## **HARD NEWS:**

**Caller1:** received a letter from IRS re mailing address asking for his home address; should he send it and/or should he send it with red writing on it - "It is a gift. Where is my cheque for my benefit?"

**T:** how come they do not know your home address? Quite surprising that you get something directly from that so-called place – there is usually an interloper

- Report on the plane that crashed at the San Francisco airport: - a South Korean Boeing 777 – don't know how it happened. Discussion about possibilities.

**Camp Loveway:** guest was Raj Patel – the question was asked: do you wish for us to show up? And the answer is yes: the message from the galactics could be in the form of energy interactions, how matter and anti matter interact or the solar winds, and bringing in the shamanistic story about this and the shamans who have been listening to the winds and all the kingdoms are singing, telling their stories and saying now is the time of the ending of this cycle, and new energies are manifesting! Many of us are still saying "Huh? What? 2012 came and went!" As you believe the changes have happened, they have – it's about your point of view.

- Something is changing about the very nature of reality, and people are feeling it
- Also had on Horse Whisperer; she and Raj Patel were talking about the various animals who are speaking up and saying they need our help to get through this; things may not seem to be what they are supposed to be – our cats, dogs, horses, exotic animals are talking to us, including the snakes -something has changed in the dimensional realities of this sector of the galaxy – would be in our interest to listen
  - Raj Patel says it's the sound of the galaxy and we respond with dialogue that comes from a heart-centered space – he brought up the auywaska story and the various rivers – this is the time and the place of the changing of the time lines

R went into a Washington Federal Bank and showed them a \$1000 dinar; said he knows Section 7 has been lifted – the sanctions being lifted; people standing by piles of dinars – he told the teller this and showed her the website – she told him his chain was being pulled big time, with the Patriot Act in place, how can we cash this in – she said if they are doing this, they are going to get a very interesting visit from the Homeland Gestapo – there are many misgivings about this as there has been no announcement from the Sirian Commander and Bush, Cheney and Clinton are still walking the planet

**R:** Romney, Cantor and the others are still free – what have we got?

**T:** this is the entirety of the old order and the NESARA law has to be enacted

It is about the power of love!

**R:** The story about the Boeing 777 is another distraction, no matter how awful – don't think it was done on purpose but still a distraction.

- Up to 70 have been injured in the crash; up to 2 dead

**R:** Ed Snowden got offered sanctuary in Venezuela – **T:** he requested, and they accepted – the president had already offered Edward the opportunity

**T:** neat things in the news: thanks to all who have been keeping their eyes open

**T:** Magic Mary called in to tell about an item on CNN or NBC – announcement that July 10<sup>th</sup> Basel III will be fully in effect in the US – this is NESARA stuff. What is a regular main stream news saying this for?

- Another unusual thing Alex Witt's show was cancelled and THE ED SHOW took its place!
- Before that, Melissa Harris-Perry's show was live from New Orleans - The Essence Festival
  - also a free health clinic on site
  - talking of every aspect of racism which is inextricably connected to slavery
  - people with white skin do not understand they are slaves as well as they are not of the elite
- Ed Show had on a young boy – 9 years old – so articulate and a wide grasp of the issues. Talked of Rahm Emmanuel and how many schools that got shut down – his mother moved him from a private school to a public school and he went too. He started meeting kids and teachers from 50 others

schools that were to be shut down – as he talked with the students from other schools, he found out the other schools did not have the programs he had in his good public school.

