan special activities. There are puppet shows, dancing, free movies, family gatherings, and lots of food. One special treat is made with pickled cabbage, pine nuts, and chestnuts.

Pretend that today is a special holiday just for you. Where will you go? What will you do? What special treat will you eat? Write your plan for your special day here.
The Best Gifts

Sometimes the best gifts are not presents but things that we do for people. How many things can you think of that your mother would appreciate you doing for her?

Choose one “gift” from your list. Design a certificate awarding it to your mother.

2. The child reads from the list of questions.

3. After each question, mother flips a two-color counter or a penny and answers the child. “Yes, you may” or “No, you may not.”

4. When Mother answers “Yes, you may,” the students change roles.
Happy Birthday, Jim Thorpe!

Jim Thorpe was a Native American born on May 28, 1888, near Prague, Oklahoma. His Native American name was Wa-Tho-Huck, which means Bright Path. Jim Thorpe was one of the greatest athletes who ever lived. He excelled in baseball, football, and track. In the 1912 Olympic Games, Thorpe won the decathlon and the pentathlon. In 1950, three years after his death, leading sports editors voted him the greatest athlete of the first half of the Twentieth Century.

What qualities do you think make a good athlete? Write a paragraph that describes the kind of person that might become just such an athlete.

A Salute to Shoes

The last week in May is National Shoe Week. How many different kinds of shoes or other foot coverings can you think of?

- Make a list of as many as you can.
- Tell who would wear each type of shoe.

Now, on another sheet of paper,

- Choose one shoe and one wearer who wouldn’t normally wear that shoe.
  - a ballet slipper and a soldier
  - a scuba flipper and a lawyer

- Write a story that tells what happens when the wearer wears this new shoe.
Memorial Day

Memorial Day, observed the last Monday in May, honors Americans who have died fighting for our country. Take a few minutes to think about how men and women who have fought in past wars and who continue to fight today have made a difference in your life.

Write a thank you note to all of those who have served and died in all the wars of this country.
Think of one word you use often when you write (pretty, went, nice, said, for example). Find other, more descriptive words, that you could use instead. Write each of the new words on a fish. The next time you need to use your original word, “fish” for a new word and use it instead!

Painting with Words

Here is a word picture someone painted about the color red.

Red

Sirens in the night,
A sudden stop,
The sweet-sour taste of ripe strawberries—these are red.

Roses and juicy tomatoes smell red.
Red is loud like bright lips and painted toenails.
Red always stands out like cherries on whipped cream.

Red is how you feel when you know you’re right
and you don’t mind arguing to prove it.

Red is a sharp pain when you fall
And the steady heat of the campfire on a cold night.

Red is....
cold and hot,
love and hate,
fast and slow.

Choose your favorite color. Think about things that are that color. Think about feelings, tastes, sounds, smells, thoughts, sights, and experiences that you can associate with that color.

Paint a picture of that color with words!

The period between July 3 and August 15 has been called ‘the dog days of summer” for thousands of years. The ancient Greeks and Romans noticed the bright star Sirius (the Dog Star) rose about sunrise during this period. They believed that the star added its heat to that of the sun causing very hot weather. Actually, it’s hot because the sun’s rays hit the northern hemisphere at a direct angle. During hot weather dogs do still lie around with their tongues out, panting, and everyone else just tries to keep cool.

Write several entries in a journal kept by a dog during these hot, dog days. Let the dog explain how it keeps cool.
Happy Birthday, America!

The Fourth of July is the day the Declaration of Independence was adopted by the Continental Congress in 1776. All over the country people celebrate America’s birthday with picnics and parades.

To Honor Beatrix Potter

Beatrix Potter was born on July 6, 1866, in London. As a little girl, she loved animals and kept them in her room even when her parents told her she couldn’t. She drew and painted pictures of her animal friends and used them as characters in stories. She wrote a story about a rabbit for a sick friend. That story was *The Tale of Peter Rabbit* and became the first of many classic picture books that Beatrix Potter wrote and published.

Use one of your animal friends as the main character in a story. Give the animal the ability to talk like a human and then write about an adventure that you might have together.
The Olympic Games

Every four years, the Olympic Summer Games are held. Men and women from around the world compete in many different events to determine who is the best athlete. The official flag of the games shows five interlocking rings on a white background. The rings represent the five major continents and are connected to emphasize the interdependence and friendship between all people of the world. At least one of the colors on the rings appears in the flag of every country on earth.

Imagine that you are participating in the Olympic Games representing America. You have been asked to speak at the opening ceremonies on behalf of the American athletes attending the games. What would you say?

