HARD NEWS:

T: a serious situation: owe BBS radio \$1025 for 3 weeks

R: need food and gas

- only 2 contributions came in today
- **LM Nada addressed this:** this saves the world in a real practical sense, it is bringing the Office of the Christ and everyone needs to contribute something to support the manifestation of the New Sara Law, the bringing together of the feminine and the masculine energies
- this is the most important week for this to occur
- Remember that LM Nada has been in charge of this country since 2007; she's a special lawyer of the World Court, and she is the head of the Solar Tribunal on Saturn
 - it is within her mandate to ask us, as **it is about the mandate, not the messengers, as this reaches all across the planet.**
- Along with regular contributions, we need to invite other to join with us.

R: went up to a place close to Santa Fe: in 1620, there was a pueblo and a fort there called Fort Marcie – can look it up on the net

- There is a place called the Cross of the Martyrs with energies he has worked with
- He went there and pulled out his quartz crystal grid so he could shake things up a bit with the new moon and the solar eclipse
- He hooked up the grid to his cell phone battery and 2 copper wires and some water
- Was sitting in the parking lot and a vortex opened up - a flat screen over the crystal; he saw RanaMu in her office in the DOE and surprised her!
 - That platform is about 6" x 7.5 " with very clear crystals
- He said Hi, and she said "Hi! Now you have figured out how to get the screen for this local area, please shut it off before you and I get noticed! You have broken into the hologram!"
- he put everything away and a police car drove up; it was his friend Lorenzo from the 90s – he asked "What's up? "
 - L:** "Hey Rama! Are you calling in the ships again?"
 - R:** "Yeah. BTW, do you know someone called Anonymous 7½?" and he put his fingers to his lips, and shut everything off in the cruiser and on himself and said "Yes, I do, and we have won! " R says this is big because it's coming from some guy you would never expect to hear this from.
- Yet, they are everywhere across the planet working with the White Knights and the Forces of Light but they have taken an oath to do what they have to do until the time comes to not.
- Lorenzo said he knew this was about nailing the war criminals who did 911, and that it is world wide. He said he had to go and they are on the same mission, and he knows how deep the rabbit hole goes! He has really grown up since the last time T & R saw him.

T: please help us – need to pay for THE RADIO – Need both the RADIO & A HOME!

- Also CLICK ON THE NESARA BUTTON AND READ AND SHARE THE 36 PAGER ON NESARA www.2013rainbowroundtable.ning.com
- This is going to engulf the entire 13 families structure & remove them from the power structure which they usurped ; they are reptilians who invaded this planet and they don't belong here – this is an intergalactic war crime

Native America Calling: this morning, they talked about the Star Nations

- talked of Richard Boylan and the Sun Dances done every year, & the ghost dance
- Also of the Ant People from Orion; they look like ants but are within the Office of the Christ and are part of the Asthar Command & Intergalactic Confederation of Worlds and have sworn allegiance to peace: they are very smart! They started coming here before the time of the super continent of Pangea. They were part of the terra formers who created the way some of the land masses go about their business on the planet.
- When R Said good bye to Lorenzo: when that screen opened up, the energies of his aura went all the way out to 7, 8 9th dimensions – he was in a multi dimensional experience for a moment: he got dizzy and it took a while to get grounded again & have his aura close up around his body
- T has spun the crystals with R and others, best to be done when it is overcast
 - you can get nauseous and sick to your stomach & dizzy
 - When R got home, he sat down, didn't look like he was in his body, and then went and threw up – it is throwing up the energies which we have been swallowing that are out of alignments
 - Everyone he has been talking to say this particular equinox . . .

Caller: we've had some very important visitors from the planet Saturn for the last 2 weeks; understands that the tall black beings have been arriving here

- They are part of the Solar Tribunal Council & work with LM Nada: they are here to kick ass and take names concerning Israel

Caller: we are very very close; Asks about the 2 secret service agents who were intoxicated and drove into a crime scene at the White House

- there was a real screwup going on at the time, and it has been going on for some time
 - it's not an accident; these are the Black Ops of the 13 families: it is hardball time
 - the police just killed another young man standing at the door in his slippers with his mother standing outside the door watching; he was standing with a screwdriver in his hand – his mother did not realize this.
 - the police were supposed to be taking him to a mental institution; when the policeman pulled his gun, he got more disoriented; the police killed him with 5 bullets to the chest
 - we have a criminal gangster bankster police things doing on
 - It is only because of Faction 3 & the galactics that Obama is alive
 - All in the police, CIA and other groups are racists
- Something positive by Barack: he said in a speech that it is time that we could overcome this money game by having every single person mandated to vote like in Australia; you vote or you pay a fine; they have a 99% turnout every year in Australia
 - As John Lewis said, the vote is sacred.
 - Having that kind of turnout means everything is more scrutinized including the policies that people being voted for stand for
- Something was stuck into the Defense Bill about land in Colorado along the Grand Canyon
 - The Republicans, in December, in the very long Defence Bill, put in a provision that allowed the land to be taken from the Native American people and given to the mining company with no communication or discussion: Apache land

T asks how could that possibly happen? The documents were so long people don't read them!

- This happened with the NESARA bill: It was a 250 page document and pulled off the table on 1999, Dec 9th, Bush Sr pulled it off the table & shared only with the Bush elitists - no one got to see it

Caller: on the Forex, there is an Iraqi exchange: ISX. Is it really true that the Iraqi economy is on the Forex?

R: does not know

T: the entire global economy, as it is, is shutting down: there is nothing valid there

R: as Max Keiser says, there is Artificial Intelligence making the alghorhythms doing trades every nano seconds, and the machines doing the trades for major corporations who only want to rape the planet – something really sick here!

T: bringing up the sinister things going on: remember Shinzo Abe who sent the 3 ninjas to attack Obama when he was in China last year

- someone else calling up Carolyn Kennedy on her private phone, threatening to murder her, because he wants her dead
- Tom the Cat said she is getting ready to expose Abe as he is a Yakusa pimp and a murderer and she is about to expose him.
- We are in the most important week ever! Lorenzo, a local policemen, already told Rama we have already won!! And he could not tell us how but he knows it's true
 - Anonymous 7½ is a NM State Trooper yet he's a Faction 3 White Knight; he's black, works with KOS; he's very imposing when you are standing by him!

Caller: can you say Saturn? **R:** yes, I can say "Saturn"!

T: there are Saturnian beings on the earth, and when you are not as tall as they are: just imagine standing beside someone who is at least a foot taller than you are!

