HARD NEWS

T urges us to stay positive as we are in the midst of the deepest, darkest times

R: a youtube out there about Donald Trump leaving his campaign – not sure it's an April Fool's joke or not

- **KOS:** Trump is playing with the power of heaven and earth & you don't do that!
- Obama went after Trump – said he won't be president because he doesn't qualify
- Valerie Plame on Chris Matthews today: said you don't joke about things like this
- Putin has put a \$3 Million price on Trump's head
- Howard Fineman, senior person at Huffington Post and MSNBC contributor for several years, was angry: you do not make light of a situation like this on the planet at this time
- don't know what is going to happen to Trump; put him in the Circle of Support, blaze the Violet Flame

Rana Mu, Tom the Cat: talked of many different things

- major distractions trying to twist people's minds from their heart
- **Yemen:** Over a million in the streets – angry with the West; 80% of the population starving to death
- has heard that **Saudi Arabia** will be divided into smaller states – family will be dethroned; it is only April and they have already beheaded 75 people in their own country, including young journalists! These young people risk their lives inside Saudi Arabia – the youth of the world are here and won't take it

Tom the Cat: shared a youtube video from LinkTV – about the teenagers from 13 to 20 – they have, with the help of 100s of people, created huge tunnels from the borders of Egypt to Gaza to take food, medicine, building materials into Gaza: many have been shot!

- After some discussion, R recalled the name: **Gaza: Tunnels to Nowhere** – it's not a new vid.
- The people of Gaza need to be recognized as a sovereign nation – to be a one state solution – has to do with the fake place called Israel

T: a Palestinian teenager had been shot & was lying on the ground, only wounded; an Israeli soldier came up and shot him in the head with impunity!

Gaza: Tunnels to Nowhere <https://vimeo.com/51975778>

Gaza: Tunnels to Nowhere takes viewers into the highly secret tunnels through which necessary goods are smuggled between Gaza and Egypt, and also into the homes and lives of the tunnel workers, and their families. Viewers experience what it is like to be in the tunnels, the dangers that these often young workers face, and the heartbreak their families are left with when accidents inevitably occur—either work related, or from the bombs and gas from Israel and Egypt, respectively, in an attempt to destroy the tunnels. This twenty minute film hopes to inspire change by educating viewers about what Gazans are currently facing on a daily basis.

Afghanis: refugees being sent back to Afghanistan – this is a death sentence as the Taliban [the Black Ops] will kill them: families being attacked, too – need some hope to stop this!

RanaMu: we are in a new frequency in April and the Aries sun, and the return of light and the spring – Bridget, the celtic goddess of spring

- She talked of Ireland today: sharing that Ireland is getting ready to completely disengage from Britain; Scotland is doing the same – and the true queen returns – Di and Dodi

Audio: Part 3 of Listen Liberal: Conversations with Great Minds

[Full Show 3/18/16: Thomas Frank on the State of the Democratic Party](#)

<https://youtu.be/vwHXhr0MWoo>

Thom discusses the state of the Democratic Party in a special hour-long Conversations with Great Minds with journalist Thomas Frank, author of the new book "Listen, Liberal: Or, What Ever Happened to the Party of the People?"

CONFERENCE CALL

Rainbird: talking about mountain top removal and Duke Energy

T: water ways ruined there in Rainbird's area

RB: their representative in town voted it in

T: renegades in North Korea said they're going to bomb Washington – Kim Jong Il is controlled by the US Black Ops – something big is on the horizon, bigger than Big!

- Mentions the article by AA Gabriel

Reading: 2016-03-29 ARCHANGEL MICHAEL: Disclosure – God's Way **[SEE BELOW]**

ALSO INCLUDED: 2016-02-18 Archangel Gabriel~ Disclosure Announcement [BELOW]

Concerning the sentence: the idea that it is the "nation of the constellation of Sirius which the earth and solar system are now attached to":

- Idea corrected by **Tara: we are being taken to the Pleiades** as there are still too many dark Sirians to be entrusted with this responsibility
- D'Yanni Wyahoo said we'd already reached the Age of the 6th Sun in the late 90s.

Magic Mary: it's a beautiful day; we're going through some fantastic changes; she is grateful to be with us all – it's been a very difficult road! Some feel like they've been beaten up!

- And it's time to feel joy and abundance!

T: can't get out of it: we did / are doing this to ourselves!

Ross: really liked the speaker last night; wish she had the information about star beings on her website now!

T: good to be in nature and communicate with gnomes, fairies and all the others out there . . .

