### Hard News:

#### Reminder to all of us about supporting BBS and T&R:

- the help they were getting for another sister [\$150 a week for the last 3 months] has been re-directed to other needy people. So they need even more help now.
- There are people in the media, Hollywood and politics who have a direct connection to KOS BUT THEY HAVE A GAG ORDER. ▪ RAMA IS THE ONLY PERSON ON EARTH WITH A DIRECT CONNECTION TO KOS AND NO GAG ORDER.!!!
- Rama & T's mandate: Rama represents the people of earth and has a direct connection to KOS. THE PURPOSE IS TO GET THE TRUTH DIRECTLY TO THE PEOPLE FROM KOS ABOUT WHAT IS HAPPENING WITH NESARA: nowhere else on earth can we get this information.
- We are setting up a new economy and, with this mandate, they have been ordered to have no contact with the old mandate or they would be d-e-a- d. The purpose for getting the word out to the people is so the people will support this and get the info out to others; it is taking so long because the people have fallen asleep about who they are and where they are going
- The money system has had a gruelling effect on our consciousness – people are looking for money and not thinkinb about raising consciousness. Yet, as people give, this brings in abundance to all and raises consciousness.
- The purpose of the human being is selfless service, and that is where joy comes from.

R: so grateful to be alive at this time! We are about moving foward with the story as Rev AI is saying at the Apollo tonight . In spite of the fiascos happening that have nothing to do with reality, Mr 19.5\* has a great role to play in terms of bringing in the wisdom of the Aboriginal Moabite Nation. This is a critical part of the story

#### Stephanie Miller – Hal Spark as host

- About the Alawites of Syria: they believe the Mahdi, the Cosmic Christ will come through them
- They believe he is coming, that he is here
- Sananda Kumara has this in hand
- What is coming out more and more:
- Mr 19.5\* has changed his tune: he will not make his own private decision- will go by the vote of Congress
- Randi Rhodes: There are 340 members of Congress who will abstain and the No votes are over riding the yes votes: there are only 64 good members of Congress left
- McCain got it full blast at a town hall in AZ from a dark Syrian woman who supported John McCain: why do you want to turn Syria into another Iraq??
  - We know he is a war criminal: killed people in Viet Nam: crashed a plane & left a co-pilot to die
  - Henry Kissinger is McCain's handler & his wife cracks the whip and he answers. [same situation as Newt Gingrich – R thinking their wives are some kind of android kind of lifeforms – not pretty what members of the 13 families go through in their private lives when they have to answer to the lifeforms called Great White Dragons that are going extinct: yet the GWDs are already turning back to love – it is the very small rebel band is falling apart at the seams.

**Ed Schultz:** called his show “The Bleeding Hearts Liberal Show” today: all guests talked about hearing a NO vote in Congress; we have no right to bomb Syria – they know it is not Al Assad though he is a criminal – it is the Saudis, the Israelis, the CIA, the Mossad

- A Sikh brother of T & R told them last week: when the Israeli soldiers get out of the army, they are so traiumitized & messed up as a result of the training they went through: they were turned into indiscriminate killing machines.
- The real crime is disaster capitalism, the shock doctrine and Jamie Diamond and Tim Geitner still have not yet gone to jail! Also, Ken Lay of Enron is still alive, and that story has still be told
- As Rana Mu said yesterday: there is a 3<sup>rd</sup> option – peace and accountability

