

Community Centre Update April 2017

What's been happening?

Planning approval for the alterations to the Community Centre were approved and the architects Studio Partington held a workshop on the 18th March to understand what the community wanted in terms of finishes before the project goes to tender in later this month. A supplementary planning application has been submitted for photovoltaic panels on the roof that will cut the heating and cooling running costs for the centre going forward.

A further presentation by the architects that will explain the final proposal will be held in the Community Centre on Saturday May 6th.

We have been awarded a Stronger Communities grant to look at ways of making the Community Centre sustainable without moving the Estate office into the centre and providing a business case to submit to the City of London, the owners. We hope to appoint a consultant in May and to have the study completed by July.

The Community Centre will be closing when construction work starts but in the meantime if you want to hold a jumble sale, party, talk, quiz night or children's disco please talk to Laurence Jones to check if the hall or downstairs are free.

Dates for your diary

May 6th 11.30-2.30 Architects Presentation

May 16th 7.00 More Knitting , our monthly Knit and natter get together

June 20th GLERA AGM
