Hard News:

T: a request to all who are on the call to consider making a donation; 1999 was when this kind of communication began [conference calls leading to BBS radio], starting with the Dove of Oneness who did much to initiate this; she lost her way over times yet, in the light of the Most Radiant One, it takes all of us to make things happen.

- Things can switch gears in the twinkling of an eye - and tonight's news feels like that!

T: Yes it is significant that we address the gun laws issue; yet there is a larger picture as from what we read in Dr Keshe's "New Era" letter which said it is just not the one who pulls the trigger; those equally responsible for gun violence are also the nations that make the guns and profit from them in any way, as well as anyone who has done nothing to change things.

- The USA is the largest weapons manufacturing country ON EARTH. A background check and assault weapons are just the tip of the iceberg
- **KOS** has been looking at those who are coming to the calls and the times of not supporting war and declaring for NESARA which is also FOR PEACE; NESARA is also about PEACE - a huge vastness of awareness, spiritual economics, divine government is what we are ALL about - imperative that we support this entire effort - ALL OF US! Not on that T & R should be going hungry and be supported by the homeless ones when there are so many of us on the call who can help

- Whatever might be the fear: the system going down, or the fear of apple pie and the flag going down - we are the richest country on earth, and yet we have the greatest inequality on earth; the rich are responsible for hoarding quatero trillion dollars; most of the wealth on earth.
 - Arandachi Roy said there are only 2 powers on this earth: empire & we the people of the earth
 - This is our mission in this new dispensation, this is the I KNOW era as opposed to the former I Believe era: we are talking about the energies of source, energy that can heal, transform in the twinkling of an eye; this energy travels millions of times faster that what used to be in linear time - every minute used to be a 4 years transformation; now it is 16 years for every minute that we talk.
 - The future is speeding up - the 7th dimension is following hard on the heels of this one and it is speeding up like the 100th monkey principle. People, all of us, are getting all kinds of second chances - this wave of peace is the way of the will of the people, not the wave of the empire to keep its way of secrecy and distruction; Obama is doing his job as the commander that he is

R: talked to Larry today [of Larry, Curly and Mo; he was in the bunker with Cheney, Rice and Bush Sr and watched them start 9/11 and blame it on "Al Queda"] Heard a discussion on Thom Hartmann today where they talked of Al Queda as if it were a real entity; yet the investigative journalist had a lot to say that was on the money: what is going on in North Korea is backed by CIA

- Last night, BO met with the CEOs of JP Morgan Chase, B of America & Citi Corp last night - Larry said BO put the Hammer of Thor down on their heads; told them "We all know banks are too big to exist, we all know banks are too big to fail - yet what I know is that you ones are not too big to jail." They retorted arrogantly "You and whose army are going to jail us?"
 - BO said "I have friends in high places you don't even know about; one minute you are here; the next one you are in shackles, or there are organs on the floor."
 - They pushed the river again and saying with all kinds of arrogance: "Have a nice day sir" - acting as if this were a joke.

- This involves our galactic friends who have this in the bag with Mother; this is both a galactic operation and a ground operation.
- **KOS** said all is unravelling at such a deep level; all kinds of rumours and stories; too many things

R: Went to the banks today [Wells Fargo, US Bank, Los Alamos National Bank] and said he had heard rumours about the dinars & farm claims being paid & that banksters, politicians are getting dinars

- He was told that the rates are on the screens & are \$8 and more; yet, when you try to cash them in, there is hanky panky at the highest levels.

R: their eyes got big as saucers when he showed them his blackberry and the rumours on it: the Dinar guru folks; the Wall Street dinar folks; the Rumour Mill folks; the Nesara news and forum folks, Spirit Library folks, the Galactic Good News folks; the Cobra folks; the Toltecs of the Andromeda Council folks - all saying the same thing

- Yet the banks said they are not exchanging them at all. The VP lady in Wells Fargo took Rama into a closed room and told him: there is real hanky panky going on at the bankster level; those who think they will get some money from their dinars might be able to pull this off in Reno or LV or Delaware; but they will get a little visit from Homeland Gestapo and will be given two little bracelets called shackles; this can happen at any time; this is called moneylaundering, racketeering; and they will throw the Rico Act book at you; I am risking my life telling you this

KOS: the banks are nervous; even though the market only went down 8 points, it did go down.

