T: asking that more of us send smaller amounts as only a few carried the load last week; send the \$ directly to Paradise, CA – as we do this, it magnifies the gifts, and breaks the fear and we learn that we have nothing to fear.

Hard News:

T: Today is 50th anniversary of Eisenhower's speech on the military etc complex
Today, Chris Christie was served a subpoena! Along with David Samson!

R: that woman cut his hair and he lost his strength!
A very wild day today!

Ed Schultz: guests Keith Ellison and John Podesta [works with White House Chief of Staff, one of the ones trying to save his neck from what has happened; tied in with Leon Panetta when Romney was running around in the Middle East, along with McCain and Lindsay Graham]

- they played JFK Sr speech "The Vale of Secrecy"
- Lots of folks not clear about 9/11; John said Alan Greenspan was to make an announcement concerning our financial situation on the planet
- Keith: a rumour that Osama bin Laden is not dead: Keith said that as a member of the Islamic faith, he has to say that Bush and boys did 9/11 – did not mention the Clintons

T: the Nazi faction was the over lord here, which brings in Hillary, as her grandfather was Hitler; she is also full blooded reptilian who behaves badly! Yet there are full-blooded reptilians who do not behave

like her!

- The tall whites behind the scenes have decided to abandon “these whores in our Congress”, as Chris Matthews said yesterday.
- John and Keith on the NSA: mentioned that the NSA is not what we think it is, the only reason that Michael Hastings and Aaron Schwartz are dead because they tracked it and Chris Dodd picked it up and with some help, some Black Ops called in some folks and they ended up dead.
- On top of this, there is no more net neutrality: the technology has surpassed the stage at where human consciousness sits and we are watching the idea of machines

- America Tonight [from the past]** there was \$150million to clean it up: interviewed individuals at the Fukushima site: contractors hired sub-contractors who hired the lowest workers;
- the sub-contractors advertised for the workers doing the high risk jobs saying they were to get \$100 / day – yet they only got only \$20 and all the levels above them got the rest:
 - many of the men who worked at that level are no longer here – many things happened to them
 - the corruption is through and through
 - Nuclear divorces: the men do not want to leave the Fukushima area as the men want to stay and try to revive their business; some women divorce the men and take the children to another island
- **2008, July 24: Obama gave a speech in Germany:** 500,000 people present
 - this is the moment when we must renew the goal of a world without nuclear weapons.

T: there are 40 nuclear plants in the US and ALL OF THEM LEAK!!!

R: Snowden did what was in the highest law: **go after what is wrong within and without!**

T: Europeans say Obama's speech is not enough;
the energy for change is out there on the table

- T: need to take Rad-D Tox** – we need the right amount of calcium every day to absorb other minerals – and the radiation reduces that calcium
- also when we stay out of fear, and keep the higher vibrations, we also help ourselves.
 - radiation concentrates higher up the food chain you go
- There is Tesla technology that can deal all kinds of radiation: the Rad-D Tox deals with about 17 of them
 - this is a very good day: lots has happened, and we need to remain neutral

R: brings up idea of evolution/ revolution; at the highest level the frequencies are coming in from the centre of the MWG and added to all of this creates what he calls the X-Men Mix!

T: Mark Molleon, a peace artist,

- our friends in Congress are absolutely exposed: a Pandora's box has been opened and we have to close it; only in the centre of our beings will we find the guidance necessary to prevent our extinction.

T: we are only 2 years away from extinction if we don't stop what we are doing now! And we never needed to go to fossil fuels.

Damascus: has agreed to a cease fire for Aleppo; getting ready to have a peace process

- Aleppo is a primary star gate in Middle East + Al Asqua Mosque + Maguido + did a peace conference with Russia
- concessions being arranged with entire Syrian regime

Lebanon: a string of rockets slammed into border with Syria – example of war moving into Lebanon

France: Francois Hollande spoke to the public, in the midst of affair with French actress

Turkey: Yanakovich has passed a new law: ruling party blindsided opposition in Independence Square –

the controversial law punishes unsanctioned protests

- Opposition refused to agree, saying it was a big power grab; the laws were passed without following the laws of the gov't
- people want young lady in prison to be out and get help with health

Bangkok: a molotoff cocktail thrown into the middle of large crowd.

R: the European Union is going down, and every country will go back to its own currency!

