Hard News:

T: Our Ashtar command person, Larry, showed up live in Randi Rhodes' studio – VERY RARE!

- He said they want to create an all -out global crisis including crashing the global world economy so they can create their fake alien invasion. As we approach the deadline on the raising of the debt ceiling, all dark plans will be aborted and Obama will bring down the Hammer of Thor. And then full disclosure of the presence of the Ashtar Command will be announced.

RR: Larry, what about the arrests?

Larry: There will be a simulcast of advanced Galactic technology that will contain all of the criminals, which will ensure that President will proceed with full disclosure, uninterrupted.

- Rama suggested there might be 3-4 split screens or maybe 6 along with Obama talking

T: as Heidi said the day before yesterday: expect a full collapse. Everything in its entirety will be gone. Would be wise to get it in a credit union. Usually the banks roll things over, not so in a credit union.

- Won't be one dime left - will be wiped clean. Then NESARA come into being.
- If we are not enrolled in any one of the N programs, we are eligible for \$10 million – they have the technology to keep track of us.
- Everyone will have a roof over their heads; food to eat; free health care; 2-4 times as much in our social security – dignity for all.

Ed Schultz: Mike Papantonio was sitting in – started by describing the right wing loonie toons: their behaviour is paid for by the Billionaires Boys Club + the millionaires in Congress – controlled anarchy that goes into the realm of false flag events.

- They brought up the Navy Yard event: about the fact that they are going to the Dark Rift: send them more love.
- T:** Mike was said the crazy behaviour is on purpose: ron Paul, Opus Dei ones in the Supreme Court & Citizens United; there are trust fund babies
- The hippies who became yuppies joined the Wall Street crowd and became CEOs and got themselves snared by the 13 families. They are the ones cracking the whip to Boehner. There is a pecking order.
- Mike, Brad Freedman [Brad's Blog] and John Nichols: talked of Jimmy Carter being axed and Ronnie Ray-gun being put in office: since that time, all the districts have been gerrymandered for last 33 years; rigging the voting machines; creating laws that make it difficult for those who would voted Democrat to vote.
- They also said don't forget Mitt Romney and the "corporations are people" routine – they are creating controlled anarchy with an army [BlackWater/Eric Prince trained in Georgia] – also the CIA is operating in the US – treason against the country.
- Mike P, John Nichols et al; they said that Obama will clean the clock of Congress and order their arrests: we are approaching the cliff. These Republicans have been in bed with APAC – so since 1949, have been in bed with the Great Satan, Netanyahu's bunch of the Khazarian philosophy.

T: listening to Al Jazeera: really hard to shoot out the tires of a car: investigated the neighbourhood where the young lady and her daughter lived: the neighbours said she was a nutsy driver – went super fast, driving impetuously around the neighbourhood

- Thom H said they found drugs for psychotic behaviour, post partum extreme depression; things for being bi-polar – quite a mix! Coupled with MK Ultra programming and ProIntel pro – 34 yrs old.
- Schizophrenia, post partum depression!
- Chamber of Commerce are squawking: calling Boehner to call a vote. R has heard that Tea Party is receiving no more \$: C of C supported the Repubs to \$35 million – and they are funded by the Koch Bros – and \$385,000 on the Dems!
- Amount of fracking is over the top in the US: pray peace and pray health
- The valley in CA where food is grown is being gone after – make sure you have your well water tested. The ground water in Santa Fe is radioactive!
 - Make sure you eat non-GMO food, buy it from farmers you know
- Today has been a memorial day for the Italians – only 115 African migrants have survived; there 150 dead bodies and close to 235 that are still missing.
Journal: the European immigration policy needs to be reviewed & to do more for the immigrants. The people from Africa are fleeing lack of food, water, infra structure in their own countries. Those in the boat lit flares and it lit the boat on fire; people ran to the other side and it all turned over. The people leave from Libya; they cannot swim, they just want help & to feed their families.

Germany: the 2 main parties meet to create another party – not easy to do. Some things happening like what is going on in US. The greens and the liberals must coalition with the Social Democrats.

NHK in Japan: investigators in Spain are investigating whether 100s of recent earthquakes are being caused by an off-shore gas storage planet – a former oil field in the Mediterranean sea – an under water tank to store the gas. More than 300 earthquakes have been reported in the area around Valencia – and the land is about 20 km off the coast. In June, the engineers injected the gas into the tanks. They have been ordered to stop!

Germany: call for higher taxes for the higher earners; to have a minimum wage; to have higher pensions – has to do with the 23rd anniversary of the 2 Germanies becoming one.

