Hard News:

T: Ed Show: George Patai who played Mr Zulu in Star Trek:

- Mr Zulu said well, the Jedi mind meld is the force is bringing peace, love, justice & harmony
- The Vulcan mind meld is about bringing clear minds together and making them one - also good!
- Ed asked him which one would he choose: the biggest problem Mr Zulu could see was Eric Cantor!

R: Rocky Mountain Mike - a song we need to hear: a parody on sequestration

- Everyone has been discussing that the sequester has been orchestrated: disaster capitalism as Naomi Klein talked about
- It is an obfuscation of the real story: all the money is gone, St Germain has it and **HE IS NOT GIVING IT TO THE ONE PEOPLE'S TRUST!**

Randi Rhodes show: a grass roots thing will be happening on Mar 24; people showing up in front of GOP offices

Leo Gerard was on both Ed show and Randi Rhodes: pretty angry: this did not need to happen

- Obama could have stopped it - no \$ in the coffers: St Germain took it all

Max Keiser and others: the Dow Jones is up to 15, 000 today; propped up by empty air - there is no back up to the Nasdaq, Standard & Poors, the Dow Jones [ie, real gold or money]

- Has read stories of Christine LeGaard and the dinar & about something happening in next 24 hours - yet nothing will happen until Boehner & McConnell are behind bars
- **spoke to Mr X:** we are in the final moment: it is about the naqual coming in - the non-ordinary reality that brings miracles of the most unusual kinds - this may seem like a never-ending story of death and destruction, yet we are in the frequency of the Sat Yuga - we can be the light between the trees, the light of god that never dies.

Daniel Ellsberg on Randi Rhodes: Bradley Manning deserves the peace prize along with Julian Assange even though he pleaded guilty to 10 of the 22 counts; he read 35 pages into the record about what our military was doing

- our soldiers are picking up fathers out of their homes, shooting them and disappearing bodies

Ed started his show: he was livid - if you are a soldier anywhere in the world, you are getting a pay cut as of today - 2 generals and an admiral were told their pensions were getting cut as of today;

- **they came out and said that Al Queda is a computer program!!!!** this is big stuff
- 9/11 is coming up soon - [knowing what happened there is] the answer to what is going on with sequestration and the Patriot Acts 1, 2 and 3 and why we are enemies of the state for doing what we are doing right now!
- 600,000 women and babies going off WICK program/ nutrition - when one is harmed, all are harmed!

R: it's been a hard day for him watching the stories going on across the planet - as loony as what is going on in the congress; as we are in this sacred hoop, as one heart, one mind, much is being asked us of as we enter the time of the 6th sun - there will be a radical shift

- **Leo and others on various radio programs: talking about the attack on** Section 5 of the Civil Rights Act and actually, so many people have said "Mr Scalia, you might as well start wearing your white hoods to court!!!!" We are already in Sat Yuga

T: got their landmark Civil Rights in 1883, the Supreme Rights act in the 60s;

- Thom Hartmann: The **Civil Rights Act in 1875** protected all Americans in their access to public accommodations & facilities like restaurants, transportation and serving on juries - yet it was not enforced

- in 1883, the Supreme Court declared it unconstitutional
 - the separate but equal document stood until 1954
 - 1954, the supreme court ordered school desegregation - Topeka, Kansas
 - 1957 - a federal bill to protect civil rights
- there is a little town in Alabama where Section 5 of the Civil Rights Act has been invoked in defence of various peoples' rights 260+ times! Yet **Scalia says the Civil Rights Act is an entitlement!!!**

T: We are still under martial law since Lincoln ordered it to get money for the north: Can be an enemy of the state otherwise!

- We are the end of the line for rational action
- Reads about one of the paragraphs about the **Columbia Organic Act**: this is the first time since 1871 that we have had a govt of, for, and about the people - under Obama

Audio: Thom Hartmann - talking about Harry Truman

Caller: Obama's press conference was very good - not a dictator, but he is a Jedi! He gave the Jedi symbol!

T: asked Mr X: are we going to arrest this ones or will we be waiting another few months: he said it was happening now.