- He had such a good background and a good grasp of what was happening – said that students need art, science, music, astronomy, meditation to be fully developed
- 2<sup>nd</sup> hour of the Ed show was Rev Al Sharpton at the Essence Festival:
  - Started to talk of New Orleans and the Creole people who speak French & Spanish
  - the French is a mixture of Spanish and French – a unique dialect
  - Rachel, the girl friend of Trayvon Martin: her first language was Creole, second was Spanish, 3<sup>rd</sup> was English and she can speak, write and translate from all three and she was being put down by the white population as ignorant! It is stunning how our emotional immaturity is unwilling to go deeper and feel the pain and this gets in the way of understanding
  - This stigma seems to come from the white people who are not in the elite group, but making money inside the right wing aspect of things; – their schools are less than, their income is less than, yet their whiteness does not help them: they are being called by the elitists as useless eaters
    - it is the energy of people looking at others and seeing them as less better off than the white ones
  - Also the injuries in the uterus to the brain and other parts of the fetus: one in every child of 10 born in the blacker racial ethnicity are dying at birth right now – and 1 in 50 end up with autism across the US!!!!
  - Has to do with GMO stuff, exposure of soldiers to agent orange stuff in various wars, white phosphorus and also depleted uranium tailings – babies are being formed with all these chemicals in the environment
- Helen Thomas said that **Israel is the White Satan** when she was asked about this on alternate Focus – she was asked what to do about it: they can go back where they came from: Poland, Germany and the US where only 6% are Israeli – even though the ethnicity is 6%, the entire US is Israeli by policy is what she means

**Abby Martin:** most people think the US gives Israel \$3 Billion / year;  
but there is **another \$3 Billion that no one knows about**

- AND we have given \$1.4 billion to build a new Air force base!

- Today on Pirate TV: a man for the last 25 years researching the US Navy; they have been putting up in bays – San Fran, off Georgia and a couple of other places where they are moving trident / nuclear missiles – up and down the coasts – they are planning a nuclear fight
  - Glenn Milner used the Freedom of Information Act, and has been able to get on Free Speech TV with the information, a testimony to the times we are in. He has survived death threats and so on

**R:** talked to KOS about this: he said they are begging for a date with Mother and she will show them what is done with that technology

### Scientists discover tiny solar panels that create themselves

File this one under "holy crap," but scientists at MIT have discovered molecules that spontaneously assemble themselves into a pattern that can turn light into electricity — essentially a self-creating [solar panel](#). In a petri dish.

The researchers set out to create a synthetic process that imitates photosynthesis. Certain molecules respond to light by releasing electrons; the trick was discovering a substance that sticks them together in a consistent structure. Phospholipids do just that, and they also attach themselves to carbon nanotubes, which conduct electricity. With the nanotubes holding the phospholipids in a uniform alignment, the photoreactive molecules are all exposed to light at once, and the tube acts as a wire that then collects the resulting electrical current.

The most interesting part is that the tiny solar array can be disassembled and reassembled just by adding chemicals. Spray on an additive and the molecular components break apart into a soup; remove it with a membrane, and the system spontaneously puts itself together.

After repeatedly having the system go through disassembly and reassembly, the scientists found the system had no loss in efficiency. That could prove to be the best development of all, since losing efficiency over time can be a big problem with some solar systems. It all makes sense: if you want to build better solar panels, why not look for inspiration from the most successful solar-energy generators of all: plants.

## 2013, May 24 Illinois illegally seizes Bees Resistant to Monsanto's Roundup; Kills remaining Queens

By [Global Research News](#)

Global Research, May 24, 2013

*The Illinois Ag Dept. illegally seized privately owned bees from renowned naturalist, Terrence Ingram, without providing him with a search warrant and before the court hearing on the matter, reports [Prairie Advocate News](#).*

*Behind the obvious violations of his Constitutional rights is Monsanto. Ingram was researching Roundup's effects on bees, which he's raised for 58 years. "They ruined 15 years of my research," he told [Prairie Advocate](#), by stealing most of his stock.*

A certified letter from the Ag Dept.'s Apiary Inspection Supervisor, Steven D. Chard, stated:

"During a routine inspection of your honeybee colonies by ... Inspectors Susan Kivikko and Eleanor Balson on October 23, 2011, the bacterial disease 'American Foulbrood' was detected in a number of colonies located behind your house.... Presence of the disease in some of your colonies was confirmed via test results from the USDA Bee Research Laboratory in Beltsville, Maryland that analyzed samples collected from your apiary...."

Ingram can prove his bees did not have foulbrood, and planned to do so at a hearing set in April, but the state seized his bees at the end of March. They have not returned them and no one at the Ag Dept. seems to know where his bees are.

The bees could have been destroyed, or they could have been turned over to Monsanto to ascertain why some of his bees are resistant to Roundup. Without the bees as evidence, Ingram simply cannot defend against the phony charges of foulbrood.

Worse, all his queens died after Kivikko and Balson "inspected" his property, outside of his presence and without a warrant.

Of note, Illinois beekeepers are going underground after Ingram's experience and refuse to register their hives, in case the state tries to steal their private property on phony claims.

2013, July 2 **North Carolina Prepares To Suppress Black Voters, Not That The Voting Rights Act Lost Its Teeth**  
By [Aviva Shen](#) on Jul 2, 2013 at 1:30 pm

(Credit: AP)

Just days after the U.S. Supreme Court gutted the Voting Rights Act, North Carolina is moving forward with a host of bills to [roll back voting rights](#). Republican lawmakers are accelerating a new agenda to eliminate early voting, Sunday voting hours, and same-day registration provisions. GOP leaders also vowed to move quickly to pass a controversial voter ID law that would make it much harder for minorities, seniors, students, and low-income voters to cast their ballots.

The court's conservative majority decreed last Tuesday that the formula used to identify states with a history of using election law to discriminate against minorities has "no logical relationship to the present day." Many of the covered jurisdictions celebrated the decision by promptly [advancing voting restrictions](#) that disproportionately target minorities and low-income voters. Texas enacted their [previously blocked voter ID law](#) mere hours after the ruling.

North Carolina's newly unfettered attack on voting rights has three main prongs:

- **Require ID at the polls.** North Carolina's voter ID bill could pose problems for [1 in 10 voters](#), according to an analysis by the State Board of Elections. About 613,000 North Carolinians lack the required government-issued ID. Nearly a third of these voters are black, while over half are registered Democrats.
- **Penalize college students for voting.** Republicans are also [pushing a bill](#) to raise taxes on families with college students who choose to vote at school rather than at home, effectively discouraging college students from voting.
- **End early voting and same-day registration.** Other states that restricted early voting, like Ohio and Florida, needlessly created mammoth lines on Election Day, forcing some voters to wait until 1 a.m. to cast a ballot. The backlash in Florida has been especially strong, prompting Gov. Rick Scott (R) to [reverse his own voter suppression laws](#). In North Carolina, black voters make up 29 percent of early voters and 34 percent of voters who took advantage of same-day voter registration at the polls.

The Republican-dominated legislature and new Republican governor will likely do all they can to speed along these restrictions. However, polls show that North Carolinians [overwhelmingly oppose](#) these new voter suppression measures. "Moral Monday" protests are cropping up all over the state to challenge these bills and a [slew of other draconian policies](#) targeting the poor, women, minorities, and seniors.

The First Charter of Virginia  
April 10, 1606

JAMES, by the Grace of God, King of England, Scotland, France and Ireland, Defender of the Faith, etc. WHEREAS our loving and well-disposed Subjects, Sir Thomas Gates, and Sir George Somers, Knights, Richard Hackluit, Clerk, Prebendary of Westminster, and Edward-Maria Wingfield, Thomas Hanham, and Raleigh Gilbert, Esquires William Parker, and George Popham, Gentlemen, and divers others of our loving Subjects, have been humble Suitors unto us, that We would vouchsafe unto them our License, to make Habitation, Plantation, and to deduce a colony of sundry of our people into that part of America commonly called VIRGINIA, and other parts and Territories in America, either appertaining unto us, or which are not now actually possessed by any Christian Prince or People, situate, lies, and being all along the Sea Coasts, between four and thirty Degrees of Northerly Latitude from the Equinoctial Line, and five and forty Degrees of the same Latitude, and in the main Land between the same four and thirty and five and forty Degrees, and the Islands thereunto adjacent, or within one hundred Miles of the Coast thereof;

