Annie Rose

In addition to her astrology and intuitive readings, Annie Rose also has a political background and achieved some success in office as well as in the astrology

- She was in politics for over 45 years - started in a local town board, became an Illinois state senator; the week before husband's, they went to Iowa to see his son.
- Comes from an area north of Indiana - she thinks that laws should be for the benefit of all

T: talking of fees - Thom Hartmann was saying \$35 / month for phone, internet and

CL: not long

T: a huge bubble in the fracking industry ready to burst

CL: saw a video from a young girl who has asthma & gets immediately sick when fracking goes on

Annie is back after technical issues

CL: asks how the balance works

AR: for her, without the supreme Being there is nothing!

As more and more people go into a positive mental attitude, lives will improve greatly. It is something we must learn - to find the MAP!

CL: What is significant about NN?

AR: good for knowing shortcomings and the most positive point in the chart

- It is also a leading, guiding aspect
- She has a NN in Scorpio; South N is in Taurus - they teach her that quality is more than quantity
 - Scorpio side is about not being too secretive - will tell people what they want to hear, not what they, the speaker, believes

CL: if you know someone on your same birthday and it's a male/female thing, what does that mean?

AR: it depends on whether the year is the same and also about the hour you are born

CL: What about the next week or so?

AR: the problem with the connection today: a typical Mercury retrograde situation

- had another cruise ship today with issues: some kind of communication issues either electronic or between people
- It is also good for re-acquainting yourself with someone
- Going back to those with same birthdays, male/female: they balance each other out in terms of energies

Mercury Retrograde until Monday, will go positive on the 18th

- won't change immediately - there are 14* between where it left off and where it returns to - it will be sometime in April before it returns back to where it was so there will be no more negative effects

Caller1: thinking about buying a different place to live in; is there anything about moving in the chart

- caller is an Aquarius - daughter is the same

AR: Caller at beginning of the sign; daughter is 75% into the sign; so they are not square to each other which would mean they might be in conflict

- Caller is concerned about monetary aspects; daughter is thinking of effect of changing friends

AR: are you staying in same vicinity? If so, no worries: will have better social contacts, opportunity

- Caller: move is positive? Yes.

AR: recommends waiting at least the 22nd to make up their minds to make an offer - avoid the 27th

- yes, the place will be still available; a good chance of it still being there.
- Check all aspects - it's a duplex - one will live in each side of it. [Good arrangement]
- Daughter worries about the caller; daughter has a chronic illness - AR sees her being more worried about the caller than the other way over. Will be fine financially

Caller2: since 2 months ago, has been in turmoil about move to location in Florida

AR: sees him in Florida - has to wait until kids out of school - you will not be far from coast line

- Miami - lived there for some time; spent 13 years in Virginia but now going back
- Seeing that he will like it, that there will be more pleasurable time in FL this time; will also get type of home they want; will do work on the home themselves
- If someone has hurt you, don't fight back or try to get revenge: give your hurt and related feelings to Higher Spirit to help them, to bless them - they might have to go through something the same or worse than they put you through
- Asks about finding a home - will find one, the kind they like; single storey, maybe a corner home so not squeezed in. They will feel comfortable spiritually in this new home
- Sees travel in 2 - 2.5 years: will be happy to be back in America after that trip

AR's telephone # 219 - 980 - 0010

Some good books to develop intuitive powers:

Living in the Light - Shakti Gawain

The Super Beings - John Randolph Price

Who's the Matter with You? - Alice Steadman

Last thoughts: May we all have a blessed and prosperous week ahead; no decisions before the 18th !!!

Hard News:

CL: about NESARA being the Divine Feminine, how Vatican tied into that; the connection Rama has to the Ashtar Command with Ashtar as his father; connection to KOS

R: Ed Show - radio - today: has been a tough day, week for R as he is watching the energies:

- what Diane Feinstein did today with the assault weapons ban was awesome in the face of Ted Cruz - the way things are playing out, since Dec 21/ 2012 - everything has changed as we are in a new Sat Yuga yet the dregs of the 13,000 year old story are still here

• Mike Papantonio was on first 45 min of Ed Show, talking of the criminality in the Republican party, Tea Party and what Scott, the bartender did

R: the story of the bartender brings up Rosie the bartender in the Red Dog Saloon on Sirous and Mr Scott who did the 47% video/Mr Romney - some of the talking heads are saying Ed is going to the boneyard of the weekend because he got a little too bold telling the truth, yet everyone is talking of what he did - the story is going viral across the planet and people are speaking truth to power across the planet.

