

Tree Campus Canopy Summit

Monday • November 14, 2011

8:30 a.m. – 4:00 p.m.

College campus grounds managers, landscape architects, facilities directors, students, and nonprofit leaders, join us for the Tree Campus Canopy Summit held at the University of Central Florida. Attendees will hear from experts in the field on topics related to the strategic care and management of trees on college campuses, including:

- Tree Maintenance and Preservation
- Campus Tree Advisory Committees
- Wood Decay and Insect Problems
- Campus/Community Collaboration
- Tree Campus USA National Recognition Program

This one-day conference is a great way to network and learn from national experts and peers from across the country. An optional tour of the University of Central Florida grounds, as well as a pruning demonstration, will be offered during lunch. CEU credits have been applied for through ISA and SGM education credits through PGMS.

Registration

Includes conference materials, coffee and breakfast pastries, lunch, aluminum water bottle, and transportation to/from **Disney's Coronado Springs Resort**

Early Bird – before October 21, 2011

Tree Campus Canopy Summit: \$69/person

After October 21, 2011

Tree Campus Canopy Summit: \$99/person