And to that End, and for the more speedy Accomplishment of their said intended Plantation and Habitation there, are desirous to divide themselves into two several Colonies and Companies; the one consisting of certain Knights, Gentlemen, Merchants, and other Adventurers, of our City of London and elsewhere, which are, and from time to time shall be, joined unto them, which do desire to begin their Plantation and Habitation in some fit and convenient Place, between four and thirty and one and forty Degrees of the said Latitude, along the Coasts of Virginia, and the Coasts of America aforesaid: And the other consisting of sundry Knights, Gentlemen, Merchants, and other Adventurers, of our Cities of Bristol and Exeter, and of our Town of Plymouth, and of other Places, which do join themselves unto that Colony, which do desire to begin their Plantation and Habitation in some fit and convenient Place, between eight and thirty Degrees and five and forty Degrees of the said Latitude, all along the said Coasts of Virginia and America, as that Coast lays:

We, greatly commending, and graciously accepting of, their Desires for the Furtherance of so noble a Work, which may, by the Providence of Almighty God, hereafter tend to the Glory of his Divine Majesty, in propagating of Christian Religion to such People, as yet live in Darkness and miserable Ignorance of the true Knowledge and Worship of God, and may in time bring the Infidels and Savages, living in those parts, to human Civility, and to a settled and quiet Government: DO, by these our Letters Patents, graciously accept of, and agree to, their humble and well-intended Desires;

And do therefore, for Us, our Heirs, and Successors, GRANT and agree, that the said Sir Thomas Gates, Sir George Somers, Richard Hackluit, and Edward-Maria Wingfield, Adventurers of and for our City of London, and all such others, as are, or shall be, joined unto them of that Colony, shall be called the first Colony; And they shall and may begin their said first Plantation and Habitation, at any Place upon the said Coast of Virginia or America, where they shall think fit and convenient, between the said four and thirty and one and forty Degrees of the said Latitude; And that they shall have all the Lands, Woods, Soil, Grounds, Havens, Ports, Rivers, Mines, Minerals, Marshes, Waters, Fishing, Commodities, and Hereditaments, whatsoever, from the said first Seat of their Plantation and Habitation by the Space of fifty Miles of English Statute Measure, all along the said Coast of Virginia and America, towards the West and Southwest, as the Coast lay, with all the Islands within one hundred Miles directly over against the same Sea Coast; And also all the Lands, Soil, Grounds, Havens, Ports, Rivers, Mines, Minerals, Woods, Waters, Marshes, Fishing, Commodities, and Hereditaments, whatsoever, from the said Place of their first Plantation and Habitation for the space of fifty like English Miles, all along the said Coasts of Virginia and America, towards the East and Northeast, or towards the North, as the Coast lay, together with all

And we do likewise, for Us, our Heirs, and Successors, by these Presents, GRANT and agree, that the said Thomas Hanham, and Raleigh Gilbert, William Parker, and George Popham, and all others of the Town of Plymouth in the County of Devon, or elsewhere, which are, or shall be, joined unto them of that Colony, shall be called the second Colony; And that they shall and may begin their said Plantation and Seat of their first Abode and Habitation, at any Place upon the said Coast of Virginia and America, where they shall think fit and convenient, between eight and thirty Degrees of the said Latitude, and five and forty Degrees of the same Latitude; And that they shall have all the Lands, Soils, Grounds, Havens, Ports, Rivers, Mines, Minerals, Woods, Marshes, Waters, Fishing, Commodities and Hereditaments, whatsoever, from the first Seat of their Plantation and Habitation by the Space of fifty like English Miles, as is aforesaid, all along the said Coasts of Virginia and America, towards the West and Southwest, or towards the South, as the Coast lay, and all the Islands within one hundred Miles, directly over against the said Sea Coast; And also all the Lands, Soils, Grounds, Havens, Ports, Rivers, Mines, Minerals, Woods, Marshes, Waters, Fishing, Commodities, and Hereditaments, whatsoever, from the said Place of their first Plantation and Habitation for the Space of fifty like Miles, all along the said Coast of Virginia and America, towards the East and Northeast, or towards the North, as the Coast lay, and all the Islands also within one hundred Miles directly over against the same Sea Coast; And also all the Lands, Soils, Grounds, Havens, Ports, Rivers, Woods, Mines, Minerals, Marshes, Waters, Fishing, Commodities, and Hereditaments, whatsoever, from the same fifty Miles every way on the Sea Coast, directly into the main Land, by the Space of one hundred like English Miles; And shall and may inhabit and remain there; and shall and may also build and fortify within any the same for their better Safeguard, according to their best Discretion, and the Discretion of the Council of that Colony; And that none of our Subjects shall be permitted, or suffered, to plant or inhabit behind, or on the back of them, towards the main Land, without express License of the Council of that Colony, in Writing thereunto first had and obtained.

