To listen to the podcast:

<http://bbsradio.com/podcast/stargate-round-table-february-9-2017>

- Today is Robert's birthday: she is called MariettaRobert as his energy has merged with hers

- So **for the month of February**, as a gift to Robert, she **prices her transformational clearings at \$47**

Omena: just sending hope and clarity to all

COR: just to say people are doing a lot better emotionally even with the astrological occurrences

- keep staying calm, not reacting: people are re-calibrating and not getting involved in whatever is going on in DC or other places
- Just be aware that astrologically, things are moving powerfully; we'll be facing issues that seem big on some days – get busy, physically active – whatever anger, grief, coming up is not defining you – it is what you are working through – sorting the wheat from the chaff: releasing 3D stuff more and more [from The Collective]

Randy: update from Standing Rock; the natives who are being arrested want to be arrested so they can take this to the Supreme Court and show how ND violated human rights and the 2nd Amendment; also they are criminal by being paid by the DAPL transfer company for foreign oil and by Councillor ??

- the darkness is trying to destroy the female energy in an effort to create peace

COR: powerful – what she has been channeling lately: the resistance to the feminine energy and it is leading people to resist – the old crowd's tricks are no longer working as **love is winning -**

O: we can't be silenced any more – A great thing happening with E. Warren, and McConnell trying to stop her from reading the letter from Coretta Scott King

- it was perfect: created a storm of feminine energy that will be getting him out of office!
- This is a necessary evil because all are waking up, and McConnell comes along and puts the cream on the top!

T: you went in with that red dress, didn't you!

O: You damn right I did – and I took my magic wand too – give them enough rope . . .

COR: Randy just put up an image of Ben & Jerry: new flavour is em-peach-mint ice cream with a picture of Trump on it

HARD NEWS

T: they did an Ashtar on the Road update with Susan and Fran; they transcribed it and it is also available to listen

- will be doing this on uesdays in between ATOR calls, just because of the volume of news

R: a wild week: can't remember who all he's talked to,

- the craziness going on: all they are playing with is the fear card and lots of distraction: everything is blowing up in their faces!

Sam Seder, Mike Papantonio, Robert Kennedy Jr – Ring of Fire:

- Trump is a carnival barker, has 3 walnut shells and no pea under any of them
- the backlash of the authoritarian "Fuhrer"
- the vote was 3-0 – all 3 voted against reinstating the ban on Muslims

Tom the Cat and others:

- what's happening as E Warren got shut down on the Senate floor shows the true colours of McConnell and the others who are petrified as the larger pieces of this story come into place:
- all the pieces touch on reality, yet it's a strange tale as they play with ideas tying in what many have talked about over the years: he [the orange energy] is at such a crazy point

- has heard many on the radio, and even on BBC News, and a show called The Devil's Advocate – hosts are friends of Chitch and Chong: a politics show from 2-4
 - bringing up all the political stories which tie in with what is happening in the Middle East
 - Trump does not know what is going on in **Afghanistan**: want to sent more and more US troops there to "battle the Taliban in Kabal" **Poppy Lady** says no more soldiers need to go there to be killed, to die in a fake war that had nothing to do with Osama
 - the tragic part: as this plays out, there are pieces that people are concerned about – that he is going to throw his entire cabinet to the wind and declare himself chancellor; that he is on a holy mission from higher forces to clean this planet up; also involved are the ideas of the final days, the rapture, an ancient alien invasion and play it out to the hilt – makes money for them
 - even Alex Jones has stepped in as a major mouthpiece for Trump
- O:** put an orange wig on him!
- R:** in spite of all this fake fear stuff: playing with nuclear brinkmanship is not funny
 - yet it is amusing in the context of Putin is playing Trump for all he is worth
 - the blackmail on Trump is getting larger by the day: the trail of dirty deeds between him and his donors want pay back sooner than later
- T:** his cabinet is being dictated by Condaleeza Rice and Bill Gates! [from RT]

Caller: about McConnell – can't help but feel sorry for him: born without a chin or a heart!

- He barely won his re-election the last time around; he is out now!

T: the real thing he did is that he got his father-in-law, by means of one of his cargo ships, to transport a lab-created ebola virus created in the US to start the ebola epidemic in 3 countries in Africa – these facts will come out

COR: has Bill Gates moved up in the cabal?

T: he has about \$75 billion to his name!