- The Silk Road – anonymous market place – generated \$1.2 Billion dollars in 2 years; shut down by the CIA

- a 29 year old from CA was charged with computer hacking & other crimes:
- it was e-bay for selling drugs, accessed by an encryption code called TAL; bit coin was also used.
- Seized over \$30 billion dollars worth of bit coin – the value of the bit coin plummeted by 20% when the announcement was made.

Al Jazeera: they had all the republicans looking like puppets with no pants on: “No budget, no pants”

NE Libya: a 2700 year old ruin in the mountains has been destroyed to build houses. Homeless people destroyed ancient burial grounds, tombs, ruins etc – if they didn't do that, they'd been living in the sea.

- These ruins survived the ottomans and various invasions.

Music:

Mother Sekhmet

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: asks at this time that 9/11 be on the table with full disclosure, and the audacity in each of us to speak truth to power – may peace prevail on Earth!

Greetings, Children of Ra:

- the issues at hand are the most critical mass that have been reached: now is the time for Peace; now is the time for Love.
- All that is transpiring at this moment – the sound of one hand clapping- is the issue; that sound is changing all the realities in the moment. It is the calm in the eye of the storm of the moment, as we approach Galactic Center. And it is a wild ride, as Bill Hicks has called it.
 - It is about trust and faith, as there is no net; it is walking the road where there is no road; we have all been taught how to do this when we agreed to show up and rise to the occasion when volunteers were called in 450+ billion years ago.
 - It is all the moments now contained in this moment when we asked to create a universe with living beings: planets, suns, all kinds of creatures. It is about the co-creation we got involved in. It was Free Will choice within the parameters of The One; the issues at hand are about the violation of the Prime

Directive – various issues about others species having issues with other species.

- Yet we all are all one, good party people on the good Red Road – it is about all of us. While we are the servants of peace, it changes everything.

- All the issues now are about the absolute success of this planet's ascension along with everyone on it. This is why we represent the 99% plus the 1% that is ultimately us too.
 - This is why we say the one hand clapping: the sound of that rolling thunder in the moment here is about the issues where the 1/16th of the 1% like what they can do with the issues of greed and the wealth that they throw around like used toilet paper!
 - All of it is turning to sand in the moment: it is what The Man said: live a simple life, work with the land; when the land prospers, the people prosper. It is not what you can do with the algorithms – it is about what your hands can do, your feet can do when you listen to the sound of the heartbeat of the Mother;
 - That drumbeat is what keeps you alive – that heart beat is the one hand clapping. When she speaks, we can only listen as her voice is louder than anything else going on. It drowns out the rhetoric of those who have usurped the good name of the one-hearted people and they have come full circle –
 - we will not give dates but it is the 4th day and it is not about Obamacare, the AFC Act – it is about hate vs love; hate is not a family value.

T: hate is not really possible; it is the absence of love that is . . .

Mo: no – the idea that a black family is in the peoples' house is a touchy issue; it is like what ties Netanyahu's shorts in a knot over Iran: how dare a slave and his family make it to the White House? It is not about anything else.

- Affordable Care? Obamacare? When these folks use the word “Obama”, it creates ideas and these ones are playing with word magic in an evil way.

- This is the story here; not about anything else. The UN is just a sham; the Justice League will be making an entrance soon: the true Justice League based on truth, peace, mercy, justice, honour, respect. All of these things are in focus and the sham passion play being played out by our children is just that; they are psychotic.

- Their grandiose idea of Armageddon and the issues at hand that represent anti-life, as opposed to life, they have not wished that we would do when we found out what they had done: they are petrified what we might do when we found out who they say they are, they are a very ancient, proud race

- This is not about security and command with the hand of fear; this is divine unconditional compassion and love; this is why she says: Make me an instrument of thy peace. Let me so love - where there is darkness, light; grant that I may not seek to be consoled as to console; it is in giving that we receive –

- Tara repeats the Prayer of St Francis of Assisi.

Mo: that is the order of the day, as the heartbeat of the Mother is the largest sound going on right now. That energy is changing the picture, and they know it: it is about the love that is pouring forth across the expanse as we approach galactic Centre –

- the frequencies are increasing even more; the solution is to surrender to love – it is how we transform that which we see as Mordor into eternal life – it is just a holodeck program.

- These things are coming to a conclusion now – nano seconds, hours – but NO DATES.

