Hard News:

R: Ed Schultz and others: "I ain't buying it!" He was calling John Kerry out, Mr Skull & Bones

R: he is as compromised as W who showed up on Fox & Friends:

- So many folks on the Ed show stepped forward to say "Re-run!"
- R called Ed up on Thursday and said it was Israel who did it: Ed said he could not go there
- Today, Ed was challenging John Kerry & had on Jimmy Williams and John Nichols: they brought up 9/11 and events following: all the fake stories of Colin Powell getting in front of UN with photos, etc.
- This NOT the Sirian Commander but the tin soldiers he has around him that he set up to go down – has to do with the new Nuremburg War Crimes Tribunals as things are announced
 - Obama has not made any decisions to invade Syria, let alone send missiles

R was on Randi Rhodes show with Nicole Sandler: this is a fake war leading back to a re-run of 9/11

- He brought up the idea that Aug 31 is the anniversary of Dodi & Di's death and by the way, did you know it was clones that were killed?
- He gives info on the **huge back story:** Sherman Scolnick, in 1997, put out a Lady Di message that she had all the secret dossier accounts of the 78 programs, plus the global settlement funds; she and Dodi know where they are: they are not dead, & Beloved Ascended Master St Germain has control of it all

- Nicole invited Rama to come on her radio show next week [Radio or not.com] because there is so much to tell
 - R compared John Kerry to Colin Powell: Nicole is open to these ideas – what is happening now with Israel etc is the same as before
- This is about the main star gate in Aleppo that goes all the way to Al Asqa mosque in East Jerusalem, Palestine – and the Palestine peace talks have not come to fruition.
- This story is not complete until Palestine is free and there is a one state solution; why can Palestine not appear in front of the UN and get the accountability for the war crimes committed against the Palestinian people?

R: not able to talk to the 44 people on his list: many things are happening in this section of the MW Galaxy

- strange anomalies with the sun: some kind of mass coronal ejection that passed by the earth's atmosphere
- some people were driving and were completely shaken; he is feeling a bit wonky from those energies – Sol is going through its frequency shift, going up an octave.

R: the Captain and the Admiral have all things in hand; what is happening with Mr 19.5 has to do with the greater story: Mr Putin, Mr Xi, Mr 19.5 – NUKES WHICH HAVE BEEN SHUT DOWN

R: remember what Ashtar has said NO NUKES!

T: the ones wanting to do the damage are here in Congress working with those in Israel and the Mossad

- not much being said that Israel has been the 51st state since 1949
- Yet the Kuala Lumpur War Crimes Tribunal is over: they have been indicted, tried etc; the results are sealed and with LM Nada at the World Court
- Judge Webre is back in time for 9/11 as he said he would be

T: brings up the call from Rainbird in Oct 2008 to watch a TV program where 10,000 men in suits and shackles were picked up in black transport planes; they were taken to The Hague and put in jail beside Hillary who was there since June 2007 -

- After Nov 4th, T & R got the word: 10,000 banksters and Hillary were taken off the planet: pray peaceful resolutions for their souls and for all those operations that the look-alike clones have been doing

R: seeing all kinds of signs around Santa Fe “Elizabeth Warren for President”

- Lots going on – and it's good!

T: Rachel talked of Vermont Yankee, the nuclear power plant – about to be shut down!

- The day before Fukushima – 3 / 10 – this plant got a 20 year extension, when they were only built to last for 20 years in the first place! Built in the 70s!
- There are 22 more of the same kind of nuclear reactors in the US
- Tara goes through the list of the plants, where they are located, etc

T: brings up a store in CA that has all kinds of things that work with etheric & all other kinds of energies; wands, bio medics; a huge list of devices – they are going to go syndicated across the country – a good sign!

Audio: Bill Clinton addressing the audience on the day of the March on Washington in honour of MLK

T: the reason MLK was killed: on Ap 4, 1967 he called for war in Viet Nam to be ended; he was killed a year later for this.

- Andrea Mitchell was talking about going into Syria in the morning; she is Council of Foreign Relations – war is the only way to make money for these ones

R: so many people are saying this is a mistake; don't do it.

