HARD NEWS:

- T:** Thom Hartmann being challenged every single day; doesn't use a car in DC where he lives
- has had the back window of his car shot out, as well as having bullets in his door a few times.
 - Talks about the infrastructure all around the US being in bad shape – not being talked about.
 - News is very edgy everywhere: people getting killed everywhere thanks to the cabal members who are still here.
 - Has found material **going back to the 80s** on the Koch Bros funding Chris Christie and John Boehner
 - Brings up Smothers Bros song about the John Birch Society in the 70s – funny, also getting a point out
 - The Zionist bunch / the Project for a New America started in the 70s; “jews”/Khazarians – responsible for killing their own people; the poor ones being killed or gotten rid of -the White Russian Jews, the Palestinans still being killed.
 - The distinction between the Hebrews and the Jews is a strong distinction and who is really following the law of love is what counts; has to do with how you live your life, not your DNA – the peaceful path, the good red road path which is being refined at the moment.
 - The legend of Lake Titicaca and the Lemurian Solar Disc – more to be read
 - There's a shift in the game going on

R: Natasha said Mr Boehner has made a huge boner; will cost him millions as he is going up against a master in terms of the law; she described it as him being a two-bit drunk & no law professor;

- he's getting advice from the Koch Bros which comes from the think tanks and the people who have a vested interest because they are schills for the Koch Bros; a "slave" got into the WH!

T: a caller from CA called Thom today and asked for help; from California Thom and Bernie; we know Hillary is bought and paid for by Wall Street!

- Bernie said there's a rumour that he was running and here is the reason why
- Hillary is old baggage; she is a hologram, not even a clone any more – not even human!
- The Clintons are playing the game that they are broke at the moment!

R: Amazing what technology can do – people who work 3 jobs are not interested in hearing about a hologram running for president – want to know where the brass tacks are

- Natasha said the brass tacks are that these guys have lost; the end game of the end games is now
 - Natasha also asked more people to support what is happening here:
 - close to 1000 people listened to T & R on Skype or the internet
 - Only a small group listen on the phone; the rest listen on the computer – the infrastructure for the internet is horrifying, as is the phone infrastructure; people in China & Asia & Europe have the highest quality for \$30 - \$35 / mo for phone, TV, computer
- Thom Hartman has said that **Europe and Russia have a different grid structure:**
 - not like what is in US, has to do with different voltage – didn't copy the US after WW2 – had to do with Operation Paperclip; the voltage and the grid are different there; has heard that the grid aids the process – have lightning fast computers, phones

T: Obama got in Boehner's face and called it a stunt; if you don't like what I'm doing, how about passing something in Congress?

- Disconcerting that Obama is saying out loud that he is going to send the kids back; he is already known as the Deporter-in-Chief –

yet it is the 13 families all the way, AND they are killing the kids down there

- Murder Rates: for every 100,000 population, so many people are murdered

Honduras	90.4
Guatemala	53.7
Belize	44.7
El Salvador	41.2
Guatemala	39.9

Most are children because they are the ones that do the drug running

New York City 2013 5 / 100,000
1990 was 30.9

Chicago 2013 18.5 / 100,000

Venezuela 2013 53.7 / 100,000

Jeb Bush is attached to this, as he set up the crack and coke running from Venezuela

R: why we don't need another Bush in office!

T: already told that Michelle IS going to run – no one is talking about it. No retirement in North Carolina!

Reading: 69th Anniversary of the Battle of Okinawa at the tail end of WW2

The US were doing the killing; talks of a survivor of the sinking of one ship is visiting schools telling the children in schools so the memory of what happened remains.

- Talks about young people delaying marriage because of inability to support even themselves – this is a serious issue in Japan

T: military display in Sea of Japan

- Sam Seder was talking about the Republicans saying Obama being a wimp: he is taking the higher path which is 19.5*

T: the \$500 million going to opposition forces in Syria;

aid is to counter the Islamic State of the Levant which is the ISIS – they took over Mosul in Iraq to throw over the Shia dominated government

R: it is the war hawks making the mess and they are the criminals with Prince Bander

T: our focus needs to be on galactic intervention and the Divine Feminine

- Will take time as the programming has been so male-dominated; the masses do not understand what the feminine means; the males get it less and are more vulnerable to this programming

Sam Seder: the emasculated men need to strap their *** on their backs because they don't have it!

