Opening Prayer: Angelsu

Mayan Calendar: Rainbird

We are setting our intentions for the next 260 days. Each glyph has a number and a tone.

We started a new wave yesterday: 1 IX

Feb 28st Thurs: 2 **MEN** the eagle vision - let's use the energy to manifest NESARA; stabilizes polarity

Mar 1st Fri - 3 CIB CIB is the warrior; good energy to start March; walking our talk

2nd Sat: 4 **CABAN** Caban is the earth energy; keeping our feet on the ground

3rd Sun: 5 **ETZNAB** Etnab is the mirror energy; another warrior aspect. Wise use of honesty and self - understanding

4th Mon: 6 **CAUAC** the storm; lighting clear thoughts

5th Tues: 7 **AHAU** a Portal day - mystical quality at heart of the 7; Ahau is Christ consciousness, cosmic consciousness

6th Wed: 8 **IMIX** - the first sun glyph

7th Thurs: 9 **IK** portal day, extra dimensional; IK is the wind; 9 is about the forces of mobilization

Annie Rose:

Mercury: has to do with communications; recalls the politicians during a Mercury retrograde: all of a sudden, the mikes go out and other kinds of things happen: it is a natural occurrence

But we as people have to go an extra mile to make people understand what we are saying and we have to be extra careful when giving comments: make sure it is constructive criticism as opposed to plain criticism

When she calls out a sun sign, if you know your ascendant or rising sign, be sure and listen to both signs! They both affect you.

Aries or with Aries ascendant: will be affected in 2nd house - money, property; your spouse or significant other's bank a/c; discomfort in the neck area

Taurus: communications will be affected: negatives leading to disruption of usually good communications will be heavily hit

Gemini or Gemini ascendent: when M goes retrograde in Pisces as it is now, hits you in the home or your mother, grandmother - don't argue!

Cancer - in the 5th house - house of love, clothes, diet, food, assets, may hear from an uncle; also affects
Leo - in the 6th house - health, food; please watch diet right now - more of male tendency to be a bit
careless in food and drink categories; now would be a good time to start a Leonine diet!

Mercury retrograde: Feb 22nd to March 13th

Virgo: have to watch attitude and how they say things: just the way they say things can affect the
meaning and their SOs or their spouses; justice - some kind of event from the past may arise and
it will be something they have been waiting for

Scorpio: will hit in 9th house - publications, letters; don't be surprised if Scorpios have a re-occurring
interest in religious things and the path they wish to follow; maybe issues with lower back, hip -
MORE WATER! Cleanse your systems! Mind will wander into long journeys - out of state; also very
philosophical - keep it in a +ve manner

Sagittarius: - house of career - work, work, work - people you knew long ago suddenly reappear;

Capricorn - 11th house of friendship and close acquaintances; will be someone related to your work or you
knew them at last job or knew them during your working life; past friendships will have renewed
stories at this time - can re-invent them

Aquarius - 12th house - will revolve around hidden factors; nothing overt - something hidden / lost /
misplaced will be found; Mercury will give answers to questions that they have not really talked
about; misunderstandings will be worked out; shopping for shoes - will be more conscious of the
needs of the feet - everything tells us when it needs attention.

Mercury is the planet where ideas are created or born; very strong indications of things that we thought
were over, that we'd paid our karma & learned something - another opportunity comes along and we
meet someone from the past we thought we'd never see again. Now is the time to create a happy,
welcome re-newing of a relationship.

Mercury is vibrant and alive; wonderful energy. A lot of us renew the interest in doing something as simple
as a cross word puzzle: we want to exercise the mind.

Mercury is in Pisces: Pisces is an extremely sensitive sign because they are not clear about how present
themselves with the communication

HARD NEWS

R: everything is called The Great Unravelling: the 4th turning when the heroes and the prophets are
showing up and we are hitting it out of the Field with the stories that are going on!

- The new religion is a cosmic religion based in Mother/Father god: **I AM THAT I AM**; we are creator
gods - the church is falling away at our feet; no more empire - this was not what Mary M and
Jeshu taught.