- He thinks our friends from the stars have a role to play in this: it is about the stargates

T: don't under-estimate Obama: takes his orders from KOS who takes his orders from St. Germain

- How much mud can you sling at a person before it does not matter any more!
- Barbara Lee was stellar on Chris Hayes last night; she was on Al Jazeera America Tonight
- Joey Chan is on there – very good!

R: Stephanie Miller and Keith will be back on TV – on Al Jazeera

Conference Call

Music:

Mother Sekhmet

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we pray Divine Grace in all life and that the molecule of wisdom be opened and travel through the consciousness of all

Greetings, Children of Ra!

- In the name of Love, Let Freedom Ring! This is the story and the glory happening in the moment, as all that has come and is still carrying on: as the man said, The job ain't finished yet!
- We have quite a few Yarens to go – as there is no time, it is all NOW: LET FREEDOM RING. As John Lewis and the others said at the Lincoln Memorial – let freedom ring. The magic of the moment: the big issue in this moment now – what we are all experiencing with the issues at hand – we are on such a razor's edge about the realities of merging, blending so many pieces together – it is happening extremely fast. It is in the moment, the seconds, there is just that NOW and all that is coming about has to do with the ascension frequencies that are pouring in for all of humanity.
 - We are just in awe of how magnificent humanity is moving along, and at the same time, there were these issues about pesky little realities that tug at the heart strings about the issues of the moment.
- Should we talk about peace or should we talk about hell fire missiles?
 - Of course, we continue to say: no nukes! DO YOU READ THE LIPS? No mushroom clouds 20 minutes away from London, DC, or Damascus.
 - This is all wag the dog again; the main issue not being discussed is the main stargate in Aleppo. Mr al Assad knows about it yet is powerless to use it.
 - Whatever this machine is about, it is only a shadow of the moment of all that is changing in the realities of the moment. Because the only answer is LOVE.
 - And in the present time-space continuum, there are issues of the moment – we'll cut to the chase! The pack of lies as George Galloway first described: what happened a while ago in Congress is happening again.
 - What is needed here in this moment is the discussion of all the facts: Obama has still not made a full decision to do this, and many are putting the cart before the horse!
- Yet we must say that the craft that are stitting the in the Mediterranean – it is a mighty show called Wag the Dog, and the 2 perpetrators of this are that land which is and always has been called Palestinian land, and the reality of this is stark and harsh.
 - Why do the people of Palestine live in the shadow of the wall which came down in 1989? Yet the story of Mexico and USA – another wall. Imagine all the people: no borders.
 - Right now we have all the power – in the greatest of these moments, the People have the Power. This is what is real. All of what is coming about in the moment is the issue: the ones that think they hold some sort of quantlet of power – it is a sham, because it is about ruling without love.
 - As love overcomes power, then we can have a full conversation about love.
 - Everything in this moment: the wisdom of the ages is here already, now is the time to act on it.
- The people have the power and we are moving this forward NOW. And we ain't stopping: the Millenials, the Indigo Crystals are coming in now and this is the greatest time to be here and witness this and and to be able to be part of it, of the great sea change in our midst.
 - Yet the march continues – the job ain't finished. The Aboriginal Moabite people – the true story here; the land of Kemmet, the black land; Moab; this original story of where we came from and where we are going, with what has been brought forth by the 9th member of the Council of Nine that has to do with the very ancient story that has come full circle and is moving forward to how this gets shared with everyone.
- The wisdom is there for all to see about the ancient his/story/her story, all that is transpiring from so many places that has to do with power to the people. Right on, as John [Lennon] said; this is the answer here & it is coming – we have no words for the awe that is coursing through the frequencies of what we are being, showered, is showering forth on us: the tears of love from that which Is Sun/Son of the most High.
 - We are the Sons and Daughters of the Most High, and nothing less. Never forget this: you have the

power and it is using it with love, balance, peace, freedom, justice, beauty – the pillars of what the ancient ones brought forth with the Aboriginal teachings, what Prophet Noble Drew Ali brought to the people – now is the time to act on it.