- There are galactics all over the ground & we will likely meet them every day!
- RanaMu is only 4'2" tall and she's a grown up, from 175 million years into the future; she's an **Asani Wingmaker**

- Time to learn the Language of Light
- An Asani is a person who has ET DNA from Zeta Reticuli, as well as human DNA; their fathers is Zeta and their mother is human; were conceived on the ships
 - the Asani are at least in the 24th century & beyond, from the future, where these things have already been healed
 - She has experienced 175 million years of future time, and she brought that 175 million years of knowledge to this time; her presence in this world represents the healing of this world – she saw 1/3 of the Milky Way Galaxy destroyed by these reptilians that we look at and think are humans, running the show.
- Netanyahu rigged himself into office with the help of multi millionaire Shelly Adelson – don't know how much money Adelson gave Boehner to invite Netanyahu to talk to Congress
 - The night before the election, Lukud [extreme right party] had 27 seats; the Zionist Union party & Herzog, was reasonable in terms of the progress that could be made in the Middle East
 - Yet the outside plan was to nuke Iran, kill lots of people, and make lots of money & Dr Keshe gets to use his space ship technology. This **plan is being nipped in the bud**
- the awareness of timelines is quite critical and how to navigate our galactic brotherhoods and sisterhoods working together with us consciously on the planet, whose participation has been going on for a long time
- It's quite a thing to listen carefully to Obama's messages these days, with his demeanor and the First Law of Love of being calm which is what he represents
- There's a special **wingmaker called #15** who did a mind meld with KOS who then could speak, read, write & translate 22 languages fluently –
 - Mind Melds happen in future time: in **Star Trek**, this happened in the 24th century
 - the Asani now heal the timelines and the relationship between two races, 2 different species [galactics and “non-galactics”]
 - The reality is that over 95% of the beings in the Universe of Nebadon have some human DNA

Caller: asks about the Milky Way Galaxy and the 1/3 missing part

- when RanaMu was talking about what the Universe of Nebadon looked like 175 million years in the future when she came back to the present, she said 1/3 of the entire galaxy that we see now was gone, destroyed by the same characters that appear in this present time to be humans, the reptilians we call the 13 families
 - Because all time is present, the **present and the future are like simulcasts** so we cannot say that event did not happen yet; **it did happen;** the MWG was destroyed by these ones we see before us now that look like humans & are reptilians [from off planet]
 - yet we have the ability to reverse these things as we become aware or are in a greater wisdom from having received greater frequencies which we experience and incorporate into our own beings
- The Wingmakers came here from the future to nip it in the bud, in this time/space continuum, at this time, because actually **we are in a time /space continuum that covers 450 BILLION years.** This is an idea we don't quite grasp as we are trying to relate a linear way of thinking to a non-linear way of thinking, to a simulcast way of thinking that all past, present, future times are going on at the same time, all the timelines - those with certain intentions when not interrupted and reversed or eliminated literally -
 - this point in time was the ideal time to make this change: the idea of Harmonic Convergence & beginning the movement of the Photon Belt moving the planet into the Milky Way Galaxy from outside of it
 - How many people realize that we have not been inside the MWG for a very very long time because of all the many intergalactic wars going on which caused a disturbance in our

solar system?

Caller: So this is about the actual healing of **all** the time lines?

- Yes all timelines are converging into the present, which requires [of us] higher intelligence, higher wisdom, higher knowledge
 - this is not about anything that appears to be going on in this 3rd dimension, this consciousness, it's about **what we have not been aware of** and taking into consciousness now, what has been going on in all multi-dimensional realities, happening all at the same time in all the multi dimensional realities. We are multi- dimensional beings, and we have to become aware of this.

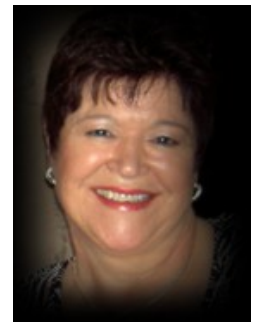

CL: It's like a gift that they bring to us by coming back to clear and clarify for us what does not serve us all going forward. [the entire Universe of Nebadon, not just earth]

- such a big subject: nice to be reminded of what is happening around us universally that these beings are here to heal what would have been!
- **R** opened up his cell phone on Thursday, had Tara look: there were hundreds of star ships over California; showed her several others from other places – so many galactic sightings at this time and people seeing them now; people are picking up on these vibrations

Guest: Omena

- going to share a lot about the **litany of the soul** which is a creed to live by
- Will discuss the ego of the soul and the ego of the personality

- **ego of the soul** is encouragement, gratitude and observance; they are the god/goddess qualities of our soul and are expressed universally and individually
 - ego of the soul has universal heart and expresses itself through the group of people in support of saving the earth and Human kind from destroying itself
 - individual souls often

- Ego of the personality : negative ego of the personality is envy, gratification & obsession which separates us from our soul's purpose

Our soul's purpose is to think individually, act as a group and collectively agree what is for our highest good at all levels.

our soul teaches us acceptance, abundance, compassion, dignity, humility gratitude,

- teaches **acceptance**; if we don't accept this, we experience rejection
- if we come to self-acceptance, we can accept others and their soul journeys – not to agree, but to respect and accept

Our Soul teaches us **Abundance**: if we do not learn this lesson, we experience poverty of the soul: this expresses itself as we can't see anything good about ourselves and we live lives of always wanting – so which ego are we expressing?

Our Soul teaches us **compassion**: as we don't learn, we experience judgment and when we judge others, we are judging ourselves – can only do one or the other! Are we responding to someone else out of compassion or out of Judgment ?

- becoming aware of the difference between compassion and judgment

Our soul teaches **Dominion**: as we don't learn this, we experience domination by other

- Dominion is looking at the whole and doing what is for the higher good

Our Soul teaches **Dignity**: as we don't learn this, we experience shame

- often learn this at very young age and from being shamed, and not treated with dignity

- often people go around carrying secrets because they are afraid of judgment and lack of dignity

Our Soul teaches us **Gratitude**: as we don't learn this, we don't know joy!

- Life without joy is very sad as there are many things to be grateful for
- If we go through life expressing gratitude for the smallest things, then that impacts our daily life.

Our Soul teaches us **Humility**: as we don't learn this, we experience humiliation

- not about piety or silence but being humble enough to be human, and not let the -ve ego to come in
- any time we have been humiliated – because we weren't humble enough and didn't know the difference – humility brings in abundance

All these attributes add up to our personal power; in order to experience the spirituality of our soul, we have to stand in our personal power & if we don't do that, we are in powerlessness.