Alan Greyson said that Congress has gone on a week-long break [17th – 27th]:

- the mission of this Congress is to tell the people they are on their own!
 - Every week there is not extension to the long term employment, and there are 10 people for every job!
- In the TTP, there is a provision that says the **people who work for the corpocracy will only get 28 cents an hour!**
- It will be a constitutional crisis of god-like proportions! The only way Obama can get anything done is by Executive Order.
- **The treasonous behaviour of the**
- We need the Provost Marshall General and the Sargeant at Arms and the US Marshalls! to take and the Man with the Plan can get that done, Stan!

R: when you go to C Span, you see an empty hall:

T: Everyone is mandated to show up at the State of the Union – pick them off then!

Conf Call

Caller: when NAFTA was passed in the 90s, 700,000 jobs were lost , and now TTP is being railroaded – is the president behind it when more jobs would be lost?

T: NO, NO NO! What you think is the President, is **HILLARY!!!!**

- **We have a secret gov't we have to get rid of** – a tough nut to crack! There is not a president who has not been run by the Secret Gov't, especially when we keep playing these games. We need to get rid of "the whores in Congress".
- There are NO DATES! Only HOWS!
- Thank goodness for Bernie Sanders, Barbara Lee, alan Grayson: heard some not so good things about Barbara Boxer – there are only 64 good members left in Congress.

This week is a block buster:

- Chris Matthew, an Mi6 guy saying he works for the Ashtar Command
- Eric Boller: JFH Sr is alive and well
- Alan Greyson's words today
- today: Rachel Maddow: that Christie got served with a sub-poena
- Wed: Obama called for a pre-9/11 investigation of Christie – can do it as President
 - has to do with New Jersey and the governor relationships: knows that Christie was tied in with Madoff who was in on 9/11

T: have to go deep here; as we go deeper and think with our hearts, we would not see where the darkness is: and it is not with Obama – he answers to KOS who answers to st Germain

Bernie Sanders: you have to write and call your Senators and congress reps about TTF

Dr Keshe: says he can make food out of thin air: so we don't need to eat GMO food – which turns your genes into insect genes!

- Who gives the news: the secret gov't! Jeremy Scahill and some others are not completely 100% because if they say truly what is going on, they will be killed.
- North America is taking the brunt of the radiation: karma! Has hit the entire west coast – by the end of next week, will be moving into the mid planet.

• GET SOME RAD-D-TOX – SEE NEXT PAGE

Caller: thought Ashtar was helping us?

T: yes, that is true but **IT IS BOTH/ AND.**

- They are the back-up: **we have to do things at 3D level when we have the tools**
- we volunteered to **help with the karma**

to clone a homeopathic

Put 2 drops of the homeopathic in a sterile bottle;

- add 1/2 alcohol [vodka, gin, glycerin] , 1/2 good water;
- put top on and do a process of concussing: count 60 times as you hit it against the palm of your hand to mix it and infuse it with energy
- now you have some of what is equivalent to what you have – can make more and give it to people around you
- give it to the dog and the cats too - 4 drops in the water!

Caller: how many people can be saved? very few know what is going on

T: we know what we can do, and love even more every day

- put the people lacking consciousness in the circle and love them more and more

T: knows something is going on at Chernobyl because people are living there illegally and yet there has been no cleanup; some are dying like flies – yet higher vibrations cancel out lower vibrations

Caller: doing heart-based things where he is living

Ingredients:

Caller: • Red Schio shell – a preservative used in flower essences: get it from www.GreenHopeFarm.com in Meriden, New Hampshire – a top company – they do not take money up front: order the product

- Take some of the water from Patti and add it to the water that Rainbird was talking about

The person took the Tibetan tonka paintings and mixed it in with

BBS:

T: integrating the Chinese symbology into the Tibetan art - This art is both / and –

- Just like the question about Ashtar doing the de-toxing for us:
 - in order for this to move, we do it through our forms / bodies – we need to bring heaven into the physical, through the physical: we volunteered to show the way!
- Now we have learned how to percuss and create more Rad-D-Tox
- Then write Patti Cota Robles and get some of her sacred water and make more
- A third caller spoke of Green Hope Farm.com in New Hampshire – they have a Japanese plant called Red schio

Mother:

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energy of St Germain and the Violet Flame

Greetings, Children of Ra!

