HARD NEWS:

T: the whole world is going through something: Janet Yellin announced today that the Fed will not be raising the interest rates: the global financial system gave a sigh of relief!

- In the US, the true unemployment is over 50% for the black population; 37% for the Hispanic, 14% for others
 - Raising the interest rate when you know this is not a good thing: the other countries in Europe and China are in a deflation cycle
 - that explosion in China after they announced 3 days in a row that they were devaluing their currencies -Faction 2 said it was a nuke

KOS: IT WAS NOT A NUKE: some form of a laser that was pin-pointed from the International Space Station & some of the satellites

R: they are testing out their ancient technologies they got from the zetas and the reptilians – playing with it to see what else they can do

T: Since 1933, the US has owed China \$35 TRILLION – an issue the US has not dealt with.

MR: the Chinese are building a high speed train from LA to Las Vegas: will take a very short time; construction to begin right away: China is building it here.

T: will be paid by the US A! They – they need that train

R: what is really needed is the Mag level trains that run on magnetic energy!

T: won't get mag level stuff until they are busted : then it'll be "Where is my shuttle craft?"

- as investment abroad slows down, it slows things down across the planet & the debt held in US dollars gets more expensive to pay; and they don't need any more increased volatility

Refugees: need a new entry port for thousands of refugees: as soon as they got into Croatia, they were in the EU, even though Croatia is not a member

- via Croatia – 8,000 refugees crossed that border
- Yesterday, a little girl, maybe 7, was struck on the head by the police in Hungary; a little boy had a broken arm; Hungary is calling them migrants, not refugees –
- it is illegal to treat refugees like this [according to international law] – yet they won't call the people "refugees", only "migrants"

Africa: An African country has been thrown into another bit of chaos

- What is going on there is being done by the western ones like NATO, the UN peace keepers – not so much by people in the various African countries – a whole lot of responsibility going on here!

Croatia: has army on standby and vows to seal borders tomorrow if the influx continues

- Many tried to board a train from Croatia to Slovenia, the next country, which is a member of the Shengen Open Border Zone: Slovenian PM says Slovenia has an obligation to protect the Shengen Open Zone -
- Croatia has said it wants to cooperate and be helpful, yet as the people keep coming, more will be left in limbo

Germany DW: asking where are the 8,000 who got into Germany? They are either in the town or going to detention centres at Zagreb which is on the border of Slovenia. The police are trying to load them all on busses and having a hard time.

- T has heard stories that there has been intentional stuff going on - "they" are doing what they can to make Europe look really really bad – the US Black Ops covering up the falling financial situation
- The Bush Clinton crime family invaded a country called Iraq that had nothing to do with 9/11 which was an inside job.

R: Sheik Jelani told Rama a long time ago: he's connected with the Jinn: The US came to Iraq and the middle east without paying homage to the Jinn; so the gates of Babylon are closed, meaning they only came to invade and occupy and take over the Stargate technology – but they have created such a fake ruse

- and Hitler is still alive and sitting in a brig: which means WW 2 is not over and invasions and occupations are still going on.

2002, 2003 – Saddam Hussain had giant scorpions the size of 747s living in the desert near the ziggaurats; these creatures are real and come from other planets; they are in the desert and have ETs caring for them; they are part of the very ancient life forms that go back to the Hanging Gardens of Babylon story: they were life forms who were there during that time.

- There are stories that Saddam was using them to protect his palaces: several US platoons saw these giant scorpions – they are beings from other worlds and are impervious to the technologies that are here. They are not exactly here for the best intentions, but

they have been around for 6,000 years or so –

- Saddam may have been working behind the scenes with Ets who had landing bases long before the US ever got there; he was also Nebuchadnezzar in a previous lifetime

Warning for folks in Michigan:

Straits of Mackinac <http://www.worldatlas.com/aatlas/infopage/straitsmackinac.htm>