- Bill and Hillary are OUT; Bill is on his death bed
- It was a clone of him at the Dec 29th event at the Lincoln Centre – not good enough to appear
- he's been singing like a canary – THAT'S REAL! No, Fulford has this bit right.
- Hillary cannot be controlled or calmed: hysterical like in Sept 7th, 2016 – knows her neck is in a noose with Trump in place
- Bill Gates, and C. Rice: their overlords are the gnostic illuminati who won by having Trump elected, and the Austrian illuminati lost with hillary going down
 - this win-win is bringing in the galactics.

R: from RanaMu and others:

- RM had Sybel Edmunds was on the phone today which is very unusual:
- addition to the story about the ancient story going back to Babylon and why US is in all the countries: about the stargates
- the original story fits into what Ben Fulford calls the babylonian money making machine
 - which ties in to **babylonian talmudism** which leads to the khazarians
- It is the splitting off of the energies when many of the elohigh fell from grace and became elohim, things went awry & the sons, daughters of god had sex with the sons, daughters of men
 - ties in with the ancient stories: Baal was half bull, half man; Moloch at the Bohemian Grove was actually ½ half human, ½ owl person about 15' tall – part of the genetic engineering that got perfected up to this day
 - they use another word: Nagass, the serpent people and ties into cult of Set: how Osiris with neptha-el-ra was the symbol of Lucifer, Satan; Horus was the ray of wisdom of the Sananda Kumara energy

- mixing of all the cultures had to do with the genetic experimenting, up to this day, and ties in to the other stories that are absolute truth because the scientists are afraid to say things, as are members of Congress: will die if they talk – knowing what goes on in the halls of Congress

Big Will: someone in Europe: Grant Williams has written a book called **the death of the petro dollar** – what about him?

R: knows nothing about him – but the story of oil has to be gone late 1971 was when Nixon put the petro dollar in

- using petroleum on the planet is causing the planet

BW: a federal judge in MN has struck down both parties because this is going to become a major obstacle in March when all monetary funds will be: gold will be announced in March is being said

T: a major announcement in March, bringing back the gold standard?

- any time there is an idea of a month at all, it is not coming from Faction 3

BW: it is not about funding currency: it's about the changeover from the petro dollar to gold backed currency

T: this happens with the announcement of NESARA

- **as far as R understands:** if they are playing with changing from petro to gold, there is something in it that has to do with China and the others/BRICS:
 - the way the markets are being played right now and every day, it's all fake: there is no money there; it's computers playing with algorithms and betting against each other – there is no real money.
 - We have not been told this yet and when this cracks, the market will go down to 6000; people will lose more than their shirts! it has to happen and some people might die

BW: What about Trump being a saviour and throwing out his entire cabinet – when? How do they know this?

T: Trump is **NOT a saviour**

R: Rama only said there **were rumours** out there; this was from Sam Seder, Mike Papantonio, and Bobby Kennedy Jr on Ring of Fire– they were talking about Trump tweeting in the middle of the night, and following crazy tweets and blowing things out of proportion with Alex Jones; they are inciting fear

- some think he is crazy enough to fire his entire cabinet and say I am the One

COR: wouldn't someone stop this?

R: Yes

T: the courts are stepping in right now: yes, it's a combination of the immigration ban [and the galactics] - people got in and said wait a minute – and this was right across the planet

- It was Guiliani who gave it away about it being a religious ban-which is **unconstitutional**
- as people continue to step in, they will allow this to happen unless or until he does something really dangerous!

R: there are rumours he wants to do a Reichstag fire – who knows what that would look like – so he could declare himself the chancellor, one in total charge

MR: he was talking today about having such good comprehension, probably more than anyone else – in front of a group!

O: if he had any intelligence, he wouldn't mention Muslim: this tells you their religion, not their ethnic background

T: so via his conversation with Guiliani, the news got out there

- he said during the campaign that he would shut out all Muslims
- and he did it to green card holders – citizens!!!

BW: situation in Chicago – someone to become Gov of State of Illinois – name is Kennedy

R: could be one of JFK's family stepping in to try and bring law and order

T: what will be come more apparent more things on a larger scale

- Rahm Emmanuel, mayor of Chicago, is head of Mossad: not supposed to be the head of any foreign country as the head of anything in the US
- people of Illinois are democrats

Sonja: her thought is that Trump has such deep personality disorder & he's furious about not being able to continue with the ban

- Is he evil enough to create something and say "I told you so!". Would he be stopped from doing something like this?