### Last night on Rachel's show:

- Chris Smith [R] New Jersey: instead of going to war, suggesting that the US take the lead on having a Syrian War Tribunal, though this would not deal with McCain smuggling in the chlorine gas
  - Putin, Obama put their heads together at the G20: Putin said it was time for Mr Al Assad to go
    - Obama knows how to get things done: Saddam, Osama Bin Laden are sitting in a brig on a star ship
  - T:** Rana Mu said that Prime Minister Xi from China, Putin, Obama have a thing going at another level!
    - when Obama said he would do what the people said, he made no mistake: he was calling out the international community: 99.9% of them are criminals!
  - Go back to the 3<sup>rd</sup> option: a Syrian War Tribunal & Putin saying it was time for Assad to go
    - **From Al Jazeera:** Brings up the story of Assad as a student with a bright future as an ophthalmologist; his father was a despot & murderer, was in a severe car accident, died in 1999; al Assad got prepped for being the next leader by the Alawaites
      - they are elitists, pagan, secret, and do rituals
      - the people voted him in by 97%
    - the man telling the story said his personality started to change while he was being prepped & the people didn't see it; changed more when he got into power, and his personality changed a third time – eventually, he became like his dad due to the programming
  - R:** wonders if the M I B took him for a ride & turned him into a borg or something
  - T:** thinks he went for the power, and then married a British woman which adds the Queen of England
- 
- Would a Syrian War Tribunal change things?
    - Not sure but that's the idea
    - **Hans Blix:** should start a multi-lateral arms embargo
  - the people at the **Ezre Klein Wonk Blog** went through the suggestions –
    - including the US taking in more refugees
    - the countries taking in the refugees are asking other countries for help to deal with this insurgency
    - Egypt has 110,000 registered, but they have about 700,000 in Egypt
    - Today the story of a Syrian boy's father being arrested in Egypt several months ago – has not seen him since – the Egyptians say the Syrians are siding with the Brotherhood and they seem to be getting rid of Syrians
      - the Egyptian military is dissolving the Muslim Brotherhood, currently an NGO and currently receiving donations as such
  - A big fat zero in everyone's a/c will bring them into line – which is why NESARA is the only way to do it.
    - **DON'T ACCEPT THE PACKAGES THAT ARE BEING PASSED OUT AND DON'T GO TO ANY ADDRESS IF YOU ARE GIVEN ONE - you are dealing with a 50' lizard who is an Archon & knows who KOS is and DOES NOT CARE! The money will be invalid**
  - **The global think tank The International Crisis Plan** has proposed no invasion, but international peace talks starting with a 6 point peace plan.
  - A group called Peace Action urges people to tell the White House that you do not support military action, but massive efforts for political solution and humanitarian aid.
    - The list of ideas for putting pressure on Syria is growing
      - eg, blocking the a/c of every member of the Syrian regime
  - **Amnesty International**
    - their idea is that global attention might make the regime think twice
    - Frank Januzzi is a former Democratic policy staffer on the Senate Foreign Affairs Committee
  - How much room between military force and nothing? Are there other meaningful choices?
- FJ:** there are many options
- Dealing with the humanitarian crisis which is massive: 1/3 of the Syrian people driven out
  - options to pursue justice – no impunity should be allowed for the war crimes and past mass murders
  - We feel strongly that the focus should be on addressing the humanitarian needs of the people AND holding people accountable [which includes Mr McCain, Bandar Bush, Netanyahu, those in the US CIA]

- Tools are available to take these ones to the International Court of Justice – take it to the UN General Assembly which is really the people; shine a spotlight on the Russians for shielding those obstructionists

**Conf Call:**

**Randi Rhodes:** something amazing is happening across the country:

- **on Oct 1<sup>st</sup>, people can start applying for coverage for the health care program** – things will start happening fast, and this will change things.
  - The story about Universal Health Care is coming into full picture – this will change the picture for everyone in the US; they are coming up to par with other countries – don't have to sell your first born!
  - And let's bring in alternative modalities
- Frank Chile sent an e-mail to Rama about water technology – created in a glass flask – coming from water and the elements which work with water – has to do with chemistry
  - The kids and women in the camp are dying from diarrhoea; they live in plastic tents in 120\* heat.

- Reads all that will happen
- NESARA is intended to cancel-clear 13,000 years of dictatorship – if churches want to get involved, they get involved in this!

