Pastor Deborah Bell & Mr. Edward Payne, Presenters

Program Summary

Would you like to build Momentum by reaching the least, the last, and the lost? What if you could reach beyond the walls of the church transforming ministries into community programs from conceptions to implementation?

This workshop will provide ideas of how to start new ministries with little resources, building relationships in the community, providing needed programs that are both effective and vital to rebuild and restore the community. This presentation will provide information for identifying the needs, assessing the community, and creating a 501© 3 organization to assist in resourcing the new ministries. Learn how to make disciples for the transformation of the world.