- Referred to Fulford's latest blog and reference to the Sabbatians: [Satanists, the P2 Lodge, the Nazis of the US; the Vatican] they are trying to pull something off
- word is out that on April 15th, a fake alien invasion is being planned to cover up the fall of the financial markets: they are playing with the holy fire of Mother Sekhmet - Rama says just when he is feeling his lowest ebb; it feels so strange - every week that goes by, only a teeny, tiny core of the group sends \$ to help - PLEASE SHOW THAT YOU VALUE THIS;

KOS has made it clear: there are thousands of you listening; T & R know many in this core group are being pinched, as are T & R, they know many have lost their homes! Tara refers to Chris Hayes' program when he told the story of the banks who foreclosed on people who had been making their mortgage payments and their credit card, A+ records and so on: just lied and took their homes anyway! Please step up and provide help for others; bless those who know what to do with the money: put a roof over the heads of all, provide nourishing food; clean water; building cities of Light, ending all wars, bringing technologies of re-juvenation to the people of earth

Audio: First Lady Michelle Obama speaking in Chicago

T: it's the clarion call, folks, and **NESARA in a nutshell** - don't think what is happening and going to happen will be linear: **we are going off the linear line completely** - in less than a month or two after N is announced, the mess on this planet will be cleaned up

R: speaks to what the First Lady has said: he grew up in the circumstances she described in Chicago; what he heard from the mother of Dylan who was killed in Sandy Hook: when one butterfly flaps its wings, 24 butterflies can change the world.

T: a country in Africa - 70,000 people in a makeshift refugee camp: one latrine for 3,000 people, dirty water - NESARA brings the joy of having dignity, a roof over your head, good food, etc

Conf call:

Caller: asking about whole Foods and Sunflower Market

T: would prefer to have money coming directly to them so they can go to the farmers market and get organic whole food - explains different ways to do it.

R: there's a story about Neil Keenan that the OPPT is a fraud and connected with the Illuminati and the Rothschilds: this is something T & R already know - as do all on the call.

T: their London friend saw the story on the TV there and that Heather was a lady of the night who served the Illuminati; they put her through law school and set her up to trap people

- It is tough because good lightworkers are also saying the Pope is good - yet it is so not true. The stories about the Pope wanting to dissolve the Vatican bank: Dr Keshe saying the Vatican bank is already broke because it gave the money to Germany!
- Hitler was a Lemurian master and was at such a level that he put on the black hat and played being the 2nd anti Christ: Alcyone said at the first Creation in the Pleiades when we asked to do something and create a divine leila, a divine story and exercise our gifts of creation - we all came from one Mother, she is the source of all love. So we asked if we could co-create a universe with her, and it is the one we call Nebadon. So we created this and the life forms on it, asked if we could be challenged in a polarity realm and make choices that would be freely made
 - Mother said OK, and Alcyone / Father said "To do what you want to do, you will need a shadow of myself and that will be Je hov ah" [Jehovah Witnesses teachings are very very very diabolical - they kill people too, eat them, have rituals as do the Catholics, Mormons etc.
 - The original Mohammed who wrote the Koran - the very first Law of Islam is PEACE. Even thinking about doing harm to people deserved the worst of punishments. The church erased 520 years of Mother's life when she was in form in Egypt because the last thing they wanted us to know was that god was Mother. A former Bishop of Detroit was on Amy Goodman, forced to resign by the Papacy because of his radical teachings - yet what he was saying was the core of what Tara learned from her mother who had been in the Order of Charity: the heart was the soul - Tara's mother was unaware of what the church was really doing, had a holy innocence about her.
 - The thing we call heart, conscience - these things were cut off when the Luciferians decided not to cooperate. It was a choice; Lucifer was a powerful initiate and channel of Alcyone, yet this is only a minute description of the power of Alcyone.
- As we leave this 3rd dimension - the attempt to oppose love - when Rama was in the Pleiades, he was angry with Jehovah when there was a decision to form an opposition called the Luciferian Rebellion. Since we are still working with non-linear stuff rather than the 3rd dimension stuff, it is often nebulous - millions have souls passed through great beings like Isis or Ma'at - these are massive rays of cosmic wisdom we tend to want to personify

Caller: Rainbird said something about the printer

T: won't fix itself: grabs 4-5 pages at once: the roll is worn out and needs to be replaced- have to get it fixed in town, not sending it back.

Ca: has the same machine and been using it for a long, long time -

Caller: the people at MSL are the ones to ask;

T: Rama did what MSL said, now they are asking R to send it in

There is someone close to them who can repair it by replacing the roller

Caller: talks about reading a book by a person called Timothy who died and went to Agartha Mariana Stjerna - **Agartha: The Earth's Inner World** - on Amazon.

• They talk about the magic of Mt Shasta

T: black human seed oil - \$30 at Swansons.com [health product company] - 1 tsp / day and make

some veggie juice with lots of carrots in it - daily for a month and eyes begin to change.[in response to a comment about eyes and glasses.]

T: The purpose of these funds [from NESARA] is to create a cashless society - need to think about ways to create such a society - we are world bridgers and this is one project. Imagine having all the funds stashed away and planning eternal war, not eternal peace - which is what they were doing.

Caller: the people in Agartha follow the 7 virtues - we are the bridge between earth and Agartha

T: they do have a cashless society

Caller: the original people - the black race - are inside the earth

T: entrance to Telos from Panther Meadows

Caller: lots of the missing children are there - **T:** which is good - means they didn't get killed also talked about the Pope - a visitor in Telos who came from the Vatican - ran away from the Cardinal who had raised him as a surrogate father;

[7 virtues - humility, appreciation, compassion, forgiveness, understanding, unconditional love, valour]

Transcendent soul: has the abilities to be a god,

Caller: about Fed Reserve owners - assuming they created the hate groups in the US to create divide and conquer - how will the problems of the hate groups be fixed?

T: Fed has been gone since 2007 & there are thugs in its place; in fact, it was created by same thugs! They have been manipulating everything for the whole time

- when beings come in with space ship technologies - and those ones who laughed in Barack's face - they have NO concept of what this will look like! There will be a whole lot of missing parts - everyone of the 20 million sovereign militia forces have phasers - your particles completely dissolve and you are not long here in this dimension! Anyone who goes against this kind of energy, including hate groups, will find that their guns won't work and their cars won't start! Dr Keshe can shut down the entire grid

Caller; they could use baseball bats!

T: A baseball bat is useless in front of a phaser; Rama got out of the car with the MIB who had an AKA in his face and told him to get out the car - they were not human; Mother jumped into Rama, put his hand out; the Violet Flame came out and one of them dissolved! The other 2 fled!

- The way the conversation went with Barack & what KOS said later - no forewarning - can just be gone!

T: asked if BO will invoke martial law- R does not know

Caller: our new Sec of Defence is changing Martial law on news on Monday AM - he is talking with generals in the Pentagon about new rules; sounds like there is a division in the Pentagon, some changing of the guard and about martial law - who are the ones to be protected?

T: only 2% in the Pentagon are working for the dark side of the force - the ratio of the dark to the light is miniscule, yet they continue to act like big bullies. Chuck Hagel has got some skin to lose in this game because of his espionage when they were in Russia. It is the Ashtar Command that BO is talking about and all the rest are out of luck.

Caller: Oct 08 was when the republic was returned under under N law - has read that at one point there will be an order given to stop all ongoing cases that are in the court - has this point been reached?

T: they won't listen until they are arrested - still working for NWO, secret government. We will be duly informed as we go along - she gets goosebumps when she hears that

- BO told them where the bear goes in the woods.
- Rachel was talking about the conference on disclosure tonight - she was making fun of it

Music: BE SURE AND LISTEN TO THIS!!!!

Mother:

Greetings in the light of the Most Radiant One. In the office of the Christ and only in the Office of the Christ, we invoke the loving energy of St Germain and the violet Flame.

T: We ask for the cosmic sound vibration we just heard to expand and fill our hearts, and the joy and defiance that was in that music we just heard in these moments of change and transformation.

Greetings, children of Ra!

Our success is guaranteed; the story unfolding in front of our eyes, our success has already manifested in physical manifestation: if we are in a body and listening to this, this is the wake-up call of all wake-up calls to do it as ONE!

- All that we have is the here and now: it is in this moment that what we can begin to share is the fact that we are already experiencing the success of abundance and never-ending joy!
- When we are spinning the candle at both ends and have only the HERE and NOW, our wayward children are revelling in the fact that they think they are on top of the pile of riches, but it is the pile of garbage they have created with their own thought forms which they think is success - it is quite a pile of energies that they experience only for a moment in time.
- Space/time, time/space - it only exists for the twinkling of an eye and our success is now, and in this moment, forever guaranteed in the twinkling of an eye; the moment of success of our wayward children is in direct proximity to what we understand as we cross this galactic plane and go toward the Galactic Centre, the Dark Rift which is front and centre before their eyes, and it is approaching them
- With great compassion and divine love, we send our children into this void - what is occurring is the never-ending story of miraculous unfoldment of ecstatic orgasmic and joy, and as the man said in this moment, with a giggle [reference to Astorius' song] this is all there is -
- How long do wizards live? A 1000 years, 40, 000 - with compassion we say "Rejoice beloved children of Ra - we commend you for your greatness of fortitude as you ford this stream of unknown origins, this stream of consciousness" that we have created when we asked "Teach us how to create, how to love" - and we said "here you go; here's the kingdom and then some. And you created unconditional love and divine compassion within the matrix of fear: as this is false evidence appearing real, it is only for the twinkling of an eye that these ones hold any power for that time - we are expressing the paradox of paradoxes - take off your armour of Orc: the flowers are blooming around us in the middle of uranium tailings, nuclear waste. All is unravelling with joy
 - At the same moment, the temples of the living god - we change our thoughts, our matter, space/time, time/ space - since all is NOW, our success is guaranteed. The riddle is: we have always asked to be here in this moment: teach me how to love even more in this moment
- As we look at Kim Jong Un in North Korea - love him even more; he is going to his Saturn return; his very life line is on the line at 29 years; Tara asks - What about our involvement?

Mo: as there would be nuclear material that would be shot out in rockets - all of this: think about as what Sigmund Freud said - there is a very big sexual dysfunction of those in so-called positions of power: the love of power is dissipating and the power of love is never-ending; as they cannot create

the physical manifestation of divine love in their relationships, they put it out phallic symbols which are simply that: ancient war machines that hold now power except that of FEAR: false evidence appearing real - and Mother is already here; to concur with the Captains's orders - they are not playing games!

