Hard News:

Comcast: \$90.80; \$30 to mail machine back to CA for repairs [it has special wells to which they can add ink without buying cartridges! Can you rent machines for cheap?] This is the most critical time

T: Texas: the depleted uranium - some kind of device sent from International Space Station - R read of it and **asked Rana Mu**

- Ap 18/19 is the anniversary of the OK City Bombing; tomorrow is anniversary of Waco
- Depleted uranium rod encased in ceramic; shot from International Space Station; came into atmosphere and hit West, TX - he has heard all kinds of stories - there are many events unfolding which have to do with the vote which took place the other day where our friends on the right caved into Mr and Mr Koch/Marduk & the so-called ones who want to buy the planet, and as the empty cash was waved in their faces, they caved.
- So many different pieces: has heard from various whistle blowers - without background checks, people die.

Randi Rhodes: if I have a wad of cash and show up at a gun show without a drivers licence, I can buy an AKA 47 or another kind I might want

- About Boston and the folks from Chechnya - there were 4 guys, now reduced to 2 - **Rana Mu said there is more to the story** - has to do with the Black Ops going on in US & this has to do do with the fact of a failed Congress, bought by the Koch brothers and others;
 - yet Marduk, Enki and Enlil have gone back to love. This story being played out is for the masses: bread and circuses.
 - It all has to do with the black man in the White House - he did what he did, talking about the children of Sandy Hook - that event was all Black Ops which has not been explained fully, like Aurora.

Stephanie Miller: John Fugelsein said: by not voting for background checks, opens up the possibility for these 2 in Boston - yet there is more to this: makes sense to have FBI pick what looks like foreign nationals & having energy coming from that other place

- The family has been here since 2002 and before they came here, the older one was 16 - in Chechnya, they train their young boys when they start high school in the comparable thing to Navy Seals. They go through Russian military training
- the innocent look is deceiving and there is more to the story that's going on. The US media has blown it way out of proportion - S Miller and John F will find and tell the truth, not the Main Stream Media

T: yes they can go to a gun show and get any gun they want; yes, they got the materials at regular stores, yet they knew how to assemble it expertly.

- There are also 2 others who are enhanced by a Navy Seal Black Ops program; they were assigned to this project having to do with others behind the scenes who funded this and do not like the black man in the White House
- Then **John said 'I have a message for those who listen to Alex Jones, Stu Webb, Tom Hannigan, John McAffey [Nesara Blogs and Forum] Saacha Faals [a man, not a woman] , Glen Back, Leo Wanta, Chris Story, Michael Secotrell; White Hat Reports [through Mr Falcone] , Drake, Casper, Cobra, Poofness -ALL OF THESE FOLKS ARE NOT WORKING AT THE LEVEL OF TRUTH;**

- there are varying levels of distinct activity going on in the ranks of each of these groups which has to do with whomever is paying them - has to do with those who do not like the black man in the White House.
- If you have Facebook, they have a link to your entire life profile - Facebook seems innocent enough, yet it is insidious: Mark Zuckerberg is a relative of Rockefellers [grandson of David]
- They can also go into your individual master file and add or subtract to your criminal portfolio at their whim! if you call the police, you are putting yourself in the hands of the NWO - these things are being ordered from higher up.

• **BO has a rumble going on in DC**

- John F played an interview from Bob Dean who had been on Kerry Cassidy, Project Cassidy
 - he told Stephanie there were ascended masters and others who are walking down the halls of the WH and you would never know who they were
- **T & R** play the live presentation of Gov. Patrick Duval as it is happening; he thanks all the citizens - several others also speak.

Audio: Barack Obama's speech on Thursday, April 18, 2013.

Caller: directing them to the fact that Interpol National Central Bureau in Washington, DC has issued a global security alert in connection with the Boston bombing, as directed by US police organization

- they will continue to liaison with member countries across the world through this investigation to see if they can detect any other things.
- Brings up inconsistencies in reporting; why did they need 25,000 police and law enforcement officers to be called in; have people confined to their homes - way more stuff than during 9/11 - **way more going on than what is being told!!!**

T: yesterday, Annie was talking about the astrology and WESAK next Thursday - looks like explosives, fires, super dangerous for the fixed signs Leo, Scorpio, Aquarius and Taurus - this does not look like anything on the surface.

