## HARD NEWS

**T:** Judge James Roberts, a WA state judge, issued a temporary ban on the muslim ban from 7 countries – Lebanon, Libya, Iraq, Iran, Syria, Yemen, Saudi Arabia, 80% of the people in Yemen are starving to death: no food security, no hospitals, etc this is on the U S and Great Britain who are pummelling the people there about religion and not wanting it to exist; another Christian – Muslim conflict

- since the Nicean Council in 325 AD – the church set up a fake Mohammed – the real Mohammed’s first principle is PEACE, not harming anyone.
- The church tossed out the teachings of Jeshua, declared them heresy everything going on is contrived: want a conflaguration of worlds for the US to have allies involved in this: women being subjugated – King Faud had 145 wives!!!

**R:** from the Pleiadian Ladies: Saw on their pad

- There are 15 different intergalactic races interacting with people on earth; not all races/cultures have the best intentions, yet what is happening in the cosmic story, what is not being discussed except by a few awake and aware scientists [Fred Alan Wolffe, Nassim, Graham Hancock ]is that our sun is going through a transformation, transfiguration and affecting all in the solar system
- also, the Nemesis system is interacting with the Sol Sun System – it is raising everyone up bringing more light and love than we have ever known before; like radiation poisoning to the dark ones who cannot stand the Violet Flams
- they further explained that the 15 races have joined the other galactic groups wanting peace in the galaxy and our solar system, something ET Corey talks a bit of as he attends these council meetings across the solar system, and LM Nada presides over the Solar Tribunal Council on Saturn
- long ago, in this story, many of these beings came here and played as gods: Annunaki, Nephilim; even Sumerians played the game of being gods – it was the fall from Elohigh to Elohim which brings in the ideas of religions, religiosity; ideas of how men and women are supposed to be; false concepts that separate us instead of us leading into the Concept of One Race, one World.
- goes into what Tuella and Sister Pheadra talked of in the 60s, and about the earth becoming the 33<sup>rd</sup> member of the Intergalactic Federation of Worlds – this transition affects all of the Universe of Nabadon – blaze the violet fire –
- Rama used to be a sort of fan of Howard Stern: not as bad as Trump in terms of [misogyny](#) yet has done some stuff with women that is not cool
- Even Howard Stern said: this man’s health is not good, either physical or mental – and even though the White House chefs are the finest around – yet maybe the food in the WH is good food and he’s getting a better diet yet – blaze the violet fire; send more love
- The Pleiadian Ladies: we are in the most critical juncture of this time: the entire solar system and galaxy are being raised up by the energies of the sun as it is transfiguring: it’s a HUGE story, and everything is changing – every particle, every cell, every atom in our body – so the tolerance of watching this war over free speech and what is brought in
- He listened to a local Santa fe radio station: they played MLK’s speech “Beyond Viet Nam”
  - The Pleiadian Ladies brought up what the astrologers are saying: the being called Discord, or Nemesis – like Callisto, the angry warrior goddess, daughter of Zeus, who won’t heal – This is also a planet
  - He brings in the story of the Nemesis system interacting with our Solar system – it’s a moment of a giant 4-way stop sign: however, this isn’t an instant thing: it’s life changing –

they are spiralling around each other for some time – a real upliftment on a permanent basis

- it has to do with the outer planets: Jupiter, Saturn, Uranus, Neptune and Pluto all the other solar systems have 14- 15 planets: we have only been told about 8-9 planets in our solar system yet there are more! Like Nemesis – we are being raised up now, exponentially and it is taking some time. As we are more in touch with sending out more love to these life forms as more and more people are saying they will not follow this person

- was hearing songs on the radio station, stories that he has not heard since the '60s – it is huger than Viet Nam, as what is happening is affecting the entire solar system AND the universe

- the ladies said that the earth and all of us ascend; the key is not being caught in fear!
  - Mike Pence gave a speech in Pennsylvania today
  - A program called “a matter of the mind”, hosted by Harriet and Mark Perry and Jennifer
    - T & R have been involved with them since the late '80s – all they talked about was working with love – looking at Mike Pence, you can tell you are getting fed fear – they said he is feeding you fear: are you going to buy it?
  - The Supreme Court nominee is a nazi!
    - Merrit Garland – his seat was stolen and they decided to say that the president in his last year had no business nominating a Supreme Court judge – Ryan and McConnell have violated their responsibilities, committed treason!
    - The ugly, undealt-with truths must be faced as was said yesterday with James Earl Jones:
- **Ray McGovern sent Rama a text message** today: an unusual happening.
  - my friend, your goal and mine is extremely close right now!
  - He was **talking about NESARA but not giving dates**: it was a message of encouragement to not go into despair with what we are watching.