T, RB: there are lots of places to commune with nature

T: [Aung San Suu Kyi](#) of Myanmar: they are giving up 60 years of military rule

- This is a huge thing: she is state councillor and will be listened to

Gerry: a true story of how humans and fairies are bonding: his friend has had colonies of fairies in her back yard – she puts out nectar for the hummingbirds and the fairies share it with the birds – their friends are in Lovington, NM

T: there is a special sensitivity that has to be developed – if you really want to work at it, they will show themselves – there are guides who can guide you!

- T & R see the ships every day
- Ships don't show up usually where there are large groups of people -
- and Rama would spin the crystals for hours before the ships appear

Lyn: Lynmystic-healer – google her; she can help Ross in the effort to contact ships and/or the fairies etc

- James Gilliland of ECETI.org – has been to Japan and Australia where there are

ECETI groups set up and all kinds of ships , one in Hawaii to start

- when he got back after these trips, there were 41 ships in 45 minutes

T: this has been James' focus for his whole life! They will always show up there

- the starships do enjoy the higher altitudes – not quite so many people. Location does have something to do with it

Gerry: asks about the meaning of green as it relates to a crystal – and he describes it

R: reminds R of what can be seen on Google earth that are miles long – also reminds him of the movie *The Transformers: the Dark of the Moon* – had very long objects like the green crystals that were interdimensional beacons to call in inter galactic races

Gerry: has a neutral response to it: a lot of UFO sightings in that particular area

- speaks of someone he knows who has been in the Philippines: has to do with the disappearance of gold and things that are not nice – yet Gerry met O'Brien, the MK Ultra gal, and Phillips there, as well as David Icke

BBS RADIO

Mother and Alcyone – M/A

T: the organizing of body and souls is happening – seeing all those peoples in Yemen

- and Saudi Arabia is definitely being called out – we are doing this together, the greatest transformation on earth ever!!!

Greetings in the Light of the Most Radiant One, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: We ask for the visible worlds and the invisible worlds to be seen – both ways! The animals are asking not to be hurt any more

M/A: Old holograms: liquid light is the food that feeds these temples

T: They are both here! What do you think, Mother?

M/A: What we think is it's a new day! April Fools Day

T: Trump was in a so-called April Fool's joke day - not sure if it has substance or not

M/A: all they can say about it – it's an orchestrated fiasco about blending reality with fiction: war is peace, what is up is down – separating the mind from the hearts

- These ancient ones – very ancient ones – The Watchers were here like she and A were here before the gods were here: could say “shadow hunters” with Lord Michael and his legions of living love and living light, along with the others - that combination of different galactic cultures with angelic legions after one third of the angelic forces fell:
- let's say shadow hunters were called into the mix and, to this day, they are here. They represent these ones that use the frequencies of the Violet Flame to remove the ancient archonic energies

T: Shadow hunters: are they part of Alcyone, your Twin Flame?

M/A: they are part of Lord Michael's legions: they carry very large swords – scimitars like the Sikhs hold; they are like light sabres and when you invoke the sacred mantras, they send out the frequencies of the rainbow rays, of living love, living light, and the ancient archonic energies are reduced back into the vacuum, as it were, to create new stars and suns and planets.

- It is a very wild intense story that has gone on for so long, and all the kingdoms are back: the fairy rings have been activated; the fire rings -all the elements are there: earth, air, fire, water, ether – 5th element - love
 - It is about this frequency of energy vibration, working with the frequencies of vibrational medicine. Like these spheres, gem spheres, plasma units: as you work with the plasma in

