Hard News:

R: a full day with the energies that are happening: we are being called to active duty like never before!

- Has heard so many things today, from the most subline to the most intense
- Has to do with the next moment when everything that is unlike love is called up to be healed

George Patai of Star Trek was on Amy today: speaking of Jan Brewer vetoing the bill

She got leaned on by the NFL! The bigger story is in essence about love, and planet earth calling us all to active duty in the moment.

Randi Rhodes – we are watching our law enforcement officers being turned into terminators

- The urban centers of the US are not Afghanistan or Iraq; the police
- Go to Democracy Now.org will see the story – the police are militarized to the point of creating Iron Men and the police are indiscriminately killing people outright
- People having trouble hearing T & R

Guests: Michael & Chris

- **Michael Hanley**, who is from Indiana, has been involved with health-related issues, as Marietta has; he is passionate to help people to gain and maintain good health and building a business if that is what they wish to do
- Michael introduces **Chris Boucher** who started a movement in the US: the legalization of growing hemp, helping people to understand hemp and hemp oil, and what it can do for us.

Chris Boucher

- started this path in 1990, introducing industrial hemp to farmers; can go back 9 – 10,000 years and talk about hemp
 - Industrial hemp has high levels of CBD and low levels of THE
 - All kinds of studies on hemp and cannabinoids
 - Has developed products – in the last 20 years, hemp has really moved forward – 9 different states have gone legal in the Farm Bill Obama has just signed
 - Industrial hemp has been legalized after 46 years of doing this!
 - 9 states and their industrial hemp legislation is now legal; all other kinds of states will now join in
- next step is to find out which hemp seeds will grow in what parts of the US.
- To find out who is working on the bills in the different states
 - www.votehemp.com has a comprehensive listing of material relative to all states and their situation relative to hemp [industrial hemp laws, what is happening]

What about the healing properties of hemp?

- Endo cannabinoid system & what cannabinoids do within that system– google this ; this was only discovered in 1992 -
- Brings up the subject of “runners high” - when runners run, they create cannabinoids and these regulate all kinds of systems in our bodies - the research on endo cannabinoid is exploding; this CBD is also in echinacea & other things,
- However, Industrial hemp is the mother lode of cannabinoids – ancestors used it all the time, only since the 1930s was it taken out of human diet
- Due to a mistranslation in the bible, the hemp oil used by Moses and other rabbis was called something else and people have been deprived of the healing properties of hemp oil which was used up until the early 20th century when it was removed from the vocabulary of healing

Michael: the rest of the plant can be used for all kinds of other things

Chris: Once the plant starts growing in the US, will be an agro economic boom: plastics, fuel, textiles, oil, nutritional seed oil which is the only one that matches the human body's ratio of essential fatty acids. The protein powder is very good and is more digestible than soy and other kinds of protein powders.. Can see hemp in yogurt, cereal – will go into a multi billion dollar industry in the next 5 years.

Michael: launching a company this weekend

Chris: the company is about educating people on the benefits of the products

- [The Emperor Wears No Clothes](#) – a book by Jack Harra - about the entire history of hemp;
- every ship that crossed the ocean had a hemp sail; a cotton sail wouldn't get you across the ocean!
- The Founding Fathers grew hemp

Source of info: www.mycbdresearch.com has nearly all of the studies related to hemp

Michael: • Chris is the most respected person on the subject;

- They have a hemp oil that is 99% pure – the closest company can only reach 55%!
- To get an idea – take www.thebuzzlaunch.com
 - Go to bottom of page immediately where it says JOIN NOW.
 - Sign up using CODE 6707880 – this is Marietta's number; we can use it for the name of a sponsor
- Then we will receive information on the company and if we wish, we can take on more
- There are 2 products being offered: a cream which helps with pain;

an electronic cigarette craze that is happening now – people who smoke can get healthy;

MR: there is so much in the air today – this could be a great help for people who are dealing with bronchial congestion due to pollution

Michael: vaporizing the oil will certainly help people.