Provided always, and our Will and Pleasure herein is, that the Plantation and Habitation of such of the said Colonies, as shall last plant themselves, as aforesaid, shall not be made within one hundred like English Miles of the other of them, that first began to make their Plantation, as aforesaid.

And we do also ordain, establish, and agree, for Us, our Heirs, and Successors, that each of the said Colonies shall have a Council, which shall govern and order all Matters and Causes, which shall arise, grow, or happen, to or within the same several Colonies, according to such Laws, Ordinances, and Instructions, as shall be, in that behalf, given and signed with Our Hand or Sign Manual, and pass under the Privy Seal of our Realm of England; Each of which Councils shall consist of thirteen Persons, to be ordained, made, and removed, from time to time, according as shall be directed and comprised in the same instructions; And shall have a several Seal, for all Matters, that shall pass or concern the same several Councils; Each of which Seals, shall have the King's Arms engraved on the one Side thereof, and his Portraiture on the other; And that the Seal for the Council of the said first Colony shall have engraved round about, on the one Side, these Words; *Sigillum Regis Magnae Britanniae, Franciae, & Hiberniae*; on the other Side this Inscription round about; *Pro Concilio primae Colonial Virginia*. And the Seal for the Council of the said second Colony shall also have engraved, round about the one Side thereof, the aforesaid Words; *Sigillum Regis Magnae Britanniae, Franciae, & Hiberniae*; and on the other Side; *Pro Concilio secundae Colonial Virginia*:

### **Planetary Aspects and Tzolkin Correspondences for the Cosmic Moon 2013**

Aloha Planetary Kin:

This is your Cosmic skywatcher, Randy Bruner, Blue Cosmic Hand, coming to you from 19.5° on the Big Island of Hawaii. These are epic times in which we are living and this Cosmic Moon is no exception to that. The Maya were avid skywatchers. To them, the axiom "As above, so below." was how they lived their lives. They watched the dynamic of the planets moving across the sky and lived their life accordingly. As I write this, we are in the central column of the Tzolkin in the Mirror Wavespell. It is the Summer Solstice day, Yellow Spectral Star, "I dissolve in order to beautify." I'm finding seemingly endless order of correspondences of the planetary aspects and the Tzolkin. I will attempt to condense them for transmission to you.

This Cosmic Moon, the last of the 7 Mystic Moons, contains an awesome set of planetary movements and aspects, which correlate very closely to the Dreamspell version of the Tzolkin. The outer planets move very slowly and are already in position as the inner planets move into aspects with them. Just after Galactic Synchronization, on the 4th day of the Magnetic Moon, July 29, 2013, the planets will form an almost exact Grand Sextile. The Grand Sextile also includes two Grand Trines. These are all very positive and harmonious aspects completely surrounding the planet in a Sacred Geometric configuration. This is an awesome alignment of the planets in the solar system encompassing the Earth in the geometry of a Stargate.