- Can the markets continue to play with the people's lives? Max will talk about it in a minute, and it is worse than we think. How do you take a planet's wealth and stash it for a rainy day? This is not possible.
 - Good masters from Venus Merk and Lady of the Sun from Venus brought the gold here, along with Nibiru & many other folks.
 - The gold dust is changing the course of the story – any time now, the second Golden Compass story will be coming out. Rana Mu told Rama about it today. Lyra's father is going to take on the Magisterial about the fact that the Magisterium wants to use the gold dust
 - The story is an analogy of what the ancient Annunaki life forms want to do now: wake up the Adoo [?] Jihad which are ancient life forms that are the Jinn; the Adoo Jihad are like giant squids that are intelligent life forms not based in love.

T: the Octopus ARE based in love

Mo: Yes. When Lucifer fell, he took some of those ancient ancient beings & turned them to the dark side.

- They want to play with this and the fake aliens invasions. They don't get to do this.

- What they don't understand is that the Adoo Jihad came back to love when Jehovah, Lilithe and Lucifer came back to love – if they are released from their containment fields, they will go after the Annunaki, not us!

- And Mother would not like that to happen to anyone!

T: it sure looks like they are wrapping this one up

Mo: Harry Reid and other good people are burning the midnight oil. The energies are such that the good people in Congress have nothing to fear about the AC Act; the UN has nothing to say – these are based in fear. They are petrified about what the human awakening can do; send them more love.

T: Gov Gerry Brown [CA] signed a bill to allow undocumented immigrants to have drivers license. And 10 other states did it too – police, insurance companies, immigrant population are supportive

T: will Wendy Davis make it as Texas gov? Could turn TX into a blue state – fed up with Perry between gov Bush Jr and Perry, killed 500 people.

Mo: mentions Ann Richards and her daughter who is the head of Planned parenthood – support Wendy

- there is much that is unravelling
- Rick Perry will be held accountable for mass murder and genocide in TX.
- Wendy is bringing back dignity to the Lone Star State.

T: Wendy said you all deserve to have your voices heard and that is why I am proud to announce my candidacy

Mo: why does TX have such a reputation of being a great place to be when the people of the state are treated like the Palestinians are in the hands of the usurpers of their land?

- A one-state solution is what is the answer in Palestine
- *Global Climate Change is what is going on*; not a fake story about global warming – has to do with the rising frequencies of the people and the temples of the living god becoming as crystal clear as this glass.
- All the issues of the moment – in the twinkling of an eye, Imagine All the People

T: a problem with Mr Putin

Mo: an ancient, ancient soul who is still spewing out a dangerous game; he know his technology does not hold a candle to galactics' technology; it is not even a fair fight if they were to use their technology against us

T: It's about the greenpeaceers who have been arrested & being held in Russia

Mo: it's about the show of fake force – that good people have made it an understanding that there are things going on that are not in alignment with the healing of Mother/Father God on this planet

T: Russian prosecutors have charged the remaining 16 people with piracy – facing 15 years in prison as they tried to board Russia's first Arctic off shore oil rig – even though Putin said it is not piracy. Expected to be a global day of support / protest across the world, calling for the release

Mo: same issue as in US – about the fossil fuels: the nuns who cut themselves and let the blood drop on the bombs and now they are in prison.

- Why do the life forms on earth play such a dangerous game – in one minute you are here; in the next, you are searching for your sub-atomic particles!
- Ahstar has already said: THE NUKES DO NOT WORK!
- They are playing a dangerous game at such deep level – a heavy duty poker game: they probably have 2 of a kind; we have a royal flush! So they are going to have to fork it over: we send them to the Dark Rift; send them more love.

T: in Ecuador, Amazonian Rainforest - Yasuni National Park and the President tried to get support from other countries to preserve it; it failed

Mo: the jackals with the money have

T: But Ecuador's parliament voted to pass a drill law and have the oil for the people

Mo: Jackals surrounded the Parliament with guns cocked and said "You will give us the oil, won't you?"

T: They say they need the resource money – why doesn't this get changed?

Mo: It is changing in the moment; the rain forest is the lungs of the planet; and earth is healing in spite of the patches that are transforming themselves from death to rebirth.

Earth will make it; will humanity? Of course. We are visitors from your future

- as NESARA gets announced and we save the day. Right now, what is happening is speaking truth to power: Do what is needed: Occupy Love.

