Hard News:

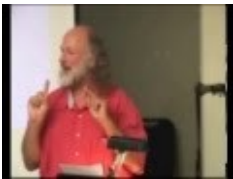

R: more to Boston and TX story than he wants to: the walls have ears, the fields have eyes - disclaimer about loving to lie!

- Events that are unfolding are out of the realm of hyperdimensional physics and what has NOT been told to the people in the last 100 years.
- Last week has been BLACK OPS ALL THE WAY! St Germain pulled the plug on the gold: The 13 families are out of time and out of luck, though not out of love - St G pulled the plug on the gold
- **Monday:** Boston Marathon about B Ops and distractions: the 13 families have an obsession with playing with dates - we have criminals of the highest order playing in science, religion and politics - they only have the FEAR card - false evidence appearing real

Camp Loveway: Clifford Carnicom talked about St Germain pulling the gold; there are coups within coups within coups - the Sirian commander has brought down the Hammer of Thor - w

- The speaker talked about chemtrails

September 12th 2009. PDX 9/11 truth conference. (Edited from 10 parts) Guest speaker *Clifford Carnicom* ...

- Whatever is going on in the Vatican, bless them - whatever Francis is doing, he will have to answer for it
 - It is in shambles; Rome is in ruins - those of 13 families are quite literally broke
- the shite is really hitting the fan; there are 3 eclipses coming up and it is our duty and obligation to work with only LOVE, no matter what distractions.
- **Boston story:** there were 4 guys maybe more involved;
- **Texas:** the rod of god - games going on with technology right out of Star Trek - in our interest to listen to Dr Greer and words in movie **Sirius** and Dr Bassett - to pay attention to the Citizens Conference on Disclosure.
- **LM DI, Dodi:** R got a 2 minute message today: the king and queen who will take over: at any time the fake queen not crowned on true Stone of Scone will disappear: this will be revealed. They are in Wesak Valley with their children and some interesting folks.
- The frequency of the Office of the Christ holds the reins now, no matter where we are on the planet.
- The rogue factions in the US gov't and in other gov'ts are playing a dangerous game: the whole thing is being held together by the hair of Superman which is as strong as the faith of the 144,000 x 144,000 x 100 thousand x 100 thousand.
- Carnicom: the system we are in is crossing the Galactic Plane and being pulled to the centre of Dark Rift
 - it is about the unseen brothers and sisters, whatever they look like; whatever you choose to believe - your choice - what is happening here is the turning of the page, **we are in a new creation cycle.**

T: talking to BBS guys after the show last night: what is freedom? Can we just do whatever?

- Yet there is something called education in order to exercise free will choice and not harm others in any way whatsoever, no matter what you do. Discussed Dr Theresa Dale's statement about the consumption of red meat and the amino acid in it which causes heart disease, the #1 cause of death in the US - an imbalance in the body.
- Am I free to do this to myself? What about the members of your family and others in society who may need to support you in sickness and death? These things go way out!
- We are moving into higher and higher states of consciousness - freedom is divine, and so are we by 100,000 years ago when the spiritual changes in the DNA occurred to elevate us as stewards of the land and the animals in the land & the ability to respond to that stewardship freedom is a collective thing
- Not about people being individuals in the Ayn Randian sense who says that society does not even exist! A complex question. [What is freedom?]
- Clifford Carnicom talked about the upcoming disaster with the increased levels of frequencies that they are playing with - spraying on the people on the planet like bugs; the technologies of that bug spray are not something we want to know about - yet it is increasing in magnitude and frequency - it has to do with the scalar waves that area increasing in magnitude and Frequency as we approach Galactic Centre. More and more people are aware and sending love and the Light has already won, yet they are playing with these energies - and there are many rogue factions.

Left, Right and Centre: Robert Scheer - 90% of the people said we want an absolute ban on assault weapons + a background check - like registering a car.

- The technologies coming forth have frequencies and scalar waves - best to work with the harmonies that bring balance and love instead of death
- **Christiana Frieland:** the IMF and bankers are sitting in DC this weekend to talk about what to do about the gold and silver crisis; and the fake Federal Reserve which has been gone since 1997; demands being made between Germany and the fake Fed
 - the folks playing with Christine LaGuard - the Hammer of Thor will hit them so hard they will not see it coming.
- As Dr Keshe said he is a messenger from Divine Creator Source - when you are playing with technologies that you have no idea about: when I give the word the technologies of death, the ships, etc etc will not work - we are in the realm of cartoon physics.
 - We are already meeting folks from different realms that have only been talked about in stories.
- **Lady Di and Dodi** told them: Prince Harry is taking a little trip to Antarctica in the next few months; the real story is that he is going there to talk to the folks about the cities that are 2.5 miles under the ice and the remnants of Atlantis, as Dr Hoagland has said.
- They want to play with a fake invasion and fake aliens - it has all been cancelled, as Dr Keshe has described - when technology is not used to help the people, it backfires on you!
- Refers again to Satellite #3 whose energies magnify those on the planet many, many times!
- MSNBC has been lying through their teeth all this week; Lady Di said there were more than 4 guys! This has to do with the rogue ops of the Navy Seals that are tied into the rogue elements in the military who want to take out BO and family
- **North Korea:** do not have enough material to fire a missile - a dangerous game.
 - We need to wake each other up: the hammer of Thor is hitting us up the side of the head and is

a shocker of shockers: as I am // of my soul - that energy is the balancing factor of what is coming in, and is changing things.

