thanks to Angelsu for a beautiful meditation

**MR: AR's phone number 219 - 980 - 0010**

- have just had a solar eclipse; the lunar eclipses are less intense than the solar ones
- the one on the 24<sup>th</sup> has an effect for 6 weeks
- the solar eclipse is important right now: Angelsu mentioned the whistleblowers - this goes along with the solar eclipse which falls in the 6<sup>th</sup> house, the house of health for the country;
  - It will tear down the walls surrounding cures and treatments that have been held back by the powers that be - which could be the health industry in general - these things will be exposed, new treatments will be let into the market

- With this is the possibility of illnesses that will be hard to diagnose; take your vitamins, eat the right food
- Falling where it falls in the "health" chart, it also affects in the defence systems - there will be some civil unrest in some other small country: underlying cause of that is an outside force - won't be terrorism but someone instigating the people of the country to rise up against their gov't in next 6 - 8 days
- the Whistleblowers only came forward about 6 weeks ago - they will be safe, although there is someone who will try and smear someone's authenticity; they will survive - in the long run, one of the 3 will become very heroic due to what they say
  - what they say will create chaos all over the place and they will prove it
- Watch for a major move by Hillary Clinton - within a week
- a lot going on: summer will come in with a lot of heat on all in gov't
- will see communications in the Gov't changing - complete change of clothes of the Statue of Liberty - psychically will cause the people of the US to gain in stature and respect
- From this eclipse, the **Scorpios** will have to be conscious - this is a secretive sign - in the long run, will be exposed and by the Scorpion itself who is tired of keeping quiet
- Will be positive for **Virgo and Capricorn**
- Also for **Leo & Aquarius** - will shake them up a bit; communications will be changing - will be able to be themselves
- **Gemini** will be concerned about expenditures of money, and about 2<sup>nd</sup> ways of making money
- **Cancer**: there will be big changes in the US with communications; possibly people who fool around with computers and mess them up - any type of communications,
  - US should put up more defences against intrusion
- **Leo** - will be a lot of people speaking out about the world making changes now, we can't wait - publicly recognized and known
- **Virgo**: children's issues will come to the fore
- **Libra** - will be concerned health, diet, service to others; military will be in the headlines in coming week & uniting people - the whistleblowers are trying to unite people and have them knowing about what is happening & how America fits into its slot in the world - we will find true patriots coming out
- **Sagittarius** - will do a lot of travelling, and start making lots of plans for future travel plans
- **Capricorn** - normally so wise on budgeting, quality buyers, look for the best but the eclipse means tighten the rein on your temper - what comes up, comes out! Lots of legal papers they will have to pay attention to - tie up loose ends; late on answering
- **Aquarius** - their job is point of concentration; they have already begun - the effects of this eclipse have already begun - Aquarians will bury themselves on concentrating on legal and financial responsibilities
- **Pisces**- inadvertently they may offend someone verbally - they may be joking but the other person is not in a happy mood and does not take it in the manner it was given.
- **Watch the news this coming week**: the things will be unbelievable and very fast paced. The news will be from all over the world - watch as much as you can.
- Last week they talked that secrets would come out: and **that is what is happening** because of the huge solar eclipses & the ways the planets are lining up; will be more transparency than ever before
  - everyone will feel that they are being understood!!!
- The **conference on disclosure is only part of it**: Pluto is in Scorpio, new moon today in Taurus and it is opposing Pluto which will shake things up - all kinds of changes. AR does not remember a more news

worthy day than the one we are having today

**AR:** nothing will be hidden: stock market has rallied; a bad storm in

**MR:** just a few people in control that are making things happen

**AR:** yes and they are the ones who will be exposed

**T:** Hillary's birthday Oct 26, 1947 - wouldn't it be interesting if she exposes herself? The big boys on main media know the truth that she is a criminal but certain folks will not go there

**AR:** an eclipse in your sign brings all uncleansed energy to the surface!

**T:** she is the primary problem of the whole story: she murdered Vince Foster; ordered the Black Ops for Waco as well as the Oklahoma City bombing; all of these things -

- she changed the original footage of the murder of JFL, Sr [a clone in Dallas that day] - she was tasked with erasing the video evidence

**ASu:** addition tool today: **today is Ascension Day:** we can add these energies to all the juicy cosmic reveal factor!