R: they are definitely pushing for a reichstag fire for him to claim power: they are trying to do it **and it will be exposed** and the whole house of cards will come down: he might order the military or the National Guard – could be at Standing Rock: as the vets return to Standing Rock with stand with the Water Protectors, would he send in the national guard to shoot vets AND water protectors? This looks like Kent State!!

S: read that Trump flew in a military plane that carried Trump's flag

T: Neptune is playing a good role, bringing in at the higher values

- just had a Grand Cardinal Cross: bringing in super high energies: what people are feeling

GUEST: Judy Beebe – has been on several times

Judy created a website for Stargate people's www.judybeebe.com/stargate

She has just received more information this week

- In her lifetime, it is always an illness that brings about the highest spiritual leaps
 - was in a diabetic coma at the age of 3 and was healed with radionics treatment
 - this time she has been suffering with Sciatica since October: debilitating, annoying
- Has been working on recreating the radiaonics equipment of Dr Mac, but using the gem sphere with copper wires, copper disc
 - this is a mimic of what Judy's first doctor did for Judy – using the gem spheres, has created a much smaller version of what her Dr Mac used.
- Starting thinking about **the Rife frequencies**: went into the tone generator she has and put in 3 htz; new tab 6 htz; new tab 9 htz – when she put the 3 together, she had created a heartbeat - there is a 10 second sample on the page we can listen to.
 - started working with it, and today she has no sciatica: slept all night, could walk – **all in 2 days!**

*** The magic is the 3, 6, 9: Tesla said if we only know the magnificence of the 3, 6, 9, we'd know the secret of the universe. ***

- Next step was Star Wars: she knew Richard Miller and the beings he channeled – absolute truth!
 - Rama also knows Richard Miller – he's the real deal.
- The part she read was about Miller's words from the beings: the lower ranges from 0 – 10 are the places that are being ignored -

MR: What will the frequency 3,6,9 do for the universe?

JB: in Star Wars info, talked of the metal on top of the pyramids: copper, because it was a frequency divide, an energy device – hence, her use of copper in the – it will transfer the energy out of the gem sphere to the cosmos

- She was given a vision of seeing all kinds of Ets around the planet all shapes and sizes; all holding hands and smiling: She did it!

JB: she would like to see everyone who has a sphere go out and heal 10 people – need copper wire – it is quite simple

- we can start healing the people and each healed person helps heal the earth!
- This is what they have been waiting for: important for us to understand these 3 numbers:
- the **3 circles of man is on the Stargate page:** the 3 circles of man are in our eyes; we have just produced a heartbeat using 3, 6, 9 in frequency
- yes, in numerology 9 is the cycle of completion: the farthest we can get in this plane of existence
 - once we get to the edge of the whites of our eyes, we are past the angelic realm to where god is

She reads from the Star Wars information - 2 separate pieces

the 2nd one talks of future machines with no levers, no buttons or other things - in 1987 the angelic realms were working with her

On the page of quantum info, we'll see a picture of Jesus holding a sphere: .. Mundi – the artists showed us what would be coming in the future: something that would provide fuel for vehicles, keep us healthy

From a book by Godfrey Ray King – 1935 – **The Unveiled Mysteries**

It is St Germain who is guiding the tour for G R King- a giant sphere in a chamber a 2nd tour G R King was taken on

the sphere was created from a precipitated material – sent for light and an energy and power which stabilized their activities and the people themselves.

Judy reads several passages that are describing gem spheres

Information about the spheres is on her website: www.judybeebe.com go to the gemsheres tab
JB wants all of us with spheres to go out and heal 10 people each!

Omena: asks about the nature of the healing that takes place – is it curing them, or spiritual healing?

JB: We come from the spiritual realms, and our rights to a perfectly healthy body are just waiting for us to reclaim that! The spheres help us reclaim that perfection.

- The Rife machines used a plasma but it was a plasma made with noble gases
- The gases in the gem sphere are hydrogen, oxygen and water which allow life. This is how god created: we are created in water: amniotic fluid.
 - The only secret to the sphere is the formula given to her by Tesla – the gases are brought together in harmony – she saw this in Dec 1994 when she was out of body.
- Tells the story of what happened to her daughter's dog when a sphere broke and the gases went into the garage
- ETSY – name of an online craft store: search for **2" copper disc – come 3 or 7 to a package**
- **20 gauge copper wire:** it's malleable for ease of wrapping around the sphere
- once she wraps it around the sphere several times, she takes it off, and wraps wire around the "wreath" so it all stays together
- wire copper wire to the antenna and on the other end, attach a copper disc

JB: has a good bass speaker which picks up the sound – and even if we cannot hear the sound because we do not have speakers with good bass resonance, IT IS STILL WORKING!!!

