Astrology: Annie Rose

MESSAGE from Annie Rose via MariettaRobert

- have a new moon on Saturday;
- for Virgo Sag and Pisces – be aware of misunderstanding others; look for deeper meanings
- for the US: Kerry will make new allies – will be good for US
- The markets have gone down
- we will have new opportunities and a lot of things – squaring Libra and Aquarius

T: Annie said last week that June 7 was D-Day in terms of getting things done

- That astrology has lots to talk about in terms of the news
- Neptune going stationary, retrograde - it's higher love, Divine Compassion, mystical, visionary, utopian – if it's going retrograde, let's look back to Dec 21, 2012 7 pull on that energy; what have we not used about that energy which we have not had for billions of years that we can pull forward and use now?
- Venus is trine Neptune at the same time – if Neptune is high love, the love of a mystic, of a prophet, visionary love, then by adding Venus which is the goddess of the kind of love added by human beings: let's get crow medicine in again which is divine love made manifest, and the meat of that work is getting NESARA announced.
- Moon is conjunct Mars: Mars = will power, the most powerful thing; wilfulness creates war power; we are using will a different way, using the power of will brings things forward – when it is conjunct, it is very strong, so be spiritual warriors, warriors for peace and harmony
- **Message from Lord Maitreya:** he will be showing up very soon; Raj Patel is a strong aspect of Lord M; The Maitreya message means he is another aspect of ourselves becoming the Cosmic Christ which means group work, bringing our energies together to bring the highest forms of divine virtues into play
- Moon is squared Neptune – at 4:26 EST; this time is between 4:30 and 6:30 of very day is the regenerative hours of the earth; so the earth regenerates itself all around the planet so before you go to sleep, put it in your consciousness to help regenerate the earth wherever Mother Earth needs the help.
 - Pull this energy forth from Dec 21/12 to now: this is the energy of enlightenment which has not been here before in the same powerful way it is now, for millions of years!
- Moon square Neptune: brings up conflict, obstacles, stress – so find positive solutions for the conflict Like putting a baby in a play pen – it has to deal with the 4 corners: the Four Corners are in the US which is Altea America in this Age of Enlightenment: this is really saying it is the United States of the New America
 - Phrase is taken from Sr Frances Bacon's writings – *The New Atlantis*; United States of Altea America is the New Atlantis. He only wrote some of it then, said the rest would be written by the world group servers when that time comes
 - St Germain said you sign it or your children will be lost; they knew they would be taken out by George III, yet they still signed it
It was especially hard for the Deists at that time – Jefferson, Franklin & the others - they believed in immortality and that they could actualize that
- This time we are in is the time that St G and Sir Francis was talking about – he is here, with an office in Paris, Frankfurt, the Tower of London, 2 in Virginia and 1 in Washington, DC
- T speaks of the time that St Germain and Barack Obama were in London and meeting with Q of E; they showed up in the UN room and asked the people what they were doing; everyone was whitefaced as they knew that Obama was in London & what was he doing in the UN in front of them with St G?
 - We are the Goodly Company returned.
- Cynthia said the only person with so many squares in their chart is a master because nobody else can do it!
 - Cynthia said it of MR! This means she has the ability to do powerful change. Squares make a good person better. There is a square underneath the pyramid
 - There are no negative anythings – **negative is maya, illusion.** When it looks like a lot of things going funny, then there is lots more illusion than you thought!
 - Rachel going at it tonight: the PRISM project [2007], the BLARNEY project
- Got a **message from Lady Di** who will be back soon: they are going to unify the whole world which was all fake; the holy roman apostolic catholic church set up the conflict of civilizations – refers to material read in 2005 about the conflict of civilization;
 - in 315 AD church set up a fake Mohammad and a fake Koran with the 72 virgins etc etc and other items related to the Islamic faith. The true Koran says thou shalt not kill – so we are ending the conflict of civilization with that square: in the 1500s the C Church set up the rules that said killing non-catholics was justified. At the same time, St Germain showed up as Sir Francis Bacon to counter-act this. Henry 8th

ordered up the military from the Vatican

- St Germain showed up as Sir Francis Bacon who wrote the principles of Rosicrucianism; Masonic teachings are based on these writings. He did this because of what the Vatican was doing at the time.

