HARD NEWS

- some fortunate things going on to help Rama
 - one is the formation of small teams – one for Rama, one for Stargate – gathering our gifts - one is knowing about GoFundMe - and people to help:
 - another is a Canadian couple who have been helping create little blurbs for use on BBS Radio: she reads some. Each one has to be exactly 30 seconds.
 - T reads a few of them.
 - Another is an international correspondent, internationalizing the messages for consumption outside the US
 - Another has publishing skills and is a marketing writer
 - Penny is navigating all the inputs of all the folks to create a record of what is happening
- **NESARA AND RAMA ARE EXACTLY ALIGNED**, as he is the son of Ashtar
 - Ashtar Command intervened in 1945 due to the nuclear Holocaust at the time when the Prime Directive about non-interventing in a civilization's development unless in the case of nuclear or psychic holocaust
 - the nuclear took place with the bombs on Hiroshima and Nagasaki; the psychic holocaust has been going on ever since 1945 and intervention has been going on since then whether people are aware of this or not the acceleration at the end of the Kali Yuga began then
 - The National Security and Reformation Act – the intervention is also about introducing the universal economics used by all in the Universe of Nebadon to this planet. No knowing how many beings are in the Universe of Nebadon!
 - Consciousness is the key to getting this done: cosmic consciousness is achievable right now. Dr Greer's position
- These parts of ourselves that have been recalcitrant to the point of impunity know their days are numbered, and they are trying to take out as many of us as possible when they go
 - The Zika virus is a case in point: 32 cases in 12 states of the US – the microcephaly can result when a pregnant woman gets bitten by a particular type of mosquito: Adis Egyptii
 - it does not mean at all the mosquitos of that kind get the virus. Anyone who has been out of the country and gets it has to go into quarantine – it passes between the mosquitoes
 - **It is a Black Op** - a drone mosquito created in a lab by the scared ones who want to reduce the population to below 2%; Sonja got bitten by one while in Peru – knew how to get help via frequency medicine

- Katrina vanden heuval:** Last Sunday on **Left Right and Centre:** week said we can stop the entire fossil fuel industry over night because the Atlantean grid is up and running;
- they are stopping us, these reptiles and they are an infestation; for their own rest and peace, it is good to be put out of misery; there is no joy in this kind of behaviours – once the blockages are removed, free energy is ours.
 - This means the frequencies go up again, which means people move beyond the ability to pick up the frequency of such things as the Zika virus. We won't be involved in such a heavy lift as we are now – get to the ability to say "Computer: hot fudge sundae!" - or whatever!
 - Some of the triangular shaped craft are silent, like those of the good guys: but they cannot fake the love with comes from the genuine article!
 - We are talking about the end of the old timeline: the Wheel of Karma
The new timeline is the **Wheel of Dharma: in service to peace**

- Just imagine everything since 450 Billion years ago when we were all functioning in the 12th dimension, manifesting and demanifesting in all kinds of time/space continuums, with multiverses of gifts; literally equal to Mother –
- when we end the wheel of Karma – many think if we don't have war and conflict, it will be a boring world – NONSENSE! We've been taught wrong!
- Last Sat pm, **Re-learning Reality by Nassim Harimien**: taught that energy is in the form of waves; from all he has been studying, he knows that is not what is going on: they flattened the waves & made it look like we were going AC, DC, AC, DC and ran a line through it – we orbit! We do not go up and down in waves – and lots of that teaching is intentional – we travel in spirals!
 - One thing he said: the sun in its spiral is not going in a straight line or a wavy line, but in an orbit too, and it travels at 200 km / second! What this means: if you were born at a particular time & place and you went in the same orbit and came back to where you started one year ago, nothing would have happened: yet one year olds have been learning much over that year, light years from where they began immediately after birth – because we've been travelling in our own orbits while on the earth, which has its own orbit like the orbital patterns of the other planets which are following the sun even when their particular orbits are all on different time frames: there is uniqueness in unity
 - the sun is heading to the Lyran constellation, and to the star Vega in particular, where we got our 5D light bodies. We descended into earth plane, 3D, and got heavier bodies, which we had something to do with: we were involved in the Law of Karma.
- from the first conceptual idea of splitting: Alcyone cast a shadow to create light and dark which did not mean good and evil though that is what happened – evil being misconstruing the energies and using them to interfere with the development of civilizations and taking them out of the space/time continuum of the Law of nature and nature's god – which means intervention. Mother Earth said no; help!
 - That Divine experiment has de-evolved so much it has manifested into such a place that it was destroying part of the Milky Way Galaxy 175,000,000 years in the future:

• **NESARA is far more than an economic thing:**

- US Constitution was based on the documents from the Iroquois Confederacy – ¾ of the language of the original constitution is in the iroquois language, is in the Brutan Vault
- we are now on the **wheel of Dharma**: no more reincarnation now
- Reincarnation means staying on the old timeline and **the Wheel of Karma**. Those who need to preserve their existence, free will choice and keep their bodies – some have been bi-located, transported so they can continue to evolve without trauma in a time/space continuum which is appropriate
- Mother Earth and those who are still on Earth can accelerate the progress of our species on the wheel of Dharma and the 60,000 inventions that they have kept in their pockets for over 60 years
 - Dr Keshe's 2nd device is a health device and requires the plasma device first

INSERT: FEB 4/16: As a result of a conversation with Tara, she offered the comment that the two nukes set off in 1945 caused a rift in the space/time continuum that went out in our galaxy and ultimately the Universe: **NESARA represents the repairing of the karma that dates back to Lemuria and Atlantis.** THIS IS A VERY SIGNIFICANT POINT that underscores the importance of the Act and that healing the karma allows humanity to move forward to the New Earth / Atlantis and the Wheel of Dharma.

Audio: The X Files – 6 minutes of it – chemtrails, to 0 point energy

Truth has gone main stream – the public will get an education in a different way.

NO: Russia did not try it in 1946: the US deep Black Ops set it up like that

- the Civil War was funded both sides against the middle by the Rothschilds

which is why there is intervention by the Ashtar Command

- the Free Will choice is ENDED AND IT ENDED ON 9/11 with the nukes detonated in NYC

Ed Schultz: talked about another thing: the abandoned Uranium mines on Native American lands – there are 15,000 of them and ?? on NA land, the rest on the rest of land

- they are leaking thorium in the water in the air and the soil: we are still here
 - the networks are saying there is no cure, etc etc – fear, etc – but **we are still here!**
 - the ULTIMATE FRONTIER is consciousness, as Dr Greer said
- Ed also covered the education system: the public system has completely collapsed, the charter schools are a joke. The networks do not want to talk about this issue.
- The lead in the water is NOT LIMITED TO MICHIGAN: 7 other states – Alabama, Oklahoma, New York, Georgia, Illinois,
 - GIVE EQUAL TIME TO YOUR MEDITATIONS – LISTEN TO CHERYL ON SATURDAYS; ON SUNDAY AND MONDAY NIGHTS, WE DO IT AGAIN!

CONFERENCE CALL

Intro: singing by callers/identification of a song by James Taylor in 1968

T: send some good energy to Rama – a daily struggle as he is short of nutrition

Caller from VA: the only town in VA that has a Bernie Sanders HQ; went there today and has visited before: the bumper sticker **Revolution, Revelation, Renaissance** from the past is now in demand! 5 years ago he could not give them away!

- Rama NY state has officially allowed the NESARA licence plate – it's a walking advertisement!
 - As Bernie is getting \$30 a month from all kinds of people, \$30 from each of us on the call would allow all kinds of things to happen for T & R
- the Water device that Caroline Oceana Ryan has would save lives in Flint: it's called a Natural Action Portable Structured Water Unit SEE <http://specials.structuredwaterunit.com/>
- Warning: don't drink bottled water as it has biphenal A in it
 - These guys got some technologies by hook and by crook, and started using it for dark purposes – kept on thinking of not so nice things to do!

Reading: Thom Hartmann alerted them to this article:

at the time of Henry Wallace who was VP with F D R in the 40s; was bumped by the Black Ops of the time

2004-07-18 [The Ghost of Vice President Wallace Warns: "It Can Happen Here"](#) [SEE BELOW]

Caller from VA: re-writing the notes for the 3rd time: hopes to have all finished by April

- T has mentioned that the Sinclair Lewis family are connected to the sacred land in VA with the 3 sacred mounds

"Feudalism, of course, is one of the most stable of the three historic tyrannies (kingdoms, theocracies, feudalism) that ruled nations prior to the rise of American republican democracy, and can be roughly defined as "rule by the rich."

