HARD NEWS

T: what she thinks is going on is that they are giving us a walk through & it's hard to look at!

- It's pretty much accepted in the main stream media that Iraq was not just a mistake, but was done on purpose.
- A year ago, Rachel had a program for 2 days running, and repeated this later that these guys planned it and it was pretty clear.
- a service man came to see to their Dish Network: they had time to talk to him and he knew a lot of things & was getting ill – being targeted and getting headaches at the same time every day: he knew especially about corruption at the highest level, and he knew that the US was playing 2 ends against the middle and not surprised that ISIL is a rigged Black Op of the US

- **A meeting of the G7** this weekend – a special interview with Angela Merkel about its goals
 - What does it portend that the name for the G7 when it is not considered so economically sound and powerful as it used to be
 - Talked about Russia, Russia not being in alliance with NATO and the Normandy Pact which is something that could be worked with in dealing with Russia
 - the biggest boondoggle is that there will be a major conflagration between Russia and Kiev central gov't – **IT IS COMPLETELY RIGGED, EVEN NOW:** the timing is a double edged sword as they are in deep do-do and want something to happen to speed up their agenda
 - Rachel covered it: there was only 1 Vote Sept 14, 2001 that said we don't need to go into a global conflagration against who you think did 9/11; She quoted her own words from that date

Senate: Yea 98- Nay – 0: 2 people missing: unanimous

Congress: Yea: 420; nay: 1; means 14 members missing. [435 members in total]

- Not an unanimous vote in the house – **Barbara Lee of California voted against:** military action will not prevent further acts of international terrorism against the US – pause a minute and think of the implications of our actions today. [TRMS]
- Since that vote authorizing the invasion of Afghanistan, we are now approaching year 15 of the war in Afghanistan, troops in Iraq; Troops flying bombing raids over Syria, forces in Yemen, Somalia, Pakistan to name a few + drone strikes! [TRMS]

T: we have PINAC here: Jeb Bush – one of the authors + plus Bush Sr; Rummy; Dick Cheney; Paul Bremmer, Paul Wolfowitz - all of the scaly persuasion!

- Barbara Lee is used to standing alone! Unafraid of standing alone on these matters of military things – the war of the US military against ISIL WITHOUT ANY AUTHORIZATION FROM CONGRESS, WHO IS PRETENDING IT IS NOT THEIR JOB, IN SPITE OF OBAMA'S REQUEST IN JANUARY.[TRMS]
- B Lee proposed adding some language to the bill that said Congress should acknowledge that it is our job to declare war as outlined in the Constitution, but did not generate unanimous Republican opposition: Tom Cole [R-OK], one of 14 treasonists who swore an oath to go against anything Obama wanted to do, spoke in favour of her words! He was with B. Lee and she was right – the amendment **passed in that committee by 29-22;** she got her colleagues to agree it was their job!
- The whole war thing is the Congress' responsibility. Now it's a matter of making them DO their job – they should be grappling with the idea of sending troops to fight against ISIL and what they should be doing when they get there. What's the strategy? [TRMS]
- This gauntlet has been thrown down by Jim McGovern of Mass + B Lee + a Republican - On June 4th, McGovern gave a withering speech in the Congress: all we see is the complete abdication of responsibility – if the house has not the stomach to handle this, to debate and authorize this war, if the cowardly congress can go home each night to their families, then our brave troops should have the same privilege. [TRMS]

Talked by Text to KOS, Tom, Larry

- what's going on in the Ukraine has to do with Uncle Joe, bless his heart!
- Beau Biden is on his way to talk to Metatron and Naptha el Ra, and Uncle Joe will have to talk to Mother and is not too happy about that prospect!

T: Inadvertently, he's responsible for his son's death as his son followed his heart and Joe didn't

R: on Chris Matthews show today, with head in his hands, in tears! A shadow of himself.

T: a lot to do with what his fate is going to be!

- Tariq Assiz was the PM's assistant: we invaded Iraq from Kuwait; Colin Powell and Norman Schwartzkopf were at the head of the brigade and literally ordered the shooting of the Iraqi army which was boys at the age of 14!

Caller: what is status of Lady Di and Dodi?

- Maybe on their way out of the Wesak Valley – no itinerary from them; R has heard they follow the migration of the yak herds and he doesn't know the migration routes.