R: as we are watching the criminality in public, he knows there are others who have the way to get things done

T: the whistle blowers are helping us get there:

- goes back to the Ed show and the 2 admirals and general talking of Al Queda as a computer program;
- Pelosi has attacked the republicans as the ones who have created the problems for people
- Obama has not said the name "Republican" for 4 years until last week and now he says it every day - they are cornering the repubs;
- Pelosi said this goes back to 9/11 and we have not done anything about it yet;
- sequester = loss of 2.4 million jobs

Caller: what is status of Patrick Fitzgerald?

T: He'll come out when it is time: we just follow the flow of the outcomes!

Caller2: the NESARA flyer - it returns constitutional law to all courts and legal matters; it retrains all judges and barristers in constitutional law ; since N law began in 2008, has this re-training begun?

T: The Centre for Constitutional Law has been in place since 1999 and they only use constitutional law - they will turn their collars around at the right time

R: the Supreme Court does not follow the rule of law or the will of the people

- today there was discussion about having cameras in the courtrooms so people could see and hear what is going on

T: this has been pre-planned since Oct 1, 1979

- Plans before that have been going on for years and years - all of this murder and mayhem: some have woken up earlier than others, which gives us more responsibility
- Refers to the **Russell Tribunal** and the man who got flowers at the tribunal - he died this week; he has been giving of his life's blood since he was a teen

Caller2: are these judges, police officers know about N law or are they just going ahead: does the training have to wait? **T:** yes, they know

Caller2: some of the officers are not pulling people up or taking their homes: so there are signs that

certain ones at least are acting by that law

T: the group called Vampire 2000 have been trained, yet they have colleagues who are taking money and there are whistleblowers in each group - yes we need insider awareness AND we all need an education - it is dangerous out there right now! Black Ops have killed 26 kids in our faces!

R: Bradley Manning brought it up of the soldiers killing civilians - no need to do it!

T: Obama bringing up the live long and prosper hand signal is no mistake!

Mother:

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

T: asking Mother to help us keep the balance with the Ma'at energy

- that more is going to come out about how we get to dance together in infinite bliss!

Rainbird: other council fires were here before us

Gives the name of the book she is reading from **Voices of our ancestors by Dhyani Ywahoo**

Jamie Sands [just lives down the street from T!] a classic native American creation story

Mo: the stone people have a lot to share!

T: don't stone people have human souls too?

Mo: there are beings of living love, living light that assume the role called merging with living stone, living bone - it is the bones of mother: the stone people merged with crystalline kingdoms - it is part of what makes up the network of nerves of Mother Earth

Mo: our planet is very ancient, and there is much unfolding that we will learn - about them and all the people and all our relations unto the 7th generation

- it is about the here and the Now because that is all there is at this moment!

T: and the stone people are moving powerful energy fields

Mo: yes - it is because of the fact that you are in a different timeline than last week!

- The Sirian Commander gave us a hint today: Live long and Prosper - it was really a message:
- next step, how do we introduce our brothers and sisters of 37 million light years away - literally on our doorstep - set the place at the table for Elijah: he is a big eater!
- There is only this moment now, and it is about how we do things with grace and love.
- The issues of the moment and the sequester

T: not funny, but dumb!

Mo: what do you expect from a bunch who think they can pull something over on this man - it is also about the bigger story here: the middle class and the working poor, the least among us - the story of what Admiral Sananda Kumara and how we do this with the Lion of Judah -

- the issue of what has been hidden from the people of our story, the story of Mother Zudiachus, Mother Africa - it is no accident that the troll, as Rachel calls him, wants to take away the voting rights of the people of the black land as well as all the lands [Thomas]
- The troll is one of the judges who wears black - Thom H said he should be wearing his white hooded robe!!!

Mo: it is about the KKK and why isn't the Black Madonna spoken of as the Syrian woman, Mother Miriei, a mother of Sananda Kumara, Jeshu and that she was a woman of colour and not the other funny story - all of which has to do with why this man is in the Oval Office - the next moment is about the Lion of Judah and the 13 tribes and how we have always done this with love.

- There is this funny little glitch in time: 13,000 years of missing stories of love and how we can do this with the greatest of love, standing up for the rights of we the people. What has been happening in the last 24 hours is a shift of great moment: it is about the issue of not sharing the wisdom of the

piece about black is beautiful

- one issue is Do you wish for us to meet? Yes, you have asked us to show up: we are already here - the rest of it is about sharing the rest of the story to do with love, peace, justice, mercy, the principles of the Aboriginal Moabite nation -
- these are weighty issues which have to do with our freedom, the very rights, dignities of why Dr King marched with the people. It is full circle and now is the time - let us just say - this is a pause called a peaceful moment before things really hit the fan! Things are moving so fast!