- Bartenders get to be good judges of character as they watch what people do, how they act, what they drink, what they talk about, about body language - Rama could see what was going on in people's auras - the criminality that has been going on at the highest level is being challenged, yet we have to push the story a bit further now as adults talking in the room, not taking the lock and load route talked about by the fringe
- People still blaming Adam Lanza for Sandy Hook, **yet it was the Black Ops** - the story is as large as **The X Files** - a universe wide story - which is why he brings up the Red Dog Saloon and how he used to talk to Rosie when he had a particular issue in a private room with a hook-up to Metatron & things got done - this was millions of years ago but seems like yesterday
- we are at a critical juncture here with full disclosure and first contact- the story is on the fringe and the main stream media is only beginning to talk of such things as Cointel Pro, Black Ops, MK Ultra - was the Aurora shooter an MK Ultra, and so on
- The character who calls himself Francis goes back to the dirty war in the 70s Argentina and Allende who was taken out, and to Chile and Pinochet and the Project of a New American Century
- A woman soldier on Ed's show today ties in with Amy Goodman's story of the military where rape and

suicide are at such a level, they are out of control - this is the hard news of what we are looking at in the moment: • we are the ones who have to change it;

- Ed has lit a raging forest fire across the lefty side of things - he said he is not disappearing, he is coming back -we are going to watch people follow him and see who he brings on - Valerie Plame and Joe Wilson and Ray McGoverne - people who come on Al Jazeera English will show up on his show
- there is a shuffle going on in the jungle: there will be 64 good members left when the dust settles out of 535 - this has to do with what has gone on since the ancient story that he keeps bringing up and zeroing in on the X Files and what has not been told to us about our brothers and sisters, and the deals made with some of them - different groups and cultures who did not have good intentions for the people of earth - brings in the archons and the shamans
 - we are in the beginning of the 6 suns; we are the ones, the X Men, the justice league to bring in " Thy will be done on earth", not "my will be done" - it is about the goddess story and Mother Sekhmet, the centre in the heart where all meets. Her children are running at light speed away from her, but she is going nowhere.

T: important thing about this energy: **the infrastructure, everything has to change**

- at the moment, the hopes we have that someone might be able to change things without changing the infrastructure has reached the end of the line
- **new pope is more conservative than Ratzinger - get that straight; he is also a Jesuit - Jesuits not a pretty picture!**
- Talks of the ceremony of installation that he has already gone through
 - As a Jesuit gets a higher command, he is conducted into the chapel of the convent of the order - only 3 are present
 - the principal or superior stands in front of the altar; on either side of him is a monk - one holds a banner of yellow and white, the Papal colours; the other holds a black banner with a dagger, a red cross above the skull and cross bones with the words INRI [this was not on the top of the insignia of the one who was crucified - it WAS NOT CHRIST, it was Aruhabi and he did not die, either]
 - below are the words " Justem Nicar Regum" = it is just to exterminate and/or annihilate impious or heretical kings, governments or rulers - by the fact that they are declaring this person infallible - it is a plot, not reality
 - on the floor is a red cross on which the candidate kneels; the superior hands him a small black crucifix which he takes in his left hand and presses to his heart; and a dagger which he grasps by the blade and holds the point against his heart - the Superior holds the blade by the hilt
- This guy has declared himself infallible by this ritual and has the authority to exterminate or annihilate any leader anywhere that does not go according to - **this is a demonic ritual of Satanists**

So: WE HAVE TO CHANGE THIS WHOLE INFRASTRUCTURE - dismantling all protestantism and all of its sects and all catholicism and all of its sects - every sect has to be changed and there are 47,000 of them

- Mike P on **Ed show** today: Ed said last night that today would be his last night in this time slot - what is happening is that **NBC still has a stake in MSNBC [MS = Microsoft] - Bill Gates**
 - Ed is telling the truth every day of the week and they don't like him telling the truth every day in prime time - starting in April, 3-5 pm Saturdays and Sundays, he will focus on Valerie Plame, Chris Hayes - all the ones not heard now -
- he said David Gregory, your **Meet the Press** and you - you are not telling the truth, and I am gonna tell the truth like tim Russert does and by the way, why did they kill Tim Russert?
 - He was going to get on the **Meet the Press** on Sat am - he had come home from rome after kissing the ring of the pope

- He was killed on a Saturday morning:
- there was a whole Satanic ritual going on - his wife, Cheney, bush and co
- When wife called him up the next morning from the airport, she said I think this is the last time we will speak together - when she stayed back, she knew they were going to kill him - she was his handler, so she knew what was going to happen - if the men do anything out of place, they get it -
- what was in front of him were the documents about the truth about Valerie Plame and everyone who did 9/11

Caller1: where is LM Nada? When will we see some movement to arrests?

