### HARD NEWS

**T:** had a picture of a liger [tiger+ leopard]: a huge one, all white!

**Rachel:** Oroville, CA; a dam there – very high; in 1968 dedicated during Reagan’s time as Gov  
• There is a lake behind the dam and a spillway/chute – very long – goes into the Feather River

- Because CA is having monsoons, not rains, water is coming down non-stop: [they cannot figure out how to shut down the Atmospheric river opened up by the weather manipulation technology, bringing in rain, etc from the South Pacific - Tara]
- and it was 72\* in Santa Fe – and snow due Monday! The extremes are threatening Oroville and the lake: on Tuesday the water was going in the wrong direction so they shut the water off. They found a huge sinkhole in the spillway – and they cannot keep it shut off as the lake is 98% filled and peoples’ houses could go under water
- this is just the tip of the iceberg with what is going wrong with the weather !!!!

Aerial footage filmed above the damaged Oroville spillway in California just one day before 188,000 local residents were evacuated shows the incredible scale of America's tallest dam – and the magnitude of the problem facing its engineers.

**R:** Had call from Sybel Edmunds: extremely rare! Never calls just to chat

- concerns the story on Amy Goodman – it was a fabrication: there are not 13,000 who died in Syria! It is about the Empire – it was executed not died -0 and it was the Black Ops of the US and to make it look like Bashar El Assad and his wife
  - Amy has to lie or she's dead; also, the lady from Amnesty Int'l [which is a black op!!!] had to lie or she's dead!!
  - **Sybel shared:** there are so many fake stories out there that have all to do with twisting hearts and the minds from the good people, and spewing the lies coming from the fuhrer and his henchmen. His right hand man – Steve Bannon – wants to play with idea of WW 3 – and **Ashtar says No Nukes**
  - Bannon's twisted version takes things out of the stories about how generations change and putting in things that have to do with the Transhumanist Agenda, ultimately creating a master race by putting soul matrix in android bodies.
  - This does not work – cannot fake that which is Creator Source; we are all I Am That I Am – the creator god/goddess story is so large. We are watching how the descendents of the beings that were Elohigh and fell from grace to Elohim and who began this genetic story in Sumer – a lot longer time involved than has been discussed: the earth's history is longer, deeper, darker than what we have been told
  - sharing the real stories will bring up the ancient artifacts being found in Antarctica – related to Atlantis, Lemuria, Pangea; the other half of the story is about the ley lines, the grid lines, also that relate to the Atlantean grid that is divinely orchestrated with the quantum physics – has been hidden from us:
  - our true nature as creator gods and goddesses of the Most High, in Mother's words, is being hidden
- there is shake-up in the oval office, as they will not follow the protocols left by BO, Mr 19.5\*
  - Alex Jones is lying about so many things – and the people listening to him don't want to hear it – they are in some kind of trance

- things like saying jeff sessions got an award from the NAACP
- that the Obamas left a mess in the White House
- that Michelle is a man
- a hatred has been developed against Barack that is nonsense – going on for 8 years +++
- most all of Congress want this family dead:
  - the reason is that at Dec 31 of 2016 going into 2017, the Bush Clinton crime family lost their immunity from being charged of doing 911 & everyone except the 64 good members of congress will be arrested
    - This includes Trump and Hillary as they were running trafficking rings
    - Trump was best friends with Larry Silverman
  - Trump did not chose his cabinet: Condeleeza Rice & Bill Gates [both are part of the 911 story] did the choosing so they could put in other criminals and delay the accountability factor
- this story is going to the galactic level, and they'll believe it when they see it as they can't get it any other way.
- Call in and ask Mother questions: 888-429-5471 US, Can; 530-413-9537 all else
- Strong effort to **end net Neutrality, pushed by Trump & friends**, as the Bush Clinton Crime Family getting queasy: lightworkers across the planet have their number, they don't like it!
- **Sybel Edmonds** was outed by AG John Ashcroft aka by Rama as Adolf Ashcroft – the FBI, the OSS and the people who got spirited up here by Evita perron – the FBI has become the gestapo, the SS when they think people need to be arrested
  - from Sybel: the evil American Empire is about to come out into full view!
  - **Stephanie Miller:** Kellyanne Conway and Steve Bannon could be in jail by Monday for the treasonous acts they have committed

**Reading:** Dec 17, 2004 Baltimore Chronicle ; Aug 12, 2004 – Sibel Edmonds still silenced but why?

**[SEE BELOW- NOT THE SAME ARTICLE BUT AN INTERVIEW WITH SIBEL EDMUNDS FROM THE BALTIMORE CHRONICLE, FROM MAY 7, 2004]**

The connections of the Bush administration to the coverup of the 911 attack,

- **This will be proven out in due time, as will the existence of the galactics and the complicity of the Bush / Clinton crime family in the 9/11 attack.]**
- There is always a move on the chess board and then a counter move: we have to be wary of being fooled. At the same time, people don't think things can be changed in the twinkling of an eye – has to do with the power of imagination.
- Amy Goodman had to lie about 13,000 people died AND THEY DID NOT!!!

## CONFERENCE CALL

**Philip:** his housemate's niece in Harrisonberg was murdered last Saturday; 25 years old; 2 kids

- A convoluted story: was at a club: bizarre events! The roommate is like a brother!
- Had just finished her RN in the summer
- things like this are happening all over the planet!

**T:** yes they are when people are unaware

- P is the light in the group in VA: try to keep the Light – a blessing to have this friend and to be able to support him:

**P:** he's an authority in Black history

- P wants to find someone to make a video of the place where he is, so they can continue to fight

**T:** don't pray FOR anything: **pray divine compassion**

**Ro:** 64 good members of congress: could Rama publish the list?

**T:** there is no list!

**Ro:** Antarctica – that base is not in use:

**COR:** sending light and love to P; talk to anyone you wish: as the angels to take the messages to the one transitioning -

**P:** she was Lindsay Grey; Nick Tatler is the uncle

**T:** they will be in the Circle; also her children

**COR:** everyone has 5 exit points, more or less: they choose which one to take – she is still in the transition process:

- There were several reasons – she can do her work better out of body working on the higher levels: as a nurse, she is helping human consciousness where we are beginning to accept higher forms of healing energy, healing and natural cures, and the advanced technologies we will have when NESERA is enacted

•there are always reasons why some leave; generally, they've done what they came to do

**P:** she was writing things that were prophetic: she saw her ex husband an hour before she was killed; they said they loved each other

**COR:** and there is no such thing as death; have to allow people their path – we don't question the hour of their coming into this life; we have to let go when they leave: they just change form

**P:** a beautiful young lady, she was loved – still a shock – lots of tragedy in Nick's family

- more like a brother than Phil's other brothers! He needed a safe place to live – will likely get into a PhD program in one or the other of a couple of places; strong in the area of race relations and he's quite white

**COR:** he had past lives as an African American

**P:** he is as white as Wonder Bread this time around!

- Trinity Point going forward: wants to have it videod as a place of power!
- is requesting that we send more love;

**T:** sometimes a challenge for people who don't believe that we can do this rather than create polarity. It is rare that people don't know 911 is an inside job: there are lots of secrets going on under the political arena, contaminating the state –

- there is a small group with so much \$ and there is a distinct poverty in the US – not something that is hidden, and of course people side with those who say there will be a better life.