- And what we get through the cells of the temple of the Living God has everything to do with this moment now, as more wisdom comes forth about who and what we are. So little has been shared with the people about the Cherokee, the Onandogan, the Mohawk, the Dene, the Lakota, the Hopi, the Anazazi,
 - these ones have come and gone and experienced being part of the culture of Barsoon which is Mars; Earth is called Jadsoon, in the language of Mars. This is why Obama was handed a phaser and told to go to Mars and meet the people, if you make it. He did. Andrew Basiago knows the truth; Obama has to say what he did [go to Mars], as he had to say “Let Freedom Ring” on Wednesday.

T: Thursday is the 8 year history of Hurricane Katrina

Caller: regarding ascension. He has been delving more into the energies of Kryon. Seems as though that energy is depicting a more drawn out ascension process. In hindsight, we can look back and see how the scenarios have morphed and shifted, due to the free will of humanity and there is still flux. Many Lightworkers are disappointed because they expected a particular process and a quick time frame.

- Seems it is going to be a more inclusive process and we are in august – yet the dimensional thing is we are in the NOW; it is a 3rd dimensional thought that is moving higher as we develop our manifesting powers.
 - Seems it will be ongoing and it will take “a little longer” than light workers were counting on. And isn't that a beautiful thing?
- There are a lot of souls leaving now, and more to go; will they be coming back to be the elders?

Mo: there are many who have left since 9/11; many can come back as they choose and with the same bodies.

- At the same time, there are many leaving and not coming back who are moving to other time-space continuums within the Now, and as they make their choice of where they want to go – they are following a “trail of breadcrumbs” to where they want to go.
- This is confusing as people are living with The Veil – yet the veil is gone: we see you and you see us.
 - There is more to this story than the MIB and that hollow deck program. There are many folks who are here as “humanity” and not necessarily in the forms we are used to seeing.
 - The moment is called because of the urgency of the moment; this entails the ascension frequencies impaling this planet at such a rate – this is the driving factor that is moving things: the earth and her people are ascending and nothing will stop it – not shutting down the gov't or whatever.
- This goes to the realm of what he is asking: we have the tools, the gifts, already and it is time we learned how to use them. As we begin to work with the true nature of who we are: we think with our heart and feel with our minds – a new movie coming out The Sound of One hand Clapping – produced by those who did “Dream Awake” - spiritual cinema – Neil Donald Walsh, James Twyman

Caller: is it true that we have just passed the mid point of the Great Central Sun of the M W galaxy – in other words, less than 18 years. Will the ascension process keep unfolding, growing after the 18 years?

Mo: Of course. Because of the missing piece of the 520 years of history; we are already in the year 2015 since Aug 18th – yet for what the calendar says, it is 2013, and time is collapsing in on itself –

- This is why we say we are in NO Time – the illusion of time that is passing is just that, an illusion, maya.
- The best way to describe it – as she rubs the brain cells together! - what was spoken of by the Wingmakers – M E S G - about moving through dimensionality,
 - as we have already crossed the mid point, the energies are moving so fast that as you take a moment of being centered and quiet in nature and you feel the energy from Mother Gaia and connecting through your crown chakra and the stars over your head
 - take 15 minutes and experience that energy: you will experience missing time as you feel that energy!
 - Could be 2 hours or 4 hours that go by and you wonder what happened! That is how fast time is moving when you get into that quiet space.
 - The anomalies that are occurring with plants, animals, the flora – they are in alignment with the energies: a fox may come and talk to you: has to do with the non-ordinary reality like when Don Juan hit

Carlos on the head and said "Here is the naqual, this is the real magic". And as Neo said when he woke up. **In this moment, we are all The One.** That gets us to the next evolutionary leap in consciousness that has to do with moving so fast through time and space as we know it: it will make our heads spin; you wonder about 18 years down the road? Uh huh – it is happening now!

- do a few things, and do them well; simple joys are holy.

- As you go about your day doing good deeds – think about this: there are 50 states where people are walking off their jobs at Wendy's, Taco Bell etc – they are doing a good deed because they are moving the story forward and talking about a living wage – more than \$15 / hour – up to \$22 - \$25 is more like it.
 - As Elizabeth Warren move things forward, we will see heads roll into the duffle bag – it is about what we have been taken to the cleaners for – separating the heart from the mind.