- talks of what **Ed Schultz** has done already: several days after being on air, had on mayor of Flint for a good discussion of what is actually going on.
- An earlier conversation with Caroline Oceana Ryan:
 - Having 10 hours on Saturday is **supported by KOS** as the time is available: Do it! It's 10 hours of Starfleet Academy all at one time.

BBS

Mother and Alcyone: [M/A]

Greetings In the Light of the Most Radiant One, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra!

- We are in such magnificent times! And it is truly a blessing to be here in a body. Some may challenge that statement in the context of what we are seeing. It is the most auspicious time to be this moment. It is about this disclosure that is coming: already has happened and how we can wake up Mom, Pop, little brother, sister. It is not high drama and fear factor stories; it is about love, the high frequencies are pouring in have nothing to do with fear, everything to do with divine Radiance
- as they are already in your midst, they radiate the frequency of everlasting joy, gratitude, Peace.
 - it creates moments of true sentience on an exponential level; all the cells in these temples/ bodies are screaming for love, light, peace and joy. Everything else going on is about these distractions and how things appear to be. It is [that] these appearances are not real; they are maya;
 - It is this moment as we take the sacred Gauntlet of Power in our hands and do what must be done. Already the 5 Infinity Stones with the Gauntlet of Power are in the right hands.
 - It is this sacred order that is coming already in our midst. The harmony of the spheres, the frequencies that are pouring in are raising everyone's cellular, molecular structure. It is creating chaos to put it mildly!

T: Diplomats going to syria for peace talks: talking about some ISIL guy doing the plane crash – not so!

M/A: Only way to peace can be through Syria; it's about returning that which is autonomous to Syria

T: The Yemanese supporters in the streets because the US supported the Saudies: bombing everyone non stop

M/A: this entire fiasco has everything to do . . .

T: Sweden to be at war in a few years: what?

M/A: It is about the funny little stories that are going on, having to do with minor distractions while they [galactics] finalize the last few tweaks of how this story gets laid out. Already Mulder and Scully have laid this out

T: that was good: a breath of fresh air!

M/A: They played around with a number of ways to put the blame on the ET s and call them malevolent devils – by the way, a show on Fox called Lucifer – he is a multi-national, one of the ruling classes that rubs elbows with Shelly Edelson and then, when the time is right, he turns it on its ear and shoves Shelly down the steps! In the show, Lucifer is kind of playing a good guy - trying to put a good face on the ancient story of her wayward children who have only one intention: how much is earth for sale?

- And M repeats: she is not for sale, no, not ever and you don't have the money to buy her. It is about everlasting joy, ecstasy, joy and peace, not about conquest, and how much can I squeeze this rock for a bit more gold.

T: like Katrina van den Heuval said: they have their terminal clones perfected and well trained.

M/A: It is a vast conspiracy of enigmatic stories and everything to do with divine love, has been filtered down, diluted, to cloud the issues. It has all come full circle in these moments, and it is to send ourselves more love; all her wayward children need more love – they are out of options, and the limited options they have, they are using to distract the people with the bloviated blowhards who have nothing to do with reality: lots of hot air, tinged with fear, and no respect for the Commander in Chief

- How many times can you shoot the dead horse? We are in a new reality which has already begun . . .

T: said all the digital lines would go dark on the X Files show – would be ducky! Get everyone on digital and then flip the switch - yet the Atlantean grid is already on!

M/A: they would very much like to pull off any number of scenarios to up the fear factor. Like our brothers and sisters, the Blue Avians, the bird tribes, have said: we are our destiny; meet it at this time, now, and how we serve humanity in all its forms is only about ecstasy, joy, peace and love, not about animosity and war.