•BO was the last of . . . super hard for people to understand that he was a double agent -

- yet Sonja last week told us 400+ children had been released from under the Getty Museum – and the atrocity described on Amy Goodman: they had no clue what she said was a fraud - it was Sybel Edmunds who straightened Rama out

•Alex Jones is trying to tell people that the kids from Sandy Hook are OK, not dead; same about the people in the gay bar in FL. The Aurora killing was not done by that person who is so heavily drugged and to this day does not know why he is in prison.

- that is why Mother is here and saying this is the end of polarity
- neither the woman or the son did it, and they were slaughtered after (another incident)

• It's being said on the networks –

- on Chris Hayes last night: the only place of muslim attacks was 911 [1<sup>st</sup> Lie] - but the Arabs didn't do it!
- how many know that Israel has ruled the US since 1949?

- and a couple of weeks ago – Sunday Jan 15, on 60 minutes: Barack Obama was on and talking to ?? for 45 minutes, telling him about the situation for the 8 years and has to lie:
- the one thing BO has is heart, and true heart with love is the democratic way, small d –
- He was asked during the interview if he was going to Wall Street and he said NO
- the **other lie**: the house was worth \$10M and where did you get the \$ ?
  - on air, he said the house was temporary; none of their business where the \$ came from; he is not a criminal - so hard for people to grasp that so much of what is being said about Obama is a lie.
- Sad: there is more CO2 our atmosphere now than there has been for 650,000 years! And Alex Jones and others say climate change is a hoax. Exxon Mobil set up a fake science in 1976 after 10 years of research, the scientists told them that if they kept on this path of using fossil fuels, the atmosphere would be poisoned and the environment would be unfit for humanity – so the company fired that bunch of scientists and suppressed that research.
  - the astrological alignment supporting that bunch was in place for **50 solid years**, and 1976 was 10 years in – all we could do was go inside and do our inner work and our planning [1966 + 50 = 2016 – only last year did that alignment loosen up and begin to crumble]
- Chris Hayes did a piece on Chicago: went after Rahm Emmanuel who does not care about black people and is not lifting a finger! **COR**: a great moment! The black people were given the mike and allowed to say what they have to say!
- T**: Chris Hayes and others need angels around them, given the heat of the coals under their feet
  - Preliminary impeachment inquiries filed against Trump says Ross
  - totally dangerous . . .
- RO**: Tom Peres admits the democratic party primaries were rigged – right on this point! He is running for DNC chairman
- T**: want Keith Ellison to be the progressive head of the DNC
- RO**: the number of galactic operations/missions are down to a handful before they can swing things
- T**: in terms of the satonians going into Lake Vostak . . .
- R**: Lake Vostak and the magnetic anomaly that is there – does not know if it has been gutted
  - the truth has to come out about the base under the ice; has heard of beings – good ones, not so good; needs to ask.
- T**: the lake is 60\* all year round; it is where all the ships enter, not just the Satonians – one of the Agartha light bases is there too; not all is closed down there – doesn't mean that it will take a long stretch of time – closed down: something they need to be caught in the act;
- T**: it's a real lake, it's an entrance and they go in from another dimension – it's a multi-use portal for both the light and the dark
  - What happened back in the time of Egypt makes today's events look like a playground: that is how dark it was in Egyptian times!!!!
- Gerry**: what do we know about the World Trust: is it real?
- T**: it's a fraud. The world bank is also a total fraud – everything out there is to lure the lightworkers away from NESARA
- RO**:
  - T: there are whistle blowers in Hollywood, media, other sectors– have to listen carefully
    - sometimes we get something that verifies something else, and that's important
- RO**: it's a big puzzle
- T**: Trump is so right when he calls Hillary "crooked Hillary", and calling out the CIA, as they are the masterminds behind 911, and also calling out the media
  - there is a divine wisdom that remains neutral and we have to remain neutral too – they are playing on our anger
  - Steve Bannon wants to start WW 3

**RO:** what we know about disclosure: it was necessary for these ones to push us to this point –  
•it's about resonance now

**T:** quite a swell of young activist millenials; Trump and Bannon are part of the prophets' generation; it is the democratic party that is a full failure: there is no one else to look to

- also brings up Redacted Tonight VIP: someone representing Bernie who wanted to do the 501 thing and super pacs: everyone in the room said NO – it was a test, he backed down – there will be no large donors.
- They are talking about what it takes to read between the lines and not go into a rage – and there are lots of lightworkers who are in a rage, not realizing how damaging it is to the soul and to the overall group
- when Bernie endorsed hillary, there were so many people with tears running down their faces!! It was devastating because they could not understand why he did that.

**Lyn:** a group called Patriotic Millionaires – on Thom Hartmann  
**You Tube:** watch the police, FBI, & CIA expose the illuminati [Illuminati exposed 2017]  
•people are overlooking **the satanic temple in NY -**

**Rev Barbour** – a program on his Facebook – supposed to be a live stream through facebook  
Rev Barbour11

**T:** what you resist, persists – the point is she loves “persists” and has been hearing some people say **Persist** – talking about the work they are doing!!! This can turn the tables as there are more of us than them.

**T:** R gets up at 6 am and is on the computer until 10, then he goes out in the world

**Marshall:** recording the one on the FBI for T &R

**T:** our attitudes and how we go about this are important: she talks to many who are angry and upset – afraid they are going to lose their homes and they are banking on Trump going to save them – and he won't. Lots of lightworkers are giving up

**Gerry:** will give name and # of a group in austin that people can call regarding mortgages

**T:** how does it help people not lose their homes?

**G:** doesn't think he charges – people have to ask about that.

**T:** all of us have sobered up considerably over the past years; T has seen people killed in front of her face!

**R:** in the 60s he saw cops in LA kill people in the back

**Gerry:** • 323 cops killed on duty in 2016 – many were assassinations while on duty  
• police shot citizens with no weapons – 23 whites, 16 blacks, 18 Latinos – a month ago, over the radio – no background

**T:** announcer Tim Conway Jr -

**COR:** these numbers make no sense:

**Lyn:** go to [gunviolencearchives.com](http://gunviolencearchives.com) or [gunviolencearchives.org](http://gunviolencearchives.org)  
•at least 32, 000- 33,000 killed