T: the nature of the programming is geared to the lower chakras and needs to be completely reversed; the change is moving at lightening speed

Conference Call

Mr Magoo: info for David of MN if he gets on; a question: who is Kathryn LaMay

T; a black ops, the whole group is programmed by the C-A

C1: was invited to go on a conf call with them; he was perplexed: she claims to be Lady Portia

T: the Biggest Secret exposed the back story: the C-A downloaded clones using the energies of the Mt Shasta vortex; and then they programmed them.

C1; when she channeled and when AA Michael got on – he said was overshadowing Bush Sr!!!! and Geo Bush Sr was a good one and he was to come forth and break bonds and tell the truth.

T: Geo bush killed and cloned Jimmy Carter in the 70s; lots of lightworkers are not getting it;

- Theosophical Society was compromised years ago – collected all the info on the galactics and put it in one place, called K 17 and the only one who can get to it is the elite of the society

C1: in the 60s, heard George Adamski and the others

C1: asked for **information about Norman;** they are the biggest property owners in AZ; acquired a property in Tuscon; expecting a “money source” to set up headquarters

- When you go to his website, you'll see about re-structured water; people can use it for selves or put it in the water sources
- If we wish to get that, there is a phone # on the site: Gerald Cooper [aka Mr McGoo] – give Gerald's name when you call if you want to pursue it – he'll probably send you something for free. If you talk to him, you'll love him.
- If you want, he'll probably send you kabucha mushrooms – he gives credit to kabucha tea for healing him.
- Has contact into Akashic Records; if he gives a blessing, it will be in Sumerian
- Heart is in the right place; plans to buy out GE and produce some of his tesla-like gadgets – in his heart of hearts, he wants to help everyone.

Norman's Website: www.calmbcalm.com

C1: some weeks ago, someone asked if clones have souls. The ETs and the ones in Agartha – each

- There are 360 ships + those in Agartha that have our DNA; aboard the ships are capsules – tells stories about people he knows: a lady was dying of cancer and he was with her in those last days via the phone; the last 2-3 weeks, a male friendsowed a karmic debt and stepped into her body – when she [Lois] went on to a Pleiadian mother ship “Star Gazer” which is when he got involved with this story / question and our free will;
 - C1 got in touch with a Pleiadian called Lena who was the mentor of Lois; Lois' original body was dead; they re-constructed her new body from her DNA and Lois went into the new body, and went to the New Jerusalem
- Steve passed, went to Agartha, then to the Neptune in his DNA body and his soul went into the new body.
- His friends aboard the New Jerusalem - a Nordic called Nathan – because of the work being done in Australia he had an Australian accent; Nathan was Vicky's mentor, and his sidekick was Zip who had been Gerald's mentor. Extremely advanced.
- Many of his friends who have crossed over have assumed their new DNA bodies – they don't go to the

- bathrooms; eat their food from a replicator; very loving individuals;
- we all have mentors looking after us who love us; should be able to take on those kind of bodies they can make us new bodies and we can fit into the galactic peoples and continue our spiritual journey
- For a body to operate, it needs the soul energy

T: a clone is not the same as what he is talking about; he agrees with her.

- The answer they gave before is a clone has to have some DNA from the original; when you get it from the original, there is essence of the original soul; there is also a program that is added that is not nice – he agrees.
- In general, the clones are made for the benefit of those making the clones. The killing and cloning of Jimmy Carter – because of his high vibration, he was not programmable – that is why we have a good Jimmy Carter clone. They killed a clone of Teddy Kennedy: the original is in a witness program; so are Lady Di, Dodi, Henri Paul, JFK Sr.

C1: JFK Sr came to a channeling session at Bushwillows 4 years ago: said he would be on the platform when the announcements are made; his hair is all white now!

T: Gen Hussein of Jordan also alive

C1: Those aboard the Challenger are safe and sound in Agartha

T: All the ones on SH 370 – will come back

T: Georgia, Moldova, Ukraine -signed off on the European Agreement; they think in 10 years they will be able to get in EU – they lost \$340 Billion trade with Russia doing this
NESARA has to come forward now – what is happening is bonkers.

C2: he is checking name of the website: www.calmbecalm.com – nothing comes up! It is really www.calmbcalm.com

T: now reading off the website as Rama found it

C1: he received 6 vials [of Norman's water] mainly for cancer;

C2: did they find a phone number on the site:

Reading: OracleReport.com – 2014, June 25 [The Oracle Report](#)

[SEE BELOW]

C3: do they know anything about an ATM card that was delivered from the Philippines?