- What a wild time we have here, going on, with the larger story that has to do with the 5th element.
 - Yes, she is the 5th element to step into the mix here, as Mr Edward Snowden with Glenn Greenwald's help has leaked certain documents. It is about her presence.
 - She is not a threat; she comes in peace. The story of her people from Nibiru has come full circle.
- The fact of the matter is, with due respect boys, I hope you are listening: it is about the story called LOVE, the greatest story in the moment; like the singer said Lord, make me an instrument of thy peace. What do we have here: the issues of the present day – it is about love: we have to unravel all we have learned, unlearn it and begin anew: we are all one race, one village of stars; the rainbow rays of all 12 rays of living light, living colour, and vibration. It is the scalar waves of what makes up our reality, the main frame of our computer that makes this Adam Kadmon work.
- At this moment, as the Captain told this one today: watch what Mr 19.5* does;
 - it is about this greater story we are all ONE people. As that is the order of the day – ehshallah! - then we can land, because it is about the one issue that keeps getting danced around in every way.
 - It is simply we are visitors from your future where your past comes full circle at this time.
 - We are stepping into our future and it is already happening where our DNS< the particles are saying they want to be part of the ride: happening at an exponential level. Though it may seem it is like walking in molsasses each and every moment: maybe you get one thing done every day!
 - Yet be grateful, as Rainbird has said “I am grateful to be here at this time!” It is come full circle where the children of Ra get to see the fruition of the fruits of the labour which is the greater good here: it is about this entire family of Adam Kadmon that makes it: the ones that have asked to enter the Dark Rift with her – it is a choice that has already been made.
- What is unravelling is the final threads of this matrix of illusion; as we put our hand out, can we not see the energy coming out of it? We are god/goddess/ All that Is - t is more than flesh and bone;
- This radical story in the moment is simply about being in this moment now. Since we are All One, it changes everything, and this is what is unravelling, all that is Not One, comes unglued!

- It is time that the accountability is in our face: it has begun with Christie. Maybe he was not just the office boy for Bernie Madoff – what this means is that what happens in Manhattan stays in Manhattan!
- It is about the issues at hand: these were mere fingers of Soron: the great eye is gone, destroyed; all that is left is the minions and the enchantment, and the enchantment is falling away; already the people know it is simply not about picking up a gun & getting angry about what you have not received.
- What we have to say is the fact that what Congressman Alan Grayson said today is that if you follow the Republican party, you are going off the cliff with the rest of the lemmings.
- It is simply Rand Paul, Ron Paul's mission statement: you are on your own.
- It is the next moment here, where you are not on your own: there is an entire universe that has answered the call for this planet and her ascension, along with her children; it is happening, and the DNA is screaming for that upliftment: for some it is too fast, for some it is too slow, for others, it is just right;
- It is about the understanding/over standing that we are in NO TIME: so what do we do then: we work with the frequencies that are in the hand at that moment – that is all there is – this moment, and BE with that!
- What is encompassing in this moment that lasts forever is the resident frequency that is getting magnified and magnified and magnified by the millenials, the heroes, the prophets, the legions and legions of angels who have answered Gaia / Vywamus' clarion call – “I'm ascending; are you with me? Let's go for a ride!”
- It is just a ride: that great particle is you, me, and here we are in NO Time in in high definition:
 - it is about the reality we have created through our good graces and being divinely grateful for being in this moment.
- It is a gift to be on this planet at this time to watch what is unravelling at the moment: It is about the passion play, we are on the stage with this story: how we make it is with the announcements
- there is no date for that, but as we are in No Time, it is at this moment: it is about lawyers, guns and money, and another issue of ideologies where the false religions based on the stories and legends of the star people of the great races, the ET stories, the brotherhoods, sisterhoods what we all took part in got twisted and convoluted and mis-aligned
- it began with her and it ends with her – she buried the double bladed axe. The Winds of Change are here: it is about Love which is the only answer to the perplexing issue: there is no spoon: we are the spoons – as we interact with the rest of the story and as we are the spoon, we make it through the challenges being thrown our way by life: **this is not a test, it is the real deal.**
- Love these ones evenn more: they want to create another fuhrer: what is the obsession with the man who was not exactly on the money? It is about the learning the techniques from her people: Kahotep was one of them – as we become god beings, and it is happening now, everything changes with the twinkling of an eye!

T: asks if we are too far away!

MO: you are on the time, honey, and Roxie has come to town! And it is the next moment here -

- How can you continue a story when the man says I got a pen; I got a phone – why won't you talk to me? We are not going to get anywhere with filibusters and making up lies about ET s and etc

T: blown away that Damascus is making some overtures, concessions – what's happening?

Mo: has to do with overall stories: the end of the grand cycle has come, all that is not like love is on the table.

- Wrap it all in the violet flame and send it level – how can I best serve to be an instrument of thy peace to heal this story? If I have 28 Million dollars, here it is: let's bring Haiti back from looking like Mad Max – it is not what life is about.