## **BBS RADIO**

**MOTHER SEKMET / ALCYONE [M /A]** • •

Greetings in the Light of the Most Radiant one, In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

## Greetings, Children of Ra!

- We are in such a magnificent, magical time to be alive in these bodies. We may call them insane but this is the time, this is the place to get 'er done – we the people of this planet. As Joe Cocker said, and the Beatlers said in the song: I'll get by with a little help from my friends.
    - This time we are in, it is about this clarification, clearing of the energies of so much water and blood under the bridge, over the bridge – what a story!
    - and it is a day in the life of a galaxy and universe, as in how a day and night of Lord Brahma comes about and within the intricacies of those millenia, we change this now
  - the stories we have heard in this hour is about the clarion call has gone out, morphogenic field, quantum field, has responded, has heard; energies are being bounced back – when a butterfly flaps its wings in Viet Nam, Louisiana has a hurricane – part of the quantum field – everything is connected; we are all connected here in this sacred hour
    - as we have here for millennia: the children who control the planet cannot even control their own bowels – not funny. Now is the time for all the stories to come out -why we are in the situation we are in, what happened long ago. As She walked the halls of Karnak - coming full circle once again – we gotta put on the slinky, kinky red dress and have some blood for dinner.
    - Not so pretty, not so nice; She has a reputation for being a blood thirsty goddess and she has not helped the story, so to speak, with the conditons that Planet Earth has been in
  - It is not so much about life forms; it is about energy, yet lifeforms are an integral part of the story: ones who have gone against the laws if we wish to call them laws - yet they make up the principles of how the fabric of the universe fits together and folds and unfolds
  - as this time we are in, we have been asked once again by Father Ra to do what she has done for millenias: cleanse the planet;
    - She comes not by herself but with Lord Michael's legions, Metatron's legions; Maitraya – the story is so big –
    - yes, Maitraya is here, the Cosmic Christ is here – not the fake stories that have been played with by the 13 family wishing to use the good name of Lord Maitraya for their own purposes, also the brotherhoods, the sisterhoods, all are here –
    - the vets are gathered at Standing Rock once again: this story that has rapidly unfolded to its conclusion – not about another Kent state but about the rising of this tide we are in –
    - we are all servants of peace, doing the service on humanity's behalf - that is the order of the day. As all of the lifeforms being harmed, then let us start with the story . . .
  - about the lady in AZ being deported because she had a job and and she was an illegal alien: the beginning of Trump's ideas of criminals in the country: she has been here for 20 years raising her children who are US citizens: the daughter was on Amy Goodman this morning
    - the story of the protectors – maybe not protectors – so-called law enforcement: the only laws they enforce are the ones that serve them best. We are in this time: the circle repeats itself
- T:** she thought the end of karma was here
- M/A:** that is why this is coming up in this last sacred nano second
- T:** the whole thing has to be held accountable
- M/A:** it is not about using our gifts and abilities in anger
- T:** all kinds of questions asking about her – Robert Masters describes it in his book as a myth
- M/A:** myths are based in truth
- T:** first what they did
- M/A:** maybe she might say to begin with: her side of the story
- T: From the book:** the myth is partly on the tombs of Seti representing Satan, son of Osiris, a non-incarnate being, – Sirius being the father of Seti who was conceived Neptha El Ray, sister of ISIS – and Isis and osiris are also brother and sister - the concept here that

goes beyond what is talked about: Mother's father is Ra in the physical, and she became incarnated to end the rebellion at the time, and her consort/Twin Flame is incarnated as Alcyone; Ra is the unincarnate version of Alcyone – so we have the concept of brothers and sisters, incarnate and not incarnate – concepts which are beyond linear thinking and organized religions' stuff about sinners, etc.

**Reading from Masters' book** : people entered into a conspiracy to overthrow the gods – which is what is going on, right here, right now

**M/A:** the elohigh . . .

**T:** Blasphemed against Ra, king of heaven and men; used the powers given to them by the gods

**M:** the powers – the elohim in their infinite wisdom and ignorance were teaching how to use the force not for the greater good, the way of the Sith, Lord Vader –

**T:** And this has already been done to the murder of 2 million already

- Ra, the most ancient and potent deity, those who had been with him in the primeval waters which, before the time of the eye [sun] had made life
- Mother is the source of life; "he" is reference to the active principle

**M/A:** going from matter to anti-matter

**T:** the gods counselled together – the problem with the nice ones trying to overthrow the gods – the not nice ones are to be removed: painlessly – they are anti-life, power without love.

- they decided that Sekhmet the force against which no other force prevails
- she would manifest and came in lion form, walking upright
- then Sekhmet walked among men; she incarnated – and destroyed them and drank their blood. [this is the myth – yet the source of life can take life away too in such a vileness – it can be consumed and transformed: they are called black holes, a creation chamber out of which new bodies are created - they are all over the Universe of Nabadon – this is beyond our comprehension – 80 billion other stars like earth in the Universe of Nabadon, and 98% of ET s have human DNA; there is human DNA in the paschats, as well as the paschat energy of the cat /feline

**T:** and we were bright enough to de- evolve the DNA – it is happening now: there are 3000 areas in the US where the amount of lead in the water is 7X higher than in Flint – turns people into mutants – and we can start over, as this was not the intention!

- Then Ra brought elephant plants that can be brewed as powerful mind-altering drugs -
- This is where we are at now: there is no intention at this point to have peace, none, zero. Have just read the piece that Bannon is planning WW3 intentionally, and he is acting as the president
  - we have talked of this for decades; creating all the alphabet agencies including UN, and all the others - they knew at this time that there would be nothing to do but have a war to cover up the destruction of the banking system. The article for tomorrow is written by Faction 2 and what flaws that are in it will be corrected.
- This is a diabolical evil plan with no saving grace – the money system has to go!

**M/A:** it is not a myth: it's about the reality of the fact that when Ra/ Alcyone asked her to step into the story, it was about the fact that the elohigh had fallen, and Lucifera had taken 1/3 of the angels with him;

- and many of the lifeforms took on the mantle of physicality, going from Elohigh to elohim
  - they were 9-25' tall, some were giants 50' tall – Goliath, David, Sampson, the Philistines – all connected with Sumer;
  - the stories about her children Jehovah, Lilith, Enki, Anu, Ninhertzog - the stories of ancient Sumer and the Hanging Gardens of Babylon – a beautiful city of

incredible energies – yet turned to the dark side, misqualification of using the gifts and abilities for darkness, rather than light

- she had to clean house; it is about removing energy out of its timespace continuum, called evil
- right here, Feb 2017, there are forces playing right now with concepts and ideas and the fact that the creation technologies are being found, fully functional, from the times of Sumer, Lemuria, Atlantis, Pan and they have no idea what they have gotten themselves into.
- In a certain framework of consciousness, the best way to describe it: coming upon the ancient artifacts and using them, not for helping – this is why She must speak as Alcyone as RA back then – at the time now, the needs of the many outweigh the needs of the few.
  - She must clean up the planet as she has said: as She shows up with the stories of intervention, full disclosure – after all is said and done, the planet can be cleared of all of the old energies of radiation, and negativity in 30 days or less.
  - We are all part of how they do this as they step in; like Jacques Fresco of the Venus Project has said: we can make this planet a garden, and it takes very little energy using the old ways we show you –
  - part of the technology already being brought into manifestation – Dr Keshe and the plasma energy – what are we? Plasma energy which never fades from existence, only gets stronger and more in harmony with the spheres, the music, the cosmic dance, more in tune with the heartbeat of the mother, and it is happening as we are talking
- yes, in the old stories she had to come and drink the rivers, the oceans of blood, and beer as . . .