combination of the rainbow rays, it clears the atmosphere of all darkness -

- At this time, in this nano second, there is so much transpiring about raising everyone's frequencies up to 12th dimension and higher so we can handle what is coming in.
- They do not want us to get to the realm in which we are creator gods and goddesses of the Most High; they want us to go back to sleep, play in the colouring books, and get lost in the maya, to put it simply.
 - And this will not stand because Love is calling in the shots at this point. The divine compassion of unconditional love for all folks whether they are snails, slugs or even archangels. All the species, all the various forms of Living Light, Living Love that have shape, form, resonance . . .
 - She was shown some snails today on the phone from Tom the Cat – the snails were as large as R's fist and they live in Thailand and Burma
 - we have not been shown how many species of various forms of Living Love, Living Light co-exist with us, and we are all in this cosmic dance together. And this is the mission of the order of the day – Lord, make me an instrument of thy peace
 - We are watching and experiencing the most we – words fail to describe how imperative the need is of raising everyone's frequencies to the 12th dimension and higher: it [12 D] overcomes all darkness, no matter what.
- And we also got to meet today one of the cops here who doesn't carry a gun; refuses to carry a gun: and they keep him on the streets of Santa Fe. He uses as his defences - tai chi, kung fu, judo, ju jitsu. It is like Neo said to Morpheus after he got downloaded: "I know Kung Fu" and Morpheus said "show me". They went to the dojo and they played a little game where Morpheus taught Neo how to move within the particles within the particles in the space in between the spaces in between the spaces of the particles – call the guy [the cop] "Master Lee", like Bruce Lee – like Natasha's bodyguard "Jackie Chan" -
 - there are so many turning away from the weapons of war and using the path of using the Chi, the frequencies of what you and I are: that is how we make it.
 - As we learn these practices, it trains the body, the mind, the spirit – it is very important how to learn these ways of how to use the body – it will get us out of the tonal into the naqual when we move with the 5 animals forms of Kung Fu & the other various martial arts. Like Master Joda said, the Force is never for offense, but for defence.
- the least among us are the ones needing the protection at this time
 - Like this lady who was freed today after sitting in jail for 3 years; she had to kill her husband because he was trying to kill her; she hit him with the car – she pinned him to the garage wall with the car and got a broken leg in the process & he was taking his belt, trying to choke her! On Amy Goodman today
 - and of course the criminal courts are broken – no justice unless you are Mr Hair when you get all the justice in the world.
 - The supreme court is not supreme any more – they do not follow the ways of what Lady Master Nada has taught about true justice; it is a sham. And at the same time, we are all enemies of the state until proven otherwise.
- This is about the huge story in the moment: so many good folks coming forward in spite of their traumas, PTSD and other horrendous acts that she would not dare to bring up on this call – only to say that they are waking up and returning to the Office of the Christ and saying "Lord make me an instrument of thy peace . . ."
 - There are many, many good folks who went to Iraq, Afghanistan and various places on the planet. Even unto this day, they are serving, and it is about the issue at hand – as we are ushering in now which has already come to pass Sat Yuga: which brings up the question: as we are already in Sat Yuga – why do we still have standing armies and the atmosphere of mischief ?

- why do we have occupying armies called police officers who are to serve and protect we the people, yet they serve and protect the filthy rich & the elite?

T: some young people have the intention to do the right thing

M/A: when you come from an inner city and your father is in jail and your mother is hooked on heroin, what do you do?

T: Says that characterization is not even the right one: there are more white suburban kids in the affluent neighbourhoods hooked on heroin than in the black communities – it's because of the disparity

M/A: Beverly Hills; Belle Aire – it is about what Bernie talks about: the system has been broken by the 1/10th, the 1/16th of the 1%; even as they sit in their virtual counting houses like Ebenezer Scrooge and Bob Cratchett, and Bob is saying "Can I please have a piece of coal so I can warm myself by the fire?" And Scrooge says "No, we need it; I need it!"

- It is with great honour and respect, great gratitude and joy, that they come into our mix to spread great tidings of joy: the tide has turned; we are in Sat Yuga: all that has come to pass is the very end of Kali Yuga –
 - there is a group of songs Krishna Dass put together on the internet; called "the greatest hits of the Kali Yuga" . It's about the sound frequencies, the mantras of giving that divine devotion - Bakti Yoga – of repeating the mantras as we take the mala beads & repeat our mantras – [they say some mantras]
 - so much that is coming to pass about raising the frequencies of Living Love, Living Light;
 - everything coming about in this moment, as we watch Bernie take Wisconsin, New York, California, and the wicked witch of the east is screaming "Lies, Lies"
 - yet the real lies come from Wall Street, which is why they don't want Occupy to speak up to power, and even Mayor Bill DeBlasio is in the hip pocket of Bill and Hillary, best friends –
- T:** this is a sorry thing

M/A: It is, and it is about raising us up into the light of the Most Radiant One where, as we come back to what the true Founding Fathers set this republic up - it's - you follow what's in here, the heart cave of the high heart frequencies; there is no god out there to tell us what to do

- we are just travellers along the divine path of living love, living light on the road to Asgard where we can sit with King Odin, his son Thor, Lady Freya and the 9 realms
- all the kingdoms are back here in this moment;
- this story about what has happened where our Republic got sold down the road for 30 pieces of not just silver, but a nickel bag of Coke, or junk as they used to call it
- this realm of which she speaks is fading fast – this is why Bernie is speaking truth to power

T: he had 15,000 people at his rally in New York

M/A: – as the 64 good members of Congress should not have to beg from the evil lobbyists who hold out cheques for \$5,000, \$10, 000 etc

T: they got a whole bunch of fossil Fuel lobbyists and bundled them up - \$1.3 MILLION!

M/A: yes, what has happened is the Republic got sold to Lucy in the sky with Diamonds, and even he is laughing on the couch with Lillith, Jehovah/Javah – such a dichotomy, such a cosmic dance of opposites to watch, as we are observing in this time, this nano second, where insanity seems to be the order of the day.

