Magic Mary:

1. this is a time of miracles as we have never seen before; the angels say if you want something, ask for it.

An Abundance Prayer a short prayer that really works!

I am so happy and grateful now that money comes to me in increasing quantities through multiple sources on a continual basis. So be it.

2. This is a special time, a cosmic circle that's coming together. With god all things are possible; we are being given unlimited thoughts; the prayer will open up the doorway to incredible adventures on the planet; we have touched thousands of people in our lifetimes, thus it is important to have the Unlimited prayer at our disposal so we can help others.

The Unlimited Prayer

From the lord god of my being which is the god seed within you, to the Father within which is the alignment with the Father and you, I AM the formation of all our potential

Beloved father, I desire to have unlimited thoughts in all aspects of my life, not only for myself, but for all others I have touched since I came to the face of this earth. Come Forth Now. So be it.

As we use it, we help bring cosmic consciousness to the earth and allowing others to have large thoughts and bring forth universal changes; what we put out we also get back.

Hard News:

R: all the folks out there talking right now: Republicans and Tea Party are in free fall collapse

- The election that happened in the last 2 days shows that Virginia will not take what the TP has to offer!
- has to do with the \$ 500 million dollars Ron Paul waved in Cuccenilli's face - didn't work; took the \$ he got from the Vatican and used it to help Cuc win

T: a couple of nights ago, Ron said we don't have muskets anymore, we have automatic weapons!

• Let's go kill the black man in the white house and his family, and the Mcaulliffes and the Clintons - - he is calling to total insurrection!

T: this is a serious matter: This is a forefront of the remnant seed of unconscionable racism in this country – he is calling for this & representing himself as if this is OK

Randi Rhodes: Guest Debbie Wasserman Schultz, chair of the DNCC

- it is unconscionable that a sitting congressman can threaten a sitting President's life!
- she is pursuing charges against Ron Paul, Rand Paul and others for threatening the president's life!
- as you say something like this, it is as if you have done it!
- In the 90s, Ron Paul was presented to the Light community as someone to listen to; he had a conference line & Dove of Oneness used to get people to listen to him; she tried to go and visit him in the late 90s, and he said if you come here, I will have you killed!

Democracy Now: Oliver Stone was on: the book **JFK** - very much disinformation, the person is compromised;

- when someone is doing what Ron Paul and Rand Paul are doing [threatening Rachel Maddow's life by means of a duel & saying he would be easily able to kill her!] – this has gone way far out!
- Ron Paul was a participant in the assassination of JFK, as was the Vatican: the Jesuits authorized it;
 - Viet Nam war was called Spelly's war because Cardinal Spellman at St Patrick's Cathedral was carrying out the Pope's orders re: the war; does not matter the name of the White Pope, it was the Jesuits authorizing all the murders
 - Ron Paul took part in those murders, that's why he got the \$2 Billion from the vatican
- People don't know these ones are compromised behind the scenes - time for this to be done

Stephanie Miller: Debbie W-S: Republican party was taken over by treasonous banksters and Wall Street tycoons who got there on the backs of the working poor who have been treated like slaves and entrenched in the slave mentality that we assume has been over for 100 years and **it is not!**

- What if the shoe was on the other foot and the kids of cheneys, bushes, ted cruz, laPierre, the McCains – what if these kids got strung up and lynched like the black kids in the 60s??
- **Debbie:** George Zimmerman is still walking free in Florida having committed murder one!
- Rick Scott is an archon; she calls him Skelator and he has made his fortune with Denny Hastor and Benny Frith who diagnosed Terry Chivo as having to have her plug pulled as if he were a doctor and he had the right to determine ?? life force.
- There was a medicare scandal, along with Leona Hensley who owns a hotel in NYC & her son – Wall Street hedge funds bets were also involved; the money came from the American people who lost their homes as a result
- As a cancer survivor, D W-S knows Obama care is a god send; by Jan 1, the kinks will be worked out and in the black, and we could very well be on our way to what Vermont has: single payer like the rest of the civilized world has

VERY POWERFUL STUFF!