T: she will come forward when it is time; P. Fitzgerald has to come forward first - and before that, need someone like Ed who will tell the truth and bring on people who tell it too - no more need for those telling lies; even some of the whistleblowers are still praising Hillary

- ED S asked on his program: Why did the old haggard one go into hospital, and a young thing came out [Hillary] - have you ever heard the word "clone"?

CL: asks about the sacred no nos: cloning, disclosure, NESARA

T: Kathryn to Rama: this is the hardest time - Rama cried out his eyes out today with KOS - NOT GOING TO BE ABLE TO TAKE IT MUCH LONGER

- they still don't have the rent, and they have been told they will be out on the streets if they don't pay the rent on time - they don't eat 3-4 days a week now, as it is

Goes back to what E Warren said on Saturday: Carl Levin got on first and said I am not proud of what I've done; the 13 families have been giving him death threats - they are coming from the archonic oversight of the Vatican because the Vatican archons are saying "get him out of the way"

- **The Vatican will not change its tune** and do the right thing - **this has to be a Faction 3 / white knight** operation - put your energy into St Germain and Kuthumi & have them wake up the people

- A retired Episcopal bishop was on John Fugelsein's: Ratzinger is guilty of the same thing as the Paedophile priests and he does the obscene rite for every - the Cardinals doing the voting also do the obscene rite before they vote
- Hugo Chavez cannot be embalmed - a good thing - they let him lie in state too long and there is too much decay; it's a blessing now an international forensic team will go in & find out it was murder - will find out who did it
 - **the Vatican** is the source of the ordering up of murder.

Caller2: Electro magnetic pulses attacks and what kind of harm they will do with tidal waves, etc
T - we will be more in trouble as long as the criminals continue to manipulate the weather;

- why did MS go to Friday? **T:** to Friday to give more time for people to do Round Table on Thursday; Friday Mother can relate to hard news because **Mother is the Hard News!**

- New **Wizard of Oz movie** - R has heard good reviews yet he has not found out about the esoteric side of it - the symbolism; **T:** the TV version was done at an opportune moment, too - Jan 2010 -
 - the banksters are behind the curtain: E Warren is wearing the red shoes & she will take them down -

- **Carl Levin said it is time to give this land back to the Aboriginal Moabite Nation**, they are NOT the refugees, we are; they have been holding the light for the truth for centuries

- E W said yes, and then asked how many children had to die and have their names on milk cartons because they are missing - millions of children have been killed in this country - this is why the infrastructure has to be changed!

Also on Face book; located in Indianapolis, Indiana 317-259-8001

- More intensified out there: things coming to a head - more and more layers coming off and just when you think it has been completed, more comes up for cleansing -
 - For people are having uneasy feelings - don't think of it as negative or that you are sick or having a panic attack: energies area being pushed up to be healed - you will only suffer if you keep in denial and ignore them; the only way out is IN - don't be in other people's stuff or business, just be in your world and deal with your own business
- Your path is where you are; your temple is your body - we are living in the time of the expansion of 90% of our minds, the spiritual side - going through a huge expansion of integrating left and right brains, and connection with Higher Self
- both Jesus and Buddha have taught about being in a constant state of meditation and prayer; the question is how do we do that? It is about keeping your heart open and being in a higher state of connectedness that is never broken - receiving and listening at the same time.
 - We left the garden through fear - as we heal the illusion of separation, we remember that the garden and God are still there
- We are in the last of the
- We need to look head on at our issues and face them head on - when you embrace whatever you are experiencing, it will shift - embrace where you are, to get unstuck is to embrace intellectually, emotionally, physically, spiritually
 - death is about the illusion of separation

MI: when we are connecting in the absence of time and space - we are all together multi dimensionally, we are streaming healing and we are all in a place of healing - she says to us all

ML: birthdate: Nov 5/43 - an interesting and unusual chart

Caller1: has talked to her previously on Facebook

MI: asked if he was an old soul - she is seeing a lot of this: old souls in young bodies and being much older and more experienced than their appearance would seem they should be

- each day will be super charged with doors opening and new opportunities - take on all opportunities for change and going places

Caller: has travelled quite a bit; going to Germany at the end of May - may do a semester abroad