MR: go to the website/stargate – and go to the bottom – will see pictures and the 10 sec sound clip

JB: the frequency from the tone generator is going through the gem sphere and out to the cosmos

- All the pictures show us how to do it – the JPG are pictures only, not links!
- the frequencies stacked together create the heartbeat
- It's the sounds going through the gem sphere that szynalski.com/tone-generator – takes us to the golden pages we see – IT'S FREE!
- Whatever is the worst, put the disc on that spot – leave it for 5-6 minutes and then on the next spot, and play the sounds through the gem sphere
- put the copper disc which is connected to the gem sphere on your heart – for general all-round feel good-
 - have to be physically present with the person in order to put the copper disc on the body – all she can confirm is that this works – whether or not it can be done long distance, remains to be seen.

MR: does anything go into the glass bowl beside the gem sphere?

J: just had extra discs so she put them there: they conduct frequencies to our body from the gem sphere & the speaker.

Randy: he can combine all the 3 tone generators – a sound file in just one package: and send it out to people so they only have to turn on one - a 5-6 minute track could be the length

- the angelic realms use Zenon gas to carry energies into our atmosphere

Randy: will send the sound file to MR and she can send it out

JB: has literally created a life heart beat – out of the 3 frequencies!!!

- Tesla's words: when you understand 3, 6 and 9, will understand structure of the universe

JB: goes back to the 3 circles of man – and read what she wrote: it's all about 3, 6, 9

- the inert gasses: the angelic realms use Xenon gas
need the hydrogen component to make everything work -

She reads from **The Language of Light** in the section about the 3 circles of man!

COR: comments on the webpage put together for Stargate Listeners

JB: put it on her bass speaker so she can put her hands around it while she is doing it to feel the vibrations

JB: she is using square waves, not sine waves.

T: has a glass sphere in a gallon jug: when you pour a glass and drink it over time, will the reading still be 7.0 - yes

COR: asks about the relationship between her and Dr Keshe

JB no piston, no wheels, no levers, no buttons -

COR: yes, they will be sentient

JB: not aware of what is in Dr Keshe's creatios – Tesla gave her the formula and told her what it would do for the planet. It produces a scalar wave, which is longitudinal; cannot harm us – what is in the sphere is what is in our body

T: are you reversing your aging process?

JB: she has a lot of energy: has been slowed down a bit due to the siatica but very much on the mend.

- JB tells MR to put the disc on her knee where the cartilage is gone! This energy will take us up the dimensions!!! The writer of the book on Shamballa – when he got there and saw it all; had food made by a black box [called a replicator]

Callers: Chandra Doss

Frank Chile

another man who has racing heart beats

- the entire conversation at the end of the tape is very informative, and wonderful – the speakers are always tying ideas together
- the ET s are happy about Judy's description of the discovery of 3, 6, 9 and that this enables humanity to move beyond the current dimensions

MR: the energies coming in are of high frequencies and causing a lot of vertigo for folks

JB: many people are talking of this to her, as well – the symptoms called ascension

- a huge diff between sphere and necklace:
- the sphere has all frequencies within it; the necklace is high, high frequencies that she only hears when she is in a very spiritual space;
 - the physical body reacts more quickly and outwardly with a necklace, will have an experience with it right away – an instant reaction, and it seems to be more active when it is in the body –
 - what is in the crystals of the necklace gem energy is **the ether, a scalar wave** – something that has never been on the planet in this form before.

LISTENING TO THE LAST PART OF THE TAPE SEVERAL TIMES WILL BE REWARDING

T: everything in Antarctica is coming to light and the presence of our brothers and sisters will be revealed very, very soon!

Randy: the 3, 6, 9 frequencies are very low, will be heard in our bones, not our ears!!!

JB: latest idea: wrapping 20 gauge wire around the necklace and using it instead of the sphere, keep taking it out as far as you want, and put the copper disc on the end of the wire by punching a hole in it and wear it

Many thanks to Judy!!!!!!!

- and to Frank for calling MR and having her invite Judy on to this show: we got Judy just after she made her breakthrough with the heartbeat