**T:** always look at this for the highest good of all: will be for her highest good if she comes forward to speak - she has the right and we have the right to use this day for that

**AR:** she will reveal what she was not allowed to reveal from before

**T:** Benghazi? **AR:** Yes. **T:** Well, she did it - she stole 800 tonnes of gold from Libya/Ghadaffi and arranged the murder of the others

**MR:** isn't she under control of Bush Sr?

**T:** He was killed in 1991, there have been 34 clones since; has been on heroin since 1988 - she formed a partnership with him and is equal in power to him - she has his power in her as well

- This has to do with Faction 3 and F# White Knights - has been going on for a long, long time: she was under his control when he was standing there in Dallas and the JFK clone was killed

- He had her erase the footage in 1972 - every time she did anything, she got deeper in darkness - Waco; Oklahoma City; blowing up the home 1996 of Sherman Skolnick because he knew she had stolen \$50 Million from the Keatings Savings and Loan ; in 1992, she killed Vince Foster - should have gone to prison for life, and she didn't

- She didn't because all through those times, she made deals and did more and more criminal deals. She is a full blooded reptilian and a 50 ' dragon - bigger than the Q E 2 who was killed in 2008 and turned into a whole body hologram - she looks like death:

- Hillary has more power than QE2 - her grandfather is Hitler so she is more powerful than either; her cousin is Angelca Merkal who is more of a White Knight Hillary; and she will reveal it at the right time - can't do it now because she'd be killed by her own

- Thursday is Thors - day so we can call on Thor too - in mythological terms, Apollo might be equal to Thor - the energy of those types can be called on

- St G has been in a body all this time: has 2 offices in Virginia and 1 in DC - we can call on him

- chances are by middle of the month that he will pull the plug on entire world economy

- This came from Heidi, Thom the RT Cat, Larry [of the Ashtar Command; guards on duty when 9/11 happened and they watch Rice, Cheney et all pull the levers, etc in the space below the WH

- **all secrets will be exposed and next week will be a dilly!**

**R:** talked to **Ed Schultz on his radio program:** Katrina VandenHeuval was the guest Ed's TV program at 5 pm EST on MSNBC

- Ed started the conversation by saying he is going to be trouble! All lined up with the astrology - wants to reveal secrets!

**R:** called because Ed was asking what we want to see on his show: who to interview?

**R:** when are you going to talk about the real story of Benghazi and go back to 9/11 and Hillary?

- Katrina picked up on this and talked about McDougall, and the 200 - 300 people in Bill Clinton's kill list that floated on the internet. The day ?? went to testify at Bill Clinton's and brought things up
  - She found her husband dead after she finished the testimony - Hillary arranged it
- Bill Clinton was gov of Ark - Kathleen
  - 200 people they had murdered when they were in Arkansas, never mind the trafficking of hard drugs through Armenia, ARK - every one of them are in it, yet Hillary was singled out -
  - You want to be pres, this is what you can do: June 2007, the real Hillary was arrested and taken to World Court prisons and in solitary confinement to await her execution in The Hague;
  - On Oct 31 she was joined by 10,000 banksters being boarded in their best suits and shackles - taken to the Hague;
  - when Obama became President -elect - McCain stepped down at 11:11 on Nov 4<sup>th</sup> ; BO had a 6 hour de-briefing by the good members of CIA & others, including Ray McGovern: his first action was to order the execution of HR Clinton and the banksters; by the 9<sup>th</sup>, T & R had confirmation that it was done (1) Susan Leland said in the morning, Ashtar came roaring through as she was channeling for someone else: Hillary Clinton and the banksters are dead. (2)