Graffiti

Graffiti is writing or drawings that are made on walls, often in public places. It’s not a good idea to write on a surface that wasn’t designed for writing, and it’s also illegal. But it is fun to leave a message for anyone who wants to read it—to doodle and scribble and fill an area with words and pictures.

Fill this page with graffiti.
Use different pens and pencils and markers to make your messages stand out.
Write a caption for this picture.

Friendship Day

In 1919, Joyce C. Hall (the man who founded Hallmark Cards) decided that there should be a day to celebrate friendship. He suggested that on the first Sunday in August, people should make a special effort to remember their friends. In 1935, Congress made Friendship Day official.

Write a message to one of your friends.
Think of your own way to say “I’m glad that you’re my friend!”
The Lonely Hearts Sock Club

Once a month, all the socks that have lost their mates meet at Jonesey’s Laundromat. They have formed a group known as the Lonely Hearts Sock Club. There is always hope among the members. Just last month, a pair of athletic tube socks were reunited. This month, the group is planning their annual fund-raiser. Please act as the secretary and record the minutes of the meeting.

Upside-Down

Take a moment to hang upside-down from a playground bar or bend over and look through your legs. How does the world look different?

Use this page to write about an upside-down world. Be sure that your paper is upside-down.
During the second weekend of August, the residents of Van Buren, Indiana, hold a Popcorn Festival. There’s a parade, a queen, and lots of popcorn to munch on. Think of all the things that you could do with popcorn. Write a chant that you could use in a Popcorn Parade.

When you’re finished marching, be sure to have a bag of popcorn!

Popcorn Festival

Popcorn, Popcorn
Lift your feet!
Popcorn, Popcorn
Good to eat!

Abbott Thayer, an American painter born on this date in 1849, wrote the first important study about camouflage in the animal kingdom. Many insects and animals protect themselves with camouflage. Soldiers sometimes use camouflage to disguise themselves, their vehicles, and their weapons.

Can you use camouflage to hide these words?

Klondike Stampede

In 1896, George Carmack and Skookum Jim discovered gold in Bonanza Creek in the Klondike area of the Yukon Territory, Canada. August 17 is still celebrated there, as Discovery Day. Almost a year later when a steamship carrying the load of gold docked in Seattle, Washington, over 30,000 people packed their gear and rushed north to strike it rich!

What do you think might cause a modern day stampede? Write an announcement about a new discovery that would bring people from all over the world to your community.
What I Did on Vacation

Fill in the blanks to tell what you did on your vacation.

My ___________ and I decided to go to ________________.

We jumped in our _______________ and took off for ________________.

The first day we saw a(n) ___________________. It was _________________ by the side of the _________________. We stopped to _______________ but it _________________. That night we stayed in a(n) ________________.

The next day we visited _______________ who took us to _______________. It was _________________. Finally we got to _______________ where we were greeted by _______________ and ________________. We looked around and saw _________________. The weather was _______________ so we went _________________. I can’t wait to _________________ tomorrow.
Monster Mystery

Scientists are still hunting for a mysterious monster believed to live in Loch Ness, a deep murky lake in Scotland. Hundreds of people claim to have seen the Loch Ness monster; a few have even taken photos. On August 28, 1968, a team of scientists from the University of Birmingham in England did detect several very large objects moving underwater much faster than any fish known to live in the loch. Most witnesses say the creature looks like a plesiosaur, a dinosaur that lived in the seas around Scotland 70 million years ago.

Do you think “Nessie” is a living dinosaur? Look in your library or use your computer to find out more about the famous Loch Ness monster. Write a report that might be an encyclopedia entry about Nessie. Tell what you have learned.
An Apple a Day

1. Taste an apple and then fill in the form with words or phrases that describe how the apple looks, smells, tastes, feels, and sounds.

   LOOKS LIKE:  
   
   SMELLS LIKE:  
   
   TASTES LIKE:  
   
   FEELS LIKE:  
   
   SOUNDS LIKE:  

2. Use some of the words from your form along with other words in this poem frame. Follow these rules:
   - The last words in the second and the fourth lines must rhyme.
   - Only one word may be placed in each space.
   - A word may be used only once.

   __________, __________, __________, __________,
   __________, __________, __________,
   __________, __________, __________,
   __________, __________, __________,

3. Read your apple poem aloud and enjoy the sound of the words.
Frankenstein Night

Mary Shelley, born on August 30, 1797, wrote the novel Frankenstein over 160 years ago. It is a famous story about a monster that was made from parts of dead bodies by a scientist. The monster’s name is really Adam, but most people call him Frankenstein. Just reading about what the monster is like sends shivers up and down your spine.

Think about a time when you were frightened and write to tell all about it.