T: Elizabeth is Cherokee!

Mo: it is not that Putin is afraid – goes to who is behind the story. There are ones pulling that puppet's strings – China's White Dragon Society who have already said, we are going to shift the balance on this planet.

- As St Germain releases the funds – it will be according to the dictates of the man wearing the dealer's hat; he is calling the shots. So all has to come to fruition in the moment.
- Time is so fast – every minute, maybe 32 years is going past. Have no words to tell you how that feels – but as you get into that quiet space and deep into meditation, you hear the one hand clapping, the roar of the universe coming in at quantum, magnetic light speed.
 - This is the roar of what we bring forth; has to do with what we all asked to do and be here in the synchronicity, serendipity of this time: we call it the cat bird seat in the tree and she sees it all and blesses it all: the good, the bad and the ugly because it is always infinitely divine.

- Lord Kryon of Magnetic Service, a most auspicious master to work with; she has known him for aeons of time
 - when he comes in, all the Masters listen: even the ones lovingly called "Illuminati" listen –
 - she asks what "illuminated" means – it comes from the heart space, unconditional, compassionate love for all life forms: the ones in Palestine who are sitting ducks for the Israelis; in Darfur, Sudan; in Damascus, Aleppo and other suburbs of this fiasco – as Jeremy Scahill and others ask why the corporations get billions from us in taxes and use it for the bio-medical, military, industrial, congressional war machine?
 - Where does it end? Here and now
- This is what Obama brought forth when he said "Let Freedom Ring – in the name of Love"
 - what MLK did and said did not go up in smoke: it is here "I AM Travon Martin"; "I am Troy Davis"; "I am 4 little girls in Birmingham" and others

T: Bill Clinton brought it up that only 18 days after MLK got killed, the little girls in Birmingham were killed;

- the bell from the church had been moved to Washington, beside Obama, and little girls were ringing the bell with joy. There were 250,000 people there
- Heard there were almost a million there with MLK – a tendency to underestimate numbers.

Mo: what comes to mind of all that is coming about: a simple song sung by a lady that moved the energy so deep, a generation woke up and said "War no more"

"I came upon a child of god

He was walking along the road"

Joni Mitchell – Woodstock.

- It is about that magic that is coming into this reality, where what we have been given is the keys to the kingdom now, the gifts, dudes and dudettes! It is simply about "turn it on in the moment" - the mitochondria, the mitochondria in the cells, the particles who listen to the sound of one hand clapping throughout the universe: use the force as Obi Yuan said
 - Use the force; use it now; we have the abilities, and this is already changing the story, it is about having divine love and divine compassion for all concerned.
- It is an anomaly that those who are so afraid of us gaining the power and our abilities back with divine compassion and love, and what would they wish to throw off: these walls, these blockades, these ideas about ideologies that are based in a fake reality they have created for the last 13,000 years that has come to an end –
- this grand cycle has already been ordained; it is the synchronicity of the moment, of the time – is it the time of God or is it the time of Man?

- I came upon a child of god
He was walking along the road,
Singing a song -

• and in the moment, we are singing that song and it is the sound of one hand clapping, and that sound is so deafening, all can hear it, this is the music everyone hears that is all around us and all we have to do is stop and listen and we will hear it, and then the abilities kick in at magnetic light speed and we go “O M G!” the synchronicity of this goes far beyond what she is saying: it just kicks in and we will know it, and that is what the real reality is of what is happening; it is what we know as fellow souls on the good Red road.

T: Rachel brought up that a new element has been discovered from a meteor; has been named the un-unpentium, Element # 115

Mo: brings up Pandora and the Navii, the “unobtainium”, the home tree and no one is taking the home tree anywhere, except home

- we saw what happened to the corporations on Pandora and it will happen here, too – the corporations will receive their death penalty along with all they have created.
- Unobtainium – it is what we obtain within us; it is totally obtainable, the god spark inside us; a precious metal that helps people levitate: we already know how to levitate – the Man with the Plan said here is some bread for you, and she names all kinds of bread
- And it only about the moment here of us breaking bread and sharing: the Admiral said “Here is the stuff, and I will be back to share the rest with you.” And it is called First Disclosure

T: everything above 92 on the element Chart is not from here: they decided to put it between Forivium and Livermorium [95]

Mo: wait until they find Incolarium, 100s of times harder than diamonds, used in the construction of our craft!

