

Hard News:

T: they are in a skinny window in terms of the big story: keep BO and his family in the Circle of Support – there is a strong desire for those who wish to take out the family so they won't get arrested.

- There is a major crack in the window of time – the ones we speak of who need to be arrested: will soon be picking up the admirals and generals, including Gen Mullen who refused to say “stand down”;
 - also John Kerry was told not to threaten, and this is the 2nd time – BO did not say to threaten!
 - Putin said he put the entire US to shame by his demeanour;
 - Kerry is consulting with Kissinger who also wants to see Obama dead
- **THIS IS NOT ABOUT MONEY: ABOUT ETHICS, ABOUT WHAT THE CONSTITUTION REPRESENTS AS A SPIRITUAL DOCUMENT**, the one written by St Germain
- There are thousands and thousands of the amethyst fleet of St Germain being seen by the staff on ISS; also the silver fleet of Anton of the Agartha Network coming to the surface, this is the Lemurians coming to our aid & are going after the Atlanteans

R Rhodes: the police chief in Florida said of George Zimmerman: “the sooner he is arrested and given the death penalty for murder, the better” - says he has a whole plethora of guns where he is living – a Sandy Hook waiting to happen

RR: the decision in the Trayvon Martin case can be reversed, hard evidence that the the female judge was compromised by bribery

- RR knows all about it, but it is not her place to talk of it.

- **The Ed show:** David Korn of Mother Jones; John Nichols were on; Katrina vandenHeuval came in by phone
 - R asked them: there are rumours that Syria is trying to obtain depleted uranium to create some kind of nuclear device
 - This sounds like the Shrub story when he was high on something and said the mushroom cloud is 45 minutes from striking London; be afraid!
 - This is a complete repeat of the fiasco that led to the marching into Afghanistan and Iraq & neither of these countries had anything to do with 9/11 – and not one person arrested.

- **John Kerry and Israel:** they are doing the fake story of Al Assad trying to get the depleted uranium to create dirty nukes – it's like the yellow cake story in Niger by Bush jr.
- Kerry was touted as a hero in 1972: it was pre-meditated – they already planned to have him run against Bush in 2004 - it was set-up: this was Bush Jr and Kerry getting into the coffin and having sex together and being Grand Masters of Skull and Bones
- Bush Sr stole the Geronimo skull and put in their tomb & used it as their mascot – there is a curse on that skull
- **Pictures of the gassing of the people are fake;** the ones with the wrapped bodies stacked up like cord wood: they are from the 80s, when Rummy had gotten gas to Saddam Hussain and when Reagan was involved in a previous event
- **THE 400 CHILDREN DID DIE CURRENTLY:** – McCain, Netanyahu, Bandar Bush and King Abdullah are responsible

- David Korn asked R about Clinton, the Chief of Splainin' Stuff and getting stories straight?
 - R told them he met Clinton at Albuquerque Airport in 1990/91 – Rama said I know who you are dude, and Clinton said I know who you are too - and they shook each other's hand
 - Katrina: commends R for challenging Clinton and walking away, free and alive**R:** said Indeed, I am Lord Ashtar's son here to free the earth
Katrina: Bless you for your mission!

- Larry, Curly & Mo who work with the Ashtar Command & work in the Secret Service by KOS
 - Larry called and R asked him what's up with the story about Obama being an onerous monkey and a weak president?

L: There is an unseen war going on between the White Hats and the Black Hats: the Nesara Blogs and Forums are criminlas yet they call themselves White hats AND THEY ARE NOT!

Faction 3 is the White Hats, and members of the Ashtar Command

- At any time now, you are going to see the generals, the admirals, and members of the Joint Chiefs of Staff getting arrested for high treason playing behind the scenes with Henry Kissinger, Brezinski, Hillary Clinton, John Kerry – Obama wants to give Putin more time and John Kerry is giving the finger to that and **defying the orders of Barack Obama**.
- The galactics can fix the gas in a matter of moments; would take years in 3D

A story about Al Assaud

- **The ships called** the Phoenix, the New Bethlehem, Excaliber, New Jerusalem, Thoth, Dove, all parked behind Pluto and no closer because they would disturb the gravitational field of the planet
- there are mother ships, 100 – 500 miles across, that people on the space stations are observing that are in whole fleets around the planet, as well as the ones from the Agartha Network.