T: all she knows is that it seems – watching a bit of the strangeness of Mary Mattlen a republican strategist / **Mo:** she looks a bit like McCain's wife, an android

Mo: we are seeing the matrix fall apart and it is not pretty when it is held together by fear, spying, etc –

does not matter how big it is: it is about love: bring it up: headlight, taillight: as we connect with the Divine, it is about the Cosmic Union where we create universes right now

Greetings in the Light of the Most Radiant One! Kadoish, Kadoish, Kadoish

Rama: I'm here! He was in the liquid light lake; guess he needed it from whatever he went through today – he went through the rabbit hole and then some.

- He went up on the New Jerusalem; Ashtar put him through a test which he passed with flying colours, yet he is still integrating the energies. He is feeling it in his cells – whatever is coming up to be healed – moving up in vibrations

T: went up the mtns to 10,000 feet, got on top of the car, started spinning the crystals; then a deep cold, chill to the bone came through; he kept spinning the crystals for another 15 minutes – the next minute he was in the landing bay of The New Jerusalem and was told he was wanted in sick bay –

- When he went there, Ashtar was waiting for him! He got into a giant glass cylinder: he looked down at his feet on Ashtar's instruction and they were clamped down – then they turned him up-side-down; maybe 3-4 minutes.
 - Ashtar put a metal sphere in the tube with Rama: it was above his head, up-side-down. The tendency was for the sphere to rise: he had this test before by Jehovah
 - he was supposed to use his power of levitation to keep the ball from touching his head: he did it!
 - Kept the ball levitated above his head – AND watch a video about KLALAH who built the Giza pyramid on Aldebaron – the book El-an-Ra is relevant; then KLALAH brought the pyramid onto one of his star ships and brought it to earth and levitated the pyramid onto the planet. There is so much we have to learn!
- He reinforced doing 2 things at once, and nothing at all: we are watching the holo-deck program called a tv and levitating things / doing no harm
- the only reason people think they need a gun is because of FEAR [false evidence appearing real] which keeps us pre-occupied with the belief system that we can create / have the power to heal things – last week, a person in a movie theatre shot the person in front of him because he was annoyed with the noise that person was making!
- Ashtar said now you have passed your test here, go down to Tita L acoria and don't forget what you've learned! One minute on The New Jerusalem, next back on top of the car, freezing his butt off!

INFORMATION RELATED TO THE NOTES

2014, Jan 18, 2014 [Bill Maher has new rule for Duck Dynasty-following Americans](#)

by [Egberto Willies](#)

PLEASE GO TO THE ORIGINAL SITE TO SEE THE SEGMENT FROM THE SHOW: VIDEO URL DID NOT ACCOMPANY THE TEXT OF THE ARTICLE.

Friday was the premiere of this season's *Real Time with Bill Maher*. It did not disappoint. As usual everyone was privy to Maher's generally well thought out sarcasm and satire. He had two bona fide Democrats, former Michigan governor Jennifer Granholm and James Carville, on the show. He also had two Republicans, an apparently drunk Mary Matalin and Steve Schmidt.

Maher lamented the state of the environment but loved what can now be burned in some states. "That's the bad news, California is burning," he said. "The good news is Colorado is smoking."

The show covered the major topics currently debated in the political sphere. It covered the NSA, Chris Christie's Bridgegate scandal, the West Virginia spill, the environment, and the minimum wage. The Republicans on the panel provided the same talking points in an attempt to justify their beliefs that have continuously failed Americans.

Maher left his best statement for the last new rule: using the Duck Dynasty fiasco as his analogy for what Republicans have done to this country with smoke and mirrors, he had some advice.

"And finally, a resolution I have been asking America to make for a long time," he said. "Be more cynical. Be less easily fooled. Case in point, all the people that are fans of these guys, heroes to all the rural heartland traditional values gun nuts out there. Except here is what we recently found out these guys really look like before they got their TV show, preppy assholes at the golf club wearing Tommy Bahama. That's right. It is all an act, fat cats pretending to be just folks. And you fell for it. Take a hint, Tea Partiers. This is what the Republican Party is always doing to you."

Americans should heed his comment. It is okay to be fooled once. It is okay that one has been misled. When one is informed and refuses to see the light, then that becomes willful ignorance. Mike Stafford, a Republican Operative turned Independent will be interviewed on this week's [Politics Done Right](#). He has been trying to be a sensible voice in the Republican Party. He realized he just couldn't do it anymore. He wrote this [compelling piece](#) that shows what occurs when eyes are opened to reality.

Bill Maher's calling out of the Duck Dynasty deception is important. As others see reality versus false rhetoric, the change in our politics will occur.