- These kids have been programmed, enhances meaning they do not have their own DNA and trained by Navy Seals to do a job for others who hate the black man - and it is more than his colour!
- Sam Seder on yesterday's show: what if Malcolm X had a son and his name is Barack Obama, and the powers-that-be would not want this to be known as they had his father's name [M X] was on the top of a list by CIA, Interpol, and many others - what they know is that the powers behind Barack are
- This whole country better pay attention - we have the 4th Reich running around calling themselves Republicans
- **BO** on Thursday night he met with the CEOs of Citi Corp, JP Morgan Chase and B of America - and they sneered at him when he told them that the banks were too big to fail, but he knew they were not too big to jail? Their response was "you and whose army?"
 - Why do they need 25,000 armed guards? Because they are creating a hoopla - this is **NEW WORLD ORDER TIME.**
 - On Wednesday, James Baker, Hillary, Kissinger, Schultz, etc etc - all the Nazis went to Maggie Thatcher's funeral; she had an affair with Ronnie Reagan [literally] and with Reaganomics : RR was killed and cloned by Bush Sr about 3 months after he got elected.
 - the Nazi headquarters called ??? is built over Dachau - these are the kind of people who are

running the country, the kind of characters we are seeing

- **After talking to the banksters**, BO walked out of the door and did not wait for a response; she said they said "Have a good day sir" as he left!

They think they have NWO behind them, with all the rocks in their corner!

- **John F on Stephanie Miller**: played a clip of Bob Dean who knows all about who BO was talking about when he said "I know some people you don't know anything about "
 - So John F [Faction 3] played this clip: Dean told Kerry Cassidy: you have space commanders, ascended masters who look just like you and me; they are walking the halls of the West Wing and they know how to shut down all the weapons of war in an instant: **this has been a galactic operation all along**
- There is the Prime Directive: non-intervention in a civilizations development except in case of psychic or nuclear holocaust - **we have both at the moment** - those ones get to make a move, and the light community makes its move and for the last 30 years we [light community] have been sleeping
 - The Bible as a metaphor - in his 30th year Christ started to speak and give his message - in the 60s and 70s, there were **lots of gurus who came here to wake people up**; at the same time, the **drug war was started to keep people asleep** - the dark side upped the ante with every forward movement by the light

Caller: all this show of force out there: was this a cover for arresting some people, or the bad guys showing what they command and control?

T: this is the NWO getting people ready to get used to these things: it's an experiment

- in 1973, Sept 11, the experiment was called the assassination of Salvadore Allende, the democratically elected president of Chile.
 - Tara was awake and living on her own since 13; as a child walked to hear MLK speak & woke up more; saw MLK the night before he left for Memphis - he said he may not get there, but he has seen the mountain top - we are the ones we are waiting for!
- They used a "Rod of God" - a nuclear tipped weapon to explode and create a 2.1 on Richter scale when it was used to bomb a chemical plant - yesterday was anniversary of Waco massacre; today is anniversary of OK City bombing.
 - The fertilizer material being created in the TX plant was the same stuff used in the bombings. These were planned to happen a day apart - and 40 people died [Waco was done to cover up the records - Timothy McVey did not do it!]

Caller: the Spanish news is showing video on the Texas event and slowed the video down: can actually see the missile coming in; showed it on Spanish news and said it was like a Tomahawk missile

T: give it a name you know so you don't forget; **it was not a missile and it was sent from ISS**

- 9/11 - a magnetic particle beam was on the ISS that triggered the nukes at the bottom of the towers and pulverized the towers - 78,000 people pulverized said Dr Judy Wood Ap 17.