**T:** this whole month will continue to be messy: it is so dark! To get it through it in a month is not an easy thing!

**R:** what he says is coming from the place of watching things in the urban battlefield, and the separation of the mind from the heart: people have to watch how they drive, how they stand on a street corner and so on

- The Children’s Hour today: people on saying this is not my president. Had on an Ude player – an Iraqi instrument; the musician was given an award by Obama and played his Ude for the WH concert: Rashid was a refugee from Iraq; talked how he watched US soldiers shoot people in cold blood if they thought the person was standing the wrong way because he/she might be holding a weapon or a bomb

**T:** it’s on both sides: what happened in San Francisco has to be investigated: Milo [the person who was invited to speak at the University] is an instigator of hate and is so out of balance, so far right – and a lot

**R:** Rashid spoke of sending more love to all the stories going on: it is not about migrants which is a contrived word but about **refugees** and the US creating wars that have uprooted people from their homes.

- The US is the instigator of this situation - time to end this war
- this is a global situation right now: on the global stage, there are pictures showing Trump with a gun to his head, a bullet
  - Michael Eric Dyson last night on Bill Mahers: a good conversation – yet Bill Maher went after one of the speakers: uncalled for – has to do with Maher being jewish and not seeing so clearly about this.

- James Earl Jones who spoke the words of Frederick Douglass [Democracy Now; played on Friday's program]: it is not light that is needed, but rather fire!
- Yet if you have a fire and have tools of misinformation and anger, rage and negativity being hurled by both sides – end up with another war.

• Keith Olberman talking about Trump aiding the enemy

**T:** brings up the conversation with Penny before the call:

- Rama had been explaining the story on the larger scale: the **galactic scale**
- there were galactic wars too and how are we supposed to go galactic when we are warring again and again? This is a HUGE story

- 450 Billion years ago we got into polarity: – 7 super universes, the Universe of Nebadon being the 7<sup>th</sup> and final one, and the only one which is in polarity where free will choice lives.
  - Free will choice in our universe is different from that in the other universes where the beings in the other universes have free will choice AND ALSO all knowingness and way more advancement than us in understanding & spiritual awareness
  - When we advance exponentially, each step is huge!! 1-2 is enormously larger; 9 – 10 the damage / level of change \ is monumental.
  - When we build up pressure of doing things that are not in balance and keep on doing it – for example, as **in Oklahoma** where the tremors [caused by fracking] began as slight ones, then in 1 year they went to enormous quakes. Same as with **climate change** – and the arguments that it has happened all over the place – yes, but when you look at other facts like what caused those things in the past: like the fact that fossil fuels did not come into play until just 100 years ago – we have more carbon dioxide in our atmosphere now than in the history of the world!!! So the incremental steps suddenly grew wider and huger and this goes along until suddenly, there are violent changes –
  - the profiteers are into profits more than into a healthy environment and a healthy life style: there is no way we can go into our immortal state with what we are breathing and eating due to what is in the air, the soil and the water
    - and the fission game talks of nuclear fissile material – which is completely against nature – this fissile material was released for death, not life
    - every single one of the nuclear plants has leaked radiation from day 1 and this **has never been revealed** to the public.
  - Same as Exxon – had Scientists telling the company in 1976 you have to stop now and you are endangering life on the whole planet! The kind of pollution put into the air, the water, the soil by these profiteers – and now Trump, by Exec Order, is lifting regulations on the Dodd Frank Act so the 5 Goldman Sachs wealthy criminals can act; the debate of whether the wealthy should rule the world or not has been going on for 55 years! The kind of wealth being discussed now is COMPLETELY TREASONOUS – there is lots of blood on the all money: they are making money as they do because they are making it at the expense of human life all across the planet!
- T & R have found out that **healthforce.com** is now – things going on behind the scenes : just found out about it recently
  - **STOP USING THE PRODUCTS COMPLETELY** – the original couple did not tell the truth about the heavy metals in the products, and they coined a whole new line called Trugranic then sold the company
- This is the point: even as you do as much testing as possible, there will still have heavy metals in the product because the level of radiation poisoning in the water, the air, the earth is so high , we cannot grow anything without those heavy metals in the product– it's in the soil across the planet! That is what's happening.
  - Found out from someone in California where there is an HR 62 Bill, health laws governing the movement of health products from another state or country into CA: when the products