Randi Rhodes: Guest Wendell Potter

- the model in Vermont will be the model for rest of country
- said it would be completely streamlined no later than Dec 15th
- Between Nov 11th and 14th, a rumour from every direction – the market adjustment will be made – 900 to 9,000 points so the market will move from 15,000 to 6,000 – if you have any mutual funds it will be gone – take it out!
 - If you keep your money in these places, these characters are making money with yours – Max Keiser was all over it!
- On Monday, she watched for Abby Martin – not there on Monday, Tuesday, or Wed – someone has taken her down! And Max is in her time slot.
- Max Keiser's time slot has Larry King! Abby is way more brazen than Amy Goodman: she has exposed 9/11 and other things, but she **did not clarify that Barack Obama is a double agent!**

Max Keiser: talking about why there are high numbers on the stock market and people poorer than church mice – due to the quantitative easing – playing games with our money

- there is not single country in the world that has any GDP at all! Globally, there is massive deflation
- this is what happened in 1929 – we still don't see it like other countries do: massive numbers of people are starving to death cannot buy anything to eat, plus there is massive drought:
- in Syria, there are 3 million kids at risk of dying of starvation; not allowed to get food into the country; kids are getting polio and it is spreading in the country. **R:** polio is a tool of war and dirty water

Phillipines: a super typhoon, 24 hours ago dropping 3 “ of rain an hou; getting feet of rain and mudslides and cannot evacuate people by airplane as the wind is 190 to 235 mph –

- Eye of the storm is over 500 miles in diameter and looked just like the eye of Katrina which they reversed the spin of
- it has combinations of what is going on in the ocean which is completely boiling around Fukushima

Caller: Craig Campobosso – a preview of his next week's presentation

MR: Roland Thomas was to be on, last minute change of his plans.

- will talk much about both the short film and the long one: visual effects, post production, when it will be ready.
- Story of Valiant Thor who came in the 50s with the idea of removing disease – www.strangeratthepentagon.com
 - people can see some of the preview material
 - If you donate to help get the film out, can also get a copy of the book which is one of the originals –
 - original version going for \$1000 on amazon. 4 Dr Frank books listed – he gives the titles
 - also have Valiant Thor posters of his space craft – he and film maker sign them
- Talks of all the kinds of things he is doing & especially about all the special effects things that are going on including what a red camera is all about
 - Visual effects take a lot of time to coordinate and complete – quite a process
 - theme song is complete – very beautiful music

T: how has his life been affected as a result of interacting with those from other realms

CC: had quite an awakening in 1986 – lots of in depth experiences – these will be in his Book 2

- The main thread is the program to raise consciousness on hearth and raise duality, so our heart and mind work as one

T: can they kind of spead it up a bit?

CC: we have to do it! He does think the movie will help quite a bit; there are lots of people with their spiritual projects ready – he has been watching things develop: the Bill Cosby and African americans; Latin ; gay and lesbians – he says that now it is about bringing the spiritual universe to earth.
If one makes money, all the studios and money people will pump money in because things go in trends.

T: Ashtar told Rama in person that patrick Stewart is the closest to being what Ashtar is really like of anyone who has played the role

CC: Patrick Stewart is awesome; Gene Roddenberry knew he was being downloaded all the info for StarTrek.

- Gene had been turned down by all kinds of studios; Lucille Ball was the last one he approached and she green lit it, as she did Mission Impossible.
- Desi Arnez at the end of his life said he wishes he had not started smoking.
- When CC had the space suits designed for the crew of Valiant Thor, he took the designs to someone he knew, the tailor was excited to build the space suits – he was the one who built the space suits for the very first Star Trek movie.

MR: comments on the connections we make with people and sometimes it takes time for

T: Dennis Kuchinich in one of the debates: he told all about his experiences with the space ships – 2008. He saw a fully de-cloaked ship.

- The people in China have seen so many de-cloaked ships; Dr Greer has full footage of this.
 - The Chinese rep at the Citizens Hearing had tiny jade spacemen that were 20 million years old that had been found!

CC: the Asian countries all accept the presence of space visitors – Korea, Japan, China – Dr Frank spoke to a

stadium full of people while he was there.