**Reading: the reformations being brought in by NESARA:**

<http://2013rainbowroundtable.ning.com/page/history-of-nesara-1>

**2000** – Late one evening on March 9, 2000, a written quorum call was hand-delivered by Delta Force and Navy SEALs to 15 members of the US Senate and the US House who were sponsors and co-sponsors of NESARA. They were immediately escorted by the Delta Force and Navy SEALs to their respective voting chambers where they passed the National Economic Security and Reformation Act. These 15 members of congress were the only people lawfully allowed to hold office in accordance with the original 13th amendment. Remember British soldiers destroyed copies of the Titles of Nobility Amendment (TONA) in the war of 1812 because it prevented anyone who had ties to the crown of England from holding public office. NESARA is the most ground breaking reformation to sweep not only this country but our planet in its entire history. The act does away with the Federal Reserve Bank, the IRS, the shadow government, and much more.

**NESARA implements the following changes:**

1. Zeros out all credit card, mortgage, and other bank debt due to illegal banking and government activities. This is the Federal Reserve's worst nightmare, a "jubilee" or a forgiveness of debt.
2. Abolishes the income tax.
3. Abolishes the IRS. Employees of the IRS will be transferred into the US Treasury national sales tax area.
4. Creates a 14% flat rate non-essential new items only sales tax revenue for the government. In other words, food and medicine will not be taxed; nor will used items such as old homes.
5. Increases benefits to senior citizens.
6. Returns Constitutional Law to all courts and legal matters.
7. Reinstates the original Title of Nobility amendment:

This clause reads:

"No Title of Nobility shall be granted by the United States: And no Person holding any Office of Profit or Trust under them, shall, without the Consent of the Congress, accept of any present, Emolument, Office, or Title, of any kind whatever, from any King, Prince, or foreign State."

"If any citizen of the United States shall accept, claim, receive or retain any title of nobility or honour, or shall, without the consent of Congress accept and retain any present, pension, office or emolument of any kind whatever, from any emperor, king, prince or foreign power, such person shall cease to be a citizen of the United States and shall be incapable of holding any office of trust or profit under them, or either of them."

8. Establishes new Presidential and Congressional elections within 120 days after NESARA's announcement. The interim government will cancel all National Emergencies and return us back to constitutional law.
9. Monitors elections and prevents illegal election activities of special interest groups.
10. Creates a new U.S. Treasury rainbow currency backed by gold, silver, and platinum precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.
11. Forbids the sale of American birth certificate records as chattel property bonds by the US Department of Transportation.
12. Initiates new U.S. Treasury Bank System in alignment with Constitutional Law
13. Eliminates the Federal Reserve System. During the transition period the Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal Reserve notes from the money supply.
14. Restores financial privacy.

15. Retrains all judges and attorneys in Constitutional Law.
16. Ceases all aggressive, U.S. government military actions worldwide.
17. Establishes peace throughout the world.
18. Releases enormous sums of money for humanitarian purposes.
19. Enables the release of over 6,000 patents of suppressed technologies that are being withheld from the public under the guise of national security, including free energy devices, anti-gravity, and sonic healing machines.

### **Mother Sekhmet**

Greetings in the Light of the Most Radiant One, in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

**T:** we pray wisdom, Divine Compassion, harmlessness, Divine Mercy, Divine Justice, eternal bliss and beauty – that which we are, and always have been and always shall will be – it was we as One who decided to be as One – it is peace time, it is love time and all goodness be unto us from the Source, Mother!