came to the person involved, they had 2 white tags – a warning that the products can cause cancer or death due to heavy metals being present

- Paul Stamen, the organic mushroom man, studied the product in his lab: made a formula with his mushrooms and tested the product: called up Jamies in 2015: if you put the formula in your product, it will pull out the heavy metals in all the products and also out of the body.

- The FDA had monitored this and let the product pass; Paul's discovery incriminated the FDA for allowing this to pass; Kim and James participated in Paul's work, and in a very short time, the Black Ops were sent to murder the original owner [James] and the company continued to sell the products for over 6 months, with the customers knowing nothing for all that time. Another example of not continuing to use fossil fuels.

- As for **fossil fuels**, by the time **they were on line, the 13 families already knew that Tesla could create free energy** – the profiteers did not want that; they wanted the control of wealth in their hands, with mind-controlled slaves doing all the hard work.

- the wealthy want people to work harder so they can get richer

### Big Will:

- the craziest command in chief, Mr Orange – **itching for a fight with Iran** – biggest mistake he could make because of the technology in the hands of Iran – should think long and hard before embarrassing himself and the entire US
- **C Street in Washington:** has been hearing rumblings – Trump may decide to go outside the WH for sexual advances – and has a concubine by the name of Kelly Ann Conway – understands he is getting tired of this

**T:** that he's going to visit C Street: they do lots of sex there regularly, and lots of rituals – the obscene rite stuff

- Donald Trump is in a bind: has to do with him playing with the mobster boys -  
- **\$10 Billion** is what he owes China; a huge problem
- this morning on **AM Joy**, talked of the issue – it is not primarily Trump going on about Iran, it is Steve Bannon. Joy played a movie film clip from earlier time with Bannon's words: he talks about events going in cycles and now is the time for war while Trump is in office.
- Remember, Trump is the business man; Bannon is running the presidency – getting in trouble with Iran and maybe even China is on their list, is just another way of beginning the preparations of the minds of people for what they think is inevitable war.

To go back a bit to the galactics:

- 450 billion years ago, 1/3 of all of us, as angels, decided not to follow the Law of One, or even to cooperate with the idea of doing the experiment of having free will choice in a polar universe
- the 6 other super universes are in ANTI-MATTER – non-physical, not even etheric-physical - they are in 12<sup>th</sup> - 144<sup>th</sup> dimensions; they have far greater knowledge than us on earth, and have no trouble being in that space where no evil goes on
- We co-created the 7<sup>th</sup> super universe with Mother: this is the kind of power we have: we are as powerful as her, and with an enormous love to co-create this together and then to volunteer to take part in this adventure in which 1/3 of us decided not to follow the light, but to follow another agenda
- the agenda of the 1/3 is called "evil": evil is action taken out of its time/space continuum
  - using the word "dark" is not accurate, as dark is just part of polarity, simply, the opposite to light –
  - evil is action taken out of its time/space continuum – so for Steve Bannon to say what he says - that we are in a war zone – is a lie:

- the war zone was created by the wealthy in the first place; the Rothschilds & the church are the primary actors
  - the Rothschilds did what they always do, over and over again: fund both sides of any conflict
  - the church in 325 AD took an action: Council of Nicea - there were evil mind sets set in place then, by defining what Jeshua did as heresy: today called "treason" - by replacing his teachings in Matthew 25 with everything unlike Matthew 25.
  - The Wealthy are saying you're on your own, and we will make sure you don't have enough to survive; you're the wrong colour skin, the wrong religion
  - the church created the Muslim faith with the fork in the road: the original Mohammad wrote the original Koran which was very prophetic; he spoke through peace;
  - other factions have been contrived by an invading group who go back 450 billion years, and who said we'll keep our free will choice and will do it with an action out of our space/time continuum by using mind controlled minions
- Steve Bannon is a racist, a misogynist – all the things being freed up by this time we are in: last night, T told Don that she has faith in humanity as they are immortals:
  - all the limitations are mind sets, imposed by those who could, those who had the power and they are our brothers and sisters who are in huge agony now in spite of what it looks like: it is harder for a rich man to get through the eye of a needle than anyone else – no matter what!