T: do you know they are throwing tons of diamonds in the ocean so they can keep the price of diamonds high! Saw a documentary on it.

- going to call it Amoresium – Rachel was a bit slap-happy: she said they could name it “oopium” - should leave it with un-unpentium and call it UUP and put up a picture of Steve Kornacki and UP

Mo: you are us, we are you – we are the ones we have been waiting for and that is us

- The different elements make up how the universe is constructed and we will be given the wisdom of how to use these element for peace, not war: the elements do not react to uses for war

T: Germany has said NO to entering Syria

- Obama is going to St Petersburg – Putin, Obama, Mr Xi have already decreed they will declare peace.
- Iran vows action against Israel in the event of war against Syria – a couple of Ayatollahs don't go along with peace:

Mo: The Mahdi has said peace is the order of the day. Time to put down the oil pipeline, and use the Tesla coil

T: what about the grid?

Mo: Atlantean grid already on line; as things get announced, things will get shut down, brought in as appropriate.

T: if the grid lights up, won't need any of this stuff

Mo: Now is the time for peace, now is the time for love.

Rama: has been on Mother's ship; Nibiru is in orbit and many have seen her – about love

T: last week, we played the video that we are moving freely in independent spirals. Nibiru is moving in a spiral but in a perpendicular movement – like sideways.

R: what he saw was that Nibiru is here and folks are seeing it – the labs and stations in Antarctica and at other places on the planet. There are fear porn stories out there, but this is NOT ABOUT THE END OF ANYTHING. We are moving forward with grace and gratitude.

T: Merkel is under fire for scandal about the polls - she has 52% of the vote

R: Latest Snowden leak: \$524 billion dollars blown on spying on you and me, talking about these stories – NSA, CIA, FBI - that money could be used for other things!

T: in the more advanced societies, we didn't have jobs like that: we worked together to increase our

understanding

R: this goes into the realms of what Jacques Fresco talks about: every facet of a community has a unique person to be part of the whole. When the circle is cast, we all make the whole of it – this is beyond jobs.

T: the mess was made by those playing war games

T: Rachel said they would close the Vermont nuclear plant BECAUSE THEY WANT TO START FRACKING!

T: \$200 billion has been lost by the fast food industry by those who have walked out – and the staff are continuing to walk out.

R: their friend Clifford Carnecom who talks about the chemtrails: there are pictures of the fibres connected with the Morgellan's disease, and those fibres have been found in chicken mcnuggets and other forms of fast foods! They actually look like wires – and they hook you up to machines!

T: there are little micro chips with programs – to assimilate you into the Borg collective – which we are finished with!

• The 18 year thing is an old term for time, and many of us are not working on that timeline any more! There will be people going in that direction, yet things are speeding up. The more they think they can keep us down, the more active we become!

R: Goldman Sachs helped cook the books for Greece's Euro membership

T: Hank Paulson did this in 2006 before he was taken out!

R: the Euro is on its way out, and bit coin will replace it – heading towards a \$2 billion business!

Audio: returning to the David Wilcock interview from Coast to Coast AM:
the rest of the tape to be finished on Saturday.

Audio: Max Keiser Episode 490 August 29, 2013 08:30

<http://rt.com/files/episode/20/40/80/00/kr2908.mp4?event=download>

In this episode of the Keiser Report, Max Keiser and Stacy Herbert discuss the 'Sinkholes of Stupid' causing collapse in Texas, where fracking has caused water shortages. In the second half, Max talks to Chris Martenson about the four signs of dangerous bubble territory, the markets oblivious to the costs of Fukushima meltdown and the bad economics of fracking.

Reading: a large silence ! Then Tara begins D'Yanni Yawhoo – the teaching of the salmon is from the spiritual leader of the Salish nation from the West Coast

Closing: Rainbird

Music:
