## Hard News:

**R:** calling all kinds of people today – all kinds of crazy stuff

His car took him to Ranu Mu's office: asked her about Ed Snowden and his 4 laptops that could bring down the world's economy

- She handed him the phone: it was a dark, deep male voice almost like a whisper: "Greetings, Lord Rama!"

**R:** "Who's this?"

- "I am the one who was the mentor to the KOS; I am #15 of the Wingmakers!"
  - Wingmakers are a group of galactics who have come here from 175 million years into our future; they have come this far back because at this juncture in time, NESARA is part of the thing that heals the timelines and corrects things to that the destruction does not occur in the future:
    - so 1/3 of the Milky Way galaxy is not gone and everything is fully intact
- #15 said " Even though people feel completely out of sorts and as if nothing has happened, everything is right on schedule, right on time; Mr 19.5\* along with the Sirian-Pleiadian Alliance are getting job done
- As for everything else: it's like Bill Maher said last Saturday: it's like "Crazy is in!" - yes we had a couple of victories; yet as Bernie Sanders and others have said "Jim Crow has returned to Capitol Hill"
  - At the same time, something magnificent has happened that has opened the doorway
  - Mr #15 said the Supreme Court ruling on same sex marriage opens the doorway to the galactics coming in – the next step
- #15 also said that Global Zero is doing magnificent things to remove the nukes from the planet.
  - Behind the scenes, an unnamed billionaire has given \$2 Billion to global Zero to deal with the nukes – an organization started by Valerie Plame, Queen Noor; Bono, Raj Pa

**T:** 2008, Aug 8<sup>th</sup> – Lion's Gate Day – Pangea Day was started and this is renewed each year

- This is the organization that also created 1/2 million NGOs through which will be the funnels to set up the Light Cities after the larger blessings come
- For Rama to get to talk to #15 today: what the Lightworkers did to KOS: #15 a mind meld on KOS and when he was done with KOS, he could read and write 22 languages without studying; he can still do it
  - These are the gifts that we are getting activated now!

**R:** the abilities that we have as creator-gods are being turned on at the moment; the biggest message he is getting is love these children even more; they are children with the powers of god without love, and it is time to corral them

**T:** a speaker on **Aboriginal Moabite Nation last night:** the real jewels are our abilities returned; we don't need to wait for money; the abilities of St Germain as Sir Francis Bacon; Sai Baba – we can precipitate for ourselves, instantly if we need something. #15 represents the 100<sup>th</sup> monkey principle – the ability to do that; the game is over!

**R:** **Wendy Davis in TX** has changed the course of events in Texas: the 11 hour filibuster – all talking heads had praise for her today!

- Gov. Perry's time is very limited, as is Michelle Bachmann's. They will be dealt with – we are to stay out of the fray lest we become part of the mix! The justice they get is up to LM Ma'at

**R:** Went to SohoNasa.gov website – there is a Jupiter sized object going around the sun; it is Nibiru, Mother's starship – shows up each day, and each day is covered up by SOHO. Not here for 3 days of darkness or to create war

**T:** **One of the cabal gone today** Mark Rich was found dead in his Switzerland hotel room: described as one of the world's most famous financiers and most famous of fugitive

- Mark Rich gave Vince Foster \$hundreds of thousands and he gave it to Hillary and she put it in the "children's defence fund" which was her private slush fund she used for 9/11 and other events -
- thinks Hillary had something to do with his demise, as he was getting ready to talk about Hillary

**T:** another story about our amazing times! an RT interview with Max Keiser's report

## 2013, June 25 *International confidence in US economy 'crumbling' after Snowden leaks*

Max Keiser, the host of RT's 'Keiser Report,' is a former stockbroker, the inventor of the virtual specialist technology, virtual currencies, and prediction markets.

<http://rt.com/op-edge/keiser-international-confidence-crumbling-snowden-182/>

[Get short URL](#)

Reuters / Bobby Yip

Along with exposing widespread international surveillance, Edward Snowden has revealed how exactly the US is financing its military ambitions, according to Max Keiser.

**RT:** *Surely not even you can make any kind of link between the Snowden saga and the US economy?*

**Max Keiser:** The American economy runs on the confidence, confidence that the world accepts the US dollar as world reserve currency, confidence that the US bond market will remain the standard. And what we are seeing is a sell-off in a bond market and a sell-off in the stock market, because confidence in the US and its ability to maintain a global empire through interest rates and the Central Bank policy is crumbling before the world's very eyes.

What's interesting is that Edward Snowden worked for Booz Allen Hamilton. Booz Allen allegedly along with a few other companies are the masterminds behind LIBOR market rigging scandal, energy market rigging scandal, FOREX market rigging scandal. And this is really the fuel that keeps the American military empire going, because the American economy itself cannot support its military ambitions so they've resorted to market manipulation and the kind of intelligence that Edward Snowden is able to aggregate is key to manipulating markets in ways that make Booz Allen, allegedly, the channel for billions and billions of dollars into America's military campaigns.

And this is really about money, markets and manipulations. It's not about security. It's not to do with anything that the White House says. Remember, the White House is a puppet of Wall Street, Booz Allen, the hedge funds and the financial interests of the corrupt bankers.

**RT:** *Can you also give us an idea of how some of those big companies like Google, or Facebook could actually benefit from this surveillance program PRISM? Is there financial a financial gain from them?*

**MK:** Absolutely, because all of the manipulation involves rigging the indexes. And the indexes are all data-sensitive. So, if you can manipulate the data, you can manipulate the indexes and you manipulate the markets. And if you have advanced knowledge of that inside information you can make billions of dollars of front-running, high-frequency trading, algorithmic trading. And, of course, all the banks on the Wall Street are in on this and all the banks in the UK.

It's very telling that the foreign minister of Ecuador said that, look "you are talking about us extraditing Edward Snowden; what about bringing back those bankers we asked you to bring back to Ecuador who we caught rigging and terrorizing our market?" What about the Icelandic bankers that have been asked by the government of Iceland to be extradited back to Iceland that are being held in the UK? What about these other instances where banking terrorists are being sheltered in the US and the UK? They're not responding to extradition agreements. So this is all about financial legerdemain; unfortunately, Americans don't have enough money to fight their wars anymore so they have to resort to snooping, data-gathering, and market manipulation.

**RT:** *What about the diplomatic fallout? We've seen tensions between China and Washington but that of course leads to economic tension. Could that impact trade between the two?*

**MK:** I hope Russia, China, and Ecuador stand up to the financial terrorists in America and Britain. Stay the course. Don't give in and don't appease the financial terrorists on Wall Street.

**RT:** *But how could a small country like Ecuador stand up to a giant like America, where there is indeed trade between the two?*

**MK:** What Edward Snowden has proved is that if you live a principled life and stay true to your convictions then you can change the world.

**RT:** *Are we going to see financial fallout between China and the US?*

**MK:** Well, China has got a fantastic card to play, one trillion US dollars that they can dump on the market anytime and jack interest rates up five or six points, which would throw the real estate market back into collapse. China is pulling the strings here and China has all the cards to play. America is the biggest debtor nation in the world. Look at the bond market today, it's selling off spectacularly all over the world because confidence in the American hologram of finance is collapsing. They flipped the switch. They see that the emperor has no clothes. They see that there's no underlying economic activity to support the military and financial occupations emanating from the US. It's game over!

**T:** reference to Karen Hudes interview, played on Saturday night] – she gives it 2 weeks, more or less for the entire global economy to come to a screeching halt! Max is agreeing

Abby Martin talks to Karen Hudes, former senior executive at the World Bank, about her experience blowing the whistle on the high level corruption within the international financial system and how her story was censored.]

**MR:** no matter where you look, in terms of economic activity – things are bursting out all over!

**T:** Last week, they spoke of \$10 million; this money has nothing to do with the 78 programs connected with NESARA

Anyone who is in the 78 programs – these 78 programs closed in March, 1999 - After that, no new programs connected with NESARA were started.

The Dinars, Freedom Club, Imperia -any of the programs going through the network have NOTHING TO DO WITH NESARA

**There is a hierarchy here, T & R are just messengers to the people**

**St Germain** passes his words onto **KOS**, who passes them on to the **President, Rama, those under gag orders,** Rama – the only person on earth who has a direct line to KOS and his group, but they are under gag orders – **Rama is NOT UNDER A GAG ORDER!!! A UNIQUE PIECE OF INFORMATION**

The billions and trillions of dollars are being paid out through the programs; the \$10 million is being paid out by the White Knights – none of the other programs are being paid out through their respective sites – and nothing has changed regarding these arrangements.

**MR:** puts out a call to all listeners to let her know if they know of someone who has information that can be shared with everyone; she has lined up speakers several times and at the last minute, something has happened which has prevented their appearance on the call. The intention is always to have a guest, but sometimes the Universe does not support that intention.

Maybe the Divine intention is that so much is happening, we must be kept up-to-date

**Caller1:** has a friend with PTSD; she has been checking into crystal healings – was thinking of using an Inner Child Crystal – can anyone help her with this?

**T:** Cynthia Rose Young-Schlosser and husband worked on people with PTSD from Viet Nam, vets whom the doctors has written off Go to [www.SpiritusSanctus.com](http://www.SpiritusSanctus.com)

- Describes what to do – includes the phrase “Praise respect, thank and Love the feeling”
- There are also gem elixirs - also, look up Lord Hilarion on the 5<sup>th</sup> ray -
- Go to Cynthia's website and download the music she has created, choose the appropriate one and create a tape that can be played and re-played – completely re-juvenates the para-sympathetic nervous systems

**Caller2:** about the Supreme Court & the voter law – about cutting the heart out of the Voter Law and now the southern states are going to town to get rid of coloured voters, etc

**R:** the talking heads described it as “Jim Crow has returned to Washington”

**T:** reads from the Voters Act and gives some background on why – in order to prevent the racism of the 10 southern states and the other 6 throughout the States – the Section did the job

- Now the Supreme Court which is racist has changed this – many of the judges are Opus Dei, the hit squad for the Vatican
- without the checks and balances of Section 4 & 5, they will go back to before the Emancipation Act and thereby deny the vote to all people of colour
- Debbie Wasserman-Schults on the Ed Radio show lit into the judges: you have sold your soul to the devil; you are part of Opus Dei in the Supreme Court as murderers for the Vatican; you are murderers too!!! She has identified the problem – Mike Papantonio was in for Schultz and lets people rip.