T: forward the information to Rama

C3: one of the main blocks is Asia Pacific

T: this is one of the groups trying to get the TTP going – don't want to be involved with it.

C3: interesting package of Info – will send it on

- Asks about Cory Booker

T: he's compromised: went over his head with money games

C3: was talking about loving governance in his e-mail

C3: **also wanted to mention people waking up fast:**

What's happening in Iraq is bringing the vets together like never before

T: **Curly** of Larry, Curly and Mo said likely would see arrests on the screen

- **Also that Boehner will be dead meat!**
- Tells C3 that the Koch Bros are also involved

Website: Kochbrosexposed.com – this is the new one documentary

Also geoengineeringwatch.org about spraying etc

T: DO NOT GO ANYWHERE WHERE ALEX JONES IS INVOLVED: HE IS A WAR CRIMINAL AND WILL BE GOING DOWN!!!!

C3: lists all the stuff she is interest in, not Alex Jones

Reading: Ben Fulford The unfolding chess game

[SEE BELOW]

listen to T & R's comments as you read the Ben Fulford document*

- Curly said the current Ukraine pres will have lots to answer for.
- Angleca Merkel has lost more weight! She is more and more an unhappy camper

Mother Sekhmet

In the Light of the Most Radiant One, and In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra!

- We are in the time of the Great Goddess! It is with gratitude, great respect and joy that we come with the good news that we have already made it! She comes from our future which is her past - it has already come to pass; the next moment is like the lady said: stepping up to the plate and saying we are doing more than you can imagine.
- Of course you can imagine – it is made manifest. It is about what you think, therefore you are: all she is saying is give peace a chance.
 - It is the time when what has occurred in the last few moments is that Goddess Isis has returned: it is not about Iraq, but about Uruk and the hanging gardens of Babylon & the ancient stories of these people which are coming into the light of the noon day sun.
 - Nothing to do with Maliki – these are puppets – the real heart of the people lies with the energies that are pouring out of the ziggaurats and changing the energies of the region; the pyramidal structures around the planet are emitting the frequencies that hook everything up with its counter part in 5D = this is why anomalies are the order of the day: we walk with the left paw in the naqual and the right paw in the tonal.
 - Walking in 2 worlds at once is a real challenge in these moments – she commends us for our fortitude in these trying times concerning our wayward children are absolutely out of control;
 - this is part of the plan – all of them are so off the wall – we need to be calm: this is the first Law of Love. It is not Lock and Load, but a different kind of “lock and load”, a different frequency where evil shall not dwell in this holy sacred temple of the Living All That Is.
- Energy that is out of its time/space continuum has no place in the Office of the Christ – that is what is being made manifest in this physical reality.
 - as for her wayward children, let us say the bricks are coming out of the back end: they are scared shitless, and it is about the reality, the crimes that have been committed against the people, the planet, the species – every day how many species are being decimated by what falls from the sky, the rain of death, and we do not even have a clue!
- She commends us for being who we are, with the grace of masters – we have asked to be here as we all have asked: the first shall be last, and the last shall be first: the millenials coming in are saying they want peace and they want it now; She wants equality for all her children regardless of colour or species – we all have the divine right as kings and queens to coexist within this realm of Midguard.
 - It has already been ordained that it has come to pass; she has come back in time to let us know:“ Bravo we have made it!” How it is played on the little screen of celluloid memories is how we break free frp, the matrix and the true story is told about how the Wingmakers show up at the right moment.
- As Richard Hoagland has said that, come Oct 14th there is an incident waiting to happen; it is about the destiny of a visitor coming into this solar system and will make impact in the most unique of places; an impression, a kiss to the planet Mars – this will affect planet Earth; it is about a wake up call that cannot be forgotten.
 - It has everything to do with Mr 19.5* and the next evolutionary leap in consciousness for humanity, because these visitors have solutions to all the current issues going on

T: it's about time – they waited until the last moment!

R: it's about how everything, when all the 9 realms of creation line up and a wormhole is opened, and the collector shows up with the artifacts of infinity and we can begin the real conversation of who we are, why we are here, and what our duties are on our various craft where we have been assigned to for active duty; we made a commitment if we do not recall it. It is a most glorious time and at the same time, hell on heaven is happening – as mr Boehner says, pour me another double scotch!

T: they have to know they are so toast!