T: what about rancidity of the oil?

Michael: this is 99% pure which will help it to last longer – it is good for at least 2 months

- He will find out the answer and give it to Marietta

T: the protein powder has the same issue. M King says hemp seed has mould in it.

Marietta: keep raw hemp seed in the freezer.

Second guest: Dr David Hulse

www.somaenergetics.com

In 2 weeks, March 13 will have a workshop on Solfeggio Tuning Forks, and the DNA are the new ones.

David talks about the idea of tuning things – pianos, cars, etc, but not of the idea of tuning up people.

Google “tuning forks”, sound vibration” or “vibrational techniques” – gives lots of info

- He is interested in the DNA, the blueprint for all species on the planet, and we all share 99.9% of DNA and vibration and sound are the hallmarks of living beings.
- If everything is energy and all is vibration, how do we know what is a tree and what is an animal? Has to do with variations in frequency: organs, blood, and other things all have different frequencies.
- His interest was in getting past people's belief systems based on culture, society, religious beliefs that each of us are all brought up with –
 - by going through all the layers of the onion, he can get to the center of what we are: sound & vibration.
- As humans, we are 80% water: with thanks to Dr Emoto and how water molecules change shape through intention
- Ref to another doctor Hans Jenius of Switzerland – science of cymatics

• **528Hz – google this to get a lot of information:**

There is a huge a movement to put this frequency into water all around the planet – it's a frequency of the sun, of love, and it had once been in western music until the 17th century – the Gregorian Chants

Five other frequencies were also taken out – the church went away from the Latin & the frequencies

- His research shows that David who wrote the Psalms wrote them based on **the Solfeggio tones**
- He handed these to his son Solomon, and then they were lost,
- They were discovered again by the Catholic church who used them in Gregorian chant, and then wuite using them when they abandoned latin and for other reasons, as well.
- 1974, Dr Puleo was a scientiest, a researcher who had a mystical experience and brought them back – this is the third time they are available for people to use. **[SEE BELOW]**
- In 2000, David began to get downloads and understandings about how to use the tones – and he is staying true to Dr Puleo's findings
- Discussion of the energy fields around the body – the reality is that before the physical, the 5 senses do not see what is happening before the physical
 - The higher frequencies around our body [aura] become more and more dense
 - The body is continuously re-creating itself; the energy to do this comes from our bio-etheric body
- The “bio” refers to the biology we cannot see – he explains more .
- A book that inspired David: Dr Richard Gerber Vibrational Medicine – explains how the etheric body gives us the physical body
 - Marietta and David worked with Robert before he passed: they worked on radionics and other such healing modalities
- The work he does is integrative – intergrates anything we are doing gets a deeper result with the vibration of a tuning fork! Amazing! The tuning fork can be used to [128 Hz] integrate nitric oxide.

- The physical body is the effect of what has happened through the subtle energies around the body -
 - David explains how everything works: the majority of our diseases are in our etheric body 6 – 12 months BEFORE IT BECOMES PHYSICAL. The tuning fork **is a preventive thing.**

THE CONVERSATION IS VERY DETAILED: PLEASE LISTEN TO THE RECORDING FOR THE ENTIRE DISCUSSION. ALSO, A CALLER ASKED A QUESTION THAT LEAD TO ANOTHER DETAILED DISCUSSION.

MR: if people want to connect with each other, let Marietta know at stargatemarietta@gmail.com 317-773-0061 and she will connect each one.