### **Greetings, Children of Ra!**

- Indeed it is at this moment the energies that are pouring forth from the tears of infinite joy from on High, as we are the sons and daughters of The Most High. The story of the Phoenix Rising to the occasion now – we are eternally grateful to be in the realm of observing this transformative moment.
- Greg Braden called it the spontaneous mutation of what is happening to us: the DNA of what we are, the mitochondria, the force
  - Lord, make me an instrument of thy peace: this is what is happening in the moment – so much joy, so much love. It is the Path of Oneness that is bringing everything in this moment now.
  - so that as we are experiencing anything that is unlike joy, it is because of the moments we have asked to take on the greatest of roles at this time, to be servants of thy peace!
  - This is the answer of what is coming forth in this moment, now, in spite of the dogs of war baying at the door. Pay no attention to them – they are hungry only for energy they can suck from our life force – and this holds not a candle to the magnificent energy pouring forth from us, as we are Creator gods – **the installation of what we asked for is already made manifest.**
- Each moment, things are unravelling at such a rate and coming into crystalline focus in nano-seconds;
  - the majority of the planet wishes to advance the dream, now, in this moment, equal for all people as we are sons and daughters of the most high, it is in the highest good for all people to advance the dream of what is being said.
  - The people of Earth want peace, and we shall have peace in this moment.
- Mo digresses: At the Apollo with Rev Al Sharpton: Alice Walker – Road Map to Apartheid; Charlie Wrangel, John Lewis was there, too: like the Rev said: we've got miles to go before we sleep, and it is in this nano second that it gets completed and sharing the wisdom in our community where one is harmed, one is healed – Lord, make me an instrument of thy peace;
  - today there are victims of Hurricane Sandy who still have not gotten the help they need. And Chris Christie's road map is to try and take on the Sirian Commander; also Marco Rubio – these agendas are not about advancing the dream for the people – their agenda of world dominance is cancelled. It is all a moot point as it already completed because Mother has answered the clarion call that yields this story 175 million years into the future which is her past: the dream is already alive - pray peace, pray love – very simple answers that change the course of events.
- From her vantage point on the ship, it is already done, completed: we have our freedom and what is being played out is a huge, huge lesson in humility, gracefulness, tranquility: the Lady Master always says

“What is the first law of Love? Be calm.”

- As you are in that place, be love, be that instrument of peace, then things manifest in such a magnificent way and it is not about pretentious ideas, preconceived ideas of how things are – let all that go – walk in naked: it is about the creation story in which we all played a major role in creating the living Adam Kadmon [our body] that is immortal and always shall be; it is an ongoing story: never stop experiencing infinite joy, infinite bliss, the love of learning;
  - we have an academy in Santa Fe called the Academy for the Love of Learning – he simply teaches what St Francis of Assisi asked us to do: Lord make me an instrument of thy peace: come and share with the people about love - the simple act of helping a homeless man get to the shelter so he can get a hot meal; taking the place where what we see as injustices happening which can mean putting your body on the line – like the Walmart workers standing up saying they deserve \$15 / hour, how about \$22.50 as E. Warren said? Let's level the playing field.
- It is that place where all are equal. Why do we need wages? As divine creation is here, made manifest & we have already landed, there is another story called universal economics and the United Federation of Planets and Star Systems: Articles of Confederation put together by the Founding Fathers that built what we call Star Fleet may be a fictional story, but it is not fiction – we have already planted the seeds and they are coming up: the Intergalactic Confederation of Worlds exists, and Earth is the 33<sup>rd</sup> member which has been given the Martian name: people of the Farks
    - the Farks are a group of people who live on Mars who interact with other groups of life forms that Mr 19.5\* met with Andrew Basiago and others who went to Mars – that story will only get told after NESARA is announced - it is about love in all its forms, and the 12 rays of living light, living love:
    - The idea that Mr Putin is afraid of a rainbow flag and gay people? A joke! Part of a holographic story that has to play out to its conclusion, yet what is happening in Mother Russia is not pretty: the suppression of people in same sex marriage, and KGB & others cracking down – it is about revolution, evolution at the highest level:
      - imagine all the people as St John said; Mother is calling him a saint, not that Francis who is nothing but a schill for the ancient war energy, the death merchants, our wayward children who have nothing to do with the Office of the Christ which does not delegate authority to the people: we are part of making the laws, interacting with the Masters; this is a two way street, not a one way street. It is about the people getting in the face of that which we see is obstructing us, Like John Lewis and so many of us who have said “I will take the gauntlet and stand in the front of adversity even it they beat me” – like John Lewis did marching with ML King; the story goes deep
  - There are 2 elected leaders in Mother Zudiachus land who want to leave the International Court of Justice: countries in Africa where warcrimes have been committed [and where they will be appearing on charges of war crimes] .
    - Randi Rhodes played 4 minutes of George Carlin – why does the US not bomb white people? They only bomb brown people or black people, any people of colour but not white people – what is this story?
  - It is so much in our face that we much honor the words: Lord, make me an instrtument of thy peace, where there is hatred, sow much love!
    - It is so simple, so easy to take the gauntlet and supporting the least amongst us: the right to vote, to have a home, to care for the children without being bombed into oblivion.
    - FDR said for the price of each bomb: something about building schools, hospitals – and how about Light Cities?
  - Like the lady in Sedona, an elderly sister who has created a community building the light cities; she wrote a book about it – these are the answers that have to do with not bombing the people of Syria into the stone age since they are already there, like Afghanistan and Iraq – now want to invade Lebanon
    - it is about the stargates which only give access to those with 12 strands of DNA working properly – without that, they will not operate properly for you; they are only about love, not war. The war machine has been cancelled – biomedical-military-industrial-congressional complex is cancelled!
    - like we need big pharma to combine with DARPA to create bio-genetically created life forms that get their nourishment by plugging into an electrical circuit & other tubes that keep them functioning within normal parameters – even the borg came back to love: There was one episode where one woke up and said I AM THAT I AM.