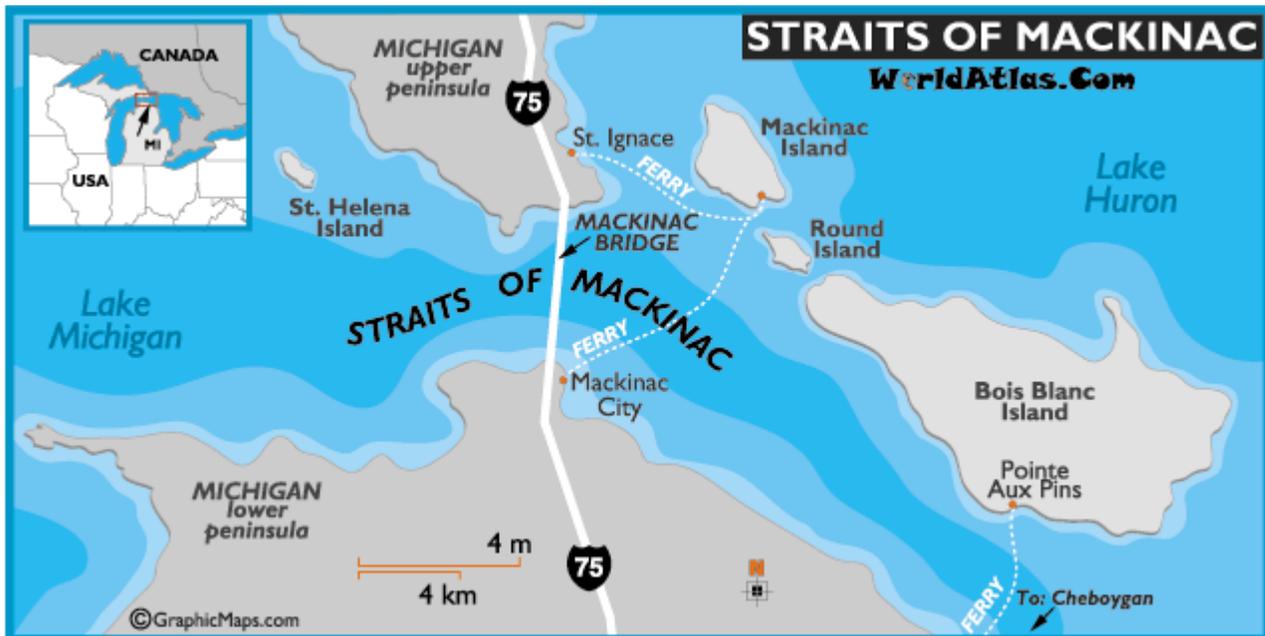

The Straits of Mackinac is a narrow strip of water that connects two of the Great Lakes, **Lake Michigan** and **Lake Huron**. It also separates the **Lower Peninsula of Michigan** from the **Upper Peninsula of Michigan**.

Just under five miles wide at its narrowest point; there it is spanned by the **Mackinac Bridge**, one of the longest suspension bridges on the planet.

It is a very busy shipping lane, spring to early winter. With the advent of icebreakers, huge tankers still navigate through the Straits of Mackinac in the dead of winter, even though most of the surrounding waters are frozen solid.

The Straits of Mackinac includes four islands; the populated islands of Bois Blanc and **Mackinac**, and two uninhabited islands, Round and St. Helena.

In addition to ferries, Bois Blanc Island and **Mackinac Island** can be reached by private boat; and in the winter, by snowmobile.

- Enbridge, a Canadian pipeline building company - the co. that built the pipeline that broke down in Kalamazoo, leaving a mess has never been cleaned up: 62 years old pipes
- Now another set of pipelines is ready to break – in the Mackinaw Straits, from Lake MN to the part of Lake MN where Detroit is:
- If either pipeline broke, 1.5 million gallons of oil – from each of them! - would go into the lake and then into the 5 Great Lakes and up the St Lawrence. THEY ARE ABOUT TO BURST

ANY MINUTE NOW!