Caller: now throwing every thing at us **as we are close to announcements**

T: What AnnieRose said about the volatility of this first eclipse in April - first of 3

- we will see this turn around: all the uglies are hanging out and the **GROUPS AND PEOPLE ARE BEING NAMED AND THE LIGHTWORKERS ARE FOLLOWING THE GROUPS AND NOT THEIR HEARTS AND BEING DISCERNING - A DANGEROUS TIME AND IT CALLS FOR GALACTIC INTERVENTION.**
 - **We need to be there for our family, friends and neighbours when they see this come down.**

Conf Call

T: In response to a question about who controls the ISS and the supposition that it all comes down to arrogance:

- they have lost their money - don't have the technology that Dr Keshe and our guys have; the gold bubble burst on Thursday and IS still going down. The market is going down - going to crash now.
 - There are going to be 135,000 trusts
- Mitt Romney was at the church where Obama was speaking to the people of Boston - where he said you cannot scare us and back us into a corner;
 - Gabby called them cowards; every single day KOS sleeps in their bedroom with forcefields over them and under them to keep them alive.
 - They are afraid of BO because he is the only one going to arrest them

Caller: found out about the program by going to BBS Radio! First time on.

T: thanks her for speaking out and letting herself be known.

Caller: President is speaking right now -

T&R play it for all those listening: talking about not rushing to judgement and especially not a bunch of people; as we learn more about how and why this tragedy happened, we need to remember this

- Also that we cannot forget the community of West, TX where so many died, lost their homes are still missing; he has called the Gov & the mayor and has pledged the resources of the US to their aid.
- "We have to do this right" was the topic of the talk.

T: **CitizensConferenceonDisclosure.org** . \$3.80 to watch it live; \$3.80 to go to the archives.

- There is a group working with this energy for many years; T started in 1974; the group began to focus around May, 1999 when she started blogging.
- King of Swords, a code name, and the White Knights - [KOS is a navy Seal] at the 38th level above the Pres, KOS and his men and 20 million sovereign militia forces [16 Million on the ground] - all are members of the US military at 38th level above the President - ACIO - and have been members since 1945
- they[dark ones] are sneaking around doing things: finger of god yourself - they did something they don't get to turn back from: they used a nuclear tipped weapon
- Rama is cleaning out - a story and a half! Growing up at the time of hippies and flower kids; Woodstock at 15 years; meeting God - in the wrong way! He did acid on Mount and almost didn't stay he was so high that he disappeared his gold, silver cord and almost his platinum cord. Was grabbed by the Ashtar command. He was in a situation of lots of trauma, beatings, carrying a gun to school in the 70s, hitchhiking across Europe into USSR, Iran, Afghanistan, Pakistan, Mongolia, India, Tibet, then back again - meet all kinds of masters in India: Baba Ji, Mother Theresa - starting when he was 19 - he was #5 in LA to go to Viet Nam and he got a 4F [unfit for military service - took acid before he went for his testing, etc] - grappling with everything and healing it now.
- This last 33 years has been the story of Christ all over again and this time it is a group moment; the empire vs the other; there are no borders with Keshe's invention: - no nukes, no bullets,
- China, Russian, India, US [on Oct 15/2011, Barack Obama received the info] BO had galactic ammunition when he talked to those CEO banksters.
- In 1999 KOS has been given his own star ship - the 16M from the sovereign militia forces are on loan from the Ashtar Command - **they are everywhere - in every chancellors office, PMs office etc all around the world.**

- Val Thor in the 50s spent 3 years in the Pentagon - he beamed back to Venus afterwards.
- Another man has spoken to many people across the planet and told all he knew; his parents were Italian; Val Thor appeared to him and his parents in the village in southern Italy; the man and his dad had been shopping and were walking home; a man came up and said can I help you - he carried the packages for the dad. Frank Stranges was the man - died in 2011.
- When they got to the gate, the wife came to the gate and invited the man in for tea; later, they waved goodbye and watched as he walked away; he was half way down the block and walked into a different dimension. This really woke up the parents!
- This kind of thing has been going on for a long time:
 - The Pleadians met at a base outside Miami with Eisenhower - they warned him about the Zetas whose ships were going round and round the equator
 - Their planet was called Apex which they destroyed with hydrogen bombs - they went inside yet were unable to produce anymore; they mutated in their time because they spent too much time away from the sun

on Magnetization

A Source of Spiritual Energy

Since the dark days of the fifties, for several periods each year, a massive spacecraft called [Satellite No. 3](#) comes into orbit of our earth. These periods are referred to as "Magnetization Periods" or "Spiritual Pushes."