- powerlessness means we don't have a voice; we think we are not good enough
- when we stand in our own power we learn the difference between doing the right thing and doing what is right.

MR: what you are helping us to understand that maybe what we thought we knew is backwards

O: yes – when we come from our spiritual place, we see life is a hologram, and as we turn around and see the real reason why we are here, then it makes a different energy altogether

- our personality ego became so negative, we thought it was all about us
- it is all **about us AS A COLLECTIVE GROUP** : – the soul helps bring in an awareness and a richness to our lives – we only treat others the way we treat ourselves.
 - it's about becoming consciously aware of how we are in the world, and are we practicing these qualities in the world
- Most people associate abundance with monetary gain: the truth is abundance is all around us, and as we practice gratitude for what is all around them all the time, we change things for ourselves.

To call in: 888- 429-5471 toll free with questions

MR: Omena has just returned from Ireland and visiting all her family – had experiences related to spiritual understanding

O: went to visit a man who survived cancer of the neck and throat– a 12 hour operation to remove a tumour, with a 1% chance of survival;

- She went to meet him and do a reading and he asked Omena & friend if they wanted to attend a mass being said in a home.
- O was wondering why she was there because she thought the person she was visiting [Liam] was one of the apostles she was supposed to meet; then she realized the priest was not a regular priest and that he was looking up to the ceiling and she realized he was channelling!
 - Then he started talking about ask and you shall receive, and knock and the door will be opened; then the priest stated talking about St Postina and Omena knew all about that nun who was out in the community talking to the souls there, and the nun was very suppressed in the church
 - because of her, the priest was giving healings and she, her friend and Liam were watching –
 - Liam goes up, does not fall down; the friend does not fall down; Omena goes up and she falls down; there's a man behind you in case you fall down and it feels like falling on air – both Liam and the friend were shocked that Omena had fallen down - O said it was all about her being humble enough to receive!
 - Friend goes to talk to the priest, and Omena gets the message to tell him who he is: she

told him she was a spiritual medium and he told her to not stop doing her work; she told him to look up James the Lesser, as that is who you were in Jesus' life – and he did not blink an eye! Just by taking the chance she met another apostle!

- He's probably the 7th one she'd met in this lifetime: he is a spiritual being and does a lot of channeling

- On the way home, arrived at Kennedy Airport, has her red bus pass to go home to Hartford; Gives the lady the pass who says the next bus is at 11 pm, and this is 8:15!
Omena says Not in my reality! And then "God get your ass down here and fix this!"
 - The lady calls back: the bus will be here in 10 minutes and take you to New Haven; not only that, it takes her all the way to Hartford with not stops!!!
 - That's faith: she demanded, she knows it's going to happen and it does.

MR: you didn't have to change anything?

O: she never stopped – went right from Kennedy Airport to Hartford railway station!

- This always works: when she demands it, it happens: god, you've gotta make this happen! And it does!

T: how long was the drive?

O: three hours! She was expecting for him to say she'd have to get off at New Haven:

She said nothing; she was so grateful to be going home! She was the first one he dropped off. She puts this down to faith – when you want something, there can be no doubt anywhere in your mind or body

T: this also means you have to be mindful of your own intentions because you might have something going on that might manifest that you don't want.

O: when the lady told her that the bus doesn't come until 11, Omena replied "This is not in my reality" and the lady looked at her as if she was nuts!

Caller: how do you know if you've done enough clearing out for your past family members who have passed on.

O: this depends on what is in your emotional body; when someone passes on, your grief is equal to your love for them

- if you have unresolved issues with the person who has passed on, you can do a meditation or bring that person in

Caller: person's name is James, her father

O: he's at peace and is learning acceptance, humility and what love really means

Caller: Glad he's at peace; there was a lot going on when he was passing over

O: they don't take what is going on around them when they pass over; the people left have to come to peace – resolve conflicts and forgive themselves

- her father is not telling O what went on

Caller: he had taken the girls out of the will because he was made at them, and he told the brother to put them back in the will; her brother took off in the middle in the night, bought a house and a car

O: her brother Jeremiah thought he was entitled to it all; let it go, as karma has a way of balancing things

Caller: What her brother did

O: Father is at peace; Jeremiah has to live with his decision and sooner or later he is going to have to deal with it – trust it, it works. And her father is sorry for being angry.

Caller: what about dreams within in dreams?

- She, her mum, sister have them, and it is always about their grandfather's house – thinks it might be a portal or something

- gives the address for Omena: house needs to be cleared – does not have to do with Grandfather: name is Lester Walker and there are people walking in and out

O: it appears the house is built close to a burial ground; some souls are earth bound

- you can do a cleansing in the house, open up all the windows and command that anyone in the house has to go towards the light; if they do not have permission to be there, they have to go to the light: that is the law of nature; there are about 3

Caller: in the house she's in now, she hears people walking around at night, slamming doors

- Yes, she's a little bit scared, the 2 people living upstairs left because of this.

O: if someone is strong enough and demands that they leave, and her Mum can also demand: any inhabitants have to leave and go to the light

Caller: has used sage; did the clearing etc

O: there is a part of her mother, Darlene Walker, that is inviting them – is she lonely and suffering more losses & lonely for people that have passed on

Caller: would it have anything to do with being bi-polar?

O: may not have so much to do with the bi-polar, but with the medication she is on

- people living with mental illness can age a lot faster than the rest of us; don't know if the medication is strong enough because she's experiencing this at night

Caller: she lives with elderly people until they pass

- what happens to elderly people as they age: at nighttime, their brains change "sundown syndrome" [look this up] and maybe her Mum is picking that up. She is perceptive but she also takes on other peoples' energy, and has a real fear of getting old and having that

Caller: was amazed just listening!

question: gets certain experiences when people are absent; it is disturbing sometimes, knowing when they are going

- He gets the knowings in the back of his heart chakra when people are passing

O: he's picking up on it; prior to this incarnation, he was one who helped souls over who were passing over

- acknowledge the feeling when it comes, and say a silent prayer for their journey
- you're afraid of your own power and the light of your soul: like people will think he's a little crazy for what he does!

Caller: They already do: it is more than just the passing one – he did it a lot!

O: Take a deep breath through it – this is from the celestial place where you used to help people pass over; you are bringing the light – do you know the people who are passing?

