### **Hard News:**

**R:** this has been a humdinger week in terms of energies with new moon/black moon coming in

**Ed Show this morning:** guests were Bernie Sanders; John Podesta

- Talking about the Huff Post, NY Times article, in the midst of all the scandals with Mr Christie and Michael Grimm threatening to throw a reporter off the 3<sup>rd</sup> balcony for questions :
- Ed said: let's go out on a limb and talk about the **Paradigm Research website:** there is a craft sitting in a crater on the moon, a triangular shaped craft that is larger than any air craft carrier on the planet and larger than the Queen Mary - "it ain't one of ours!".
  - John Padesta has been appointed by Obama to help with announcement of disclosure;
  - an interesting dance concerning all the stories going on about Mr 19.5\*;
    - Rama is fed up with all the -ve stories and comments about him: what R has seen in this lifetime, this man in spite of the rhetoric and the dancing around the issues:
    - it is not about him, but about the criminal thugs in Congress except for 64 good members

- Sanders has said many times we need to gut Congress and start over again: if R were to do what M. Grimm did, he would not be here, yet all these people get a slap on the wrist.
- Ed: there is something coming out of far left field: someone is sending a very strong message that we are here, and we are not going anywhere: the bigger reality is WE ARE ALL ONE.

**R:** In the last few days, has seen so many issues come up that have nothing to do with reality, but with nonsense and the absolute hatred for this man

- Bernie Sanders said that people should be getting \$37 / hour in today's terms : \$10.10 is just a drop in the bucket – people should be making over \$20 an hour
- We are the ground crew; when we step up to the plate, the back-up crew steps up to help us.

**T:** The \$37 raised her eyebrows! Why we need NESARA: A \$30,000 car will become \$3000 and \$10.10 will become \$100 an hour: when Dr Keshe gets involved, the shenanigans of these ones will be exposed.

**R:** stories of bankers: why is Jamie Dimon not in jail with Bernie Madoff, when other bankers are so called jumping off buildings:

- Mr Facebook stole the idea of Facebook from 2 brothers who were on 60 Minutes, and who are working with the 2 people who got busted with bit coin in the story R brought up.
- It has to do with the rocky and Shrubwinkle show and it has to do with the 13 families who are exiting stage left.

**T:** the 13 families consider bit coin a major threat to their livelihood and they have pulled a fast one four times now; they took \$100 million of bit coin this time, but it does not matter: within weeks, it starts moving again bit coin creates total transparency; the current financial system is about obfuscation.

**T: John Podesta** was at the citizens hearing: knows all about Barack Obama and who he is and all he has done travelling to every star planet and system and Mars, etc etc

**T:** On Jan 29<sup>th</sup>, Rama and Rana Mu went to the Los Alamos Bank: R pulled out a 25,000 dinar and a 1,000 dinar bill in front of the teller; Rana Mu is only 4' tall, yet in her late 60s.

- R: can I exchange these dinars for American currency
- Teller: I cannot do this because the patriot Act is still in effect
- R: brought up 3 email sites on his phone and showed them to the bank teller: people at the top tier level says that some of these have already received their \$ and have cashed out at \$38/ dinar.
- Also said that JP Morgan had lost 34% of their gold over the last 3 days
- Articles say that the average person who speaks to the right people get \$38 per dinar, and others get only \$3.80 / dinar

Teller goes to talk to the bank president – gone for 10 minutes

Rana Mu told Rama to get KOS on the phone, and tells him the story: KOS says just a minute and gets on Marcus Mellitas, editor in chief of KOS.com on the phone:

Rama asks the teller what she found out from the Vice President of the bank : there are certain private non-disclosure agreements made with certain individuals in regard with payouts for large amounts; I cannot reveal these agreements

**R:** I have someone on the phone who wants to speak with you – with the speaker on [10 people in the bank could hear]

**KOS:** what you are speaking about and involved in is a multi-billion dollar fraud

**MM:** I am going to talk about this in the daily KOS and every major tv station you are involved in money laundering and fraud.

MM asked the teller if she knew about HSBC; the teller turned white! Hung up on KOS, handed Rama his phone back and said I cannot answer any more questions. Next, please!

They go back to the car, and Rana Mu and Rama call KOS again: Rama told KOS said I could see it in her aura that she was scared to death!

KOS and Rana Mu said – A job well done!