On board there is a fantastic array of radionic instruments, manned by spiritually evolved extraterrestrials, known as [Cosmic Masters](#). This advanced spacecraft is able to transmit exactly the right energy to each person who is helping humanity in some spiritual way.

This uplifting energy is sent to all people who are engaged in some type of spiritual act, whether directly helping another or working to improve themselves spiritually. It makes no difference what race or religion they may be. It goes to Christians, Hindus, Buddhists, Muslim, Taoists, Jews, all religions, including atheists if they are working for the common good.

During these Magnetization Periods, the karmic effects of each spiritual action are enhanced approximately three thousand times, thereby speeding up the evolution of both the individual and humanity as a whole.

Dates of Orbit

Satellite No. 3 comes into orbit at set times each year. The dates of these orbits are as follows:

April 18 to May 23

July 5 to August 5

September 3 to October 9

November 4 to December 10

Satellite No. 3 enters and leaves Earth orbit at 12:00 midnight G.M.T.

Tune into this Energy

Everyone can tune into this source of energy from Satellite No. 3, and you will be amazed at the

difference this makes to all your spiritual practices and your true service to humanity.

The energy used by Satellite No. 3 comes directly from the Sun. The Sun, as has been known to the metaphysician and Eastern Masters for centuries, is the source for all prana or spiritual energy on Earth. The Third Satellite virtually magnifies this energy in a safe and highly effective manner, and directs it to those working for the greater good on Earth.

TECHNICAL NOTE: There is a simple reason why this large spacecraft is not seen or detected by radar. A force field protects Satellite No. 3 and is capable of rotating radar and light particles in an arc of 180 degrees rendering it invisible. This is necessary in order to keep its presence a secret from humanity's rather active military forces. The Cosmic Masters prefer to help humanity without interference caused by undue curiosity at this time.

T: talks about the accident she had just before her birthday [July 5th] which was during one of times of orbit - had the accident happened any other time, she would not be here! We have so many angels, mennahunies helping us

- We actually co-created with Mother who is god, and the source of all life behind all gender; her name is Mother Sekhmet, Zudiachus - we can all tune into her whenever we wish.
- the second cycle started yesterday: April 18 -
- Angelca Merkel has to go before the world court and tell the whole story: she will have to do it and testify to all the things the caller picked up on today: there are no police forces, no lawyers or judges - just administrators for the NWO

Caller: how does one access this energy?

T: mediation, prayer - the energy goes from now to May 23 - which is no mistake!

- The eclipses: Ap 18 was the 1st quarter of the moon; Sun into Taurus today; Earth Day is Ap 22nd
- Monday Dr Steven Greer's new movie "Sirius" starts - it talks about an ET experience

Caller 2: caller went on website for the movie: for one day only, we can get a live stream of the movie on Monday, Ap 22 - 6:30 PST; 9:30 pm EST

T: BO was part of Operation Pegasus and went to Mars

- he has been going back and forth to Sirius as 9th member of Sirian Council of 9 on Sirius;
- Dr Richard Hoagland did a YouTube "Hyperdimensional Election of Barack Obama"

Caller3: did she say that the dark agenda is keeping scores on all the light people and looking for things to blame people for if they end up in court?

T: Yes - that is why there is a criminal profile for everyone; it is the one in ALL CAPITAL LETTERS.

Caller3: the light workers have dossiers too?

T: yes, we are being monitored for so many purposes: they can tell our thoughts and if we are void of course and not following a unity consciousness path with malintent

- when BO got in office, the Kochs, the Adelsons, the Karl Roves, the Cheneys, Romneys were at play
- Ron Paul, Rand Paul are still KKK ; Ron is a neo con with \$2 million in his a/c

Caller3: what about people going into court with a speeding violation or whatever?