Here is an image of the astrology chart for the grand sextile. I accentuated the Grand Trine & Grand Sextile aspects to highlight their geometry.

I've also included an image here of the sacred geometry held by the planets of the solar system around the earth during this aspect.

Magnetic Moon 4, July 29, 2013, is the day of the Grand Sextile. It is encoded as Blue Spectral Hand, "I dissolve in order to know. Releasing healing. I seal the store of accomplishment with the spectral tone of liberation. I am guided by my own power doubled." What an affirmation for planetary healing and upliftment. This aspect comes into play one week after the Full Moon of the Cosmic Moon, which is the last of 3 Super Moons in a row. The Super Moon is when the Full Moon falls on the day when the Moon is closest to the Earth. The Moon moves into position to create a Grand Trine with Venus and Pluto which also completes a Grand Sextile around the planet Earth. The Grand Trine with Venus, Pluto and the Moon signifies the possibility of transformation (Pluto) through the power of beauty (Venus) and love (Super Moon).

There is already a Grand Trine in place as the Moon moves in to complete the Grand Sextile. Mars conjunct Jupiter trines Saturn and Neptune. This harmonious aspect represents the possibility of our highest hopes and dreams (Neptune) being able to reclaim spirituality from religion (Jupiter) and replace materialism with abundance (Saturn). Mars is added in there to allow us to replace war with peace.

The Grand Sextile is formed from the 2 Grand Trines that we've already talked about. The Grand Sextile forms a 6 sided, crystalline form around the Earth with 2 interlocking triangles inside. This is the geometric form of a Stargate formed around the planet Earth by the other planets in the solar system. This is the opportunity for direct download of galactic cosmic energy.

The aspects of the Grand Sextile enhance the aspects of the Grand Trines that we already discussed. The conjunction of Jupiter and Mars is sextile to Venus, the power of beauty, on one side, and the Moon, the power of love, on the other side. This signals the opportunity for the power of love and beauty to overcome the power of war and religion. Then the planet Saturn, materialism, is sextile to Venus, power of beauty, on one side and Pluto, the planet of transformation, on the other side. This signals the power of beauty to transform materialism. Then we have the planet Neptune, the power of our highest hopes and dreams, sextile to Pluto, the planet of transformation, on one side and the Moon, the power of love, on the other side. This signifies the power of transformation to bring about our highest hopes and dreams through the

power of love.

This image appears to me to be the template for an altar to utilize for the Day Out of Time, the New Year and for the day of the Grand Sextile. I've included the copy of the astrology chart so that you can see the positions of the planets. For the purpose of the altar I would suggest placing stones on each of the points to represent each of the planets. Through this method we will actualize the Stargate in all of our ceremonies. You can, of course, just meditate on this image if you are a solo practitioner or group of individuals not able to create an altar for yourself.

Four days before the Day Out of Time and four days after the Day Out of Time the Moon moves across the sky, forming conjunctions to the planets Pluto, Neptune, Uranus and then moving into place to take the last spot in a Grand Trine and forming the Grand Sextile. This seems to me to be a good time to hold energy and ceremonies for the transformation of humanity and the planet. I know that this is adding a lot to the Day Out of Time celebration. Stretching it out over more than a week may not be possible for many of you. But, this is the Big One we've all been waiting for. So, I think it is worth the effort to take the extra time to participate fully in the planetary ascension process.

It is my suggestion that we extend our celebration of the New Year from the Full Moon before through the Grand Sextile on Blue Spectral Hand day and utilize this geometric pattern for ceremonies that we perform for the Day Out of Time and leading up to the Grand Sextile. In my opinion this signals the opening of the gate for Galactic Synchronization. It is the gateway to a New World and our new future as a Galactic Culture.

Having delineated the aspects of the Grand Sextile, now we will discuss the planetary aspects and the Tzolkin correspondences in the Cosmic Moon which set the stage for it. First of all, the Cosmic Moon contains the Yellow Seed Wavespell. The Yellow Seed Wavespell contains 10 GAP days in a row. These are the GAP days for projecting into the future and allow us the opportunity to dream our future into being. So, in the Yellow Seed Wavespell, we plant the seed for our future. This, of course, prepares us for Galactic Synchronization at the beginning of the New Year, Yellow Galactic Seed.

