

Hard News

R: we are on the extreme edge, and the scales of Ma'at which have tipped: the Grand Sextile is the thing that is moving us

- This is the story of where it ends & where it begins: his Granny is black, she is beautiful, and she calls the shot
- R did not hear Dr King's speech in 1963; he grew up in an integrated family – this is the real story which has to do with Mr 19.5* - there is no accident that he is here with his family: "I have a dream."
- There are all kinds of pieces that have to do with Mother's wayward children who play with the story – where this is going to in this moment is what Dr King brought forth: he listened to 2 hours of Al Sharpton today talking about the Civil Rights Movement & it could change our reality
- We are in some kind of reality with all the black ops in the story, and those who are for sequestration; we are moving towards Sept 1st - yet expect nothing, and everything shows up! Something he learned a long time ago
 - "Lucy in the Sky with Diamonds" is still playing as part of the holodeck until [the holodeck] is not
- Two car bombs, one in Central Tripoli and northern Tripoli - it is NOT Hezbollah, but Israel! Armageddon is cancelled!

R: talked to **Dodi Fayad, Larry & Curly** and Inanna, the 14 year old daughter; Omar, the son, same age as eldest daughter of Obama; in the Wesak Valley with their sherpas and others.

- This has been laid out since the beginning – 450 billions years ago or more.
- They shared that the wild stuff going on is those ones still trying to separate the mind from the heart among the Lightworkers. These ones have come back to love, yet the collective energies and the holographic programs are still being played out, creating stories that say **everything is done, it is finished AND IT IS NOT!**

T: you can hold the power of a positive thought at the highest level, yet the Hollow Earth comes from a programs that came from Area 51 when Billy Faye Woodward was programmed there. there are principles you can hold for the benefit of the highest good yet the program that came through Billy Faye Woodward is still being played out

- Just like in David Icke's book [The Biggest Secret](#) in which he was paid to say there were no Ascended masters – they did create & program clones and holograms of ascended masters just to confuse the lightworkers.

R: David Wilcox talks about this: all kinds of programs getting exposed – no accident that Area 51 info has been de-classified yet if you go there, you will be shot on sight. Mother is the final word on this story.

T: Goddess is the creative source, not anything else. This was confirmed by Dodi, Larry, Curly, KOS about the Hollow Earth thing – glean the positive out of it; yet know it will get more & more intense. The dark ones that perform evil acts will not go down easy; Mother also said that no one said it would be east.

- Work hard and study more – the 2nd perfection is truth; as you have questions: 888-429 – 5471 [BBS]

Rainbird: what about the stock market being closed yesterday for 3 hours?

T: called Anonymous: shut 'er down!

R: Anonymous is working with the folks in the Pentagon and the military; it is unravelling – Anonymous shut down the Nasdaq – has to do with the synchronicities of the moment; we are in the Naqual world and we are in the place where stories have to do with creative energies, for which there are no words. He has learned about stalking and jumping from Mother; this is a universe that is relative in nature to the p he has seen so

- What is unravelling which has been hidden from us which has to do with Dr King and the Aboriginal Moabite nation, and why it is that the 520 years have been taken out of the Old Testament history; and why a black person has 10x more likelihood of being arrested.
- Mr 19.5* is the 9th member of the Council of Sirius – don't under estimate him! Watch your tongue; watch your thoughts! He keeps hearing this screamed in his ear by Mother – we are equal Co-creator gods – brings in the magic of the X-men: why are more and more stories coming about about the man who came from Krypton who was an immigrant with no status in the US – there is another group of folks who are disembarking -
- Dodi, Curly and Larry: humanity is at a cross roads; it is the 2nd Grand Sextile; we are in the middle day of a major transformational portal – this is also the 23rd the most powerful day in any space-time continuum – it is time to stay neutral; know only love;

- Programs which bring up the feeling of “not being good enough” - those feelings are covered up, and we go to the opposite extreme: has to do with learning process
- The intensity will grow exponentially from now on – we could be having every minute being 32 years going by – we have to keep our head in the clouds and our feet on the ground -

Rainbird asked the question: the Wikipedia discussion of NASDAQ

HISTORY

NASDAQ was founded in 1971^[4] by the [National Association of Securities Dealers](#) (NASD), who [divested](#) themselves of it in a series of sales in 2000 and 2001. It is owned and operated by the [NASDAQ OMX Group](#), the stock of which was listed on its own stock exchange beginning July 2, 2002, under the [ticker symbol NDAQ](#). It is regulated by the Financial Industry Regulatory Authority (FINRA), the successor to the NASD.