- Of course, Mr Hair is leading the pack along with the end times prophet, Mr Cruz – not sure what to make of Mr Kasich except to say he sold his soul a long time ago because the money talks and the Bull shit walks!
- To take the power back into our hands, we vote for Bernie: and even as we watch the insanity: they are flipping registrations, they are playing with the machines – please do not sit back this time - get out and do your duty as citizens of this republic – **VOTE!**

T: and hand out NESARA INFORMATION! Have seen a NY licence plate

- Go to Ashtar on the Road website and see all the pictures of NESARA licence plates across the country <http://www.ashtarontheroad.com/nesara-flyer-2-8-16.html>

T: Bernie told us he can't quite do that [use a NESARA licence plate]– and Bernie knows that you know and that's enough!

M/A: this is the realm of where we are in now – as the father of this great nation Beloved Ascended Master St Germain came into the mix here and is very much in the mix; and even though folks cannot interact with him, you CAN interact with him in the different realms – so many levels of the frequencies of hundred dimensions and beyond

- what they could say is that even Mr Putin is having to put his head between his legs and say they are going to give equal rights to gay, bi, transgender people - as the people in his royal Russian army were to come forward and tell the truth, there are so many gay, bi, trans in his troops and they serve at his whim, yet all of the stories that are coming out – we are all One, the good-hearted people on the Good Red Road leading to Asgard!
- Everything that is transpiring right now is the path that is laid before us: **no nukes and we mean it** – since it has been in the discussions of late - behind the scenes, **Mr 19.5 is letting all the nations know who were at the summit today and yesterday: as we are going to discuss nukes – let me give you a piece of advice: they don't work** –
 - Mother acknowledges that they probably know that, yet they have to play this very ugly game talking about ISIL getting radioactive material the size of an apple that can take out New York City

T: the ballistic missiles did go off

M/A: North Korea did a short range one and it landed in the ocean

- She can say with great certainty that the admiral [Sananda Kumara] and the captain [Ashtar] have the situation in hand, and Mr Kim will have to eat his words and take his basket ball friend: even he got sold out playing the games.
- It is about how we feed the beast – or not. There is an ancient native american legend: there are 2 wolves; which one do you feed? It is how about you take care of what the story is: it is about love and not giving into hate – hate is not a family value – it is simple!
- What is being stirred in this nation at this time [is these] issues which go back to the very very beginning when we first landed on this planet with the Nibiru: our brothers and sisters began to play with the old hologram of might makes right; now it has come full circle, and all the ancient ones are waking up from the cryogenic chambers and saying "Peace and love is the order of the day." As the Beatles used to sing: all you need is love
 - It brings all back into focus in this moment. It is so magnificent to watch humanity take its divinity back at this time.
- At the same time there are good ones in the midst, speaking truth to power: that ALL lives matter in this nano second, no matter what we are: this is how we take the country back as Gandhi, Dr King said: non-violent, civil disobedience – as we watched in Yemen: a million people got into the streets and the army cannot take on so many.
 - As we watched the first war demonstrations after Bush decided to go to war with Iraq in 2003; there were 2.5 million in the streets in NYC as Amy said and she was sitting in the midst of it – not the much lower numbers reported later: there were 30 million people demonstrating globally
- **Tom the Cat today** – as we approach the Ides of April, the tax man times of the IRS, we might just see Anonymous shut down the IRS, the Fed Reserve & a few other agencies where the circuits might just die and they will have to spend a few billion dollar investments to get it back running
 - they won't shut down the whole thing, just a few of the ABC agencies who do not serve the people, just the 13 families who answer to the ancient archonic energies, the Adu Jehad and the other life forms who have come back to love, Lords of Chaos
- She can say with certainty: the shadow hunters are here, along with all the others who

represent the Office of the Christ and it is turning over a new leaf so we can sit with Lord Shiva, Lady Master Parvati and their son Ganesh, and be able to share the holy Presad that has been blessed by the trinity, Vishnu, Shiva, Rama, and all the other masters as well

- How many brotherhoods, sisterhoods, legions of heaven - too many to count - they are all here to help us, humanity, pick up the Gauntlet of Power with the 5-6 Infinity Stones and claim our power with Love; All it takes is the magic of who we are: the little spark called love - that simple!
- and even she speaks to this one who goes through his dark night of the soul daily, with what he went through as a child, watching the Divine Chaos; he chose this path, to come out of it on the other side with "I made it! Thank you Mother/Father God"
 - Indeed, all the collective PTSD of the race of humanity is being healed in this nano second: yet it only takes one; we said we would be the one:
 - He said to Ashtar a long time ago, "I'll follow the path, yet I don't know the road. Show me."
 - Ashtar said "OK. Here's the path - it goes off into the mist."
 - R: "Wait a minute. There is no path there."
 - Ashtar: "I forgot to tell you, Dude, there is no path! As you walk it, it manifests before your very eyes. Take the gold dust as Indiana Jones did, throw the gold dust before you and the path shows up"
 - It is that simple, that stupid! It may sound like a bad joke, but it is absolutely real; Divinity is the nature of these divine temples of holy wisdom; they contain everything you need:
 - as Dr Keshe says, you have it all right here in the plasma - who and what you are; you work with the plasma, the plasma will work with you, Baby - to make a cliché even worse: She says she is not very good at the jokes: she tries - it's about learning the divine humour! Humanity is at its best when it's at its worst
 - We asked to play in this "You play, you pay" divine leila ! It is how it gets done!