The 1st of the 10 GAP days in a row falls on Cosmic Moon 12, July 8, 2013, and is encoded as White Electric World-Bridger, "I activate in order to equalize." This date is also the New Moon in the Cosmic Moon of Presence. So, the New Moon, the opportunity to set up new beginnings, begins the 10 GAP days in a row dealing with the future and allowing us to dream our future into being.

The last of the 10 GAP days in a row falls on Cosmic Moon 21, July 17, 2013, and is encoded as Blue Crystal Eagle, "I dedicate in order to create." Most of you know that the crystal tone is the tone of cooperation. This is our opportunity to cooperate in order to create a new world, a new future for ourselves and others.

On the last of the 10 GAP days in a row, Blue Crystal Eagle, Jupiter moves into a trine with Saturn and Neptune. Jupiter, Saturn and Neptune in a harmonious aspect represents the possibility of our highest hopes and dreams (Neptune) being able to reclaim spirituality from religion (Jupiter) and replace materialism with abundance (Saturn). This begins to set up what will become a Grand Trine and the Grand Sextile just after Galactic Synchronization.

Then, on Cosmic Moon 23, July 19, 2013, Red Magnetic Earth, "I unify in order to evolve." Saturn moves into the trine with Neptune. This transforms the above aspects into a Grand Trine. It forms a triangle around the Earth in space and embraces the earth in the opportunity to evolve, since the Red Earth Wavespell bridges us over Galactic Synchronization.

We move next to Cosmic Moon 24, July 20, 2013, White Lunar Mirror, "I polarize in order to reflect." On this date the planet Mercury moves direct and the planet Mars moves up to conjunct Jupiter and enter the Grand Trine formed by Jupiter, Saturn and Neptune. Above we were talking about reclaiming religion and materialism with the energy of this Grand Trine. Now Mars is added in there, which allows us to replace war with peace. If we transform our action, the power of Mars, towards the upliftment of humanity and the Earth the Grand Trine will transform the power of Mars from the God of War to the God of Action.

The day before the Full Moon of the Cosmic Moon of Presence is Cosmic Moon 25, July 21, 2013, Blue

Electric Storm, "I activate in order to catalyze." On this day the Moon eclipses the planet Pluto. The Moon, the planet of emotion, passes in front of Pluto, the planet of transformation. This activates the power of love, our highest emotion, to bring about transformation within humanity and on the planet.

The next day is the Full Moon Day, it is Cosmic Moon 26, July 22, 2013. In the Tzolkin it is the day Yellow Self-Existing Sun. This day is also known as 4 Ahau in the traditional Mayan calendar. In the Mayan long count the date 4 Ahau is the beginning and the end of the last cycle. This acknowledges the Alpha & Omega of the grand cycles. It is also the last of 3 in a row Super Moons. The Super Moon is when the Full Moon falls on the day when the Moon is closest to the Earth. So, it is actually bigger in the sky, therefore a Super Moon. This of course means it has a greater effect on the Earth, the tides, the tectonic plates and our psyche. If we tie the power of love to the Super Moon imagine what we can do with that energy. Also on this day Mars moves up to conjunct with Jupiter. This solidifies the 1st of the Grand Trine aspects. This allows the power of love, Super Moon, to overcome the power of war, Mars, and the negative aspects of religion, Jupiter. This will, of course, bring about an ending and a new beginning in both of those areas.

On the last day of the 13 moon calendar Cosmic Moon 28, July 24, 2013, the Moon moves into conjunction with Neptune. This adds the power of love from the Super Moon to the power of our highest hopes and dreams from the planet Neptune. This ends out the cycle of the 7 Mystic Moons.