C: Today is June 5th – Greece is not going to renew their loan

T: what was said is that Varafokis got in the face of Merkel as it's really about Germany and said you'll have to give us a better deal, or we'll leave!

C: Did you talk to KOS or Tom about what's going on with the Sterling Group?

- NO; it's a lesser thing on the totem pole: the US has no standing to speak of re: metals like gold, silver, etc – it's been hi-jacked; is all lies.
 - The trading platforms that play with the currencies are connected with the 13 families and THEY ARE RIGGED and soaked in blood! Look at the fields of Iraq and the blood there – THIS HAS TO BE COMPLETELY OVER FIRST.
 - Nothing will fly unless it is integrity with Nature and Nature's God - the money situation is not that, so following it and trying to figure out how it will work is useless – IT CANNOT PREVAIL.

C: thinks will be a big turnaround in June and not surprised if revelations of 9/11 start next week

- they never give us a date and anyone who tries to say that – wouldn't go there: if Rama asks, he is told that we tell you, we'll have to kill you! So R says thank you, have a nice day!
- Don't talk about being a fly on the wall: talk about re-alignment of everything in our own house to a higher life style, a higher way of being – we all have something to do in this area – and no predictions which mean we are walking all over the Divine Plan & no one has that right!

R: was told back in the 60s: expect nothing beyond all desire; he is in service to humanity meaning he is The ONE and so are we all: we love everybody and we take responsibility for all that has happened. I AM that I AM

T: More **from Rachel:** the US Attorney OKs new Bridgegate scandal set of subpoenas on Chris Christie appearing at the baseball stadium on Wed pm: it was for a good cause & he had fun – but probably not the way he wants people to think of him as he's gearing up to run for President – body not made to wear a baseball outfit!
He was Office boy for Bernie Madoff and his wife played to: they are on St Germain's special list!

- **Marco Rubio** had a bad day yesterday too: he was signed up to do a fund-raiser dinner in Connecticut; the Repub party was delighted to have him speak there – yet if you are Marco Rubio & going for pres in 2016 someone on the campaign should have realized it was not such a good idea to be keynote speaker at this dinner: this event has been held for 37 years in **honour of Prescott Bush: Celebrate 37 years of the Prescott Bush Awards Dinner**. Keynote speaker: Marco Rubio!
[Prescott Bush is Jeb Bush' grandfather!!!]

BBS Radio:

Mother / Alcyone: [M/A]

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we ask for stamina, perseverance, determination – the walk is steeper now; the top of the mountain is ever so challenging, now – but it is in our grasp. The persevering optimist, the determined optimist; the all embracing loving of the challenges which are coming our way – everything is a gift!

Greetings, Children of Ra!

- We are indeed experiencing the most awesome of times. First time in quite a while, we have the heroes and the prophets in the same picture, and they're putting their heads together about how to do this. It is about love; it is the answer of how they get to step into the mix.
- Someone took a very brave move this week: Bruce Jenner. It is not about what this bag of water looks like; it's thinking with your heart.

T: said it was pretty stunning for a 65 to look that well!

M/A: Let's just say that all the issues that have come up for everyone: as they [galactics] are already here walking the West Wing with Mr 19.5*, it is high time we all get to sit in the circle, pass the talking stick, share their/our stories, sing our songs. It is this time why we are hearing a halt in the wars of which we only get hints, allegations, rumours of

- something going on outside our local solar system.
- Earth is not for sale, and she becomes the 33rd member of the local sector of the Alpha quadrant.
 - It is in everyone's best interest to learn as much as we can about each other through the stories and legends of who and what we are. They come in peace. That is the answer.
- There are things you haven't heard about yet that they had in Karnak where they could, let's say, make a phone call to Mars: they had technology called "vision phone" - archaic words, yet they saw the people on Mars on screen; they could see the callers; it is already happening in a way in which this will become a way where we don't have to use the clumsy things we have.
 - It is already in here; it is called the DMT yet how this kicks in brings in the nagual world.
 - We asked to take a walk with the Jaquar Medicine Woman – Let's go! We'll take you to places where your soul has asked to go, yet the conscious mind is asking what are you putting me through?

And it is only about Love what soul matrix has asked for, why we are all here - in service to what IS. M speaks a mantra

- that is what is happening here: when one is healed, it ripples across space time, time/space.. When a pin is dropped in the Pleiades, it is heard here.