Thom Hartmann: if you want to know who thinks they are running the show, go to knighttemplar.com
- not the ones that St Germain wrote the principles for - these are the ones who turned them into black magicians

- Voyager I has left our solar system and is 12 km out, completely in unknown territory
 - R brings up the story of Voyager 1 Leaves and comes back, looking for the Creator
- We have 5% more moisture in our atmosphere than we have had in the last 60,000 years.

Conf call:

Caller1: ▪ **orbs:** they were around in the millions when Obama was elected – still around, and more so when you have a camera

- **cameras on 9/11** – all planted before hand; spoke of the 8 pterydactyls flying around as the towers were going down.
- **shadow people:** those who are caught between worlds.
 - Lately there have been more of them after none for quite some time; can feel and see them.
- R tells the story of working in a 4 star hotel in Santa Fe, as a sous chef
 - a ghost called Julia Stadd - still there and does not want to ascend – likes where she is.
 - R has seen her and talked to her; she gets upset if she does not get her whiskey every day
- **sounds like a metaphor** for the current situation with 13 Families, etc

Caller2: talks of how her former dog came back in a new dog

Caller3: a 1900 mile round trip on July 3; got there when the peace village for the elders was being prepared

- she called and talked the young man who looked after the property; he showed her around
- met a middle aged woman called Morningstar, later that day Dyhanni showed up to place the crystals and setting their energies - didn't meet Dyhanni but sat in her energies as she set the grid
- Learning Cherokee Ways - the name of the new book; the lady the caller met took her money and sent her a copy of the book when they were available.
- a great cross section of people who were camping – was on the land, was in the energies
- book is self-published, not easily obtainable.
- had a remembrance of being on sacred land

Question: with all the recent anniversary celebrations: what was the name who was in MLK's inner circle responsible for the assassination

T: Abernathy – he was in the room when T walked to the west side of Chicago; after the meeting was over, her friend said you have to get out of here: disappear. So she did. She found out for sure when she met the lady again: she held MLK in her arms as he took his last breath.

- How did they keep this quiet? **You talk and you're dead!** Same as 9/11 – gag order.

- There has been a thing between Sharpton and Jesse Jackson because Sharpton knows that Jackson lied about where the shot came from. Yet Jackson would be dead if he said anything.
- MIB they show up and say be quiet.
- Just like the silence today on the Ed show: David Korn, John Nichols, Katrina vanden heuval when R told the

story of meeting Bill Clinton and saying "I know who are" and Clinton saying "I know who you are too" – they shook hands, and Rama walked away. And still lives.

- The MIB run the Black Ops in this country: when we talk about Emperor Keith Anderson of the NSA – they are creating cyber warriors
- the work T & R do is so powerful, and KOS was very strong in his statements yesterday:
 - there are lots of lightworkers who don't really comprehend how important they are:
 - the work done in Cheryl Croci's call is very high work and makes all the difference in the world.
- **IT IS THE FOCUS OF THE GROUP UNDERSTANDING - it is not about money, but about freedom.**
 - Everyone who signed the Declaration of Independence knew they would be killed; St Germain said for the sake of this world and those who come after, SIGN THIS DOCUMENT.

- **yes, it** only takes a small number, but where there are thousand and thousands of lightworkers and they are looking for money and running hither and thither – does not help.
 - The Cynthia Lagarde archon will make sure anyone who gets a package gets dead!
- Those who get their blessings HAVE A TREMENDOUS RESPONSIBILITY TO BE THE TEACHERS' TEACHERS' TEACHERS!
- She tells Caller 3 she got Shakti Pat, whether she knows it or not. Caller says she thought she got what she needed – she felt enough that their energetic fields are part of what is happening.

T: you were necessary; your presence was helping her too.

Caller3: everyone she met had names that resonated with her! It was a planned meeting though they never met face to face. She'd just gotten over the broken food, had a move, drove 1900 miles by herself and she was not sure she could do it alone! Nothing she could put her finger on, but she felt the difference.

T: you made something important happen: that mission was not just personal – it was for the whole planet.

