Hard News:

R: we are at the final moments; not sure where to begin with the stories! Things are unravelling and the heroes and the prophets are showing up

- First he knocked on the door of a well-known politician in the state, called Mr Bill - was talking to KOS on the phone as he drove up and when he knocked on the door; said he was calling him out on a favour from a while ago [Mr Bill was on the rock station with a man called Steve Schiff who was killed via skin cancer because he was working with Dr Steve Bassett in the 90s]
- R said I have a deal you can't refuse, and I have my friend KOS on the line: how about you take a ride and talk to Mr Kim Jong Un and that Captain Ashtar is here and has the situation locked down; no nukes!
- Mr Bill said you propose an interesting scenario; he turned a lovely shade of white, mostly because KOS was on the phone listening and knows what he did; Bill said he would make a few calls but first he wanted to talk to his wife who had been listening at the door. Rama said you have a way of doing things that others cannot do when it comes to dealing with North Korea"
- Mr Bill has been Ambassador to North Koraea - Bill came back to the door and said he would pull some

strings and Kim Jong Un will get the wake up call of his life!

- KOS said it goes back to WWII and when the US set it all up; the US gov't pushing both sides; not just about crazy Kim, but also crazy Republican Black Ops from the US

Sacha Faal, aka David Bloom- talking about taking away Barack Obama's peace prize; Abby Martin is pushing this too, and so is Salon.com -

- Sacha Faal has always worked for the dark - they hate BO and want to kill him now; this is **coming from the pressure of H Clinton** - last night made clear that she is running again!

T: these ones think they have it in the palm of their hands and can take out Barack and the light community - **this came out on today on The Journal News:**

- there are secret off shore leaks and the secrets have been exposed to journalists and they unveil how the world's rich and powerful hid their money from taxes
 - There is a huge web of tax havens - trillions upon trillions of dollars with banks helping with this hideaway - the banks, the wealthy - about 130,000 people minimum have been exposed - a complex system of money laundering has been exposed - worth at least 24 Trillion Pounds - an interview she took notes from: David Leigh the guardians spoke first; David Wilt
 - Exec Director ICCIJ in Washington received about 200,000 gigabytes of data: British Virgin Islands, Cook Island - inside the massive electronic data were clues which enabled journalists working together to unravel the story it
- Journal asked the question to Marcos: the people just used existing loopholes - is that illegal?
- Marcos: not correct - parts are legal if you set up a trust and do not inform the tax authorities, that is illegal - yet there is lots of stuff going on that is illegal
- Journal: what about closing the loopholes?
- Marcos: not easy, for different reasons. for example British Virgin Islands are still part of British Empire & still have an interest in keeping up their financial interests; other countries have other stories, cannot fight this easily; something going on with G20, OECD,
- Journal: we are talking of trillions of euros and other currencies sitting in offshore accounts - whose money is it and what happens now?
- Marcos: parts of wealthy families; parts are from corrupt elites like dictators who take \$ from their people; from multi corporations; from illegal sources - thinks its mostly about private individuals who may not be so really rich - thinks the biggest part is really rich people & entrepreneurs and people who have inherited their money who are trying to hide their money
- **THIS IS BLOWING WIDE OPEN! THIS IS BINGO!** Any criminal that did 9/11; any criminal who did any murders in the Vatican is right in this piece.
- **Randi Rhodes show:** had Al Sharpton on - he disclosed a big one:
 - this is the 45th anni of murder of Dr MLK and all the story about a ring of black ops is not true: **Ralph Abernathy is the one who killed Dr King!**
 - Tara was in the room before MLK went to Memphis and Abernathy was there; someone told her to get out of the room, as there was a mole in the room - there was someone who caught him and T&R have met the person in question. She made a special trip - her life is in jeopardy
- **Rama called RR:** told her he talked to Jesse Jackson about this a while ago; Rama's brother was involved with Jesse Jackson and the Rainbow Push Coalition and they had something to do with the death of Rama's brother.
 - Al Sharpton said Let the man talk, Randi! It is not just your brother, Rama; Jesse J aided and abetted the dark side; earned the name "Terminator". Rama's brother went to Viet Nam and was

turned into a terminator himself; not the same person when he came back and killed someone and got 5 years in San Quentin; Jesse had the brother taken out because he thought he could get the big inheritance money that Rama and his family are in line for

- She remembers the day in Grant park when Obama was elected ^ J Jackson was in the front row
- 2008, month before October - Heidi of BIS zeroed out the entirety of the world's economies; On Oct 31, 2008, at the end of the conference call, Rainbird called them and said her friend had called her and told her turn to channel 13 in Asheville: there are these guys in suits and they are in shackles and getting on black international transport jets - 20 jets with 500 per plane; 10,000 banksters flown across to The Hague to join Hillary who had been in solitary since June 2007 -
 - they were getting ready to do something as soon as BO gave an order; on 4th Nov, 2008 at 11:11am - McCain stepped down and said that Obama had won and was now pres- elect
 - the good CIA analysts like Ray Mc Govern and some others sat with BO for 6 solid hours and briefed him of what was coming done in that first operation of 4 years and what had happened on Oct 31, and in June of 2007; he ordered the execution of Hillary and the banksters to go forward
- Two confirmations: on Sunday 9th the 1st confirmation came: Susan Leland called; she had been giving a reading and Ashtar came through and said They were gone!
 - 2nd confirmation: KOEgypt had called Rama and said "It's done; they are dead"

. RAMA IS THE ONLY ONE WITHOUT A GAG ORDER WHO HAS ANY CONNECTION TO FACTION 3 AS HE IS ASHTAR'S SON WHICH MEANS HE HAS BEEN A MEMBER OF THE 38TH LEVEL ABOUT THE PRESIDENT PRIOR TO THE KING OF SWORDS BEING A MEMBER; SINCE October 1, 1979, ONLY MEMBERS OF 38TH LEVEL ABOVE THE PRESIDENT, FACTION 3 LEVEL, CAN TALK TO EACH OTHER. There is no one else who is part of Faction 3; anyone who says they are in contact is out of integrity - THIS IS A VIOLATION OF THE LAW; SEND THEM LOVE SO THEY STOP IT!