MI: he has universal connections and a strong past life connection with Austria - will have some strong recalls of past things when he is there

Caller: when he was younger, would wake up in the middle of the night and see a crowd of people around him; there was a woman who would sit in rocking chair and was always there and she would comfort him; he was always aware of the other realm - it developed into strong empathy and he could feel what people felt - it was exhausting to feel all someone else felt

MI: when you have one foot in one dimension and another in this one, you are not entirely here

- To be an empath is to find the balance between staying open yet not getting zapped or drained.
- Asks about what he sees for his future

Caller: things activated while in high school - the strong emotion of "first love" kicked things into high gear; during separation were able to feel emotions from great distances

MI: a good ability to have no matter what you do

CL: asks about comments MI has made about dreams & understanding them

MI: on one level, everything is a mirror reflecting back to us what is going on inside

- houses represent consciousness; cars represent the physical body; seeing people in your dreams - what do they represent to me: from different eras of our lives
- what we deem may be literal or can be highly symbolic
- as we go into higher realms, there is less and less form: if we are speaking to people who have passed over, the lower mind will have you thinking you are on the phone, or in the car - the lower mind creates a form you can relate to
- remember the emotions or feelings in the dream
- in the waking state, we want to control things and the outer reality; if we want to make things change in the outer world, we have to make the change from within
- Colours are important; bathrooms are where we get rid of things; kitchens - nurturing; attics - higher consciousness; basement - sub conscious mind
- going down stairs or upstairs
- when things are out of control, who is driving the car? About you taking charge

Caller: why people seem to be so angry at the moment?

MI: we are in the time of healing things. We are all made in the mold of creator, so all emotions are acceptable; however, we have been conditioned to think we have to behave in certain ways; anger may be justified in the moment but we are taught to bite our tongues or hurt peoples feelings and not speak our truths and after a while, that builds up a deep anger - now we are being forced to feel

MI: she can rant and rave and talk to herself when something sets her off - follow the anger, the emotion

- it is the tip of the iceberg of eons of layers that are coming from other places or times - where is the anger coming from, what is the origin?
- She used to find places she could go and do primal screaming, or take old plates or old things and break them - move the emotion from inside and get it out - her point is to find ways to express it and re-direct it in a positive way; people are now quicker to express anger now

Caller: mercury in retrograde - is that part of the reason people are annoyed? Caller finds that even the one hour of time change is having an effect

MI: 3x a year Mercury is retrograde: appears to be moving backwards in the sky - Mercury has to do with communication this one began Feb 23 and goes direct on Mar 18th - brings up hidden emotional things about communication that we need to express.

- Has noticed the same thing with the time change - we are no longer in linear time and in present time, so time goes faster - she keeps getting hours mixed up - can't keep track of time
- People are late for appointments or early or miss them entirely

Caller: buying some rental property - a good thing?

MI: looking at 2 - one might be better than the other - a wise time - to talk later

CL: Asks about what she sees for now

MI: What comes up for her: **don't procrastinate TIE UP LOOSE ENDS** for any left over business or whatever, get it done - perfect opportunity

- animal kingdom - as we heal the illusion of separation - they also are going through things, they are ego extensions of ourselves and they will take on things for us - they see 4th and 5th dimensions and will follow what they see there
- Also an increase in psychic experiences - when she makes tapes, people can hear angels singing

- tons of people are finding these things as new experiences - those who have eyes to see and ears to hear - veil is being taken away
- CL:** if she thinks a thought that is less than wholesome she will get a resounding sound in her ear - and she knows something will happen
- MI:** getting instant communication - thinking, saying something will find it on TV or will hear other people having the same conversation -
- CL:** a manifestation of a miracle in October - could not find the money she had set aside to go on the trip - gave the issue to spirit - the money showed up by her purse in the hotel she was staying in!
- MI:** there is no separation of time and space - she had a ring misplaced and a year to the day it showed up on the floor! It is a miracle - this is an exciting time
- We are in a time where we have to take responsibility - the more whole we are, the more we can help others and the more we can do bigger spiritual work.
- Another good mediation: be like a magnet and attract to self only that which is real - let go of the false personas and the baggage
 - we are manifesting what we have created - if you don't like what you have created, take responsibility for it and change it - it is not written in stone that we have to stay on the path we are on - we can change things!!! We have gotten used to being co-dependent and dysfunctional - we have all the tools to do this work - no one else can do it for us! We can walk out of things . . .

Closing: **Cathy**
