

The Edinburgh Community Representatives Network, (ECRN), will be holding its annual event on the 13th of March.

This year we thought we would try and reach even more people so I was asked to send emails all Edinburgh CC secretaries and ask you to please distribute this to your councillors and other active members in your community? For those of you who have not heard of the ECRN we are here mainly to assist in the sharing of ideas and the solutions to problems throughout Edinburgh. We are not here to replace any organisation but rather to encourage and aid participation in whatever interests you in Community involvement. The event is free all you have to bring is a willingness to listen and to share your views and experiences with others.

If you are interested in attending please contact; Alison Miller, alisonmiller@netrust.co.uk;
