## HARD NEWS

**R: message from NADA:** there is a plan in which Tom Cotton and the 47 signers of the document [the ones who completely went against Obama] - they are planning to carpet bomb Palestine:

- they are trying to block the resolution that was supposed to go in after the UN re-opened its doors on the 14<sup>th</sup> - France's resolution to make Palestine a state.
- Nada said she was going to do something about it: she represents all of us - she is a special lawyer in the World Court and the head of the Solar Tribunal on Saturn

**T: AAM** said last night that there would be no interfering with our free will choice; T thought about this as Mother said something that seems to counter indicate this; T realized that the **reptilians are not human**, not part of humanity's dispensation: they invaded & occupied

- Mother was particular to say that they are taking advantage of the situation as they are shape shifters, and we can't tell who they are: they no longer get to play

**R:** they are under the lockdown imposed by the higher forces like the Blue Avians and the alliances and galactic confederations

in our local area of the Milky Way galaxy, there are 26 Known galaxies in this area

**T:** So we are causing harm to more than just ourselves: there is all kinds of things happening in space, and we don't know the half of it!

- A lot of people don't realize they are reptilians and, also in the 3D level, Omena doesn't quite believe it and the AAM energy would not go past her basic beliefs.

**R:** got the wildest phone call in years!

It was **Rachel Maddows and Larry** of Larry, Curly, Mo; has been some time since she called!

- They said: Hey, Ram! [Can't miss Rachel's voice!!!] Feel the Bern? And last night she did a spectacular interview with Bernie - **she said** Bernie is going to lead us right to what we want to hear and right to where we want to be!"

**R** said "Oh! Yeah! NESARA now" - and there were giggles from the other end!

**Iran:** a done deal; **Palestine** - without saying it, she said [something T & R have been hearing from all the F3 White Knight level and Nada] Netayhu's days are numbered.

- It's over the top to think they can rig another incident or two and blame it on Hamas
    - **what they really want is** the black man in the White House as dead as a doornail like all the rest of them
    - Brings up Mr Hair and the man in the audience calling Obama a Muslim - it goes back to 911 and the great lie coming out of it: it WAS NOT done by anyone else except the Bush Clinton Crime family, Cheney, Rumsfeld and others - an inside job
    - audience member: We have a problem in this country and its Muslims
- Trump** said: We need this question: this is the 1<sup>st</sup> question
- yet anyway we have training camps - when can we get rid of this?
- Trump:** We're going to be looking at that and lots of other things.

**Hillary tweeted:** Donald Trump not denouncing false statements about the President of the US and hateful rhetoric about Muslims - cut it out.

**Trump Campaign statement:** "The media wants to make this issue about Obama; the bigger issue is that Obama is waging a war against Christians."

**T:** Can now put Trump in the same camp as the 47 who signed the letter to Iran, and add the 14 who attended the Caucus Restaurant Jan 20<sup>th</sup> 2009 - all are traitors!

- There only 64 good members of Congress: the rest are traitors.

**Refugees:** not being called "refugees" as they should be

- an amp up of forces along the Russian border of Ukraine; more bombings on the ground;

going to go after ISIL

- there's an appearance of them being very trapped: Croatia sent 900 refugees back to Hungary – and now Hungary is building another wire fence across the border between them and Croatia.
- Slovenia won't let them come in because of some pact about preserving some land – unless they stay in Slovenia; and they won't be allowed to go to Italy, either.
- there is a declarataion by the head of the UE commission that this is a crime: the whole country of Croatia & Hungary: it is against the law to entrap refugees – they are going to try and go to Finland through Hungary. [Still calling them "migrants"]

**R:** Nibiru is in the n'hood and Wave X is pouring in like Hoover Dam with a giant hole in it!

- The magic from the tiniest pixies to the Archangels of which **AA Michael is the planetary prince** of this Universe, along with Sananda Kumara; those kinds of energies mean that all is in hand.

**T:** Rachel and Larry said that the Iran situation will lead straight to the Mahdi!

**R:** said "You mean Dr Keshe?" They giggled and said "See you, Rama!" [no answers mean yes]

**R:** send his unholiness more love: brings it back to Obi Wan whose teacher taught him that using the force for the whole of the universe gets all particles involved and then more and then more

- As we are in the midst of Rosh Hashanah going in to Yom Kippur Blood Moon – he believes that AAMichael and the Cosmic Crhist stepping into this role have it covered, at the same time, we should praise, thank and love the feelings that come up: our biggest test at this tiime is to pick up nothing except love!

**T:** 43% of the country are willing to overthrow the government right now, and they want to use their Jade Helm – won't be allowed.