Caller3: she did some history and found out that the peacemaker had come and spoken to a grandmother;

- he was responsible for getting all the women into the Iroquois structures – she drove through the Onandoga Reservation and went over to Vermont, retracing steps of ancient memories – sent up to Syracuse, drove to Ithaca, go to Vermont. Just honouring the land was enough. Foot held up; healed more.

T: asks about choice of route.

Caller3: took 81 and up the spine – route seemed to be very important.

T: you connected all points – a sacred journey.

T: July 22, 2013: 7– 22- 33 - we are the 33rd planet to enter the Federation of Worlds

T: this is the first time they have heard anything grounded:

- **it came from Larry that admirals, generals, and Chiefs of Staff will be arrested**
- **This is a galactic operation, and we won't hear that from Fox Moos.**

Randi Rhodes: interviewed master Sgt. Bob Dean. He is 80+, said he wanted to go home when Kerry Cassidy interviewed him some time ago

Caller3: one last point: in the arboretum in the Peace Village, she and Morningstar saw **the smallest bird on the planet: a Cuban bumblebee hummingbird**

- Morningstar called it a "bumblebird"
- She told MS that they bring in 5D energy - translucent green colour

T: AA Michael's twin flame is Morningstar; also known as Hope, and as Faith

Caller3: Mt Mitchell, near where Rainbird lives, is also known as Morningstar Mountain – Grandfather Rocking Bird told her and Rainbird. Highest peak on that side of the country

T: when the Appalachian mtns formed, they moved and shoved the land from the Gulf under the land – Mt Mitchell was at least 10,000 ' when it was formed, and other mtns too

T: there used to be land where the Gulf of Mexico is; the mtns sank down again with tremours and so on;

RB: asks caller3 if she has ever sat in circle and seen the dolphins? They show up when the group does healing work – the dolphins come from the Gulf of Mexico

T: Ophiucus is the dolphin constellation and is the 13th constellation; Mother Sekhmet's # is 13

Today 9 – 13 – 33: 9 is completion of love ray; 13 is dolphin day and Mother's day; 33 is the master number

- Lucifera was the Planetary Prince, the Morning Star – when he fell, AA Michael took his place, with Sananda Kumara and their twin flames – LM Morninstar and LM Nada.
 - LM Nada is in place now, in the flesh, as is Sananda Kumara as **KOS**

Caller3: went to Florida to Fort Augustine in august: she has been there at least 60 times

had never seen the sign that said it was the chapel of Our Lady of the Milk and the Good Birth!!!

T: a man called Thom Hartmann today: how are we going to bring in 43 million more people – we do not have enough medical people to help.

TH: most of the things that are needed are done by nurses.

T: taught nurses about the chakras and how to do the laying on of hands, and reiki

Music:

Mother Sekhmet:

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we ask for the Violet Fleet, the Silber Fleet, the ancient ones, we are willing, we are praying peace, we are praying peaceful solutions – we welcome the devas, the angels, - the Cuban bumblebee hummingbird that has come into our awareness. Good things come in small packages.

Greetings, Children of Ra

Indeed, they come in small packages!

- It is about love, and we have the great story that all is transpiring in this moment now; the sound of the hand clapping – the one hand for making me an instrument of thy peace:
 - all that we have asked for is in this moment now, and all that is unlike that instrument of peace is rising to the surface of the stew we have talked about for many moons now! It is the issues at hand: how many here 7.5 Billion folks have said “make me an instrument of thy peace”.
- And there is this small group of our children and the 7 billion have said this is Priority 1; Earth has said NO to war. All that is transpiring is the issues of the moment: weighty only in the minds of those who cannot see the forest for the trees.
 - It is about what the Mother of First nations who came, Onaweida, who bring the teachings of the good Red Road here: so many stories, legends of what is transpiring in the moment. The New Atlantis is here, now, the Eagle and the Condor, Turtle Island is the the New Atlants, and we are sons and daughters of the Most High who are bringing forth the wisdom and the Light Cities now becoming manifest.
- As they speak of the ancient stories of ressurecting this gourd of ashes – what we can say of the issues at hand concerning this: it is about the ancient war stories, and earth has said “enough”.
 - This is the moment when we are rising to the occassion of the peace story: Lord, make me an instrument of Thy Peace. The weighty issues are getting done in the moment: peaceful negotiations lead to peaceful negotiations. Vlad the impaler who wears no shirt and talks of wrestling bears is saying get it right!