T: does not matter about that part - the only way to stop them is to arrest them and ALL THE ONES ARE DEAD and are CLONES, A LOOKALIKE CLONE, A HOLOGRAM - this is Round 2

Caller3: talking about going into court or into hospital: is it safe to do this - as they finish off people who are of light agenda? Or if you go into the courts, are you subject to being taken out?

T: always possible - which is why we are teaching ways to do things without going to hospital - CALLING ON THE HIGHER SPIRITUAL GUIDANCE WE ALWAYS HAVE. Also, right now they are so busy because they are so terrified: they have their drones doing their best to take out a light - if a person goes to a dr and takes pharmaceuticals, it is so dangerous - they're doing it to kill

T: Dr Dale - the cause of heart disease is leading cause of death: there is a liquid amino acid in red meat and too much of it causes heart disease

Caller3: if you have any illness or any reason to go to court: should lightworkers stay out of both places?

T: bring your angels with you; the power of the higher vibration always takes precedence -

- there is nothing we can do to change the way they behave - you don't need to go to court or get sick, they just write it in their master criminal files and we are already horrific criminals!
- When you really get strong and get in their face, then there is a chance you will be affected:
- Aaron Schwartz did not hang himself, he was hung; MLK told them in his own words he knew there was a mole in the room so say goodbye tonight -
- every single one of us has made a commitment to be here and she does not see the caller being in any danger: it is basically over right now - way too busy to bother with us
- Her hit on the bigger scene: thinks Anonymous is involved - hacking into all the fake stories and ropping them into the news lines!

Music: kids from the Sikh temple in Santa Fe

Caller: Sirius movie on Monday: can pre-order for \$9.99 for Ap 22 - premieres 6:30 PST

- this is the main site- start here: www.sirius.neverendinglight.com [can watch it
- website set up by the researchers & others at www.etletstlalk.org
- this film will help humanity wake up; world wide release already - a great supporter of letting knowledge and truth out there - use discernment and send out light!

T: what happened: Greer's been working from within - did a disclosure project back in 1999 for 2.5 hours

- a DC press conference with 400 deep throats in the audience and 23
- they murdered Greer's wife and their friend by giving them cancer; gave him cancer & he got through it
- he continues to survive - all we can do is say praise god and leave all the other stuff alone!

Caller: in the bigger picture, this will help humanity. In NJ, 99.5% don't believe in anything - in the late 80s, caller woke up and started going beyond the 9-5 jobs - still lives in NJ, and finds that people are not too open, too sophisticated to think about spirituality and ETs - the world needs this - so lots of luck to Greer and to T & R

T: this is the age of Enlightenment and group service, and this is growing;

- thanks to BBS as they bring on lots of shows that bring these things up!
- We are in a parallel universe and this has been going on very intensely since Harmonic Convergence; have had a 26 year transition period to find out how we were going to do this;
- at the same time, the other ones said just try us - Romney got going in 1987 and put his \$ behind the Contras and the Sandinistas - T was looking at his face during the church service
- Her take is they are going to protect this kid [Boston bombing]: he should get a chance to tell his story

and not screw him over like they are doing with Bradley Manning and Gitmo and the atrocities down there [force feeding through a tube is torture - and the kids down there are willing to die rather than let that happen] - the very soul of humanity is saying you are not going any farther!

- Mitt R attending the services - and BO knows already his a/c is toast - they have access to all Mitt's off shore stuff and what he has done is high economic treason!
- Gov Duval Patrick spoke before Obama: there is something about him that is helpful - diff between him and gov Romney is day and night! Let's count our blessings and walk together.

Caller: going to request a reading and hear the channelling - such a gift!

Audio: Bill Maher a good laugh after the last few days!!!!

- depressing news: the senate failed to pass the weakest gun laws on the planet
 - 90% of the people support background checks, even those who cannot pass them!