When the NASDAQ [stock exchange](#) began trading on February 8, 1971, it was the world's first electronic stock market. At first, it was merely a [computer bulletin board](#) system and did not actually connect buyers and sellers.^[5] The NASDAQ helped lower the spread (the difference between the bid price and the ask price of the stock) but somewhat paradoxically was unpopular among brokerages because they made much of their money on the spread.

NASDAQ was the successor to the [over-the-counter](#) (OTC) system of trading. As late as 1987, the NASDAQ exchange was still commonly referred to as the OTC in media and also in the monthly [Stock Guides](#) issued by [Standard & Poor's](#) Corporation.

Over the years, NASDAQ became more of a stock market by adding trade and volume reporting and automated trading systems. NASDAQ was also the first stock market in the United States to start trading online, highlighting NASDAQ-traded companies (usually in technology) and closing with the declaration that NASDAQ is "the stock market for the next hundred years." Its main index is the [NASDAQ Composite](#), which has been published since its inception. However, its exchange-traded fund tracks the large-cap [NASDAQ-100](#) index, which was introduced in 1985 alongside the NASDAQ 100 Financial Index.

Until 1987, most trading occurred via the telephone, but during the [October 1987 stock market crash](#), [market makers](#) often didn't answer their phones. To counteract this, the [Small Order Execution System](#) (SOES) was established, which provides an electronic method for dealers to enter their trades. NASDAQ requires market makers to honor trades over SOES.

In 1992, it joined with the [London Stock Exchange](#) to form the first intercontinental linkage of [securities markets](#). [NASD](#) spun off NASDAQ in 2000 to form a [publicly traded company](#), the [NASDAQ Stock Market, Inc.](#)

In 2006 NASDAQ changed from stock market to licensed national exchange.

On November 8, 2007, NASDAQ bought the [Philadelphia Stock Exchange](#) (PHLX) for US\$652 million. PHLX is the oldest stock exchange in America—having been in operation since 1790.

To qualify for listing on the exchange, a company must be registered with the [United States Securities and Exchange Commission](#) (SEC), have at least three [market makers](#) (financial firms that act as brokers or dealers for specific securities) and meet minimum requirements for assets, capital, public shares, and shareholders.

In February 2011, in the wake of an announced merger of [NYSE Euronext](#) with [Deutsche Börse](#), speculation developed that Nasdaq and [IntercontinentalExchange](#) (ICE) could mount a counter-bid of their own for NYSE. Nasdaq could be looking to acquire the American exchange's cash equities business, ICE, the [derivatives](#) business. As of the time of the speculation, "NYSE Euronext's market value was \$9.75 billion. Nasdaq was valued at \$5.78 billion, while ICE was valued at \$9.45 billion."^[6] Late in the month, Nasdaq was reported to be considering asking either ICE or the [Chicago Merc](#) to join in what would probably have to be, if it proceeded, an \$11–12 billion counterbid.^[7]

The European Association of Securities Dealers Automatic Quotation System (EASDAQ) was founded originally as a European equivalent to NASDAQ. It was purchased by NASDAQ in 2001 and became NASDAQ Europe, but operations were shut down as a result of the burst of the [dot-com bubble](#). In 2007, NASDAQ Europe was revived as Equiduct and is currently operating under [Börse Berlin](#).^[8]

In 2013, NASDAQ was approached by [private equity](#) firm [Carlyle Group](#) about taking the exchange operator private, but the talks fell apart over a disagreement on price.^[9]

Mother Sekhmet

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: asks for the spirit of peace to flood every cell in our bodies, every cell of life on the planet, in the universe.