CL: Monsanto has officially given up the fight to use GM seeds in Europe/60% of the people thought Franken crops were a threat to human health – goes over the whole process

T: because it's a losing game – no profit; Europe said we are not taking GMO products

- Arundhati Roy said that there are only 2 powers: power of empire, and the power of we the people.
- India, Japan, China have all refused Monsanto!!! Awareness brings that power back! No longer in fear

- Venus trine Saturn: Saturn helps us do things with discipline, yet a trine means we look for harmony and the ease of bringing that harmony in; also for talent and luck for bringing things about.
- You can tell they are losing – the Monsanto story is good evidence.
- The NASA thing is another
- John Poindexter an Iran contra convict: “Total information awareness” - used the Latin to say knowledge is power – yet they are tapping into 9 internet providers: **[SEE BELOW]**
 - The computer built in Utah is bigger than NYC!

MR: was supposed to go Chicago tomorrow – a book about the seed generation and how they have been taken away and 93% of the seeds have been taken;

- there are so many young people listening and hearing: the movement is being infused with energetic young people

T: about 93% of the seeds being gone: in northern Sweden, built into a mountain – every seed there ever was has been saved – all the new plants, flowers showing up are also being saved – there were those who knew this was happening over 20 years ago and started working to save seeds

- Everything that appears to be going on is illusion

CL: asking about source of info on Maitreya

R: spoke with Mr X & John Oliver – JO said so many things happening have to do with the Queen of Hearts returning, plus Lord Maitreya; the 3D distractions are just that

- the fact that Bradley Manning is on trial: he needs to be freed and both he and Julian Assange given the Nobel Peace prize

MrX: He is one of the secret service people who guards the pres; he's from Jordan

- He and John were talking about the system that we see and appears to have some order is broken; held together by duct tape and glue!
 - All the drama with spying on us had all to do with the fact that accountability to this hour that 9/11 is still an open murder case; 78,000+ people not accounted for; Silverstein and Bush Clinton crime family are still un-indicted

T: Bill Mahers on John Fugelsein said: the Democratic party has moved to the right, and the Republican party has moved into a mental institution! They have lost it as they have lost everything!

R talked to **Nada, Nomi Prince, Valerie Plame** [Nomi in movie about *Plunder* about the 2008 crash – she had worked for 1-12 years on Wall Street – she initiated the call

- This gives a hint to what Annie was saying about tomorrow: there must be enough of a screw on the rest of them that these ones who signed a gag order don't have to – ie, Nomi has passed her test and got the telephone numbers
- Behind the scenes in the world banking system, all countries are in the red; no one is in the black
 - the only thing that can solve this is NESARA; all the other distractions – not just DC news, but things like dinar, freedom club – what was out there in the old money making system; the OPPT, The St Germain Trust ALL ARE distractions
- for one reason and one reason only, **nothing gets to be anything unless the 13 families and their money system gets shut down completely, and the programs named above are 13 family items: ONLY NESARA is good.**

CL: Poof died last week – anything about it?

T: Poof was a girl, a barrister in the Jersey Islands; Rama talked to Katherine from KOS – Rama asked “Do you

know if he was taken out? :She said “No comment” which means that’s true, but they are not commenting – which means that person was not working for the light.

CL: everyone is getting e-mails that are from his wife Susan – confusing!

T: They are all compromised – this is rigged from A - Z

R: They are all involved in hedge funds where you roll \$100 Million at a time - where you sit with heads of states, heads of agencies, private contractors – this is where the money comes to fund things like Kellogg, Brown & Root, and Blackwater who kill innocent civilians around the planet

- the hedge fund \$ that is not accounted for goes into the a/cs and those playing with it are involved.
- The person who was the barrister was involved at that level which means they are murderers because their money was used to kill people.

R: The banks ARE too big to fail but not to jail: Chris Christie is in Elizabeth Warren's cross hairs – only a matter of time before Marco Rubio, Christie, & rest of Bernie Madoff's boys will be captured;

- Fannie and Freddie are going down; all the corporations getting the death penalty – if they claim to be people, they get the death penalty

R: as long as T & R have been following the story, hedge funds, rollovers, arbitrage – this is why Grand Cayman Islands have come up; why 47% words have come up; Mitt Romney has a small private army that protects him and his family – this has to do with the Gordon Duff article

Reading: 2012, Aug 12 **Foreign Cash Disqualifies Romney from Presidential Bid** [SEE BELOW]

We had Lucifer running for President; Barack Obama is the 9th member of the Sirian Council of Nine – was it a match? Did we win???

There are 11 members of the OPTT – there a lot of people in Faction 2 who got fooled – a lot! They put a front out that made it look like the money was coming from the saints and the Ascended Masters!