**MR:** wonderful how all this connects: the 13 families do things with numerology, astrology, all the divination tools they can possibly use

**AnnieRose:** Contact # 219-980-0010; thank you and blessings of greatness to all! Will be interesting !

**Guest: Frank Chile**

- Geo Filer was a witness on Friday; he had met Paul Hellyer from Canada before, former Defence Minister and the re-connected: a US military general had contacted Hellyer and told him about contact with people from Orion, Pleiades, Zeta Reticulla, Antares, Arcturians - mentioned the tall whites that are in a military base in Nevada that Fred Hall wrote about. The tall whites would come into the cities in NV but in disguise: straw hats and sunglasses, protective of their young because they know how aggressive earth people are
- **Go on YouTube and check out the story of the Tall Whites**
- a weakness on Friday was someone not giving out his name: he was worried about 2 men in suits who told him not to talk to Linda Moulton Howe; he is 87 years old, saw crash at Roswell; saw some of the bodies and some of the one alive
  - Said they looked oriental, small mouth, communicated telepathically with him
  - saw the autopsy of those who died
  - continued to interact with Eisenhower and Nixon - E said he should keep quiet
  - now he wants to talk, still being suppressed - military intelligence

**Geo Filer website: EarthFiles.com**

**Col Philip Corso - book called The Day After Roswell -**

- He was responsible for 2000 Jewish refugees moving to Israel
- the disc was being taken back to Wright Patterson Air Force Base
- the dead ones had liquid jell on them and were being moved in plastic canisters - Corso was invited to come and see one of the beings; he identified it the same way as the old man who testified at the Citizens Hearing
- after that, he was called back to CDC and under MacArthur became part of intelligence and went

to Korea with him; returned

- Gen Trudeau authorized Gen Corso - integrated microchips, laser, particle beam tech; fibre optics; lasers, night vision equipment, super tenacity fibres - there were 14 different articles that could be tracked back to the off planet technology
  - Corso became intimate with Trudeau - there were ?/ of them who decided to keep this technology secret
  - when there was one person left, the last one was to reveal what happened: Corso was the last one left and wrote **The Day After Roswell plus** another about time travel, another about the planets they came from
- **Philip Corso Jr** had an experience in the 50s - with a brownie camera, he took some pictures of the discs and was told not to show or tell; when he was older and in DC, he told someone that he had taken some pictures when he was a kid; that person showed him much better pictures taken in 60s
- Philip Jr got lots of documents from his father; he made copies and distributed them to friends in case something happened
  - 1.5 years after dad died, some intelligence agents approached him and said keep it quiet
  - he was being given contracts to build expensive aircrafts for members of Congress - had all kinds of planes made but they were not being picked up; then he realized he was being watched - wife no longer wanted to work there; he is writing a book that will follow up
- Claims from his father -
  - there are parallel worlds similar to earth, and history turns out differently
    - Germany wins the war
    - Soviet Union
    - Scientists know
  - The existence of other dimensions will be make known
  - Planets that are thousands to millions of years older than earth & have advanced civilizations
- from Paul Hellyer - the general who told him about the 5 civilizations interacting with us; they have been coming for ?? and trying to encourage earth's people  
**Hellyer: Light at the End of the Tunnel - also on You tube**
- Corso knows the general who spoke to Hellyer - validity added to Corso's work  
**YouTube - look at the information by Corso**
- Frank's friend is a theoretical physicist: has been telling him that the world of physics is being turned upside down: there are some physicists from SA, India, Europe who are postulating a level of physics that is so far advanced that well-known physicists have to make up their mind and let their ego go or stick with their own versions - travel faster than ??

**MR:** anything mentioned in circles he knows about the Keshe Foundation and technology?

**FC:** Has not heard of Keshe stuff. Geo Filer said that Paul Hellyer may give Filer some information for Filer's newsletter; yet Hellyer's e-mail is being blocked - lots of resistance because it changes everything!