**T:** how do you understand, explain that to people who is not expecting that of Mother God

**M/A:** expect nothing, and expect everything; no appointments, no disappointments. Yet when she speaks of the things you describe, it is not about murder or killing; it is about energies that are being used to drain the life force out of the planet and her people – and when you drain that life form from the planet and the people in the form of nukes, radiological bombs like the gourds of ashes, when you use technologies that to create android bodies and insert some kind of soul matrix that comes from the hand of Lucifer?

- What a paradox – she must show up as Neo, cleanse the planet of its filth and do it by the releasing of the energies of what we comprehend as the Violet Flame.
- And back at the time of the 5<sup>th</sup> dimension, 5000 year war – Mahabarata: Vishnu, Shiva - the energies we comprehend as creation energies – gets released;
  - right now, in this very nano second what has been happening since Oct 2011 – she has been releasing energies from the center of the Milky Way Galaxy, and they are of a frequency that is the creation energies: to use numbers to conceive of this – experience it as this: the energies of Lord Indra, Lady Master Cyclopea as they open all their chakras along with LM Victory, LM Hope, LM Liberty, the Great Divine Director; K17 – She speaks of immortal beings that never ever died, just changed shape, form, reality
  - we are all immortal and we are getting to this place in this instance, this is the stories, the legends, the magic qualities of all the ancient civilizations
  - why do you think we went to war in Atlantic, Lemuria, Pan? It was about the concept of who is going to control the Gauntlet of Power: not Thonos, not anyone: it is in the hands of AA Michael, Metatron, Maitraya, Lord Ashtar, herself,
- The frequencies of the 5 infinity Stones along with the other technologies which make up the Universe of Nabadon - all the revealing of this is coming out now, as the children, the millenials, the indigo crystal, rainbow crystal children, will not take one more iota of negativity, death – and what is happening is the siddhas, the gifts, what Rama calls the X men abilities, are kicking in, in high frequencies now.

- Exponentially, everyone's crown from the heart, the throat, the 3<sup>rd</sup> eye and upwards is being awakened and it's happening exponentially, whether we know it or not, like it or not – this is causing ascension symptoms that go to the stars!
  - For many, as the energies rise themselves higher and higher, they may not be in their bodies: we must do diligence, the dharma, take care of our bodies – must cleanse our bodies of the filth that has been there for millenia – we are being given the keys to the kingdom now; how to cleanse this with the violet flame, the meditations, the decrees – the energies pouring in with the full moon right now
- and as we are talking here now, do not doubt for one second: Steve Bannon and the others want to play with Vader and the energies of the Sith; they don't get to, even if they are trying – and they are drooling at the fact that they have these energies to play with: it is the old energies of the ancient technologies that are awakened, that they have found in the various secret areas around the planet, and that they think they can hide the truth from us about wars – the stories of Allepo, Palmara, Damascus, Dome of the Rock, City of Baghdad – these technologies- they have no idea what they can do: she paints the picture – it's about the stories about Stargages – Stargate Atlantis, Stargate SG1 – all this is why she is here now
  - the Fuhrer – one of his generals
  - Free speech, link TV – showing stuff about Hitler's time: getting down to it
  - Playing with the hearts and minds of the people the old energies of the sidereal technologies: – the Tesseract, the 5 Infinity Stones cannot be used any more for darkness and we will see soon enough . . .
- T:** Rama told her of a device available to hitler and how 26 million people were completely disappeared: They were using Tesla's death ray to vapourize the forms
- T:** and the suffering they went through before that happened was unbelievable . . .
- they are trying to do round 3
- M/A:** At this time, we have the players playing it out – what she in this sacred hour can share with us
- **FEAR NOT** – Dr Keshe has this in hand; and along with the sisterhoods, brotherhoods – we have this story complete: it is about love; we are all servants of peaceful
  - you cannot decimate this planet, use an iron fist and say you are going to make Americ great - it is a paradox, illogical as Spock would say
- we are being fed absolute untruths about the nature of the universe: the true nature of the universe is about the quantum field as Nassim, Fred Alan Wolfe, Dr Jack Safarti and others out there are saying
    - Down the rabbit hole we go – particles are that: the consciousness of the Force, the mitachlorians – we have already said, we want peace, we want love; now is the time
    - as she has said so many times: they are visitors, travellers in time, from our future, their past - this planet makes it; NESARA gts announced; the story of Hitler is over!
- T:** brings up the figures of police killings, and those killed by the police – not true numbers – from the Conference part of the call
- M/A:** they don't want to share how vast the story has become
- they want to diminish it all – in the story tomorrow, we will hear the true numbers as they don't want to be held accountable.
    - The 26,000 is really 26,000, 000 killed in the Holocaust
    - Wants Rama to get the right figures
    - it was over 1000 that the police killed in cold blood – reported on the Thom Hartmann show regularly; there are always way more than we can get access to – that is why it is time for this to end – there is an addiction to power and money and greed – they are out of balance

- M/A:** when you get hold of technology and wisdom that is beyond your evolution of consciousness
- and there is the atmosphere for mischief;
  - in the time we are in, She is following the Laws of the One; when you play with that and do not follow the Laws of the One, what have you got? You see it as in the past times:
  - St Germain and the Forces of Light stopped Hitler
- once again she is here; they are not going anywhere; they are our neighbours, friends, co-workers – they are everywhere:
- They walk the halls of the west wing: she must do what she must do to cleanse the planet. We will hear about it !
  - Blaze the violet fire: it cleanses the soiurity; it is ab out removing energies that have no business being on this planet
  - when we see the escalation of the story as it get played out and the gourd of ashes: they have said NO NUKES: Ashtar has it covered and so does Admiral Sananda
    - we will see! And that’s a promise, honey!!!

Kadoish, kadoish, kadoish!