- we are talking about the Fire rooster, the new Chinese year in Chinese astrology: Candlemass is the age of the goddess awakening

**BW:** the Annunaki are wakening in Afghanistan; they came in contact with US soldiers in northern Afghanistan – the sleeping giants have awakened in a cave there

**T, R:** there was a you tube talking of it: connected to the ancient vimana story: 8 soliders disappeared in the stargate. The giant is one of the Bigfoot people, the Eva race, sasquatch

- R has seen several versions of the you tube: one of the soldiers described how they killed one and brought it back to the base
- another was one about the big foot people guarding the vimanas; the vimanas also have their own self consciousness and protection

**T:** the sleeping giants and the vimana technology represent a higher state of consciousness of humanity – will only go into the hands of those who have good intentions

**R:** whether you are in an actual battlefield, or in the urban battlefield – even now the idea of violence as a tool in the streets is not a solution; and yes, the violence is often started with paid-for operatives in our streets: we are not the insurgents! instigators;

- yet we are the examples – if we use the terms like 'orange face', we can affect others who are hurting and have all kinds of hurting going on inside themselves - misinformation

• **The galactics are us!** They are not more than us -

- As Robert Bofra said in last night's reading of the unicorn books: people often like to kill things of beauty to feed their egos; then they started using parts of the animals to help heal themselves – it's on really later that that idea disappeared
- there is black magic and white magic, black voodoo and white voodoo

what the galactics are doing:

- Trump is an archon; Bannon is mind-controlled racist, misogynist sexist
- Archons have access to high dimensions: a lot of people can feel that energy which makes them want to support him, especially white people – and it came up last night with the beautiful white girl on the Bill Maher show –

- The deeper issues here: we must watch our own words as WORDS ARE THINGS so we don't want to put an orange face with a negative tone on any one.
- Power is not in the hands of the good at the moment; and the only way the hands of the good will have power is when we use that power with love: we treat them with dignity and love – nothing will change if we get derogatory. The galactics themselves – us – can access 12 dimensions.
- The people in this dimension, in the masses don't know truth because organized religions have been used as a tool of evil: teaching lies across this whole planet - the masses are confused, and do not believe they will do – or can do - anything but die.
  - If this planet were to go down – and with the amount of nuclear weapons we have, it would be possible – which is why they said NO NUKES – the planet will NOT go down!
  - the galactics are bringing up the energy to restore balance – when people are out of totally out balance, they are addicted
    - people don't want to believe Trump has not a dime to his name and that Adelson and others want to use him; he is a master at celebrity apprentice only now he is dealing with the seat of power, and it affects the whole planet and he is letting in the venom of a mind-controlled, anti-semitic misogynist overtake him
  - when you have access to the 12<sup>th</sup> dimension and allow or create actions using that power out of its time/space continuum, you get burnt – they want more than they have bargained for – they can only go to the 11<sup>th</sup> dimension;
    - the 12<sup>th</sup> is the heart dimension – real, pure unconditional love
  - In the process of playing with mind control, and with the money they got to do it, they have become mind-controlled themselves; you cannot govern without the discernment, ability to know the difference between being in out of balance; what is love, what is hate – not one of us can judge anyone on this point!
  - when we speak of Mr Trump - she has a hard time calling him president – as the election was stolen by the republicans and the republicans are nazis & always have been – as president Eisenhower on his watch created the biomedical/military/congressional/ industrial complex, he was subject to what they created through him, and they would not let him use all the names he included: could only say the military/industrial complex : he created that complex and then he told people to be aware of it, as it was all he could do
- with Obama, it was exactly the same thing
  - last night got some good information that is not from T & R: from a 15 minute video