Greetings in the Light of the Most Radiant One!

- Remember the Light, the Love . . .

T: it is a new day!

R: sitting on our mountain at the ski basin, working with the energies of the beings that work with keeping the air pristine and bringing in the gold dust, even though at this time, they are spraying what they spray. Send the pilots and the androids more light than they can imagine - and even that can change - those particles of poison back to holy love and light.

T: Bill Mahers is on the road: an hour long TED talk instead. Signs and Wonders - future of nano technology and science of light

TED Talks Live: Six nights of talks on Broadway

The Town Hall Theater, New York, NY

November 1-6, 2015

The Education Revolution

November 1 & 2, 2015

Why is teaching grit and character so important? What will schools and education look like in the future? Hear first-hand about some of the latest innovations and thinking in education with some of the brightest minds in the country. Examine how we can control our ability to learn, the education gap, restorative justice for youth, the effects of hunger on kids, bullying, mentoring and just how we keep kids on track to build a

better future.

TED Talks: Science and Wonder

Take a trip through the world around us and the universe beyond, as explained by some of the greatest minds from our time.

TED Talks: Science and Wonder examines the riddles of the universe that keep leading scientists awake at night, taking viewers on a mind-blowing journey through space, the human body, disappearing landscapes, and the world of Pixar animation as speakers look at the future of nanotechnology, the science of light, and the rise of genetic manipulation. Hosted by best-selling author, comedian and activist Baratunde Thurston

and taped in front of a live audience, the program features Pixar Director of Photography for Lighting Danielle Feinberg, who explains how she builds a 3D world inside a computer, using math, science and code to create stories with soul and wonder; Juan Enriquez, leading authority in genomic code and author of *Evolving Ourselves*, who delves into the complex ethical questions raised by the rise of intelligent design; MIT's Head of the Department of Chemical Engineering Paula Hammond, who reveals new technologies being developed to kill cancer cells; artist Zaria Forman, who uses her work to bring attention to the imminent perils of climate change, and Radiolab's Latif Nasser — with a very special four-legged guest.

The program also includes three short films about robots building a 3-D bridge, on the future of space exploration (featuring Bill Nye "the Science Guy"), and a moving film by award-winning documentarian Ric Burns on the late author and neurologist Oliver Sacks.

***TED Talks: Science and Wonder* is a co-production of TED and ITVS in partnership with PBS, and is funded by the Corporation for Public Broadcasting.

We discuss the fools in charge making things more complex as small print and Byzantine paperwork mire people and systems in 'gotcha'-style debt traps. In the second half, Max continues his talk with [Michael Betancourt](#) about his new book, [The Critique of Digital Capitalism](#). Michael suggests we are evolving into our pocket calculators as the submerged costs of social networks bite. They also discuss 'the aura of information' – everything can become data; once it becomes information, it can become a tool; but that fantasy implodes when we start having to take account of physical costs.

Single payer healthcare, free college for all and an end to subsidies for fossil fuel - if Bernie Sanders' agenda sounds more progressive than his opponent's, why have so few Progressive Congresspeople endorsed him? Laura asks Minnesota Congressman Keith Ellison, co-chair of the Congressional Progressive Caucus, why so few members of his caucus have supported Bernie Sanders. Also in the show, Middle East expert Phyllis Bennis tells Laura why we need more discussion of war and peace in the race for the White House. Phyllis Bennis is a fellow at the Institute for Policy Studies in Washington DC. Her latest book is **Understanding ISIS & the New Global War on Terror: A Primer**. Also, a few words from Laura on cooperation among rival nations.

2016-03-29 ARCHANGEL MICHAEL: Disclosure – God’s Way By Christine Preston

ARCHANGEL MICHAEL: From the love of twin flames, with one descending and the other ascending, both in alignment with their higher Selves, is the way this message is manifesting. With these movements of Light come a message of great importance concerning Disclosure and what is compelling it to take place. It has been pointed out many times that it is part of the process of Ascension because the awakening into full consciousness involves a liberation from the darkness that has been created to keep mankind ignorant of its potentials. Disclosure will take place by Divine Command and as a manifestation of the Divine Will. A revelation concerning all the truths that have been suppressed has to take place. Nothing can stop it. It is necessary for the creation of new Gaia and no deferment, or attempt, by the dark forces to introduce modifications to the plan will be tolerated. The powers that have controlled mankind, and are now being dissolved, have suppressed truths and have also done this through a falsification of all knowledge and even of history.