- it about the story here when humanity takes the gauntlet: she can't tell us how; it's about the announcement when someone grows some kahonies, and does what St Germain has asked them to do – this one would do it but he is not duly appointed to go to Congress and do it.
 - It about these ones who have sworn an oath to create the New Atlantis: 64 good people will rise like the Phoenix out of the ashes - it's already happening as we can see it.
- Why don't we draft Elizabeth Warren? She will come forward and do what she needs to do as we juggle the chess pieces
 - It is a sham and at the same time about exposing from Wall Street to the Supreme Court, to the Club of Rome to the monuments on Mars and the ancient cities of Orion and Dracos and the anti matter universe: she could go on. What she can say in this moment:

everything is cracking at such an exponential level

- What the beloved here says to this bag of water: don't worry! Be happy! This in the midst of walking through Mordor or Nagasaki. Don't worry; be happy. There are flowers blooming along the path. It is about Creator Source, all things - this is why we have taken the **Bodhisattva vow** to do this; as we all get it, we all get a ride on Nibiru, the mothership - not a joke.
- It is such a paradox - so many have created such dichotomies about her ship and when they come, they are the harbinger of death, yet they are just a reflection of us
 - yet she takes the feather and puts it on the scale for Ma'at, the great decider.

T: She's just the - her job is to weigh the soul against a feather; thinks there are contingencies to it, as that is up to Mother.

M: they all get to arbitrate and figure it out

T: can't fool Mother Ma'at as she is the future of Mother- an oxymoron as they are all in the NOW moment

M/A: It is about the divine cosmic story that is so charged with excitement

- It is this wonderful frequency that is the saving grace for humanity and planet earth which is pouring in, it is exponentially changing matter itself
- Dr Nassim - it is about we interact with black holes, and how we can use Black Holes as inter dimensional portals to get where we need to go in the local Universe of Nebadon. It is very easy; they have the craft that is needed; we [the people] have to wrap the mind around the idea of travelling through a black hole and coming out the other side
- to clarify: **the Dark Rift is a black hole** where the only other way out is that she creates new universes - this is the way in and the way out.;
- It is called she [Mother] is Kali, she is Dirga, she is Sekhmet and she drinks the blood of the fear of what is happening here: so much death! It is that humanity is waking up - all she is saying is give peace a chance.
- Looks like Syria is going to fall to ISIS - don't bet on it. Aleppo is a stargate - let's say, there is a lot that has to be dealt with in a very short moment of time, and it is about this particular stargate and others that are near
- The May-or [??] are here, along with the rest of us; we could say Thor and the gang are here, so we get'er done!

T: will the G7 come and go again?

M/A: G7 is about shuffling the shells on the deck: what is the biggest crisis here - Greece is the trigger figure. As the trigger falls, the rest goes. The Euro is a worthless you know what; yet at the same time, the exposure of the whole enchilada has to be shown to us so that the I's are dotted, T's are crossed.

- The banksters are not too big to go to jail and what comes with the ones who take the orders from her wayward children: Jahvah, Lillith, Luciafer have already come back to love.
- The issues about the archons and these lifeforms that have been created: this is a vast amusement park for mind as well as the soul: earth made it such; we incorporated ourselves into this story, this hologram program, if we wish we can call it that - seems solid enough - the matrix, we can call it that - yet we have stepped out of it and the ones who are still in it are waking up: we have tipped it.
- The next step: only love is the answer, as accountability is coming already in the moment. Mr Denny Haster - tsk, tsk, tsk! - might seem like fingers get a little slap on the wrist, yet Denny Haster happens to be a little scaly around the gills, and he is only one of many who are not native to earth, but are native to the capital city of Dracos.
 - They are gonna take a little ride out of here - yet we have to see them come and make amends with earth, as it were - Blaze the violet fire - she keeps her opinions of herself.