David's schedule www.somaenergetics.com Telephone: 980 – 949 - 8921

- In 2 weeks - Thurs pm: at Marietta's place north of Indianapolis
 - 7:00 on Thursday - the Fibanacci series
 - Level one on Fri, Sat Sun – in Indianapolis
- April: Charlotte, NC
- Austin TX, Nashville, Chicago, around the Boston area

Also have a **personal kit** for those who don't want to be practiioners but just to get self "in tune"

- the OM tuner which is the most powerful
- the 528hz tuner - does so many things!
- A crystal angel tuner – gives a high frequency which is wonderful for clearing space!
- A CD which is a solfa CD – it is the solfeggio above the 7th frequency
- Can order the kit and get the instructions on how to use it
 - Can use it on animals, especially horses
- It's \$149

Marietta: has all of the forks that people can play with

David: Combo10 – the code we can use to get 10% off the combination of tuners, discussed above.

Hard News:

R: talking of Obama's presentation at the White House today, his father was Malcolm X, but he did not say that, only that his father was not present and he was angry about it what he said, how it affected those present: the auras of all present were affected by what he said!

Also George Patai on Democracy Now talking of his experience being in a Japanese internment camp at the age of 8; about pulling himself together, and going to acting school; meeting Gene Rodenberry

- George talked of the greater mission of the greater good on the planet now - does not matter where we are from: **WE ARE ALL ONE.**

R also talked to Captain and Mr X: lots of **false stories** out there about Obama being on the run, etc -

- have nothing to do with the real world - this is the fake doom world which has to do with the oligarchs who are playing with folks who are not in alignment with the greatest good of what is unravelling

T: there have been rumours about the new gov't forming in Ukraine

- Pres Yanokovich still claiming the presidency

R: has heard that Putin is giving asylum to Yanokovich, yet there are war ships out there

T: has to do with the fear that the US and Europe might interfere with the sovereignty of the countries there

- Crimea is a peninsula - has been a political football for a long time: at the end of 1945, at the meeting between Stalin, Churchill and Roosevelt met in Yalta to re-draw the map of Europe

- Crimea is about the size of Sicily; it became part of Russia in 1783 and was incorporated into the USSR. When Stalin died
- Khrushchev transferred the administration from Russia to Ukraine and when the USSR fell apart, Crimea went with Ukraine
- In 1992, to diffuse ethnic tensions, Crimea was given wide-ranging powers. Sebastopol is the home of Russia's fleet, and Russia has a lease on the port to 2042.
- The tension in Crimea is a microcosm of what is going on in Ukraine. A group broke into the admin building in Crimea - 25% speak Ukrainian, 65% speak Russian - quite a scene.
- Thank god we have Obama in the US - cannot trust Angela Merkel or any of the others!

MR: T & R are no longer on the call, as many could not hear them!

Rainbird: people have problems hearing T & R

Various items:

Rama talked to Mr X

- That Obama had escaped from the White House: being said at the same time Obama was making the presentation in the East Room: the difference between what the Republicans would like to have happen, and what is really happening.
- **The CIA is doing Black Ops and creating programs which are integrated as disinformation to the various light worker sites**
 - NESARA Blogs and forums: webmaster John Macaffrey is a CIA operative, another one is connected to another Nesara site and dinars - all kinds of disinformation all mixed up with stuff that sounds like NESARA information .
- The global settlement funds this one is talking about is not correct: they were already settled in 2008 by Heidi, FACTION 3, and this one is Faction 2 saying it is not settled - but it is!
- During the global settlement funds in Oct 2003: the entire old economy of the powers that were, we went financially inside NESARA law on that day, although there is still a program being played out.
 - **Obama was elected inside NESARA law:** what has not happened is that the enactment of the law has occurred which means that the public needs to know
 - Has to be enacted publically - however, certain actions have been carried out within NESARA law so that when it is enacted, the actions are completed that are needed to enable easy movement forward.
 - Major arrests began just after Obama was elected
 - thousands and thousands of criminals have been arrested and put on prison ships and are being kept there;
 - the Fitzgerald Tribunals, the Franklin tribunals, the World Court Tribunals, the Kuala Lumpur tribunals on Israel - all of these things have been worked on: the people who have been tried have been indicted, convicted and they will be executed in the the Hague according to Nesara Law
 - this work has to be completed before the enactment can be made

MR: brings up an e-mail she received **about being inside the Republic** & that everything was finished and over, and all things would be finished.