The chaos and turmoil that are part of the political scenes of events are the last attempts by the Beast that is dying, to lash out with retaliation and a vengeance after centuries and millennia during which the tyrants in control constantly rewrote history to keep you in ignorance of your potential, for your connection with the Divine Presence is all you need to construct the paradise of a Golden Age that has been an utopia for millions of years. In his infinite mercy, the Almighty forged a plan, but there was a right time for it to unfold, and until then the souls of mankind have been imprisoned in cycles of captivity that have taken them on a downward course to deep levels of the third dimension. The shepherds however came looking for the lost sheep, including those that had reincarnated upon Earth from Maldek. During this time and for millennia, only the few were able to ascend back to the higher dimensions after death. The Karma that had to be balanced was too great until Saint Germain obtained a dispensation so that this would be possible with a repayment of 51% only. You now know that a paradise in physicality upon a higher level of vibration, or dimension, is the objective of the Divine Will. The work of those souls that rose in power in their reconstruction of the civilization they had known prior to the destruction of their world, and maintained their influence from the astral plane where they were cast following the Atlantean cataclysms, is being undone in the battle of the psyche. A war has been going on as a result of the attack of the dark forces upon the lightbearers in every nation. The forces of darkness have created scenarios to create wars and are still attempting to incite conflicts, but are failing.

I would like to reassure you that the process of Disclosure is on its way, and that it is inevitable because mankind is being affected by a magnificent concentration of Light radiation as the Earth and the Solar System are traversing an area of space which abounds with photonic Light. Disclosure is that great wave of enlightenment that is going to cause tremendous changes in the whole world. There is the stripping action taking place, as has been described before, and Disclosure with all its revelations and restoration of knowledge will be occurring in all fields, including those that have an impact upon the conditions that cause misery and poverty in mankind. There are aspects relating to technology, better health, and the existence of human beings in the Solar System and galaxies.

The process of Ascension means that eventually each person will have an inner teacher and there will be no room for skepticism, as a result of a development of certain psychic abilities, including that of telepathic communication.

The Earth and its people are being irradiated by a stream of light particles, electro-magnetic energies and gamma rays. There is no adverse effects from these because of the technology that

is being used to diffuse and distribute this light into the human psyche via many channels. The technology is advanced and extraterrestrial. It has been provided by the beings you are beginning to be familiar with. They have been called the Blue Avians. They work in cooperation with the Galactic Federation of Light and Ashtar Command, the air division of the Great White Brotherhood, as they have been defined. This Brotherhood is the Spiritual Hierarchy of this Solar System. The Galactic or Inter-galactic Federation is an organization that was founded more than 4 million and a half of years ago. Within its Councils are represented many Nations and it is the nation of the Constellation of Sirius which the Earth and Solar System are now attached to. They supervise the process of Ascension and you are in their care.

The Archangels and Ascended Masters work in cooperation with these Councils of Heaven or higher dimensions, and in unison they follow the directives the goals of which are always to manifest Divine Will. They make it appear in the material world as a blueprint descending like an image from the heavenly realms. In the process of Ascension the psyche of mankind is being molded according to that image and changes also take place at the level of the DNA. The Archangels are the emissaries of the concepts and thought forms, as well as of a way of being, or consciousness, that is being birthed into the material universe.

Since March 20, 2016, the Earth has been navigating through a region of space that is highly potent in Light. You have been experiencing the highest peak in your reception of torrents of particles of Light since the Solar System penetrated the Photon Belt in 1996. You have heard of the previous phase which has permitted a first Wave of souls to penetrate the Void, that barrier or chasm that keep the higher dimensions secure. They have been experiencing higher vibrations as their physical bodies are now anchored upon the 5th dimension, but in physicality. This journey started on September 28, 2015. Your physical bodies have constantly been changing for decades. Some DNA modifications have already been carried out on them for many years and decades, but the procedures have been intensified recently. There also are changes that are the result of the movement towards you of the Light Body or Christ consciousness. This also is that celestial counterpart of yourself which remained in heaven when you incarnated. It is the reason that an awakening is taking place. There is a movement downward of the Spirit towards mankind and a movement upward of the soul in the desire for reunion, as well as an aspiration for change and the manifestation of a golden age.