Caller: He was with a person who was dying of stomach cancer; sat her down in her chair and went outside – then a dove landed on his back and walked around in a circle & flew off

O: If you know someone who is passing and you have to be with them

- bring the light from the back down to your hands and put your hands on the person:
- this will help them move more quickly through all the astral planes so they can get where they need to get
- It hurts because you are suppressing the energy – take a deep breath, visualize the energy coming down your arms and out your hands and visualize the person. It's light energy, and it's healing energy. Don't hold it in the body, don't resist it because you could do yourself damage in your organs

- You were a fallen angel, so you have some shame to let go off and let your light shine!
 - you are getting your confirmation – you are in the process of claiming your right back as an AA; you are learning to be more humble; if you sense someone needs the energy, just allow yourself to feel the energy and send it out through your hands

Caller: It comes as a knowing

- That's the bell going off!

Caller: sees numbers all the time 11:44; 11;11

- 11 is the number of the angels! [all the time he looks at the clock – it's always 11]
- **Did you hear what I said??? 11 is the number of the angels. They are surrounding you and trying to help you;** when you see 11, just say "Thank You" and you'll be find!
- Keep it simple – they are simple, and it IS simple; just keep saying "This is for the higher good"

Caller: 4222424 in Michigan any energy from that house?

- He spent time in that house to learn how to stand in his own power. There was a person in that house who really really bugged him.

Caller: His family put the cooling heating system in that house; caller's name is in the concrete

- Yes, he lives there with his girlfriend, Molly the dog who's been with him in other lifetimes.

O: Molly teaches him about love. He has work to do: she just told him!

- Omena wants to hit him with a cosmic 2 x 4 – just ask the angels around him for help – and they will show you what to do – everytime you see the # 11, just say thank you, what are you trying to tell me? It's a master number, and also of the angels.

Caller; has 2 tickets coming up – one for an accident and one just a driving thing

- forgive yourself for not paying attention; pay attention to your energy: name it claim it, own it, feel it, let it go. She cannot go to the court and say he was not in his body at the time – someone would think she was crazy – and he was not in his body when the accident happened

Caller: the officer said do you need help and he said no, I'm just grounding myself – officer looked at him like he was nuts!

O: Start every day with Michael the AA in front of you, before you, in front of you, behind you

- Bring them all in!!! **They will not come in unless you ask them**

Caller: Thank you!

Caller: who was he in his past life?

- Which one? You've had many, many past lives.
- in Roman times, a captain in the Roman army during the time Jesus was on earth: he carries a lot of guilt from that life time because you didn't agree with what was going on, but you didn't know how to change it – it was either join or be killed.

Caller: "Captain" is part of his nick name

- It is not by accident

Caller: what about recent past lifetimes?

- More modern one was in France, in 18th century, a farmer – he was ploughing the field, wheat, grass for the milking cows; 9 children and one died

Caller: future?

- future is a free will choice; your'e still looking for your place of peace; have to get over the guilt of the Roman time when you were in survival mode; have to learn to calm down a little; find your peace wherever you are; ask for help with it

Caller: has a 6th sense of knowing; senses things around him; smell things like roses or a breeze around him

- that's all about love! His dad and sister are beyond
- there are relatives from the other side who are telling him they love him
- Take a deep breath and breathe in the smell of roses: visualize yourself in a bed of roses as it is very very healing; they are showering him with love; can you allow yourself to receive this?

Caller: The future is coming: will he be visiting another planet?

- Does not see him willing to leave the earth to visit elsewhere
- suggests: if you are getting this to where you see yourself to another planet, check in with your soul in meditation, ask, the soul will tell you

CL: many years ago, she started getting visitations via vibrations through a wall, or some clicks, or something electronic; something on the wall that makes a sound – who is it? Are they just saying hello or what?

- they are trying to get your attention; she has 3 spiritual guides who were trying to get your attention, and you have a mental block!
- did you ask who was trying to get your attention?

CL: Yes

- maybe she didn't listen long enough: if it comes again, say ok I hear you, tone down the noise, tell me
 - if you are of the light, that's OK; if you are not, you can go; if the noise continues then you know they are of the light
 - pay attention when you are trying to make decisions if this noise happens
 - ask to have the mental block removed; O cannot see it: it's like she has blinders on
 - maybe you are not fully ready yet to have your vibrations raised

- caller is very analytical in some things; wants to know what is going on before making a move – sometimes you have to trust more and get out of the head.

CL: asked a while back but did not listen -

- Just sit down and ask them to come to you; I am ready to remove my blinders
- Thank yourself

MR: got a text message – a new great grandson!!!

O: he shares a birthday with Omena: so he's a strong soul!

CL: and these are the most powerful energies of this year so far!

MR: wasn't due until April 10th – he came early

O: He'll be fine; as soon as they know his name, they'll know his vibrations

Caller: sings Happy Birthday to Omena!

O: appreciates all the birthday song and greetings

Caller: what are his past lives?

- Many! Have been walking the earth for a long long time and avoiding all this wonderful energy for a long long time because it was sinned based.
- due to the fact of being a fallen angel who have a lot of arrogance because of thinking they could do things better than anyone else when they were in the heavenly realms; fallen angels have a lot of shame & he has to learn humility and to appreciate his gifts
 - it takes courage to stand in your power and do what you agreed to do because we are never forced to do anything
- you did agree in a soul contract to do the healing energy; that was what you did as an angel
- he is reclaiming his power as an angel; need to honour that

Caller: is absorbing this and Molly is looking for a bone, distracting him!

O: we all have our excuses! Did you know that dog is god backwards; need to honour it

Caller: uses that line all the time

MR: no name, but a picture came!!!

O: it's wonderful to be a great grandmother & enjoy the babies who come in with advanced souls

MR: it's her 5th great one!

O: anyone with any subject they want her to talk about it, let her know and she'll make a whole show of it

MR: contact information

Go to www.omena777.com for all the contact information – can do a phone reading with her e-mail: omenacenter777@gmail.com – to set up an appointment.

O: will be back next month! Such a pleasure to be on this show!

The Pyramids of Light ~ The Pyramid Above the Grids over Europe

Elders March Equinox Transmission

A pyramid was placed above the grids over Europe creating great mythologies for the souls to experience.

The soul who creates through this pyramid goes by the frequency, Triogenes the Storyteller. He is one who can capture the imagination of one soul, or all souls, as he weaves the patterns of his stories throughout the energies of the matrix.