T: discloses background on Ben Fulford – and that the Arc of the Covenant was found by Rommel – this was an incarnation of Sananda who knew where it was, so he found it and took it to Ashtar who still has it!

CL: difficult to keep straight who is clean and who is not!

T: It is because they got into the big money stuff, and it is hard to say no to money!

- as CL says, we are salivating for NESARA

- How she knows about Maitreya: it is **an office**, the ray is the higher office
 - his colour ray is aqua marine, and also pink & gold – a tri-colour pink
 - it is an Office of the Cosmic Christ –

there are 10 evolutionary stages of humanity; the 10th incarnation & initiation of the Cosmic Christ is Maitreya – Kalki Maitreya rides in on a white horse: symbolizes the purity of the Cosmic Christ heart – the 3 fold flame

- 9+1 = 10 – we completed the 9 cosmic rays and we will be done by July 26 of this year
- Wave 1 was 900 million years – just to wake up a little bit!
- Wave 2 was 2 – 3-400 million years
3rd – 9 total = 4.5 billion years
- Wave 8 was the 2nd last wave & was 12 years – about coming in with tribal consciousness at Wave 1
Next Level: mass consciousness / lemming consciousness
- Next one is Wave of discernment – become aware of what is good and what is evil – where the organized religions started with the heavy influence before people find out what they are more than we said they were – all organized religion is going away now
 - this is being replaced by spiritual science: Why? God is a number; mathematics and music are hand in glove; Pythagoras wrote a Theorem called “Harmony of the spheres” [this was Kuthumi] which has to do with the golden mean
 - Golden Mean in math = the Pythagorean Theorem: square of one side of a triangle = the sum of the squares of the two other sides – result is 3.1416. . . . , a number which goes to infinity – P defined that number
 - **the Golden Mean proves that we are immortal!!!!** And they did not want us to find this out!

Caller: Has just found out Obama will be meeting Chinese President Xi in California

- China's reputation – message Obama will say that all working together will protect against cyber

intrusion and that the Chinese have to do their part

- Rancho Mirage – about 1.5 hours from Culver City – in a desert area; very hot!

T: could surmise: the idea of cyber theft and Rachel was talking of NSA and PRISM and the Blarney and total Awareness thing have all been going since 2007, and more since before that – it all began right after 9/11 when the Patriot Act was put in place

- It was already established by John Poindexter after the Iran Contra thing -

- Caller talks of the Google Earth program and reason for its development – snatching every bit of information off everyone's computer as well – being stored underground

T: Yes it is – and not to forget that Maitraya will be showing up

There is a fake St Germain Trust out there as well, a fraud! The REAL one is the NESARA ONE;

Caller: talks of a chart he has – Tara says it not even pertinent!

T: all the gold from Taiwan and other places is with St Germain and no one knows where!

T: The first thing we move towards is a CASHLESS SOCIETY – and we set the planet up to be the 33rd planet in the Federation of Worlds and the other 32 worlds do not use cash

There are ways to do thing that are beyond our wildest dreams! Dr Keshe has developed a program on the human body that is completely transforms any kind of medicine we have on the planet; nor are we bound by gravity and we never have been, though we had to prove it to ourselves.

- The Patriot Act – created a new department Homeland Security – completely operated by Israel and the Mossad! Should we be worried about cyber theft from China when DHS is controlled BY ISRAEL????

Caller: trying to wrap mind about Israel – very confusing!

T: In order to understand Israel, you have to understand about Palestine – gives the background, and people have to collect those pieces

The bigger story is that this has been going on for 13, 000 years – way beyond the bible

Caller: reading about Saddam Houssein and that he was Nebuchadnezzar and other things . . .

T: Saddam H story, yes he was N but he was not a nice guy; the money he used to build what he did was given to him by the US as a bribe – a rogue element of the Mossad got films of guys in the US fornicating with animals, each other and all kinds of things – he used that info to blackmail the US & others.

T: Ruth was a Moabite woman who saved the true jews who were in NW Persia WHICH IS IRAN – and Dr Keshe's family was part of this group.

- To create HER story, one must understand HIS story first
- The goddess is so powerful! [The people on Thom Hartmann's show are the smartest around! And Thom has done a lot to help people become informed!]

Caller: about coverups when important people are taken out – has found something that is new to him: is it possible that Saddam H is still alive?

T: a clone of him was killed; his wife knew that it was not him! He is on a brig on a starship, will return.