- Enbridge is **already moving via its pipelines 5x as much oil as is projected** for the planned Keystone Pipeline to deliver down the Mississippi, a major transportation and port for the US in the Gulf of Mexico

Fracking This is from the documentary, GasWorks –

- the Public Citizens Energy Program – lawsuits are getting started as some of the chemicals that were banned are being reported to doctors
 - there is an Occupational Health and Safety organization in bed with the naughties who don't want to stop fracking
 - a farmer got very sick with massive headaches, worse than migraines – lost his memory from breathing in – original source is Monsanto – Lasso and inside that compound is another chemical called Alokur which causes massive neurological and carcinogenic effects –
 - this is combined with the situation of the World Health Organization declaring glyphosate a carcinogen – so go organic and then you can change your life and get proper nutrition, which means you won't need the amounts of food you think you need.
 - Monsanto HAS also put 2-4-D in the genetic structure of the plant because the bugs are also getting immune: SUPER BUG STATUS – WHICH MEANS IT IS AFFECTING PEOPLE more of what ever is needed – 2-4-D is being added to roundup [which is Agent orange] because the weeds, no longer affected by roundup, are growing 6 – 8 ' tall
- Can see a widespread growth of veganism in the country: a build up of roundup and other chemicals in the food we eat:
 - cheese is just fat – why do people eat it? And the fat molecule in a cow is 10x larger than the fat molecule in goats milk which is the same size as mother's milk
 - heard a doctor speak from a clinic in Luxembourg who puts people on a vegan diet: have proven that people on a vegan diet live 10 – 15 years longer than those on a standard diet – this was on the news today.

Guest: Omena

Tonight: guided to channel Michael the ArchAngel – the Overseer of all the legions, the defender of faith; the protector – people can call in and ask questions

- The defender of the faith: nothing to do with religion; has to do with our own intrinsic faith: he has a strong presence so anyone needing protection, just call on him and he will help any way he can. Omena uses him all the time; he always responds; she is always grateful.
- He's been here a long time: he's here to talk to the fallen angels on the earth who left his armies because of their pride. They are trying to recover from that: their biggest lessons are listening and understanding their pride.

T: AA Michael will answer questions regarding fallen angels? Yes!

T's question: The situation on the globe and the conditions of war vs peace are at such a crescendo and rather than coming to terms with accountability, there is a back lash and there are rivers of troubles have come into the consciousness of many different people

- we see it in Hungary and the police where the people are just running from troubles
- Croatia and Slovenia don't like each other very much, and there is a protected area at that border and neither will let the refugees in and now it looks like they are not letting people go through Slovenia
- looks like they are not handling this: tomorrow Slovenia is expected to close the border between Croatia and Serbia
- some insight as to how this is going to be changed and how accountability will pass through and some timing.

AAM: the understanding is that peace will come to the world;

- Part of what is going on now is the world has its own karma
- not letting the refugees in is part of a country's karma and it's also about the world becoming aware of humanity and how the people are suffering due to different belief systems, but also because not all the people fighting these wars are from the earth: they are the soulless ones in the way they treat people; it's also a huge, huge karmic evolution that is going on that may lead to a revolution, hopefully a revolution of people's consciousness and have them stand up for the refugees and against the persecutors
- the persecution of the refugees – they are there to bring out the world's humanity – the world is not awake enough yet; countries are more interested in power than in the humanity of helping other people.
- In the next 20 years, a whole bunch being born who are light beings and warriors for peace – they have already begun being born.

O: Bless everyone on the earth: this is the kind of energy we have to bring to the earth so we can help everyone on the earth: the earth is going through its own karma right now.