- This is the place we are coming back to, as we are as the dreamers waking the dream – the Uluru who have said now is the time for peace, now is the time for love. So much love is being brought forth to change this story, yet we have members of Congress sitting with the Rev –
  - Eric Cantor was in the audience at the Appollo – bless this man even though he holds the ? behind his back for Mr Boehner: it is not pretty as they are programmed to the nth degree to do this thing.
  - This passion play, live and in living colour, is better than anything on the screen because people are saying we want to experience love and joy and the infinite mortality you keep telling us about Mother - and where is it, Mother? It is in this place [the heart cave]

**Reading:** [Before the Ten Commandments~ The 42 Commandments of the Goddess Ma'at](#) [SEE BELOW]  
A follow on from the discussion on the Conference Call

**Mo:** people die in this hollow deck hologram – safety protocols are off!

**T:** which are the 42 commandments of Ma'at – where did they go? We have stand your ground laws instead.

**Mo:** we trust Billy the Kid more than we trust the Navy Seal Team 6 sharpshooters – why do we need hellfire missiles, the tomahawk missiles; what do the names imply? No one gave the word that it is time to hit the showers! We've got miles to go before we sleep!

- The critical mass has already been reached – yet there are many who are leaving:
  - the separation of the worlds is real: Sept 22<sup>nd</sup> coming in the twinkling of an eye. No disasters coming about - what we are saying is: between Dec 21, 2012 and Sept 22, 2013 is about staying the course of doing what is right with the Ship of State
  - and these uncharted waters are moving into realms we don't want to go into:
    - we do not need Gestapo in the streets where law enforcement officers have been turned into terminators because of crazy laws that have to do with the idea that brown people, black people, people of colour, people with without documents are not worthy; we are all equal here and we all have the ability to change our circumstances in the twinkling of an eye and
    - And it is what we just heard: Make me an instrument of thy peace – there are so many who are advancing the dream like Van Jones, Dr Cornell West, Michael Eric Dyson and others who are making it happen: it gets down to the neighbourhood of everyone of us coming forward and sharing the wisdom whatever it may be:
      - like the sikh master brother was sharing: instead of the kids playing Tour of Duty or Special Ops on the computer or the TV about advancing the skills to kill: how about learning meditation or yoga or doing community organizing for people who have nothing or working in gardens to make things a little better for folks in your city who have nothing?
    - in many communities, homeless people are being exiled, and yet other communities are embracing them. How about creating the jobs that heal the people and the planet; ideas like the Venus Project – as we are not building bombs, how about building Light Cities where you never have to worry about taking care of the crops because the crops can look after themselves, thanks to sound, colour, vibration – the squash can grow the size of coffee tables, like at Findhorn

**T:** MR was talking about growing food, and creating the learning on line: you study it yourself and then teach someone else – teach the older ones who can then teach the younger ones which is key.