- It was December and olive trees are not in full bloom in December which was by the hole they buried him in.
- Nelson Mandela's wife also knew it was not her husband – killed and cloned in prison; made a member of the Committee of 300

Caller: asks why cloning is done?

T: last 33 years, were going to keep key players in place by cloning them: what do we do when we have 7.4 billion people to deal with & with 47,000 sects of Christians on the planet + Islams and others –

- separation of the mind and the heart was the concept carried through by the dark priesthood into Egypt and other civilizations
- this is the Divine Leila when we asked for a veil so we could prove we knew who we were & check in with our divinity so you don't have to tell us
- One Rule: no intervention if a developing civilization unless there is psychic or nuclear holocaust
- We did not pass our test! Yet without failure, there is no success because you do not understand the failure
- In Egypt, we body-hopped all over the place – eg, Aknautan had millions of souls pass through that body because we were still in the 5th dimension; lots of souls could connect with that energy to get that vibrational pattern and carry it on to the next incarnation – happened in Lemuria, Atlantis, Egypt

Caller: major reason for ET to show up: why is it an absolute rule that we don't mess with nuclear power?

- the people that perished during a nuclear explosion – their souls were blown apart and were scattered all through the universe, and there are lots of light beings who gather the fragments and put the souls together

T: we all have the power to induce a nuclear explosion right in our bodies:

- when Rama was going to be dead for not doing something – he was given 2 tasers by 2 Statepolicemen; Mother jumped into his body and brought him back, and Mother aimed her 2 hands at those with the guns; the violet flame out of her hand turned them into spots on the pavement & the 3rd one took off! It was 7 am in front of a gas station and saw it, and they all left and went to another gas station!
- The power of nuclear energy is the power of a god being, and that is why the Prime Directive said none intervention unless in time of nuclear or psychic holocaust

T: The term is: Rama got **reduced to sub-atomic particles** in the 1st creation story by Jehovah; who is he to reduce Rama with the power of a nuclear bomb on Rama: Jehovah is the shadow side of Alcyone, the Great Central Sun, the consort of Mother Sekhmet. Every yuga they change places as one great plasma ball being of light role-playing!

- Why are we so warlike? What are we that we can do such unbelievably horrific things to each other?
 - The answer is what is really going on is that the power of the Divine Feminine is a terrifying thing; because we said God is Mother; Source is Divine Feminine - everything non-linear is a powerful thing
 - We are **role-laying life time after lifetime after lifetime**; it is a rare thing for a soul to be mostly male or mostly female – only a few are like that [Green Tara made a Bodishatva vow to come in as a female for every lifetime until all this is healed]
 - All the **archangels are feminine** – it is a role they play; they get male names because it is our concept of what that energy is; when people really understand that energy, they can paint androgynous paintings and show both energies – the linear and the non-linear worlds

Caller: What is the name for your consort?

T: twin flame – when you merge with your twin flame, you become androgynous. The Pleiadians – they plug it in, but don't bump and grind; look in each other's eyes, connect through certain chakras 7 create a human being instantly – no pregnancy or birth

- In kundilini yuga, the male can learn how to bring the semen up the sushuna to pineal gland
 - Monks live a monastic life, not a monadic way of life! The monadic way of life is what Jeshu did – the Kumran Essenes lived on the Dead Sea; the other Essenes lived in Mt Carmel & they were gypsies, the meaning of Egypt and the Goodly Company; when you bring this to the cosmic level, we travelled from sun system to sun system – yes they remember it; and we can all do that!
 - We are being asked to get into spherical structures; square buildings require us to support the structures when they are not round – we are literally holding the walls up; a spherical structure's energy feeds the inhabitants and we won't need to sleep for more than 2 hours! Which is more a “stasis”
 - Speaks of a woman who has learned to live on prana in northern Australia

T: background on various channels

Caller: asks about Ben Fulford

T: not working for the light, and has never been! Got paid off and has always worked for the dark. Same for Poof

- Discussion about Basel III compliance and who did it [KOS] and more background on the story that led to KOS' action

T: talks of John Oliver taking over for Jon Stewart for 3 mos, as Jon is going to the Middle East. John Oliver is hilarious and knows all the dirt from the British side – the Brits are the dirtiest where money is concerned, the US is the dirtiest where the military is concerned

- Talks of the back ground of Princess Diana who was the first daughter of Jeshu and Magdalene, so has that in her akashic record. Christ NEVER SAID I AM THE WAY; he said THIS IS THE WAY! There are books from the nag Hammadi dig that are in the handwriting of the day –
- Greg Braden was in the Hindu Kish and hung out with Lady Di and Dodi who have been going through the material for years and years, and sitting with scholars and being taught ever since her “death” - in August, it will be 16 years, so they have a lot of remembering of the Akashic Records; when they sit on the Stone of Scone and are co-regents, and we will see Michelle be co-regent with Obama in 2016 – we have until 2023 to get this right: say this, and visualize it so!