**Caller2:** understands what is being said; is anything going to be done before the next election comes round? **T:** the answer is ARREST THEM!!!!

**Caller3:** about the PTSD – [www.starorchid.net](http://www.starorchid.net) The person is of the Great White Brother hood and caller has gone to her; go to Services: Matrix plus

**MR:** Transformational Clearing is what MR can do – and has had success with this process too.

**T:** Barack Obama cracked the ice [on climate change]

**MR:** what about his trip to Senegal?

**T:** watched Al Jazeera as they reported on the trip: Michelle & Barack looked like they were in their milieu!! They are there to work with programs that will help the people. Thinks it is all about the big story: NESARA as the transformative program that will be the biggest help.

- he was talking about creating as a spearhead from the US to create ways to prevent famine – brings up the town of Magalena that has not a drop of water, and Calgary AB in the same time zone is drowning in water and it is still raining. What is going on?
- Al Jazeera English had on Dana Nugateli, environmental scientist from Sacramento, CA; from San Francisco, media campaigner Dan Kether who works with 350.org to build a global grass roots movement solve the climate crisis, with emphasis on the Keystone Pipeline project

**T** brings in sections from Obama's policy speech: for the first time in 18 years, America is poised to produce more of its own oil than it imports

- **HE WAS SHUT OUT FROM ALL OF THE MAJOR MEDIA: A 49 MINUTE SPEECH AND the only channel that carried the speech was the Weather Channel – what is this about?**

- **What he said the oil ones did not like** - on the subject of using gas as an alternative and fracking, she brings up the video of the man who lit the water from a hose and it burned for over a minute with no signs of stopping – and once water is wrecked, it is wrecked, and the people in various parts of the NE are getting sick and dying.

**Rama asked #15** about this: said it will come but it has to go in stages so people will see

He said 40% of the pollution comes from power plants; there were no limits on any of the plants – they can pump into the air with no limits – we limit the amount of mercury and sulphur and arsenic in the air -

Obama's plan uses executive power wherever he can

**TARA READ THE WHOLE TRANSCRIPT FROM AL JAZEERA – worth listening to!!!**

**Cathy:** Craig Campobosso, Director of “Stranger in the Pentagon” - to be the guest on July 25<sup>th</sup>

**MR:** Dr Oldring is coming; also people talking about the first encounters -

**EMMY NOMINATED FILMMAKER CRAIG CAMPOBASSO**

Craig's other passion is to write and direct stories that provoke the reader to think, to raise their consciousness, to expand their minds about Creation, while still entertaining in the Hollywood tradition. His first book "*The Autobiography of an ExtraTerrestrial Saga: I AM Thyron*" with Foreword by Sylvia Browne and was released on 11-11-11. (Distributed by New Leaf.) Read more about it at [www.AutobiographyOfAnET.com](http://www.AutobiographyOfAnET.com)

Craig has completed the feature-length screenplay "Stranger at the Pentagon" from the book by Dr. Frank E. Stranges that was first released in 1967. It remains a UFO classic to date. He is set to direct the feature film with a 1950s Technicolor look on Earth and a far-futuristic look on board the Victor Class Saucers, Starship and on other planets where the people live on the interior of their worlds. He has just finished directing the short film version in January 2013 based on his feature-length screenplay.

**T:** takes a lot of courage for Barack to say what he did about climate change

**R: Ed Snowden:** Ray McGovern was on the Ed show, Mike P was the host  
Ray said if the US walked into the airport in Russia and tried to nab him, it would be considered an act of war – he is still a US citizen even though they have revoked his passport. Just the same if Russia tried to walk into an American airport and take him from the international space

Also, there is no extradition agreement between the US and Russia [Ray McGovern]

Also, Ed Snowden has the papers that say he is considered a refugee by Ecuador [Ray McGovern]

**Audio:** Max Keiser about the world markets – knows as much as KOS on this topic!!!

**Episode 463 June 26, 2013**

**<http://rt.com/shows/keiser-report/episode-463-max-keiser-277/>**

Max Keiser and Stacy Herbert discuss the hashtag AngloTapes and the trolololling by the banksters at the heart of the Anglo Irish scam to get taxpayers to bail them out before the same taxpayer could understand how much was really needed. They also discuss 'feral hogs' and colonoscopies for lulz banksters. In the second half, Max talks to journalist and author Andrew McGettigan about the attempts by the UK government to sell off its 40-billion-pound student debt portfolio.

**Closing:** Cathy Lauren