T: in regards to the answer and the world going through its karma and relearning about what it means to be humanitarian, and in spite of all of that -

- there are some here who are not from here: the soulless ones. The world's financial system has been run by these soulless ones at the highest levels; they find they can no longer cover up the fraud & it's regurgitating backwards on the economies of whole world
- T & R were told by KOS that it started with China who devalued currency for 3 days in August which created a \$3Trillion loss in their economy and the loss was carried by the small investors who are 80% of the investors; it's not like the elites are playing that game
- Janet Yellin / Fed did not raise their interest rates today and the figures on unempolyed are far worse than what is being said; many people are not registered as looking for work as they have given up looking – looks like a great crash is imminent.
- And Project NESARA is being overlited by the galactic light and a sovereign force that includes the Ashtar Command.
- The refugee situation is one thing; the money system on the verge of not being functional – knows that that changes everything and wanted more galactic perspective from him.

AAM: the financial institutions going through own karma because of their misuse of money; the walls will fall down as those in power have to learn humility & it's a misuse of the energy of money which is a commodity which buys power and controls things.

- this is not directly related to the refugees
- We have to understand that every soul coming into the world has free will and agreed to do certain things to raise the consciousness of the world higher
- the refugees have Free Will and even the refugees have free will to raise the consciousness of the world
- the current misuse of money is similar to what happened to the Roman Empire, which was brought down by the misuse of power and pride
- the galactics have a certain amount of protection power but understand that they cannot interfere with the free will choice of the beings on the earth
- it is a most sacred thing to have free will and no one will interfere with it, as it is god-given - unless a person is willing to give it up. If they do, they give permission for all kinds of things to happen to them.
- This is part of the problem: We either going to grow or go. Priorities have become mixed up and people are now forced to look at their priorities, brings up all their fears, the fears become larger than their faith and if they can go back to the faith and be re-balances, there is enough resources in the world for everyone if they give up their greed and stop misusing their power.

T: the one thing she was told and what White Knights tell us: humanity as a people have asked for your intervention – and at that point, it means that at free will choice there is enough of an intervention which would not be violating free will of humanity when enough of us have asked for help

AAM: there has to be a lot more clarity about the kind of intervention we want; protection will be given

- there is a battle of wills – the ones wanting intervention will be protected from whatever it is they are afraid of
- the ones battling back have to be willing to concede that there is enough – part of the pride and the power battle : some of them are righteous – we have to ask for intervention for the highest good – most of what is going on has to do with our own delusions than for the highest good of all the people, the souls on earth

T: there is Prime Directive that says non intervention in a civilization's development unless in the case of psychic or nuclear holocaust

- the White Knights are getting ready for thermo nuclear war with either Russia or Iran: Netanyahu on the Iran side
- they heard there are also plans for him by this Blood Moon on the 28th – going to carpet bomb Palestine again! Cannot believe that this is not worthy of intervention even though he probably won't use nukes. A comment on the prime directive being violated

- the White Knights are part of the Great White Brotherhood which is very powerful:
 - they will not interfere with free will, but will provide protection: they are working on an inner conscious level with the leaders and working towards bringing peace
 - there will be no nuclear war as it is not allowed: in the process, it will be disarmed
 - it's still about trying to gain power for the wrong reasons – Great White Brotherhood are reminding some leaders of their soul's true purpose and why they are here in leadership positions.

C2: what significance is it for the Pope is coming to the US - Why?

- AAM:** He's a man of peace and represents Jesus; coming with the true message Jesus brought to the world but got lost in religion; of Jesus: restoring the grace – will be welcomed with open arms; a humble man who does not come from a position of power; has great insight; one of Jesus' closest apostles – acting as his ambassador to the world – has already changed quite a few things.
- He is going to address Congress; it will be powerful and impactful on Washington where there is a lot of power there and a lot of misuse of it
 - will bring people to their knees with humility. Yes, it is wonderful.

C2: Will anyone in Washington listen?

AAM: He has a voice that people will hear with their heart, not their head.

- People will be humbled in his presence – his energy is very wide, very powerful, very soft:
- will they pay heed? We'll have to wait and see – he's bringing a lot of healing to the American congress

C2: was really frightened that Trump might get into office

- on Trump, god bless him: for all his narcissistic ways, he is bringing everyone to a consciousness of what they may want or not want in Washington; he is providing a service
 - he does not care what anyone thinks of him: that is why he can be as brassy as he wants to be.