- Immigration reform may be the big loser during this week

2013, Ap 20 Bill Maher's Take On Boston Bombings: Bad Things Happen For Bad Reasons, But 'Winner And Still Champ Is Religion'

by [Josh Feldman](#) |

Real Time with [Bill Maher](#) started tonight in the immediate aftermath of the second Boston Marathon bombing suspect being arrested, and so Maher did not fully address the most recent details on his live show tonight, but he did discuss the aftermath of the bombings this past Monday. He told the panel that the public and police reaction to this week's events seem "so different" to how the nation reacted immediately following 9/11, remarking that "it seemed like America had grown up a bit."

[RELATED: BREAKING: Boston Suspect Dzhokhar A. Tsarnaev Arrested By Police In Watertown](#)

Maher remarked that Boston police officials seemed more measured and concerned with letting people get on with their daily lives than basically going into police state mode, which he saw as immense progress from any public sentiment that came in the immediate aftermath of 9/11. [Nicholas Kristof](#) disputed the idea of a comparison, saying the scope of both situations is so different, while conservative pundit [Amy Holmes](#) observed a evolving "maturity" in the past decade.

Maher remarked that it's amazing how people think they can get away with anything when there is such a

wide array of surveillance, and remarked that the reason the Boston bombers did not kill themselves is probably because they "don't have the balls" of terrorist groups like al-Qaeda. Maher asked if the U.S. needs to be more like Israel in its response to terrorism, by just dealing with it effectively and then moving on as if nothing happened.

Maheer also threw out this observation.

"Isn't the takeaway here that there are many bad things that can happen in the world, for many bad reasons, but the winner and still champ is religion?"

Holmes pointed to Newtown as not being religiously-motivated, pointing to a warped psychology as a more important motivator of people who seek to terrorize and kill others. She found it odd that one of the bombers, after living in America for ten years, didn't have a single American friend.

T: comments on what we have just heard on the Bill Maher show -

- the beginning part: we know he has an attitude about religions but he has to learn about Islam and that there are 2 Mohammeds: the second one was manicured and prepared by those in the Vatican who added some items like holy jihad wars and the 72 virgins that were not in the original. The original stands for peace and killing a person is like killing the whole world! The Jahne caste system in India - teachings are derived from the same - don't step on an ant: same as killing a person
- We have yet to comprehend what our free trade agreements & NWO activities have done to the planet.
- About levels of education [not levels of programming!]
- About Christianity from the Middle ages - hasn't changed - today's is more insidious

**LISTEN TO THIS; A READING FROM
ABORIGINAL MOABITE PEOPLE**

- the Moorish people are based in Islam, the Republican Form of government is based in Islam, the people of Morocco
- The US of A is a republic: NOT to be confused with the US " Democracy" - DISTINCT POLITICAL ENTITIES

The US is a legal fiction entity concocted to steal

the United States of Americas uphold and respect the principles of our constitution and the checks and balances as given to

- As **Ranna Mu** said this goes WAY deeper: just completely covered up in the Bill Maher show!

T: discusses a newspaper article **WITH THE BOMBSHELL EVIDENCE OF BLACK OPS**

- Much is discussed on www.4chan.org reporter Anthony Luciard, Paul Joseph Watson and Alex Jones
- This reveals there were private military gun contractors working at the scene - she talks of what she is reading - the operators are wearing the exact same uniforms: tan military boots, black back packs, symbols on the hat is a skull symbol - the symbol of military group called the Craft - beside the symbol is a Blackwater symbol - also Navy Seal Team 3 on the patch. [KOS told Rama and Rana Mu - this is Black Ops all the way]
- Craft has the reputation of being an elite Blackwater unit - and the main stream media refuses to mention it at all. Because people are being spoon fed! What ever happened to the media whose job was to ask questions - now done by alternative media.

T: returns article about the Republican Form of Government **PLEASE LISTEN TO ENTIRE READING**

Remarks by the President at Interfaith Service in Boston, MA

Cathedral of The Holy Cross

Boston, Massachusetts

12:04 P.M. EDT

THE PRESIDENT: Hello, Boston!