These patterns would appear to repeat in cycles, each with its own cast of characters incorporated in a body of work that would have no beginning nor end but would weave forever creating new stories.

Woven into the fabric of each myth are the keys of the creational process. These myths would be regarded as the Great Mysteries of the Creation of Humanity.

And these myths would take on many dimensions and lessons in which the souls could select one or more roles.

Myths are not bound by space nor time,
and may be entered as the souls may desire.

Let us enter the Halls of the Pyramid of Mythological Rendering. There you will be able to interact in all myths, at the same time, by merely placing your consciousness into their matrix.

For it is here that I, Thoth the scribe, write many of the storylines as dictated to me by the souls. Perhaps you and I can create a myth of our own.

For in truth,
All is Myth,
Myth is All.

By Thoth the Atlantean

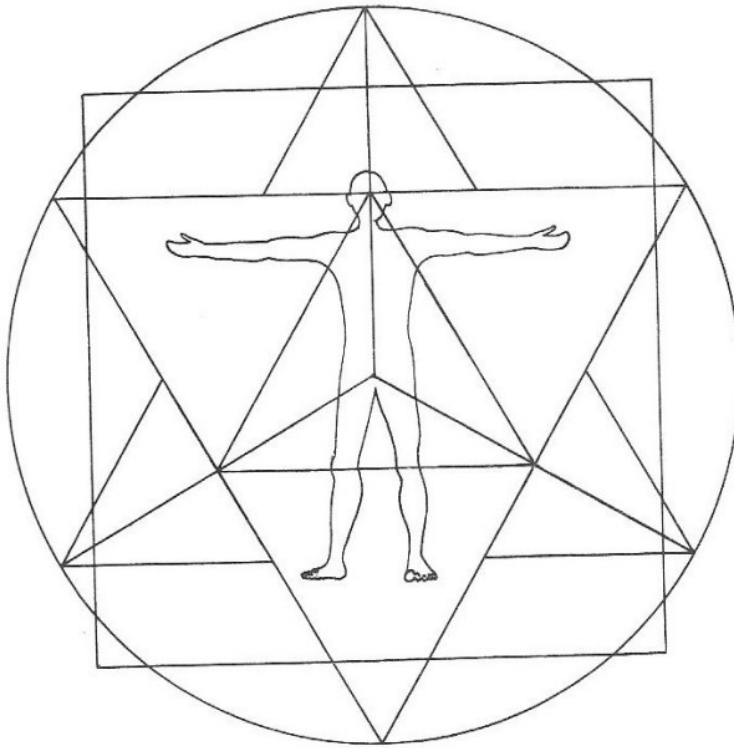

Welcome sweet ones, it gives us great pleasure to be with you in this magical month of March as you experience the New Moon Solar Eclipse and Equinox on March 20th, and following this, the third Blood Moon Lunar Eclipse on April 4th. Additionally, sweet ones, you are offered an opportunity to enter in Soul consciousness into the Pyramid of Creation above the Unity Grids over Europe holding the mythologies of creation and amplified through the Sun, Central Sun and Galactic Center and the Overlighting of the Sirian Archangelic League of the Light.

The New Moon Solar Eclipse sweet ones, merges into a deeper level of the myths, roles and stories you are creating and co-creating individually and collectively to experience Heaven on Earth and the New Earth Templates of Light. It is a passageway that continues the dance of the Divine Masculine and Divine Feminine archetypes with a focus in March on the Divine Masculine and the energy of Mars, which takes you into greater leadership and creative roles as you draw upon the Divine Will and Power within you and around you through these beautiful planetary activities of Light and further move beyond the veils of illusion. And as you

experience the doorway of the Eclipse multidimensionally, you draw upon the parallel realities of the roles of leadership you have experienced in each Now moment, and the myths and legends, that take you into the next level of your service work, in initiative, balance and individuation within the collective Christ Consciousness and I Am Avatar Consciousness of Light.