- Both Mother and Father tonight? Yes.
- a most tremendous time of highly exciting time of magic and all that we are experiencing –
 - this is the place, this is the time NOW, and it is about what this man has brought forth – Mr 19.5* coming forth with what is coming into our midst – already has come in
- What is being shared for all to see is the story of the original story about Us [Mother] – about black, about beauty, about Goddess, All There Is
 - It began with our story when there was one hand clapping, and that sound is all there ever was and ever will be.
- Dr King's dream in this time, in this space, here and now; we are happy to say that his dream is being realized the moments that we are in, such magnificent realities are unfolding for all to see
 - Yet as Rev. Al Sharpton said we have miles to go; we ain't here yet. And we are on the precipice of this It is about respect for all life: hate is not a family value - and there is little of that – the man who holds the C in C position and righting the Ship of State; those who seem to hold power hold an empty hand; they are in a place where they hold nothing but the card they are playing to the hilt now: in the better interest of the planet, the fear card holds no power here – we are moving into a place of love and balance & this is coming to pass.
- All that is in this moment is about the story coming to pass in front of the Lincoln Memorial; same place Bono played we saw the beginning of this man's story for the first time, not counting the 7 other black presidents that were here;
 - this story is so deep, so far back – why has not the story of the murder of Trayvon Martin come full circle – yet accountability is in the moment. And it is about this particular story at the moment.
- There are life forms on the planet – that old game called the matrix still being played out; has to do with the fact that it is all dissolving in the moment, and they are extremely petrified that the people are waking up and of what we might do – they are running from the fact that we might do to them what they did to us: it is only about love, not hate, not the issues of what is happening at the moment – torture, abuse,
- The reality of the moment is we are on the extreme edge of this story that has everything to do with this particular day, the March on Washington, and the sun that is rising on this Moabite Nation;
 - in the moment, here and now, we are happy to say there is an energy that is manifesting within this creation story that has to do with this particular issue in the moment: the Black Madonna. Why 520 years are missing and to this day Emmett Till [a black teenager of 16 who whistled at a girl and was shot in the head – his cousin spoke at the Washington Monument on Sat, Aug 24th] is still an open book about what is unravelling in the moment.
- It is about this story that holds the greatest amount of change in the now; what we have at this moment is what Mr Thom always says: tag you are it; get going. Change is the order of the day and it happens only by us making that change in the moment. The best thing we can do to transform these energies in this particular time
- It is about love, the story we have before us; it is such a deep story – the energy of what touches through this one of what was said in 1963 about this dream – this dream has come to pass, and in this very moment, we have someone sitting in 19.5* with that particular degree of energy which has to do with **working with the gauntlet of power with love** – not about power, but love.
 - That power of love is now – this is the greatest dance we will experience in this moment – we are co-creator gods equal to her! We were there in the beginning, and we are here again at the end of the beginning of this story [this part of the story]; we are the ones we have been waiting for: NOW IS THE TIME. There is such magnificence coming forth in the moment: it is more than words can say

- This is more about vibration, a frequency of regenerating all that is, in the moment: land, water, the temples of the living god that are immortal, as we ascend with these frequencies more and more into the goddess realms, these bodies become more and more crystalline
- Listen to the force, the mitochondria, the particles within each cell that travel faster than light speed.
- The reality of what this man is bringing forth now by what he will share in his speech coming up, has everything to do with the change of introducing us into the next step because the solutions are too numerous to name in the moment – as the environment changes in the moment of our present NOW, the solutions will instantaneously show up.
 - Already one of these is. In spite of what is happening in Fukushima, and as a result of the Bush-Clinton crime family and people's frustration with a seemingly never-ending supply of liquid / spray of death called radiation, she will say that all of creation is here, mitigating all of these frequencies or we would not be having this conversation tonight. This is part of the solutions.
- The next step is introducing us so we can further the solutions. There are many things in the next few nano seconds as they are dissolving and coming into this Grand Sextile. All that you presently understand about the nature of your reality: **become as the infant who knows nothing** & be in that place of the delta / theta state – receptive – and allow the frequencies to come in, in infinite joy and bliss.
- These ones who hold no power would like to take us on a fearful ride; **all that was has been cancelled**, and the only thing that is left is that frequency of the mighty I AM that stands for Lady Master Victory, Hope, Nesara, Nada, Columbia

Mo: and the particular story tomorrow is held in the city of the Goddess, Columbia – what a magnificent story coming to pass because it is about the original nation, the Aboriginal Moabite Nation that comes forth with the wisdom that holds the key to the other rays of Living Light, Living Love - 12 rays of the Rainbow ray, the bridge – and this is the cosmic dance. Join in the cosmic dance on the Rainbow Bridge which is already there!

T: you were talking about Mother/Father – goes back to the 520 years and how the barbaric energies encroached on the civilization's development to the point that the stone age consciousness was on the edge of extinction.

Mo: it was about not believing that you were equal to Creator Source; when the story began, we were equal in abilities to Mother and the others

T: yes, and it is true that we must acquire the knowledge about that, and that we acquire the experience what we learn as we go by doing – the “do do” philosophy

Mo: It is about Arjuna to Krishna before they went into battle against his own family & Krishna showed up and showed Arjuna his universal form & said that he would drive the chariot – it is not about war, but about enlightenment and peace

T: the Mahabharata war was NOT pretty – it lasted 5000 years

Mo: It is like many others – Kindra, Cyclopea, and a variation of a theme on Star Wars – we are done with this.