## Conference Call

**T:** Rachel and Larry called Rama today: she interviewed Bernie Sanders last night – good interview.

- Hey Rama: can you feel the Bern? Bernie is going to lead us right to where we want to be and to hear what we want to hear!
- Rama said: "NESARA now", and they both giggled
- They said Iran is a done deal; shenanigans over Palestine
- Earlier, Nada said she would speak up and get something done about Palestine – when she intervenes on our behalf in the UN, we have galactic intervention!

**C1:** having ET help with phasers at the back of the head while they are being cuffed!

- Rumours that between now and the 28<sup>th</sup> are the final moments

**C1:** has a good feeling about International Peace Day on Monday!

- On the 21<sup>st</sup>, the Haj begins – yet the dome got trashed – over 100 people were killed because they were there early.
  - The corporation doing it: it was his father's corporation that owned the crane that did that – wonder if this was done on purpose? They are doing all kinds of things with impunity these days!
  - Thinks the Haj is closed down.

**C1:** regardless – things are going to change -

- the 22<sup>nd</sup> is the day of Arafat
- D'Yanna was talking about us getting crumbs out of our places and faces – making it Zen
  - Sometimes you have to choose – have your space represent a new beginning!
- The 23<sup>rd</sup> is a Muslim holiday, the Feast of the Sacrifice; also Pope Francis arrives from Cuba – he is returning to the Vatican on the Blood Moon.

**C1:** Francis did terrible things

- Yes, they are using him for their own purposes: we have to be careful as we have not walked in his shoes - Judge not – he represents the 266 Vicar of Christ and 266 is also the number of days since the beginning of the year, and 266 is the number of days it takes for a baby to be ready to be born.
  - We have a Jewish, Muslim, Christian event all on the same day.
- 24<sup>th</sup> – a joint session of Congress

- the scientists are going to use the Rico Act and declare anyone who is a climate denial as unfit to hold office.
  - methane gas is definitely leaking from under the ice fields in the north – the ice is over 1/2 melted and now it will go faster and faster;
  - the jet stream goes further and further south with the cold air and the equatorial response means that there is 6x more hot air going back up
  - A thousand billion metric tons of methane gas under the ice

**C1:** can't we counteract with the technology we're getting?

**T:** what Rama mentioned with Rachel went on to speak of the situation of Palestine:

- Netanyahu is set to carpet Bomb Palestine on the Blood moon – we are at the point that the Nazi characters are going to bring forth the Mahdi and Rama said "Oh you mean Dr Keshe?"

**C1:** that means yes!

- there is no intervention in a civilization's development except in the case of psychic or nuclear warfare;

- they all set to do WW3 on the east border of Ukraine: TR3Vs are more advanced than stealth bombers – ready to invade Russia
- T reads from Keshe's letter of May: the last paragraph - the name "Messiah" is another name for the Mahdi!
- Today: Trump was agreeing with a man in the audience that Obama is a Muslim
  - In a later interview, Trump said Obama is at war with Christians
- It all looks like a set-up for intervention!!!
- AAM said – we will definitely protect you from whatever these ones come up with and "Everyone has volunteered for the role he or she is playing"

**Reading:** Japan's parliament votes yes to allow its soldiers to fight against other countries – massive protests!

- They were told a while ago that Abe is not long for this world, either – he was the one who ordered the 3 ninjas into Obama's hotel room to have him killed: they were turned into puddles on the floor, thanks to KOS

**Japan to allow military role overseas in historic move**  
<http://www.bbc.com/news/world-asia-34287362>

**R:** Trump has created waves with the last debate – losing ground.

**C2:** saying that he tried to use the 641-315-3650 on his tablet computer, hooked up to the internet; this number asked him for a credit card number

**T:** this is a free conference call – thank the corporations for this – use the regular phone!

**C2:** he's using his cell phone – lives in AZ

**T:** talking about cell companies that allow free phone calls after a certain time in the evening

**C3:** question about Sheldon Nidle

- KOS – he's on KOS' shit list: has been playing with the hedge funds, has not paid someone for the editing work done on his first book - \$20,000

**C3:** talking about his report about getting ready to be taken in the ships, then into the inner earth and then brought back

- He's a dark Sirian who had a chance to incarnate and make things right: there is a great deal of ego involved here; the Pleiadians are in charge, and the Sirians - the dark Satonians - are the ones who taught Hitler and the Vatican how to do the obscene rite – the Ashtar Command are Pleiadians

**Gerry:** a pleiadian friend said a long time ago that he tends to ad lib.

- about ISIS – she's the daughter of King Feisal who was killed; she and her mother were put in a witness protection program by the US gov't – Isis is a code name.
- She was young when it happened: she didn't want to stay in the witness protection program and wanted to come to the US; at the "suggestion" of the US people involved, she gave a huge am't of money from her inheritance and NATO was started, and she came to the US
  - Sheldon Nidle calls her once and maybe twice a day to get information about what to include in his writings – do not judge