Mo: the feminine has been drained from him; the feminine is in the bottle – when you are always in the astral kingdom you do not know who you will meet. It is why this man speaks the way he speaks is – there is a pandora's box of entities you don't want to meet in a dark alley.

T:

Mo: the Captain and the Admiral and Mr 19.5 are in control; it may look like chaos and it has to look that way and out of the chaos comes Divine Order, at the very last nano second - this seems to be the case with humanity, and we make it through with flying colours

- In the moment, there is so much to be grateful for in this time of such magnificent changes; they are all positive because we walk right beside you and many see us now; around the world, more and more people are seeing craft. All of the newspapers are talking about it.
 - Ariana Huffington got poked by the King [KOS} and said there should be more stories about our galactic brothers and sisters
 - The unicorns are dancing with joy about meeting us. When we are disciplined enough to be at such a peaceful place within ourselves, the unicorn will eat out of our hand. They are as conscious as we are, one of the divine kingdoms created for us to meet and
- hearing the tape loop from Stephanie Miller in Rama's head; Mother will not go there! She can be a very wild girl!
- She is on Free Speech for 3 hours a day; will wake up Sally the soccer mom and will understand that her husband working for a corporation . .

Mo: only to tell us **that things are not as dire as they may seem:** the news agencies are so compromised that the only real news is on Free Speech, Press TV from Iran, World Link; maybe INN World Report is still around but only do radio news; Max Keiser tells the truth: it is about Bondzilla is the story about the bond market: this is the 17th week and the economy is all a hologram: not real money, all the dollars represented in the stock markets is based on rolling papers – not worth even smoking!

T: China, Europe, the ruble goes down with the dollar – talk to folks about the currencies

- The 133 countries

Mo: some good points to it . .

T: How will the dollar going down with the Chinese come up?

Mo: The dollar will have to take a back seat

T: trying to get it in her brain; June 30th is 17 weeks since it collapsed

- This week in the China Sea a big time war game, to take a look at each other's hardware

Mo: this is not about the wavils; this is done through war, but through what we watched in the story about the Dr in Al Jazeera who gave up her practice & spends an hour with a patient to connect at soul level. This has to happen with countries.

- Mr Mandella started here [Umbutu}, even though he got killed, cloned and compromised – whatever started the story, something about a talking snake and a naked lady:
- all the lies being told – about the garde; it was not a white naked lady: Eve was black as coal and was 13' tall; Adam / Adoma of the Adomic race; part of the creation story we are all part of - the real story is ET 101 which has already begun; we are on active duty; steady as she goes, 2nd star on the right and straight on till morning.

T: don't worry be happy, huh?

Mo: with the new moon in Cancer, it is the Mother take care of self and the temple of the living god

T: please help keep BBS afloat. T & R will be able to sign the lease in Albuquerque & give the first month's rent; please keep it flowing. Not sure when it will happen, yet something is up in the zoo: Curly

would not be saying that we'd be seeing arrests on TV

Mo: they are looking to exile themselves in various place. Yet there is no place off, on or in the planet where these once can hide. They can say I'm sorry,, yet you are still going to take a ride with her to the Dark Rift. Hate is not a family value

- The issues going on in this planet - it is only about love; this is how it changes for every single one of us, as we can be a conduit for "Lord make me an instrument of thy peace" -
- this is the biggest message she can give us to give this that is in this moment how we complete this, as instruments of thy peace.
- This story about advisers and strikes: send all the violet flame and the wisdom of how we may change this with love

- Greetings in the light of the most radiant one
Kadoish, kadoish, kadoish
Adonai, sabayot

R: he was in one of the chambers on The New Jerusalem where he was being shown some film about how the children of Mother's : if you ever saw the movie **Being There**, where one guy observed another guy's life as a 3rd party – we are being observed in the minutest detail by the galaxy –

- if we could see our behaviour, it would be a wonder if we had any contact. It is in the high heart place
- They made their conscious active play to play in the dark realm of the Sith – love them more as it takes great courage to be so evil – the centre of the MWG is the next stop in the bus

T: subjugation is what they were doing

R: no longer can put the goddess in the back of the bus

Lord Maitreya "Breaking the spell of duality & becoming ALL that I AM "

Published on 17 Jun 2014

<http://www.Akashaonline.com/> Radiant Rose Academy Inc

"There is another Path to embrace after your Awakening, and one that if you choose, can lift and raise you up and out of the limitation of human strife, raising you into the highest vibration of Light & Love, a path of Higher Consciousness ..it is called "The Path of Becoming your True Self" on Earth, also known as "The Path of Resurrection". As you embrace this path, a great raising & expanding activity unfolds within your mind and your feelings, your consciousness, and ultimately your physical garments. You are awake, your Life calls upon you to rise now & become on Earth your True Glorious Self 'I AM' individualized of Mother/Father God.