Scripture tells us to “run with endurance the race that is set before us.” Run with endurance the race that is set before us.

On Monday morning, the sun rose over Boston. The sunlight glistened off the Statehouse dome. In the Common and the Public Garden, spring was in bloom. On this Patriot’s Day, like so many before, fans jumped onto the T to see the Sox at Fenway. In Hopkinton, runners laced up their shoes and set out on a 26.2-mile test of dedication and grit and the human spirit. And across this city, hundreds of thousands of Bostonians lined the streets -- to hand the runners cups of water and to cheer them on.

It was a beautiful day to be in Boston -- a day that explains why a poet once wrote that this town is not just a capital, not just a place. Boston, he said, “is the perfect state of grace.” (Applause.)

And then, in an instant, the day’s beauty was shattered. A celebration became a tragedy. And so we come together to pray, and mourn, and measure our loss. But we also come together today to reclaim that state of grace -- to reaffirm that the spirit of this city is undaunted, and the spirit of this country shall remain undimmed.

To Governor Patrick; Mayor Menino; Cardinal O’Malley and all the faith leaders who are here; Governors Romney, Swift, Weld and Dukakis; members of Congress; and most of all, the people of Boston and the families who’ve lost a piece of your heart. We thank you for your leadership. We thank you for your courage. We thank you for your grace.

I’m here today on behalf of the American people with a simple message: Every one of us has been touched by this attack on your beloved city. Every one of us stands with you.

Because, after all, it’s our beloved city, too. Boston may be your hometown, but we claim it, too. It’s one of America’s iconic cities. It’s one of the world’s great cities. And one of the reasons the world knows Boston so well is that Boston opens its heart to the world.

Over successive generations, you’ve welcomed again and again new arrivals to our shores -- immigrants who constantly reinvigorated this city and this commonwealth and our nation. Every fall, you welcome students from all across America and all across the globe, and every spring you graduate them back into the world -- a Boston diaspora that excels in every field of human endeavor. Year after year, you welcome the greatest talents in the arts and science, research -- you welcome them to your concert halls and your hospitals and your laboratories to exchange ideas and insights that draw this world together.

And every third Monday in April, you welcome people from all around the world to the Hub for friendship and fellowship and healthy competition -- a gathering of men and women of every race and every religion, every shape and every size; a multitude represented by all those flags that flew over the finish line.

So whether folks come here to Boston for just a day, or they stay here for years, they leave with a piece of this town tucked firmly into their hearts. So Boston is your hometown, but we claim it a little bit, too. (Applause.)

I know this because there’s a piece of Boston in me. You welcomed me as a young law student across the river; welcomed Michelle, too. (Applause.) You welcomed me during a convention when I was still a state senator and very few people could pronounce my name right. (Laughter.)

Like you, Michelle and I have walked these streets. Like you, we know these neighborhoods. And like you, in this moment of grief, we join you in saying -- “Boston, you’re my home.” For millions of us, what happened on Monday is personal. It’s personal.

Today our prayers are with the Campbell family of Medford. They're here today. Their daughter, Krystle, was always smiling. Those who knew her said that with her red hair and her freckles and her ever-eager willingness to speak her mind, she was beautiful, sometimes she could be a little noisy, and everybody loved her for it. She would have turned 30 next month. As her mother said through her tears, "This doesn't make any sense."

Our prayers are with the Lu family of China, who sent their daughter, Lingzi, to BU so that she could experience all this city has to offer. She was a 23-year-old student, far from home. And in the heartache of her family and friends on both sides of a great ocean, we're reminded of the humanity that we all share.

Our prayers are with the Richard family of Dorchester -- to Denise and their young daughter, Jane, as they fight to recover. And our hearts are broken for 8-year-old Martin -- with his big smile and bright eyes. His last hours were as perfect as an 8-year-old boy could hope for -- with his family, eating ice cream at a sporting event. And we're left with two enduring images of this little boy -- forever smiling for his beloved Bruins, and forever expressing a wish he made on a blue poster board: "No more hurting people. Peace."

No more hurting people. Peace.

