

END THE FED

DID YOU KNOW IT IS THE FEDERAL RESERVE THAT ENABLES WALL ST. & BANKSTER GREED? THAT'S BECAUSE THE FED AND THE BANKS ARE ONE IN THE SAME. END THE BANK OF ALL BANKS! END CORPORATISM!

Did you know the Federal Reserve is a privately owned bank, not a federal agency as the name implies? Did you know that the Fed is owned by the "Too Big to Fail" Banks, and when the Fed bailed them out they essentially created \$13,000,000,000,000 (thats 13 trillion) and gave it to themselves and other foreign banks? Did you know it was the Fed's policies which directly caused the recession? Did you know that since the Fed was created in 1913 the value of our dollar has shrunk by 98% due to their inflationary policies? Did you know inflation is slated to explode over the next few years? Did you know that the dollar is backed only by debt, not gold, or anything of real value? Did you know the Fed is unconstitutional? (Article 1, Section 8, Clause 5). Did you know the Fed is not subject to review or audit in any of its dealings which are most influential and detrimental to the health of our economy? Did you know that only through a central bank wielding the power of printing paper money and driving inflation is endless war made possible? Did you know that the Fed is one of the biggest threats to our nation because they are selling us our own bankruptcy? Now you do... So what are you going to do about it?