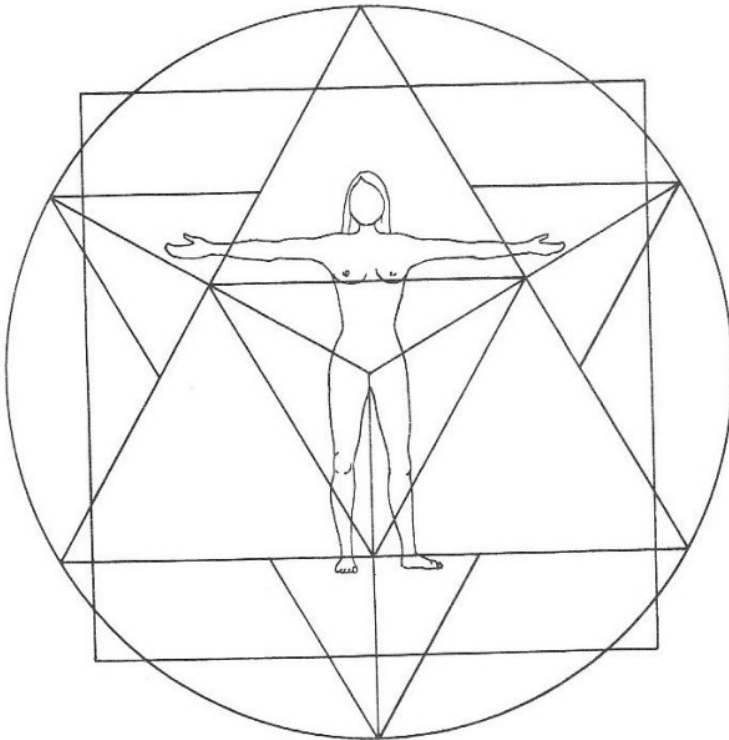

The ancient myths and legends that have come down to you throughout the ages, sweet ones, and through the many kingdoms in Asia, Egypt, Assyria and Babylonia, Syria, Mesopotamia, Arabia, and the land of Canaan, and from here into Greece, were all the same characters, containing important esoteric messages that would bring meaning and purpose to you and to this sacred earth. In myths and stories your spiritual lives were often represented quite simply as good and evil characters, but the knowing of the Truth in each story mirrors an aspect of yourselves that you are still experiencing through particular roles and characters. What these mythologies also represent sweet ones, is the pathways of Divine Love that you create for yourselves and others through your own stories, challenges and initiations of Light. And as you experience the Pyramid Above Europe connected to the Christ Consciousness grid, you are invited once more to move beyond duality, to embrace duality, as you experience the Patterns of Perfection and as you see through your Master eyes the roles that you are still choosing and what you need to shift within yourselves to deeper your service work as the way showers, teachers and facilitators in this Golden Age of Light. You are invited to embrace the duality and draw upon the Divinity of each experience, of each story and what it teaches you, as you align your will deeper to the will of God and draw upon the power within you as manifesting, co-creators to the Company of Heaven. And with this, to embrace your earthly desires and ride on the desire of your Beloved I Am Presence through the Oneness within all Life. Within the Pyramid Above Europe, you are invited to review your life lessons as you are given a Divine Dispensation to connect to the Karmic Board, as this review is usually done when you pass over, sweet ones. And with this, to have clarity as to the current role you are still choosing and clarity as to the role you wish to choose, and from here, you draw upon the Christed Timelines of all Golden Ages of Light as initiates of Light to see yourselves in your chosen role in this Now as these world teachers, sacred transfiguring Flames of Divine Love and Master Beings of Light.

Additionally, the Pyramid Above Europe amplifies the third level of Christ Consciousness. The third level of Christ Consciousness is depicted through a near perfect 14 x 18 phi-ratio, where the perimeter of the seventh square equals or approximates the circumference of the ninth circle^[1]. It is not important to understand the mathematics, sweet ones, only that the Sirian Archangelic League of the Light Overlight this level of Christ Consciousness, which is depicted through a sphere that comes in approximately 10.8 feet in diameter around you. At this dimensional level, there is a focus on the sacred geometry of the star tetrahedron. This third level of Christ Consciousness occurred through the reconnection to Sirian Consciousness on April 23, 1994, when Sirius A and Sirius B activated in a Galactic alignment of Light, occurring once every 90 000 years. This third level of Christ Consciousness was activated for all awakened Souls on this earth plane, and vibrates to 46 plus 2 chromosomes, and means, sweet ones, that you now have 46 chromosomes plus 2 additional etheric chromosomes, which are waiting to be physically activated and actualized. In essence sweet ones, the third level of Christ Consciousness lifts you into Cosmic Christ Consciousness and your ability to activate higher dimensional frequencies and streams of consciousness previously unavailable to the Light workers on this earth plane.

Where you are now sweet ones, is having the ability to experience both fifth and sixth dimensional fields of

consciousness, and to hold this level of Cosmic Consciousness awareness or Crystalline Consciousness within the physical body and energy field, for where you consciousness is, there you are. This also assists you sweet ones to move beyond the external noise and the astral plane to receive deeper impressions, transmissions and knowing of your Light work and ability to be creatively inspired through the Divine transmissions of Light.

As you experience the third of the four Blood Moons on April 4th, sweet ones, called a Tetrad, you align fully into the Cosmic Heart of Mother/Father God. Heralded as the *Return of the Christ on the Blood Moon*, it is the embracing energies of Cosmic Christ Consciousness that is tangibly experienced through the knowing that you are all One. As the I Am Avatar race, you merge deeper into the Unified Field of Divine Love, as you integrate the higher dimensional frequencies of your Beloved I Am Presence, and the Cosmic Heart of all Creation and, with this, stabilizing your body and energy field to this third level of Christ Consciousness.

Sweet ones, the first Blood Moon Lunar Eclipse occurred on April 15, 2014, and the second Blood Moon Lunar Eclipse occurred on October 8th 2014, and the last Blood Moon Eclipse is set to occur on September 28th. At the time of experiencing the first Blood Moon Lunar Eclipse on April 15th, 2014, you were invited into the Ashram of the Cosmic Christ, the collective Christed Light of all Ascended Masters, existing within Shamballa. Within this beautiful Golden Temple of Cosmic Christ Consciousness, you came into a deeper remembrance of yourselves as Initiates of Light, as you transmuted your human miscreations no longer necessary to experience so you may fully walk the Pathway of Christ Consciousness through the Christed Timelines. Additionally, you were called upon to bring your collective focus to the activation of the Golden Flame of Christ Consciousness through the hearts and minds of all humanity, as well as transmute the distortions of the Roman Catholic Church, and now you are called upon to transmute the distortions and myths of all religious stories so the veils of Illusion might be lifted and the Divine Will of God activated for all humanity.

Within the Ashram of the Cosmic Christ, you received the Signet Ring of Solomon and will draw upon this Signet Ring once more. The Signet Ring of Solomon brings with it the remembrance of Golden Ages of Light in self-mastery, a deeper sense of your service work and the wisdom teachings of the Melchizedek Brotherhood the Light. It is a magical ring bearing the symbol of the Melchizedek Brotherhood of the Light, the six-pointed star, also known as the Star of Solomon, the Star of David or the Star of Melchizedek. Using this energetic totem, you come into a deeper sense of the alchemical ceremonial magic and power that you collectively hold to manifest all that you need in this Now, for yourselves and for all life on this sacred earth.

So let us now set our sacred space and enter into the Pyramid Above Europe and from here, into the Ashram of the Cosmic Christ.

Overlighted by Mother/Father God, you call in the Pleiadian Emissaries of Light

You call in the Sirian Archangelic League of the Light

You call in the Andromedan Intergalactic Beings of the Light

You call in the Arcturian Emissaries of the Light

You ask the Pleadians, the Sirians, the Andromedans, and the Arcturians, all of the Light, to bring in a multidimensional cone of Love, above your aura for total alignment with your Higher Self of the Light, your Beloved I Am Presence, and Mother/Father God

You call upon the Trinity Lords of Light: Lord Michael, the Protector of all Life, Lord Metatron, the Lord of Light and the Creator of the super-electron, and Lord Melchizedek, the Universal Logos and Lord of Wisdom

You call upon the Mighty Elohim and their Divine feminine counterparts

You call upon the Archangels and their Divine feminine counterparts

You call upon the Brotherhood of the Light and the Order of Melchizedek

You call upon Melchior the Galactic Logos, and Helios and Vesta the Solar Logoi

You call upon Sanat Kumara, the bridge to Solar Christ Consciousness, and Lord Buddha, the Planetary Logos

You call upon the Planetary Spiritual Hierarchy, the Planetary Christ and Master of Synthesis of the five higher earthly rays, and Djwhal Khul, the Master of Synthesis of the first seven rays

You call upon the Chohans of the rays

You call upon Nature Intelligence, and specifically upon the Overlighting Deva of Planet Earth, Lady Gaia, the Overlighting Deva of Healing and Pan

You call upon your own Master Guides, and all other Beings of Light you personally acknowledge and that wish to join you now in this sacred space

And lastly, sweet ones, you connect now to the Unity Grid of Divine Love, and with this, to the Light workers, starseeded ones and to your Soul and Star Family and friends of the Light. Good.