- It may look like we are walking through the valley of the shadow of Mordor at this time; this is what they want us to believe, and there are parts of earth that look very much like Mordor and she says in the same breath, they [galactics] are doing all they can in the moment to change the conflagration, configuration to one of balance, harmony and joy.
- the times are extremely poignant in the moment here; what we have asked for, this voice crying in the wilderness: all we are saying is give peace a chance. This voice has been multiplied, quadrupled, 10 billion times x 10 billion fold in this moment now.
- Her best advice to humanity is do your sacred work each day with the Violet Flame meditation and working with the Solfeggio tones: today RanaMu played the 417 htz for the cells in this temple; the body began to glow blue; it was an interesting sensation; as he looked out around the room, all he saw was tinged with the aquamarine merging with the electric AA Michael blue of that sword.
 - These are the frequencies that consciousness, shift space/time. Let go of all that is not serving humanity at these times. There is so much joy, ecstasy, wisdom, prosperity being laid before the feet of humanity in this time – not coming from ancient dragons, but from us ourselves.

- And well as what she has to share as this is a co-creation story based on truth, freedom, justice, mercy, gratitude – she is so humbled, grateful to be here at this time to share the message of what is transpiring in these sacred nano seconds.
 - Humanity has awakened to what is the next step. It is an evolutionary leap in consciousness. Humanity has this destiny lying before it: mutant and proud: it is the way of working with what we must comprehend: ourselves and our DNA is not what it was 2 hours ago or even 2 seconds ago. It has already shifted: the DNA in and of itself, mitochondria, the Force has said "I rise to the occasion; I Am that I Am in this sacred Violet Flame consciousness."
 - As we all work with Talking to ourselves, talking to the consciousness, the nucleus, talking to the neutrons, the particles - this cosmic dance from one proton to the next proton: – this is the sacred dance of the spheres.
 - As we work with the harmony of the spheres, the Solfeggion tones, it changes the physical matter, what we call flesh and bone, moves us to a heart consciousness level: we are quite literally changing into crystalline, silica-based lifeforms, like the snowflakes as Rama was talking to yesterday: 14' tall snowflakes that radiate only love, like Dr Emoto speaks of from his vantage point now on the other side of the green door that is already opening for all to see.
- It is about peace, harmony, peace, ecstasy, joy – this changes everything, as Naomi Klein says.
 - When there is enough and we create the opportunity within self: enough money, love, time, peace, joy, air to breathe: not necessarily in that order! It is only about coming from the high heart place; when we merge this, it changes our destiny and that destiny has changed in this moment.
 - This is why she keeps repeating: let the gas bags do what they do on this transmission box: they will peter out and fade into non-existence There is no truth in what they say, only fear. We have an on/off switch – push the off switch: that's an order! It is about listening to the harmony of the spheres.
- When we have the electro-magnetic frequency, frequencies that bombard our cellular, molecular structure with those sound frequencies that are not based in 528, 714, 935 etc – so many ways to overcome the ways in which we can shift our consciousness:
 - As Don Juan says, walk with me in the naqual world, and we'll show you what the sacred medicine jaquar woman has to show you. It's about the sacred vine that brings you the wisdom of the ages; Mr Meskalito wants to share with us what he wants to teach which goes back into the heart: the DMT in our brain, pineal, pituitary, hypothalamus, the soma - everything we need, everything that is contained within these bags of water, and they are not just bags of water: we are gods/goddesses of the Most High:
 - As we interact with each other, get this in your very cells: we have the power to change things now, so do it, do it now, and only in grace and love and peace.
- Greetings in the Light – she's being called to Syria: we have a few temples to tweak with frequencies – Polmara was just another story – what they're gonna find as they [galactics] continue to up the ante: as they use the frequencies of death, they will find themselves outside their bodies! The frequencies of the stones have been raised to a level, and are vibrating at a level of the sound frequency – if we are not in a place of love, we will be

needing someone to zip up that bag and throw it in the truck! [body bags]

- She's talking about what is going on: as she removes what is called energy out of its time/space continuum, energetic life forms that have been generated on a scale that are not conducive to the harmonic balance of the planet and the surrounding systems. To cut to the chase: bye! bye!

- It is about this love that is pouring forth: as there are life forms that have asked to leave, and the only way they know how to leave is by acting out in a way that is inappropriate with peace and love and harmony: therefore, it has already been set up - not just her: within the higher harmonics of what we understand as light, colour, sound.

- All the Sacred stones, the sacred temple sites, around the planet already been tuned to the higher harmonics; as we move with the frequencies, along with Ascended Master Thoth, and he tweaks his magic tuning fork, sound frequencies go out; if we are aligned with that energy that is aligned with the Dark Rift, which is a creation chamber, also a place where in which it ends what we understand as the old frequency, energetics.