- Well-educated people in the scientific community are finding changing their minds is painful

**MR:** so much good happening - lots of concealed information coming out.

**T:** so excited when Frank comes on the call!

- Is George Filer or anyone talking about this: scientists have found out how to make the giant Sequoias

grow so fast and re-establish the canopy over the earth

- It is her understanding that, as we created the ice caps with the great crystal and the ice caps are to be made smaller - it is nice that the Sequoias grow faster but they still need a long time [6,000 year] - what feedback do you have who might have talked with Ets?

- Bill McGibben and others saying that if we don't get something done by 2020, it will be too late.

**FC:** everyone at Citizens hearing and those who did not come forth - pushing for a tipping point and it's all around the world

- Russian TV - 3 pyramids becoming visible because the ice is melting; the civilizations in Antarctica will be revealed - one is close to the ice shelf which is dropping off

**T:** Putin has put Russian flag on Antarctica and said it is theirs!

- **Correction:** if you go back, there was one continent - **Laurasia** - it included Mexico US, Canada, Europe, Russia and all of Asia - he can't do that!

- When all is said and done, all the countries have

- the people of Hyperborea - the people lived above in the 5<sup>th</sup> dimension - perfect temp, food, no murdering killing, nothing - actually assisted Atlantis at high middle period.

This brings in Ramtha - his mother was killed when he was 8 and put in the military by the warlords - and that is the story of the reptilians from then to this day and bringing reptilians on the earth - story for the last 13,000 years;

- Anonymous identified that these ones have underground all kinds of hideaways and all the fresh water, organic food etc etc etc and all the technologies they think they will need to survive
- **the eclipses are working through us: the tide has been turned, & it is up to the awakening we have**

**FC:** 2 extraordinary women have revealed that under the Sahara Desert, there is a civilization which will be uncovered and will change what we know.

- Have found an aquifer under the desert - pristine water - 500 feet under the desert;

- It was found 2 mos ago; shown on a **special on PBS part of Nova** - go to PBS archive site - the divers could not believe the quality of the water

**T:** can you retrieve material from PBS free of charge? **YES**

**T:** who found it? **FC:** A team of scientists and researchers following up clues about the planet - we don't even know the depth of the ocean: pristine cities covered for millions of years by sand!

**T:** what about nuclear war heads planted under ground - tons of warheads in silos. Keshe could do it

**FC:** **may take an off planet presence to do this.** The missile silos in WY and ND were neutralized - someone he knew in Florida was present 3x when the commands missiles were de-fanged

- In Tel Aviv, there was a nuke prepared by China - the information got to China via Bill Clinton - then it was passed to US folks in Iran and then to US folks to Tel Aviv: the idea was to blame Iran for it: **Ashtar Command stepped in -**

- one ship 3 ships neutralized the nuclear test; did same thing in 1962 in Cuba - our folks went down there and fired a nuke towards San Francisco with the idea of killing 1 million people - **Ashtar stopped it.**

**Caller:** re: alternate dimensions; at the moment, dreams are vivid and like living another life in them; is this like quantum leaping - can caller ask if we can take on these gifts?

**FC:** can always ask - don't be surprised if you see yourself in another dimension, as we are multi-dimensional beings

**Caller2:** at work seems like the light and the dark are in a battle - will the light prevail?

FC: the losers have already lost - we are witnessing this in real time!

FC: Buzz Altrin was interviewed on a science station: told of a small moon of Saturn that orbits the planet every 7 hours; it has a monolith on it - so who put it there??? Not a natural stone formation.

FC: **George Filer's news letter**: The Mars rover took a picture of some water which is rippling due to the wind on Mars

**Google search: Filersfiles.com - subscribe to that, comes every Wednesday**

Phil Corso Jr - the book with a lot of info from his father comes out in the fall

FC: from George Filer's site: a video called **Great UFO Video -**

**Link sent to Cathy Lauren, MR - to be posted**

FC: **thanks for being allowed to share; the monolith on Saturn's moon is news**

**Summary of the Citizens Conference**: going to ask for a world conference, at which all countries can reveal what they know: the US is the country dragging its feet, for obvious reasons!