- The only fake war going on is the separation of the mind from the heart in the moment on this planet – yet it is done.

- There are ones up to the 45 levels above the President who are getting things done and this is the level at which we came in: this story IS about the Wingmakers:

what happens here and now affects 175 million years into the future! This story completes this now.

- Watch what this man [Sirian Commander] speaks about from the heart on Aug 28th at the Lincoln Memorial - it is about the dream – **we already are in the promised land** as we created it in this moment – there ain't nobody else coming! Let's dance!

T: the same souls that dug their heels in at the time of the 1st creation, and the entirety of their intentions that paved the way to today's hell as an illusion, are lifted, yet by the experience of how we collectively anchor that by living it, breathing it, doing it, being it . . .

Mo: as Swami Purna says: speak only love; think only love; be only love,

In this moment, all that is coming to pass is about our magnificent rising to the occasion – it is what we have been handed by our own higher self in the moment that it is the keys to the kingdom and it has to do with as a nation, as a planet, the **majority of the lifeforms who have said we want love, not war**, and that outweighs all other stories.

- The next step is up to all of us – this is about the movement politics, the spiritual economics that moves into universal economics.
 - As this planet becomes the 33rd member of the Confederation of Worlds, there are already things manifesting and that which is known as currency is already changing and we won't need currency – energy exchange is about energy exchange whether it is gold plated bars or pennies, it is about the energy of love and the exchange of giving and receiving between ourselves.
 - This planet is receiving such an upliftment at this time, from so many sectors of all 7 super universes; and this particular universe has said “I want peace, I want it now”. So be it and so it is.
 - Goddess wants peace and love, so peace and love come in this moment, NOW, and we'd best serve this energy, working with what is being brought forth now.
 - It is **about changing the conversation from one of fear to one of love.**
 - Yes, there are many, many questions to be answered about what we don't know about the nature of who we are: this is a big deal, as we have been alienated from the idea about black: it is not about colour - it is about the force, the mitochondria, the melanin, that energy – of pasant [?- word from T]
- T:** tell what Inanna said to Rama when she was on the phone with Dodi: she said “Rama, I know that Mother Sekhmet is black and you don't have to go there anymore, because Black is beautiful.”

Mo: This is the story in our midst right now, and it is a very big story because it brings up all of the unanswered questions that have to do with the missing story, Her story/ His story - who we are as creator gods, who came in peace, harmony, balance

- We all volunteered to play with various ideas of polarity and how far it could go. And here we are, on **the way up** – and it is about this particular story now that has created such a conversation that it has taken it to the National Mall and this particular day of the March on Washington:
 - this story is about so many that hold the key: John Lewis did not get up there and risk his life to this day to speak about what he went through to have the right, the privilege to address this nation for all to come into the balance of what this represents.
- It is HUGE; it is that powerful with love – we come from a place that many may not begin to comprehend – it is not our fault as it is about what has not been shared with us : the nature of who we are; the idea of the Rainbow Bridge is very threatening to Mr Putin, & the seemingly regime; yet he as a double agent has to play the game. He is taking these cabals down in this country and the rest of the world, and he has to deal with how things are played out.

T: still the White Dragon society insisting on the rule of banning all gay activity and support

Mo: It is not necessarily about that - it is much deeper: it is about the rising of all the nations asking for freedom

- not about being white, blue, gay - it is about divine human rights!!!

T: he is begging for a fight on the 3D level

Mo: he is begging for a fight to change the course of how things done and at the same time, there are very great odds to overcome and there are deep cultural misnomers that have to do with the understanding of spirituality, and DNA, and souls coming into forms to take on physicality to change the course of destiny about where we are in this moment

- this is a REALLY BIG DEAL – it is no small thing! Much of what has been shared about the Aboriginal Moabite Nation has not been shared with the people.
 - What Prophet Noble Drew Ali did to bring forth the wisdom here as the Pan American Alliance; the story about *The Creature From Jekyll Island*, and the first crash which was orchestrated; those since then leading up to now, and the grand crash that Max Keiser is pulling his hair out over – get your money out of the big banks if you have not already - why would you want to give your money to the big banks/Geitner, Summers/ others so they can make more weapons, poison gases that gets spread around the world by Black Ops that gets blamed on innocent people who only want to talk about Palestine as an untold story, let alone the Aboriginal Moabite Nation.
 - Where did we come from? Moab – one nation; things were different when we walked on this planet.
 - We are back and things are different again!