- The red phone is activated, we are not going there. We are sorry to say our press secretary, James Carney, not exactly telling the whole picture: something still in play - as the 9th member of Council of 9 gets on the podium and says Hey, y'all we have a piece to share with you - about my fellow members of the Council of 9 where peace, love, happiness are the order of the day; pay no attention to the one in NK - he is a hurt child who needs a hug; we will provide that hug - it will be a lion hug he won't soon forget! He will experience - he is of the lineage of the ancient ones from Sirius and the Pleiades and the ancient orders that represent the wisdom of the Holy order of the Dragon - he has used it for darkness. Rejoice in this moment of Mordor because the dark lord is no more; what we are hearing is a recorded message about global thermal nuclear war
- War Games - how about a nice game of chess? There are no winners with global, thermal nuclear war - we are already here; as Dr Keshe says, no war, no nukes, no armies. The physical manifestation of what we are creating in this moment is a millenium - use that precious second to spread unconditional love, divine compassion for Kim, Hagel, Kerry who holds the weight of 10 planets on his shoulders:
- there are 2 stories going on here - one is about the dust in the sky they don't want to talk about - yet our craft are sucking up the chem trails like a good bong should! They hold no more power, only the wretched song they are singing The Son of Hungry Ghosts, as they are hungry for our energy which they feed on. The Scorpie dark hole, the Dark Rift is front and centre for them, and it is a glorious day in Terra Nova. Mother's piece in this is coming into physical manifestation with the holy creation sounds of creation, the never -ending love as Astarius played. They know it yet they are on a broken cycle, a tape loop they cannot get off until this moment, now, which is about full disclosure, first contact.
- Yes, Rachel has to joke about the craft - no jokes in the universe, and that we showed up in the 50s that they showed up in DC over the WH - Columbia, , Nada, Victory, Nesara - all goddesses; what is coming to pass is what our brother Val Valerian, Valiant Store, Klotu who said to our Joint Chiefs, Truman, FDR, Eisenhower - it's over!. The fat lady is already singing and the song of creation is coming to pass in the moment.

T: the caller from MN recalled that the judicial branch of gov't - trying to put whistleblowers behind bars; tells of the crimes against animals & have made laws that say this is legal! Then other laws that if whistleblowers take videos, this is a crime if they don't show it within 24 hours

Mo: this is the crazy logic of the last hour in Mordor: the death all around us - the untold force of what the crazy logic is about: death walking on our shoulders and showing us death in one moment, birth in the other hand - Kali, Dirga all at once. The greatest wisdom of our divine compassion and what we call news and how it is conveyed to those on this planet in the next moment which literally seconds away: not years or months, days, seconds! Yet still no date!

T: recalls what E. Warren said - each day has huge transformation going on; we are working on transforming 7+ billion people

Mo: In the last 24 hours, the more revealing of our presence on the planet: in the ways of divine humour - there is no veil - just taking off one gossamer coat of infinite platinum love of one colour and putting on another - Jonathan Winters; Rama met him a while ago - with the voice of divine wisdom

and love - told a lot of truth about the lies coming from Chuck Hagel about Mr Kim is quaking in his boots because he is losing face by the second in the world: Mother China along with us are going to be giving him the lion hug!

T: when you talked to Bill Richardson, said you would give Kim a lesson he would never forget

Mo: yes, you cannot mess with these energies: this is the time, this is the place where Ashtar and Admiral Sananda have said no nukes and we mean every word of this - this is a sacred space; just keep watching - what is unfolding is the greatest love story ever told, the greatest story never told - the story about us and you, the story in the deep recesses in our cells, in the gold dust in our veins

- The movie from Dr Greer - as you watch it, understand that the gold dust in the veins of all of us is the same as that in the veins of our Ascended Masters who never died; the hemoglobin is the same as the gold dust that is already the mono atomic gold in these temples of the living god - the pineal, pituitary, hypothalamus, cosmic consciousness - soma; we already have the keys to the kingdom - use it wisely - start right now by loving each other as our beloved First Lady said it so eloquently about the divine sister who showed up at the inauguration - she will be back and she will be talking about what is happening; the last shall be first and the first shall be last - the ones in Mumbai and Upper East Harlem who have only 2 nickels and thinking about what can he sell to get his mother some food and she is only thinking of her next fix. Equality between each one of us is the measure of success between each one of us

T: what is the answer to Bill's question?