### Hard News:

#### Ed Schultz and Katrina

- **Sherman Skolnick**: a judge buster out of Chicago, her home town; knew what Hillary had done
  - she wanted him out of the way: she finally got him and killed him from a distance: he lived another 10 years: 1996 - 2006;
  - he was on the Lenny Bloom show at the time on Thursdays; he said you don't want to know what these people do when they don't want you to know; that night he had exposed Ted Gunderson
  - you could feel he was not long for this world, yet to his last moment he continued to expose
  - Rama brought up Hillary and Whitewater, then Katrina asked how do you know that Hillary did Benghazi?
- R: because she stole the 800 metric tonnes of gold
- Sherman Skolnick had his own show on PBS and would teach people how to challenge the court, and to challenge the judges for violating their own oaths of office; how to get notarized documents how to research ; the defence attorneys want you plead guilty or not guilty; he would teach them to say there is insufficient evidence for me to make a plea - never ever attun to their jurisdiction; how to get clarity on keeping their homes - a very big thorn in many people's sides
  - then his house was on fire
  - Katrina: what you have brought up is golden, Lord Rama
  - when Susan McDougall withheld from Kenneth Star, she, David Brock and Eric Boelard created **Media Matters.org** - they put much on that site: she withheld the kill list because look what happened to Kathleen Wiley whose husband was killed; Susan's husband was killed, too
- Ever since people have been squealing on people????
- RT tv - mentioned going for the jugular: Tony Blair for faking the delivery system that Iraq must have had and it was a word for word document from someone's PhD -
- Annie Rose said it will come even faster next week
  - people know who they are, and it's on the record and it will end up on TV
  - Katrina included that in the kill list, they killed a US Federal Marshall and a State trooper in Arkansas and 20 admirals and 20 generals flying to DC, en route to arresting Clinton - Hillary and Bill took the plane out of the sky!
  - **Amazing for one morning**: Rama was the one who started the conversation - in answer to what would you like to see on the Ed show?

R: what is going on: the ones who have deep deep issues will see them brought forth due to this eclipse

- This story/things which are not like the Office of the Christ are coming up for healing.

**Al Jazeera News:** talked about doing away with the death penalty:

- Willy Manning in Mississippi - has been saying he did not murder this young couple; someone kidnapped them and then murdered them.
- The investigators said there was a hair that could only come from a black person; Willy did not have a gun though they tried to nail him for that
- He lived in a poor black neighbourhood.
- Only 4 hours before the execution, the judge put a stay on it. The District Attorney and others around him do not want to do this - **the evidence has been proclaimed insufficient**
- we know Texas has the highest rate of those executed and innocent; Florida is next; right now FL has a bill so they can speed up the execution process.
- 32 States have death penalties; 18 have abolished the death penalty;
  - from 1973 - 2012, 142 people in TX were executed AND WERE INNOCENT.
  - One in Three since 1976 are executed in TX and are innocent;
  - in FL, 24 were exonerated.
- Most of the states in NE of the US have ended death penalty;
- Nearly all southern states **HAVE THE DEATH PENALTY; TEXAS ACCOUNTS FOR 400+ since 1973.**
  - In Texas, they are working on passing a law that they are immune to the Federal laws around gun legislation: it is the right of the state to ignore those laws.
- **Thom Hartman** did a knock down drag 'em out fight with a Heritage Foundation person about this:
  - there is a huge block in their minds about this - **it is about the black man in the white house**

**Al Jazeera News: Sequester: really hitting hard!**

- 85.4 billion in cuts: sequester starting to hurt those people that the congressional Republicans do not want to save - is the idea of austerity running out of currency? YES
- a whole range of programs reliant on gov't money: Congress has moved in some areas - cuts in airports yet no such relief to long term unemployed, programs about domestic violence, Meals on Wheels
- Host of the radio program spoke to coordinator of domestic violence in Rhode Island:
  - situation is similar to every location in the country - local domestic violence programs have been cut back; all kinds of funding had already been cut back; now sequestration is the straw that breaks the camel's back. No money for advocates to victims
- What does this mean? 1600 victims of domestic violence will have no advocates to help - those are real victims in jeopardy and in danger with no advocate to get a restraining order
  - **YES** - this could mean putting these ones in physical danger - if they cannot get an emergency bed or a restraining order