**Mo:** “Unilateral Syria strikes shunned by world leaders at the G20” [headline on the TV Mo is reading]

- peaceful solutions create peaceful outcomes: the people of Syria need help, not a madman who has been assimilated by the borg because he got so traumatized by what happened to his father – has to do with orchestrated ideas that come from suppression based in false religions
- the church, the religion is the heart cave is the place – think with your heart, [feel with] clear mind
- The greatest teaching tool is the instrument of peace, the one thing that destroys this entire story called Illuminati

The lab testing (by a very prominent testing lab) utilizing a \$25,000 electronic meter indicated that G.E.M. created a measurable 1.04 Gigawatts of energy in a flask with just tap water, hydrogen & oxygen! That is 1 040 000 000 watts which is comparable to peak output from a nuclear reactor!

There was also a voltage reading but I don't have that data handy just now. More impressive is that the highly sensitive instrument wasn't even touching the water - it was picking up that reading from just the gaseous energy state generated above the water level. It is also completely safe!

Another, earlier pioneer in the effects & benefits of water energy was Viktor Schauberger.

Check out his impressive findings which are truly little known today:

### **Short Summary**

We have a planet in crisis and a people in crisis.

- An out-of-body experience in December of 1994, started a long search for the ultimate spiritual truth.
- Nature was meant to be our teacher, yet we have ignored the very thing that is built into all living things.
- Our bodies are a temple and that physical nature, as well as the nature around us is constantly mirroring a profound truth. This is what I call the separation from GOD phenomenon.
- As I began searching through the religious texts of the world, I was able to relate the scientific and the religious to the human body. Eventually coming up with a formula that would bring the power of the COSMOS down to our world for our use.
- The formula is simple, the ingredients are simple, and WATER is the magic ingredient. WATER is the KEY to our energy crisis and the global warming crisis.
- One of my most profound moments was when I realized that Hydrogen was the only atom without a neutron, thus providing a direct route to GOD.
- How have we let our world get to this point without understanding what WATER means to us spiritually and as our ultimate energy source. This energy can provide AC - DC - and a powerful pulse-type energy.
- You, personally, have Hydrogen glue holding your DNA strand together. You burn 1/2 pound of Hydrogen each day to supply energy to your cells. My favorite MANTRA is: No electron moves in a living system without the presence of Hydrogen.
- In Revelations in The Bible God says that he is Alpha and Omega - the beginning and the end. Why are Greek words used in The Bible? Because it is a clue - Alpha means obstructed to the truth of water. Omega means there whirl sediments. Some other truths in the Greek alphabet are Eta whose symbol is H (as in the symbol for Hydrogen) means with water, Theta means extend water, and Psi which comes

right before Omega means come out vapor.

- Einstein said, "If the answer is simple, God is answering."
- Nikola Tesla said, "One day man will connect his apparatus to the very wheel works of the Universe. The very forces that motivate the planet and their orbits and will cause them to rotate will rotate his own machinery."
- David Bohm said, "In one cubic centimeter of empty space, the amount of energy is much greater than the total amount of energy of all the matter in the known universe."
- Jules Verne said, "I believe that water will one day be employed as fuel, that Hydrogen and Oxygen which constitute it, used singly or together, will furnish an inexhaustible source of heat and light, of an intensity of which coal is not capable."

## 2013, June 17 **Divine Province - June 17th Update**

[Home](#) » [Divine Province Blog & News](#) » June 17th Update

Greetings,

We have come a long way over the past several weeks. The change has been fast, furious and continuous leaving me breathless as I attempt to take it all in. Let me give you a bit of a review.

I have NOT recovered my Yukon yet, but, that incident has led to several great discoveries moving us along our path for the best and highest of the all.