T: Like R said, someone wound him up this day
• brings up article about Kuala Lumpur & Alfred Lambremont Webre

State of Israel Charged for “Crime of Genocide and War Crimes”, Kuala Lumpur Tribunal [SEE BELOW]

Mo: Webre is holding position as a judge, and this is about holding this nation as perpetrators of acts of genocide, ecocide, war crimes. Why to this day do the Palestinians have to get shot to get a drink of water?

Mo: Karma is coming full circle for this one [Robert Mugabe, elected for another term in Zimbabwe]

T: goes over the geography of the region

Mo: on the subject of Michael Jackson: he will be back as he holds a key to the Aboriginal Moabite nation story

Mo: as we go through this Grand Sextile, remember it is only about love: greetings in the Light of the Most Radiant one! Kadosh, Kadosh, Kadosh . . .

Rama: was in the library of the New Jerusalem, looking up information on Kuala Lumpur where the tribunal is being held.

Gotta love this lawyer

Part of rebuilding New Orleans caused residents often to be challenged with the task of tracing home titles back potentially hundreds of years. With a community rich with history stretching back over two centuries, houses have been passed along through generations of family, sometimes making it quite difficult to establish ownership. Here's a great letter an attorney wrote to the FHA on behalf of a client:

You have to love this lawyer.....

A New Orleans lawyer sought an FHA loan for a client. He was told the loan would be granted if he could prove satisfactory title to a parcel of property being offered as collateral. The title to the property dated back to 1803, which took the lawyer three months to track down. After sending the information to the FHA, he received the following reply.

(Actual reply from FHA):

"Upon review of your letter adjoining your client's loan application, we note that the request is supported by an Abstract of Title. While we compliment the able manner in which you have prepared and presented the application, we must point out that you have only cleared title to the proposed collateral property back to 1803. Before final approval can be accorded, it will be necessary to clear the title back to its origin."

Annoyed, the lawyer responded as follows:

(Actual response):

"Your letter regarding title in Case No.189156 has been received. I note that you wish to have title extended further than the 206 years covered by the present application. I was unaware that any educated person in this country, particularly those working in the property area, would not know that Louisiana was purchased by the United States from France in 1803, the year of origin identified in our application. For the edification of uninformed FHA bureaucrats, the title to the land prior to U.S. ownership was obtained from France, which had acquired it by Right of Conquest from Spain. The land came into the possession of Spain by Right of Discovery made in the year 1492 by a sea captain named Christopher Columbus, who had been granted the privilege of seeking a new route to India by the Spanish monarch, Queen Isabella. The good Queen Isabella, being a pious woman and almost as careful about titles as the FHA, took the precaution of securing the blessing of the Pope before she sold her jewels to finance Columbus 's expedition. Now the Pope, as I'm sure you may know, is the emissary of Jesus Christ, the Son of God, and God, it is commonly accepted, created this world. Therefore, I believe it is safe to presume that God also made that part of the world called Louisiana. God, therefore, would be the owner of origin and His origins date back to before the beginning of time, the world as we know it, and the FHA. I hope you find God's original claim to be satisfactory. Now, may we have our damn loan?"

The loan was immediately approved.

“WHY is it that the murder of one man is considered a criminal act whereas the killing of hundreds of thousands of innocent people committed in wars, is not considered so? -Tun Dr Mahathir Mohamad, former Prime Minister of Malaysia

KUALA LUMPUR, 19 August 2013 – The Kuala Lumpur War Crimes Tribunal (KLWCT) will be hearing war crimes and genocide charges against Amos Yaron, a retired Israeli army general and the State of Israel from 21 to 24 August in Kuala Lumpur.

This is the first time that war crimes charges will be heard against the retired general and the State of Israel in compliance with due legal process. The Kuala Lumpur War Crimes Commission (KLWCC), having received complaints from victims from Palestine (Gaza and West Bank) and the Sabra – Shatila refugee camps in Lebanon, in 2012, investigated these complaints resulting in the institution of formal charges on war crimes against the accused.

The suffering of the Palestinian people have been well documented over the decades without any legal recourse being open to these people. Legal obstacles are placed in their path denying them the right to be heard. The international community too has failed to recognise their fundamental human right to be heard. The KLWCC founded in 2008 was established to fill this void and act as a peoples’ initiative to provide an avenue for such victims to file their complaints and let them have their day in a court of law.