T: US Naval Officer wanted for murder of 2 Americans during the Pinochet

[SEE BELOW]

Mo: It is only about love and how we get along with each other; we are as unique as the stars; we are diversity within love

- Greetings in the Light of the Most Radiant One.
Kadoish, kadoish, kadoish

R: getting worked on for his teeth; needs to place himself in the Circle of Support

- on the biggest story ever, it is about what many have said: we don't need to touch another drop of oil or the energies from within the Mother – just ask, and it is given

T: are you saying we can sue the Atlantis Grid now?

R: there are technologies which can hook us up today!

INFORMATION RELATED TO THE NOTES

2013, Oct 4 **Ex-US Navy officer wanted for murder dies in Chile**

SANTIAGO, Chile -- The anonymous death in a Santiago nursing home of a former U.S. Navy officer wanted for trial in the 1973 killing of two Americans in a case that inspired the Oscar-winning film "Missing" is generating frustration and questions in Chile and the United States.

Courts in Chile have long sought former Capt. Ray E. Davis, believing he was living in Florida. Last October, Chile's Supreme Court approved an extradition request for Davis to face trial for the deaths of American journalist Charles Horman and U.S. student Frank Teruggi, who were killed in the early days of the 1973-90 dictatorship of Gen. Augusto Pinochet.

But Davis was secretly living in the Chilean capital all along. A Chilean death certificate says he died at age 88 of "multisystemic failure" at a nursing home in an affluent Santiago neighborhood on April 30.

"They were working to get Davis extradited and he was literally less than a couple of miles down the road," said Peter Kornbluh, author of "The Pinochet File: A Declassified Dossier on Atrocity and Accountability."

"You'd think that the foreign ministry has records of who enters the country and when, and that those documents get shared with official authorities," Kornbluh said.

The surprising discovery that Davis lived and died in Santiago not only thwarted Chilean justice, but also has left Horman's widow, Joyce, deeply frustrated and questioning of the news.

"I just don't like what I hear and would like to have additional proof from the U.S.," Joyce Horman told The Associated Press. "After 40 years, this is extraordinarily frustrating."

Mrs. Horman wants the U.S. government to demonstrate that Davis' pension was suspended to confirm he is dead.

"I need to get real verification from the United States that this man is either dead or alive," she said. "And I don't see that happening because the U.S. Embassy is accepting the death certificate from the Chileans, which sort of absolves the U.S. about having to say anything about this man. And that's wrong."

Judge Jorge Zepeda, who requested Davis' extradition, also seems not to be convinced of the death and has asked the U.S. government to confirm the information. Documents obtained by the AP show Zepeda told Chile's Supreme Court in June that "there is no record that can help conclude without a doubt that the death certificate ... belongs to the person wanted internationally as there are five U.S. citizens named Ray Davis" in Chile.

The U.S. Embassy in Santiago said it found out about Davis' death on May 10 and added that "the U.S. government was not aware that Davis had been living in Chile."

Citing "privacy concerns," the embassy would not provide details on when Davis left the U.S. and entered Chile. It declined to comment on Davis' pension or whether the U.S. would provide any further proof of his death.

After Davis was charged with murder in 2011, the AP contacted his wife, Patricia Davis, at her home in Niceville, Florida. She said her husband previously denied any involvement in killings. She also said he no longer talked because of Alzheimer's disease and was in a nursing home that she declined to identify.

Records obtained by the AP say Davis was cremated at Santiago's Parque del Recuerdo cemetery.

Davis commanded the U.S. military mission in Chile at the time of the Sept. 11, 1973, coup that ousted the democratically elected government of Marxist President Salvador Allende. Davis was investigating Americans as part of a series of covert intelligence operations by the U.S. Embassy targeting those considered subversives or radicals, said lawyer Sergio Corvalan, who represents Horman's widow.

Horman, a freelance journalist and filmmaker, was arrested Sept. 17, 1973, just days after the coup and taken to Santiago's main soccer stadium, which had been turned into a detention camp. He was 31.

A national truth commission formed after the dictatorship ended said Horman was executed the next day while in the custody of Chilean state security agents.

The commission said Teruggi, then a 24-year-old university student, was executed Sept. 22.

The search for Horman by his wife and his father was the topic of the 1982 movie "Missing," which starred Sissy Spacek and Jack Lemmon. The film won a best screenplay Oscar.

The film suggested U.S. complicity in Horman's death and at the time drew strong objections from U.S. State Department officials.

The case remained practically ignored in Chile until 2000, when Mrs. Horman came and filed a lawsuit against Pinochet. She said she was acting on behalf of all victims of the dictatorship.

The government estimates 3,095 people were killed during Pinochet's rule, including about 1,200 who were forcibly disappeared.