I knew this was true, but, I have finally located the Treaty, as well as several Papal Bulls which convey **title to the entire Kingdom**, to all things, **to the pope and his successors**; That establishes that everyone on earth is subject to the Vatican Law and that the **pope may change any law, anywhere at any time**.

In short, I have located the actual documents which place the reins to the entire world in the hands of the pope ..... Or more correctly, in the hands of the **Chair of Saint Peter**.

Today, the Church is in chaos.

Today we see the prophesies of St. Malachy coming to pass “..... a schism will be produced in the bosom of the Church on the occasion of the election of the Pope... there is one who will be called the true Pope, but he will not be truly so. “

**[Hint: The Keeper of the Seal of Saint Peter is the real pope.]**

I have taken steps to claim my standing as successor party, as Keeper of the Seal of Saint Peter, to the Treaty and Papal Bulls, thereby placing the **reins of the world under the Seal of Saint Peter** ! [see The Holy Alliance treaty 1213 in the Rolls Letters Patent]

Now that we have control of the reins I have taken steps to begin to turn this out of control machine around. [Please see the Letters Patent Restoration of peace as well as the Secret Treaty of Verona] The Secret Treaty of Verona was a very negative and harmful Treaty that bound TPTB to do whatever necessary to prevent the people from finding truth and/or from seeking self-government. [View the Secret Treaty of Verona Here](#)

I am the successor party to the Secret Treaty of Verona and therefore one of the very few who have standing to modify or nullify the Treaty ..... which I have done! [Successors and/or heirs to King John are the other parties who can modify the Treaty]

It has been that found that the Extreme Oath of the Jesuit Order is in violation of Divine Law and I have taken steps to set free all who are bound by that Oath.

### **Resurrection of the Universal Divine Law**

I have further instructed the Vatican, the Crown, the Archbishop of Canterbury, as well as all Archbishops and Bishops of America, to bring an end to the wars against the people. I have Decreed and Ordered the 1936 Amendment to the Trading With The Enemy Act which made all Americans enemies of the state, as null and void as being in violation of Divine Law.

I have Decreed the Federal Reserve Act, used to prosecute an economic war against the people, as being in violation of Divine Law and therefore null and void.

I have discovered that the Birth Certificate is actually a “Pauper’s Certificate” whereby we have all been determined to be insolvent leaving the “Church” with all of the responsibility for our wellbeing. These Birth Certificates/ Pauper’s Certificates are the property of the pope, or Chair of Saint Peter.

So, as the Keeper of the Seal of Saint Peter is the Registered Owner of everything on earth. The registered owner of the assets and the registered owner of all Pauper’s Certificates responsible for the care and wellbeing of the “Paupers.” As Keeper of the Seal of Saint Peter, I feel an obligation to rehabilitate the “Paupers”, i.e. Cure the insolvency by discharging the debt and returning the property to the people. After all, the debt exists ONLY in the legal fiction world ..... All of which operate under the jurisdiction of the Chair of Saint Peter.

We have been “labeled” as paupers due to the assumed “Pledge” of our Divine Estate to and by the administrators/Trustees of the world. Our insolvency exists ONLY in their illusionary world, Not in reality; And all in violation of Divine Law.

Please read the Letters Patents which have been issued and served on the Vatican, the Crown as well as the Archbishops and Bishops of America. [View these Documents Here](#)

We are continuing an extensive mailing program instituted several weeks ago. To further their education we are serving these Letters Patents on every Governor, Attorney General and Secretary of State for the 50 states.

We know that these Notices are for the best and highest of all of us no matter the cost ..... and, they are not cheap. Our mailings, including postage, cost an average of \$10 per package for each package we send out. That’s right .... \$10 per package! We have been sending these packages out 50-100 at a time for several weeks. And, they are having the desired effect. Change is happening. As above so below!

The Vatican is reportedly in chaos ..... yet, making the Ordered changes.