- We will see a unification of the east and the west; Grand Goddess Lillie has been working on this unification for weeks – the Aboriginal Moabite nation is recognized in the World Court
- Gives more background! Those with the red skin have a leadership role in the west – why do you think Obama went to Mars?
- Talks about Hebrew – take it back one layer it is Atlantean and Lemurian; back again and it become Solex Mal which is the language of Light and of the galactics!

R: John Nichols talked about Russ Baker; go to www.Familyofsecrets.com

- Talked about all the distractions of the last while: birther movement & the Silly Season
- Have all kinds of dirt on the Bush – Clinton crime family and THERE IS NONE ON OBAMA!

About The Bush Dynasty, America's Invisible Government, and the Hidden History of the Last Fifty Years

- how Bush Sr set things up so son could be president – started in earnest in 1963 when they planned to kill JFK Jr – they didn't know it was a clone; he was 96 in May, is still alive, and will be back!
- Said Leo Wanta is a major criminal; Mark Rich gets pardoned while Leonard Peltier & Abu Jamal are in prison!
- Said on the radio today that Mr and Mrs Clinton are guilty of high treason! And he asked Hillary where the 800 tonnes of gold was; he knew!
- Takes all of us to create a new heaven and a new earth

MR: a listener supported program; can use Pay Pal or call her if there are questions

Romney Faces Prosecution for Campaign Finance Violations

by [Gordon Duff, Senior Editor](#)

No other American presidential candidate has ever left the US to garner campaign contributions from foreign citizens.

There is a reason for this, one that Romney and his staff seem oblivious to and the mainstream media had ignored until just recently.

Using foreign contributions in any American election is a felony. Hello Romney campaign...is anybody home, hello?

Below, Fox News identifies illegal fundraising in both Israel and in London, no donor is identified, no records are kept. Gosh, does that look like someone might be trying to circumvent the law?

http://www.youtube.com/watch?feature=player_embedded&v=0ykRsn9HEQA

[YouTube - Veterans Today -](#)

If you go outside the US, if you stay inside the US, if your contributor is living in the US but not a citizen, any money you get can mean years in jail.

Romney went the whole way, personally campaigning outside the US, soliciting foreign citizens, and humiliating himself and his country with his ignorance and flagrant attempts to trade illegal cash for promises of illegal war. One could hardly break more laws if one wanted.

Romney has raised millions in foreign cash at fundraising events across Israel and London, those that we know of so far. One table alone gave him a million in cash. None was from American citizens. Fewer than 10% of Romney's contributors in Israel are estimated to be "dual citizens." Others may have just flown the money in.

A real question many might ask, why would a presidential candidate travel outside the US to seek campaign money at all? As the Supreme Court points out, in the decision Bluman, et

al., v. Federal Elections Commission, no foreign cash, especially collected overseas, can ever be used in an American campaign.

Here is what the New York Times reports on recent court decisions that disqualify Romney as a candidate:

January 9, 2012, 3:34 pm

Supreme Court Retains Ban on Foreign Campaign Donations

By [JOHN H. CUSHMAN JR.](#)

In a terse four words, the [Supreme Court](#) on Monday issued an order upholding prohibitions against foreigners making contributions to influence American elections.

The decision clamped shut an opening that some thought the court had created two years ago in its Citizens United decision, when it relaxed campaign-finance limits on corporations and labor unions. On Monday the Supreme Court, upholding a lower court's decision in Bluman, et al., v. [Federal Election Commission](#), refused to extend its reasoning in Citizens United to cover foreigners living temporarily here.

Foreign nationals, other than lawful permanent residents, are completely banned from donating to candidates or parties, or making independent expenditures in federal, state or local elections.

The Supreme Court's order did not discuss the merits or suggest that there was any dissent among the justices.

The iconic photo below, from the Washington Post, hands Romney out to dry:

Mitt Romney, at fundraiser in Israel, describes spiritual impact of visit

A man with some real problems to wail about; "Please g-d, don't let them catch me..."