- got it from a friend who got it from someone else who said he was from a very high source:
- Rama says it comes from NESARA Blogs and Forums - it is a fake and has nothing to do with NESARA; they ARE NOT IN CHARGE!
- **We have been inside the Republic since Oct 10, 2000 when Clinton signed the bill into law.**
 - All that has not happened has been the enactment; yet there have been stages of things that need to happen before the final enactment.

- The CIA is sending out disinformation to the various light worker sites [here is the listing]
 - NESARA Blogs and forums is a fake
 - Rumour Mills Raelyn Allent falls within Faction 2] they talk to agents just waking up from
 - Rense.com Jeff Rense - falls within Faction 2] heavy mind control programming who want to]share what they know
 - Sheldon Nidle]
 - Cobra]
 - Prepare for Change.com]
 - Hollow Earth]
 - The Event]
 - All with good intent, but overshadowed by the powerts that were by the C blank A casing a shadow over the sites:
 - Those on the sites are essentiall saying don't worry; sit back and don't do the work & the mission that we have to do.
- Talks about Mr Putin / Ukraine & Crimea - sounds like **Faction 1 - nazi collaboration stuff at the lowest possible level** - T has heard on a variety of sites that the people in the different areas in Ukraine do not want to fight: do not want their countries being used as a proxy war site.
 - Le'ts call out the sabre rattling!
- **We are already in the Republic:** Amy Goodman said we will be seeing the criminals in Congress arrested; they will be falling like flies!
 - **Amy is one of the 19 people who will be on the announcement stage** when disclosure is announced.
- As R said earlier, we are living in militarized police state, killing people down to the age of 6!
Police keep no records so they cannot be held accountable
- Since Oct 2000, they will all be held accountable for every single act that hs been done with impunity - the White Knights have kept track over every single thing - SINCE OCTOBER 10, 2000!!!!

Closing: MariettaRobert

INFORMATION RELATED TO THE NOTES

2014, Feb 10 President Obama Signs Federal Legislation Removing Barriers for U.S. Industrial Hemp Cultivation; CannaVest Corp and US Hemp Oil Poised to Lead Resurgence of Domestic Industrial Hemp Industry

Hemp Law Opens the Door for Global Hemp Industry Leader CannaVest Corp. to Usher in the Next Phase of U.S. Domestic Hemp Market

Source: CannaVest Corp.

SAN DIEGO, Feb. 10, 2014 (GLOBE NEWSWIRE) -- President Obama signed the U.S. Farm Bill into law today, which includes a significant provision removing federal barriers to hemp production in states where pro-hemp legislation has already been enacted. [CannaVest Corp](#) (OTCBB:[CANV](#)), already the world's largest industrial hemp company, is poised to lead the resurgence of the potential \$1 billion domestic industrial hemp industry, through key company investments and acquisitions, including its Production and Manufacturing Division- US Hemp Oil (USHO). USHO was established to facilitate the U.S. demand for industrial hemp exports, and plans to be in the forefront of establishing the domestic industrial cultivation and production infrastructure.

The new law recognizes the legal differences between industrial hemp and marijuana, and represents [the first time that "industrial hemp" has been defined](#) by federal law since the plant was banned under the 1970 Controlled Substances Act.

[CannaVest Corp.](#) has been investing in emerging industrial hemp companies, technology and intellectual property, and recently established US Hemp Oil (USHO) as a manufacturing and distribution vehicle to facilitate the demand for U.S. industrial hemp imports. USHO has also been developing strategic alliances with American farmers and farm unions, under the direction of Chris Boucher, a twenty-year veteran of the Industrial hemp Industry.

"Currently, 100% of the \$550 million of hemp products we use in the U.S. annually are imported into the country. Hemp can be used in approximately 25,000 different products, from beauty and health products, to food and construction and automotive materials. Legal cultivation could provide the biggest agro-economic opportunity in the United States the last 70 years," states Chris Boucher, an executive at US Hemp Oil.