Can Trump Overcome w/Robert David Steele

<https://www.youtube.com/watch?v=Lhgtg-4EU8U>

Former CIA case officer Robert David Steele enters the Hawks Nest to discuss Donald's Trump's relationship with the Intelligence Community after all the Russian Hacking allegations with Sean Stone. [from **Watching the Hawks**]

**Robert David Steele:** it's the **CIA which was OSS** in the beginning: a nazi organization

- also said that **John McCain and Lindsay Graham are mind-controlled by the CIA** – they are the mouthpieces which is why this gay couple – and that was a manipulation of the mind, too – there were people manipulated by Hitler because they were gay so more lizard populace could be brought in: white mind-controlled babies and get rid of anything else: and the white trash are not in the club of the wealthy, either – when they say reduce the population to less than 2%, that is what they mean

- we have to stop the angry, negative game – which makes us part of the problem
  - we have more knowledge, more wisdom and we are not living it; we have a higher bar and have to be careful, even in the minutest detail: the next 2000 years of Virgo: the divine goddess of the attention to detail and **hear no evil, see no evil, speak no evil** [speaks of the banyon tree they saw, the trunk of which was at least a block large, with a monkey in it] **do no evil** – we all need to catch ourselves and treat all with dignity, as we do that by our very nature, we bring more heart, more love to the situation and all boats get lifted.
- At that point, karma - which is ending now - is meted out by Mother, the Source of Love, of All That Is; the more we become aware of who we are - and we are so much more than we believe about ourselves – we have very subtle mind control programs running in all of us, and as we come aware of them, we heal as we address them
- that's the story of love, & that is how 1/3 of us - trillions and trillions and trillions of souls who constitute just the 1/3 of us 450 billion years ago
- there are **80 BILLION planets like earth in the Universe of Nebadon** - what is unique about our planet in this entire Universe of Nebadon is that we are at a threshold, a place in spite of the suffering, killing, programs, where they have more faith in us as a human race, than in the other 80 billion planets of other beings; it is time for this little planet to turn the entire Universe of Nebadon back to Love!
  - which does not mean this planet has been unloving in its first creation - we have been downgraded in a sense: we asked to have polarity, free will choice in a physical incarnational pattern and even at that point, the body we co-created with Mother in the 5<sup>th</sup> dimension was a 5<sup>th</sup> dimensional etheric physical light body - NOT the density of the 3<sup>rd</sup> dimension that we have now;
  - and we have a big lift in terms of realizing that we are indeed immortal
    - there are about 60,000 technologies available to us as soon as the announcements are made, because they did not want us to have the knowledge that we are immortals – and it has to do with the addiction of taking actions out of their time/space continuum – called profit and greed.
- thanks to BW for his questions!!

Why reinforce the twisted narrative that America is at war with Islam?

**Audio:**

- Our Black Ops invaded Syria
- the CIA/FBI/NSA is originally the OSS of the Nazis
- a lot of them were turned into priests for the vatican
- a really good example of getting the truth out at some level
- and we have to take the CIA out - Trump is right about them

**R:** Trump is like PT Barnum who knows how to appeal

**T:** he has led himself to believe beyond all reason – it's all corrupt, so why don't I get corrupt too?

**Some more information:**

- El Zinka - a US backed arms and – the one that sliced the kid's head off – as well as ISIL – it is 14 rebel groups in one, an umbrella organization called the Fateh Hala -
  - like T Rex authorized

- and Trump authorized the murder: Trump and Hillary are connected: she IS the CIA
- the OSS are running the show!!!

[https://www.youtube.com/watch?v=AzvRQ8p\\_SpE](https://www.youtube.com/watch?v=AzvRQ8p_SpE)

**Published on 4 Feb 2017**

On this week’s episode of On Contact, Chris Hedges discusses the influence of editorial cartoons and the plight of the artists who make them with political cartoonist Dwayne Booth, also known as Mr. Fish. RT Correspondent Anya Parampil explores what we have done to dissident artists throughout American history.

**T:** Obama’s ability to communicate at a higher level is very great; those still living in polarity everything we do in that way is for all to see, and the heart opens more

- yes, Obama
- the role-play of Barack going into the belly of the beast – were he to try and be MLK, he’d be killed
- the facts are that Hillary is responsible for going along with the CIA – which is really the OSS!
- And there was a different role for JFK who knew that he would be killed so he was cloned and moved out - same
- give the same dignity to others that we would expect – keep our friends close and our enemies closer, as they often don’t realize what they are doing

We also speak to a Guatemalan human rights lawyer about Israeli, British, and US involvement that led to 200,000 dying in Guatemala’s dirty war, and we ask the Tor Project about the former President leaving the surveillance door wide open for Donald Trump.