**AJ:** you say these are real lives that are affected or about to be affected?

- Short sighted to make these cuts and not take into account the real danger people will feel
- we have already had a 70% cutback in state funds for domestic violence - it is basically eroding the safety net for people here and across the country
- We need to see the funding stabilized and restored to the level before there were state cuts, federal cuts - we understand the need for belt-tightening yet these cuts are putting real people in physically dangerous situations.
- She thinks there is a tremendous amount of frustration - the politicians do not understand the why and the how at the local level: the policy makers do not know or do not care that one out of 3 women

are involved in domestic violence

- the sequester cuts began March 1<sup>st</sup>, and this is May 9<sup>th</sup> : the congress got military funding for military people for education - yet everyone needs this help.
- The US has been in a depression since 2008 and when in a depression you spend, you do not go into Austerity - that is what Eisenhower did: built infrastructure, education for vets ????????
- All the improvements made by Eisenhower were taken out when Reagan came into office

**Elizabeth Warren** has a bill being considered to be made into law -

- the banksters pay less than 1% interest,
- students pay 3.8% and by July 1<sup>st</sup>, to go up to 6.8% -
- she will cut it to the banksters' level of interest

**R:** spoke to **LM Nada**, asked about the B Fulford report

[SEE BELOW]

[Included so you can follow the discussion between T & R]

- Netanyahu summoned to China about his involvement and threatening Japanese gov 't unless Kan ordered the J gov't to do certain things: Yet who is in bed with him inside Moussad? **Clinton!**
- Yes this is true: Netanyahu did not feel very good over there
- The 2 nukes were planted on the floor of the ocean in 1945 and this is why the Rockefellers ordered it to be blown up - the Rockefellers trying to maintain control

**LM Nada:** no nukes, no flukes, no dates: B Fulford talked of the 180 member BRICS alliance

- Brazil, Russia, India, China South Africa were the original 5 - 175 countries minus the US
- They are building up an economic structure - there are 10 Asiatic countries, 6 other non-Asiatic
  - they met in Brunai: the leadership got together, stood shoulder to shoulder, held hands, committed to work together
- **Japan** the first time in history that there will be more than 300 Japanese monitors in Pakistan
  - University research of Japan, the monitors will travel in bullet proof vehicles
  - 110 people killed in attacks on all parties already
- Brunai, Cambodia, Indonesia, Myanmar, Viet Nam, Japan
- The trade officials are trying to figure out how to get the best out of their economic partnership
  - they are making changes in terms of working as a group
  - want to agree on tariff cuts - 3.4 billion people would be in the trade zone
  - Asian members trying to work together
- TTP - expect to create a trade free zone
- Japan talking about \$1 million dollar to **create the world's fastest computer** - 100X quicker than the Japanese computer of 2011
- Japan has passed it - the geo engineering is not going to happen this way - we will have galactic help

**LM Nada:** Israeli use of a bunker buster bomb - a futile gesture of defiance

**Nada:** they **DID NOT DROP A NUCLEAR** yet made a huge white phosphorus bomb

- killed over 2000 people and how many injured is unknown: a no no

**Reading:** from Anonymous, the hacking group working with St Germain

- they helped get the Wikileaks out, the man in Europe getting

2013, May 6 **Netanyahu Summoned To China, Cabal Purge Begins In UK - B. Fulford**