- It is about this moment, the how of it, we are being given the wisdom right now, the keys; how we come together as one circle, one heart - the creation stories are about this: I am you, you are me; we are all together, as the song goes. **The victory is in the realization that we have already come back to wholeness, come back to home into this temple of the living god. What is unfolding in the most magnificent way is people waking up in this extra ordinary moment, the 4th turning**

T: it is the 5th world now, and the 6th and the 7th , all overlapping

Mo: we are the heroes and the prophets who do this, and we are getting our training now simply by being in this moment as we begin to learn about our abilities; already we know it is simply applying it, playing with it - walk on the water, walk on the air: we know how to do it - manifest the beauty, the creation of all that is within us

- The greatest kindness we can do is help the people understand: the greatest issue is how we can come together with you as the **door is wide open for disclosure:** already the hint has been given.
- **We are** prosperous, **we will** live forever - it is about this issue of the moment: how we can greet each other in grace, dignity, beauty, gratitude, respect, mercy, harmony, justice - the Lion of Judah brings that justice with the 5 Pillars of the Wisdom
 - this is what the people of the Black Land bring to this land here: one story which is about Ascension and bringing forth the wisdom that we have always been aligned under the sapphire sky of the frequencies of Alcyone, Sekhmet, the frequencies of what Mother Zud brings to this land at this time
- The prophet that is coming forth now in our midst at this time with the wisdom to right the ship of state - it is magnificent to behold - yet there are oceans of tears . . . for what has occurred

T: Isn't it time for this suffering to stop?

Mo: Samsara over - suffering optional; and how to do this now with the greatest of ease for each other

T: isn't this an action taken out of its time-space continuum because it incurs more suffering?

Mo: Yes - and it is about a small group of life forms that think they are still masters of the universe, but they are not even masters of their own realities because of the fact that they have fallen from grace in their own eyes, where they are so traumatized with amnesia and fear that we would come and do to them what they have done to us! They are deeply afraid that as the people wake up would the people do to them what they have done to us

T: what was said in the Organic Act - created a foreign jurisdiction: that people might take them out - don't need any more civil wars

Mo: the wars for your mind are over; it is about how we do this with love.

- The story that is unfolding: why is it that we have a major, **major issue in our midst** - the Chair of Peter has been usurped by an imposter!
- **The real Office of the Christ is in here, the heart cave,** not in Vatican City
- **The Admiral Sananda Kumara - we are each in every aspect equal with the Admiral**

T: Is this why the Vatican put itself behind the walls, cops, with a whole military force?

Mo: Because Opus Dei, Knights of Malta, Blackwater - do they follow the Office of the Christ? **NO**

T: and Eric Prince of Blackwater went to Dubai with all his money

Mo: the Jinn know exactly where he is - he is no princely fellow - he is losing quickly his essence of life - send them all more love than you think possible

• And on this day when they think they can erode peoples' rights - **they will never erode those rights**

T: and there are no more extensions of time?

Mo: Michael Moore said **time is up - a long time ago.**

T: Katrina Vanden Heuval said they need to be in shackles

Mo: the truth of the black land needs to be told, and why Iraq, Kuwait, Afghanistan were invaded and the issues of the Gate of Ishtar. **Ishtar:** another name for Great Mother, Divine Goddess - an Annunaki name. Inanna is another name for Ishtar, as well.

T: Inanna name of first daughter of Di and Dodi [Yes] When do they come back? 3-4 mos after N?

Mo: plans in the works of how to do this and wake the people up that Di is not buried in a sepulchre on an island - alive and well and kicking, and the Queen of Heaven is here - this is about the Merovingian bloodline of Jeshu, Magdalene -

- the original story that is being brought forth is is the real Vulcan mind meld: my mind to your mind : we are one mind, one heart, one circle of living love, living light that goes on forever; what I think you think; what you feel, I feel - we are two wings of the one bird; that is the essence of clear mind. Where else can it go but into the nothingness of All That Is that we are, that perfection - this is the simple philosophy of doing simple things and doing them well
- And we are building our temple right now: this temple of the Living god is the greatest thing there is - we are the new heroes and prophets

T: the Pope had to give up his red shoes

Mo: maybe he is going to trade his shoes for some shackles!