CC: tells the story of Frank Stranges telling his father about meeting Val Thor

- Frank's father Natali was out grocery shopping; a good looking man helped Natali home with the shopping and was invited in for coffee etc, they watched him walk away from the house and saw him disappear.
- Lots of stories about meetings with Valiant Thor and others; they always walk into nothingness!

T: talks about Rama meeting Michael Dorn [Wharf] while he was out shopping: M D knew it was Crazy Lord Rama!

- He told Rama various stories: how he got beamed up to Lady Athena's space ship, 5,000 miles across and got a tour of it – and he told Rama the story in the middle of a story in Albuquerque!
- **Unicorns I have Known** by Robert Vavra.
- Went on a vision quest around the world for a year looking for unicorns; also, he wrote **Unicorns with Kilimanjaro**. In this book, he incorporated some writings from a lady's great great grandfather's suitcase
 - in 1836, he had written stuff about the unicorns. In order to see the unicorns, he had to pass tests.
 - The first test was to sit with a group of elephants and their trunks pressing against him.
 - The next test was to sit with a pride of lions. Then he got taken up Mt Kilimanjaro and saw a 500 year old unicorn drinking with a lion from the same lake that Michael Dorn spoke of. Shows pictures of fairies braiding the manes of unicorns.

Lots more sharing next week!

MR: getting e-mails from people going to the nesara website – they don't understand it does not have all the truth in it.

T: as far as they know, there is no NESARA website except theirs [see front page of notes for web address]

MR: She has not asked them which website they have gone to; dismissed what she heard, as she knows that the T & R website is the only one that gets info direct from the White Knights / Faction 3

The announcement of NESARA will be coming from only from Faction 3 & White Knights.

T: lots of info is skewed; it's a challenge; the spiritual, the political, the Hollywood, the media arenas trying to keep people from waking up.

- Asks MR to find out what websites people are accessing & they can check things out with Faction 3.
- Remember that David Wilcox & Fulford got hooked up, and David accepted black Ops \$ - send him more love; brilliant on one side, has also been tagged since he was 7 years old by the Black Ops
- Ben Fulford was editor-in-chief of Forbes magazine for 8 years, get compromised all the way working with these. Has also taken money from all kinds of nefarious people.

T: will read Ben Fulford's latest and discuss to set the record straight
The first sentence is true!

[SEE BELOW]

R: the paradigm changing event has to do with what Craig was talking about: moving to a higher octave – ascension is assured yet how we get there – unless we are in a place of love – OMG!

T: we are inter dimensional beings!

Para 1, Sentence 3: there are 104 FEMA camps but there will be no one going there: enough planes to take them of The Hague; also have been using prison ships for 5 years! BO started taking care of this as soon as he took his oath – which is why the 15 men swore to obstruct him from Day 1!

R: Lots of different factions within the military; the ones who work with KOS and at 38 levels above the pres know what is going on; there are coups within coups within coups – Boehner, Cantor et al are one step from The Hague: they have violated their oaths of office, have outright threatened the pres and his family; along with the lobbyists and the debt organizations + bribes to congressmen and senators

- 9/11 – a coup against the people of Planet Earth and no one so far in jail
- Truth was told on RT – with the one sliver of darkness in the form of Larry King

T: certain members of the Pentagon will also get arrested.

- James McBride sitting in a jail cell in South Carolina; he was moved from Chicago – nobody told the Vatican they were not in charge!

Lots of background to WW 2 history & nuclear weapons

T: IT IS A LIE THAT THE U.S. HAD MORE NUKES THAN RUSSIA – NOT TRUE! Never did.

- Russia had thousands and thousands of more nukes than the US
- Took a spiritual teacher like Greg Braden working at Loughheed Martin to buy us 25 years of time
- He bought the time until Obama got in; Braden was being planned since 1979 when Obama was in the Pegasus project and was all over this Universe of Nebadon – Obama was the “ring pass not”
- Montauk - Al Beilek got his memory back when he got on the land of Montauk – the technology that he time travelled in re-activated his memory back to the beginning again.