We told you so!”

- Phyllis Bennis has been reporting for over 10 years – a Palestinian – particularly on Isreal and Palestine, and also on
- Steve Jobs – his father is a Syrian and Steve did some bad things: Apple is so rich because they did criminal things to hide their money; also had parts made by Chinese workers in other kinds of sweat shops, etc etc -
- Hitler did a mass experiment to reverse DNA and make more gay people and transgender – despite what the body carries, we don't know what is in the soul & cannot judge!!

**Richard [Ri]**

***My freedom lies not in correcting what's wrong,  
But like the rooster announcing the approaching dawn,  
Waking the world with my new Spirit Song.***

Alright! Enough of the defense, it's time for the offense! Call in the Aries! The trick will be to not be distracted or intimidated by some of the crazy Aries energy that is going to be flying around this week and stay focused enough on launching your own missiles haha!

As foretold long ago, this is gonna be a wild and crazy year so don't be looking for the roller coaster to stop.... uh uh. Rather pick up the pace, aim high, and fire! While some others may still be wondering or groping around in the dark, you can be the lit torch showing the way up, out, and beyond.

The best use of Aries is to start the new paradigm with new thinking, new friends, new jobs, and new visions, so go for it! Pura Vida!

**Ri: This coming week**

- Astrology can give us structure – like bones! Paraphrasing Hermes Trismagestis - they pointed out that the nature of humanity’s growth is by cosmic inspiration – we are all growing and being inspired by cosmic inspiration. Which means we are all One: she is Tara, he is Richard, the rest of us are the audience, yet when we connect to our Higher Selves, we begin to understand one another.
- Listening to the politics in the middle of the week: people are so upset yet if they could understand we are in this together, they’d be better off. We have Capricorn Pisces complementing Pluto in Capricorn; Neptine Chiron in Pisces. Venus and Mars are through Pisces, now going into Ares. The Aries energy – used to think he understood, but he

doesn't understand it any more!!! The Divine Semen is one metaphor – new beginnings, brand new, never happened before – a divine creative impulse we are walking into.

- Uranus has been at 22\* Aries and will be 23\* at the end of Feb. Mars moved into Aries ahead of Venus- if Aries is the archetypal energy where an Idea appears: there's an old meme – where do new ideas come from? From the fire triad of Sag - Saturn is in close to the direction of Galactic Centre in 26\* Sag; at the end of Feb in 28\* Sag – which means Saturn is delivering information from the Galactic Core into this arm of the galaxy, to our solar system and over in the direction of the galactic east as Aries is always the east. If we wake up and do a morning prayer, we are often looking east no matter where Mecca is.

An interesting week ahead: hopes we have our astrological calendars to keep track of this – applied astrology means we need the monthly calendar of where the

[www.quicksilverproduction.com](http://www.quicksilverproduction.com) the calendar is 10" x 8" with 2" square

- we need to ground the Aries energy or we might be susceptible to burn out! The sun is in Aquarius which feeds the Aries fire, and it also feeds and Saturn in Sag, and Jupiter adds additional oxygen to the entire situation! Which means a bigger fire!!!
- we are getting a major fiery spiritual download that's gonna last until we get through February!
  - Mars goes into Taurus March 9<sup>th</sup> so we get major downloads on all levels that are actually talking to our bones!! We have a wild month ahead: Mercury goes into Aquarius on the 7<sup>th</sup> – will add more air energy to the existing fire energy!!! The sun and Mercury in Aquarius with Jupiter in Libra – hot time in the old town tonight!

**T:** What are we supposed to do with this expansion of fire energy?

**Ri:** Depends on what our condition is – he knows almost nothing about people in the audience and he is trying to talk to the unknown ones – wants the unknown audience to speak up. This IS a spiritual round table – is Mr Ross around tonight?