**R:** he has been to sitting in Shamballa the Greater. He was not alone – Sanat Kumara and others are gathered there, talking about the issues of the day; they mean business. There are legions upon legions upon legions in Shamballa – this is huge, very huge!

**T:** the news now is that Russia has done this no question – a given

- to have Condelessa Rice and Bill Gates recognize the administration is DARK!

**R:** The Forces of Light were gathering; this is serious business and only getting bigger.

**T:** And Bill Maher is not telling all the truth either: make this a raising of consciousness, as we all have the ability to do.

2004-05-07 **INTERVIEW: Former FBI Translator Sibel Edmonds Calls Current 9/11 Investigation Inadequate**

by Jim Hogue

**INTRODUCTION:** Sibel Edmonds and Behrooz Sarshar, beginning in December of 2001, began filing reports to their superiors at the FBI. These reports could lead to the collapse of a corrupt power structure that has a stranglehold on the very institutions that are obligated to control it. We cannot excuse these institutions, for while they fiddle, they pass death sentences on their own troops, and on the people of Afghanistan and Iraq.

"If they were to do real investigations we would see several significant high level criminal prosecutions in this country. And that is something that they are not going to let out. And, believe me; they will do everything to cover this up."

On April 30th, Sibel Edmonds was my guest for 50 minutes on WGDR radio. What follows is an edited transcript of the interview. The editing is for the sake of a more readable piece.

Sibel Edmonds is a former FBI translator. She blew the whistle on the cover-up of intelligence that names some of the culprits who orchestrated the 9/11 attacks. These culprits are protected by the Justice Department, the State Department, the FBI, the White House and the Senate Judiciary Committee. They are foreign nationals and Americans. Ms. Edmonds is under two gag orders that forbid her to testify in court or mention the names of the people or the countries involved.

-Sibel Edmonds, former FBI translator

### THE INTERVIEW

**JH:** The people who have so far been interviewed on this program have all been authors and researchers, and here we have someone who, for the most part, has first-hand information. Ladies and Gentlemen, your guest is Sibel Edmonds, formerly of the FBI, a translator who joined the FBI shortly after 9/11.

Ms. Edmonds, what I'll do is invite you to tell us whatever you would like--your stint with the FBI--and what the brouhaha with Ashcroft and company is all about.

**SE:** I started working for the Bureau immediately after 9/11 and I was performing translations for several languages: Farsi, Turkish, and Azerbaijani. And I do have top-secret clearance. And after I started working for the Bureau, most of my translation duties included translations of documents and investigations that actually started way before 9/11. And certain documents were being sent that needed to be re-translated for various reasons, and of course certain documents had to be translated for the first time due to the backlog.

During my work there I came across some very significant issues that I started reporting in December of 2001 to the mid-level management within the FBI. They said to basically leave it alone, because if they were to get into those issues it would end up being a can of worms. And after I didn't see any response from this mid-level bureaucratic management I took it to higher levels all the way up to [assistant director] Dale Watson and Director Mueller. And, again, I was asked not to take this any further and just let it be. And if I didn't do that they would retaliate against me.

At that point, which would be around February 2002, they came and they confiscated my computer, because, they said, they were suspecting that I was communicating with certain Senate members and taking this issue outside the Bureau. And, at that point, I was not. They did not find anything in my computer after they confiscated it. And they asked me to take a polygraph as to

the allegations and reports I'd made. I volunteered and I took the polygraph and passed it without a glitch. They have already confirmed this publicly.

In March 2002 I took this issue to the Senate Judiciary Committee and also I filed it with the Department of Justice Inspector General's office. And as per the Senate Judiciary Committee's request the IG started an expedited investigation on these serious issues; and they promised the Senate Judiciary Committee that their report for these investigations would be out by fall 2002 latest. And here we are in April 2004 and this report is not being made public, and they are citing "state privilege" and "national security" for not making this report public.

Three weeks after I went to the Senate Judiciary Committee the Bureau terminated my contract, and they cited "government's convenience." I started working with the Senate Judiciary Committee that was investigating this case, and I appeared before the Inspector General's office for their investigation several times, and I also requested documents regarding these reports under the Freedom of Information Act; and they blocked this by citing again the "state secret privilege" and "national security" refusing to make these documents public.

On October 18th 2002 Attorney General Ashcroft came out personally, in public, asserted this rare "state secret privilege" on everything that had to do with my case. And they cited "diplomatic relations" and certain "foreign relations" that would be "at stake" if I were to take this issue and make it public. And, since then, this has been acting as a gag on my case.

I testified before the [9/11] commission on February 11th 2004, and as I said, I have been waiting for this report that they [the Attorney General's office] have been blocking for a year and a half from becoming public. The information I requested under the Freedom of Information Act has been blocked for two years. And I have been campaigning for the past three months trying to get the Senate Judiciary Committee that has the oversight authority and responsibility to start its own public hearings. However, this request is again being blocked. Now they [AG] are citing this upcoming election as reason. And here I am.

**JH: And it is the Attorney General who is blocking your testimony.**

**SE:** Senator Leahy, on April 8, 2004, sent a very strong letter to Attorney General Ashcroft, citing my case stating that he, Senator Leahy, has been asking questions, and has a lot of issues that have not been addressed, and asking AG Ashcroft to come and provide answers. And AG Ashcroft for the past two years has refused. So he [Leahy] is calling for a public hearing. However, Senator Hatch, who is the Republican Chairman of the Senate, has been a road block. And Senator Grassley [a Republican member of the Senate Judiciary Committee] went on the record with New York Observer's Gail Sheehy and said that Senator Hatch is blocking this investigation from taking place and for this public hearing to be held by the Senate Judiciary Committee.

**JH: So Hatch has the power to keep Leahy and Grassley....**

**SE:** Correct. And now it is becoming a partisan issue. However, I keep reminding them that this issue is not a new issue that has come out for this election. This issue has been in the courts for two years and two months now.

**JH:** I've watched Hatch perform since the Contra Hearings in the mid 1980s, and I can assure you that for Hatch, everything is a partisan issue. You have a tough one.

**SE:** We have to remind the people: Congress has the constitutional obligation and public

responsibility to oversee these issues and the Department of Justice's operations. That's why they are elected. That's why they are there. That's what they are getting paid for.

**JH:** Do you think that Leahy and Grassley are going to try to plow ahead with this, or do you think that there is a back door deal with Hatch?

**SE:** Well....as far as I see, Senator Leahy has been trying, and it's a strong letter that he issued a few weeks ago. [Ms. Edmonds refers here to the GPO's PDF (Senate--April 8, 2004; pages s4012-4014) regarding Ashcroft's appearance before the Senate Judiciary Committee in 2003. Senator Leahy describes the inaction of Attorney General Ashcroft since their first meeting on September 19th 2001 as a "flagrant avoidance of accountability."]