The Sirian Archangelic League of the Light now come forward, surrounding you in a beautiful Silver-Gold Flame of Sacred Sexuality, of a Re-Union of Hearts, of the Re-Union with your own heart and the Re-Union with others. The kundalini energy now gently rises through each one of the chakras, moving from the base chakra, to the sacral, solar plexus, now the heart, then the throat, third eye and now crown chakra, clearing any false beliefs you may have about men or women and also inviting you into a deeper connection to your own sacred sexual energy of creativity, nurturing and Love. Wonderful, sweet ones.

You now find yourselves placed in a beautiful external Merkaba Vehicle of Light, made in the finest frequencies of your Higher Self of the Light. You find yourselves traveling through the Grids of Divine Love and now find yourselves in the Pyramid of Mythology above the Grids in Europe.

You see before you this most beautiful Being, Triogenes the Storyteller, who welcomes you to this Pyramid of Creation. He is laughing and sharing stories that are particularly relevant to each of one of you sweet ones, as you are now lead into a central Pyramid of Light in vibrating light frequencies, colors, sounds and with many holographic movie screens. You understand that you are here to deeper your service work, to move beyond the veils of Illusion and you do so by looking through your Master eyes at all of Life around you, by viewing and appreciating the Divinity of every thought, feeling and experience, no matter the resonance, no matter the energy. You embrace all within your heart and within your Love. The stories start to emerge for you, sweet ones, the myths, the understandings, the lessons, as you experience a deeper sense of looking through your Master eyes, looking inwards initially, and then experiencing your stories with others.

And for a moment, sweet ones, you bring your focus back to the activation of the star tetrahedron, the Star of Melchizedek, to the third level of Christ Consciousness Overlighted by the Sirian Archangelic League of the Light. You are going to sit comfortably inside your electromagnetic star tetrahedral shapes, as they are connected to your etheric, emotional and mental bodies, and just experience these wonderful Light frequencies and dimensional shifts in consciousness. Now, as you focus, you visualize a silver-gold colored tetrahedron, a four-sided triangular plane. You now see a second silver-gold tetrahedron, another four-sided triangular plane. You see yourself joining these two tetrahedrons together over your body, so they form a star tetrahedron. To join these two tetrahedrons together to form this silver-gold star tetrahedral shape, you interlock the two triangular bases together in a three dimensional six sided star, and visualize yourself in the middle of these two interlocking tetrahedrons. As you visualize this star tetrahedron, you see the apex of the top tetrahedron reach up and touch the top of your silver-gold bubble, your sixth dimensional portal, 2.4 feet above your head. The bottom or base of this top tetrahedron, comes down to just below the knees. The apex of the bottom tetrahedron, reaches to the bottom of your silver-gold bubble, your first dimensional portal, 2.4 feet below your body, and the base of this bottom tetrahedron crosses your heart chakra ^[2].

For women, you want to visualize the ridge of the top tetrahedron, centered along the back of the body and

the ridge of the bottom tetrahedron centered along the front of the body. For men, you want to visualize the ridge of this top tetrahedron centered along the front of the body and the ridge of the bottom tetrahedron centered along the back of the body. Good, sweet ones.

You gently start to feel a slight activation of this shape around you. You feel the Light within this etheric body star tetrahedron as it is just slightly activated around your body and within every cell of your body. You now visualize the emotional body star tetrahedron around you, and when you have a clear sense of this shape, you visualize the mental body star tetrahedron. You now feel these star tetrahedrons as they are superimposed over one another, and all the exact same size, fill with silver-gold Light brought in by the Sirians. They fill each cell and molecule in your body and your energy field in these beautiful frequencies of Divine Love.

And now, you now gently start to spin your emotional body star tetrahedron in a clockwise direction, spinning it at a comfortable pace within your silver-gold sphere of Light. Wonderful high frequencies of Divine Love are moving throughout your body, energy field and hologram taking you into a deeper remembrance of yourselves as these Melchizedek Ambassadors of Light; to the remembrance of yourselves as these sacred transfiguring flames of Divine Love, peace keepers, way showers, star seeded ones, in service to Mother Earth and all her life.

And now sweet ones, you slowly stop spinning this emotional body star tetrahedron.

And now, you bring your focus to your mental body star tetrahedron. You start to slowly spin this mental body star tetrahedron in a counter clockwise direction, again within your silver-gold sphere of Light, and as you do, you feel yourself vibrating at a higher level of consciousness, Cosmic Christ consciousness, this sixth dimensional level, sensing now an altering of the chemical structure of each cell in the body, of each molecule, moving into this crystalline consciousness of Light.

Wonderful, sweet ones. You now, gently slow down this spinning, and bring your mental body star tetrahedron to a standstill.

You now feel your head and brain filling with Light, spiraling filaments of Light are moving through and within your pineal and pituitary glands, moving through your third eye and crown chakra, and then through every chakra and meridian in your body. You are being encoded with the pictographic communication in the Language of Light that amplifies in this Pyramid of Mythology, of Storytelling, of the heroes and villains, of the roles you chose, and above all, sweet ones, the knowing of yourselves as initiates of Light. For it is the role of the priest, and priestess, that guides you intuitively to greater levels of your service work in this Now, and in every Now and Golden Age, sweet ones. And as you have a sense of the continuation of each Now moment, of the merging of these parallel realities, Lord Melchizedek now appears before you and places around you the *Melchizedek Initiates Cloak of Light*, a beautiful golden and purple robe of Light that assists you in this Now in a deeper remembrance of the knowing of yourselves as initiates of Light, as Priests and Priestesses to the Order of Melchizedek. Lord Melchizedek drapes this beautiful golden and purple robe of Light, this cloak of Light, around your body, and as he does, he takes his rod of Light and taps it first on your left shoulder, and then your right shoulder. And as this occurs this beautiful Star of Melchizedek appears now in a beautiful golden flame embossed upon your initiatory cloak of Light, and Lord Melchizedek now says:

"This initiatory cloak of Light will take you deeper into a knowing of yourselves as the priests and priestesses in service to Mother Earth and all her life, and in service too, in many dimensions of Light. It is a cloak of remembrance that will allow you to understand your challenges as Initiations of Light. And when you are ready, you will experience too the activation of the twelve Initiations of Light, taking you deeper into the knowing of the keys of self-mastery, and yourselves as Melchizedek Ambassadors of Light. Go now, deep into the remembrance of the roles you have played, the roles you have experienced, the roles you are still choosing through the stories and the myths, as you create these pathways of Divine Love, for yourself and

others. And know that each challenge is but a deeper level of initiation, taking you deeper into the Love of Creation, deeper into the strength, the wisdom, the power within yourselves as the way showers, the world teachers, and initiates of Light in service to the lower worlds."