• **CALL IN NUMBERS: – 888-429-5471 or 530-413-9537**

- There is high spiritual energy, high mental energy tonight.

the fire component is the mind, the operator

- He has daffodils 5" tall in the front garden!!! has been between 40-60\* during the day – things are warmer than usual: in North Dakota, snow is starting to melt early. Ri has heard that the Sierras feeding California have a huge snow pack -  
**T:** the moisture came from the South Pacific because the Atmospheric river was opened up.
- As the view on the planet gets larger and larger and we see ourselves as all One, all the problems in the various countries become the planet's problems. People around the planet are saying NO to what Mr Trump's ban equals: we came to the planet to be in Joy! And that's it – conversation between Richard and Tara.

**Ri:** he's a student of various forms of yoga; a philosopher – gives a short reading from the **Bhagavad Gita** – translation by Aldous Huxley. Chapter 6 Krishna comes to the earth and talks to Arjuna

## CONFERENCE CALL

Talking about the yoga of action: we know it is part of the test

**RI:** his metaphor – the Aries fire energy is interacting with our physical body through our blood stream

**T:** has been looking through her papers: have been talking about the Torah and the adjacent book called the Talmud which has to do with Jehovah. They are abusing a ceremony, called Kol Nidray, a Jewish prayer named from its opening words: all vows . . . All vows that I shall make this year are of no value!

- She reads a more complete version of the prayer – basically, they forgive themselves before they do anything: oaths are not considered as oaths! The real deal is you give everything back and make yourself right with the lord – but that part has been skipped!
- The whole country they live in is completely under this law, like it or not

**P:** how does this fit in with the Doctrine of Discovery??

**Ri:** P got his attention!!! He was thinking of the attributes that make us “human”, and how our humanness differs from the various kingdoms – what brings us together that makes us unique?

- a few weeks ago he had a flock of hawks and last Sunday a flock of turkey hens over his driveway – these brothers and sisters from the bird kingdom don’t worry about politics – hunting mice, collecting acorns – all going to be OK. When we move from a condition of fear to a condition of trust, there is the matter of getting the work done – we do what is necessary in honour of the divine spirit. He’s a hermit, but many of us are mothers and fathers, and take care of each other – what we talk about on the Saturday night call is relationships, either in the scope of the solar system or under the same roof. It will be fine, Mr Trump will entertain us throughout the summer . . .

**Gerry:** in astrology what is the definition of a decadence: there is a diff between the first and the last 10 days in a house?

**RI:** take each 30\* sign, divide into thirds - 1<sup>st</sup> 10\* of libra, 2<sup>nd</sup> 10\* and then the 3<sup>rd</sup>

- the first 10\* of Aries is Aries x 2; the middle is aries x            the 3<sup>rd</sup> 10\* is Aries x Sagittarius and the same model works in all the houses
- The Jupiter in Libra is very important – it’s in the 3<sup>rd</sup> decan – libra/libra; libra/aquarius; libra/gemini – gemini will be very important this summer: the communications sector will just explode!

**G:** spoke with a prominent one in Las Vegas: a comment about the St Germain World Trust about to release funds – just passing this on!

**Ri:** if he was hanging out with Asthar on the bridge trying to figure out how to deal with things on the planet – not an easy task!!! That’s why “no dates” is such a prime comment: that tells us – we have provided protection, now you have to get’er done among yourselves. Each in our own neighbourhood have to get our re’ships straight forward, heart-to-heart, in daily relationships – the more of us who can do this will change the regional energies.

- Tornadoes don't show up for no reason: they show up because people are twisted out of shape! A book on this topic – Jane Roberts: **The Individual and The Nature of Mass Events**. A dissertation on cosmic connectivity at the unconscious level – there are lots of us on the call and all of us have unfinished business – put it all together and we get mass events like a tornado – the last little while there have been no hurricanes: they have become more tranquil: fewer hurricanes; fewer tornados – the accumulated temper [a mars thing]

**P:** maybe things are quieter further east, but what about the tornadoes being in Oklahoma, Nebraska and area – would this be because of the fracking?

**Ri:** the elementals have their living environment within the crust and core of the planet; they are nothing like humans – amorphous, they flow along heat currents which are down in the earth where the elementals live. They don't have an intelligence like us, but swim in the heat currents of inner earth.