Then on the Day Out of Time, Blue Resonant Night, "I channel in order to dream.", the Moon moves into conjunction with Chiron the healer. This allows us to channel the energy into our dream of healing the planet, which facilitates our path into Galactic Synchronization. On the New Year's Day, Yellow Galactic Seed, "I harmonize in order to target." We will all be gathering to celebrate and focus on bringing in and embodying the Galactic frequencies. But, there are still many more aspects yet to come and the most powerful planetary aspects are not until Magnetic Moon 4. Blue Spectral Hand.

The 2nd day of the New Year, Magnetic Moon 2, Red Solar Serpent, "I pulse in order to survive.", sees the Moon move into conjunction with the planet Uranus. Uranus is the planet of the lightning bolt, which brings about quick, sudden sometimes all-encompassing change. The Moon as the power of love added to the power of Uranus to bring about positive all-encompassing change very rapidly is the essence of this aspect.

It is important to note that there are some challenging aspects in this chart as well. As you can see, there are several red line aspects in the chart. These are aspects that will attempt to hold us back or bring us down. Now, more than ever, we are being asked to "rise above" the lower energies and hold a higher vision of the world. Now we must realize that it's where we focus our energies that determine the results we get.

I hope that some of you can take the initiative to create and perform ceremonies of enlightenment around each of these aspects. Because this is the Big One we've all been waiting for. It's time to step up and participate in the planetary ascension process.

Peace, Love & In Lakéch

Randy Cosmichand

## 2013, July 5 Oracle Report – Daily Energetic Analysis During the Time of Awakening

*Don't miss this and the next two posts! ~J*

### **Balsamic Moon Phase- Moon in Gemini/Cancer**

#### **Ruling Mahavidya: Bagalamukhi**

I am combining Friday's report with the weekend report because the energy unfolds like the lace mandala of this spiderweb. It's a wave that builds out. The wave builds until the New Moon enters early on Monday. I've looked beyond the wave to see what's ahead and I can tell you that between now and October we are in for something unseen on the planet before. It is so good that I cannot even put it into words to share right now, but I will most definitely be recording an audio as soon as we are able to arrange it.

So just place the knowledge of the nature of what's to come as the backdrop of what develops this weekend. Keep in mind that links and connections are weaving together to perfectly position us for a great boon (or at least the kind of boon that those of us engaged in co-creating with Wisdom Goddess Sophia would relish). The collective of humanity has stated its intention to be released *from whatever binds it* and Sophia has heard. In essence, the power struggle between the collective of humanity and those forces that stand to annihilate humanity (and Sophia) begins to tip toward the collective of humanity. We will begin to throw off Archontic intrusion en masse (individually in the micro level of our own lives and holistically at the macro level of our race).

The Sun (Sabaoth) appears to be powering up *in a new way* as we approach the New Moon. The Sun's southern hemisphere is becoming active for the first time in years and the magnetic fields are building to X and M class flare level. (Let's all say thanks to Sabaoth this weekend.)

Additionally, we have another compelling dynamic at play with Jupiter coming up on the heels of the Black Moon and the Moon entering Cancer for the first time since the Black Moon entered Cancer. Cancers and Capricorns (and those with the Black Moon in those signs) will experience the weekend's unfolding web/mandala most profoundly. Remember that this energy is going to release us from the prisons of our minds. Take heart.

Taking all of this down to the mundane level, Friday we are prone toward feeling a little lost, Friday night and Saturday we are prone toward indulgence so partake but be smart, and Sunday we are struck by mystery. Seek out a good book (spiritual, mystery, fantasy, sci-fi) if you feel confused or need guidance. Follow your impulses to pick up certain books.

Above all, see this energy as the connecting line in a cosmic tapestry that is weaving into existence. If you've been following The Oracle Report for a while, you know that I call it like I see it – good, bad, and ugly. I often use the word "ugly" to describe the energy. I translate visually. Trust me when I say that it is getting ready to get gorgeous out there. [The Oracle Report](#)