**The message is that the entire thing is a complete fraud, connected to HSBC and the money laundering going on round the world.**

- None of this will happen: all of these people will be arrested and there will be no dinars; it will be done within NESARA law **after** the first process of the 78 programs.
- Then there will be a 2<sup>nd</sup> phase of NESARA & only the people who have been participating and taking part in consciousness: they can read your heart, your aura, your soul – if we do not realize that the entire thing has to do: the entire global economy has been a fraud – it has to go because there has never been an economy, it has always been a fraud!
- Then it will \$10 million for each individual who is worthy – those who have not thought at a greater level about how they are going to think with their hearts and help others:  
This only works as we must participate

- Barack Obama is a very happy president: has been travelling to 2 places already, and has been honouring Costco – mentioned them out loud on Tuesday - \$18 - \$20 / hour to their people: this is wonderful!
- A tiny pizza restaurant – the owner and one of the workers got invited to SOTU, behind Michelle

**R Rhodes** tore rush Limbaugh some new ones because Limbaugh totally trashed the soldier and that Obama used the soldier to make the point that the last president failed us

- RR has been giving story after story this week: the lunatic fringes on the right wants to put up 3 major candidates like Rand Paul or Jeb Bush or Chris Christie – all of them are involved in the multi-million dollar fraud that is going on & murder at the highest levels : 9/11

**ED: Leo Gerard , CEO of United Steelworkers**, was on today, too, talking of radio-active dust: brought up the place being guarded like Fort Knox with almost android soldiers: why is this happening?

- **R:** about the fact that they used a particle beam weapon so that Larry Silverstein could cash in on his insurance policy. As Mother says, the 78,000 will be back.

**Caller:** in today's news, the AG is going to bring the death penalty against the Boston bomber

**R:** Holder is a schill for Wall street; the people who did the bombing were the Black Ops, the Israeli Mossad,

- we need to abolish the death penalty and tell the truth about the distractions.
- The shootings going on to this day are happening because of lack of background checks.
- Sandy Hook was not done by Adam Lanza
- The two Chechnians did not do it; it is tied into Putin and Russia and nuclear brinkmanship
- the boys were chosen because they were from Chechnia: the black bags were not those belonging to the boys, but to the Black Ops who changed them out [navy seal team 3 persons]
- It is international football: the Black Ops are the footballs and programmed: they went down to FL and killed another innocent person who did nothing.

**Caller:** talk of earth changes and polar shifts

**R:** has heard many things about this, including the sun flipping its poles, and the earth shifting its geo-magnetic poles: he has been told for years that this has already been mitigated:  
These are ancient stories: he does not believe that we have to go through a polar shift – lots of fear stories here! Have already passed the gateway of 12 – 12 – 12 into now, does not see it: we do not need to go through a pole shift.

**Guest: Kathy** on the work her husband has done; now going to talk about what she has done

- Kathy was about 70 miles from Philly, living in the German Pennsylvania area
- After Joe died, she wrote 6 history books: deep research, writing, editing, getting photos, typesetting; then went and sold them – good prep for carrying on Joe's work.
- after the son set up the website for her work and Joe's work, people wanted **The Promethion** so she started the re-construction of Joe's work.

[Www.lifeenergyresearch.com](http://www.lifeenergyresearch.com)

**1980 – The Promethion:** an updated table of the elements, written from the energy point of view -

- Joe wanted to find the relationships between acupuncture, greek medicine, egyptian medicine so

all the healing arts are juxtaposed against the periodic table – he re-united physical chemistry with spiritual alchemy.

- Each of the elements are listed: when anything gets out of balance, we have the ability within the body to re-balance

- Kathy offers a copy of **The Promethion**, a hardcover book, for \$75, including postage.
  - Can order it by going to the website, send a payment for \$75 to her, via paypal [kmscogna@aol.com](mailto:kmscogna@aol.com)
- **MR**: on the website the book is priced at \$150; MR got her copy for \$225 years ago – this is one of the books she does **not** loan! A very useful reference book.  
A book that traces relationships between all kinds of areas
- used by every sound, colour healing group Cathy has ever met

**Kathy**: if people would like to send a cheque, they can e-mail Cathy to get the address.

- The book contains all personalities of all the elements on the periodic chart.
  - Joe interfaced the periodic chart of the elements with the periodic table of disease
  - then he created a numbering system
- SAF = Self Awareness Formulas – there are tests on the websites that people can take and then get some help via a practitioner: Kathy is training people to be practitioners; call her if you are interested.
- The tests reveal where the stress in your body, organ etc are stressed. Your birthdate enables the test results to identify when the trauma began or happened to you.
- You **CAN CHANGE YOUR DNA!**

On the website,

[1] can check out what SAF is

[2] there is also an infra red thermometer for taking temperatures of areas where stress might reside

[3] SAF on line: works seamlessly with the questionnaire: do the questionnaire which gives you the chain of numbers. Then go onto SAF on Line, and you can find out what herbs you might want to use; what are the acupuncture points to be used; single formula homeopathics;

- emotion hazards: eg self-abnegation
- environmental items that may be distracting
- healers rescue – for healers who pick up other people's energies

### **1985 - Origins of Genetic Behaviour**

- Kathy explains the contents of the book, which shows how our DNA records what has happened to us and that the memory can be found in the DNA – what is revealed by the sequence of numbers created by doing the the on-line test

**T**: tells Kathy about Dr Keshe and the source of energy he can generate using a cell phone; this can serve a whole community!

- Our mission is to create new age enlightenment and community

**The tape is only 2 hours long because of technical difficulties.**