Mo: Eric Holder schill already shaking in his boots: yes, Patrick F & LM Nada will take his place with 135,000 indictments and then some; includes the banksters and the politicians - which is why they are playing with the idea of the dinars being paid out because they want to go to the underground missile bases - they cannot leave the planet, their fail-safe plan; the only place they can go is into the heart cave of divine space - she is beautiful, she is black and she means business now!

- The story of Mother Zudiachus, Africa are so important now: We are here now and every day; this man and his beloved wife are in the seat of power and bringing forth wisdom of the Moabite nation, and the 520 missing years; the people of the black land - what about the false story of the Khazars stole the land - it was and always will be Palestine: the story has always been about the stargates and how we came here
- Those in Chicago - go to The Sexy Liberal Show - will hear John Fugelsein speak of the Annunaki who came here, as sons and daughters of god, 14', 19' tall - a cosmic dance. Rape is rape no matter where it is - and that is why she is here - to stem the tide: the hour is night of our arrival in your midst - stories are beginning to be leaked; little stories about our presence in your ordinary life as for example, Master Sargent Bob Dean said they would be walking through the West Wing and you would not know - Mutant and proud of it! It is about the millenials, of who and what we are.

T: there was another question -

MO: about the Fed Reserve: on Ap 15th that gov't will be gone; Tax Day - we smell skunk!

It's bout the fact that Wayne Lapierre and NRA his fascist Nazi organization is going bye- bye; now is the time for divine compassion and love: they cannot get past their own addiction to everlasting death, never-ending trauma

T: Is the market going to crash?

Mo: cannot say - it is about these ones who are pumping the fear story about nukes. This is the place where how can they continue? If you have seen the movie **Network** where the guy gets up and says

I am mad as hell and I am not going to take it anymore; even though the whistleblowers are seemingly being charged and yes, they do want to put people away . . .

- About Keith O - what the brain heard; our friend the Palestinian goddess who knows Keith - Meshoon Saied - she was on the Stephanie Miller show - said she would be back on A,I Jazeera with Keith - just keep watching - literally days away
 - There are deals behind the scenes - Gore/and the folks that own al Jazeera in Qatar
- Greetings, in the Light of the Most Radiant One! Kadosh, Kadosh, Kadosh . . .

R: [on his return] went to Mt Kilosh - has only been there twice in this life time - such a dance going on there of joy and orgasmic, ecstatic joy - everlasting rejoicing! How this beloved goddess he met when he was 18/19 that just walked out of Karnac and sat beside him - THIS IS HUGE!

- Our original story is about this black lady, coming back to this Oneness - his granny taught him about the voodoo queen of Marie Laveaux - she had rituals of magic and enlightenment of such dimensions he cannot explain; others used it negatively. She brought in the gods and goddesses of Sirius A, B, C before the gods were here - he experienced this by visiting the grave when he went to New Orleans for Mardi Gras - he experienced getting touched by Sai Baba's energy - a little bit of it.

T: Carl Boudreau said those

Caller: asked how is Rama doing

R: OK - within normal parameters.

T: the whole front end just fell on the ground; going any faster might have been gone - we are now in a whole different dimension!

We discuss the Old Lady's gold habit, the gold that may be leaving Cyprus' central bank (or not) and Confucius' famous saying: "IMF STUPID SELL TO GOLD, I'M BUYING." They also look at the Federal Reserve data accidentally sent to Wall Street bank lobbyists and the venture capitalists entering the new Land Grab. In the second half of the show, Max Keiser talks to [James Turk of Goldmoney.com](#) about money, gold, bitcoin, currency wars and the nature of bank failures: to look good until the bank fails overnight. They also discuss Austrian school theories on money and how they relate to gold and to bitcoin.

Reading: **The Voices of Our Ancestors** reads about the calendar of the Americas was from the native American people; they were the first to understand the significance of the number "0"; the ones who created what we call herbals and the use of plants; people tended gardens