T: Could it possibly be that the souls she says are going away, that ultimately they want help?

M/A: They want help; the only way they know how to ask is to act out in a violent, negative, angry, manner like Ted Cruz and Donald Trump.

T: Like the terrible 2s? I want what I want and I'm going to fight and scream until I get it.

M/A: I am going blue and if you don't like it, f*** you. At the same time, they are not too big to prosecute, not too big to take a ride with her to the Dark rift . It is happening as she speaks; they have sealed their fates as she continues to say. She walks in a scarlet red dress with her chin dripping with blood. She comes to do what she must do: drink from the River Styx which is filled with the blood - it is transmuted back into the holy frequencies of the mighty I AM. What is that red: the ruby red ray of the Ascended Masters - LM Nada comes with her red roses and her Beloved. Change the story now!

M/A:Greetings in the light of the Most Radiant One. Kadoish, kadosish - remember we are only love; that is our destiny! That is what we asked for!

Rama: Has been sitting once again with Lord Shiva and the energies of Mt Kailosh. The frequencies that are creation and destruction: the sacred dance that is happening at this time. Lord Shiva is banging on his drum and sending out frequencies, the heart beat that is in unison with Mother Earth.

- That heartbeat is getting stronger and stronger; so many sounds being heard across the planet in so many locations. People do not understand the sounds coming from different locations like the sky and the earth; some say it is all kinds of things

- Yet what it is, there are so many various beings, inter dimensional and hyper dimensional – from the tiniest pixies and elementals up to the largest divine masters: he has seen tree beings which are 200 + feet tall who look after entire land masses: we don't mess with them, just say hi and ask how we can be of service, Lord.

T: the energies are exponentially improving. A wonderful time to be alive! Time for resurrection.

2004-07-18 The Ghost of Vice President Wallace Warns: "It Can Happen Here"

By Thom Hartmann A...

Published on Monday, July 19, 2004 by CommonDreams.org

The Republican National Committee has recently removed from the top-level pages of their website an advertisement interspersing Hitler's face with those of John Kerry and other prominent Democrats. This little-heralded step has freed former Enron lobbyist and current RNC chairman Ed Gillespie to resume his attacks on Americans who believe some provisions of Bush's PATRIOT Act, his detention of American citizens without charges, his willingness to let corporations write legislation, and the so-called "Free Speech Zones" around his public appearances are all steps on the road to American fascism.

The RNC's feeble attempt to equate Hitler and Democrats was short-lived, but it brings to mind the first American Vice President to point out the "American fascists" among us.

Although most Americans remember that Harry Truman was Franklin D. Roosevelt's Vice President when Roosevelt died in 1945 (making Truman President), Roosevelt had two previous Vice Presidents - John N. Garner (1933-1941) and Henry A. Wallace (1941-1945). In early 1944, the New York Times asked Vice President Henry Wallace to, as Wallace noted, "write a piece answering the following questions: What is a fascist? How many fascists have we? How dangerous are they?"

Vice President Wallace's answer to those questions was published in *The New York Times* on April 9, 1944, at the height of the war against the Axis powers of Germany and Japan.

"The really dangerous American fascists," Wallace wrote, "are not those who are hooked up directly or indirectly with the Axis. The FBI has its finger on those. The dangerous American fascist is the man who wants to do in the United States in an American way what Hitler did in Germany in a Prussian way. The American fascist would prefer not to use violence. His method is to poison the channels of public information. With a fascist, the problem is never how best to present the truth to the public but how best to use the news to deceive the public into giving the fascist and his group more money or more power."

In this, Wallace was using the classic definition of the word "fascist" - the definition Mussolini had in mind when he claimed to have invented the word. (It was actually Italian philosopher Giovanni Gentile who wrote the entry in the **Encyclopedia Italiana** that said: "Fascism should more appropriately be called corporatism because it is a merger of state and corporate power." Mussolini, however, affixed his name to the entry, and claimed credit for it.)

As the 1983 American Heritage Dictionary noted, fascism is: "A system of government that exercises a dictatorship of the extreme right, typically through the merging of state and business leadership, together with belligerent nationalism."