Ed Schultz show: Mike Papantonio was on for 2 hours; had on his Max Keiser hat on! Talked of the high
finance, investments and the stories of the 78 programs & the 40 note holders & games which
have continues since the time of Hitler who said I'll pay you back when I win the war!

- Ratzinger went off to the summer palace with his boy friend; love these ones as they leave in this
moment; the energies pouring in with the 6th sun has to do with us who are stepping up to the plate
- **Sequester:** another distraction yet it is more - all that is unravelling about everything is about one
particular story which we are dancing around -full disclosure - which will happen no matter who
wants / does not want it done! Jaquar medicine - non-ordinary reality that happens where you turn
around , there are Mother and Ashtar: we will see all rolled out very very soon.
- Mike P and John Nichols talked about Nine and one half weeks: about 2 movies that depicted the hedge
funds and rolling money over; what the Congress is guilty of: only 64 good members - everything

is unravelling in terms of the chaos - out of which will come the Mahdi

Mike P pointed out that John Roberts, Scalia, and Alito are members of Opus Dei - they **were appointed** by Bush Sr; they **were not properly brought into the Court because Bush Sr threatened them if they did not appoint his son as President, there would be civil war.**

T: the object [that crashed to earth last week] was a piece of technology - it had been travelling with the asteroid belt which is what is left of Maldek when it exploded; part of the Maldek story

R: this is real: when the planet Maldek exploded, pieces of the planet's technology blew up too

- the pieces of that technology are still there in that belt which science has never explored
- these pieces of the asteroid belt are coming into our atmosphere as we pass through the Galactic Plane which has been talked about in relation to the Photon Belt
- **KOS said Russia / KGB took charge of the object yet there is a swimming pool sized hole**

T: a French man [Dave Pardue, the actor] who is now a Russian citizen spoke to Putin and Allande; the piece can be used for good or for ill

Mike P on chair of Peter: his holiness never represented the chair of Peter, but of Lucifer and therefore the death of all across the board

- Bono, lead singer of U2, will testify against him all the back to the time when he murdered for Hitler; back in the 80s, Brezinski offered Bono the role as head of International Monetary Organization and he said no; he has been a leader with the peace movement and with people of Hollywood getting NGOs set up - like Sean Penn and food aid to Haiti, etc

T: A leader of the Islamic Party, Dalwar Hussein was sentenced to death today: Amnesty International said today that there are members who are trying to have this man put to death **for things he did not do**; Britain was behind the 1970 war of independence in his country

R: the Supreme Court Justices are trying to remove Section 5 of the Voting Rights Act: it is why his mother walked with Martin Luther King - the Aboriginal Moabite Nation will never go away!

- **Rosa Parks** was the one who started the movement by sitting at the front of the bus and trying to end Section 5 on the same day is very, very ugly - her statue was unveiled at the same time

Cathy: who else is prominent in world service besides Bono?

R: Christine Le Garde put out some kind of message on the internet about a new economic situation coming; she is a liar and a thief

represents the ancient reptilian empire that is going down; she is so called head of the IMF - also an archon [at least 50' tall lizard and more powers than ordinary Illuminati type lizards]

- have you seen the movie *Hell Boy* and other sci fi stories about life forms living in 4th dimension ; these ooglies are living in the 3/4th dimension - the Catholics call them demons.
- we are now in the 5th dimension

Ed Shultz commented at the end of his TV show: Pat Robertson talking about demons living or not in clothing from Good Will stores!! Ed said Pat R was losing it, live and on TV!

T: Bono had something to say about the Vatican: Heather is in bed with the Rothschilds who are Nazis as are the members of the Vatican - looks like she's a nice person but it is scary.

- March is a critical month - will get harder until the middle of the year

Caller MN: will BO win tomorrow on the sequester?