We have begun the process of escheating [seizing back] the property from the Alien legal fictions to the Kingdom for our use. We expect everything we are doing here today to make redeeming homes, not only possible, but very easy and efficient in the very near future.

Written at least 2,000 years before the Ten Commandments of Moses, the 42 Commandments of Ancient Egypt, the “[Ideals of Ma'at](#),” were one of Africa’s – and the world’s – oldest sources of moral and spiritual instruction. In fact, 8 of the 10 Commandments originate from the Ideals of Ma'at. And although they were somewhat buried in 2000 years of history, and the splitting of religions, The 42 Ideals of Ma'at are so simple, and so beautiful – they cover every basic tenant of higher awareness and consciousness – they are as relevant today as if they came straight from a modern day spiritual teacher.

**Ma'at was the Ancient Egyptian Goddess of the Divine Principles of Truth, Justice, and Righteousness.** She was also personified as a goddess who regulated the stars, seasons, and the actions of both mortals and the deities, who set the order of the universe from chaos at the moment of creation. The significance of Ma'at was all-encompassing – it embraced all aspects of existence, including the basic equilibrium of the universe, the relationship between constituent parts, the cycle of the seasons, heavenly movements, religious observations and fair dealings, honesty and truthfulness in social interactions.

In addition to Ma'at's role in creation and continuously preventing the universe from returning to chaos, according to Egyptian mythology she also was responsible for the weighing of souls in the underworld. Her measure determined whether the souls (considered to reside in the heart) of the departed would reach the paradise of afterlife successfully. The measure was that their heart must be lighter than her measurement tool – a feather.

Thus, the ultimate aim for an Ancient Egyptian student was to become “**One with The Most High**” or to become “a god” or “like God” or divine. The path to the development of godlike qualities was through the cultivation of virtues and knowledge of your true Self. Many believed that virtue could only be achieved through special study, effort and the knowledge of cultural rites of passage.

The following Ideals were sought by the Egyptians to become one with Ma'at and the balance of cosmic order to assure their passage into the afterlife:

#### **The 42 Ideals of Ma'at**

1. I honor virtue
2. I benefit with gratitude
3. I am peaceful
4. I respect the property of others
5. I affirm that all life is sacred
6. I give offerings that are genuine
7. I live in truth
8. I regard all altars with respect

9. I speak with sincerity
10. I consume only my fair share
11. I offer words of good intent
12. I relate in peace
13. I honor animals with reverence
14. I can be trusted
15. I care for the earth
16. I keep my own council
17. I speak positively of others
18. I remain in balance with my emotions
19. I am trustful in my relationships
20. I hold purity in high esteem
21. I spread joy
22. I do the best I can
23. I communicate with compassion
24. I listen to opposing opinions
25. I create harmony
26. I invoke laughter
27. I am open to love in various forms
28. I am forgiving
29. I am kind
30. I act respectfully of others
31. I am accepting
32. I follow my inner guidance
33. I converse with awareness
34. I do good
35. I give blessings
36. I keep the waters pure
37. I speak with good intent
38. I praise the Goddess and the God
39. I am humble
40. I achieve with integrity
41. I advance through my own abilities
42. I embrace the All

These Laws command our love and respect for the life, dignity and Goddess-given rights of all living things, as well as imposing upon us divine obligations and duties toward them, and our precious planet. By their observance we reflect the light upon the world, fusing virtue with justice, and aligning individual rights with righteousness.

These ancient ideals were created to apply to everyone regardless of belief system. There was no concept of religious bias in ancient Egypt. People strived to live a good life in accordance to these ideals of truth, balance, order, law, morality, and justice. The 42 Ideals of Ma'at are valuable passages of history that are as viable today as they were 5,000 years ago.

**These ideals are an example of how some things will always be promoted in our culture. We couldn't think of a single value that is missing can you? Which are the most important to you?**

In this Golden Age of Light, we now have the opportunity to activate our Crystalline Sun DNA Templates, the crystalline matrix of our fifth dimensional I AM Avatar Bodies of Light.