T: asks who is doing the murdering of gay people in Russia?

MS: it is about stories of the false gods and what is coming about in the moment. Mr Putin – it is about the people around him like the Tin Soldiers surrounding the Siran Commander who have the long knives

T: the church elders and others?

MS: they have taken the words of the man who said take these things we have shared in the sacred circle; and teach only love, teach only peace. The energy of the great Goddess – the hidden stoires of the ancient priesthoods that have not come from a place of balance

T: Pres. Putin got it from Obama when he called Putin on the Pussy Riot ladies having to dig ditches in the Gulag

MS: what is being to the surface is the undealt with stories of the ancient ancient wars of our children who played "Masters of the Universe"

- the great Socceress said Skeletory is gone, the game is over; let us bring peace to the land of Eternia – it is now, it is in balance
- The adomic race, the Adom Kadmon, the ancient stories that are bringing forth the wisdom – since it goes into the realm of cartoon phycis: you have to know where nothing appears rea; it is about the worm hole and on the other side; we are already through the worm hole
 - the nagual: let us walk with death on our shoulder as we keep talking about the issues of now
- Putin means business first and foremost: the submarines, the air craft carries that are transpiring in the land that used to be called Assyria: the people of the Hittites who gave Ramses II a run for his money in the land of Kennet – these stories based on truth;
 - now these ancient stories – the people of Iran, Persia – what Dr Keshe and the Mahdi bring at this time are various versions of this story
 - The Mahdi is back on his white horse and has his scimitar of truth: the wisdom about bringing peace in now - let us honour the good people of Iran and the other nations that hold the wisdom: the Sufi masters – they have a great wisdom that needs to be shared with the West, the true spirituality that has been forgotten: when we learn the wisdom of the movement, we can move between worlds
 - it is a vibration of love – the peace story here, comes full circle to the story when St Francis to the Pope – all we got here is what we got

T: the great and little bear being aligned on Mother Russia at the moment

- Thom Hartmann had a good guy on talking about this
- the Alawites – the Hittites are involved with these ones. The Iranians are Alawites too – the new president is

MS: they have been isolated and think they are the true believers. And they have twisted the truth for darkness

- It is about the story that the Cosmic Christ brings with the wisdom of that office. The Cosmic Christ, Lord Maitraya's ship is in orbit and the people on the ISS cannot talk of it: the xenophobic relationship with the people here cannot be discussed until the final moment – and the moment is here!
 - Already Ariana Huffington asking what would earth look like with First Contact, full disclosure??
- We best say it is - we have a wisdom that seemingly you lack. But it is inside you; it is flipping on the switch called the god particle – it is the cosmic union between twin flames; the magic of the sound of one hand clapping.
- They are making a movie in Spiritual Cinema called "One Hand Clapping" - Buck Rogers in the 21st century!
 - This has to do with opening the heart cave and sharing the wisdom of the simple joys of what this story is about; this wisdom of simple movements –
 - as we come together with all nations and no borders; Imagine all the People per ST. John Lennon.
Says St Francis is faking it until he is making it [which he can't]
- Making is about the true wisdom of this Sat Yuga – 100.000 years of peace – though there has to be some housekeeping first: cleaning the water, the land, the people. Brings up the movie Space Balls when they turned on the cosmic vacuum cleaner to suck it up until all the darkness, dirt is gone.
 - Last episode of Mork and Mindy, the night when John Lennon was shot: Robin Williams had to keep a strong face through the whole show; it was hard for him to talk about this as a great man had been taken from the planet, about ending the issue of war on the planet. Through the haze of tears, he got the words out: talking about peace.
 - What Mork shared with the elders of his planet: why do the people on earth have such violent when the prophets of peace come to the planet and share the simple joys of simple wisdom.

T: Cynthia said last night the reptilians attempted to program it out of us as they were jealous of us.

MS: it was to turn us into unfeeling, uncaring borgs, assimilation: add our enhancements to them, ass the Borg queen said: that scenario is CANCELLED. THIS 4th REICH IS A FAILED ATTEMPT, AND HAS BEEN SINCE THE BEGINNING. They want to play with the idea of civil war in this country; the members of the Congress have fangs which are dripping with blood.