The Angelic Kingdom is working on the transformation of your physical structure to make it more suitable to the ultimate goal of a higher form of physicality which all can achieve in a time that is not too far in the future in which disease and death will play no part. Your molecular structure has already been converted to crystalline and the work of converting it from a carbon-based structure is not yet completed. It is 90% complete for some of the souls that are categorized as Wave I, and less for the others. You are able to lift yourselves up in meditation with the help of the tools provided in all ages by the Ascended Masters and Archangels, to greater heights upon the ladder of consciousness. You are able to vibrate, raise the level of your frequency of vibration and resonate in reaction to the influx of spiritual energies, love, and the particles of the photonic Light that you are literally being immersed in as the Earth is crossing this area of space that is a dense layer of Light.

You are anchored upon the 5th dimension and have been joined by the souls of the second Wave of March 20, and you are already beginning to chart your journey upon the path of Ascension towards the 6th dimension. There will be a third peak of energies towards the end of this year when a third group of souls will achieve the same thing. They will benefit from the knowledge gained by the first two Waves because of the interconnectedness of being, and will have already been changed and prepared for this shift during the next few months.

What will also have been preparing them is the gradual transformation resulting from Disclosure

as the two first Waves of souls function in a realm of awakened consciousness and are influencing the Media and the political scene. The forces that are at work behind these external scenes are tremendously powerful. They also are due to the position of the Solar system in what has been called the Galactic alignment. There are various forces influencing the psyche of mankind, and some are astrological in nature. Millions of galactic beings are assisting the process of Ascension with their technology.

The Angelic Kingdom and Ascended Masters are sweeping the Earth with their Rays and the forces at their disposal. The Lightworkers also contribute as they provide a very necessary input with their calls for dispensation and interventions. Now the work that remains is related to the disentanglement of the souls of mankind that still need to go through the process of Awakening. They are still captive of the forces of darkness and need to be liberated from the shackles of their own creation. It is an exorcism of some sort that is being carried out in conjunction with an overcoming of the dark powers that have been controlling the world and that have suppressed truth. The heavenly beings operate however in a way that releases them from this captivity without violence. They are being changed by a stripping down of their negativity, except when this is impossible.

Our circles and swords of Blue Flame – mine and those of Mighty Astrea and Hercules – for instance – are intelligent beams that transform the human psyche. However qualities and virtues appear where there is willingness and devotion. The magnetization of the Light occurs in a natural way as you live your lives and make choices, and at this time of Ascension, this process is being activated and accelerated. If a human being has magnetized darkness, or shall we say, if this being is composed of darkness rather than light, when passing through the chasm, if this darkness is removed, and there is not enough light within this soul, this being cannot survive, cannot pass. It corresponds to the karma that has to be balanced to achieve Ascension.

This is one of the reasons the Solar System did not penetrate the Stargate to be transported to its appointed place as a system of the Constellation of Sirius at the earlier date that had been expected. I have said it was because of a certain technology that we were able to enter this Stargate on September 28, 2015. This was expected to be possible in December 2012 but was delayed in the hope that more souls could be readied and the process is now taking place in three Phases or Waves.

Disclosure has begun and it is seeping into the mainstream media. All is in place so that it progresses like fireworks for years to come because the Pandora Box that is being opened is so deep. Its meaning will have to be explored and analyzed, and many issues addressed. Many changes are on the horizon, dear ones, because this event is of such magnitude that there are no words powerful enough to convey the wonders that this new era will bring.

The great Prophecy of the Archangel Michael that I am, is very close to fulfillment. I am with you always. When you have recovered full consciousness you will be able to appreciate what this means. Peace will be everlasting.

CHRISTINE: We are really grateful for this large perspective of what is going on, Archangel Michael, thank you.

2016-02-18 Archangel Gabriel~ Disclosure Announcement

[Toluene Life Experience](#) by Christine Preston

CHRISTINE: After a long conversation with Archeia Faith this morning, following an even longer period of silent prayers to our Heavenly Father for the descent of the consciousness of the Elohim, the Archangels, Helios and Vesta, the Ascended Masters including Saint Germain and Lord Jesus the Christ, and for the Solar Ring to bind us all in the purity of Christ consciousness, as a platform for the Tube of Light, Archangel Gabriel spoke to me. He said he was coming with an **Announcement** before going away to carry out a task, or assignment. At first I thought it was Archangel Michael as he often mentions he gets busy with some activities at sun rise. I wondered why he was telling me that he was going away, but I first asked if it was him. The answer was that I was being visited by Archangel Gabriel. He spoke with a pause at regular intervals, and thanked me for mentioning the fact in the story regarding why Archangel Michael fashioned his sword of blue flame that Archangels, Kumaras, and Dhyanis, whose nature was androgynous, assumed bodies when the Earth was still being terra-formed for physicality, and then they and their divine complements kept their chosen polarities. This story should be available soon. He said:

ARCHANGEL GABRIEL: I come as the Archangel who makes announcements and delivers news. I come to announce that you are approaching a turn of Events that will be acute as a result of a truth being exposed in the media that will shake the world to its core. It will not be DISCLOSURE as the lightworkers hoped it would happen, but something of a critical nature. The magnitude and consequences of the revelations will be so enormous it will make people feel sick as if they had been punched in the belly. This has already been announced as a peak in disclosure to take place in March to April 2016. However, this peak will not be in the sense of a crest as if disclosure could not go any further, but in the sense that a climax of conditions, that has been in preparation, will hit its highest point, with the result that this disclosure, accompanied of sensationalism, will take place. It will cause alarm and outrage. Attention will be drawn to the enormity of the conspiracy that has been going on and will cause the world to awaken. At the same time this event will be like a blast that will kick-start the world into a proper phase of disclosure. It will be fireworks.

Behind the scene of the mainstream media, on the internet, there is a movement and atmosphere of agitation with predictions in relation to the collapse of the dollar, the economy and financial system. There is a war in the media with cross fires of information and disinformation. Analysts and academics, as well as representatives of governments and large organizations, are called to the rescue for an opinion on the perception of Reality of those agencies which do not carry out a duty of information any more but seem to disseminate propaganda in the service of the dark forces because they cause divisions, confusion, and fuel the blame game of false flag attacks. A force is still attempting to trick the nations to unleash an apocalyptic World War III but is deluded. When you hear a politician whose views are based on common sense it is a relief – when the rest of the world seems to have gone insane with the same old deception and outdated stories which cover-up the machinations of the secret agenda of control.

But I have only tried to present to you a picture of the underlying situation. It is brewing to a boiling point, to a point of outburst that will bring about the Event that I am announcing. I have not mentioned a name to reveal who, at the top of the pyramid of great deceit, is going to be stripped of his credibility. I have sent a mental image of who it is to the emissary of this message.

This is going to bring great turmoil in the political affairs but will be followed by a great renewal in relation to that mechanism in which those who preside over the people, in a certain nation in particular, are being replaced.

This turn of events will be deserved by those who have betrayed the trust of a Nation that was to be an example of democracy with a Constitution inspired by Saint Germain, and so dear to his heart. The time has arrived when there can no longer be any secret machinations and conspiracies of wars for economic gain and wealth that ends in the pockets of a few. They are those that are being removed. The decree has been passed that they must be rounded up, or else the Earth Herself will not ascend. They turned against the people whom they were supposed to lead and serve. They made slaves of the them in every way, and impoverished them, depriving them of their homes, and poisoned them with chemical trails while diverting monies for the secret escape they planned to the Stars, of their Alternative projects, which they found could not be realised because of the blockade that the Blue Avians and their Sphere Alliance have enforced around Earth and the Solar System. This is a large, but yet incomplete, picture of the scenario of reality that is a prelude to the grand and terrible blow about to happen. A Damocles Sword has been hanging over the head of these fallen ones, particularly since last year, 2015, as the year of enlightenment is upon you. Heaven has decreed 'Enough is enough'. Now is the beginning of that Phase of Enlightenment that starts with a shaking up of the world. I am blowing my trumpet to announce to the world it is time to step upon that Path of the resurrection of civilization, of healing those wounds of an atrocious past, and of liberation from a deception that caused beautiful angels to be inhibited by the shackles of their own creation. They could only be delivered from this captivity by spiritual tools, such as those provided by Archangel Michael's and Mighty Astrea's circles and swords of Blue Flame.

Mankind must be freed from its misconceptions, its mind set, and place its feet upon the path of enlightenment to recreate a civilization that will be represented in the Galactic Federation of Light. A new Gaia and golden age will then be recreated. We are all working together in unison, in a sacred relationship, to achieve this goal. Be vigilant as the astral forces of darkness, though in disarray, present a greater danger at this time, just as does a wounded beast. They are still attempting to attack the light in the light workers. It is best to ask for a reinforcement of your protection. Avoid getting extremely overworked and tired, or spending long periods of time using your intellectual capacities in front of computers, as it can result with a lowering of your vibration. You may know what I mean because if you then enter into meditation, prayer, or spiritual practice, in the love and peace of your Divine Self, or in communication with the Masters and Archangels, you will notice the difference. You should feel uplifted, as if you have literally been pulled up by balloons, upon the ladder of the dimensional consciousness. Do not be concerned about the process of receiving information if a subject is disturbing as information is Light and you can process any knowledge into light. With Archangel Michael and other great beings of Light at your side, there is no fear, and you are being protected.

I am now parting to attend to my duties to further bring Heaven, as the Divine Will, upon Earth, instructing, teaching bringing more Light to the hearts of the people to lift the world, and I send you love on the wings of the words of my announcement. Archangel Gabriel.