T: Rachel going to play "Hubris: Selling the Iraq War" again on March 15

Mo: Ambassador Stevens was in Benghazi to tell the story of the 800 metric tonnes of gold - and certain ones did not want that story told; we are removing ourselves from the oil barons - never needed to be using oil.

- Many things are coming out for us to learn about how to get our living light, living love in the moment.

T: Forbes Magazine putting out that buying fish = buying fake fish!

Mo: we are describing what I have said in many ways: we are walking through the depths of Mordor - has to do with the funny issue of how can we love each other even more in this diversity and also with the mixing in of stories about inequality which has nothing to do with reality:

- we are all equal, and we are perfection and perfection cannot be destroyed - yet we do get caught in the illusion of the maya -
- Lucifer is gone, lost the Nov election and still playing the game of poor me, the trillionaire, I lost! I have a lot in the Cayman islands, in Belize, - it is about love and even love Lucifer on his way home; he is our grandson; he is equal and he made a conscious choice to try and get us to understand. Explains why it is not easy to be like Lucifer
- Lucifer [real one] has them wrapped around his little finger as he has already come back to love: he is on the couch eating popcorn and asking them if they have gotten it yet! It's over! Let's join with the Sirian Commander: live long and prosper!

T: thinks we are going home: yet we sit on the edge of our seats and then there is more stuff - is this there is still a need to get people getting more of what "it" is?

- Mo:** yes; as we begin to tell the stories, we would be here until tomorrow morning at 6! And only chapter 1
- it is just the beginning; here we are - already, spring is here; we are in a new Sat Yuga - Johnny jump ups and daffodils seem in the City of Holy Faith.
 - The Masters of Light have said our weather patterns are changing and moving quickly - it is not about global warming, but **about climate change** - and we are moving it to a higher and higher frequency with the higher harmonics at the speed of light - as we move higher, the weather patterns are changing as the frequencies balance out -
 - No more Sandy, no more Nimo; yet there are issues coming up by playing with the frequencies of the scalar waves - let's turn it around and create Paradise.

Rainbird: the dates in the crop circle that Cynthia told them about: the 28th & the 8th - why were these dates chosen?

Mo: about the frequencies coming in at this time - she is experiencing and manifesting such magnificence at this moment - it is a big deal that she is carrying the 5th, 6th and 7th on her shoulders - about the ancient samsara story that is over - and now moving into infinite bliss

T: she carries the medicine wheel of healing, too

Rainbird: lots of 8s going on: she is 64 which is 8x8

T: has to do with infinity squared; she is both a Pisces and an Aquarian: air and water - the water of the truth of the heart

T: doing numerology for Rainbird - got the teacher stuff in her too - 8 is a powerful # and it can also bite you in the butt, too - it represents great power; the 8th house is philosophy

Mo: Other council fires are all across the universe

Mother's conclusion: as we go through the next few moments, know that what is unfolding is MAYA, the greatest of Illusions and we can cut through it. This is just a small bump

Rama: went to Fortress of Solitude; we on the greatest edge of full disclosure right now; they are doing all they can to keep us with a clear sight and not get bogged down in the suppression of joy

Audio: Bill Maher He out did himself tonight! [Tara]

Audio: Max Keiser **Episode 412** February 28, 2013 06:19

In this episode of the Keiser Report, Max Keiser and Stacy Herbert discuss how slime molds outsmart our central bankers and policymakers, and look at the four troll banks and their clients living under the bridge. They also discuss George Osborne's slime mold serf experience program. In the second half of the show, Max talks to renowned mathematician and monetary scientist Professor Antal Fekete about the elimination of silver as money, an event that saw value and liquidity wiped out, and they compare the two giants of Austrian School of Economics - Carl Menger and Ludwig von Mises - with the biggest difference being that Menger did not believe in the quantity theory of money.

T: the metals we will have in the new money

Platinum @ \$100 / Troy oz; **Gold** @ \$ 50 / Troy oz **Silver** @ \$10 / Troy oz