However, I'm very disappointed with Senator Grassley's office and his staff members. They initially were very supportive. But what I am getting from their office every time I call is, "Well this issue is under the Inspector General," and that their hands are tied. And then I press further and ask, "Well, what do you mean, 'our hands are tied'? Who's tying your hands? Untie it. Let's get it untied." They don't have any response. They say, "Well, this issue is very complex, and as you know, it is being investigated." And I'm not seeing any issue being investigated. What I'm seeing is that this issue is being covered up, and relentlessly being covered up, in consideration of "state privilege," which people are calling "the neutron bomb of all privilege."

**JH:** I can assure you that there are probably thirty issues just like yours that are being covered up. And they are allowing reporters, writers, internet contributors, and journalists from around the world to do these investigations, because they know that most Americans will never hear any of that. But as soon as someone like yourself gets too close to actually finding out who did anything, "state privilege" or something....

**SE:** "National security" as a classification.

**JH:** Why that makes us more secure, to let the people guilty of 9/11 run around free is, of course, the question that no one is willing to deal with.

I have a question having to do with "mid-level" management at the FBI. Why do you think that mid-level FBI management would care enough to stop you from doing your job?

**SE:** This was mainly for the reason of accountability. As you know, and as the chairman for the 9/11 Commission [Thomas Kean] answered during Tim Russert's show: to this day, not a single person has been held accountable. And certain issues, yes, they were due to a certain level of incompetence. But there were certain other issues--you know they keep talking about this "wall," and not having communication. I beg to differ on that, because there are certain instances where the Bureau is being asked by the State Department not to pursue certain investigations or certain people or certain targets of an investigation--simply citing "diplomatic relations." And what happens is, instead of targeting those people who are directly related to these illegal terrorist activities, they just let them walk free.

**JH:** And they interrogate people who are trying to make voting safe.

**SE:** And that is hypocritical. I see people detained for simple INS violations. On the other hand I have seen several, several top targets for these investigations of these terrorist activities that were allowed to leave the country--I'm not talking about weeks, I'm talking about months after 9/11.

**JH:** And there were four major FBI investigations, not counting yours, that were squelched in Phoenix, Minneapolis, Chicago and New York.

**SE:** Correct.

**JH:** And yours was even outside of that.

**SE:** Correct.

**JH:** So, obviously, we have mid-level FBI people who have been told something. It was the mid-level FBI people who knew enough to squelch many of these investigations before they went further. So how did they know to do that? Can all of them have been incompetent?

**SE:** No. Absolutely not.

**JH:** So they got the word down from Mueller, probably.

**SE:** I cannot confirm that for sure, but I can tell you that there is so much involvement, that if they did let this information out, and if they were to hold real investigations--I'm not talking about this semi-investigation they're holding under this "Joint Inquiry"--the pure show of the 9/11 Commission that has been getting the mass media's attention. If they were to do real investigations we would see several significant high level criminal prosecutions in this country. And that is something that they are not going to let out. And, believe me; they will do everything to cover this up. And I am appalled. I am really surprised. I'm taken back by seeing the mass media's reaction to this. They are the window to our government's operation and what are they doing?

**JH:** We've been screaming about it for a long time. And it goes on.

**SE:** And you see many people just turning away from these channels of mass media, and they're just turning in to alternative providers, because they just see what's happening.

**JH:** I have another question: when the gag order was written, it had to do with "diplomatic relations." Right?

**SE:** That is what Attorney General Ashcroft cited.

**JH:** Are you allowed to say that it's the Saudis?

**SE:** I cannot name any country. And I would emphasize that it's plural. I understand the Saudis have been named because fifteen of the nineteen hijackers were from Saudi Arabia. However, the names of people from other countries, and semi-legit organizations from other countries, to this day, have not been made public.

**JH:** And the information that you have been gagged on has to do with that specifically.

**SE:** Correct. And specifically with that and their ties to people here in this country today.

**JH:** I understand why you can't say anything about this, but there are several books out about the Bush ties to the Saudis and the bin Ladens in particular. And in David Griffin's book, *The New Pearl Harbor*, there is a very good synopsis of the ISI, which is the Pakistani intelligence service.

He shows the direct connections between the CIA, the ISI, and Mohamed Atta. He makes a very convincing case that the Pakistani ISI had been helping to plan 9/11 for a long time.

I don't imagine that you are allowed to say much about that.

**SE:** You are correct. But I can tell you that the issue, on one side, boils down to money--a lot of money. And it boils down to people and their connections with this money, and that's the portion that, even with this book, has not been mentioned to this day. Because then it starts touching some people in high places.

**JH:** Can you explain more about what money you are talking about?

**SE:** The most significant information that we were receiving did not come from counter-terrorism investigations, and I want to emphasize this. It came from counter-intelligence, and certain criminal investigations, and issues that have to do with money laundering operations.

"The most significant information that we were receiving did not come from counter-terrorism investigations, and I want to emphasize this. It came from counter-intelligence, and certain criminal investigations, and issues that have to do with money laundering operations."

You get to a point where it gets very complex, where you have money laundering activities, drug related activities, and terrorist support activities converging at certain points and becoming one. In certain points - and they [the intelligence community] are separating those portions from just the terrorist activities. And, as I said, they are citing "foreign relations" which is not the case, because we are not talking about only governmental levels. And I keep underlining semi-legit organizations and following the money. When you do that the picture gets grim. It gets really ugly.

--Sibel Edmonds, former FBI translator

....**JH:** Let me read you a short quote from Dr. Griffin's book, quoting from War and Globalization: The Truth Behind September 11 by Michel Chossudovsky and ask you to comment on it. "...The transfer of money to Atta [\$325,000], in conjunction with the presence of the ISI chief in Washington during the week, [is] the missing link behind 9/11....The evidence confirms that al-Qaeda is supported by Pakistan's ISI (and it is amply documented that) the ISI owes its existence to the CIA."

**SE:** I cannot comment on that. But I can tell that once, and if, and when this issue gets to be, under real terms, investigated, you will be seeing certain people that we know from this country standing trial; and they will be prosecuted criminally.

**JH:** Here's a question that you might be able to answer: What is al-Qaeda?

**SE:** This is a very interesting and complex question. When you think of al-Qaeda, you are not thinking of al-Qaeda in terms of one particular country, or one particular organization. You are looking at this massive movement that stretches to tens and tens of countries. And it involves a lot of sub-organizations and sub-sub-organizations and branches and it's extremely complicated. So to just narrow it down and say al-Qaeda and the Saudis, or to say it's what they had at the camp in Afghanistan, is extremely misleading. And we don't hear the extent of the penetration that this organization and the sub-organizations have throughout the world, throughout their networks and throughout their various activities. It's extremely sophisticated. And then you involve a significant amount of money into this equation. Then things start getting a lot of overlap-- money laundering, and drugs and terrorist activities and their support networks converging in several points. That's what I'm trying to convey without being too specific. And this money travels. And you start trying to go to the root of it and it's getting into somebody's political campaign, and somebody's lobbying. And people don't want to be traced back to this money.