Here is what the Washington Post reported on Romney's illegal fundraising efforts inside Israel:

JERUSALEM — Mitt Romney held an intimate breakfast fundraiser here Monday with some of his campaign's biggest benefactors, telling them about the spiritual impact his [trip to Israel](#) had had on him.

Seated around a U-shaped conference table with roughly 40 donors, with [Las Vegas casino mogul Sheldon Adelson](#) immediately to his left, Romney said he was "overwhelmingly impressed with the hand of providence."

The presumptive Republican presidential nominee was expected to raise more than \$1 million from the donors, who each were required to raise or donate \$25,000 to \$50,000 to attend the event. All of the donors are U.S. citizens, and many of them flew here from the United States to be with Romney during his 36-hour visit to Jerusalem.

Many of those in attendance at the posh King David Hotel are major bundlers for Romney's campaign, raising tens of thousands of dollars from their business associates and friends. Adelson, for instance, has [personally committed to giving tens of millions of dollars](#) to a pro-Romney super PAC.

He sure has a big smile on his face

No filming, no photographs were allowed, no donor IDs were checked.

No due diligence done, only one reporter attended who surprise, surprise, had no access to donors.

This is one of many fundraisers including one in Tel Aviv just for diamond merchants as Fox reported, held in total secrecy.

We have word that Romney and Sheldon Adelson met a group of large donors from among the Jewish community of Russia who flew from Moscow to offer their financial support.

The problem stems with bad legal advice Romney received from his campaign finance staff.

The Romney campaign had been laundering money through corporations, money moved into the US under the "Citizen's United" decision of the US Supreme Court.

Romney figured he could then go anywhere in the world, peddle foreign policy, promise war, play president and collect cash from foreigners though this is specifically prohibited by US law.

In doing so, he is no longer qualified for office and, if challenged by Ron Paul, has no standing at the Republican Convention. With such a clear violation of law, not just blatant but massive, Romney could face years in prison.

The Romney/Bain legal team was not available for comment.

It is now for Romney to prove that not one cent of contributions collected from thousands in Israel was actually collected from Israel. We wish him good luck with that.

One source of untapped information on Romney's activities is his Secret Service detail. As federal law enforcement officers, though they are not directly tied to the Federal Election Commission, they are obligated to report any suspicious activity.

Considering Romney's secret meetings with diamond merchants, many of whom are on international terror watch lists, perhaps the secret service might want to meet their sworn obligation.

Israel is now the largest source for **“blood” or “conflict” diamonds**, the major source of funds for terrorism, illegal arms dealing and drug trafficking in the world.

Here is how this works, taking advantage of “loopholes” purposefully written into handling procedures that let billions in illegal **diamonds enter the US**:

Since the KP, at least in its current form, only tracks the movements and origins of uncut diamonds, countries specializing in the cut variety of stones can churn out billions of dollars worth of diamonds each year, incubated from the sometimes awkward propriety questions the KP has been known to raise.

Due in part to this glaring KP loophole, Israel has become the world's largest diamond exporter, with revenues from the precious stones accounting for more than a third of its total annual exports. In 2008, Israel generated \$9.4 billion through diamond exports, an amount increasing annually.

Since the process of cutting diamonds removes all traceable hallmarks, cut diamonds purchased from Israel are close to impossible to track, indistinguishable from diamonds sent from South Africa, Australia or North America, and end up at major trading hubs such as New York or Hong Kong, where they are purchased wholesale by diamond sellers across the globe.

Is Fox right, is illegal diamond trafficking going to have its own president? Are these diamond “merchants” supporting Romney or “blood diamond launderers?”

<http://www.veteranstoday.com/2012/08/12/foreign-cash-disqualifies-romney-from-presidential-bid/>

Are we to wait on hands and knees for federal authorities to make a statement on this, or are they all at the casino?

When you add Sheldon Adelson, Romney's "host" and his history of involvement in charges of bribery and prostitution and "casino skimming," according to the [Jewish Global News as quoted by Veterans Today](#).

Romney certainly has chosen an interesting crowd to help enrich his heritage as a Mormon Bishop.

The results of the Romney overseas trip?

We had fundraisers generally barring reporters and others with "no access, sit in the corner with no camera".

To that you can add in unpublished meetings and a failure to identify not just sources of cash, which wasn't just Israeli but money channeled from other foreign supporters from Russia, India, Britain, Switzerland and elsewhere.

Is there any doubt why Romney would leave the country to raise money when he has over a thousand Swiss bank accounts?

Is it fair for the troops to be humiliated by a presidential candidate selling their lives and limbs for campaign donations?