C2: Thank you

CL: lives close to Philly and he is coming to their city: why?

AAM: Philadelphia is the home of freedom; he's coming to remind people what they need there: need more peace, coming together, he is familiar with the population there due to his

background: he is aware of this kind of disparity between those with money and the poor, and the new poor and will bring love

- P is almost 2nd to the south side of Chicago where they needs the same kind of peace, love and compassion

C3: "I didn't fall; I left." what would AAM have to say to him today?

O: He's saying that, once upon a time you were in his army: you are a fallen angel and have been working for centuries on the shame of that and the pride of that; he is saying that all is forgiven and that you need to receive a lot more love and call upon him to help you

C3: anything specific he can do to climb the ladder back up?

O: forgive yourself for being so prideful; also listen more when people talk to you.

C4: looking more for perspective than a question: has been on a different path for the last 1.5 years: has a better understanding of why he's here, what he needs to do: can AAM help with a few more things – things of a spiritual nature, understanding: has vivid dreams that seem wonderful

AAM: the vivid dreams have to do with what he's remembering and re-understanding - also telling him he needs more colour in his life, more

- also to increase about your faith: your spiritual journey has always been there –
- It's also about sitting down and contemplating and looking what direction he wants to go step into the future from your faith – one of the things he's working on is knowing from your heart, rather than working from your head

CL: about Wayne Dyer's passing, and his gift of healing from John of God – did not go back for testing – he said he knew he was healed. So was it leukemia that took him out or was it something else?

AAM: Healing is not curing: Wayne was ready to leave the earth; had done all he needed to do; had no fear about leaving the earth; he is recovering and getting his board together to raise the vibrations of the healers of the earth so they can see clearly the difference between healing and curing – healing is about the soul, the spirit and moving on; Wayne wants to make sure that people don't get caught up in the body part

- he had a much stronger faith
- he's happy where he is; he was conscious when he left – he is on the 6th level where he is helping healers.

CL: Was the leukemia the reason why he left – **AAM:** that is not the reason he left – it was his free will choice to leave

CL: any comments on John of God who has done tremendous things for people.

Omena: not getting anything.

C5: very excited that AAM has joined us, and thanks to all who make this call possible.

- AAM comes to us through so many channels: you've mentioned free will, the importance of what level of involvement /intervention that the others in our galactic family play in ascension on earth. What comes to him when he thinks of AAM is his love and protection - and it is also the protective consciousness in the Office of the Christ that he is trying to get us to understand:
- he and the others are here to help us who are on the mission to lift consciousness and to bring heaven to earth as opposed to waiting for the cavalry come to rescue us; and AA Gabriel is there for her contributions as well: he feels them both every day

AAM: AA G is a loving spirit who brings the truth to people if they are willing to listen;

- his role is to make people more conscious of the Christ within them and to use that light of the Christ within them as a guiding light when ministering to other people
- Invoke the light of the Christ within; "I invoke the Light of the Christ within; I invoke the

Light of the Christ within" - to put that into the mental, emotional, spiritual and physical bodies will raise the vibrations of those who invoke it - will bring more peace and bring more clarity on how to send that vibration to those we come in contact with

- the more the vibrations are raised, the more it brings peace to the world - to bless those on their journey as deal with their karmic journeys, to protect them and to love them

C5: any comments about his father who passed in the spring?

AAM: John -

O: John is resting; \ not fully aware of where he is yet, knows he's in transition and is adjusting to it; is slowly recovering.

C5: Omena - thanks for being with us: he loves her - she's the best!

O: really appreciates the comments - and she loves all of us because we listen to her!

TO CALL IN: # for Canada and the US: 88-429-5471; otherwise - 530-413-9537

O: more about her journey to meet Marietta: she loves M dearly!

- On her way to the plane thought she'd miss her connection: she told god "You'd better fix this; I do not want to miss that connecting flight"

- got a voice mail that said her flight to Indiana from DC was delayed by about 2 hours - so she didn't miss it! Always appreciates divine intervention.