R: Ed Schultz was pessimistic today; Mike P a bit more optimistic; Randi Rhodes more so saying Pelosi might pull it out of the water

T: might be able to get it along to the end of March

R: Gen S McChrystal spoke with Matt Taibbi: said there is no reason to have the kind of war weapons on the streets of America

- T: the universal background checks are not wanted either; doing them will allow others to find out that Wayne La Pierre has been selling guns to criminals & to children in 3rd world countries
- what people are witnessing is that these ones will go as far as they can go to make people suffer
 - when the 6th sun comes in on March 28, it will amp up the energy even more - double, triple, quadruple - it will be so painful for those who have been working this way will not be able to stay in their bodies:
 - everyone of us has to clean our bodies as we come into the 6th sun, physically, emotionally, spiritually, cosmically will affect us too if we are not clearing away things from our own selves
 - the more pain they inflict on others, the more they will feel!
 - as for the sequester: **the reality is that 2.14 million will lose their jobs**, not 2.5 million -
THIS IS NOT A SPECTATOR SPORT - SPEAK UP!

Caller: mention more about the One People's Public Trust

T: she spoke of Heather just now, the lawyer of the One People's Trust: she disbarred herself, yes a cover-up: she has made it sound like she is on the right side:

- **she is still in bed with the Rothschilds - not inside NESARA law: the Rothschilds are behind the One People's Public Trust**
- No one except the Galactic Forces of Light can take this out this corporate Fascist state - **she is working for the Rothschilds and directing people to THE WRONG SIDE.**

MR: report on some of her conferences

- Very pleased about so much interest in organic food

Cathy: MR has been an organic, sustainable farmer: Bioenergetics Farm
now has an organic division inside the farm organization

MR: to go organic, you have to wait for 3 years after you apply for certification; land has to be cleaned up

- she grows food for people: blue corn, beans, spelt [heirloom variety-hasn't been messed with]
- after WWII, farming changed in order to use up the waste material created by the manufacture of weapons - the poisons put on the land prevented the ability of the land to digest the left over materials from the crops like the stalks

Returned from the **MOSES Conference**

- encouraging young people to take up farming
- has anyone heard of Roundup Ready seeds etc? Roundup is a celator which ties up the micro nutrients and the plants are not healthy; it has a 26 year half life which means that in 26 years half of the poisons will still be there, and 26 years later there will be half of that again.
 - what happens with genetically modified food means there is a gene that is not compatible - pigs that bite tails off other pigs, or chickens that peck each other: the gene which has been added is not supposed to be there, and when the animals eat the GMO food, it irritates the bowel - when the animals are cut open, they have an infection inside and that is why they were angry
 - an article: the unending list of GMO affected yuhavechoices@aol.com - Cathy's e-mail - she will send the list to you.
 - The Europeans know about GMOs and our controlled media has not allowed that information to get out
 - Also, **60% of fructose corn syrup has GMO in it - it is cheap but not helpful to health!**
- 2001 was when they converted to organic farming: like going back to the way they used to farm - another challenge coming up and farmers beginning to realize: the 28% urea nitrogen is getting into the water supply and they don't know what to do because they have never farmed another other way

- www.growbetterfood.com these are all products that can be put in the soil or on the plant as a spray and the plant which now has high mineralization benefits the eater - **bugs will not eat a healthy plant**

Yesterday's seminar: 120 people - how can we do things differently?

- Talked of white butterflies on cabbage: when they lay the eggs and the larva forms, it actually attracts the predator
- People are beginning to ask lots of questions because they are not healthy
- **Look for the food documentaries:** Knives over Forks; Food, Inc; her grandson gave her a 6mos subscription to Netflix and wired her up so she can see what is happening: Hungry for Change, Dying to have known; some from Rodale institute; Just Food; Food Change - things to help us understand and how much effort is being put into helping people understand - **organic is no longer fringe**

Merrlene Isaacs:

- things are intensifying again: we are being pushed to grow - a tremendous growth spurt physically, emotionally, spiritually; we are acclimating to the energy shifts
- our DNA is being activated: we are morphing and there are some side-effects: we are not sick, it is not negative - we are transmuting, burning off the dross - just let it burn away between now and May 8th - every day will be like a week or a month of activity: an exciting time - don't be afraid
- Everything we want is on the other side of the experience: push on through
- She was doing Oracle teachings last night: it is **on her Facebook page: mareleneisaacs page** - will actually see an intuitive teaching: called The Oracle; it will be coming out in YouTube as well: they caught some things energetically on the film
- In 1987, she had one of the first TV programs in the country - but this time, she had no idea she could put things on Facebook in this manner: someone else did it for her!

