** "All Available Countries (Europe)" includes all European countries from the given list. Most of these countries currently cover both en-route and terminal data, some feature en-route data only. For all of these countries with en-route data only, the terminal data will be supplemented with upcoming releases. This will be at no extra charge for customers subscribing to "All Available Countries (Europe)". For these customers, also additional European countries we will offer apart from the current list, will be at no extra charge.