Our prayers are with the injured — so many wounded, some gravely. From their beds, some are surely watching us gather here today. And if you are, know this: As you begin this long journey of recovery, your city is with you. Your commonwealth is with you. Your country is with you. We will all be with you as you learn to stand and walk and, yes, run again. Of that I have no doubt. You will run again. (Applause.) You will run again. (Applause.)

Because that's what the people of Boston are made of. Your resolve is the greatest rebuke to whoever committed this heinous act. If they sought to intimidate us, to terrorize us, to shake us from those values that Deval described, the values that make us who we are, as Americans -- well, it should be pretty clear by now that they picked the wrong city to do it. (Applause.) Not here in Boston. Not here in Boston. (Applause.)

You've shown us, Boston, that in the face of evil, Americans will lift up what's good. In the face of cruelty, we will choose compassion. In the face of those who would visit death upon innocents, we will choose to save and to comfort and to heal. We'll choose friendship. We'll choose love.

Scripture teaches us, "God has not given us a spirit of fear and timidity, but of power, love, and self-discipline." And that's the spirit you've displayed in recent days.

When doctors and nurses, police and firefighters and EMTs and Guardsmen run towards explosions to treat the wounded -- that's discipline.

When exhausted runners, including our troops and veterans -- who never expected to see such carnage on the streets back home -- become first responders themselves, tending to the injured -- that's real power.

When Bostonians carry victims in their arms, deliver water and blankets, line up to give blood, open their homes to total strangers, give them rides back to reunite with their families -- that's love.

That's the message we send to those who carried this out and anyone who would do harm to our people. Yes, we will find you. And, yes, you will face justice. (Applause.) We will find you. We will hold you accountable. But more than that; our fidelity to our way of life -- to our free and open society -- will only grow stronger. For God has not given us a spirit of fear and timidity, but one of power and love and self-discipline.

Like Bill Iffrig, 78 years old -- the runner in the orange tank top who we all saw get knocked down by the blast -- we may be momentarily knocked off our feet, but we'll pick ourselves up. We'll keep going. We will finish the race. (Applause.) In the words of Dick Hoyt, who's pushed his disabled son, Rick, in 31 Boston Marathons -- "We can't let something like this stop us." (Applause.) This doesn't stop us. (Applause.)

And that's what you've taught us, Boston. That's what you've reminded us -- to push on. To persevere. To not grow weary. To not get faint. Even when it hurts. Even when our heart aches. We summon the strength that maybe we didn't even know we had, and we carry on. We finish the race. (Applause.) We finish the race. (Applause.)

And we do that because of who we are. And we do that because we know that somewhere around the bend a stranger has a cup of water. Around the bend, somebody is there to boost our spirits. On that toughest mile, just when we think that we've hit a wall, someone will be there to cheer us on and pick us up if we fall. We know that. (Applause.)

And that's what the perpetrators of such senseless violence -- these small, stunted individuals who would destroy instead of build, and think somehow that makes them important -- that's what they don't understand. Our faith in each other, our love for each other, our love for country, our common creed that cuts across whatever superficial differences there may be -- that is our power.. That's our strength.

That's why a bomb can't beat us. That's why we don't hunker down. That's why we don't cower in fear. We carry on. We race. We strive. We build, and we work, and we love -- and we raise our kids to do the same. And we come together to celebrate life, and to walk our cities, and to cheer for our teams. When the Sox and Celtics and Patriots or Bruins are champions again -- to the chagrin of New York and Chicago fans -- (laughter) -- the crowds will gather and watch a parade go down Boylston Street. (Applause.)

And this time next year, on the third Monday in April, the world will return to this great American city to run harder than ever, and to cheer even louder, for the 118th Boston Marathon. (Applause.) Bet on it. (Applause.)

Tomorrow, the sun will rise over Boston. Tomorrow, the sun will rise over this country that we love. This special place. This state of grace.

Scripture tells us to "run with endurance the race that is set before us." As we do, may God hold close those who've been taken from us too soon. May He comfort their families. And may He continue to watch over these United States of America. (Applause.)