Cathy: any insights about the Pope leaving?

MI: witnessing the end of what has been prophesied: we never did need an intermediary

- there is a huge difference between religion and spirituality:
 - has taught about Jesus and Mary Magdalene; by the 4th century, they had been torn apart: she taught about the true bloodlines:
 - the early sects with Mary M and Jeshua were about Mother; the church of Rome was based on Peter, the male energy; he really disliked Mary M - was jealous, denied Jesus 3x;
 - by the 4th century, there was real repression of the true teachings: like, there should be celibacy which lead to abhorrent behaviour
- She has clients who were in the priesthood who married because they did not believe in celibacy - so we are seeing the dying out of the dominance of the father line of creation; there is a Divine Mother and a Divine Father
 - when Pope R first came into office, he was into spending lots of money: they called him the Gucci Pope - his shoes were Prada! [The Devil wears Prada movie] - the real truth of why he left is obvious: there is nowhere to run or hide: the scandals will not be hidden any more: silence will not work

CL: when she saw it this am and saw the reporting: she was ready to [no words!] because everyone was so loving and respectful

MI: **he did nothing** about the reports of molestation and so on; she also saw the same segment - we are living in a transparency now those kinds of thing are filmed and they will not die away

Caller: question about teeth and gums

MI: the last stop [in transmutation] is the body; teeth and gums connected with not feeling safe enough

to speak your truth

- Think about things that may have been building up and not speaking your truth.
 - Feels like there are a couple of bad spots: have you had gum work done? Yes.
 - Thinks she had a couple of deep pockets: do you use hydrogen peroxide? Yes
 - Seems like a deep hole: are they wanting to do an implant? Thinking about it, did a root canal and there is an infection, back molar tooth, upper left side - this is female subconscious mind - holistic dentists are against root canals
 - when did you sense things might not be right? January [work done in December; something might not have been caught]
 - be careful with the implant - she is not scheduled for such; will look at the root canal and see where the infection is
 - Seems like there might be just a tiny speck of something - no, caller was not given anti-biotics
- MI** not a fan of anti-biotics, yet sometimes patient is given them just as preventative
MI: thinks it can be rectified: sees 3 roots and sees something really small

Caller: met MI a few years ago - what is going on with things and her family? Weird things!

- We met at a hallowe'en party
- Is this the same person you are having a struggle with? Yes, what is going through her head and what is she doing to the family
- there is a splitting and dividing going on: there is a schism in her self - you are seeing more of what is happening now - hitting really hard now. People who have been good at being passive-aggressive activities, won't be able to carry it off any more: speak to her at higher level - don't see the person in a role, see the person as a baby or a child - feels like there are lots of secrets there that she can no longer cover

Caller: Yes, they moved quite a distance away;

MI: between now and Easter time, some things may be revealed. Are other people in the family aware of what is going on? Yes, they are kind of in denial

- That is normal: something will happen soon that they can no longer be in denial - may be about her being jealous of the caller ; she has just had a text message to that effect
- Don't want to be caught up in a reactive place - caller agrees.
- It is husband's sister - he is over it; she does not say anything to him, only to the caller

MI: don't fall into the trap; document things and speak to her at a higher level; when she cannot engage the caller, she will go elsewhere. What will happen with the boys - feels she uses them as a pawn.

MI: when did you last see the boys? Just a few weeks ago - the older one was allowed to stay for a while - they are 6 and 7;

MI: what is interesting - when someone turns 8, there will be a shift.

- Anything interesting happening when they stayed? No, nothing at all

MI / CL: time to clean out old stuff, old ideas

Caller KT: concerned about his brother

MI: has been concerned about it too - knows he called yesterday

- he is being watched - don't get overwhelmed; stay centered and you will know what to do - call her after the show!