- So when Ri says "swim", as they traverse the path, it creates form, and they are influenced by unconscious thought – also the earth is expanding

**RI:** during the ascension process: frequencies are increasing. Space is expanding and if this is so, then the planet is expanding, so Mother Earth is taking an inbreath – holds it for a while, and expands. The surface drillers can't be doing all that much – releasing pressure – the drilling might be considered a pressure release valve though he is not saying it's a good thing – work on batteries and go solar – take the profits of all oil companies and build solar fields – how many years would it take to cut down petroleum to just a dribble?

**SO:** and then with the Tesla stuff and free energy!!!

**RI:** that has been part of our frustration – this is part of our rounding up

**So:** read an article where 474 people have been arrested in LA, part of the effort to eradicate slavery and human trafficking – a 3 day state wide effort - 26<sup>th</sup> - 28<sup>th</sup> ; on the 30<sup>th</sup> there was a press conference. The people involved were so focussed on what they wanted to do – rescuing people etc – it's happened already, and more is going on. Operation Reclaim and Rebuild – 27 adults and 40+ children: program includes rehabilitation of the victims! So proud of humanity! It is happening across the country – active Task Forces!

**Ri:** thanks for the share! He suggests that if we've ever considered ourselves as any kind of spiritual warrior – it is easy to begin! We begin by looking after one another in our family, our neighbourhood, our tribe. The full moon is next Friday, in Cancer Tues & Wed, in Leo on Thurs, Fri which is more of the fire energy – a whole grand trine of fire: Jupiter in Libra, sun in Aquarius, moon in Gemini!!! Will add some water and add some steam to the fire and air energy going on. Thurs: moon into Leo before sunrise 4:40 am est – so it is talking to Uranus and Aries, Saturn and Sag – a fire trine Thurs and Friday.

**T:** fixing for a real expansion! So we put into our lives what we want to see expand – an amazing time to be alive! The more we are aware of their game, the better we can deal with it. All of us are abused children in one way or another – learning something of the trickery is scary, but it is going to be all right - there are so many people knowing what is going on and being involved, and this is going on across the planet! Going to play an interview with

Bashir as-Assad's wife, the First Lady of Syria – as others have said, it's about the West doing things. It was set up in the US and then pretend they are doing wonderful things – and we say NO – we are asked to be love

**P:** comments that the cartoonist interviewed by Chris Hedges said he worked from the point of view of treating everyone with respect even as he is making the cartoon on what they are doing. **T:** in addition, more will be dealt with

- with reference to the 1/16th of 1%, they are wounded kids for all time

**Lyn: gangsinourUSArmy2017 – a youtube** put on by higher ups in the army pointing to what is coming home to roost

## INFORMATION RELATED TO THE NOTES

### **The oath of a Catholic Priest**

*( By John Lyons, ex-catholic priest in a tract circulated in Glenside, Pa.)*

"I do declare from my heart, without mental reservation. that the Pope is Christ's vicar-general and is the true and only head of the Universal Church throughout the world, and that by virtue of the Keys of binding and loosing given to his Holiness by Jesus Christ, he has power to depose heretical kings, princes, states, commonwealths and governments, all being illegal without his sacred Confirmation, and that they may safely be destroyed. Therefore, to the utmost of my power, I will defend this doctrine and his Holiness, rights and customs against all usurpers of the Protestant authority whatsoever, especially against the now pretended authority of the Church of England and all adherents, in regard that they may be usurped and heretical, opposing the Sacred Mother, the Church of Rome.

I do renounce and disown any allegiance as due to any Protestant king, prince, or state, or obedience to any of their inferior officers. I do further declare the doctrine of the Church of England, of the Calvinist, Huguenots, and other Protestants, to be damnable and those to be damned who will not forsake the same.

I do further declare that I will help, assist, and advise, all or any of his Holiness' agents, in any place wherever I shall be, and to do my utmost to extirpate the Protestant doctrine and to destroy all their pretended power, regal or otherwise. I do further promise and declare that, notwithstanding, I may be permitted by dispensation to assume any heretical religion for the propagation of the Mother Church's interest, to keep secret and private all her agents' counsels as they entrust to me, and not to divulge, directly or indirectly, by word, writing, or circumstances whatsoever, but to execute all which shall be proposed given in charge, discovered unto me by you my most Reverend Lord and Bishop."