Former Prime Minister Naoto Kan

One of the world's leading terrorists, the Satan worshipping mass murderer Benjamin Netanyahu of Israel has been summoned to China where he will be confronted with evidence of his involvement in the March 11, 2011 nuclear and tsunami terror attack against Japan, according to Chinese government sources. The evidence is a tape recorded phone call to then Japanese Prime Minister Naoto Kan in which Netanyahu threatened to destroy all of Japan's nuclear reactors if Kan did not order the Japanese government to write off its holdings of US government debt, according to Japanese military intelligence. In exchange for sweeping this issue under the carpet, the 180 nation BRICS alliance will demand an end to all further war-mongering in the Middle East. The Israeli use of a nuclear bunker buster bomb against Syria just before Netanyahu's departure was a futile gesture of defiance as the worldwide crackdown on the Sabbatean Satanic mafia unfolds.

In a related development, the UK Police and Crime Commission have opened an investigation into the Thames Valley police, Sara Thornton in particular, concerning, among other things, the murder of bio-weapons specialist Dr. David Kelly. This is part of a wider police investigation into the cabal that fooled the UK government into participating in the invasion of Iraq. The heads of MI5, the London Metropolitan Police counter terror squad and of UK Special Forces have all left their posts, according to an MI5 source. Several journalists have also been arrested, he said. Many witnesses of substance (military) are coming forward in support having realized the UK police have been acting outside correct procedures in many instances, according to an MI5 source. "The emphasis will now be on internal investigations of corruption in the Police and Civil service," the source said. The Cabinet Secretary, Sir Jeremy Heywood, Head of the Civil Service, will also find his position under close scrutiny. Then Prime Minister Tony Blair has already been investigated and has basically sung like a canary. Blair has already implicated many EU leaders as having accepted bribes in exchange for allowing the Soviet Union modeled EU to gradually usurp the sovereignty of European nation states.

This of course, is a preliminary to investigations that will finally bring justice to the perpetrators of the 911 terror and mind-control attack against the US. The wheels of justice will roll towards George Bush Jr., Donald Rumsfeld, Paul Wolfowitz, Frank Carlucci, Michael Chertoff and the entire fascist cabal that seized control of the US following the rigged year 2000 election, according to patriotic CIA and Pentagon sources.

The question remains just how far down the rabbit hole the whole crackdown on the perpetrators of 911, 311 and related events will go. The problem is concentrated at the top and it is very difficult for military and law enforcement types used to following orders from above to take action against their "superiors."

When you have a supreme court that has been threatened and intimidated into submission, a Congress and Senate that have been mostly bribed and a President who is a puppet, then going through them is not a realistic option in dealing with the criminal fascist takeover of the US.

My understanding is that the joint chiefs of staff of the Pentagon are the best hope for restoring the US Republic and freeing the American people. What they need to understand is that it is not going to be any court case that

will settle the problem.

If the American people are to be freed, the military need to temporarily take over the key centers of power. They need to send troops to occupy the following places: the Federal Reserve Board branches, the Congress, the Senate, the White House, the Supreme Court, the Justice Department, the Department of Homeland Security, the FBI, the CIA, the NSA, the major media companies and the Council on Foreign Relations.

Once this is done, it will be a fairly simple job to figure out who has been part of the fascist cabal: follow the money. Anybody who is living way beyond their salary and cannot explain the source of money should be suspended pending further investigation.

There is also a need to remove all US/Israeli dual citizens from any government offices. Dual loyalty and service to your government are not compatible.

The Pentagon types rightly point out the lesson of history that the military are not good at running governments as the reason they have not taken action yet. That is true but, the military are very good at restoring order and then returning to their barracks.

The military take pride in the fact they have never interfered in government since the founding of the United States. However, they need to realize that never before in the history of the United States has the country been surreptitiously taken over by a foreign power.

This of course brings us back to Israel. Israel was founded by Jews who murdered other Jews in order to force them out of their European homeland as part of a criminally insane project to carry out ancient biblical prophecies. It sounds too far-fetched for us normal people to fathom, but history makes it clear this is exactly what has been going on. That is why there has been no solution to the Palestinian issue despite over 5 decades of "peace negotiations." Peace would prevent their planned Armageddon.