R: thanks his beloved for sharing this; not easy to talk of his brother as they were very close

T: Rama's mother wanted T & R and the brother killed so she could get her hands on the money; she was making arrangements to have T & R go to Dublin so they could get killed. It was stopped by KOS and KOE. Those who are playing around with this are in the cross hairs and will be moved out

Guest: George Filer - a monthly guest on Rense.com; he has a weekly newsletter: Filer's files.

- Frank Chille turned them on to George

George: why he is interested: he saw UFOs since he was 5; joined the Air force

- The pilots[he was in England] were in orbit over the sea and were asked to go to Oxford/Stonehenge area and chase away a UFO; all the air traffic was chased away, and they had a direct path to the UFO. It was almost identical to the Firth of Forth bridge in Scotland - a mile long - ie, UFO was huge. They dove on it and it went straight up into the air: saw a lot of lights and the propulsion systems. When they went back and reported, no one seemed interested.
- Two weeks later, Prince Philip spoke to them and said he would like to meet the crews who chased the UFOs. Wanted to know their stories. George asked why HE was interested - said he was raised by his uncle and became interested; he and his aides were interviewing everyone who saw them, chased them.
- Probably there were motherships who launched the smaller one in the area - Philip's confirmation was encouraging too: don't know where they come from: could be from under the sea or from another planet -

- Recently, he lost one of his daughters; there are indications she is coming and making her presence known and is happy; speaks of her and the loss, yet that interesting things are happening - got a call from 3 different places and people letting him know that she called and is happy where she is in her new home; she has not problems with what happened: was surprised that she died - she passed away suddenly

- He was surprised that these ones got messages from her: she is only worried about her boys
- Comforting to him that she is happy

Cathy: we don't want to lose our children - reference to MR losing her son last year;

MR: tells us all she is communicating with her daughter, son and husband - what he says is familiar - there is more than what we have been taught by the churches

GF: worked in England during early 60s

MR: her uncle was a fighter pilot in the 40s; still alive, but never talked about such experiences - will now ask her uncle about this

GF: had 5,000 flying hours and only saw one for a few minutes - and they were directed to intercept it

- Talks about being in Egypt and in the pyramids; can see pyramids in China - use google.earth

? Why was the alien assassinated?

GF: alien got out of ship, walked across the tarmac; did not stop when ordered to do so- when alien was shot, he ran a great distance and left one property [the army] to the air force property - found the body at the end of the runway; men dressed in black came and took control of the body - didn't know who they were; the main craft flew away after the incident, as he understands

- He's Eastern regional director of MUFON; has been there since the 80s; each state has a group of field investigators - get around 1000 per year in US; when a report comes in, send someone out to investigate. Always looking for investigators - not a difficult test to pass.
- Don't get many hoaxes - at the moment, only getting 600 or so reports; during the summer is when most reports come in - thinks it's related to weather.

MR: are people not outside to see them, or are they not here at all?

GF: CA is probably the state most visited - warmer there, people outside a lot; more openness about seeing and reporting. People are becoming aware that something is going on

T: there is something about the energy in the west;

GF: people in the east are running around so much have no time to write the reports
lately reports of 20-30foot discs

? What about **Filer's Files**? In 1997, he became Eastern Director, wanted to get the word out to the public and field investigators; started a blog talking about the better sighting; is up to 15,000 e-mails last week

- Files are free; includes 10-15 UFO pictures - most are the real thing;

T: about 3 years ago, there were thousands and thousands of space ships of all shapes and sizes in a valley in CA. In Mexico, everyone is used to this

GF: contact info www.nationalufocentre.com OR majorstar@verizon.net

speaks of what was over Mexico City

T: can see 7, 10, 15 in one view at night in Santa Fe - really high up in Santa Fe

CL: when is he on **Rense**? **FIRST TUESDAY OF THE MONTH**

CL: Do you discuss what you are writing about? YES - lately, talking about his daughter a lot - gives him hope because she is OK

- His other daughter is quite sick & currently in hospital: they were worried about her and the younger, well one died in her sleep!

CL: asks him about the movie "The Day the Earth Stood Still"- he brings up the movie "Hangar 18" which might be closer to the truth!

GF: he was on a plane, in uniform, so he was asked if he would like to move to first class. The person he sat by was Michael Rennie who was in one of the movies mentioned. Told GF the gov't helped them with it - there are 2 groups in gov't: those who want to talk about it and those who don't

MR: do you have a sense about these ones?

GF: military is interested in protecting the earth from outside forces -

T: asks them if they are going to be at the conference at the end of april? Has heard there might be some ETs at the conference.

GF: had not heard about that - might find we are related - didn't come from the primordial soup as some are talking about

Caller: asking if there is a time period before you can speak [air force people] or is it a personal choice?

Whole discussion about the implications of the knowledge that there are ET entities visiting the earth it's past time that people knew the truth: Dr Steven Greer

Closing: Cathy Lauren