R: Once we begin to understand hyper dimensional physics, we can use wormholes to move around

T: Yes, in a sense Obama has mitigated WW III but he has had the help of Putin and XI – they have been working together behind the scenes for years and will make sure nothing happens.

Carries on reading:

- Para 7 – what a bunch of lies! Every sentence is skewed!
- Obama DOES NOT ANSWER TO the military industrial complex! Nor do we as we are awake and help others to wake up.
- The Republicans and the Tea Party are in full collapse; they are part of the reason the US does not have its act together.
- Wendell Potter said that the Republicans messed with the website; it was a bi-partison effort and the Repubs sabotaged the website
- Russia, China, Japan, Australia and Great Britain got to know that they have been surveilled just as much as the others!
- Some years ago, both Ed Schultz and Chris Matthews spoke to Rama and said that Ben Fulford was greedier than the Rockefellers – a complete fraud!
- Putin, Xi and Obama are solid as a rock behind the scenes; she has committed war crimes & crimes against humanity working with the Illuminati ones, yet Merkel is sort of a double agent –
 - At the 3rd dimensional level, Merkel has to go before Nada in her role as lawyer for the World Court, and also in her 5th dimensional capacity as head of the Solar Tribunal: Merkel knows what Hitler was doing - how they intervined in a civilization's development in a not good way; she was privy to Hitler's secrets and tinkering with space technology for evil. Germany also doing spying.
- Background to the killing of the 2 French journalists in Mali: France meddled in northern Mali – a group that is an extension of the CIA / black ops – France acting like they are the colonialists and have rights to the land, water and mineral rights – like US in Iraq
- there will be no military industrial complex when we are done with this! [para beginning “After that, the US military complex . . .] - this is A GALACTIC OPERATION! Has to be when the ocean is boiling as it is around Fukushima; mackerel are completely gone in waters along west coast of NA; sea lions still beaching themselves – need more than the military industrial complex!!!
- We the people will be setting this up – those in the 78 programs – NESARA will be in place.
- They will not be going to FEMA camps: this is a galactic operation.
- THERE WILL BE NO FAILURE OF THE US POWER GRID ON NOV 11. Recall that some time ago, we were told that the systems used to sustain we the people are separate and distinct from those supporting the others
- We are going off and on the planet every night!!

Closing: Rainbird

INFORMATION RELATED TO THE NOTES ABOVE

2013, Nov 6 **Benjamin Fulford - Multiple sources say the Pentagon is moving to shut down cabal**

Some kind of paradigm changing event in the US is imminent, according to multiple sources. Three US agency sources, two from the Pentagon and one from the CIA, all say something very big is going to happen in the United States but none of them were sure exactly what it will be. The Pentagon had already taken over the FEMA camps and was going to put all the politicians from Washington D.C. there, one source said. Another, at Pentagon Military intelligence, confirmed “there was a lot of activity and confusion within the military,” a sign of something big going on but, he was not sure exactly what.

He added that for some reason all the FEMA coffins had been moved to Puerto Rico and were being displayed on Puerto Rican TV stations. The CIA source, for his part, said they were going to shut down the US power grid on November 11th.

In another sign something unusual was going on the US armed forces radio station in Japan broadcast a statement last week that the “US military did not have a budget for 2014.”

A top level Chinese government representative also reported that an agreement had been reached to release vast amounts of funds to finance a major campaign to end poverty and stop environmental destruction.

After receiving the call from the Chinese source, this writer called to US Embassy in Tokyo, Japan to ask if the government of the United States supported setting up a new development agency to carry out a multi-trillion dollar campaign to end poverty and stop environmental destruction.

In what seems to be a direct reply, a Pentagon military intelligence agent in Japan met this writer and asked if President Barack Obama could be included in the campaign. He said that despite Obama’s “weird metrosexual lifestyle” and despite the fact his father was an American communist and not a Kenyan politician as advertised, they supported Obama because he stopped World War 3 from starting in the Middle East.

In response he was told that if the cabal was defeated by the White Dragon Society and its allies, the US military would receive more funding that it does now and would be asked to help in the campaign to fix the planet. As far as Obama was concerned, the representative was told his fate is up to the American people and the US military industrial complex.