Camp Loveway: Teran: as we focus this week and on WESAK - remember what Buddha brought here

- The true king and queen are here, and represent the true Merovingian line and we will be here to see it!
- All the names we know that have to do with absolute lies: being exposed - they are out out of time, out of money; **let us focus on love.**

- she always talked about being Russian, Rumanian, Transylvanian like Rama - she found out she is a direct descendent from Eric the Red!
- She described in one of her shows the land of Hyperborea and the never ending sunshine and

the City of Asgåard; people like Thor, Odin, Loki

- These people had space ships and as they descended further south on the planet, they went to the steppe pyramids, the Caucasus Mtns and talked of the ones who were blond and hazel eyed -
- she said when you get a biblical story like David and Goliath and a 22' guy who has Annunaki DNA and a girl who is 7' tall, and someone short like David at 5-6' tall
- She described the conquest that occurred at that time of the biblical story & used the words: "Nephilim", "Annunaki" Elohim", "the sons and daughters of god mating with the sons and daughters of man"
- When they descended to the southern parts of the planet, they took their ancient technology from Hypberborea - they used sidereal technology.

T: Moorish Nations Latin name for the Amazon animal used by the Moorish scientists:

Jacob Caucasus Kushitis [Khazars]

- Name eventually became "Negru Yaveru Araba" to reproduce the red pale skinned hairy bodied children by cross-breeding that animal [chimpanzee] with 12 women Moorish scientists in the great pyramid University of Yucatan in Mexico
- Arabs came from that DNA in the Caucasus, then it went into Egypt, then into the armpit of Africa which fits with the Mayan shoulder of South America and Central America

- there are 9 core creator frequencies in the universe:

Marco ? Created a Toroidal structure based on mathematics - a mathematical construct of the universe.

- This is a universal musical construct - the original musical scale was 6 notes; **the magical one was 528hz**
- Book: **Healing codes for the biological apocalypse** - author was visited by Jesus; channeled some info
- There is good and evil in the universe; evil is part of what god created - encoded in 441 - dissonance to 528 which is miracles;
- Noory brings up the Gregorian chants and the encodements - same as Buddhist chants
- the perfect circle of sound 296, the 5th note is F# the augmented 5th in music
- 528 love harmonizes with every tone except 741 which is called the devil's tone[

Guest on Coast to Coast AM: Dr. Leonard Horowitz

John Lennon performed "Imagine" in 528. Why? Because he "got," as we have--the opportunity of co-creating peace-on-earth, by musicially tuning to the "LOVE frequency".

528 Hertz is a frequency that is central to the "musical mathematical matrix of creation." More than any sound previously discovered, the "LOVE frequency" resonates at the heart of everything. It connects your heart, your spiritual essence, to the spiraling reality of heaven and earth.

1. The Solfeggio Scale promotes a musical scale based on the 528hz C as being the "holy" scale of God.
2. That the current musical standard (440hz A) was institutionalized by the Rockefeller Foundation and Joseph Goebbels.
3. That sound frequencies can affect cellular structure/DNA.
4. The frequency of 528hz (C) has the ability to heal DNA.

Guest host [Rob Simone \(email\)](#) was joined by [Dr. Len Horowitz](#), authority on public health and consumer protection, for a discussion on the remarkable properties of the 528 Hz frequency. "The way that the entire universe is constructed," he claimed, "is through a musical, mathematical matrix composed of nine core creative frequencies." Based on his research, Horowitz contended that the 528 Hz frequency is the key component of this matrix.

He explained that NASA studies show that the sun's output contains 528 Hz as "kind of a central frequency within it." In turn, he said, this frequency can also be found in oxygen as a result of the photosynthesis of plants. "All of the botanical world is actually celebrating the 528 Hz frequency," Horowitz declared. Ultimately, he observed that the frequency can be found in "the heart of everything" including sacred geometry as well as everyday sounds such as laughter, sighing, and yawning. Additionally, he said that the frequency has remarkable healing powers, including the ability to repair damaged DNA. While 528 Hz may not be well known to the everyday populace, Horowitz mused that "people are inherently aware, in their hearts, of this frequency. It resonates in their heart as joy."

Horowitz also alleged that the current standard tuning frequency of A440 Hz is the result of a nefarious conspiracy aimed at blocking the power of the 528 Hz frequency. According to him, A440 Hz was chosen as the standard because "military acoustic warfare research" determined that it was the most dissonant and stressful frequency. Horowitz said that this reliance on A440 Hz results in a suppression of the 528 Hz frequency in humans. Concurrently, the "left brain, egoic mind" is stimulated by A440 Hz, which he called a "major factor" in science "becoming the new God." However, Horowitz said, as knowledge of the 528 Hz frequency becomes more prevalent, musicians are now making instruments tuned to the powerful resonance. "Globally, we have a musical revolution," he mused, "we call it the '528 Love Revolution.'"