C6: thanks to Omena for being there: what is his journey; what is he to do in the future?

Gives his name:

AAM: he was looking for his little piece of heaven: have you found it?

C6: He's excited & happy for so much to happen: sees the light at the end of the tunnel for everyone: he sees the world as being a much better place, not the fear that others think of - even though there are sinisters trying to disrupt things.

AAM: All you have to do is walk into the light and trust it: you are already in your future!

C6: On Sept 21st, Dr Keshe of Iran has stated he will introduce to the world an invention which will bring peace to all those fighting in the world - it will allow complete neutralization of all weapons - guns, tanks - what do they see in that?

O asks AAM: Dr Keshe is a spirit from the higher realms, will do intervention to the best of his ability; he may be able to disarm some, but not all - if he gets some power behind him, he'll be able to do more - won't tell her more.

C6: What does AAM see in the future for our president: what does he see in 2016?

AAM: Barack Obama is a high spiritual being' when he leaves the presidency - his mission will be about bringing unity and world peace to the disadvantaged.

- the presidency has exposed him to the world so he can fulfill his mission

- he has the grace and the power on an inner level; when he leaves the white house, he's a powerful speaker and he has the energy to bring people together - that is his true mission.

C6: thanks to AAM and to Omena for channelling him

C7: asking if AAM has any answers to the numbness in his back - what he can do to help ascension in the next years.

O: afraid of your own energy - comes from a past life when you misused your healing energy:

he will help remove it if he is willing to release his pain; also has to do with speaking his truth - it's about doing a meditation and bringing in the light & opening up the heart chakra - might want to get someone in the field who can clear chakras to help him release it and to trust that

- the reason it is there is for the misuse of power in past lives & having the faith that you can give it up and that you will be healed, and that you will be guided to not misuse your power again

CL: what is it about the energies that he can speak to – about the end of Sept and it appears that there is going to be quite a culmination of shift and change

AAM: this is part of Sirius opening up in July – it was extra energy given to the earth to help it with its karma and to raise the earth's vibration

- the accumulation of the sun and the planets, all the bodies surrounding the earth in the earth's universe are cooperating, coordinating and empowering the vibration of the earth to be risen
- as a result, may be more violence as it is cleaning out the old stuff; going to be more threat of earthquakes & tsunamis; part of Mother Earth clearing out her energy – people have to trust that they will be safe because their consciousness will also be raised
- the whole wave will come to an end between Nov and Dec; will settle down and be more peaceful

CL: some concern that people who live on the west coast should consider moving inland? Can he speak to OR, WA etc on the water line of the west coast?

AAM: there is not a lot to say: the tectonic plates are shifting & moving; and the people are so much attached to home and land and heart, it's their choice to move or not

- the majority are in denial and avoid and don't want to know and it may be their way to get off the earth: the earth is going to make more changes and we can make them aware and warn them, but ultimately it is their choice

CL: so it's a real thing that there are potential dangers and folks don't want to touch that because of their comfort zones

AAM: there has been potential dangers since the beginning of the earth and some have moved all around the planet: have found another place to live, or the weather adjusted to them

- we cannot stop what Mother Earth is doing to adjust her energies and to have her energies flowing – she'll win as it's her job; the inhabitants of the earth can accept it or not – it's their choice

CL: seeing a vision: she has a connection to him and when she calls on him for protection, she puts up her arm and Excaliber is in her hand in a split second. What can we all learn about using that tool, that healing energy of the sword?

AAM: have the intention when you receive that it is for protection, and to use it for the highest good – it is a gift that is given to some people for use for protection and the highest good

- for those listening: it is a reminder that it is a gift to be used for the highest good.

CL: as a mass consciousness of those on the call – is there anything that he can share – what we should be aware of as we hold the space for the changes coming

AAM: Just keep holding the space for the changes;

- to accept what is going on
- put god's blessing on what is going on;
- for everyone to accept their mission in life and to be able to raise the consciousness of the listening audience with compassion and love

CL: anything to share with the audience, anything he wants to give us?

AAM: In the way of growth is to invoke the light of the Christ within and send it to other souls on an inner conscious level to all the other souls to invoke the light of the Christ within for them

- the more we do this – it feeds into the consciousness of the Christ light – if we invoke that light within us, we are all powerful if we use that light and invoke the Christ within us then we become the spiritual beings we are, we become that walking around in our physical bodies to where we can co-exist with the Christ within us and our physical body
- This is a gift that is given to the earth that has never happened before and it's a gift that can come into reality by invoking that light; this is a very strong message for those who want to invoke the Light of the Christ with – once we invoke it, we will be given it as the

light is already within us: think of it as a small light from a small candle and as we continue to invoke, the light grows as we invoke the Christ

CL: as we increase our way to ascension: how are we doing as an earth species moving into that ascension energy?

AAM: some people are doing better than others; it's about raising the consciousness and about removing the false belief systems that we have been taught by religions

- what is going to happen within the near future, ascension will become part of the physical form on the earth - where we can walk the earth as an Ascended Master that is what is happening

CL: this is the constant effort we put out in our prayers and our work and what we ask for; thank you for confirming the path

AAM: the channel I am working with will begin that process with people

- she will be given the plan on how to do that, how to help people gain the awareness if they want ascension while still in their physical body, and the program that will help people - if she is willing to accept the mission!

O: She's still trying to figure it all out - when it does come to fruition, we [those on the call] will be the first to know!

MR: O was talking a bit of what Cathy asked

O: what AM said tonight surprised her but confirmed it for her – she and Marietta have discussed it & will have more discussion; she was surprised and delighted! It's wonderful because it makes things clearer for her. Sometimes she thinks she is making things up – this confirmation really helps.

CL: Asks AAM about the **background of O and MR?**

AAM: M and O spent a lifetime together when Christ walked on the earth; they are coming together now, for they are ready for the change coming to them, personally and spiritually

- they will contribute a major consciousness raising for those involved with them who will become light workers
- they will be given the tools to create the program of ascension, if they agree to work on this
- they will both have different missions in the creation of that program and they will both honour the missions; they may ask for help, will be grateful to receive it.
- It will be up to them as to how they want to proceed after that.

M: thanks to AAM for being here, and for having Omena here with AAM.

- Give all of us guidance when we ask for it so we all move forward

AAM: All we have to do is ask and be willing to Receive! He blesses each and everyone of us!

O: she's done channelling Michael

T: something positive: worth noting - the entire island of Madagascar is completely free of the bomblets, the land mines! This cleanup has been going on for 30 years; this is a universal thing that will help lift humanity

O: we are all grateful to those brave souls who did it!
We are all on the wire and we are all responsible – in response to T's comment

O: her closing: a blessing to all of us, and an invocation

I invoke the Light of the Christ within.
I am a clear and perfect channel.
I am Light; I am Love.

- Say it every day when we think of it; it will raise our vibrations.

CL: it's been a long time since she spoke up on behalf of Marietta who needs some help paying the bill for BBS

MR: apologies to the listeners for the technical difficulties; knows all is in Divine order

CL: today is Mercury Retrograde – we go through this 3 x a year for 3 weeks – Keep your cool!

T: the more we go into reverse and look at the setting of how it is being set up for us to move forward -at a personal, social, planetary level.

Money and Life

Published on 6 Jun 2013

Money & Life is a passionate and inspirational essay-style documentary that asks a provocative question: can we see the economic crisis not as a disaster, but as a tremendous opportunity? This cinematic odyssey connects the dots on our current economic pains and offers a new story of money based on an emerging paradigm of planetary well-being that understands all of life as profoundly interconnected. *Money & Life* invites us to meet the challenge of our time: to participate in the great transition to a sustainable, equitable and restorative economy that meets the needs and realities of the 21st century.