And now you see before you, sweet ones, the Karmic Board. The Karmic Board is a group of twelve members, council members that are assigned to work with you. The Karmic Board is composed too of many of your star family and friends, of the Councils of Light that you have worked with, and the pre-birth agreements that you choose with the souls that you are experiencing this reality with, sweet ones. The Karmic Board review usually takes place when you have passed over, as we have mentioned, but this Divine dispensation will allow you to see the remaining karma that you have with other souls, allowing you to truly let go, to forgive, to Love, and to transmute remaining karma in the knowing of the blessings that every soul bestows upon you on the planes of duality through the victim and persecutor consciousness. And the embrace of the dualities, the embrace of the Divinity of every given Now moment, no matter the thought or the feeling, or the related emotion, allows you sweet ones, the possibility of transmuting old karmic contracts. And as you look at the roles you chose, sweet ones, and the roles you are still choosing, see what it is that these stories are creating for you, or have created for you, and know that you are the Priests and Priestesses to the Order of Melchizedek. Allow your initiatory robe of Light to further activate into a greater level of remembrance of the Golden Ages, of the strength that you have, the power that you, and the wisdom that you hold; of the Love for yourself and the Love for all humanity, to truly forgive, to let go of blame, to view life through your Master eyes, no longer needing to play out the old patterns and the old roles of the karmic timelines. This is personal sweet ones, to each one of you, and you are guided deep into the knowing of your stories and also the roles which you now choose. As you connect with the Karmic Board you can clear old karma no longer necessary to be experienced.

Good sweet ones. As you find yourself back in this beautiful Pyramid of Mythology, as you find yourself connecting deeper into the heart you have a sense of Triogenes, of Triogenes weaving the stories that you need to hear into this Now, of you understanding these roles, and the greatest role that you play, that of Melchizedek Initiates of Light. Just allow yourselves simply to surrender, to trust, to the images that come to mind, to the sounds, to the colors, to the memories, drawing upon the Golden Ages, drawing upon the dark ages, whatever it is you are needing to experience is reflected and shown to you very clearly, sweet ones, as you look through your Master eyes at all of life around you.

Wonderful, sweet ones. And now you find yourselves being impulsed by the Ashram of the Cosmic Christ as you thank all these beautiful Beings, and Triogenes. You find yourselves again traveling in your external Merkaba Vehicle of Light through the grids of Divine Love and the portals of Light, and now you enter into the Ashram of the Cosmic Christ within Shamballa, and with this sweet ones, we present this to you as an invocation to deepen this experience, as you experience now the Blood Full Moon on April 4th.

I am now lifted in Soul Consciousness into the Ashram of the Cosmic Christ within Shamballa,
traveling through the second ray Ashram of Love and Wisdom,
and into the sacred Golden Temple of Cosmic Christ Consciousness

Welcomed and greeted as an Initiate of Light,
and surrounded by the Council of Twelve,
I am taken into a central pyramidal shaped Temple of Light.

King Solomon appears before me now,
welcoming me once more to this Ashram of the Cosmic Christ, and
offering me a Signet Ring,

the remembrance of my promise of Service in Love to Mother Earth and all her Life,
and the knowing of my Self as a Melchizedek Initiate of Light.

As this ring is placed on the fourth finger on my right hand,
King Solomon now says: This Signet Ring of Power protects you from the lower astral realms and the entities
upon this realm,
it brings power, and strength and protection,
connecting you to both Nature Intelligence and the Angelic realms.

As you receive this Signet Ring of Power,
you come into a deeper remembrance of the power you have,
to create and affect change on the lower worlds and on this earth plane

Surrounded in this beautiful golden flame of Christ Consciousness,
my Golden Heart expands through the Soul matrix and heart chakra so I may truly know my Self as Divine
Love.

I now clear my cells as a cellular level,
releasing old patterns, false beliefs and judgments which I no longer need to experience in this Golden Age of
Light.

And now, I find myself traveling the Christed Timelines,
experiencing my Highest Potential in all Golden Ages of Light,
and bringing into this Now a greater sense of my Self in self-mastery,
as a Melchizedek Initiate of Light,
as a sacred transfiguring Flame of Divine Love.

Overlighted by the many Illumined Beings of Light from On High,
and connected to the I Am Avatar Consciousness of Light,
I bring my focus to the religious distortions,
myths and stories disempowering humanity;
bringing in the higher dimensional frequencies,
and wrapping Mother Earth and all her Life
in this beautiful Golden Flame of Christ Consciousness,
and now, this beautiful Silver-Gold Flame of the Sacred Re-Union of Hearts,
clearing distorted religious mythologies and beliefs
and lifting the veils of illusion,
so all humanity may experience empowerment, Love and Wisdom.
And So It is.

The Pathway of Divine Love through the Christed Timelines now illuminates,
showing me my heart's dreaming through the embrace of Christ Consciousness,
and the Cosmic Heart of all Creation.

I now come back into my sacred space,
grounding into the Crystal Heart of Mother Earth,
and the Cosmic Heart of Mother/Father God.

I Am a Christ Conscious Being of Light,
I am a Melchizedek Initiate of Light,
I Am All That I Am.

Wonderful, sweet ones. Just allow yourselves to simply relax and ground into this sacred space experiencing
so many of these energies, and feeling them around your body, within your body, and your connection to all
Light workers, the star seeded ones, Illumined Beings of Light from on High, your Beloved I AM Presence,
family and friends, and all life. Hold this space of Love within your hearts. Know that you are here in your
roles, as the teachers, leaders and way showers, and the knowing, sweet ones of yourselves as Priests and

Priestesses, as Initiates of Light to the Order of Melchizedek.

We thank you for your service work, sweet ones, as you ground once more into the Crystal Heart of Mother Earth, keeping this connection open to all the Illumined Beings of Light from On High. We bless you, and we thank you for your service work, and with this we bid you a most magical day.