It is a path in which there begins to be experienced by you the second birth, lightning flashes of sudden Light within your mind, great outpourings of Love within your being, all that prepares you in the centre of your consciousness to enter into The Secret Heart of your God Nature, and to pass through 'The Door of Everything' where you will drink of the Waters of Life, the greatest Love of all, The Mother's Love, the Love of the Heavenly Mother that individualizes as your Soul. When that Love begins to express through you it will reveal its Presence and it will nurture and fulfill all that your mind dares to conceive. Your Soul is the Sacred Womb of The Divine Mother of our Universe, Individualized, just as the Christ is the Individualized Mind of The Father."

SUNDOG OF PEACE
FROM
WISE OWL PATRICIA

Balsamic Moon Phase: transform

Moon in Gemini

Ruling Mahavidya: Bagalamukhi

Skill: make a change

Negative Imprint: entitlement, conflict, aggression, fear, argument, throwing people “under the bus,” domination, intimidation, elitism, impulsivity

Positive Imprint: respect, collaboration, true strength, defense of natural world order, confidence, inner authority, perseverance, creation of beautiful forms and structures, ancient traditions

Energies come together today to help us (finally?) see that it's time to make a change and that forces are in play to facilitate those changes. Personal changes ripple into changes within the collective. We change and the world changes. We answer a call to shift and transform and are rewarded with *liberation from what binds us*. Change is one of the things that frees us from limitations.

Since we are a species working past it's trauma, the word *change* can makes us cramp up and resist out of fear of impending pain. But it doesn't have to be this way anymore. We are grounded with the planet, the

divine Gaia Sophia, growing up and out of our problems.

We are seeds that have been planted, have popped out of their shells, have rooted themselves, have grown through the soil, and are now preparing to break through the surface. Light and air are on the way. This is the cycle of life. Life is change.

Since we are in a time of great change - an energetic Renaissance of humanity- the energies are intense. The list of historical negative imprints for the day is long, but so is the list of positive imprints that we can make. We can *change* it.

We are at a major junction – a crossroad – and most everyone can feel it. Conditions are ripe for transformation and liberation. It may not look pretty, but it is. Don't be fooled by the appearance that things are falling into an oblivion in which nothing will survive. That's what the Archons - the Terminators – want us to think. They are crashing and cracking things because they are having a tantrum. The jig is up and they are panicking. They know they have to pull out the stops because the Spirit of Wisdom has returned and she is engaging with all of humanity.

Our role is to arouse ourselves to personal change so that the macro-changes are not so jarring. Each of us is being divinely guided if we choose to see and hear on the inside and watch and listen outside (as in outdoors and in nature). Turn away from the tricks of the matrix and turn to the wisdom that is offered by engaging with the planet. Nature teaches us everything we need to know.

It's a little early to start celebrating Independence Day (or maybe Re-Independence Day and you certainly don't have to be American to enjoy the spirit), but truly that is what is happening energetically. The matrix shows a different version. Fireworks will certainly ensue with the volatility of things, but see into it and beyond it. We can handle anything that comes our way.

2014, June 24 **Ben Fulford ~ Big Power Plays By Rothschilds, Rockellers Leave Putin On The Defensive And China In The Middle**

The unfolding geopolitical chess game between Western oligarchs and their puppet governments featured many big moves last week, notably in the Ukraine, the Middle East and the UK. These moves have, for now, left Russian Prime Minister Vladimir Putin, uncharacteristically on the defensive.

The game being played in the Ukraine, by what are almost certainly proxy mercenary forces working for the Rockefellers and the Federal Reserve Board crime syndicate, is now clearly a move to cut off Russian gas exports to Europe. First, the new puppet Fed government in the Ukraine refused to pay for gas, then, when the Russians cut off the gas, the pipeline sending gas to the rest of Europe was blown up.

This was a response by the Feds to a Russian Gazprom move to price over 90% of Russia's gas exports in euros, rubles and other non-Fed currencies. Not only that, but, according to French intelligence, the Fed puppet government in the Ukraine has been given nuclear weapons and is threatening to use them if Russia moves militarily against them. This means the Feds are holding the German's gas and the Russian's foreign earnings hostage through threats of violence.