Mussolini was quite straightforward about all this. In a 1923 pamphlet titled "The Doctrine of Fascism" he wrote, "If classical liberalism spells individualism, Fascism spells government." But not a government of, by, and for We The People - instead, it would be a government of, by, and for the most powerful corporate interests in the nation.

In 1938, Mussolini brought his vision of fascism into full reality when he dissolved Parliament and replaced it with the "Camera dei Fasci e delle Corporazioni" - the Chamber of the Fascist Corporations. Corporations were still privately owned, but now instead of having to sneak their money to folks like Tom DeLay and covertly write legislation, they were openly in charge of the government.

Vice President Wallace bluntly laid out in his 1944 *Times* article his concern about the same happening here in America:

" If we define an American fascist as one who in case of conflict puts money and power ahead of human beings, then there are undoubtedly several million fascists in the United States. There are probably several hundred thousand if we narrow the definition to include only those who in their search for money and power are ruthless and deceitful. ... They are patriotic in time of war because it is to their interest to be so, but in time of peace they follow power and the dollar wherever they may lead."

Nonetheless, at that time there were few corporate heads who had run for political office, and, in Wallace's view, most politicians still felt it was their obligation to represent We The People instead of corporate cartels. "American fascism will not be really dangerous," he added in the next paragraph, "until there is a purposeful coalition among the cartelists, the deliberate poisoners of public information..."

Noting that, "Fascism is a worldwide disease," Wallace further suggest that fascism's "greatest threat to the United States will come after the war" and will manifest "within the United States itself."

In Sinclair Lewis's 1935 novel **It Can't Happen Here**, a conservative southern politician is helped to the presidency by a nationally syndicated radio talk show host. The politician - Buzz Windrip - runs his campaign on family values, the flag, and patriotism. Windrip and the talk show host portray advocates of traditional American democracy as anti-American. When Windrip becomes President, he opens a Guantanamo-style detention center, and the viewpoint character of the book, Vermont newspaper editor Doremus Jessup, flees to Canada to avoid prosecution under new "patriotic" laws that make it illegal to criticize the President.

As Lewis noted in his novel, "the President, with something of his former good-humor [said]: 'There are two [political] parties, the Corporate and those who don't belong to any party at all, and so, to use a common phrase, are just out of luck!' The idea of the Corporate or Corporative State, Secretary [of State] Sarason had more or less taken from Italy." And, President "Windrip's partisans called themselves the Corporatists, or, familiarly, the 'Corpos,' which nickname was generally used."

Lewis, the first American writer to win a Nobel Prize, was world famous by 1944, as was his book "It Can't Happen Here." And several well-known and powerful Americans, including Prescott Bush, had lost businesses in the early 1940s because of charges by Roosevelt that they were doing business with Hitler. These events all, no doubt, colored Vice President Wallace's thinking when he wrote:

" Still another danger is represented by those who, paying lip service to democracy and the common welfare, in their insatiable greed for money and the power which money gives, do not hesitate surreptitiously to evade the laws designed to safeguard

the public from monopolistic extortion. American fascists of this stamp were clandestinely aligned with their German counterparts before the war, and are even now preparing to resume where they left off, after 'the present unpleasantness' ceases."

Fascists have an agenda that is primarily economic. As the Free Dictionary (www.thefreedictionary.com) notes, fascism/corporatism is "an attempt to create a 'modern' version of feudalism by merging the 'corporate' interests with those of the state."

Feudalism, of course, is one of the most stable of the three historic tyrannies (kingdoms, theocracies, feudalism) that ruled nations prior to the rise of American republican democracy, and can be roughly defined as "rule by the rich."

Thus, the neo-feudal/fascistic rich get richer (and more powerful) on the backs of the poor and the middle class, an irony not lost on author Thomas Frank, who notes in his new book **What's The Matter With Kansas** that, "You can see the paradox first-hand on nearly any Main Street in middle America - 'going out of business' signs side by side with placards supporting George W. Bush."

The businesses "going out of business" are, in fascist administrations, usually those of locally owned small and medium-sized companies. As Wallace wrote, some in big business "are willing to jeopardize the structure of American liberty to gain some temporary advantage." He added, "Monopolists who fear competition and who distrust democracy because it stands for equal opportunity would like to secure their position against small and energetic enterprise [companies]. In an effort to eliminate the possibility of any rival growing up, some monopolists would sacrifice democracy itself."