**JH:** [Laughter] I guess not. This leads me to think of a beef I have with Seymour Hersh that I'd like to bring up with you? Do you know who he is?

**SE:** Yes.

**JH:** He seems to presume that the U.S. Intelligence Services want to collect the kind of intelligence that you have been gagged from repeating. I have suggested to him in a letter that there is an alternative to incompetence as to why intelligence doesn't get through to where it is supposed to go. But he's not interested. He doesn't seem to want to take that step.

**SE:** Not many people are willing to do that.

**JH:** But there are a lot of people who have laid out the road map.

**SE:** But people and your listeners have to go further than that. I understand this administration and their anti-transparency, anti-accountability and their corrupt attitudes. But that aside, we are not made of only one branch of government. We are supposed to have a system of checks and balances. And I am saying, how about the other two branches? And putting the pressure on our representatives in the Senate and the Congress, and the court system. They should be counter-acting this corruption, but they are sitting there silent. And they are just an audience, just watching it happen. Senators Leahy and Grassley and Hatch have the obligation to do that. It's not that they can choose not to do it. They don't have that luxury. This needs to be demanded of them. People need to pick up their phones. They need to write to these people and say, "You'd better fulfill your responsibilities."

**JH:** And you know what Senator Leahy is going to do? He's going to forward his letter, his Senate testimony, on to us to prove how hard he is working.

**SE:** I saw a reporter the other day who had just spoken to Senator Leahy. And Senator Leahy said that, well...he doesn't know what the next step will be. And it came to the issue of the hearing, and investigating this case, and he basically ended the conversation. And I think that with a little more pressure from us, from you and from your listeners, we can change that.

**JH:** Some folks up here think of him as Saint Patrick, I'm afraid. Be that as it may, are you aware of the on-line news service, TRUTHOUT?

**SE:** I've heard of it.

**JH:** There is an article in the April sixth TRUTHOUT by Paul Sperry from WorldNet Daily about you and one of your colleagues...

**SE:** Mr. Sarshar?

**JH:** Behrooz Sarshar.

**SE:** He is another translator who worked in the same department as I did. Mr. Sarshar wanted to make this information public, however he just wanted to go to the Senate Judiciary Committee and receive their support and protection under the whistleblower protection act. And I facilitated this meeting, and several 9/11 family members and I took Mr. Sarshar to the Senate Judiciary Committee meeting in Senator Grassley's office. Mr. Sarshar provided them with detailed information, however, to this day Senator Grassley has not acted upon that, and he passed the

buck to the 9/11 Commission. Next we arranged for a briefing between the 9/11 Commission and Mr. Sarshar, and he went there on February 12th, 2004 and he provided the investigators for the 9/11 Commission, for almost three hours with all the details of the investigation that had to do with the 9/11 terrorist attack. He gave them the names of certain assets used by the Bureau for at least twelve years. He gave them contact information for certain agents who were aware of these issues. And they, themselves, wanted to come and talk about it, but they needed certain protection. Mr. Sarshar provided them with all this information and where to look for these documents etc. and, to this day, the Senate Judiciary Committee and the 9/11 Commission have been passing this buck back and forth.

So, all this information has been sitting in front of them. They have not called any of those witnesses introduced by Mr. Sarshar to them. And during the 9/11 Commission hearing with [FBI] Director Mueller, none of these questions were asked. In fact they did not have any questions for Director Mueller, and they left it at that [except for the remark by Mr. Ben-Veniste that they should be addressing the translation issues behind closed doors.] And "behind closed doors" has become a black hole for me because I have been in these closed door sessions so many times within the Senate, within the Inspector General's office, within the 9/11 Commission. And whatever information you are providing them behind these closed doors, you know for sure that that information will stay there and will never get out.

That is why we are demanding to have public hearings with the Senate Judiciary Committee on the Senate floor and open to the public.

**JH:** Do you think the Ellen Mariani case will help any of this? [Ellen Mariani is a 9/11 widow whose attorney, Philip Berg, is suing the United States under the RICO statute for the death of Mr. Mariani at the WTC.]

**SE:** I have read about her case. But there is another lawsuit: the Motley Rice legal firm that is representing over a thousand family members. They sent me a subpoena to provide them with a deposition. And one day before that deposition took place, the government attorneys intervened and asked the court for a hearing and they quashed this subpoena request. They sent eight heavyweight attorneys from the Department of Justice, and Mr. Ashcroft's right hand. And basically put on this show in front of the judge, saying, "Sibel Edmonds, if you were to provide this information, our national security and our state secret privilege and our foreign relations will be destroyed. Therefore, Your Honor, we want you to quash this subpoena." Motley Rice told the judge that they wanted to ask for information that has already been made public. The government maintained that even though the information was public, it was still classified. And Judge Walton granted their request.

**JH:** There is some hope coming from statements made by former FBI counterintelligence agent I.C. Smith who thinks that 9/11 would have been stopped, had the FBI been allowed to do its job. He is strongly critical of FBI assistant director Dale Watson.

Do you believe that 9/11 could have been stopped if information like yours had been properly handled?

**SE:** At the very least, as early as May/June 2001, we could have issued a red code alert to the public, and we would have issued this very urgent warning system, which would, in return, have increased our Airport and INS security. Could we have prevented in 100% certainty? I don't think anything is that certain. However, we would have had a very, very good chance for preventing it. And agent Smith and I, we crossed the same person, because my case has to do with Dale Watson too.

**JH:** The trouble is: once you make this information public, you mess up the plan. And if one of the investigations from Phoenix, Chicago, New York, or Minneapolis had been followed through, let alone all four, it would have burst the bubble.

**SE:** Look, Jim, they had those four pieces you mentioned, and far more than that, believe me, far more than that. And that has not been made public. And for them to say that we did not have any specific information is just outrageous. Because what were they waiting for? An affidavit signed by bin Laden?

**JH:** "Hey Dumb Ass! Coming 9/11!" So their statement that they didn't have the information is outrageous.

**SE:** And they have been backing off from that. About two weeks before Condoleezza Rice appeared before the 9/11 Commission she made the statement, "We had no specific information." And I told the press that that was an outrageous lie. That was printed on the front page of *The Independent* [UK] and several other papers here. And what she did during the hearing was very interesting. She corrected herself saying, "Well, I made a mistake. I should not have said 'we.' I should say that I personally did not have specific information." And that is exactly what I stated. "We" includes the FBI, and therefore I can tell you with 100% certainty that that is an outrageous lie.