T: Obama is playing it to the hilt: suggesting Larry Summers as head of Fed Reserve – the darkest thing ever

- Mother brings up Miss Allen who is also so dark.
- Why are we talking of the Fed Reserve which is dead and buried?

T: because it is not on the screen yet.

MS: the IRS is just a bunch of goons who worked for Tony Soprano who is also dead and gone.

- We are already in the era of peace as Patti Cota-Robles says – let's act like it!
- Mutant and proud of it: the junk DNA is fully active; our siddhis have already kicked in – the 3rd eye is thumping with power, and we take drugs to calm it -
- There are so many who believe – as you believe it and see it: look at the back of my head, don't forget to look at the back of my head, forget what it is looking down: as you have that faith, you need no ropes, no nets – you can walk on water right now!
- Where we are in the moment: there is no time: all time is NOW – time is the no time of the moment. The issues here as we walk the good Red Road, all will come to pass.
- This is not about confusion, but about what has separated the mind from the heart – the hyperdimensional physics: as we walk out of this realm, seemingly 3D, we go into 12 D and higher, and create a new reality. We are the ones that must do it now

T: Thom Hartmann is still denying what happened on 9/11 M: he still has bullet holes to remind him.

T: he said today that if Hurricane Sandy had been lower, he'd be homeless and bereft; the change in atmosphere means these kinds of incidents are on the increase.

- Asks for help: boiling radiation in the coastal waters of some countries!

MS: it is radical stuff: we are crossing the Galactic Planet, moving to Galactic Centre of the MW Galaxy

- we have not seen this for 26, 826 years – now things are coming full circle.
- As we move closer to the Galactic Centre, all that has to do with anomalies that make up a new reality, a new space, a new time – it is the sound of Thor's hammer hitting us on the side of the head saying do you get it now? It is about peace.

T: speaks of Earth Link from 1992:

MS: it is being done in the moment, and we are all doing it: they are humbled by the presence of us who have said -

- There is a Grand Cycle that has come to completion: why does it take the Great Bear to bring things to balance.

T: Mother Russia has been doing introspection; also, Bear medicine is change.

MS: so much love pouring in – the body has to adjust; highly credible that we will see the mahdi any second now

- Discussion about how they will get introduced to the people

T: how will 9/11 get unveiled – no one wants to touch it.

MS: it is about one simple story: NESARA, the #1 issue here. Why did 9/11 happen? Greenspan turned a little green around the gills – he got his orders. Project for New American Century [PNAC]

here we are backstage, waiting: Bill Maher does his jokes, waiting for McCain to be pulled off.

- The truth is that we are creator gods, equal to her.

T: Namaste, Mother.

R: had been sitting in the Elysium Fields – in Greece – sitting in the grass; something has changed – has to do with the bigger story that is unravelling – we simply have to talk of the real truths coming forth, where there are real solutions to the craziness: Putin has solutions. He was reminded of what Solara did on 11:11 where so many people joined hands and did the frequencies and sent them across the planet.

- As he sat there, people looked at him in astonishment: it was odd for them to see him – had to do with the blending of the worlds that is so real, what we see is not what we see – the moment is changing so fast and the radical change – Greg Braden talks of this: the radical shift that brings in the Naqual.
- Talks of getting the whacks on the back in a certain spot – the energies do this to us: move us out of the tonal into the Naqual.

They both recommend watching a new series called TOUCH – it's about the Fibonacci series, and an autistic child who never speaks at all. He works with numbers, and the numbers show up through all the story lines & help so much – the transformation of situations that could be so harmful.

Episode 496

September 11, 2013 06:30

Max Keiser and Stacy Herbert discuss America's curse: dollar printing or JP Morgan? They also examine the truth about the fact that despite a mere \$4 extra to manufacture a smartphone in America rather than in China, production will remain overseas. In the second half, Max travels upriver to interview Turd Ferguson of TFMetalsReport.com outside JP Morgan's Park Avenue headquarters. Turd reports that JPMorgan has 'cornered' the Comex gold market and also comments on the bank's silver short and their 'rogue' commodities desk, reportedly being investigated by the FBI for obstruction of justice.