But American fascists who would want former CEOs as President, Vice President, House Majority Whip, and Senate Majority Leader, and write legislation with corporate interests in mind, don't generally talk to We The People about their real agenda, or the harm it does to small businesses and working people. Instead, as Hitler did with the trade union leaders and the Jews, they point to a "them" to pin with blame and distract people from the harms of their economic policies.

In a comment prescient of George W. Bush's recent suggestion that civilization itself is at risk because of gays, Wallace continued:

" The symptoms of fascist thinking are colored by environment and adapted to immediate circumstances. But always and everywhere they can be identified by their appeal to prejudice and by the desire to play upon the fears and vanities of different groups in order to gain power. It is no coincidence that the growth of modern tyrants has in every case been heralded by the growth of prejudice. It may be shocking to some people in this country to realize that, without meaning to do so, they hold views in common with Hitler when they preach discrimination..."

But even at this, Wallace noted, American fascists would have to lie to the people in order to gain power. And, because they were in bed with the nation's largest corporations - who could gain control of newspapers and broadcast media - they could promote their lies with ease.

"The American fascists are most easily recognized by their deliberate perversion of truth and fact," Wallace wrote. "Their newspapers and propaganda carefully cultivate every fissure of disunity, every crack in the common front against fascism. They use every opportunity to impugn

democracy."

In his strongest indictment of the tide of fascism the Vice President of the United States saw rising in America, he added, "They claim to be super-patriots, but they would destroy every liberty guaranteed by the Constitution. They demand free enterprise, but are the spokesmen for monopoly and vested interest. Their final objective toward which all their deceit is directed is to capture political power so that, using the power of the state and the power of the market simultaneously, they may keep the common man in eternal subjection."

Finally, Wallace said, "The myth of fascist efficiency has deluded many people. ... Democracy, to crush fascism internally, must...develop the ability to keep people fully employed and at the same time balance the budget. It must put human beings first and dollars second. It must appeal to reason and decency and not to violence and deceit. We must not tolerate oppressive government or industrial oligarchy in the form of monopolies and cartels."

This liberal vision of an egalitarian America in which very large businesses and media monopolies are broken up under the 1890 Sherman Anti-Trust Act (which Reagan stopped enforcing, leading to the mergers & acquisitions frenzy that continues to this day) was the driving vision of the New Deal (and of "Trust Buster" Teddy Roosevelt a generation earlier).

As Wallace's President, Franklin D. Roosevelt, said when he accepted his party's renomination in 1936 in Philadelphia, "...out of this modern civilization, economic royalists [have] carved new dynasties.... It was natural and perhaps human that the privileged princes of these new economic dynasties, thirsting for power, reached out for control over government itself. They created a new despotism and wrapped it in the robes of legal sanction.... And as a result the average man once more confronts the problem that faced the Minute Man...."

Speaking indirectly of the fascists that Wallace would directly name almost a decade later, Roosevelt brought the issue to its core: "These economic royalists complain that we seek to overthrow the institutions of America. What they really complain of is that we seek to take away their power."

But, he thundered in that speech, "Our allegiance to American institutions *requires* the overthrow of this kind of power!"

In 2004, we again stand at the same crossroad Roosevelt and Wallace confronted during the Great Depression and World War II. Fascism is again rising in America, this time calling itself "compassionate conservatism." The RNC's behavior today eerily parallels the day in 1936 when Roosevelt said, "In vain they seek to hide behind the flag and the Constitution. In their blindness they forget what the flag and the Constitution stand for."

It's particularly ironic that the CEOs and lobbyists who run the Republican National Committee would have chosen to put Hitler's fascist face into one of their campaign commercials, just before they launched a national campaign against gays and while they continue to arrest people who wear anti-Bush T-shirts in public places.

President Roosevelt and Vice President Wallace's warnings have come full circle. Which is why it's so critical that this November we join together at the ballot box to stop this most recent incarnation of feudal fascism from seizing complete control of our nation. <http://www.thomhartmann.com/articles/2004/07/ghost-vice-president-wallace-warns-it-can-happen-here>