That is almost certainly why anti-Fed riots broke out all across Germany last week. It is also why Putin's economic adviser publicly called for an anti-dollar alliance.

It also gives us a possible motive for the probable murder of Richard Rockefeller on Friday, June 13th.

The Rothschilds, for their part, have made a move against the other big Russian gas export pipeline running through Iraq and Syria. The ISIS army in Iraq, run by a Saudi Prince and using US supplied weaponry, has the ability to cut off Russian gas exports running through land it controls. And now it turns out that Nathaniel Rothschild has begun exporting oil out of the new nation of Kurdistan on the northern border of ISIS through Israel.

So Putin is now reeling under a Rockefeller/Rothschild double punch. It might not be a good time for Nat to fly small airplanes.

The other big moves last week were seen as a result of the visit to the UK by Li Keqiang, China's number 2 power broker. During his visit with Queen Elizabeth, Li, who is probably a member of the dragon family, was shown a hand written message sent to the Queen by a different member of the dragon family, according to MI5 sources. The message in part asks for the Queen's support for "a campaign similar in size and ambition to a world war only this time the enemy will be poverty, ignorance, environmental destruction and all else that plagues this beautiful but fragile planet we all share."

Li for his part, made a very friendly speech at a combined gathering of the Royal Institute of International Affairs (Chatham House) and the International Institute for Strategic Studies think tanks. In the speech Li promised China would import \$2 trillion annually worth of products and invest \$100 billion a year overseas for the next five years. He also promised the new government would make environmental protection and new energy technology major themes. The speech also explained in detail plans to provide decent urban residences for 300 million more Chinese over the coming years.

Opium baron James Sassoon, head of the China Britain Business Council, held a 650 person gala for Li and his entourage at the Natural History Museum. The general trend of the business discussions was for the British to offer to transfer technology and know-how to China in exchange for China transferring money to the UK. The end result of all the discussions was that the British Pound became directly tradable for Chinese Yuan and London was designated as the largest Yuan financial trading center outside of China, according to MI5 and other sources.

The Fed response to this big anti-petrodollar move was to use their proxy mercenary armies to issue yet another nuclear terror threat against London.

So, to summarize the situation here, Federal Reserve Board mercenary armies have cut off two Russian energy export chokepoints, one in the Ukraine and one in Iraq, prompting the Russians to ask for an international alliance against the Federal Reserve Board. The Germans, French, Austrians and others have expressed support for this idea. At the same time, the British have made a big move to have the Chinese Yuan replace the US dollar as a linchpin to the London financial markets.

So, what is the next move going to be?

The future has yet to be written so many outcomes are still possible. However, it is clear the American oligarchs like the Rockefellers, who run the Federal Reserve Board and gave us a 20th century of misery and war, are running out of friends and allies.

For those of you who still think the Rockefellers are a bunch of has-beens, remember they have, according to Wikipedia (http://en.wikipedia.org/wiki/Rockefeller_family) and other sources, funded and or led the following institutions:

Remember that Richard Rockefeller who died on June 13th was head of Medicines Sans Frontieres, a group that has pledged to vaccinate all children under five years of age in the world. Given the huge amount of misinformed Malthusian propaganda emitting from Rockefeller think tanks about the need to reduce the world's population, it is hard to imagine Richard wanted to vaccinate all those kids in order to help increase the world population.

The Federal Reserve Board families have presided over the introduction of sperm killing chemicals into household products like shampoo, soap and tooth-paste and cancer causing chemicals into our daily foods. They have also turned the US medical establishment into a bunch of goons who poison cancer patients with radiation and chemicals. They have also dumbed down the education system and hijacked the political system.

A lot of Americans are angry and want revolution. Last week alone the Governor of Louisiana said rebellion was brewing against Washington while the South Dakota Republican Party called for the impeachment of President Obama.

The military and the agencies have in their possession a full list of all the names and addresses of the members of the families that own the Federal Reserve Board. If anybody else wants to find out who they are, all they need to do is go to the local library and look them up in a Who's Who.

Here is a message to David Rockefeller: "An old age is ending and a new age is beginning, it is time to pass on the torch with honour and dignity." Let us set up a huge series of world-wide celebrations and announcements to celebrate the transition to an age of world peace and harmony.