In any case, the United States is under enormous external pressure to get its act together.

The NSA scandal is one example. Here we have a US defector in Russia revealing secrets about US spying on its allies. The result is heavy criticism on the US regime by supposed allies such as the German, French and Spanish governments, a clear sign the Europeans are moving closer to Russia and distancing themselves from the US.

The other big move against the US last week came when Russia sent two strategic nuclear bombers to Venezuela after which Venezuela immediately took over US owned oil rigs in the country.

The Chinese did their bit by announcing they had surrounded the US with nuclear submarines that could annihilate the entire continental United States. They have also been aggressively investing in new energy technology and will pioneer a post-oil world.

In the old oil powers fortress of the Middle East as well, the Russians are continuing to jump into the US vacuum. Turkey, supposedly a NATO country, is negotiating a customs union with Russia, buying missiles from China and rounding up and removing Mossad agents spying on Iran from Turkey. Egypt too is buying missiles and other weapons from Russia and offering the Russians a naval base.

Last week when Israeli forces attacked Syria, the US armed forces immediately informed the Russians of this fact, infuriating the Israelis and making it clear that the United States armed forces are no longer going to fight wars for Israel. As a result that country will have to reach a deal with its neighbours and with Russia if it is to remain a viable entity.

The long term plan, according to an Eastern European Illuminati grandmaster, is to create a loose federation of Muslim states anchored by Turkey at one end and Egypt on the other. In this plan, Israel is expected to eventually become a Jewish autonomous region inside this federation.

The totalitarian rulers of Saudi Arabia, for their part, need to remind themselves of the Arab saying: "One day the stick is in your hand, the next day it is in your ass."

What all this means is that the oil money from both the Middle East and South America will no longer be recycled into the banks that own the Federal Reserve Board thus dooming the Rockefeller/Bush petrodollar.

That is why the US Congress last week suddenly passed a bill allowing the big US banks to once again create infinite amounts of funny money using derivatives.

<http://daily.represent.us/theres-something-absolutely-insane-happening-house-right-now/>

Of course the US military is upset about all this but, the answer is that the world wants them to go into Washington D.C. and Wall Street and remove the parasitical gangsters who have caused so much misery to the people of the world, including the American people.

After that, the US military industrial complex will get generous funding to do things like protect endangered species, fight bandits as well helping put to an end to various forms of planetary rape such as over-fishing and the destruction of rain forests. That is exactly what is about to happen, the pentagon and agency sources hint. The sources also say the cabal members and their families, who had planned to hide in underground bases while they killed everybody else, will instead find themselves confined in the FEMA camps. If that does not happen, the noose will only get tighter until it does. The people of the world are sick and tired of the criminal behavior of the US rogue regime.

If the US power grid is shut down on November 11th, it will mean no internet, no TV and no ATMs. If this event does happen, and if it is managed by the good guys, it can thus be used to render impotent two of the cabal's main weapons, the control of the distribution of money and the use of mass propaganda. The system could then be rebooted minus all the hysterical nonsense and fake news that it has been churning out recently.

The coordinated attempts by cabal slave governments in Japan, the US and the UK to drastically curtail press freedom are signs of cabal desperation, not cabal power. They have lost control of the plot and somehow think they can put the genie back into the bottle by cutting off the truth. That is not going to happen.

The cabal appointed leaders in Canada, the UK and Japan are under attack on multiple fronts. In Canada a corruption scandal is closing in on Bush slave appointee Stephen Harper. In the UK, the passage of a draconian press law has triggered a massive anti-government campaign. In Japan, the gangsters who used to work for the cabal are no longer doing so, meaning the Japanese Parliamentary acting troupe will be reading from a new script. That has already been seen with the announcement last week of joint Japanese Russian military maneuvers. Expect more soon.

The end game of all this will be world peace.

Plus, if we are lucky, and it turns out alien races have been blockading us because of our criminal leadership,

once we attain world peace we might be allowed off the planet and we will get the chance to explore the universe. If not, we will just have to work on making this planet really nice and fun.