Yet the Commission didn't ask, "Well, who is the rest of this 'we'?"

**JH:** They don't want to know.

**SE:** No, they don't want to know. This is the heart of it. The attitude of the Senate members has been "See no evil. Hear no evil. Just let it go." And you can't let that happen. The only people I have seen who have been truly pushing for the truth are the family members. All they have asked for are three things. They want the truth, the facts, the real facts, the straightforward truth. They want accountability. And they want us to improve our security. That's it. They have no other agenda. And now they're smearing their names.

**JH:** They'll never run out of people to smear. Everybody who talks gets smeared.

**SE:** I have been given a warning that my turn is coming. I have been waiting for this for two years and two months, Jim. And they have not done it to this day, and they have not even denied anything. But I have been told to expect something to occur soon.

**JH:** Well, they have to figure out the angle.

*[At this point we opened the lines for callers, as the scheduled time for the interview was drawing to a close.]*

**CALLER:** But, of course, you are trying to spoil our American Dream. We want to dream in peace! What are you doing? [Laughter] Let us sleep!

**JH:** That's it. That's what they're up to.

**CALLER:** The depth of that psychology is incredible. It goes from A to Z through our life cycle. It's so disempowering. It's so depressing. Well, thank you for being lunatics out there who are trying to get yourselves shot. [Laughter]

**JH:** That's okay. Anytime. Just for you. Bye bye.

**SE:** Even from people from whom I've been receiving support, so many times you run across people who say, "Yeah, it's terrible. I understand. And it's very courageous what you are doing." But you know how this thing is. It's a boat you can't rock. And that is what is allowing these people to take everything this far. We need to stop saying we can't rock this boat when it needs to be rocked. Listen, we pay for this boat. We elect this boat. It's our money that maintains this boat. And we are the ultimate boss here. If this boat or some section of it needs rocking, you bet we have the right and we have the power to do it. And we have the power to demand it. Otherwise we are making ourselves powerless.

**JH:** And if we don't do it, we don't deserve it.

**SE:** Correct.

**2nd CALLER:** [Question re 9/11 stand down of the air defense system]

**SE:** I don't have direct knowledge of it. And I have been trying to stay within what exactly I know--the exact truth--not the conspiracy theories--no exaggerations--everything that I know, that I came across that is well documented where I can say, "Pull out this document; pull out this evidence. Make this document public; make that document public."

However, I have been working with other people who have been trying to address other aspects of this issue.

**2nd CALLER:** The issue of whether or not they new it was going to happen becomes somewhat moot when you look at the air force stand down. They new it was going to happen. Well, who did it then? There was a show on TUC [Time of Useful Consciousness] radio with....

**JH:** Michael Ruppert.

**2nd CALLER:** Yes. He went step-by-step of what actually happened with the Air Force stand-down. It's so obvious that we're in some sort of farcical dream, and what [the previous caller] said was quite relevant, that most people don't want to wake up from this. So I was just curious. I appreciate your work very much. And those are the two things that stand out to me--the Pentagon and the air force stand down. But what else can you really do at this point than just make a little noise? Anyway, thank you for doing what you are doing.

**SE:** He has a point there. There are so many questions that they don't want answered. And they remain unanswered. And I'm afraid they will not be answered unless we have a real investigation. And to this day there has been no real investigation. Without this, people cannot just let them wrap it up and say, "OK this is the report from the 9/11 Commission," where anything that has any value is redacted because it is top secret classified information.

**JH:** And pretty much all the shoes have dropped. The evidence at this point is overwhelming, and still nobody seems to be doing anything about it.

**2nd CALLER:** Right, but if you look at the Warren Commission--you look at the magic bullet theory--you know that's official! But who buys it? What can we do? This is going to happen. They're going to pull it off because the press won't report the truth.

**SE:** That goes to the heart of the matter: The media, as I said is the window to the government,

and that window has turned into a wall.

**JH:** We can have a little more faith in the average person despite what [the two callers] say. I just did an informal survey in southern Virginia in a factory of over a hundred people, and I asked, "Would you be surprised to learn that the Bush Administration was complicit in the 9/11 attacks?" 100% responded, "No." So it's not like people are afraid to find out information. They go through life struggling, working eight hours a day at least. They don't believe anything the media or the government tells them any more. They are able to except the fact that Bush & Co was responsible for 9/11; and they don't care. They almost expect it.

**2nd CALLER:** I would have suspected the opposite. These are emotional issues where people don't want their bubble burst. They say, "Well, the government would never kill their own people." Psychopaths go overseas and kill people with war machines. They're over the notion of patriotism. And I think that for most people it's hard to make that step.

**JH:** I'm not saying they made or didn't make a step. I'm just saying that, for these workers, the machinations of government are beyond their concern. But Ms. Edmonds has to leave shortly....

**2nd CALLER:** OK I'll let you go. I appreciate very much what both of you have done, and thank you very much.

**JH:** Ms. Edmonds, thanks for being our guest.

**SE:** Thank you very much. I'm honored to be on your show and I hope I'll be on again. And I hope you will be able to get Senator Leahy. I'd like to be able to have a chat with him. [Laughter]

**JH:** Fat chance. He withers at the thought.

**SE:** We're going to still be pounding. I'm preparing this petition, and it's going to be signed by many, many people and I'm going to be wheeling it in personally to both Senators Leahy and Grassley. And it will have some level of coverage. And once they see the cameras and the people, suddenly their personalities change. It's like Dr. Jekyll and Mr. Hyde. They become very sweet.

**JH:** If you see either one of those two [Leahy or Grassley], I'd be more than happy to have either one of them on - with you. Let's see what we can do.

**SE:** Okay, let's hope. Thank you, Jim. Bye.

**EDITOR'S NOTE:** Jim Hogue provided the following conclusion to this interview: "The facts reported by Sibel Edmonds and Behrooz Sarshar are incontrovertible. Result: Silence. And you must agree to be a part of this silence. The gag order permeates the White House, the Senate Judiciary Committee, all levels of the FBI, the CIA, the 9/11 Commission, the NSC, the Pentagon, the Republican Party, the Democratic Party, and the mass media. The media and the White House will next assassinate Miss Edmond's character, as they have done to others who haven't rolled over and played dead. Never in the course of human events has so great a story been covered up by so many on the orders of so few.

The likes of Seymour Hersh, Bob Woodard and Judith Miller should put their tails between their legs and slink away, while the obscure academic, Dr. David Ray Griffin, while candidate John Buchanan, citizen Eric Hufschmid, author Gore Vidal, independent journalists Michael Ruppert and Christopher Bollyn, and the 9/11 families are recognized among those who kept open the window

to Democracy.

Miss Edmonds has challenged us to do our jobs as citizens. It isn't often that a phone call could change the course of history. Now is such a time."