**Gerry:** is not his follower

**T:** knows him as he was in Hawaii at the same time – had 4-6 ladies living together at the time – no longer doing this

**G:** no one can reach him as his phones are cut off: can't be reached. Does not trust him.

**T:** remain neutral and send much love; also put him in the Circle of Support

- it's a real challenge in this life time
- Whatever we do not need, give it away – listen to D'yanna's story again

- AAM said he would teach us the tools of ascension now
- T is jumping with joy for Rachel and Larry's call! Rachel has been doing the mission and saying as much as she could without saying it! She was in prison for 8 years and got 2 PhDs while she was there
- Jimmy Fallon and Stephen Colbert are on at the same time at night:
- Last week, Bill Maher was supposed to have Keith Olberman on his show but he wasn't there
- We are in the final moments leading up to the blood moon, the 28<sup>th</sup>
- a lot of people talking about Wave X, saying things which are not right – talking of fear things, global currency reset – that language is anti-NESARA
- What Thom Hartmann was saying about the Republicans: makes Bernie look better and better
  - Bernie Sanders – Cary Lee Peterson, chief director of America Socially United, started the Super Pack – it's like a war chest for legal and lawful purposes: the same person who put it in can take it out too, and "war chest" is a lawful term. All 78 of the programs were started with "war Chests"
- Bernie is on Norman Goldman show on Sirius XM radio – a brooklyn NY lawyer; grew up on the streets – he's a lawyer and found out about the BAR and rescinded that designation and became a legal aid – charges a small fee; knows about the criminals who are playing
  - he is working with Mike Pap and others

**C1:** is the media going to change with Nesara?

- It will not be gradual: will happen all at once!

**C1:** was curious because of what Amy Goodman said last week about Bush, Cheney will be hung for war crimes

- there are issues with the weather, changes with all the planets – they are not going to let us go through an extinction level event, yet the 13 families want this to happen
- Saying that Bernie's campaign has changed things
- what is going on is the hijacking of the whole planet – yet the power of love is so much more powerful – not the love of power.
- There are 80 billion planets like ours in the Universe of Nebadon!
- Tells the story of a man known to their friends north of Santa Fe who is now in a mental institution:
  - he believed in 6,000 year old earth; that there were no such things as climate change or space ships
  - was up north of Santa Fe – saw a ship and it unhinged him.

## **BBS RADIO**

**T:** We are in the time of all times! It's a great gift to be able to be here – and the First Law of Love is BE CALM!

**M/A:** Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

**T:** we ask for the highest good of all the souls who volunteered to be here at this time to make a difference that is being made at this time; for all the souls to have the highest good and to know that we already are the living blessing to this planet – praise, respect, thanks and love with all the feelings that we experience

## Greetings, Children of Ra!

- Indeed, we live in challenging times! Interesting Times – it is because we asked to be here  
We know that saying “be all that you can be” - here is the real test – accept this time now! We are in these moments – it is about the high heart place
- as we can see it from her vantage point, in the neighbourhood of our planet, only issues going on are confined, it seems, as if within this little scheme of things – local sun system. It is on lock down; nothing to worry about!
- like our fellow brother said last night, as part of the 4 muskateers [AA Michael]: **there will be no nukes.** How this gets completed in its time – the key is called Love. We may talk about orc stew, yet it is about love of the highest order.
  - It is that place of infinite compassion, gratitude to where as a skin walker, the skin of of W or Cheney – think about what we have asked to do – asking anyone to walk in their shoes.
- It is at this moment, the culmination of all the events, as it were – remember, she and hers are visitors from our future which is their past; they have already made it from where they come from. Now we are crossing the threshold of getting 'er done!
  - Watch Bernie - he is one of the ones who has the key to this story; he is one of the ancient ones from Venus, the tall blond masters from Venus – to get a little wild with the hair here, and do what he has done – yet, it is about this what is sweeping the entire super universe, moving it up an octave and it's affecting everything: all matter, anti matter and in between.
- Nothing escapes what has been asked for and, in this moment, know we are not going to crash Nibiru into earth: no extinction level events. Yet watch watched our coast lines & be aware - they are playing with their ancient war machines.
  - also know the 5 elements – ether being the 5<sup>th</sup> - has a funny way of biting us in the butt when we least expect it.

**T:** she's getting into the weeds: today Japan parliament has changed its 9<sup>th</sup> amendment – Abe wants to play games with China and send his own people to be cannon fodder.

- There was Faction 2 stuff that said the US blew something up in the 10<sup>th</sup> largest port – after 3 days of devaluing the currency; Rama learned that the Black Ops used something from space

**M/A:** they have ancient lasers they have been parking

**T:** all they have to do is use the magnetic particle beam instrument they used to start 911

**M/A:** They are playing with their ancient war machines - now it's – [they see the computer acting up]

**T:** send a little light to the computer

**M/A:** she said Shinzo Abe is not long for this world, either  
Yes, his own people want him out!

**T:** there are thousands in the streets have been for days and they are not going anywhere – like in Hong Kong

**T:** they are playing religious wars over here – that's what Trump is up to – he has the whole tea party and christian thing going

**T:** the lady in Kentucky took her name off the certificates of marriage licenses for gay people

- Ted cruz, Huckabee saying this is a christian society and we were fathered by a christian society = no, no, and not!

**M/A:** it all has to do with the fake religions: a few of us came . . .

**T:** laughing at Redacted tonight talking about reality shows!

**M/A:** this is a holographic program; at the same time, what's happening is that we are waking up out of the matrix – has already happened: we are on our way to 12<sup>th</sup> dimension: we all are.

- In the midst of it, she has returned with the Nibiru, not here as an invasion fleet – coming in peace to collect her own children and then will be on her way. They are wanted in the local

26 galaxies as well as in a few other systems for their crimes that are inter galactic in nature. The ancient, ancient story comes to conclusion now.

**T: She** is totally with you, Mother – may it be in ease and swiftness as these characters are trying to be 10 steps in front of her!

**M/A:**the mitachorians, the force have said you are now in Sat Yuga: Star Fleet Academy is now in session.

**T:** what do we do with the 43% especially with what's in the white house still saying that. . ?

**M/A:**there are technologies that can be used to change their neural pathways from one of hate to one of love- entirely voluntary process. Yet LM Nada has ways of persuasion – leave it up to her. She is better and Mr Spock will tell you that.

**T:** someone needs to tell Thom Hartmann to be calm: he blacklisted someone who was really exposing Hillary and then he was saying the Bernie is a one man show – and that is not so – they don't see the movement going on behind the scenes!

- One thing Barack was good at was grass roots movements, development
- don't undermine Bernie Sanders – has a long history of knowing what is going on and working with movements & mobilization; judge not what's going on when you're in the media and sign a gag order and get 3 bullets in his car door; the 3<sup>rd</sup> bullet was because Bernie Sanders was on the show and said the word “Reformation Act” - everyone in DC knows that means. That was the direct thing that happened after the use of that word

**T:** and Bernie got a super pac, Mother!

- And we listen to David Cobb talk about money being speech is a concept
- If you're gonna do grass roots, and set things up to help people . . .

**M/A:** You need a big war chest to take on these criminals

**T:** if you've got money, you can pick people up en masse, and help people get ID and things and set up whole educational systems: things that help disadvantaged people - go into the schools and have people go in and teach the constitution who are scholars, and teach art and dance – still says it will be Michelle Obama for President. Bernie has been saying all along it is not about him.

**M/A:** Mother says: the goddess has returned.

**T:** have to watch out with the Super Pac – have to be sure it's the right person in charge – if that person does something with Bernie's super pac and Bernie does not like, Bernie can do nothing about it.

- Sounds like Rachel is right on the money

**M/A: Yes.** Just keep looking up and working with the higher frequencies that are pouring in as so many waves of Living Light, Living Love; it is transforming, transfiguring every single particle - animal, vegetable, mineral – it's all about love.

**T:** saw a story on Air America last night - about a Syrian refugee family living in Chicago – to this day, she and her children have not been taught English & they do not speak it

- The young boy wanted to go to school but could not pass the test because he could not speak English – what is the matter with us? There was so much agony and pain
- the boy is working in a warehouse for nothing to get money for the family which only gets \$550 a month, and about \$450 for food stamps – 5 children and the mother in 2 rooms – it's not enough: they want to go back to Syria, saying, “If they kill us, they kill us!” Every day in Chicago is a slow death. This is so wrong!

**M/A:** and it is about how we respect all life no matter where we come from!

**T:** Now Russia's defence minister has met the US sec of defence Ash Carter – coming to an agreement that they will not bug Bashir al-Assaud – yet there will be air strikes and there will be over 1 Syrian refugees in Germany alone by the end of the year – there is no way this can be sustained – she's totally gob smacked, as they say in Canada!

**M/A:** Focus on the violet flame and how frequencies of light, colour, sound, vibration, mixed with the intention that comes from the high heart - we will see mountains & miracles move in this nano second.

Kadoish, kadoish, Kadoish!

**R:** has been to liquid light lakes on Venus; there were beings who reminded him of the big foot people; they had little beads in their braids like MHP has in her hair!

**T:** we started with the wisdom that the world is not flat and look where we are

**R:** when swimming in the lake, he saw the braids  
and bubbles came out of the rasta braids like soap bubbles that floated into the sky!

**T:** had orbs the night of Obama's election

**R:** it's a message to return to the fairies and the elves – simple things!