As the founder and CEO of one of the first hemp product companies in the 1990s, Mr. Boucher brings valuable business industry knowledge to USHO. Mr. Boucher also was the co-founder of the Hemp Industries Association, one of the first formal Hemp Business Associations, and he also has the distinct honor of being the first person to legally grow hemp in the U.S. in 1994, when he cultivated a hemp research field at the U.S. Department of Agriculture's Research station in California. This year marks the 20th Anniversary of that accomplishment.

Under Mr. Boucher's leadership, USHO is committed to leading the resurgence of the U.S. agricultural economy through the growth, processing and distribution of domestic hemp products.

"Our goal," according to CannaVest Corp. President and CEO Michael Mona, Jr., "is to bring back jobs and opportunity for farmers here in the U.S., and to revitalize rural communities."

Currently, 10 states have varying regulatory approvals to cultivate industrial hemp, including California and Colorado. USHO has already established inroads with local legislators, authorities, and farming associations in Colorado, where US Hemp Oil plans to cultivate industrial hemp, invest in seed mills and production equipment, and to develop and distribute products such as hemp oil and hemp protein powder.

In California, where limited cultivation is permitted for research purposes under the state's [Industrial Hemp Farming Act \(SB 566\)](#), USHO and Mr. Boucher will lead our research efforts including testing correct seed

cultivars for specific climate conditions, quantifying seed oil and fiber for the purpose of producing food, feed stock, building materials, and other industrial products. Mr. Boucher is joined by Dr. Josh Hartsel, Ph.D., who will be performing selective breed tests and laboratory analysis, at our research facility in San Diego, CA.

Amazing Technology: **The Amazing Sound Frequency work of Dr. Joseph Puleo**

<http://www.robertghostwolf.com/newtecha/newtech-2.htm>

Dr. Joseph S. Puleo is a naturopathic physician and one of America's leading herbalists. He is an internationally respected consultant and adviser in the fields of Integrative science and healing techniques, who directs a multidisciplinary care facility Northern Idaho. As well he is co-author of one of the hottest books on the subject of alternative health, "*Healing Codes for the Biological Apocalypse*," by Dr. Joseph S. Puleo and co-authored by Dr. Len Horowitz.

Dr. Puleo undertook a remarkable personal endeavor and personally investigated 2,000 years of religious and political persecution and the latest technologies being used to enslave, coerce, and even kill billions of unsuspecting people around the world. They explore the latest biological weapons being used for genocide, and the electromagnetic technologies actively unleashing their ungodly terror. Fungal infections that resist antibiotic treatments, and 'mad cow disease' prions are a central focus.

Prions, scientific investigators have discovered, are crystal-like structures that appear to be spreading through fungal infected grains. The authors advance the likelihood that these human prion epidemics are not an accident. These infectious crystals, like silicone 'biochips,' may provide an electromagnetic frequency receiver and internal energy transmitter to enslave and sicken humanity and control world populations. The book then reveals the divine musical tones destined to be sung by the gathering critical mass of '144,000' people required to establish 1,000 years of world peace.

The first note, "UT-quent laxis," is defined in Webster's Dictionary as "the Gamut of dramatic emotion from grief to joy," and "the whole series of recognized musical notes." It has a frequency of 396 cycles per second, and is also associated with a "magnetic field strength equal to 105 power gauss," or 100,000. The second tone, "RE", short for "resonare fibris" or resonance, also correlates mathematically to 144,000. The third note, frequency 528, relates to the note "MI" on the scale and derives from the phrase "MI-ra gestorum" in Latin meaning "miracle." Stunningly, this is the exact frequency used by genetic biochemists to repair damaged DNA the genetic blueprint upon which life is based.

This unique body of knowledge has been formulated by Dr. Puleo into an actual class that you can participate in. We hope you enjoy your journey into healing by simply clicking the link highlighted below.