T: finding her own insights are a little heightened because they are escalating everywhere

- Wants to know about the so-called temporary halt to the war going on outside the planet

and the validity of all that

- M/A:** Yes, there is validity to it; it is a momentary lapse to be able to work things out at a much higher level where our many different Children of Ra come and smooth out the wrinkles in the sheet so that it gets ironed perfectly
- has to do with different cultures inter-planetarily, inter-galactically – working out their differences. LM Nada is there along with all the brotherhoods and sisterhoods; Mother goes to the gallery above to watch from time to time.
 - Yes, they are negotiating, mediating – it is coming to the place where war no more – that is what she can say because Earth is destined already to become the 33rd planet: not down the road, but RIGHT NOW!
 - This is why all the hints, allegations, stories about Starfleet Academy are not a joke, but are real; as we change what we understand as military – it is not about conquest and death and a bag of medals. It is about you want to know what is out there? Go with Mother – It is You want to take a walk in the wild side, you are walking with the jaquar woman – it is what is out here in the jungle: she cannot tell us, we have to see it for ourselves – then we get it in every cell, we will over stand, understand – no words. It is about our instincts kick in [when we're] in the nauqual so we know how to go beyond just existence: we are blazing stars that are shining forth right now.
 - They are visitors from our future which is their past - We make it as humanity: that is assured; Earth makes it – no nukes; it is over.
 - they are playing with brinkmanship and they have a pair of . . .

T: how does it work? The illusion is crumbling everywhere

M/A: It has to do that before all of a sudden we see with the speed of hyper dimensional light, quantum light, you see humanity take a leap – it happens in this moment now - it is all she can tell us without violating Cosmic Law

T: the so-called Pope is supposed to announce the presence – that is out there to. What happens to the rest of the jihadist world that thinks he is a loony toon!

M/A: will have to work this out – pass the pipe, do the smoke signals, sing and do the drum and listen to what Father sky Mother Earth have to say

T: had a dream in which things were on the brink; a ton of star ships showed up & decloaked over all these places and they put something out and everything stopped – some kind of forcefield; she doesn't care who says it – we'll be sitting here doing Duh! Something is up!

M/A: It is about that humanity has said we will invite you in so we are here in peace, and we begin building the ship of right livelihood – as you ask Earth Mother for what you need, she gives - not what you can take. She has already been taken to the cleaners.

- The fat cats are going to find out what it means to go to Dracos and the Dark Rift. Enshallah!
- Send only love. There are oceans and oceans of blood that has been cussed and discussed in these moments. Blaze the holy violet fire in this sacred space. It is only about how we do this in a way that everyone benefits for the good of all concerned

T: who will come and clean up the mess? All of our bodies of decision -making – people see right through them – there is always a truth behind what people are saying

M/A: as they show up and wind up the scales and return it to Pandora's box and seal it with a few dragon breaths, they will not be able to get out.

And in the next moment, we give it to Odin for his treasure room. And the Collector, one of the galactic immortals who collects off objects – he comes and takes odd objects to keep for eternity.

- T mentions Queen Elizabeth and Prince Philip as Odd Objects – Yes, says Mother – can put them on display and show how the reptilian form took various shapes: it is a scientific study – as we merge
- it takes quite a few kahonis to join the dark side

T: It takes more to be in the light!

M/A: why they show up now and equalize the cleaning fluid - going to mop the basement

T: There has to be something that really changes these things – all the little nuances, and then earth changing rapidly and not waiting a second for any of us

M/A: what she can say – as we look for change, look in here [inside] – the change is already happening. It is about the fact that we are in a new moment of space/time – each moment in this NOW there is something changing about how we do this: we're gonna see it and not in the future: they are burning up a lot of electrons talking about it around the world – inquiring minds are asking

- everybody wins in this decision: peace is declared; they get to come to show us how things get done – primary light force

T: there is still a moment in time where they are laughing all the way to the bank there are some guys in the Republican party who want no restrictions- to be able to receive \$300 million and no questions asked.

- It has to be cognitized so people get it - there has to be an energy shift

M/A: she is saying – if you want to know what is changing this - it is the love pouring in

- Because humanity in its highest form is being asked to take a quantum leap here as divine creation at the highest level – when we learn how they can walk, talk and do what they do and be in so many places at once – all we will hear is the sound of One Hand Clapping

T: Reading a headline: killing people overseas will always be a growth industry! This is what is being put out there – how much does it take for the globe to say

M/A: she told Jehovah millions of years ago: your android army ain't gonna to make it and she is saying it again. We are here and we are not going anywhere. We are neighbours in the 'hood: let's figure this out, folks.

Greetings in the light of the Most Radiant One!

R: Was sitting at the Solar Tribunal Council watching what is being discussed – vast areas of the galaxy that need to be handed back and peace will be declared because all the brotherhoods, sister hoods are here.

- The Mahdi shows up, not a fictional character, not the anti-christ - WWIII will not happen!