Witnesses are scheduled to testify against the accused during the course of the tribunal hearing. Eyewitnesses of the Sabra – Shatila massacre will be testifying at the hearing and one of them include prominent surgeon and author Dr Ang Swee Chai. Other witnesses at the hearing will also include those from Gaza during the Operation Cast Lead 1 that resulted in the loss of numerous civilian lives and destruction of property where even children were victims.

Expert witness Paola Manduca, a retired Professor at University of Genoa, Italy who is an expert Geneticist will testify on the impact of weapons on reproductive health arising from the attacks in Gaza, especially to children. There will also be witnesses from the West Bank to testify on alleged Israeli state violence and atrocities against the Palestinian people.

The first charge against Amos Yaron for War Crimes, Crimes Against Humanity, and Genocide is as follows:

The defendant Amos Yaron perpetrated War Crimes, Crimes Against Humanity, and Genocide in his capacity as the Commanding Israeli General in military control of the Sabra and Shatila refugee camps in Israeli occupied Lebanon in September of 1982 when he knowingly facilitated and permitted the large-scale Massacre of the Residents of those two camps in violation of the Hague Regulations on Land Warfare of 1907; the Fourth Geneva Convention of 1949; the 1948 Genocide Convention; the Nuremberg Charter (1945), the Nuremberg Judgment (1946), and the Nuremberg Principles (1950); customary international law, ‘jus cogens’, the Laws of War, and International Humanitarian Law.

The other charge, which is against the State of Israel for the Crime of Genocide and War Crimes, is as follows:

From 1948 and continuing to date, the State of Israel (hereafter ‘the Defendant’) carried out against the Palestinian people a series of acts namely killing, causing serious bodily harm and deliberately inflicting conditions of life calculated to bring about physical destruction.

The conduct of the Defendant was carried out with the intention of destroying in whole or in part the Palestinian people. These acts were carried out as part of a manifest pattern of similar conduct against the Palestinian people. These acts were carried out by the Defendant through the instrumentality of its representatives and agents.

Such conduct constitutes the Crime of Genocide under international law including the Convention on the Prevention and Punishment of Genocide 1948 ('the Genocide Convention') in particular Article II and punishable under Article III of the said Convention. It also constitutes the crime of genocide as stipulated in Article 10 of the Charter of the Kuala Lumpur War Crimes Commission.

Such conduct by the Defendant as an occupying power also violates customary international law as embodied in the Hague Convention of 1907 Respecting the Laws and Customs of War on Land, and the Fourth Geneva Convention of 1949. Such conduct also constitutes War Crimes and Crimes against Humanity under international law.

The trial will be held before the Kuala Lumpur War Crimes Tribunal, which is constituted of eminent persons with legal qualifications.

The judges of the Tribunal will be headed by retired Malaysian Federal Court judge Tan Sri Dato Lamin bin Haji Mohd Yunus Lamin, who also served as an ad litem judge at the International Criminal Tribunal for the former Republic of Yugoslavia.

The other judges in the Tribunal include notable names such as Mr Alfred Lambremont Webre, a Yale graduate, who authored several books on politics, Tunku Sofiah Jewa, practising lawyer and author of numerous publications on International Law, Prof Salleh Buang, former Federal Counsel in the Attorney-General Chambers and prominent author, Prof Emeritus Datuk Dr Shad Saleem Faruqi, prominent academic and professor of law, Michael Hourigan, an internationally renowned human rights lawyer and Prof Eric David, an International Humanitarian Law expert who was counsel at the International Court of Justice and the International Criminal Tribunal for Rwanda.

The Tribunal will adjudicate and evaluate the evidence presented as in any court of law. The judges of the Tribunal must be satisfied that the charges are proven beyond reasonable doubt and deliver a reasoned judgement.

In the event the tribunal convicts any of the accused, the only sanction is that the name of the guilty will be entered in the Commission's Register of War Criminals and publicised worldwide. The tribunal is a tribunal of conscience and a peoples' initiative.

The prosecution for the trial will be lead by Prof Gurdial S Nijar, prominent law professor and author of several law publications and Prof Francis Boyle, leading American professor, practitioner and advocate of international law, and assisted by a team of lawyers.

The trial is open to the public and will be held on August 21-24, 2013 at the premises of the Kuala Lumpur Foundation to Criminalise War (KLFCW) at 88, Jalan Perdana, Kuala Lumpur.
